As Introduced	As Passed by the House
1 **Subject:** **Accrued Leave Liability Fund**	
Section: *6*	**Section:** *6*
Allows the Director of Budget and Management to appropriate additional amounts as necessary in line item 995-666, Accrued Leave Fund, to be used to make payments from the Accrued Leave Liability Fund.	No change.
2 **Subject:** **State Employee Disability Leave Benefit Fund**	
Section: *6*	**Section:** *6*
Allows the Director of Budget and Management to appropriate additional amounts, as necessary, to line item 995-667, Disability Fund, to be used to make payments from the State Employee Disability Leave Benefit Fund.	No change.
3 **Subject:** **State Employee Health Benefit Fund**	
Section: *6*	**Section:** *6*
Allows the Director of Budget and Management to appropriate additional amounts, as necessary, to line item 995-668, State Employee Health Benefit Fund, to be used to make payments from the State Employee Health Benefit Fund.	No change.
4 **Subject:** **Dependent Care Spending Account**	
Section: *6*	**Section:** *6*
Allows the Director of Budget and Management to appropriate additional amounts, as necessary, to line item 995-669, Dependent Care Spending Account, to be used to make payment from the Dependent Care Spending Account to employees eligible for dependent care expenses.	No change.

As Introduced	As Passed by the House
5 **Subject:** **Life Insurance Investment Fund**	
Section: *6*	**Section:** *6*
Allows the Director of Budget and Management to appropriate additional amounts, as necessary, to line item 995-670, Life Insurance Investment Fund, to be used to mak payments from the Life Insurance Investment Fund for the costs and expenses of the State's life insurance benefit program.	No change.
6 **Subject:** **Parental Leave Benefit Fund**	
Section: *6*	**Section:** *6*
Allows the Director of Budget and Management to appropriate additional amounts, as necessary, to line item 995-671, Parental Leave Benefit Fund, to be used to make payments from the Parental Leave Benefit Fund to employees eligible for parental leave benefits.	No change.

As Introduced	As Passed by the House
7 Subject: Elimination of Position of Administrator of State Records Program	
R.C. *9.01, 101.82, 149.011, 149.33, 149.331, 149.332, 149.333, 149.34, 149.35*	R.C. *9.01, 101.82, 149.011, 149.33, 149.331, 149.332, 149.333, 149.34, 149.35*
Eliminates the Office of State Records Administration and the position of State Records Administrator. Instead, the provision retains DAS's responsibility for a State Records Program. However, the program will not be responsible for operating state records centers and auxiliary facilities. Fiscal effect: Savings resulting from the elimination of the State Records Administrator position and reduced programmatic responsibilities.	No change.
8 Subject: Codification of Vehicle Liability Fund	
R.C. *9.83, 125.15*	R.C. *9.83, 125.15*
Codifies existing Vehicle Liability Fund (Fund 127). Requires payments from state agencies and state bodies for the purpose of purchasing insurance or administering self-insurance programs to be deposited in the Vehicle Liability Fund (Fund 127). Eliminates a provision of existing law requiring reimbursements by state agencies to the Department of Administrative Services for "contracts of insurance" to be deposited in the General Services Fund or the Information Technology Fund. Fiscal effect: None, since the provision codifies an existing program and fund. Nor is there any fiscal impact from eliminating the reimbursement provision, since this is not done in existing practice.	No change.

As Introduced	As Passed by the House
9 Subject: DAS Duties Relating to Space Allocation	
	R.C. *123.01*
No provision.	Authorizes DAS to implement the Management Improvemen Commission's recommendations concerning facilities planning and space utilization by state agencies. This includes: a biennial census of agency employees assigned office space by state agency location; agency categorization of different uses of space; creation of a "master space utilization plan" incorporating space utilization metrics for all space allotted to state agencies; a cost-benefit analysis to determine the effectiveness of state-owned buildings; assessment of alternatives associated with consolidating the commercial leases for buildings located in Columbus; and a comprehensive space utilization and capacity study to determine the feasibility of consolidating existing commercially leased state agency space into a new state-owned facility. Fiscal effect: Significant increase in the Office of the State Architect's expenditures to perform these duties.

As Introduced	As Passed by the House
10 Subject: Alternative Purchasing Mechanism	
	R.C. *125.05, 125.06, 125.07, 5513.01*
No provision.	Allows a state agency to purchase services that cost more than $50,000 or supplies that cost more than $25,000 (both adjusted by the Consumer Price Index) to solicit at least thre bids for the services or supplies and make the purchase directly from the lowest bidder instead of from or through DAS, but only if the state agency determines that it is possible to purchase the services or supplies directly from the bidder at a lower price than making the purchase from or through DAS. The purchasing agency must comply with the same competitive selection requirements that govern the solicitation of bids and proposals and must provide DAS with written notification of the subject and amount of the purchase Fiscal effect: Potential savings to state agencies, depending on the frequency with which this purchasing mechanism is used.
11 Subject: Electronic Procurement	
	R.C. *125.073*
No provision.	Requires DAS to promote and accelerate the use of electronic procurement (e-procurement), including reverse auctions, by implementing the relevant recommendations concerning e-procurement from the "2000 Management Improvement Commission Report to the Governor." Additionally by July 1 of each year, DAS must report to the House of Representatives and Senate Finance committees on the effectiveness of e-procurement. Fiscal effect: Potential increase in implementation costs, and could decrease or increase overall state procurement costs.

As Introduced	As Passed by the House
12 **Subject: Use of Motor Vehicles by State Agencies**	
	R.C. *125.831, 125.832, 125.833, 125.834, Sections 142.02E, 145.03G, 145.03H*
No provision.	Grants DAS exclusive authority over the acquisition and management of motor vehicles used by state agencies; creates a seven-member Vehicle Management Commission; transfers fleet management staff from other state agencies to DAS; establishes a formula DAS must use to determine whether a state employee shall receive a personal motor vehicle for business use. Fiscal effect: Centralization of the fleet management system and transfer or salvage of vehicles underutilized by employees may reduce costs associated with state vehicle fleet management.
13 **Subject: Prohibits Compensation for Use Ownership, Lease, or Operation of Motor Vehicle**	
	R.C. *125.832, 125.834*
No provision.	Prohibits a state agency's employees or its head from receiving any additional salary, stipend, reimbursement, or any other form of compensation from the state agency for the use, ownership, lease, or operation of a motor vehicle unless the payment is in accordance with rules adopted by DAS. Requires DAS to adopt these rules by December 31, 2003. Fiscal effect: Potential savings to state agencies, depending on rules adopted by DAS.

As Introduced	As Passed by the House
14 Subject: State Forms Management	
R.C. *125.91, 125.92, 125.93, 125.931, 125.932, 125.933, 125.934, 125.935, 125.95, 125.96, 125.98*	R.C. *125.91, 125.92, 125.93, 125.931, 125.932, 125.933, 125.934, 125.935, 125.95, 125.96, 125.98*
Eliminates the requirement that there be a "State Forms Management Control Center" within DAS to manage a "State Forms Management Program." Designates the Director of DAS or the Director's designee to control and supervise a revised "State Forms Management Program." Eliminates certain functions the center is required to perform including an annual evaluation of forms management practices of individual state agencies; and repeals the Form Burden Law that is no longer operative. Fiscal effect: Potential savings resulting from reduced scope of responsibilities.	No change.
15 Subject: Professional Design Services Contracts	
R.C. *153.65*	R.C. *153.65*
Amplifies the definition of "qualifications," for purposes of the Professional Design Services Law, to include, "any other relevant factors as determined by the public authority." This would be added to the list of factors that state agencies and political subdivisions must use when selecting architectural, engineering, and other professional design services related to public improvements. Fiscal effect: None.	No change.

As Introduced	As Passed by the House
16 **Subject: Prohibition against Government Provision of Electronic Commerce**	
	R.C. *1306.27, 1306.20, 1306.25, 1306.26, 1306.28, 1306.29*
No provision.	Prohibits government agencies from providing electronic commerce services that compete with or duplicate private sector e-commerce, other than specified cable services. Establishes public hearing procedures and various studies required before government entities may provide possibly competing or duplicative e-commerce services if certain circumstances, such as unmet consumer needs, are met. Gives standing to private-sector e-commerce service providers to bring action in court against a government entity providing competing or duplicative services. Prohibition does not apply to the General Assembly, any legislative agency, the Supreme Court, any court of record in the state, or any judicial agency. Fiscal effect: Government entities currently providing e-commerce services in competition with private-sector enterprises would be required to cease those activities or remove them from a computer network or internet environment, resulting in a possible loss of revenue. Analyses required prior to a public hearing for any competitive e-commerce service would require staff time and study costs. Annual report required by the bill would increase needed staff time and publishing costs. A court ruling against a government entity offering competing services could result in damages and penalties.

As Introduced	As Passed by the House
17 Subject: Agency Audit Expenses	
Section: *8.01*	Section: *8.01*
Earmarks $20,000 in FY 2004 and $20,000 in FY 2005 from GRF appropriation item 100-405, Agency Audit Expenses, for expenses associated with a biennial audit of the agency to be performed by the Auditor of State. The appropriation also covers the anticipated expenses associated with such audits for other GRF-funded agencies.	Same as the Executive, but removes the $20,000 earmarks for both FY 2004 and FY 2005.
18 Subject: Ohio Building Authority	
Section: *8.02*	Section: *8.02*
Requires that GRF line item 100-447, OBA-Building Rent Payments be used to pay for the rent expenses, limited to $222,702,700 over the FY 2004-2005 biennium, pursuant to leases and agreements under Chapter 152 of the revised code. These appropriations are the source of funds pledged for bond service charges on obligations issued through the Administrative Building Fund (Fund 026). Specifies that GRF line item 100-448, OBA-Building Operating Payments, is to be used to pay for operating costs, limited to $52,768,000 over the FY 2004-2005 period.	No change.

	As Introduced	As Passed by the House
19	Subject: DAS-Building Operating Payments	
	Section: *8.03*	Section: *8.03*
	Establishes that GRF line item 100-449, DAS-Building Operating Expenses, is used to pay for the rent expenses of the veterans' groups and operating expenses of other DAS-maintained facilities that cannot be billed to tenants. This is generally vacant space or office space undergoing renovation. Allows DAS to use these appropriations for the cost of property appraisals or building studies for real estate the agency may consider buying, selling, or renovating.	No change.
20	Subject: Central Service Agency Fund	
	Section: *8.04*	Section: *8.04*
	Permits the Director of Budget and Management to transfer up to $423,300 in FY 2004 and $562,249 in FY 2005 from the Occupational Licensing and Regulatory Fund, (Fund 4K9 to the Central Service Agency Fund, (Fund 115). Permits a similar transfer of up to $40,700 in FY 2004 and $41,200 in FY 2005 from the State Medical Board Operating Fund, (Fund 5C6) to Fund 115. Funds appropriated to line item 100-632, Central Service Agency, are to be used to purchase the necessary equipment, products, and services to maintain a local area network for the professional licensin boards, and to support their licensing applications.	No change.

As Introduced	As Passed by the House
21 **Subject:** **Collective Bargaining Arbitration Expense**	
Section: *8.05*	**Section:** *8.05*
Authorizes DAS to recoup the expenses related to the collective bargaining arbitration process DAS administers on behalf of state agencies. These reimbursements would be deposited in the Collective Bargaining Fund (Fund 128), the source of operating funds for this office. Fiscal effect: If agencies select to cut operating expenses over the biennium by making layoffs, abolishing positions, or reclassifying staff, DAS's collective bargaining operating expenses may increase substantially. This provision would allow for those expenses to be recovered from agencies involved in such actions.	No change.
22 **Subject:** **Equal Opportunity Program**	
Section: *8.06*	**Section:** *8.06*
Allows DAS to establish charges for recovering costs of administering the activities supported by the State Equal Opportunity Fund (Fund 188). State agencies, state-supported or state-assisted institutions of higher education, and tax-supported agencies, municipal corporations, and other political subdivisions of the state that participate in this program will reimburse the Equal Opportunity Division for their services by depositing payments into Fund 188.	No change.

As Introduced	As Passed by the House
23 Subject: Merchandise for Resale	
Section: *8.07*	Section: *8.07*
Requires line item 100-653, General Services Resale Merchandise, to be used to account for the resale of merchandise, which is administered by the General Services Division. All funds collected from the cost of merchandise resale and shipping fees are to be deposited in line item 100 653, General Services Resale Merchandise.	No change.
24 Subject: Departmental MIS	
Section: *8.08*	Section: *8.08*
Authorizes the Department of Administrative Services to establish charges for recovering the costs of management information systems activities. These charges will be deposited in the Departmental MIS Fund (Fund 4P3). This provision also authorizes the Director of Budget and Management to transfer up to $1 million in FY 2004 appropriations from line item 100-603, Departmental MIS Fund, to any other non-GRF line item, so long as the transferred funds are used to pay for management information systems. Fiscal effect: Allows DAS to charge fees for centralized computer services. Without these fees the costs would have to be recouped in another manner.	No change.

As Introduced	As Passed by the House
25 Subject: Investment Recovery Fund	
Section: *8.09*	Section: *8.09*
Earmarks up to $1,958,155 in FY 2004 and up to $2,049,162 in FY 2005 in appropriation item 100-602, Investment Recovery, to pay the operating expenses of the State Surplus Property and the Surplus Federal Property programs. Authorizes DAS to seek Controlling Board approval for necessary increases in appropriations for these programs. Permits the transfer of $2,221,029 in FY 2004 and $2,130,022 in FY 2005, the estimated amount of proceeds from the sale of surplus property, from the Investment Recovery Fund to non-General Revenue Funds. Authorizes DAS to seek OBM approval for necessary increases in appropriations to transfer such sale proceeds. Provides up to $2,811,197 over the biennium for the operating expenses related to the Competitive Sealed Proposal Program, funded within the General Services Division Operating Fund, (Fund 117), and to provide operating cash for the General Services Fund and the newly created rate pools for Real Estate Leasing and Interior Design Services. The Competitive Sealed Proposal Program is intended to increase the volume of goods and services procured through competitive bids. Fiscal effect: Allows the General Services Division to fund parts of these programs from the Investment Recovery Fund (Fund 427) instead of the Division's main operating fund.	No change.

As Introduced	As Passed by the House
26 **Subject:** **Multi-Agency Radio Communication System**	
Section: *8.10*	**Section:** *8.10*
Authorizes the transfer of up to $4,887,390 in FY 2004 and $1 million in FY 2005 from the Automated Title Processing System (Fund 849) to the Multi-Agency Radio Communications Systems Fund (Fund 5C2). The transferred funds are to be used for the development of the MARCS system. This provision also authorizes the DAS Director and the MARCS Steering Committee to develop a fee schedule for state agencies that use MARCS. All user charges, fees, and interest earnings are to be deposited in Fund 5C2. Fiscal effect: This allows Fund 5C2 to be the primary source of operating revenue for the MARCS program, reducing the program's draw on GRF.	No change.
27 **Subject:** **MARCS Fund (Fund 5C2) Transfer to the GRF**	
	Section: *8.10a*
No provision.	Requires the Director of Budget and Management to transfer $1 million from the Multi-Agency Radio Communications System Administration Fund (Fund 5C2) to the GRF on July 31, 2003, or as soon as possible thereafter.

As Introduced	As Passed by the House
28 Subject: **Workforce Development Fund**	
Section: *8.11*	Section: *8.11*
Provides that moneys in the Workforce Development Fund (Fund 5D7) will be used to pay the costs of the Workforce Development Program outlined in the contract between the state and the Ohio Civil Service Employees Association (OCSEA) of the American Federation of State, County, and Municipal Employees (AFSCME), as modified by any successor labor contract between Ohio and OCSEA/AFSCME. The fund may be used to pay direct and indirect costs of the program that are attributable to staff, consultants, and service providers.	No change.
29 Subject: **Professional Development Fund**	
Section: *8.12*	Section: *8.12*
Requires that appropriation item 100-610, Professional Development, be used to make payments from the Professional Development Fund (Fund 5L7) for programs that benefit classified employees.	No change.

As Introduced	As Passed by the House
30 **Subject:** **Employee Educational Development**	
Section: *8.13*	**Section:** *8.13*
Creates the Employee Educational Development Fund (Fund 5V6). Appropriations to line item 100-619, Employee Educations Development, are to be used to pay the costs of the educational programs per existing collective bargaining agreements with the following unions: District 199, Health Care and Social Service Union; State Council of Professional Educators; Ohio Education Association; National Education Association; the Fraternal Order of Police Ohio Labor Council, Unit 2; and the Ohio State Troopers Association. DAS shall establish charges for recovering the costs of administering the educational programs.	No change.

As Introduced	As Passed by the House
31 Subject: Major IT Purchases	
Section: *8.14*	Section: *8.14*
Requires the Director of Administrative Services to compute the amount of revenue attributable to the amortization of all equipment purchases and capitalized systems for appropriation line item 100-617, Information Technology Fund; appropriation line item 100-607, Major IT Purchases, and appropriation item CAP-837, Major IT Purchases, which is recovered by DAS as part of the rates charged by the Information Technology Fund (Fund 133). In addition, allows cash transfers from the Information Technology Fund (Fund 133) to the Major IT Purchases Fund, (Fund 4N6), so long as the transfer amounts do not exceed the amount of amortization calculated for Fund 133. Fiscal effect: Funds are used to purchase IT equipment. Without authorization to make transfers to Fund 4N6, DAS would have to rely on Fund 133 to make large-scale IT equipment purchases. Fund 133 is typically used to acquire routine IT equipment and services used by all state agencies	No change.
32 Subject: Information Technology Assessment	
Section: *8.15*	Section: *8.15*
Allows DAS to establish an information technology fee for offsetting the cost of developing eGovernment systems that will be used by other agencies. All fees are to be deposited in the Information Technology Fund (Fund 133). Fiscal effect: The rate would vary from fiscal year-to-fiscal year based on state agency usage.	No change.

As Introduced	As Passed by the House
33 **Subject:** **Unemployment Compensation**	
Section: *8.16*	**Section:** *8.16*
Establishes that line item 100-628, Unemployment Compensation, shall be used to make payments from the Unemployment Compensation Fund. The provision also authorizes additional appropriations to the fund as necessary. Without such authority, mandated unemployment claims could go unpaid.	No change.
34 **Subject:** **Payroll Withholding Fund**	
Section: *8.17*	**Section:** *8.17*
Requires that line item 100-629, Payroll Deductions, be used to make payments to the Payroll Withholding Fund (Fund 124). This section allows OBM to increase appropriations to the fund as necessary. The amounts appropriated reflect estimates of the payroll deductions that will be made from employee paychecks for health, dental, vision, pension, and other such benefits.	No change.
35 **Subject:** **General Services Refunds**	
Section: *8.18*	**Section:** *8.18*
Requires that line item 100-646, General Services Refunds be used to hold bid guarantee and building plans and specifications deposits until they are refunded. The Director of Administrative Services may request that the Director of Budget and Management transfer cash received for the cost of providing the building plans and specifications to contractors from the General Services Refund Fund to Fund 131, State Architect's Office.	No change.

