Administrative Building Fund	$825,000

ADMINISTRATIVE BUILDING FUND (026)

CAP-008	Fire Academy Building Renovations (Licking)	Renovation/ Replacement	$750,000

These funds will be used to carry out major renovations to the academy building, including the replacement of old wiring, electrical and plumbing fixtures, and the fire sprinkler system in the thirty-year old building. Improvements to the forensic lab are involved as well. These include the construction of a secure evidence storage space and an overhaul of the lab's ventilation system. The agency also intends to improve the classroom areas and consolidate on-site living accommodations into a single dormitory space at this Reynoldsburg site.

CAP-012	Fire Academy Architectural Plan (Licking)	Planning	$75,000

These funds will be used for planning a future expansion and modification to the main administrative building on the campus. Common areas in the building may also need remodeling in order to accommodate future fire academy training needs.
