Administrative Building Fund	$1,165,600
Highway Safety Fund	$7,000,000
TOTAL - All Funds	**$8,165,600**

ADMINISTRATIVE BUILDING FUND (7026)

C76034 EMA Building System and Equipment $526,600

County: Franklin

This line item funds a continuing capital request for the replacement or upgrade of systems and equipment at the Ohio Emergency Management Agency building and the Radiological Instrument Maintenance and Calibration (RIM&C) laboratory. The projects that will be funded by this line item include a new 15-ton chiller for data units, replacement of HVAC controls, variable air volume box replacement, and new radiological sources for calibration at the RIM&C laboratory.

C76039 Clinton County Farmer's and Sportsman's Association $50,000

County: Clinton

This line item provides funding for a community project.

C76040 Wayne County Emergency Services Infrastructure $589,000

County: Wayne

This line item provides funding for a community project.

HIGHWAY SAFETY FUND (7036)

C76000 Platform Scales Improvements $350,000

County: Statewide

This line item will be used to fund the renovation and repair of Ohio State Highway Patrol platform scales and scale houses. The HVAC units, electrical, and plumbing are expected to be repaired. In addition, the Department plans to repair and/or replace scale pit walls and scale pads.

C76036 Shipley Building Renovations and Improvements $2,250,000

County: Franklin

This line item will be used for three different projects. The first is upgrading the current security and life safety systems. The upgrades to the security of the facility include installing planters, bollards and vehicle barriers, and landscape boulders for a higher level of protection for the Shipley Building. In addition, the Department plans to upgrade the security control center, including new monitors, digital cameras, and improved access controls and badging systems. Finally, modernization of the original fire alarm system will be included in this project. The Department estimates that this project will cost $1.25 million.

The second project consists of preparing design documents to provide for modernization of the six elevators (five passenger and one freight) in the Shipley Building in order to bring the building up to the current State of Ohio Elevator Code. The Department estimates that this project will cost approximately $750,000.

The third project consists of creating a centralized location for public meeting and conference rooms. The Department estimates that this will cost approximately $250,000.

C76037	**Cincinnati Consolidated Center Renovations and Improvements**	**$3,500,000**
County:	Clermont	

The funds in this line item will be used to repair and renovate an existing building the Department plans to purchase in the southwest corner of the state. The renovations include the replacement of the HVAC system, providing an emergency generator and an aboveground fuel storage tank, roof repair, interior upgrades to drywall, and plumbing and mechanical infrastructure.

C76038	**Brook Park Facility Renovations and Improvements**	**$900,000**
County:	Cuyahoga	

The funds in this line item will be used for the final phase of the renovations necessary to remodel the interior of the first and second floor of the existing Brook Park facility to better serve the functions of the Ohio State Highway Patrol.