As Introduced	As Passed by the House
36 Subject: Multi-Agency Radio Communication System Debt Service Payments	
Section: *8.19*	Section: *8.19*
States that the MARCS debt service is one of the items funded by the 100-447, OBA Building Rent Payments appropriation item within the GRF and outlines procedures whereby the share of debt service payments for the Department of Transportation and other entities funded by the motor fuel tax will be calculated. This amount will then be transferred from the State Highway Safety Fund (Fund 036), the primary funding source for those entities, to the GRF as reimbursement.	No change.
37 Subject: Director's Declaration of Public Exigency	
Section: *8.20*	Section: *8.20*
Requires the Director of Administrative Services to notify the members of the Controlling Board when there is a "public exigency" declared. A "public exigency" is an obstruction or defect that occurs in any public works that impairs its immediate use and places in jeopardy property adjacent to it Fiscal effect: None.	No change.
38 Subject: General Services Charges	
Section: *8.21*	Section: *8.21*
Requires DAS to establish charges for recovering the costs of administering the programs in the General Services Administration Fund and the State Printing Fund. These programs are funded, respectively, out of line item 100-644, General Services Division - Operating, and 100-612, State Printing. The General Services Division provides office services, real estate services, procurement of goods, and other services to state agencies.	No change.

As Introduced	As Passed by the House
39 Subject: Assessments on State Agencies, Boards, and Commissions	
	Section: *8.22*
No provision.	Prohibits the Director of Administrative Services from increasing fees assessed on state agencies, boards, and commissions above the rates as of June 30, 2003, for various specified centralized services provided by DAS. Excluded from this are payroll deductions made for health benefits, unemployment compensation, and other required employee benefits or other benefits governed by collective bargaining agreements. Fiscal effect: This rate cap may cause revenues collected for these various centralized services to not reflect actual program expenses.

As Introduced	As Passed by the House
40 Subject: Personal Service Expenses	
Section: *113*	Section: *113*
Provides that any appropriation from which personal service expenses are paid shall bear the employer's share of public employee' retirement, workers' compensation, disabled workers' relief, and all group insurance programs; the costs of centralized accounting, centralized payroll processing, and related personnel reports and services; the cost of the Office of Collective Bargaining; the cost of the Personnel Board of Review; the cost of the Employee Assistance Program; the cost of the affirmative action and equal employment opportunity programs administered byDAS; the costs of interagency information management infrastructure; and the cost of administering the state employee merit system. Expenditures from appropriation line item 070-601, Public Audit Expense-Local Government, in the Public Audit Expense Fund - Local Government (Fund 422) in the Auditor of State's Budget, may be exempted from these requirements.	No change.

As Introduced	As Passed by the House
41 Subject: GRF Transfers on Behalf of the Statewide Indirect Cost Allocation Plan	
Section: *129*	Section: *129*
Provides that a director of an agency may certify to the Director of Budget and Management the amount of expense not included in the Statewide Indirect Cost Allocation plan pursuant to federal regulations, from any fund included in the Statewide Indirect Cost Allocation plan. If no alternative source of funding is available to pay for such expenses, the Director of Budget and Management may transfer from the General Revenue Fund into the fund for which the certificatic is made, up to the amount of the certification. The director of the agency receiving such funds shall include, as part of the next budget submission, a request for funding for such activities from an alternative source such that further federal disallowances would not be required. This is relevant to DAS since so many of the services it provides to state agencies are paid for by charges and assessments made for those services. These rates constitute much of DAS's overall funding.	No change.

As Introduced	As Passed by the House
42 Subject: Use of Motor Vehicles by State Agencies	
	Sections *142.02E, 145.03G, 145.03H, R.C. 125.831, R.C. 125.832, R.C. 125.833, R.C. 125.834*
No provision.	Requires agencies to transfer to DAS any vehicle that has been driven 1,200 business miles or less per month for the previous twelve months. DAS must reassign or sell these vehicles. Fiscal effect: Potential reduction in maintenance, fuel, and other costs stemming from fleet consolidation, and potential gain in revenue from the sale of some motor vehicles to the credit of the Budget Stabilization Fund. Proceeds from the sale of vehicles used by the Bureau of Workers' Compensation or the Industrial Commission will be paid to the credit of the State Insurance Fund.
No provision.	Requires DAS to issue a report by September 1, 2004, indicating how it has implemented the recommendations from the 2002 "Administrative Analysis of the Ohio Fleet Management Program" study, or explain why the Departmer has not implemented the recommendations. Fiscal effect: DAS will incur some administrative costs associated with the study of this issue and publication of this report.
No provision.	Transfers all employees of state agencies who are responsible for fleet management, including purchase, lease repair, maintenance, registration, and insurance, to DAS. Fiscal effect: The state would incur some expense transferring an unknown number of employees responsible for these programs to DAS. If these employees remained with their existing agencies, moving the new fleet management program to DAS would be an additional

46 Subject: Creation of the Resident Services Coordinator Program	
R.C. *173.08*	R.C. *173.08*
Establishes the resident services coordinator program in the Department to fund resident services coordinators who provide information and assistance to low-income and special-needs tenants, including the elderly, living in subsidized rental housing complexes, in obtaining communit and program services and other benefits for which they are eligible. Establishes the appropriation item 490-616, Resident Services Coordinator Program, (Fund 5W1) in the state special revenue fund group that receives moneys from the Department of Development and moneys the General Assembly appropriates to the fund. Fiscal effect: The Department received $12,500 to help administer the program in fiscal year 2003 via an interagenc agreement with the Department of Development. Aging anticipates being able to continue to administer the program at that cost.	No change.
47 Subject: Legislative Authority of the State Long-Term Care Ombudsman	
R.C. *173.14*	R.C. *173.14*
Allows the State Long-Term Care Ombudsman Program to investigate complaints against community-based long-term care service providers by individuals age sixty or younger. Current law restricts the program to individuals age 60 or older. Fiscal effect: There are a limited number of under 60 cases. The Department anticipates being able to absorb any additional cases using current resources with minimal cost.	No provision.

As Introduced	As Passed by the House
48 Subject: Long-Term Care Bed Fee	
R.C. *173.26*	R.C. *173.26*
Increases the per bed fee that long-term care facilities must pay annually from $3 to $6. Adult foster homes would be excluded from the payment. The fees collected support the Long-Term Care Ombudsperson Program. Fiscal effect: The Department anticipates total revenues of about $825,000.	Same as the Executive, but removes the fee increase, keeping the adult foster home exemption. Fiscal effect: Appropriations in appropriation item 490-609, Regional Long-Term Care Ombudsman Program, Fund 4C4 in the state special revenue fund group have been reduced $378,131 in each fiscal year to reflect the removal of the fee increase.
49 Subject: Rules on Bed Fee Payment Deadlines	
	R.C. *173.26*
No provision.	Requires the Department of Aging's rules on deadlines for payment of bed fees to be adopted in accordance with the Administrative Procedure Act (R.C. Chapter 119.) rather thai the procedures that do not require public hearings (R.C. 111.15). Fiscal effect: Potential minimal increase in costs associated with implementing the R.C. Chapter 119. procedures.
50 Subject: Long-Term Care Consumer Guide	
	R.C. *173.45, 173.46, 173.47, 173.48, 173.49, 173.50, 173.51, 173.52, 173.53, 173.54, 173.55, 173.56, 173.57, 173.58, 173.59, Section 11*
No provision.	Eliminates the Department of Aging's Long-Term Care Consumer Guide. Fiscal effect: Appropriations in GRF appropriation item 490-407, Long-Term Care Consumer Guide, and appropriation item 490-613, Nursing Home Consumer Guide, (Fund 5K9) in the state special revenue fund group are eliminated.

As Introduced	As Passed by the House
51 Subject: **Pre-Admission Review for Nursing Facility Admission**	
Section: *11.01*	Section: *11.01*
Earmarks up to $2,511,309 in FY 2004 and up to $2,574,092 in FY 2005 of GRF appropriation item 490-403, PASSPORT, to be used by the Department to perform pre-admission assessments for non-Medicaid eligible individuals and assistance in the planning of their long-term care needs.	No change.
52 Subject: **Prescription Drug Discount Program**	
Section: *11.02*	Section: *11.02*
Requires that GRF appropriation item 490-419, Prescription Drug Discount Program, be used to administer a prescription drug discount program.	No provision.
53 Subject: **PASSPORT**	
Section: *11.02*	Section: *11.02*
Allows appropriations in GRF appropriation item 490-403, PASSPORT, and the set aside for the PASSPORT program in the appropriation item 490-610, PASSPORT/Residential State Supplement, (Fund 4J4) in the state special revenue fund group, to be used to assess clients regardless of Medicaid eligibility and to support the Department's administrative costs associated with operating the program. In addition, the bill designates the appropriations in those two line items to be used to provide the state match for PASSPORT Medicaid Waiver program. Appropriation item 490-607, PASSPORT, (Fund 3C4) in the federal special revenue fund group, is designated as the federal share of the funding for the PASSPORT program.	No change.

As Introduced	As Passed by the House
54 Subject: Senior Community Services	
Section: *11.02*	Section: *11.02*
Requires that funds in GRF appropriation item 490-411, Senior Community Services, be used to fund services designated by the Department including, but not limited to, home-delivered meals, transportation services, personal care services, respite services, home repair, and care coordination. It also requires that priority will be given to low income, frail, and cognitively impaired persons age 60 years and older. Requires the Department to promote cost sharing by recipients for services funded with Block Grant funds.	No change.
55 Subject: Alzheimers Respite	
Section: *11.02*	Section: *11.02*
Requires that appropriations in GRF appropriation item 490-414, Alzheimers Respite, be used to fund Alzheimer's disease services in accordance with section 173.04 of the Revised Code.	No change.

As Introduced	As Passed by the House
56 **Subject:** **Transportation for Elderly**	
Section: ***11.02***	**Section:** ***11.02***
Requires funds in GRF appropriation item 490-416, Transportation for Elderly, to be used for noncapital expenses related to transportation services for the elderly. These services are to provide access to such things as healthcare services, congregate meals, socialization programs, and grocery shopping. The funds are to be allocated by the Area Agencies on Aging in the following manner: (1) Up to $34,912 in FY 2004 and $34,039 in FY 2005 to the Jewish Vocational Services/Cincinnati; (2) Up to $34,912 in FY 2004 and $34,039 in FY 2005 to the Jewish Community Center of Cleveland; (3) Up to $15,469 in FY 2004 and $15,082 in FY 2005 to the Wexner Heritage Village of Columbus; (4) Up to $7,805 in FY 2004 and $7,610 in FY 2005 to the Jewish Family Services of Dayton; (5) Up to $3,832 in FY 2004 and $3,736 in FY 2005 to the Jewish Community Center of Akron; (6) Up to $3,832 in FY 2004 and $3,736 in FY 2005 to the Jewish Community Center/ Youngstown; (7) Up to $2,270 in FY 2004 and $2,214 in FY 2005 to the Jewish Community Center /Canton; (8) Up to $7,805 in FY 2004 and $7,610 in FY 2005 to the Jewish Community Center/Sylvania. These agencies are to coordinate services with other local service agencies.	No change.

57 Subject: Residential State Supplement	
Section: *11.02*	Section: *11.02*
Establishes the amount used to determine whether a resident is eligible for payment and for determining the amount per month the eligible resident will receive. The maximum monthly income and payment amounts are as follows: - $900 for a residential care facility; - $900 for an adult group home; - $800 for an adult foster home; - $800 for an adult family home; - $800 for an adult community home; - $800 for an adult residential facility; - $600 for adult community mental health housing services	No change.
58 Subject: Transfer of Residential State Supplement (RSS) Appropriations	
Section: *11.02*	Section: *11.02*
Authorizes the Department of Aging to transfer cash to the Department of Job and Family Services to make benefit payments to RSS recipients.	No change.
59 Subject: Long-Term Care Ombudsman	
Section: *11.02*	Section: *11.02*
Requires that GRF appropriation item 490-410, Long-Term Care Ombudsman, be used to fund ombudsman program activities in nursing homes, adult care facilities, boarding homes, and home and community care services.	No change.

As Introduced	As Passed by the House
60 Subject: Regional Long-Term Care Ombudsman Program	
Section: *11.02*	Section: *11.02*
Requires that appropriation item 490-609, Regional Long-Term Care Ombudsman Programs, (Fund 4C4) in the state special revenue fund group, be used to fund ombudsman program activities in nursing homes, adult care facilities, boarding homes, and home and community care services. The revenue source for this line item is a $3 per bed, per year, tax on all long-term care beds in Ohio.	No change.
61 Subject: PASSPORT/Residential State Supplement	
Section: *11.02*	Section: *11.02*
Earmarks up to $2,835,000 in each fiscal year from appropriation item 490-610, PASSPORT/Residential State Supplement, (Fund 4J4) in the state special revenue fund group, to fund the Residential State Supplement Program. This line item receives franchise fee revenue from a tax charged on private nursing home beds in the state.	No change.
62 Subject: Transfer of Appropriations - Federal Aging Nutrition, Federal Support Services, and Older Americans Support Services	
Section: *11.02*	Section: *11.02*
Allows the Department of Aging to transfer up to 30% of Older Americans Act funding in appropriation items 490-618, Older Americans Support Services, (Fund 322); 490-611, Federal Aging Nutrition, (Fund 3M3); and 490-612, Federal Supportive Services, (Fund 3M4) all in the federal special revenue fund group; between nutrition and support services based on local need.	No change.

As Introduced	As Passed by the House
63 Subject: Ohio Community Service Council	
Section: *11.02*	Section: *11.02*
Requires that GRF appropriation item 490-409, Ohio Community Service Council, be used in accordance with section 121.40 of the Revised Code. That section creates the Ohio Community Service Council, establishes its authority and defines its responsibilities, and designates the Department of Aging as the Council's fiscal agency.	No change.

As Introduced	As Passed by the House
64 Subject: Family Farm Loan Program	
R.C. *122.011*	R.C. *122.011*
Extends the Family Farm Loan program from July 1, 2003 through June 30, 2005. The program provides loans to farmers (See Family Farm Loan Program in the Department of Development). Fiscal effect: This extension allows up to $1.5 million to be used for loan guarantees for each fiscal year.	No change.
65 Subject: Changes within the Division of Markets	
R.C. *901.17*	R.C. *901.17*
Authorizes, rather than requires, the Division of Markets to perform the duties specified in current law. Also, the duties are modified in the following manner: (1) the requirement that the Division inspect and determine the grade and condition of farm produce at collecting and receiving centers within the state is eliminated; (2) the Division is authorized to participate in trade missions between states and foreign countries in order to encourage the sale and promotion of Ohio-grown products; (3) the fees charged for inspecting farm produce and the fund created for receipt of those fees are eliminated; (4) the Director of Agriculture's authority to adopt a fee schedule for inspecting any agricultural product for the purposes of the issuance of an export certificate that may be required by the USDA or foreign purchasers is also eliminated. Fiscal effect: Minimal. This provision simply authorizes rather than requires the Department to perform certain duties. The Department does not currently inspect farm produce, therefore, eliminating the fee charged for this service will not result in any fiscal effect.	No change.

As Introduced	As Passed by the House
66 Subject: Clean Ohio Agricultural Easement	
R.C. *901.21*	R.C. *901.21*
Eliminates the deadline after which the investment earnings of the Clean Ohio Agricultural Easement Fund (Fund 057) can no longer be used to pay the costs incurred by the Director of Agriculture in administering the Agricultural Easements Law, thus allowing the investment earnings to be so used permanently. Fiscal effect: Appropriation item 700-632, Clean Ohio Agricultural Easement (Fund 057), provides for $149,000 of spending authority in each fiscal year.	No change.

As Introduced	As Passed by the House
67 Subject: Authority for Plant Industry to Charge Fees for Issuing Certificates	
R.C. *927.69, 921.151*	R.C. *927.69, 921.151*
Authorizes the Division of Plant Industry to conduct inspections of agricultural products that are required by othe states, the USDA, federal agencies, or foreign nations to determine if the products are infested. If an inspection determines that product is not infested, a certificate may be issued to that effect. The Director is allowed to charge a fee for the inspection and the certificate issuance. The fees sha be deposited into Fund 669, Pesticide Program. Any revenue generated will be used to pay for the administrative costs associated with the Nursery Stock and Plant Pests Law. Fiscal effect: Increased revenues, as a result of this provision, will be used to offset the cost of the program.	Removes the provision that specifies that the Department may charge an additional fee for the issuance of a certificate. Adds language that specifies the fees that must be charged by the Director of Agriculture for certain inspections of agricultural products based on the type of certificate, agreement, or inspection involved if the Director decides to charge fees. The following fees are created in permanent law: (1) phyto-sanitary certificates; (2) compliance agreements; (3) solid wood packing certificates; and (4) vegetable, fruit, and field crop inspections. The fees shall go to Fund 669. The following fees are increased in permanent law: (1) nursery stock collector or dealer license; (2) woody nursery stock inspection; (3) intensive production areas for woody nursery stock inspection, per acre; (3) nonintensive production areas for woody nursery stock inspection, per acre; (4) nonwoody nursery stock inspection; and (5) intensive and nonintensive production areas for nonwoody nursery stock inspection, per acre. The increase for these fees shall go to Fund 669. Fiscal effect: Increases appropriation item 700-635, Pesticide Program, by $262,000 in each fiscal year to account for the increase in fees. The fees must be used to administer the inspections of agricultural products and to hire a minimum of two additional inspectors.

68 Subject: Gypsy Moth Suppression	
R.C. *927.701, 921.151*	R.C. *927.701, 921.151*
Authorizes the Director of Agriculture to establish a voluntary gypsy moth suppression program under which a landowner may request that the Department of Agriculture have the landowner's property aerially sprayed for gypsy moths in exchange for payment from the landowner in an amount not to exceed 50% of the cost that the Department incurs in the spraying, and requires the Director to adopt rules to facilitate implementation of the program. Fiscal effect: The Department is considering charging interested landowners a fee of $5 to $6 per acre of land treated. Any increase in revenue will be used to offset some costs of the program as well as additional spraying of infested acres. The total increase is hard to determine due to variables such as number of interested land owners and factors affecting the gypsy moth advancement such as weather.	No change.
69 Subject: Auctioneer Licensing Fees	
R.C. *4707.10, 4707.071*	R.C. *4707.10, 4707.071*
Requires the Department of Agriculture to adopt rules prescribing fees that an auctioneer, apprentice auctioneer, and special auctioneer licensees must pay and licensing renewal deadlines and procedures with which they must comply, and specifies that until those rules are adopted, licensees must pay the fees and comply with the licensing renewal deadlines and procedures established in current law Fiscal effect: Minimal.	No change.

