Detailed Fiscal Analysis

The bill requires that if a vacancy in the office of mayor occurs more than 40 days prior to the next regular municipal election that a new mayor must be chosen at the election. The only exception is if the unexpired term of the mayor ends within one year, then a new mayor would be elected when the term expired.

Since the next regular municipal election would be held with or without the filling of a vacancy for mayor, there are no new costs associated with the bill's provisions.