70 Subject: Family Farm Loan Program	
Section: *12*	Section: *12*
Allows up to $1,500,000 in each fiscal year to be transferred from moneys in the Facilities Establishment Fund (Fund 037 to the Family Farm Loan Fund (Fund 5H1) in the Departmen of Development to be used for loan guarantees. These transfers are subject to Controlling Board approval. The provision also details that financial assistance from the Family Farm Loan Fund (Fund 5H1) shall be repaid to Fund 5H1. When the Family Farm Loan Fund (Fund 5H1) ceases to exist, all outstanding balances, all loan repayments, and any other outstanding obligations shall revert to the Facilities Establishment Fund (Fund 037). (See Family Farm Loan Program in the Department of Development)	No change.
71 Subject: Clean Ohio Agricultural Easement	
Section: *12*	Section: *12*
Specifies that appropriation item 700-632, Clean Ohio Agricultural Easement (Fund 057), shall be used by the Department of Agriculture in administering the Agricultural Easement Program.	No change.

As Introduced	As Passed by the House
72 Subject: Utility Radiological Safety Board Assessments	
Section: *118*	Section: *118*
Specifies maximum amounts that the board may assess against nuclear electric utilities to provide funding for Fund 4E4. The maximum amount that may be assessed for Fund 4E4, Utility Radiological Safety, is $73,059 in both FY 2004 and FY 2005. Fiscal effect: Limits the funding available to provide resources to the Department to ensure that nuclear power plants are operated safely and that contingency plans are followed in case of a nuclear accident.	No change.

As Introduced	As Passed by the House
73 Subject: Coal Research and Development General Obligation Debt Service	
	R.C. *1551.03, Section 13.02*
No provision.	Transfers the responsibilities of Ohio Coal Development Office to Air Quality Development Authority from the Department of Development. Specifies that GRF appropriation item 898-901, Coal R & D Gen Obligation Debt Service, be used to pay debt service on bonds issued for coal research and development purposes. Requires the Office of the Sinking Fund or the Director of Budget and Management to make payments by an intrastate transfer voucher. (See Department of Development subject title "Coal Research and Development General Obligation Debt Service") and "Coal Research and Development" Fiscal effect: None.
74 Subject: Ohio Coal Development Office	
	R.C. *1551.11, 1551.12, 1551.15, 1551.311, 1551.32, 1551.33, 1551.35, 1555.02, 1555.03, 1555.04, 1555.05, 1555.06, 1555.08, 1555.17, Section 13.01*
No provision.	Transfers the Ohio Coal Development Office from Department of Development to the Ohio Air Quality Development Authority. Requires that GRF appropriation item 898-402, Coal Development Office, be used for administrative costs of the office. Provides that after the Coa Development Office is transferred to the Ohio Air Quality Development Authority, the Office's employees are in the unclassified service and serve at the pleasure of the Authority.(See Department of Development subject item "Ohio Coal Development Office Transfer") Fiscal effect: None

75 Subject: Science and Technology Collaboration	
	Section: *13.03*
No provision.	Requires the Authority to work closely with the Department c Development (ODOD), Board of Regents (BOR), and the Third Frontier Commission to ensure implementation of a coherent state strategy with respect to science and technology. Includes duplicate language on the Third Frontie Commission. (See subject title "Science and technology Collaboration" under ODOD and BOR.) Fiscal effect: None.
76 Subject: Ohio Coal Development Office Appropriations	
	Section: *145.03E*
No provision.	Abolishes the Ohio Coal Development Office in the Department of Development. Transfers the Office, its functions, assets, and liabilities to the Ohio Air Quality Development Authority. Transfers the Office's appropriations to the Authority's budget. Fiscal effect: The move is revenue neutral.

As Introduced	As Passed by the House
77 Subject: Separate or Combined Boards for Alcohol, Drug Addiction, and Mental Health Services	
	R.C. *340.021*
No provision.	Sets January 1, 2004 as the deadline for permitting counties with a population of 250,000 or more to combine alcohol, drug addiction and mental health boards that were established in 1989 as separate boards. Fiscal effect: This provision could result in savings by reducing duplication in board operations for those larger counties that merge alcohol and drug addiction and mental health boards. At this time, it is difficult to know whether any counties will merge their boards.
78 Subject: Increase in Percentage Paid to the Statewide Treatment and Prevention Fund	
R.C. *4301.30*	R.C. *4301.30*
Increases from 21% to 32.5% the percentage of the Undivided Liquor Permit Fund that must be paid to the Statewide Treatment and Prevention Fund. Fiscal effect: The Department estimates that the changes in liquor permit fees and the increased percentage of undivided liquor permit fund should provide approximately $5 million in each fiscal year. Temporary law earmarks $5 million in appropriation item 038-621, Statewide Treatment and Prevention, (Fund 475) in the state special revenue fund group for funding TANF-eligible expenditures for substance abuse prevention and treatment services to children, or their families, whose income is at or below 200% of the official income poverty guideline.	No provision.

As Introduced	As Passed by the House
79 Subject: Increase in Liquor Permit Fees	
R.C. *4303.02, 4303.03 through 4303.231*	R.C. *4303.02, 4303.03 through 4303.231*
Increases by 100% all current liquor permit fees of $300 or less, and increases all such fees of more than $300 by 25%. Fiscal effect: The Department estimates that the changes in liquor permit fees and the increased percentage of undivided liquor permit fund should provide approximately $5 million in each fiscal year. The revenue will be deposited in the Statewide Treatment and Prevention Fund (Fund 475), in the state special revenue fund group. Temporary law earmarks $5 million in appropriation item 038-621, Statewide Treatment and Prevention, for TANF-eligible expenditures for substance abuse prevention and treatment services to children, or their families, whose income is at or below 200% of the official income poverty guideline.	No provision.
80 Subject: Federal Medicaid Reimbursement for ADAMHS Board Administrative Costs	
	R.C. *5111.025*
No provision.	Requires, rather than permits, the Director of Job and Family Services to modify or establish a new method for paying for Medicaid-covered community mental health and alcohol and drug addiction services and requires that the modified or new manner include a provision for obtaining federal financial participation for the costs that each board of alcohol, drug addiction, and mental health services incurs in its administration of those services. Fiscal effect: Could increase Medicaid reimbursement to ADAMHS boards for administrative costs. These costs are not currently reimbursed.

81	Subject: Am. Sub. H.B. 484 of the 122nd General Assembly	
	Section: *14*	Section: *14*
	Earmarks $4 million in each fiscal year in GRF appropriation item 038-401, Treatment Services, for services to families, adults, and adolescents pursuant to the requirements of Am. Sub. H.B. 484 of the 122nd General Assembly.	No change.
82	Subject: Talbert House	
		Section: *14*
	No provision.	Earmarks $200,000 in each fiscal year in GRF appropriation item 038-401, Treatment Services, to be used to establish a Talbert House Facility in Butler County.

As Introduced	As Passed by the House
83 Subject: Services for TANF-eligible Individuals	
Section: *14*	Section: *14*
Requires that $5 million in appropriation item 038-621, Statewide Treatment and Prevention, (Fund 475) in the state special revenue fund group in each fiscal year, be used to provide substance abuse prevention and treatment services to children, or their families, whose income is at or below 200% of the official income poverty guidelines. These services were previously appropriated in appropriation item 038-629, TANF Transfer–Treatment, and appropriation item 038-630, TANF Transfer–Mentoring, in the federal special revenue fund group. The TANF Treatmer appropriation item had an appropriation of $3,500,000 in FY 2003. The TANF Mentoring appropriation item had an appropriation of $1,500,000 in FY 2003. These TANF dollars were allocated to the Department from the Ohio Department of Job and Family Services (ODJFS). Funds were used to provide substance abuse prevention and treatment to children, or their families, whose income is at or below 200% of the official income poverty guideline. Because ODADAS will no longer receive funding from ODJFS under the Governor's recommended budget proposal, increased liquor permit fee revenue will be used to pay for these treatment and mentoring services instead. The Department and the Office of Budget and Management estimate the increased liquor permit fees will generate approximately $5 million annually; an amount equal to the TANF transfers.	Same as Executive, but changes the source of the earmark for services for TANF eligible individuals from appropriation item 038-621, Statewide Treatment and Prevention, (Fund 475) to GRF appropriation item 038-401, Treatment Services.

84 Subject: Parent Awareness Task Force	
Section: *14*	Section: *14*
Requires the Parent Awareness Task Force to study ways to engage more parents in activities, coalitions, and educational programs in Ohio relating to alcohol and other drug abuse prevention. Earmarks $30,000 in each year of the biennium in GRF appropriation item 038-404, Prevention Services, to be used to support the functions of the Task Force.	No change.

As Introduced	As Passed by the House
85 Subject: Program Subsidies	
Section: *17*	Section: *17*
Restricts eligibility of museums to receive funds from GRF appropriation item 370-502, Program Subsidies. If a museum received $8,000,000 or more in capital appropriations from the state between January 1, 1986 and December 31, 2002, then the museum would not be eligible to receive funds from this appropriation. Currently, the Arts Council funds 12 museums; the only museum in the state tha would be ineligible for funding under this provision is the Rock and Roll Hall of Fame in Cleveland.	No change.
86 Subject: Per Cent for Art Acquisitions	
Section: *17*	Section: *17*
Requires the Ohio Arts Council to use the unencumbered balance from prior projects of appropriation item 370-603, Per Cent for Art Acquisitions, (Fund 4B7) in the general services fund group to pay for start-up costs in connection with the selection of artists of new Per Cent for Art projects.	No change.

87 Subject: Calculations of the Useful Life of a Facility	
R.C. *3383.01, 3383.07*	R.C. *3383.01, 3383.07*
Removes the requirement that the Office of Budget and Management calculate the length of time that debt is outstanding for the Arts and Sports Facilities Commission (AFC) projects and the useful life of those facilities. This change no longer requires that the AFC and an arts facility enter into a cooperative or management agreement for the period of time that state bonds issued to pay for the costs for the arts project remain outstanding. Removes the requirement that the state have a property, site, or facility interest in a sports facility financed by state bond proceeds. Fiscal effect: None.	No change.

R.C. *4104.01, 4104.02, 4104.04, 4104.07, 4104.08, 4104.15, 4104.18, 4104.19, 4104.20*	R.C. *4104.01, 4104.02, 4104.04, 4104.07, 4104.08, 4104.15, 4104.18, 4104.19, 4104.20*
Eliminates the requirements of the Board of Building Standards to formulate rules regarding the inspection of boilers and pressure vessels. Permits rather than requires the Superintendent of Industrial Compliance to contract out for steam engineer or boiler operator license exams. Increases the installation inspection fee and certificate of operation fee as follows: Boilers subject to annual inspection fee, from $30 to $45; boilers subject to quinquennial inspections, from $150 to $225. Fiscal effect: No effect, as these fees have already been increased through previous approval of the Controlling Board. This provision would set these fees at the current rates in statute.	No change.

As Introduced	As Passed by the House
129 Subject: Elevator Certificate of Operation Fee Increase and Fee-setting Authority	
R.C. *4105.17*	R.C. *4105.17*
Increases the fee charged by the Division of Industrial Compliance to issue or renew a certificate of operation for an elevator that is inspected every six months from $105 to $200. Clarifies that the $3.25 fee assessed by the Board of Building Standards applies to each certificate of operation issued or renewed for escalators, moving walks, elevators inspected once every six months, and elevators inspected once every 12 months. Allows for various other specified fees collected for the inspection of elevators, escalators, anc moving walkways to be increased subject to the approval of the Controlling Board. Fiscal effect: $2.1 million revenue gain from increased fee in the Industrial Compliance Operating Fund (Fund 556).	No change.

R.C. *4115.03, 4115.17, 4115.19, 4115.20*	R.C. *4115.03, 4115.17, 4115.19, 4115.20*
Requires contractors who desire to enter into contracts that are subject to the Prevailing Wage Law to register with the Superintendent of the Division of Labor and Worker Safety and establishes requirements for such registration. Establishes a $300 initial registration and subsequent renewal fee for the annual registration, and permits contractors to change to a two-year registration period with a renewal fee of $500 after two consecutive years of registration. Creates the Prevailing Wage Administration Fund (Fund 5V5) to receive this revenue and pay for the expenses of the Wage and Hour Bureau and cost of administering the Prevailing Wage Law. Fiscal effect: Estimated $500,000 revenue gain in the Prevailing Wage Administration Fund (Fund 5V5).	No provision.

As Introduced	As Passed by the House
131 Subject: Prevailing Wage Law Complaint Procedure	
	R.C. *4115.10*
No provision.	Requires that any employee who files a written complaint wit the Director of Commerce alleging that the employee was paid less than the prevailing rate of wages under the Prevailing Wage Law must include with the written complaint documented evidence to demonstrate that the employee was not paid in accordance with the Prevailing Wage Law. Fiscal effect: None.
132 Subject: Prevailing Wage Procedure for Filing a Lawsuit	
	R.C. *4115.10*
No provision.	Extends the time in which an employee may file a lawsuit before being barred from further action under the Prevailing Wage Law from 60 days to 90 days from the date on which the Director of Commerce determines that there has been a violation of the Prevailing Wage Law. Fiscal effect: None.

139 Subject: Unclaimed Funds Payments	
Section: *29*	Section: *29*
Allows for the Division of Unclaimed Funds to pay bona fide claims for unclaimed funds. This language is required as a safeguard to ensure that owners of unclaimed funds actually received funds due them.	No change.
140 Subject: Banks Fund (Fund 544) Transfer to the GRF	
	Section: *29*
No provision.	Requires the Director of Budget and Management to transfer $2 million from the Banks Fund (Fund 544) to the GRF on July 31, 2003, or as soon as possible thereafter.
141 Subject: Fire Marshal Fund (Fund 546) Transfer to the GRF	
	Section: *29*
No provision.	Requires the Director of Budget and Management to transfer $10 million from the Fire Marshal Fund (Fund 546) to the GRF on July 31, 2003, or as soon as possible thereafter.
142 Subject: Real Estate Fund (Fund 549) Transfer to the GRF

144 Subject: Merchandising	
Section: *29*	Section: *29*
Allows for the Division of Liquor Control to use appropriation item 800-601, Merchandising, for operating expenses to pay for liquor products and provides for additional appropriations that may be necessary. It may be that demand for liquor products exceeds sales forecasts assumed in the recommended appropriation for the upcoming biennium. Without this language, the Division would have to cease sales once these levels were reached. The liquor profits are transferred to the GRF.	No change.
145 Subject: Economic Development Debt Service	
Section: *29*	Section: *29*
Establishes that appropriation item 800-633, Economic Development Debt Service, is to pay debt service on bonds issued to support the Chapter 166 loan program operated by the Department of Development. These debt service payments were formerly paid from the 800-601, Merchandising, appropriation item.	No change.
146 Subject: Revitalization Debt Service	
Section: *29*	Section: *29*
Requires that line item 800-636, Revitalization Debt Service, be used to pay debt service on bonds issued for the urban revitalization component of the Clean Ohio bond program. Recommended appropriations for line item 800-636, Revitalization Debt Service, are $4,747,800 in FY 2004 and $9,736,300 in FY 2005.	No change.

149 Subject: Educational Technology	
Section: *31*	Sections *31, 97.02*
Allows the Director of Budget and Management to transfer u to the total of $23 million appropriated to Controlling Board GRF appropriation item 911-416, Educational Technology, ir FY 2005 to the Department of Education in accordance with a technology-integration plan submitted by the "Ohio Technology Integration Task Force." This represents the amount that would have otherwise been appropriated to the SchoolNet Commission in FY 2005, when the Executive proposes closing that agency and merging its activities with the Department of Education.	No provision.
150 Subject: Federal Share	
Section: *31*	Section: *31*
Requires that the Controlling Board, in approving transfers from appropriation items that have federal shares identified in the bill, to add or subtract corresponding amounts of federal matching funds at the percentages indicated by the state and federal division of the appropriations in the bill.	No change.
151 Subject: Disaster Assistance	
Section: *31*	Section: *31*
Permits the Department of Public Safety (DHS) to request, and for the Controlling Board to approve, transfers from the Emergency Purposes Fund (Fund 5S4) to a GRF appropriation item within DHS. The transferred amounts would be used to assist political subdivisions in coping with natural disasters or emergencies. Allows transfer requests to be made before natural disasters or emergencies occur to provide timely assistance.	No change.

155 Subject: Ballot Advertising Costs	
Section: *31*	Section: *31*
Requires the Controlling Board, pursuant to requests submitted by the Ohio Ballot Board, to approve transfers from GRF appropriation item 911-441, Ballot Advertising Costs, to an appropriation item within that agency. The transferred funds would then be used to reimburse county boards of elections for the cost of providing public notices of statewide ballot initiatives. The provision requires the Director of Budget and Management to transfer any remaining funds in GRF appropriation item 911-441, Ballot Advertising Costs, to Controlling Board GRF appropriation item 911-404, Mandate Assistance.	No change.
156 Subject: Expenditure and Appropriation Increases Approved by Controlling Board	
	Section: *112*
Specifies that all requests for increased appropriation authority or increased expenditures approved by the Controlling Board during the biennium are appropriated for the biennium ending June 30, 2005 only.	No change.

157 Subject: Administrative Resolution of Small Claims of Inmates	
R.C. *2743.02*	R.C. *2743.02*
Provides an administrative procedure established by rule by the Director of Rehabilitation and Correction for the resolution of claims of inmates of state correctional institutions for the loss of or damage to property that do not exceed $300. Fiscal effect: Current codified law requires an inmate of a state correctional institution who wants to pursue a claim against the state for property damage to bring a civil action in the Court of Claims, regardless of the size of the claim. As of this writing, the Court estimates that, as a result of this proposed administrative procedure, it might realize as much as a 7% annual decrease in its administrative case filings (meaning those cases with claims under $2,500). Such an outcome would produce at most a minimal savings in the amount of funds that might otherwise have been disbursed annually from the Court's GRF appropriation item 015-321, Operating Expenses. A decrease in the number of administrative case filings also means that related filing fees that might otherwise have been collected and deposited to the credit of the GRF could be lost. The magnitude of that revenue loss annually, however, appears unlikely to be more than negligible, as many inmates are likely to be indigent and the related filing fee would probably have been waived in any event.	No change.

158 **Subject: Office Space Rental Expenses**

No provision.

As Passed by the House

Section: ***34***

Requires the Court to request Controlling Board approval to expend up to $302,000 of its FY 2005 appropriation in GRF appropriation item, 015-312, Operating Expenses, for the purpose of paying office space rental expenses.
Fiscal effect: The purpose of this uncodified law provision is to in effect earmark $302,000 of the Court's GRF appropriation item 015-321, Operating Expenses, in FY 2005 for the purpose of paying office space rental expenses and only allow the Court to expend up to that amount in FY 2005 pursuant to Controlling Board approval. This uncodified law provision reflects the uncertain effect of the Court's scheduled relocation to the restored Ohio Courts Building in March 2004 on the Court's FY 2005 costs, if any, to occupy space in the Ohio Courts Building.

159 **Subject:** **Indigent Defense**	
Section: *35*	**Section:** *35*
Requires the Office of Criminal Justice Services to make all efforts to maximize the amount of funding available for the defense of indigent persons. Fiscal effect: Uncodified law to this effect has been included in every one of the Office's biennial operating budgets since first being enacted by Am. Sub. H.B. 152 of the 120th General Assembly, the main operating appropriations act covering FYs 1994 and 1995.	No change.
160 **Subject:** **Criminal Justice Information System**	
Section: *35*	**Section:** *35*
Requires the Office: (1) use the funds appropriated to GRF appropriation item 196-401, Criminal Justice Information System, to work on a plan to improve Ohio's criminal justice information systems, and (2) provide progress reports on this plan to certain parties by January 1, 2004 and January 1, 2005. Fiscal effect: This uncodified law provision continues existing practice with regard to the moneys appropriated to appropriation item 196-401, Criminal Justice Information System.	No change.
161 **Subject:** **Violence Prevention Subsidy**	
	Section: *35*
No provision.	Earmarks $60,000 in FY 2004 in the Office's GRF appropriation item 196-405, Violence Prevention Subsidy, for Montgomery County's STVM Safe House Domestic Transitional Housing.

Section: *35*	Section: *35*
Earmarks up to $650,000 in each of FYs 2004 and 2005 of the funds appropriated to GRF appropriation item 196-424, Operating Expenses, for the purpose of matching federal funds. Fiscal effect: This uncodified law provision continues existing practice relative to earmarking amounts appropriated to appropriation item 196-424, Operating Expenses, for the purpose of matching federal funds.	No change.
163 Subject: Juvenile Accountability Incentive Block Grant	
Section: *35*	Section: *35*
Requires that the funds appropriated to appropriation item 196-602, Criminal Justice Federal Programs, (Fund 301), be used to fund and close out the Juvenile Accountability Incentive Block Grant (JAIBG) Program for federal fiscal yea 1999. Fiscal effect: Although, pursuant to Am. Sub. H.B. 94 of the 124th General Assembly, the Office's role in the state's federal juvenile justice and delinquency prevention programs including JAIBG, was transferred to the Department of Youth Services (DYS), the Office is required to close out business that was in effect initiated prior to the transfer of certain functions to DYS. According to the Office, the purpose of the appropriation item's $1.0 million FY 2004 appropriation is to refund unused grant moneys to the federal government.	No change.

170 Subject: Clean Ohio Revitalization Fund Investment Earnings	
R.C. *122.658*	R.C. *122.658*
Eliminates the deadline of July 26, 2001, after which investment earnings credited to the Clean Ohio Revitalizatio Fund can no longer be used to pay costs incurred by the Department of Development or the Environmental Protectior Agency for purposes of the brownfield portion of the Clean Ohio Program. This provision allows those investment earnings to be used for these purposes indefinitely. (See also the item entitled "Clean Ohio Program Fund Investment Earnings" in the Environmental Protection Agency.) Fiscal effect: Appropriation item 195-663, Clean Ohio - Operating, (Fund 003) provides for $150,000 of spending authority in each fiscal year of the biennium for the administrative expenses of the Clean Ohio Program. Funds in this line item consist of investment earnings of the Clean Ohio Revitalization Fund. Without this provision, funds in thi line item could not be spent on administrative expenses of the Clean Ohio Program.	No change.

and mentoring opportunities.	
Allows the Director of Development to guarantee bonds executed by sureties for minority business enterprises and EDGE business enterprises as principals on contracts with the state and any political subdivision or instrumentality, or any person as the obligee with parameters established for such guaranty bonds. Permits the Director to guarantee up t 90% of the loss incurred and paid by sureties on bonds guaranteed by the Director.	
Prohibits the penal sum amounts of all outstanding guarantees made by the Director from exceeding three times the difference between the amount of moneys in the minority business bonding fund and available to the fund, and the amount of all outstanding bonds issued by the Director for th guaranty bonds issued on behalf of minority businesses as principals.	
Fiscal effect: This provision may increase the administrative expenses of the Department of Development relating to the issuance of the detailed report, administrative duties of the program, as well as an increase in expenditures relating to the bond guarantees. In the case of the default by a participating business in the bond guaranty program, the Department must pay the portion of the bond that was guaranteed.

Establishes 45 different fees for county recorders to collect i addition to the service fees that recorders charge under current law. Under this provision, the service fees that recorders currently charge are called "base fees" and the new fees are called "housing trust fund fees." Directs recorders to charge both the base fee and the housing trust fund fee for various services that recorders perform, includin filing maps, zoning resolutions and plats, deeds, mortgages, liens, release of liens, and photocopying documents and records. The new housing trust fund fees are equal to the amounts currently charged in service fees, thus doubling the amount fees that county recorders charge. The new housing trust fund fees are deposited in the Low- and Moderate-Income Housing Trust Fund, which exists under current law and is one source of revenue for Department of Development (DOD) and Ohio Housing Finance Agency (OHFA) programs. Examples of the new fees include: a $5 housing trust fund fee charged when maps of abandoned mines are filed; a $2 fee when a certificate is filed for the release of a property tax lien; a fee of $50 when a zoning resolution is filed; and a fee of $1 per page for photocopying a document other than at the time of recording. Permits county auditors to retain 1% of the amount collected for expenses if the auditor pays the amounts to the Treasure	Eliminates the proposed Housing Trust Fund fees that count recorders would charge and the requirements for collection and deposit of those fees, but retains the requirements for the expenditure of money from the Low- and Moderate-Income Housing Trust Fund. Fiscal effect: In place of the revenue provided by the proposed Housing Trust Fund fee collected by the county recorder appropriations for $44,000,000 are made in GRF appropriation item 195-441, Low and Moderate Income Housing.

of State in a timely manner. Directs the Treasurer to deposit any amount collected over $50 million in the state's General Revenue Fund.	
Stipulates new requirements for the expenditure of money from the Low- and Moderate-Income Housing Trust Fund. New areas that receive specified funding amounts under the provision include: (1) not more than 6% of the current year appropriation authority for transitional and permanent housing programs; (2) at least $100,000 for training and technical assistance to nonprofit development organizations in underserved areas; (3) not more than 7% for emergency shelter housing grants programs; (4) at least $250,000 for the resident services coordinator program in the Department of Aging, proposed elsewhere in the bill; and (5) not more than 5% of grants and loans be made from the Housing Trust Fund to community development corporations and the Ohio Community Development Finance Fund, a private nonprofit corporation.	
Limits administration expenses of the trust fund (capped at 5% under current law) to not more than 6%.	
Fiscal effect: The provision has a direct fiscal effect on local governments, in particular requiring county recorders to collect additional fees and transmit them to the Treasurer of the State. Provided that county recorders transmit the Housing Trust Fund fees in a timely manner, they are permitted to retain 1% of the fees collected for administrative expenses. The Housing Trust Fund fees collected by county recorders are in lieu of GRF dollars that previously funded these programs. Spending authority of $40 million is

Extends the authority of a municipal corporation or board of county commissioners to enter into enterprise zone agreements to October 15, 2009. Under current law the provision is scheduled to expire on June 30, 2004. If the enterprise zone agreement pertains to an enterprise zone certified by the Director of Development before July 22, 1994, then the authority is also extended until October 15, 2009. Fiscal effect: Enterprise Zones provide tax exemptions to companies that agree to establish, expand, renovate or occupy a facility, and hire new employees or preserve employment opportunities for existing employees. Enterprise Zone agreements create a loss of revenue for local governments and school districts through real and personal property tax exemptions; a loss of state revenues can also be realized through state franchise tax incentives offered under Enterprise Zone agreements. R.C. *179.02, 179.01, 179.03, 179.04, 119.035, 3747.16, Sections 132.09, 132.10*	R.C. *179.02, 179.01, 179.03, 179.04, 119.035, 3747.16, Sections 132.09, 132.10*
Amends existing codified law as follows:	No provision.
(1) Abolishes the Commission on Dispute Resolution and Conflict Management.	
(2) Removes the requirement that, when necessary, the Commission mediate a compensation agreement between the Board of Directors of the Ohio Low-Level Radioactive Waste Facility Development Authority and the legislative authority of a host community.	
(3) Removes the Commission's ability to serve as a facilitator for an advisory committee of an agency exercising its rule-making powers.	
Fiscal effect:	
(1) The Commission will cease all operations as of July 1, 2003.	
(2) The Commission had requested a total of around $875,000 and $944,000 in combined state and federal funding for FYs 2004 and 2005, respectively, to fund the cos of delivering its current level of services in the next biennium Approximately 70% of that total requested amount of funding in each fiscal year would have been appropriated from the GRF.	

As Introduced

(3) The Executive's FY 2004-2005 biennium budget includes new GRF appropriation item 042-409, Commission Closures, contained in the Office of Budget and Management's (OBM) budget, with a one-time appropriation of $95,000 in FY 2004. The purpose of the funds is to cover any outstanding unemployment compensation costs or other expenses related to the potential closure of commissions. OBM is responsible for payment of these expenses pursuant to section 126.29 of the Revised Code.

(4) The distribution of state and federal conflict management funds to school districts, currently handled as a cooperative effort between the Commission and the Ohio Department of Education, will be handled solely by the Ohio Department of Education.

221 Subject: Change in Minimum School Year for School Districts and Nonpublic Schools from Total Days to Total Hours

R.C. *3313.48, 3313.481, 2151.011, 3313.533, 3313.62, 3317.01, 3317.029, 3313.482*

No provision.

Switches the minimum school year for school districts and nonpublic schools from 182 days to 910 hours for grades 1 through 8 and 1,001 hours for grades 9 through 12, beginning in the 2003-2004 school year. Eliminates excusec "calamity" days. Calamity days refer to those regularly scheduled days during which a school is closed due to hazaradous weather or other circumstances that prevents th school from being open. Eliminates the requirement that school districts adopt contingency plans to make up calamity days beyond the five they are permitted now.
Fiscal effect: School districts are currently allowed up to 5 calamity days per year. These 5 days will now have to be made up. This may increase school district costs. These costs may be mitigated by the switch from required days to required hours.

222 Subject: Elimination of Authority to Operate a School Savings System

R.C. *3313.82, 3313.83*

No provision.

Eliminates authority for public schools to operate a school savings system whereby students regularly deposit money into personal savings accounts handled by a designated school employee.
Fiscal effect: None.

223 Subject: Elimination of School Progress Report Requirement	
	R.C. *3313.94*
No provision.	Eliminates the requirement that the board of education of every school district issue an annual report on school progress of each school under its control. Fiscal effect: May result in an administrative cost savings fo districts.
224 Subject: Payments of Tutorial Assistance Grants in the Cleveland Pilot Scholarship Program	
R.C. *3313.979*	R.C. *3313.979*
Requires the state to pay tutorial assistance grants directly t the approved provider, instead of to the parents of the students, under the Cleveland Pilot Project Scholarship Program. (Scholarships to attend private schools will continue to be paid to the parents, not the schools.) Fiscal effect: None.	No change.
225 Subject: Definition of "Internet- or Computer-based Community Schools"	
	R.C. *3314.02*
No provision.	Specifies that an "Internet- or computer-based community school" is one where the students participate primarily in nor classroom-based learning opportunities provided via the Internet, another computer-based instructional method, or a noncomputer-based instructional method. Removes language that states that the students "work primarily from their residences" and replaces it with the term "non-classroom-based learning opportunities," which under current law must be specified in the school's contract with its sponsor. Fiscal effect: None.

As Introduced	As Passed by the House
226 Subject: Sponsorship of Community Schools by Educational Service Centers	
	R.C. *3314.02*
No provision.	Allows educational service centers (ESCs) to sponsor community schools in any "challenged" school district, rather than only in such a district in a county within the territory of tl ESC or a contiguous county. Fiscal effect: May increase the number of community schools opened resulting in a higher amount of state aid that could be transferred to community schools.
227 Subject: Automatic Withdrawal of a Community School Student Who Fails to Participate in Learning Opportunities	
	R.C. *3314.03*
No provision.	Requires that the governing authority of a community school automatically withdraw a student who fails to participate without a legitimate excuse in 105 consecutive hours of learning opportunities, instead of 105 cumulative hours as provided under current law. Fiscal effect: None.
228 Subject: Notification to Parents of Community School Students	
	R.C. *3314.041*
No provision.	Requires that a specified statement, recognizing that community schools are public schools and that students enrolled in those schools are subject to certain testing and other requirements prescribed by law, be distributed by a community school to parents of students enrolled in the school at the time of enrollment. Fiscal effect: None.

As Introduced	As Passed by the House
229 Subject: Sponsorship of Community Schools after Contract Termination or Nonrenewal	
	R.C. *3314.07*
No provision.	Prohibits a community school whose contract has been terminated from entering into a new contract with another sponsor. Requires a community school that does not intend to renew its contract to notify the school's sponsor within 180 days prior to the contract's expiration and permits the community school to enter into a new contract with another sponsor. Fiscal effect: None.
230 Subject: Necessary Software and Hardware for Internet or Computer-based Schools	
	R.C. *3314.08*
No provision.	Specifies that for purposes of state funding to an "internet- or computer-based community school" (E-school), a student is considered enrolled only if the school has provided to the student all of the hardware and software necessary so that the student may fully participate in the classroom and non-classroom learning opportunities prescribed in the contract between the school and the school's sponsor. Fiscal effect: None.

As Introduced	As Passed by the House
231 Subject: Parity Aid Funding for Community Schools	
	R.C. *3314.08*
No provision.	Requires the Department of Education to pay to community schools the amount of state parity aid funding that otherwise would be paid to the students' resident districts and requires the Department to deduct the corresponding amounts from the students' resident districts. Fiscal effect: Based on the most recent available community school enrollment data, an estimated $8.3 million in parity aid in FY 2004 and $10.8 million in parity aid in FY 2005 would be deducted from community school students' resident districts and transferred to community schools where these students are enrolled.
232 Subject: Community School Payments	
	R.C. *3314.08*
No provision.	Specifies that the amount paid to community schools and deducted from the state aid of their students' home districts cannot exceed the home districts' state SF-3 payments and property tax rollback reimbursement. Fiscal effect: Limits the amount of state aid that can be deducted from a resident district and transferred to community schools.

233 Subject: A Fiscal Emergency School District's Levy Obligation	
R.C. *3316.08*	R.C. *3316.08*
Removes the requirement that a district in fiscal emergency propose a tax levy in an amount sufficient to completely eliminate the district's operating deficit amount, as certified by the Auditor of State. Instead, allows the option of submitting a tax levy request to the voters that would generate a positive year-end cash balance by the fifth year c the district's five-year forecast. Fiscal effect: None.	No change.
234 Subject: Base Cost Formula Amount and Various Other Funding Formula Factors	
R.C. *3317.012, 3317.022, 3317.024, 3317.029, 3317.0213, 3317.0217, 3317.11, 3317.16*	R.C. *3317.012, 3317.022, 3317.024, 3317.029, 3317.0213, 3317.02173317.11, 3317.16*
(1) Repeals the current law requirement that a joint committee of the General Assembly be appointed in July of 2005 to re-examine the cost of an adequate education. Repeals funding provisions for equity aid and parity aid in FY 2005 and beyond. These repeals are done in anticipation of the recommendations of the proposed Blue Ribbon Task Force on school funding. Fiscal effect: The recommendations of the Blue Ribbon Task Force will affect future school funding formulas.	(1) Same as executive, but reinstates H.B. 94 (124th G.A.) provisions for equity aid and parity aid in FY 2005. Fiscal effect: Provides specific allocations for equity aid and parity aid in FY 2005. Equity aid will be funded at the 25% level while parity aid will be funded at the 80% level in FY 2005. Under the executive budget, except for two property tax relief items, line item 200-406, Primary and Secondary Education, contains all GRF appropriations for the Department of Education.
(2) Retains the FY 2004 base cost formula amount of $5,088 specified in current law and increases the personnel allowance for the GRADS program to $47,555 in FY 2004. Fiscal effect: Provides a 2.8% increase in base cost funding and GRADS teacher grants in FY 2004 for school districts and joint vocational school districts.	(2) Same as executive, but also retains the FY 2005 base cost formula amount of $5,230 specified in current law. Fiscal effect: Provides a 2.8% increase in base cost funding in FY 2005 for school districts and joint vocational school districts. Maintains the FY 2004 funding level for GRADS teacher grants in FY 2005.

As Introduced	As Passed by the House
(3) Extends various FY 2003 formula factors into FY 2004 as follows: (a) The $25,700 threshold for "catastrophic" special education cost reimbursements for special education students in categories two through five and the $30,840 threshold for "catastrophic" special education cost reimbursements for special education students in category six. School districts and community schools are eligible for additional state reimbursements for the costs above these thresholds. (b) The $30,000 personnel allowance used to calculate the special education speech service supplement. (c) The $40.52 per pupil subsidy for educational service centers serving three or more counties and the $37 per pupil subsidy for all other educational service centers. Fiscal effect: Maintains the FY 2003 funding level for "catastrophic" special education costs, the special education speech service supplement, and educational service centers in FY 2004.	(3) Same as executive, but also extends these factors into F 2005. Fiscal effect: Maintains the FY 2003 funding level for "catastrophic" special education costs, the special education speech service supplement, and educational service centers in both FY 2004 and FY 2005.
(4) Increases the teacher salary allowance used to calculate the K-3 class size reduction component of DPIA to $44,880 in FY 2004. Fiscal effect: Provides a 2.8% increase in the teacher salary allowance used to calculate the K-3 class size reduction funding component of DPIA. However, it will not have an impact on the amount of DPIA funding each district will receive in FY 2004. Temporary law associated with GRF appropriation item 200-520, DPIA, specifies that instead of following DPIA allocation formulas, all school districts that receive DPIA allocations in FY 2003 are to receive a uniform increase of 2% in FY 2004 over what they receive in FY 200	(4) Eliminates the increase in the teacher salary allowance used to calculate the K-3 class size reduction component of DPIA funding in FY 2004. Fiscal effect: None. Temporary law associated with GRF appropriation item 200-520, DPIA, specifies that instead of following DPIA allocation formulas, school districts that received DPIA allocations in FY 2003 are to receive a uniform increase of 2% per year except for districts receiving DPIA guaranteed funding. Such districts will receiving the same funding in both FY 2004 and FY 2005 as they receivec in FY 2003. Under the executive budget, except for two property tax relief items, line item 200-406, Primary and Secondary Education, contains all GRF appropriations for the Department of Education.

235 Subject: Special Education Weighted Funding	
R.C. *3317.013, Section 40.08*	R.C. *3317.013, Section 40.08*
States that the special education six-weight system will be fully funded with a combination of state, local, and federal funds. It sets aside $335,735,930 in FY 2004 within GRF appropriation item 200-501, Base Cost Funding, to pay for the state share of special education weighted funding. The needed balance above both state and local shares will come from federal special education funds passed through to local school districts. The Department of Education is required to submit a report to the Office of Budget and Management by May 30, 2004 to indicate the FY 2004 allocation of the state and local shares of special education weighted funding and federal special education funds for each city, local, exempt village, and joint vocational school district. Fiscal effect: The state share of special education weighted funding is limited to $335,735,930 in FY 2004.	Removes the statement that the special education six-weigh system will be fully funded with a combination of state, local, and federal funds. Removes the specific dollar earmark for special education weighted funding in both fiscal years. Instead, requires that an amount be available for special education weighted funding pursuant to division (C)(1) of section 3317.022 and division (D) (1) of section 3317.16 of the Revised Code, which specifies the state funding percentage (88% in FY 2004 and 90% in FY 2005) for special education weighted funding. Fiscal effect: Requires the state to provide money to fund the special education six-weight system at the 88% level in FY 2004 and at the 90% level in FY 2005.

236 Subject: Replacement of Formula ADM with Average Daily Attendance (ADA)	
	R.C. *3317.022, 3311.52, 3313.647, 3313.90, 3313.981, 3317.01, 3317.02, 3317.0217, 3317.03, 3317.034, 3317.081, 3317.16, 3323.12, 3365.04, Section 40.34*
No provision.	Specifies that base cost funding for a school district be based on the current year (instead of the greater of current year or three-year average) formula Average Daily Membership (ADM) in FY 2004. Specifies that the base cost and parity aid funding calculations for a school district be based on the district's ADA instead of ADM in FY 2005. Requires school districts to report monthly attendance figures. Specifies that the average daily attendance include students in attendance or receiving home services from a school district, and excludes students absent with or without excuse. Permits districts that allow a student to make up instructional hours missed due to an excused absence to count that make up time in the district's ADA. (ADM continues to be used for other school funding formula components, such as special and career-technical education weighted funding.) Fiscal effect: Decreases state base cost funding for districts experiencing declining enrollment in FY 2004. Decreases state base cost and parity aid funding for districts with a student attendance rate less than 100% in FY 2005. In FY 2002, the student attendance rates ranged from 87.6% to 98.6% with a statewide average of approximately 95%. A 1% change in the statewide average student attendance rate is likely to result in a change of approximately $90 million in state base cost and parity aid funding

237 Subject: Pupil-Teacher Ratio Formula - "Speech Only" Students	
R.C. *3317.023*	R.C. *3317.023*
Specifies that "speech only" students be included in the pupi teacher ratio calculation like they have historically been. School districts are required to maintain a maximum average pupil-teacher ratio of 25 to 1 in a regular classroom. If a school district exceeds this maximum average ratio, a portion of its state SF-3 foundation aid will be deducted. Historically, "speech only" students were included in the regular student population for this pupil-teacher ratio calculation. House Bill 94 of the 124th General Assembly assigned a weight for "speech only" students. As a result, these students are currently excluded from the 25:1 pupil-teacher ratio calculation. Fiscal effect: None. No school districts have been penalized by the 25:1 pupil-teacher ratio requirement in FYs 2002 and 2003.	No change.

238 Subject: Calculation of Formula ADM	
R.C. *3317.03*	R.C. *3317.03*
Specifies that students attending classes in a district other than their resident districts pursuant to a cooperative education agreement, contract, or compact between the two districts be included in their attending districts' formula ADM counts. Under current law, these students are included in the resident districts' formula ADM counts. In fact, most students are currently included in their resident districts' formula ADM counts for state aid calculation purposes. Funding is then deducted from a resident district's state aid amount and transferred to a public community school or another school district where the student is enrolled. Fiscal effect: The fiscal effect of this provision is indeterminate at this time due to data limitations. The proposed change would create a system that counts the majority of students in their resident districts' formula ADM counts and a sub-group of students in their attending districts' formula ADM counts. Most students attending school under a cooperative education agreement, contract, or compact between the two districts are special or career-technical education students. State weighted funding for special and career-technical education students would be affected by this proposed change.	No change.

239 Subject: Approving Handicapped Preschool Funding Units

As Introduced	As Passed by the House
R.C. *3317.05, 3317.03, 3317.032, 3323.16, 5126.12*	R.C. *3317.05, 3317.03, 3317.032, 3323.16, 5126.12*
Conforms the law regarding approval of funding units for handicapped preschool students to the federal law on reporting the ages of affected children by specifying that suc funding units will be available for children who were 3 years old by December 1, instead of September 30 as under current unit-funding law. Specifies that vocational, handicapped, and handicapped preschool units be approved by the Department of Education, rather than the State Board of Education as under current law. Fiscal effect: As this provision does not actually increase the number of units that are funded, there is no fiscal effect.	No change.

240 Subject: Renaming the Auxiliary Services Mobile Unit Replacement and Repair Fund

As Introduced	As Passed by the House
R.C. *3317.064*	R.C. *3317.064*
Changes the name of the Auxiliary Services Mobile Unit Replacement and Repair Fund to the Auxiliary Services Reimbursement Fund. Fiscal effect: None.	No change.

241 Subject: Reassign State Funded School Buses	
R.C. *3317.07*	R.C. *3317.07*
Allows the Department of Education to reassign a 100% state funded bus that a county MR/DD board or a school district no longer needs to another county MR/DD board or school district that has need for an additional school bus to transport special education or non-public school students. School buses that are used to transport special education and non-public school students are eligible for 100% state funding. Fiscal effect: None.	No change.
242 Subject: Educational Service Center Payments	
	R.C. *3317.11*
No provision.	Clarifies the procedures for the Department of Education to follow in calculating payments to educational service centers (ESCs), which are deducted from the school districts receiving services from the centers. Also permits school districts receiving services from ESCs to agree to pay amounts in excess of the amounts otherwise specified for increased service. Fiscal effect: The effect of this provision on ESCs and schoo districts is not known at this time. Eliminates the requirement that ESC governing boards annually certify operating budgets to the State Board of Education. Fiscal effect: Should result in a small administrative cost savings for ESCs.

As Introduced	As Passed by the House
243 Subject: Special Education Costs for Joint Vocational Schools	
R.C. *3317.16, 3314.083, 3317.023*	R.C. *3317.16, 3314.083, 3317.023*
Specifies that the portion of the cost of providing special education and related services to a student by a joint vocational school district (JVSD) that exceeds the sum of the calculated state and local shares of base-cost and special education payments to the JVSD must be paid for by the student's resident district or, if the student is enrolled in a community school, by that community school. Requires the Department of Education to deduct the amount of the excess costs from the resident district or community school and pay that amount to the JVSD. Requires each JVSD to spend the amount calculated for combined state and local shares of base-cost and special education payments for special education and related services approved by the Department of Education. (A similar requirement was enacted in 2001 for city, local, and exempted village school districts.) Fiscal effect: Depending on the existence of excess costs, JVSDs may receive higher revenues while the corresponding resident district or community school receives lower revenues. JVSDs will incur administrative costs related to the required reports. They will also be restricted in the use of some of their revenue for special education and related services.	No change.

As Introduced	As Passed by the House
244 Subject: Employment of Adminstrators by Local School Districts	
	R.C. *3319.02*
No provision.	Eliminates the requirement that the employment of superintendents, assistant superintendents, principals, assistant principals, and other administrators by a local school district be approved by the governing board of the educational service center (ESC) in which territory the distric is located. Authorizes the board of education of any school district to contract with the ESC from which it otherwise receives services to conduct searches and recruitment of candidates for these positions. Eliminates the requirement that assignment of students and staff by a local school distric superintendent be approved by the superintendent of the ESC in which territory the district is included. Fiscal effect: May result in an administrative cost savings fo ESCs.
245 Subject: Employment of School District Business Managers	
	R.C. *3319.02, 3319.03, 3319.06*
No provision.	Provides that school district business managers are to be employed in the same manner as assistant superintendents, principals, assistant principals, and "other administrators," which would require their employment under initial contracts for up to three years and subsequent contracts for two to five years, instead of four-year appointments as under current law. Requires also that school district boards follow procedures for performance review and renewal or termination of business manager contracts that are specified for "other administrators" under current law. Fiscal effect: None.

As Introduced	As Passed by the House
246 Subject: Employment of Teachers by School Districts	
	R.C. *3319.07, 3319.36*
No provision.	Eliminates the requirement that the employment of a teacher by a local school district be approved by the superintendent of the educational service center (ESC) in which territory the district is located. Permits any school district board to contract with the ESC from which it receives services to conduct searches and recruitment of candidates for teacher positions.
247 Subject: Calculation of Cost of Office Space	
	R.C. *3319.19*
No provision.	Defines "actual cost per square foot" for purposes of estimating costs of office space provided to educational service centers by boards of county commissioners, which requirement is currently being phased out. Clarifies that in FY 2006, the last year of the phase-out of the county commissioners' obligation, an educational service center is responsible for paying the remainder of the actual cost of office space that is above 20% of the estimated cost. Fiscal effect: The effect of this provision on ESCs and counties depends on the method they are currently using to determine actual cost per square foot.

As Introduced	As Passed by the House
248 Subject: Annual Report on Activities of Local School Districts	
	R.C. *3319.33, 3317.09, 3319.34*
No provision.	Requires that each local school district (rather than an educational service center (ESC) on the local school district's behalf, as under current law) directly submit its annual report of school district statistics, including data on litigation, to the State Board of Education. Fiscal effect: Should result in a small administrative cost savings for ESCs.
249 Subject: Department of Education Transportation Coordinator	
	R.C. *3327.01, 3327.011*
No provision.	Eliminates a requirement that the Department of Education appoint transportation coordinators to oversee pupil transportation by school districts. Fiscal effect: May result in an administrative cost savings fo the Department.

As Introduced	As Passed by the House
250 Subject: School District Textbook and Electronic Textbook Purchases	
	R.C. *3329.06, 3329.08*
No provision.	Eliminates language that currently authorizes a school distric board of education to limit purchases of textbooks and electronic textbooks to only six subjects per year, the cost of which does not exceed 25% of the "entire cost of adoption." Fiscal effect: None. Eliminates a current provision that prohibits a school district board of education from changing or revising a textbook or electronic textbook selection more frequently than once ever four years. Fiscal effect: This provision provides greater flexibility for school districts.
251 Subject: Filing of School District Certificate of Estimated Appropriations	
	R.C. *5705.39*
No provision.	Eliminates the requirement that each county auditor file with the state Superintendent of Public Instruction each school district's annual certificate of estimated appropriations and appropriation measure. Fiscal effect: May result in a decrease in administrative costs for county auditors.

254 Subject: Public Preschool	
Section: *40.02*	Section: *40.02*
Earmarks up to 2% of GRF appropriation item 200-408, Public Preschool, in FY 2004 for use by the Department of Education (ODE) for various support and assistance activities. Requires that ODE provide an annual report with specified information about public preschool programs. Specifies that a child is eligible for public preschool if the child is at least three years old, is not eligible for kindergarten, and is a member of a family that earns not more than 185% of the federal poverty level. Permits ODE t reallocate unobligated or unspent money to districts for expansion and improvement of programs. Specifies that development and administration costs may not exceed 15% of the cost of each program and requires fund recipients to maintain fiscal records. Requires that ODE prescribe target levels for critical performance indicators and assess programs based on progress in meeting these target levels. Requires a program to implement a corrective action plan, approved by ODE, when found to not be meeting standards. Permits ODE to deny funding if a program fails to successfully complete its plan. Requires that programs document and report child progress. Requires that program: charge families who earn more than the federal poverty leve based on a sliding fee schedule. Specifies that ODE may award new grants based on a competitive bidding process if current grantees voluntarily waive the funding or are denied the funding for not meeting program standards. Requires that these grantees transfer property to a new grantee.	Same as executive, but also earmarks the same amount in FY 2005.

Makes the following earmarks of GRF appropriation item 200-410, Professional Development:	Makes the following changes to the earmarks of GRF appropriation item 200-410, Professional Development:
(1) Earmarks $5,368,357 in FY 2004 for twelve Regional Professional Development Centers.	(1) No provision.
(2) Earmarks $7,229,625 in FY 2004 to reward teachers who have obtained National Board certification and to pay the application fee for up to 500 teachers applying for certification. Up to $300,000 of the earmark, in FY 2004, may be used by the Department of Education for administrative costs.	(2) Reduces the earmark to $5,779,625. Earmarks the same amount in FY 2005. Specifies that these funds are only to be used to reward teachers who have obtained National Board Certification prior to January 1, 2003. Eliminates funding for application fees and stipends for new applicants, as well as administrative costs of the Department
(3) Earmarks up to $19,442,358 in FY 2004 for teacher entr year programs.	(3) Reduces the earmark to $7,442,358 and earmarks the same amount in FY 2005. Specifies that these funds are only to be used for performance assessments for beginning teachers in districts that are in academic watch or academic emergency.
(4) Earmarks up to $546,000 in FY 2004 for Ohio leadership academies for superintendents.	(4) No provision.
(5) Earmarks up to $676,260 in FY 2004 for the Ohio Principal's Leadership Academy.	(5) No provision.

323 Subject: Fee Increases	
R.C. *4717.07*	R.C. *4717.07*
Increases license renewal fees as follows: Funeral Director & Embalmer (renewal): Current Fee = $120, Proposed Fee = $140 Funeral Director & Embalmer (initial): Current Fee = $5, Proposed Fee = $140 Funeral Home (initial): Current Fee = $125, Proposed Fee = $250 Embalming Facility and Crematory (initial): Current Fee = $100, Proposed Fee = $200 Funeral Director & Embalmer (registration): Current Fee = $25, Proposed Fee = $100 Funeral Director & Embalmer (apprentice cert): Current Fee = $10, Proposed Fee = $50 Fiscal effect: Revenue gain of $109,740 per year to the 4K9 Fund.	Same as executive, but reinstates two of the fee types to the amount in current law. For the issuance of an embalmer or funeral director registration, the fee is $25. For the filing of an embalmer or funeral director certificate of apprenticeship, the fee is $10. Fiscal effect: Decrease in proposed revenue gain of $18,270, resulting in net revenue gain of $91,470 from the executive proposal.
324 Subject: Exemption from Continuing Education	
R.C. *4717.09*	R.C. *4717.09*
Allows a licensee who has been an embalmer or funeral director for not less than fifty years and is not actually in charge of an embalming facility or funeral home to apply to the Board for an exemption from the continuing education requirement of twelve to thirty hours of educational programs every two years as a condition of renewal of their licenses. Fiscal effect: None	No change.

325 Subject: Duties of Chairperson and Executive Director of SERB	
R.C. *4117.02*	R.C. *4117.02*
Establishes specific duties of the State Employment Relations Board's Chairperson in statute, including the duty to prepare the Board's biennial budget and to employ, promote, supervise, and remove certain board employees. Shifts some of the Board's duties directly to the Chairperson including the duty to appoint an Executive Director. Establishes duties of the Executive Director in statute, including the duty to ensure that all board employees compl with board rules. Fiscal effect: These are administrative changes with no new fiscal effect.	No change.
326 Subject: Appointment and Cost of Fact-Finding Panels for Collective Bargaining	
R.C. *4117.14*	R.C. *4117.14*
Specifies that either party to a collective bargaining agreement may request a fact-finding panel any time after a mediator is appointed and requires the State Employment Relations Board to appoint a panel within fifteen days of receiving such a request. Requires the parties to share the cost of the fact-finding panel in a manner agreed to by the parties, instead of requiring the state to pay half the cost anc each party to pay one quarter of the cost. Fiscal effect: Savings to the state, but a potential increase in costs for political subdivisions that use fact-finding panels.	No change.

327 Subject: Clean Ohio Program Fund Investment Earnings	
R.C. *122.658, 3745.40*	R.C. *122.658, 3745.40*
Removes the deadline after which investment earnings credited to the Clean Ohio Revitalization Fund can no longer be used to pay costs incurred by the Ohio EPA and the Department of Development for administrative expenses related to oversight of the brownfields portion of the Clean Ohio Program. The deadline was to have been July 26, 2003. (See also the item entitled "Clean Ohio Revitalization Fund Investment Earnings" in the Department of Development.) Also removes the deadline after which investment earning credited to the Clean Ohio Operating Fund can no longer be used to pay costs incurred by the Ohio EPA in its oversight of the brownfields portion of the Clean Ohio Program. Under continuing law, the Director of Budget and Management may transfer investment earnings from the Clean Ohio Revitalization Fund to the Clean Ohio Operating Fund for this purpose. Fiscal effect: Investment earnings in the two funds may be used toward administrative expenses indefinitely. As of December 31, 2002, the Clean Ohio Revitalization Fund had an interest earnings balance of $329,740. To date, no moneys from the Clean Ohio Revitalization Fund have been transferred to the Clean Ohio Operating Fund.	No change.

R.C. *3734.05, 3734.02, 3734.12, 3734.123, 3734.124, 3734.18, 3734.42, 3734.44, 3734.46, 3745.14, Sections 132.09, 145.03*	R.C. *3734.05, 3734.02, 3734.12, 3734.123, 3734.124, 3734.18, 3734.42, 3734.44, 3734.46, 3745.14, Section 3.06D, 132.09, 145.03*
Abolishes the Hazardous Waste Facility Board, transfers the responsibilities of the Board to the Ohio EPA, and revises several criteria to be used when determining whether to approve or disapprove an application for a hazardous waste facility installation and operation permit for a new facility or to approve or disapprove a modification to an existing permit. Also requires the Director of the Legislative Service Commission to remove from the Administrative Code, rules adopted by the Hazardous Waste Facility Board, and clarifies that references to the Board that remain in the Administrative Code should be deemed to refer to the Ohio EPA until the Director of Ohio EPA adopts new rules to eliminate these references. Fiscal effect: Potential savings to Fund 503, Hazardous Waste Facility Management. Ohio EPA anticipates that it will be able to adequately fulfill the role of the Board without increased expenditures and will be able to utilize the Board's appropriation authority more efficiently.	Same as the Executive, but adds temporary language to eliminate references to the Hazardous Waste Facility Board in a future version of Revised Code section 3734.44 that is scheduled to take effect January 1, 2004. Fiscal effect: None.
329 Subject: **Extension of Hazardous Waste Cleanup Fund Sunset Date**	
R.C. *3734.28*	R.C. *3734.28*
Extends the sunset date of the use of money from the Hazardous Waste Cleanup Fund (appropriation item 715-623) to subsidize the Emergency Response Program and the Voluntary Action Program within the Division of Emergency and Remedial Response. The date is extended from June 30, 2003 to October 15, 2005.	No change.

330 Subject: **Solid Waste Disposal Fee Increase and Extension of Sunset Date**	
R.C. *3734.57*	R.C. *3734.57*
Increases the amount of the solid waste disposal fee that is used to administer Ohio EPA's solid and infectious waste programs and the construction and demolition debris program. The fee is increased $0.25 (from $0.75 to $1.00) per ton of solid waste. The sunset date for this fee is also extended from June 30, 2004 to June 30, 2006. Fiscal effect: The fee increase is expected to generate an additional $3,481,000 annually for Fund 4K3, Solid Waste.	No change.
331 Subject: **Extension of Air, Surface Water, and Drinking Water Program Fee Sunset Dates**	
R.C. *3745.11, 6109.21*	R.C. *3745.11, 6109.21*
Extends for a period of two years, sunset dates for the following program fees: annual emissions fees for synthetic minor facilities regulated under the Division of Air Pollution Control; annual discharge fees for National Pollutant Discharge Elimination System (NPDES) permit holders regulated under the Division of Surface Water; and license to operate, plan approval, laboratory certification, and operator certification fees regulated under the Division of Surface Water and the Division of Drinking and Ground Waters. Each of these fees either has expired or is due to expire within the fiscal year 2004-2005 biennium. Fiscal effect: Fee revenue associated with each of these programs will continue at fiscal year 2003 levels.	No change.
Extends for a period of two years, several of Ohio EPA program fees that are structured according to two tiers, the second and lower of which is to take effect following the expiration of the first. These fees are: applications for plan approvals for wastewater treatment works; applications for	No change.

plan approvals for public water supply systems; state evaluations of drinking water laboratories and laboratory personnel; applications and examinations for certification as operators of water supply systems or wastewater systems; and generally, applications for permits, variances, and plan approvals under both the federal Water Pollution Control Lav and the Safe Drinking Water Law. Each of the first-tiered fees associated with these programs are currently due to expire during the fiscal year 2004-2005 biennium. Fiscal effect: Fee revenue associated with each of these programs will continue at fiscal year 2003 levels.	

332 Subject: Fee Increases for the Division of Drinking and Ground Waters

R.C. *3745.11, 6109.21*	R.C. *3745.11, 6109.21*
(1) Public Water Systems: Increases fees associated with annual licenses paid by operators of public water systems. Operators pay a fee based on the number of service connections in the system (for community water systems), th number of people served by the system (for non-transient, non-community water systems), or the number of wells associated with the system (for non-community, transient water systems). Proposed changes to fee schedules would increase fees for community water systems by 36% to 100% for non-transient, non-community water systems by 65% to 100%, and for non-community, transient water systems by 64% to 100%. Fiscal effect: The fee increases are expected to generate approximately $1.2 million in additional revenue for Fund 4K5, Drinking Water Protection, annually.	No change.
(2) Operator Certification: Increases fees associated with certification as an operator of a water supply system or a wastewater system. Currently, application and certification	No change.

As Introduced	As Passed by the House
exam fees are based upon the level of certification sought. The proposed change in fee schedule would increase each of the four levels of operator certification fees and would add a fifth level. In addition, the flat $15 renewal and $25 late renewal fee would change to a higher schedule of fees also based on the level of certification sought. The fee for replacement certification would also increase from $5 to $25. Fiscal effect: The fee increases are expected to generate approximately $170,000 in additional revenue for Fund 4K5, Drinking Water Protection, annually.	
(3) Laboratory Certification: Increases laboratory certification fees, which are currently assessed by Ohio EPA for evaluating laboratory compliance with state analytical technique and process requirements. Fees are set according to the type of survey conducted. Currently there are five types of surveys. The proposed change in fee schedule would increase the fees for each of these five types and would add three more types. The change would also establish a new fee when additional surveys are requested. Fiscal effect: The fee increases are expected to generate approximately $281,000 in additional revenue for Fund 4K5, Drinking Water Protection, annually.	No change.
(4) Plan Review: Increases the fee associated with engineering plan reviews for public water supply systems. Currently, the fee is $100 plus 0.2% of the estimated cost of the project, up to $15,000 per plan. The proposed change would increase the fee to $150 plus 0.35% of the estimated cost of the project, up to $20,000 per plan. Fiscal effect: The fee increase is expected to generate approximately $850,000 in additional revenue for Fund 4K5, Drinking Water Protection, annually.	No change.

333 Subject: Fee Increases for the Division of Air Pollution Control	
R.C. *3745.11*	R.C. *3745.11*
Eliminates the fee schedules for permits to operate (PTO) and variances for air contaminant sources issued prior to January 1, 1994 and instead, applies the current fee schedule for permits to install (PTI) issued on or after Januai 1, 1994 to any permit issued prior to July 1, 2003. For air permits issued on or after July 1, 2003, new increased fee schedules are established. The new fees are approximately 50% higher than current fees, and are set according to the source of the contaminant (fuel equipment, incinerators, process equipment, storage tanks, and one new category: combustion turbines) and the input capacity or process weight of that source, and according to the total amount of regulated pollutant the source emits per year. Fiscal effect: The revised and increased fee schedules are expected to generate approximately $250,000 in supplemental revenue for Fund 4K2, Non-Title V Fees, annually. This revenue is intended to offset an estimated los of $500,000 annually that will result from Ohio EPA amendin its air permit rules to exempt a number of small sources fron the permitting process. The net effect to Fund 4K2 is an estimated loss of $250,000 annually.	No change.

334 Subject: Electronic Submission of Applications to the Division of Surface Water	
R.C. *3745.11*	R.C. *3745.11*
Requires applicants who submit an electronic application for a registration certificate, permit, variance, or plan approval to the Division of Surface Water to pay the fee associated with each application as expeditiously as possible after the electronic submission. Clarifies that a review of the electronically submitted application will not be processed until the application fee has been submitted. Fiscal effect: None.	No change.
335 Subject: Timeline for Issuance or Denial of Environmental Permits	
	R.C. *3745.15*
No provision.	Requires the Director of Ohio EPA to issue or deny permits under the Air Pollution Control Law; the Solid, Infectious, and Hazardous Waste Law; the Voluntary Action Program; and the Water Pollution Control Law within 120 days of receipt of an application. Allows for a 45-day extension if the Director provides written notice to the applicant, and provides for an additional extension if the applicant agrees to it. If the Director fails to issue or deny a permit within these timelines the permit will be deemed approved. Fiscal effect: If the Director is unable to act upon a permit within a designated timeframe, it is likely the permit will be denied. The agency, therefore, would not collect associated permit fees.

336 Subject: Covenants Not to Sue Under the Clean Ohio Program	
R.C. *3746.13*	R.C. *3746.13*
Clarifies that applicants who have entered into an agreemen with the Clean Ohio Council for a grant or a loan under the brownfields portion of the Clean Ohio Program and who are issued a covenant not to sue from Ohio EPA (under the Voluntary Action Program) are not required to pay the fee associated with the issuance of the covenant. Fiscal effect: Under the Voluntary Action Program (VAP), th fee submitted to obtain a covenant not to sue is $4,950. Ohio EPA will not collect this fee for Clean Ohio Program grant recipients that have chosen to follow the VAP, of which there are 15 in the first round of funding. Total foregone revenue for the first round is $74,250, assuming that at the end of the grant cycle, each grant recipient will have met VA cleanup standards and will be issued a covenant not to sue. 337 Subject: Central Support Indirect	
Section: *46*	Section: *46*
Requires the Director of Ohio EPA, with the approval of the Office of Budget and Management, to determine each agency division's payment to the Central Support Indirect Fund (Fund 219). Fund 219 is supported by an indirect charge of approximately 18% assessed to each of Ohio EPA's operating funds and is used to pay for costs associated with the administration of the agency. Fiscal effect: Fund 219 is appropriated $15,239,297 in FY 2004 and $15,544,407 in FY 2005. Moneys will be transferred to the account via intrastate transfer vouchers.	No change.
338 Subject: Clean Ohio Operating	
Section: *46*	Section: *46*
Clarifies that moneys in appropriation item 715-607, Clean Ohio Operating (Fund 5S1), are to be used by the Ohio EPA in administering sections 122.65 to 122.658 of the Revised Code. These sections refer to the role Ohio EPA plays in the oversight of the brownfields portion of the Clean Ohio Program.	No change.

339 **Subject:** Utility Radiological Safety Board Assessments	
Section: *118*	**Section:** *118*
Specifies maximum amounts that the board may assess against nuclear electric utilities to provide funding for Fund 644, ER Radiological Safety,. The maximum amounts that may be assessed are $281,424 in FY 2004 and $286,114 in FY 2005. Fiscal effect: Limits the funding available to provide resources to the EPA to ensure that nuclear power plants are operated safely and that contingency plans are prepared in the event of a nuclear accident. 340 **Subject: Elimination of the Reclamation Commission**

R.C. *1513.05, 1509.06, 1509.08, 1513.02, 1513.07, 1513.13, 1513.131, 1513.14, 1513.16, 1514.021, 1514.071, 1514.09, 1514.10, 1561.35, 1561.351, 1561.51, 1563.13, 3745.04, 6111.044, Section 132.09, Section 145.02*

Abolishes the Reclamation Commission within the Department of Natural Resources, which hears appeals of decisions of the Chief of the Division of Mineral Resources Management. The duties of the Reclamation Commission are transferred to the Environmental Review Appeals Commission, except for the hearing of appeals regarding the relocation or the plugging and abandonment of an oil or gas well, which is transferred to the Oil and Gas Commission. (See also the item entitled "Elimination of the Reclamation Commission" in the Department of Natural Resources.)
Fiscal effect: Current funding for the Reclamation Commission is provided, in part, by GRF dollars. FY 2003 estimated expenditures total $57,934. The Department of Natural Resources estimates that total costs for the Reclamation Commission are between $150,000 and $175,000 annually. It is unclear how the Environmental Review Appeals Commission will incorporate new review responsibilities. Currently, the Commission is operating with a reduced staff level, and Commission members anticipate that FY 2004 and FY 2005 recommended funding levels will provide little discretionary spending ability.

As Passed by the House

R.C. *1513.05, 1509.06, 1509.08, 1513.02, 1513.07, 1513.13, 1513.131, 1513.14, 1513.16, 1514.021, 1514.071, 1514.09, 1514.10, 1561.35, 1561.351, 1561.51, 1563.13, 3745.04, 6111.044, Section 132.09*

Restores current law by eliminating provisions in the Executive that abolish the Reclamation Commission and tha transfer the duties of the Commission to the Environmental Review Appeals Commission. Also requires that one of the seven members of the Reclamation Commission be an attorney who is familiar with mining issues. This requiremen must be met no later than five years from the effective date c the amendment.
Fiscal effect: The Environmental Review Appeals Commission will not take on additional duties related to mining issues and will continue operating at FY 2003 service levels.

Abolishes the Hazardous Waste Facility Board and transfers the responsibility of the Board to the Ohio EPA. Currently, the Board is responsible for acting on permit applications for new hazardous waste facilities, and for applications for certain modifications to existing facilities. As responsibility for permit issuance is transferred to Ohio EPA, appeals of final actions of the Director will be heard by the Environmental Review Appeals Commission, as provided in continuing law. (See also the item entitled "Elimination of the Hazardous Waste Facility Board" in the Ohio Environmental Protection Agency.) Fiscal effect: Minimal. In the past two years, the Hazardous Waste Facility Board has been working on a single permit. Based on this workload, it is not likely that the Commission will be required to hear many appeals based on final actions of the Director of Ohio EPA.	No change.

342 **Subject: Filing Fee Increase**

No provision.

As Passed by the House

R.C. *3745.04*

Increases from $60 to $70 the fee to file an appeal with the Environmental Review Appeals Commission. Also allows the Commission to reduce the fee if the appellant demonstrates, by affidavit, that payment of the full fee would cause extreme hardship. Under current law, the Commissio may waive the fee entirely in cases of extreme hardship. Fiscal effect: The Commission is funded solely through GRF moneys, and all filing fees are credited to the GRF to offset the cost of operating the Commission. The fee increase will likely generate a minimal amount of revenue for the GRF annually.

343 Subject: Filing and Late Fee for Financial Disclosure Statements	
R.C. *102.02*	R.C. *102.02*
Increases, effective January 1, 2004, the fees that must be paid by candidates and office holders filing required financial disclosure statements with the appropriate ethics commission as follows: from $50 to $65 for a state office, except for the office of member of the State Board of Education; from $25 to $40 for a county office; from $10 to $25 for a city office; from $10 to $25 for the office of member of the State Board of Education; from $5 to $20 for the office of member of a city, local, exempted village, or cooperative education board of education or educational service center governing board; from $5 to $20 for a position of business manager, treasurer, or superintendent of a city, local, exempted village, joint vocational, or cooperative educational school district or educational service center; and from $25 to $40 for all other offices except the office of member of the United States Congress or member of the General Assembly (which continues at $25). Changes from one-half of the applicable filing fee to $10, the late filing fee that the appropriate ethics commission must assess for each day that a person fails to file a required financial disclosure statement, and increases from $100 to $250 the maximum total late filing fee that may be imposed. Fiscal effect: Estimated $150,000 gain in revenue per year to the Ethics Commission's 4M6 Fund. State and local governments may experience increased expenditures for paying the increased fee for their office holders.	No change.

344 Subject: State Fair Reserve	
Section: *49*	Section: *49*
Specifies that appropriation item 723-603, State Fair Reserve (Fund 640), is to serve as a budget reserve fund for the Ohio Expositions Commission in the event that inclement weather or extraordinary circumstances cause a decline in attendance, and thus revenues, at the Ohio State Fair. The Commission may use this if all of the following are met: (1) Admission revenues for the 2003 Ohio State Fair are less than $2,542,500 or admission revenues for the 2004 Ohio State Fair are less than $2,619,000 due to inclement weather or other extraordinary circumstances. These amounts are 90% of projected admission revenues for each year; (2) The Commission declares a state of fiscal exigency and requests release of funds by the Director of Budget and Management; and (3) The Director of Budget and Management releases the funds. The Director may approve or disapprove the request of funds, may increase or decrease the amount, and may place such conditions as the Director considers necessary on the use of said funds. The appropriation authority may be transferred from FY 2004 to FY 2005 as needed. Also, in the event that the Commission faces a temporary cash shortage that will preclude it from meeting current obligations, the Commission may request the Director of Budget and Management to approve use of the State Fair Reserve to meet those obligations. The request shall include a plan describing how the Commission will eliminate the cash shortage. If the Director approves the expenditures, the Commission shall reimburse Fund 640 by June 30th of that same fiscal year.	No change.

As Introduced	As Passed by the House
Specifies that up to $125,000 in appropriation item 723-603, State Fair Reserve (Fund 640), is allowed to be transferred to GRF appropriation item 723-403, Junior Fair Subsidy in FY 2004. Fiscal effect: In appropriation item 723-603, State Fair Reserve (Fund 640), $125,000 is made available to the Commission in FY 2004 for decreased State Fair revenues due to inclement weather or other extraordinary circumstances. This appropriation can be transferred to FY 2005 if not used in FY 2004.

345 Subject: Appointment of Legal Counsel for the Governor	
Section: *50*	Section: *50*
Specifies that a portion of GRF appropriation item 040-321, Operating Expenses, may be used to hire or appoint legal counsel. Counsel may be used in proceedings involving the Governor in the Governor's official capacity or the Governor' Office only, without the approval of the Attorney General.	No change.
346 Subject: Veterans' Organizations Subsidies moved to Governor's Office	
	Section: *50*
No provision.	Specifies that GRF appropriation item 040-503, Veterans' Organizations, shall be used to provide subsidies to veterans' organizations to promote and provide assistance tc veterans in Ohio. The Governor shall determine which veterans' organizations receive funding, as well as determining the amount of each subsidy for each fiscal year. (See also Veterans' Organizations Subsidies moved to Governor's Office in the Veterans' Organizations).
347 Subject: Federal Relations	
Section: *50*	Section: *50*
Specifies that a portion of appropriation items 040-403, Federal Relations (GRF), and 040-607, Federal Relations (Fund 412), may be used to support Ohio's membership in national or regional associations. The Office of the Governo may charge any state agency of the executive branch using an intrastate transfer voucher such amounts necessary to defray the costs incurred for the conduct of federal relations associated with issues that can be attributed to the agency. Amounts collected shall be deposited in Fund 412, Federal Relations.	Adds that not more than $142,428 shall be used for dues to the National Governor's Conference in each fiscal year and that not more than $27,390 shall be used for dues to the Great Lakes Conference in each fiscal year from GRF appropriation item 040-403, Federal Relations.

Abolishes the Department of Health's current hemophilia program, which includes a blood donor recruitment program and assistance to persons who require continuing treatment to avoid hospitalization. It also requires the Department to establish and administer a hemophilia program for individuals at least age 21 to provide payment of health insurance premiums, provided that there are available funds Abolishes the Hemophilia Advisory Council the Director of Health is required to establish and requires the Medically Handicapped Children's Medical Advisory Council to establish a hemophilia advisory subcommittee. Fiscal effect: The Department is folding the hemophilia clients into the Medically Handicapped Children Program. This, along with budget reductions, have caused the Department to consider changes to the Medically Handicapped Children Program including provider changes and eligibility changes. These changes will help absorb any costs associated with the elimination of the hemophilia program.	No change.

	R.C. *3701.46, 3705.01, 3705.02, 3705.06, 3705.07, 3705.08, 3705.16, 3705.17, 3705.201, 3705.22, 3705.24, 3705.26, 3705.28, 4717.01*
No provision.	Creates "still birth" as a new classification of vital record and changes the definition of the vital record classification "fetal death" which exists under current law. The bill distinguishes between "still birth" and "fetal death" by giving "still birth" the same definition that "fetal death" has under current law and by limiting "fetal death" to deaths caused by abortion. Requires that records of still births be kept as a vital statistic in the same manner as fetal deaths and live births. Continue all current law requirements that relate to certification and records of fetal death, which, under the bill, apply to deaths caused by abortion. Requires a still birth certificate and stipulates that a still birth not be interred, deposited in a vaul or tomb, cremated, or otherwise disposed of by a funeral director or other person until a still birth certificate or provisional certificate has been filed with and a burial permit issued by the local registrar of vital statistics. Requires the Department of Health and the local registrar to keep a separate record and index record of still birth certificates. Requires the funeral director or person in charge of internment or cremation to obtain information from the best qualified persons or sources available. Fiscal effect: The provision would increase the costs of vital statistics in the Department of Health. The Department would have to create a new certificate, add a new record to their database, issue the new certificates, and provide training to employees. The Department estimates that these costs would be about $300,000. Local registrar's storage costs may increase.

369 **Subject: Women's Health Services Earmark**

No provision.

As Passed by the House

Section: ***51.01***

Changes the name of the family planning services earmark i GRF appropriation item 440-416, Child and Family Health Services, to women's health services, and sets the earmark at $1.7 million instead of up to $1.7 million. Removes the requirement that the funds be distributed on the basis of need. Removes the requirement that Title V and Title X recipients be included in the allocation of the family planning earmark. Removes the requirement that grant recipients substantially comply with the quality standards for programs under Title V and Title X. Lists the services to be provided under women's health services and requires them to be performed by doctors, nurses, medical assistants, counselors, and social workers in a medical clinic setting. Requires the Director of Health to promulgate rules in accordance with Chapter 119. of the Revised Code that define eligibility requirements to receive state funding. Specifies that grant applicants do not have to provide all of the listed women's health services. The Department of Health shall give priority to local health departments that provide the services with personnel of the local health department.

Fiscal effect: Because of the priority given to local health departments, the provision may increase the amount of state funds received by some local health departments.

395 Subject: Market Conduct Examination	
Section: *57*	Section: *57*
Permits the Superintendent of Insurance to assess the costs of a market conduct examination of an insurance company against that company, and permits the Superintendent to enter into consent agreements to impose assessments or fines for conduct that is found to violate Ohio laws or regulations. Any money collected under this provision is required to be deposited into the Department of Insurance Operating Fund (Fund 554). Fiscal effect: Depends on the costs of market conduct examinations and the amount of fines assessed. The costs of examinations averaged approximately $71,000 per year for fiscal years 2001 and 2002. Fines assessed in fiscal years 2001 and 2002 averaged approximately $305,000 per year.	No change.
396 Subject: Examinations of Domestic Fraternal Benefit Societies	
Section: *57*	Section: *57*
Permits the Superintendent of Insurance to transfer funds from the Department of Insurance Operating Fund (Fund 554) to the Examination Fund (Fund 555) to cover the costs of conducting examinations of domestic fraternal benefit societies. Fiscal effect: The amount of funds transferred would depend on the costs of conducting such examinations, which were $ in both FY 2001 and FY 2002. The department estimates th costs for FY 2003 will be approximately $100,000. This provision creates no net increase in either revenues or expenditures.	No change.

As Introduced	As Passed by the House

Allows the Department of Job and Family Services to use surplus funds in the Putative Father Registry Fund to finance the Department's costs of developing, publishing, and distributing forms and materials the Department is required to create and provide to parents who voluntarily deliver a child to an emergency medical service worker, peace officer, or hospital employee. Also permits the Department to use surplus moneys in the fund to promote the adoption of children with special needs. Fiscal effect: This version of the bill includes appropriations for this purpose in the amounts of $300,000 in each fiscal year.	No change.

400 **Subject:** **Medicaid Estate Recovery**

R.C. *2113.041, 2117.06, 2117.25, 5111.111*

Requires the executor, administrator, or commissioner of an estate of a decedent aged 55 or older to investigate whether a decedent received services under Medicaid and, if so, to notify the Medicaid Estate Recovery Program.
Requires the entity responsible for administering the Medicaid Estate Recovery Program to file a claim against the estate within 90 days of receiving notice or one year of the decedent's death, whichever is later.
Permits a financial institution that receives an affidavit from the entity responsible for administering the Medicaid Estate Recovery Program to release a decedent's account proceeds in certain circumstances.
Fiscal effect: This provision will result in a requirement that the estate executor provide notice of probate filings with the Office of the Attorney General if the deceased received Medicaid services, changes the priority of estate recovery claims in the distribution of an estate, and creates a process for the release of funds to the state by a financial institution when no estate will be opened and there are outstanding debts owed to the Attorney General. This provision may assist the Attorney General when attempting to recover Medicaid debts owed. Therefore, the state Medicaid program may receive some additional estate recovery revenue as a result of this provision.

401 Subject: State Matching Independent Living Funds for Young Adults	
R.C. *2151.83, 2151.84*	R.C. *2151.83, 2151.84*
Eliminates a requirement that the Department of Job and Family Services (JFS) provide state matching funds needed to qualify for federal funds to facilitate the provision of independent living services for young adults who were in foster care. Fiscal effect: The Foster Care Independence Act of 1999 established the John H. Chafee Foster Care Independence Program. The Act increased funding for independent living services. Independent living services are designed to aid children and young adults in successfully transitioning from foster care to independent adult living. Based on the federal funds available in federal fiscal year (FFY) 2002 ($4.3 million), current law requires JFS to provide an estimated $860,000 in state matching funds to access the federal funds. According to JFS, under this provision of the bill, funds otherwise used for state match will be consolidated into the general child welfare subsidy, which will allow the counties to use the funds to meet their program needs. This provision will not affect the amount of federal dollars that Oh may draw down.	No change.

402 Subject: In-Hospital Genetic Testing	
R.C. *3111.72, 3727.17*	R.C. *3111.72, 3727.17*
Requires that the contract between the Department of Job and Family Services (JFS) and a hospital concerning births by unmarried women include a provision stating that, if an acknowledgement of paternity is not completed, the hospital staff will perform immediate collections of genetic samples from the mother, child, and father at the request of either the mother or father and on completion of an application by either parent for child support enforcement services provided under federal law, including paternity determination. Requires JFS to pay a hospital $30 for genetic samples collected and to pay the cost of testing the genetic samples. In addition, this provision requires hospital staff to explain to the mother and father the availability of immediate genetic testing at the hospital and that the test is at no cost to the mother or father. Fiscal effect: Current law permits invalidation of previously determined paternity establishments. This provision may result in earlier testing, which could reduce court costs in the future if fewer actions are brought to invalidate paternity establishments. Since JFS pays $30 to a hospital for collecting a sample and also pays for the cost of the test, additional genetic testing would increase costs for JFS. The recommended funding level in this version of the bill account for this expected increase in genetic testing.	No change.

403 Subject: Divert Child Support Arrearages from Insurance Claims	
R.C. *3123.97*	R.C. *3123.97*
Requires insurance companies to cooperate with the Department of Job and Family Services (JFS) in collecting past due child support, exchanging information, and divertin claim payments to the Department when a claimant has bee determined to be a child support obligor in default. Fiscal effect: This provision would likely increase child support collections. Improvement in child support collection increases JFS' ability to draw additional federal incentive dollars.	No provision.
404 Subject: Voter Registration Program	
	R.C. *3503.10*
No provision.	Limits the activities of the Department of Job and Family Services and its departments, divisions, and programs as a designated voter registration program agency to the duties and requirements prescribed by the Secretary of State and state and federal law. Fiscal effect: To the extent that the Department has been engaged in activities that go beyond the duties and requirements prescribed by the Secretary of State and state and federal law, this provision may cause a decrease in expenditures for such activities.

Includes in the Revised Code provisions of currently uncodified law regarding the continued applicability of the conditions under which long-term care facilities received certificates of need under statutes that no longer exist, including conditions that prevent Medicaid certification of beds that were recategorized as intermediate care beds. Fiscal effect: According to the Executive, if more residential facility waiver licensees were to seek intermediate care facilities for mental retardation reimbursement, it could cost the state millions of dollars. R.C. *5101.12*

Requires the Department of Job and Family Services to maximize its receipt of federal funds. To fulfill this duty, the Department may enter into contracts without the expenditure of state money.

Requires the Department, in January and July of each year, to submit a report to the Office of Budget and Management outlining the Department's success in maximizing federal revenue and submit a copy of the reports to the Speaker and Minority Leader of the House of Representatives, the President and Minority Leader of the Senate, and the Legislative Service Commission.

Fiscal effect: To meet the requirements of the statute, the Department may experience an increase in administrative costs and/or contract costs (if the Department decides to enter into contracts as permitted by the statute). In addition, this provision may result in an increase in federal revenue if the Department, as a result of this requirement, is able to identify and maximize receipt of federal revenues that the Department has not previously received.

Makes the following changes to the law governing state payments to counties for child welfare services: (1) Permits counties to use the funds to pay for child welfare services authorized by state law governing public children services agencies rather than a more limited list of services; (2) Eliminates a requirement that a county's allocation be reduced if the county expended fewer funds for child welfare services the previous calendar year; (3) Requires a county to return unspent funds within 90 days after the end of each state fiscal biennium rather than the en of each fiscal year; and (4)Provides that the Director of Job and Family Services (JFS) is permitted, rather than required, to adopt rules prescribing county reports on expenditures and exempts the rules from notice and public hearing requirements. Fiscal effect: Since FY 2000, temporary law has allowed JFS to "block-grant" child welfare funding to the counties. It has also allowed use of the funding for any child welfare service and allowed the funding to span both years of the biennial appropriations. This provision allows for the continuation of such authority.	No change.

413 Subject: County Share of Public Assistance Expenditures	
R.C. *5101.1410, 5101.141, 5101.142, 5101.145, 5101.146, 5153.78*	R.C. *5101.16*
Provides for the Attorney General to take recovery actions if an inclusion or omission in a cost report for reimbursement for foster care or adoption assistance services causes a federal disallowance. In addition, this provision makes government entities that provide federally-reimbursable child placement services subject to fiscal accountability requirements applicable to public children services agencies, private child placing agencies, and private noncustodial agencies. It also requires that rules governing Title IV-E foster care and adoption assistance requirements applicable to private child placing agencies and private noncustodial agencies be adopted in accordance with the Administrative Procedure Act. (R.C. Chapter 119.) Fiscal effect: This provision will enable the Department of Job and Family Services (JFS) to recover misspent funds from foster care service providers that were identified in the audits performed by the Auditor of State. Some of the audit findings resulted in JFS having to refund federal revenue. By recovering funds from the providers, JFS will not have to absorb the loss of federal funds.	No change.

Provides that the county share of public assistance expenditures is, in part, at least 75% and no more than 82% of the county share of expenditures during FFY 1994 under the former Aid to Dependent Children and Job Opportunities and Basic Skills Training Program.
Fiscal effect: This provision would result in $758,936 less per year in county expenditures in the TANF program. The reduction would be distributed to the counties as a percentage of their current mandated share.

414 Subject: Family Services Fiscal Agreement Relationship Between JFS and County Agencies	
R.C. *5101.21*	R.C. *5101.21*
The following changes are made in the relationship between JFS and County Agencies: (1) Requires the Director of Job and Family Services (JFS) to enter into one or more fiscal agreement with each board c county commissioners regarding family services, rather than a partnership agreement as required by current law. (2) Revises the law governing JFS taking action against a board of county commissioners, county department of job and family services, child support enforcement agency, or public children services agency regarding family services. (3) Provides that a contract designating a private or government agency or providing for such an entity to perforn a family services duty is no longer required to permit the exchange of information needed to improve services and assistance to individuals and families and the protection of children. Fiscal effect: None. According to JFS, this provision will change the way that it does business with and relates to the counties. There is, however, no foreseeable fiscal effect.	No provision.

417 Subject: Adult Protective Services

R.C. *5101.60, 5101.601, 5101.61, 5101.611, 5101.62, 5101.65, 5101.67, 5101.68, 5101.69, 5101.70, 5101.99, Section 40.01*

Makes implementation of the adult protective services system an option for each county. It also allows the system' administrative agency to be the county department of job an family services or another county agency designated by the board of county commissioners. This provision changes to permissive the requirement that certain medical and other professionals report their reasonable belief that an adult age 60 or older is being abused, neglected, or exploited. It also repeals existing law permitting the Department of Job and Family Services to reimburse county departments of job and family services for costs incurred in the implementation of th adult protective services system, to provide training on implementing the system, and to adopt rules governing the system.

This version of the bill eliminates state funding specifically fo adult protective services.

Fiscal effect: Counties use a combination of state and federal dollars, supplemented in some counties with local levy dollars, to provide adult protective services. In FY 2002 the state share of funding for adult protective services was approximately $2.3 million. In that same year, counties sper $13.0 million in federal funds (Title XX) to provide these services. The counties will have to choose if and how to fun these services. A county may continue to use Title XX dollars or part of its social services allocation to provide these services.

Removes the changes to the law governing adult protective services in the As Introduced version of the bill and earmark from appropriation item 600-659, TANF/Title XX, (Fund 3W3) in the federal special revenue fund group, up to $2,700,000 in each fiscal year to reimburse county departments of job and family services for all or part of the costs they incur in providing adult protective services.
Fiscal effect: Counties use a combination of state and federal dollars, supplemented in some counties with local levy dollars, to provide adult protective services. Earmarking TANF/ Title XX funds for adult protective services would hav no effect on the overall amount of funds available for adult protective services since spending TANF/Title XX dollars for these services is already an allowable use of those funds. However, this provision may require spending for these services to shift between the other sources available to the counties that can be used for adult protective services.

R.C. *5101.80, 5104.01, 5104.30*	R.C. *5101.80, 5104.01, 5104.30*
Provides that federal funds available under the Temporary Assistance for Needy Families (TANF) block grant are among the funds the Department of Job and Family Services may distribute for publicly funded child day-care. Fiscal effect: In the past, the Department has transferred TANF dollars into the Child Care and Development Fund (CCDF). Funds transferred into the CCDF become CCDF moneys, which means that 4% of those moneys must be spent on quality activities. This provision of the bill will allow the Department to direct charge the TANF Block Grant for child day-care costs. The Department's spending plan for publicly funded child day-care includes expenditures from the TANF Block Grant (appropriation item 600-689) in the amounts of $190,825,450 in FY 2004 and $245,753,442 in FY 2005. (b) Eliminates requirement that each agreement undergo an annual redetermination of need process;

(c) Limits to $10,000 ($15,000 if there are extraordinary circumstances) the value of services the child may receive during a single year;

(d) Requires the adoptive parent to pay at least 5% of the total cost of services provided the child; and

(e) Requires JFS to adopt rules establishing a method to determine the amount, duration, and scope of assistance to be provided a child;

(5) Permits the adoption of any other rules JFS considers necessary for the implementation of the SAMS or PASSS program;

(7) Allows JFS to take disciplinary action against a public children services agency that fails to report to JFS on the placement or maintenance of certain special needs adopted children.

Fiscal effect: According to JFS, the SASSS program never came into existence, so eliminating the program in permanent law will have no effect on the adoption subsidy program. With regard to the rest of the adoption subsidy program, it has historically been forced to cease or restrict operations before the close of each fiscal year because demand exceeded available funding. Repeals current authorization for a state Head Start program (instructional and health care services for low-income preschool-age children) and replaces it with two new programs: "Title IV-A Head Start" and "Title IV-A Head Start Plus" to be operated by the Department of Education and funded with federal TANF moneys transferred from the Department of Job and Family Services (JFS) to the Department of Education. Title IV-A Head Start will provide traditional Head Start services and Title IV-A Head Start Plus will provide year-round Head Start services along with child care services. Both programs are restricted to providing only TANF eligible services to only TANF eligible individuals.

Authorizes JFS and the Department of Education to enter into an interagency agreement and to develop procedures for operation of the programs. It also authorizes the Department of Education to contract with agencies to provide services and to reimburse the agencies for those services under the Title IV-A Head Start program.

Authorizes the Department of Education to contract with county departments of job and family services to administer the Title IV-A Head Start Plus program within their respective counties. The head start plus agencies will be reimbursed for allowable expenses from the county departments, which turn will be reimbursed by the Department of Education.

R.C. *5104.30, 6104.04, 5104.30, 5104.32, Section 58.21*

Changes the temporary law provisions that govern the Head Start/ Head Start Plus initiative. (The permanent law governing the initiative is unchanged, but is notwithstood by the temporary law set forth in this provision.)

The temporary law in this version of the bill impacts the Head Start/ Head Start Plus initiative as follows:

(1) Permits funds received through the federal Child Care and Development Block Grant Act to be used in making payments to Head Start programs in advance of their provision of publicly funded day care and establishes annual reporting requirements and procedures for collecting overpayments;

(2) Requires the Department of Job and Family Services, before the thirtieth day of September 2003, to transfer $101,200,000 from the TANF Block Grant to the Child Care and Development Fund, and before the thirtieth day of September 2004, to transfer $103,184,000 from the TANF Block Grant to the Child Care and Development Fund. In each fiscal year, these funds shall be subsequently transferred to appropriation item 200-663, Head Start Plus/Head Start (Fund 5W2), in the Department of Education

(3) Provides that the eligibility and service restrictions of Title IV-A of the "Social Security Act" shall not apply to the Head

As Introduced

Removes from the Department of Education the authority to license Head Start programs and instead authorizes JFS to license those programs.

Fiscal effect: Currently, there are 18,000 children enrolled in state funded Head Start. The Head Start Plus proposal would provide child care settings with an enhanced program that meets the purposes of the Head Start program and meets families' needs for all-day, year-round child care. Under this provision, 10,000 children will receive services through Head Start Plus, 4,000 children will receive services through traditional Head Start, and 4,000 traditional slots will be eliminated. According to JFS, the reduction in slots will mostly be accomplished through attrition as children age out of the program. There are 35,000 children who are receiving federally-funded Head Start services and these children will not be impacted by this provision.

The Department of Job and Family Services is planning to fund the Head Start Plus initiative with TANF dollars. The Department's spending plan for child care includes $50 million in each fiscal year for this initiative. In addition, this version of the bill includes an appropriation to the Department of Education of $16 million in FY 2004, which is to be used as "seed money" to begin paying for the cost of the Head Start Plus program.

In addition, under Head Start Plus care is provided in a single partnership setting which, according to JFS will result in increased administrative efficiencies as well as potential savings between what is currently paid for Head Start and child care separately and the Head Start Plus payment of $8,000. The Department is unable to cross match children who receive Head Start and child care services separately

As Passed by the House

Start and Head Start Plus programs created by those sections.

(4) Requires that the Head Start Plus/Head Start program shall be operated by the Department of Education in accordance with an interagency agreement entered into with the Department of Job and Family Services.

Fiscal effect: The number of slots in the Head Start/ Head Start Plus programs are not altered by the changes made in this version of the bill. This provision changes the funding mechanism and eligibility criteria for the Head Start Plus initiative. In addition, this version of the bill removes the appropriation to the Department of Education of $16 million in FY 2004, which was to be used as "seed money" to begin paying for the cost of the Head Start Plus program.

There may be some additional administrative costs associated with establishment of annual reporting requirements and procedures for collecting overpayments.

For another provision that affects Head Start, see Department of Job and Family Services or Legislative Service Commission, under subject heading "LOEO Study of Head Start and Child Care Partnership Agreements."

425 **Subject: Ohio Works First: LEAP Program**	
R.C. *5107.30, 5107.40, 5107.60*	R.C. *5107.30, 5107.40, 5107.60*
Eliminates the requirement that the Director of Job and Family Services evaluate the LEAP component of Ohio Works First (OWF).	No change.
Limits participation in the LEAP program, which encourages school attendance by OWF recipients who are parents or pregnant, to individuals who are under age 18, or age 18 and in school, instead of under age 20.	
Requires county departments of job and family services, subject to funding availability, to provide LEAP participants with support services, including publicly funded day-care, transportation, and other services.	
Fiscal effect: None. The evaluation of the LEAP program has already been completed, and the changes in participation and support services have no effect since those same services were provided to LEAP recipients and hence are continued, and not new.

426 Subject: Ohio Works First for Minor Child in Prison Nursery Program	
R.C. *5107.37*	R.C. *5107.37*
Provides that the disqualification for OWF that is applicable to individuals residing in a jail or other public institution does not apply to a child whose mother participates in a prison nursery program. This provision would permit the receipt of OWF benefits to the children who would so qualify. This cos can be included within the current appropriation for the program. Fiscal effect: None.	No change.
427 Subject: Examination of a Medicaid Copayment Program	
R.C. *5111.0112*	R.C. *5111.0112*
Eliminates from the Department of Job and Family Services director's examination of the possibility of a Medicaid copayment program, a determination of which groups of recipients are appropriate for a program designed to reduce inappropriate and excessive use of medical goods and services. Fiscal effect: This provision will clarify that there is not a limitation on the reasons the Department can implement a co payment requirement. According to the Department's plan, pharmacists would collect and keep any co-payment. Then the amount that the pharmacist could claim from the state would be reduced by the amount of the co-payment. If a co-payment of $1 for the non-preferred generic drugs and $3 fo non-preferred trade name drugs in the Preferred Drug List program is implemented, the Department estimates that it will save the state approximately $5 million in FY 2004 and $13 million in FY 2005.	No change.

428 Subject: Health Check	
	R.C. *5111.016*
No provision.	Requires the Department of Job and Family Services (JFS) to inform parents, by both oral and written communication, o the components of a Health Check examination of a child and obtain parental consent before performing a Health Check examination. Fiscal effect: This provision would increase the workload for JFS, and thus potentially increase administrative costs for the Department.
429 Subject: "Healthy Families" Medicaid Expansion	
R.C. *5111.019*	R.C. *5111.019*
Makes permissive the Department of Job and Family Services director's duty to submit an amendment to the state Medicaid plan to make an individual eligible for Medicaid benefits for a limited time if the individual is a parent of a child under age 19, has a family income that does not exceed 100% of the federal poverty guidelines, and is not otherwise eligible for Medicaid. Fiscal effect: This provision gives authority to the Department to eliminate eligibility for parents whose family income is between 100% of FPG and the federally-mandated minimums. The Department estimates that the state will avoid approximately $6 million in FY 2004 and $71 million in FY 2005 in potential costs for the state Medicaid program as a result of this provision.	No change.

Includes, subject to federal approval, assertive community treatment and intensive home-based mental health services as reimbursable services under the community mental healt component of Medicaid. Requires the Department of Job and Family Services to request federal approval by May 1, 2004, for the assertive community treatment and intensive home-based mental health services. Requires the Director of the Department of Job and Family Services to adopt rules, on receipt of the federal approval, establishing statewide access and acuity standards for partial hospitalization and for assertive community treatment and intensive home-based mental health services provided under the community mental health component of Medicaid. Eliminates the requirement that Medicaid reimbursement for community mental health services be based on the prospective cost of providing the services, and permits the Director of the Department of Job and Family Services to modify the manner or establish a new manner in which community mental health facilities and providers of alcohol and drug addiction services are paid under the Medicaid program. Subjects to the approval of the Director of Budget and Management contracts between the Department of Job and Family Services and the Department of Mental Health or Department of Alcohol and Drug Addiction Services regarding administration of a Medicaid component. mental health services must pay the nonfederal share of any Medicaid payment to a provider for services included in such a contract. This provision gives permissive authority to the Department of Job and Family Services to modify or change how providers in the Department of Mental Health and Department of Alcohol and Drug Addiction Services delivery systems are reimbursed. Fiscal effect: This provision of the bill could have fiscal impact on the state Medicaid program if the reimbursement methodology for providers in the Department of Mental Health and Department of Alcohol and Drug Addiction Services delivery systems changes substantially.	
432 **Subject: Substance Abuse Assessment In Medicaid Prenatal Care**	
R.C. *5111.071, repealed*	R.C. *5111.071, repealed*
Eliminates provisions that require the Department of Job and Family Services to establish a program for substance abuse assessment and treatment referral of pregnant Medicaid recipients required to receive medical services through a managed care organization. 433 Subject: Advisory Council To Select Medicaid Drug Managers	
	R.C. *5111.083*
No provision.	Requires that an advisory council be appointed to review proposals submitted by private entities seeking to contract with the Department of Job and Family Services to administer the preferred drug list and supplemental drug rebate program under Medicaid and to select the private entity to be awarded the contract. Fiscal effect: The bill specifies that the members must not be reimbursed for their expenses incurred in their work on the advisory council. Therefore, this provision has no fiscal effec

R.C. *5111.16*	R.C. *5111.16*
Requires the Department of Job and Family Services (JFS) to establish in some or all counties a "care management system" in which designated Medicaid recipients are required or permitted to participate. Requires, by July 1, 2004, that some of the designated participants include Medicaid recipients who are aged, blind, and disabled (ABD). Grants JFS the authority to establish any requirements or procedures it considers necessary to implement a care management system as part of the Medicaid program. Fiscal effect: According to ODJFS, implementing care management for ABD recipients will require funding of approximately $5 million in FY 2004 and $16 million in FY 2005. The additional funds are included in H.B. 95, as introduced.	Same as Executive, but specifies that ABD recipients cannot be designated for participation in the program's care management system unless they reside in a county in which other Medicaid recipients are participating in the system. Eliminates the authority the bill would grant to the Departmer of Job and Family Services to establish any requirements or procedures it considers necessary to implement a care management system as part of the Medicaid Program. Requires, by October 1, 2003, that the Department of Job and Family Services establish a task force to assist in resolving issues that arise between health care providers serving Medicaid recipients and managed care organizations under contract with the Department. Permits the Department of Job and Family Services to require a health insuring corporation under a Medicaid contract to provide prescription drug coverage to its enrollees. Requires the Department of Job and Family Services to appoint a temporary manager for a managed care organization under contract with the Department if the Department determines that the managed care organization has repeatedly failed to meet substantive requirements in federal Medicaid law. Permits the Department to disenroll Medicaid recipients from a managed care organization if the Department proposes to terminate or not to renew the organization's contract. Limits the reimbursement rate for services provided by a hospital that does not contract with the managed care organizations in which Medicaid recipients are enrolled to the lesser of (1) 95% of the hospital's regular Medicaid reimbursement rate or (2) the amount the hospital charges the organization. Requires, by October 1, 2003, that the Department of Job and Family Services establish a task force consisting of hospital and managed care organization representatives to assist in resolving issues that arise as a result of the proposed Medicaid reimbursement rate for hospitals. Eliminates provisions referring to the Medicaid Managed	Same as the Executive, but (1) removes from the Executive's provisions the establishment of a reduced Medicaid reimbursement rate (95%) for hospitals that do not contract with managed care organizations but do provide services to Medicaid recipients who are participating in managed care; (2) removes from the Executive's provisions the requirement to establish a task force to resolve disputes pertaining to the reduced reimbursement rate. Fiscal effect: Same as the Executive.

438 Subject: Ohio Access Success Project	
R.C. *5111.206*	R.C. *5111.206*
Includes in the Revised Code law enacted by Am. Sub. H.B. 94 of the 124th General Assembly as uncodified (or "temporary") law authorizing the creation of the Ohio Access Success Project under the Department of Job and Family Services. Specifies that the purpose of the project is to provide help to Medicaid recipients making the transition from a nursing facility to a community setting by providing assistance with such things as moving expenses and rental deposits. Fiscal effect: Please see section titled "Funding for Institutional Facility Audits and the Ohio Access Success Project."	No change.
439 Subject: Medicare Certification	
R.C. *5111.21*	R.C. *5111.21*
Requires a nursing facility operator participating in Medicaid to qualify all of the facility's Medicaid-certified beds in the Medicare program. Fiscal effect: This provision ensures that Medicare pays for services delivered to eligible Medicare consumers before Medicaid becomes the primary payer during an eligible nursing home stay. Thus, this provision could result in some Medicaid costs being avoided for the state.	No change.

440 Subject: Responsibility for Nonfederal Share of ICF/MR Services	
R.C. *5111.211, 5111.21*	R.C. *5111.211, 5111.21*
Provides that the Department of Mental Retardation and Developmental Disabilities (DMR) is responsible for the nonfederal share for Medicaid claims for intermediate care facility services for the mentally retarded (ICFs/MR) if (1) the services are provided on or after July 1, 2003, (2) the facility receives initial certification as an ICF/MR on or after January 1, 2003, (3) the facility, or a portion of the facility, is licensed as a residential facility by the Director of Mental Retardation and Developmental Disabilities, and (4) there is a valid Medicaid provider agreement for the facility. Fiscal effect: Currently, the Department of Job and Family Services pays for the cost of ICFs/MR through its GRF appropriation item 600-525, Health Care/Medicaid. This provision of the bill shifts the payment responsibility to DMR.	No provision.
441 Subject: Copies of Medicaid Rules

445 Subject: Medicaid Waivers for Alternatives to ICF/MR Placement	
R.C. *5111.87*	R.C. *5111.87*
Permits the Director of Mental Retardation and Developmental Disabilities to request that the Director of Job and Family Services apply for one or more Medicaid waivers under which home and community-based services are provided to individuals with mental retardation or a developmental disability as an alternative to placement in an intermediate care facility for the mentally retarded. Fiscal effect: This provision of the bill would potentially resul in a savings to the state Medicaid program assuming that the cost per recipient in the new waiver is less than the cost per recipient in an intermediate care facility for the mentally retarded.	No change.
446 Subject: Medicaid-Funded Early Intervention and Therapeutic Services	
	R.C. *5111.87, 5111.871, 5111.872, 5111.873, 5123.01, 5126.01, 5126.042*
No provision.	Provides that the Director of Job and Family Services may seek federal approval for one or more time-limited Medicaid waivers under which home and community-based services are provided in the form or either or both of the following: (1) Early intervention services for children under age three that are provided or arranged by county boards of mental retardation and developmental disabilities; (2) Therapeutic services for children with autism. Fiscal effect: This provision could have some fiscal impact on the state. However, the effect can not be determined pric to the establishment of the waivers.

447 **Subject:** **Replacing ICF/MR Services with Waiver Services**

R.C. *5111.88, 5111.21, 5111.26, 5111.881, 5111.882, 5126.12, Section 143*

Requires the Director of Job and Family Services to (1) apply for a waiver under which individuals with mental retardation or a developmental disability who would qualify for intermediate care facility for the mentally retarded (ICF/MR) services receive instead home and community-based services and (2) submit an amendment to the state Medicaid plan to terminate the ICF/MR service.

Requires the Department of Job and Family Services (JFS) to contract with the Department of Mental Retardation and Developmental Disabilities (DMR) for the administration of the new home and community-based services waiver.

Fiscal effect: This provision will require JFS to convert the entire ICF/MR program to a facility-based Medicaid waiver tc be administered by the DMR. This provision could result in savings to the state in the future if the cost per recipient for the new facility-based Medicaid waiver is less than the cost per recipient under the current ICF/MR program. However, the amount of the saving is unknown at this time. According to JFS, the Department would need about $23 million in FY 2005 for the ICF/MR conversion. The funding of $23 million i included in GRF appropriation item 600-525, Health Care/ Medicaid.

No provision.

Fiscal effect: The Department of Job and Family Services would not need the funding of $23 million in FY 2005 if no ICF/MR conversion occurrs. Thus, the funding of $23 millior is taken out from GRF appropriation item 600-525, Health Care/Medicaid.

449 Subject: Ohio Home Care Program Replacement	
R.C. *5111.97*	R.C. *5111.97*
Authorizes a request to be made for federal Medicaid waivers under which two programs for home and community based services may be created and implemented in place of the existing Ohio Home Care Program. Allows the replacement programs to have a maximum number of enrollees, a maximum amount that may be spent for each enrollee each year, and a maximum aggregate amount that may be expended for all enrollees each year. Authorizes elimination of the Ohio Home Care Program after all eligible individuals have been transferred to the replacement programs. Fiscal effect: This provision gives authority to the Department of Job and Family Services for replacing the existing Ohio Home Care waiver with two new waivers, each having a single, lower cost ceiling in an attempt to achieve cost-effectiveness. The Department estimates that this provision will allow the state to avoid approximately $6 million in FY 2004 and $35 million in FY 2005 in potential costs for state Medicaid. This provision also allows the Department to eliminate the private duty nursing services and Core Plus home care services in the state Medicaid program for the purpose of controlling the rate of growth of the cost of Medicaid home care services. Permits the Director of Job and Family Services to apply for a Medicaid waiver to provide personal care services to qualified individuals in residential care facilities. Allows the Department of Job and Family Services to enter into an interagency agreement with the Department of Aging to operate the waiver program. If the waiver is approved, requires the Department to adopt rules governing the program. Fiscal effect: While this waiver will allow more people with long-term care needs to live in the community at a lower cos than in nursing homes, this provision is expected to be budget neutral to the state.	No provision.

453 Subject: Disability Assistance Program	
R.C. *5115.01, Section 140*	R.C. *5115.01, Sections 58.01, 140*
Replaces the current Disability Assistance Program with separate programs for financial assistance (Disability Financial Assistance) and medical assistance (Disability Medical Assistance). Limits eligibility for Disability Financial Assistance to persons who are either (1) unable to do any substantial or gainful activity due to physical or mental impairment lasting a least nine months or (2) age 60 or older on the day before the bill's effective date and applied on or before that deadline Limits eligibility for Disability Medical Assistance to persons who are "medication dependent," but permits medical assistance to continue for persons receiving it under the current program until their eligibility has been redetermined. Authorizes the adoption of rules for either program that establish maximum benefits, time-limits for receiving assistance, limits on the total number of persons to receive assistance, procedures for suspending acceptance of new applications, and other revisions for limiting program costs. Permits contracts to be entered into with any public or privat entity for the administration of Disability Medical Assistance. Fiscal effect: This provision separates statutory authority for DA Medical Assistance from DA Financial Assistance and allows the Department of Job and Family Services (JFS) to transfer administration of the program to another state agency or other entity. This provision will give the Director o the ODJFS broad authority to promulgate rules that would impose and update existing statute. The Department of Job and Family Services estimates that the state will avoid approximately $15 million in FY 2004 and $47 million in FY	Same as the Executive, but corrects inconsistencies in the Executive's provisions that permit suspension of acceptance of new applications for Disability Financial Assistance and Disability Medical Assistance. Makes other technical corrections. Removes the provisions that would have reduced the categories of persons who may be eligible to receive Disability Financial Assistance. Earmarks, notwithstanding any law to the contrary, up to $2,176,269 in appropriation item 600-511, Disability Financial Assistance, to be used in each fiscal year for services for residents of residential treatment centers certified as an alcohol or drug addiction program by the Department of Alcohol and Drug Addiction Services under section 3793.06 of the Revised Code.

As Introduced	As Passed by the House
2005 in potential costs for DA Medical if holding DA Medical expenditures to 6% in FY 2004 and 0% in FY 2005. JFS estimates that by holding the DA Financial Assistance at FY 2003 expenditure levels in FY 2004 and FY 2005 the state will avoid approximately $14 million in costs over the biennium.	

454 Subject: Community Mental Health Certification Standards

R.C. *5119.611*	R.C. *5119.611*
Requires the Director of Mental Health to include assertive community treatment and intensive home-based mental health services in rules establishing certification standards for community mental health services.	No change.

455 Subject: Criminal Records Checks for Employment in Home and Community-Based Waiver Services

R.C. *109.57, 109.572, 5111.95, 5111.96*	R.C. *51111.95, 5111.96, 109.572*
Requires criminal records checks of applicants for employment with agencies participating in Department of Jobs and Family Services administered waivers or independent providers in Department administered home and community-based service programs in positions that involve providing home and community-based waiver services to consumers with disabilities. Fiscal effect: None.	Same as the Executive, but specifies that the requirements do not apply to providers of services offered under Medicaid waivers administered by the Department of Mental Retardation and Developmental Disabilities. (Other provisions of law require criminal record checks of employees who provide services to persons with mental retardation and developmental disabilities.)

456 Subject: Child Support Collections/TANF Maintenance of Effort	
Section: *58.02*	Section: *58.02*
Requires that appropriation item 600-658, Child Support Collections, (Fund 4A8) in the General Services Fund Group be used by the Department of Job and Family Services (JFS) to meet the TANF maintenance of effort requirements (MOE) of Pub. L. No. 104-193. After the state has met the MOE requirements, JFS may use the funds from appropriation item 600-658 to support public assistance activities.	No change.
457 Subject: Medicaid Program Support Fund – State	
Section: *58.03*	Section: *58.03*
Requires that appropriation item 600-671, Medicaid Program Support, be used to pay for Medicaid services and contracts. Currently, this line item is primarily used to suppo the state share of offsets to line item 600-525 (Disproportionate Share Hospitals (DSH) Offsets) and transfers to the Department of Mental Health. Allows JFS to deposit to Fund 5C9 revenue received from other state agencies for Medicaid services under the terms of interagency agreements between JFS and other state agencies.	No change.
458 Subject: Health Care Services Administration	
Section: *58.04*	Section: *58.04*
Requires that line item 600-654, Health Care Services Administration, (Fund 5U3) in the state special revenue fund group be used to pay for the costs associated with the administration of the Medicaid program.	No change.

As Introduced	As Passed by the House
459 Subject: Health Care Services Administration Fund/Hospital Care Assurance Match Fund	
Section: *58.05*	Section: *58.05*
Specifies that, of the amount received during FYs 2004 and 2005, from the first installment of assessments on hospitals for the Hospital Care Assurance Program and intergovernmental transfers under the Hospital Care Assurance Program, the Director of Job and Family Services must deposit $350,000 into the state treasury to the credit of the Health Services Administration Fund (Fund 5U3). Specifies that appropriation item 600-650, Hospital Care Assurance Match, (Fund 3F0) in the federal special revenue fund group will be used solely for distributing funds to hospitals for their indigent care.	No change.
460 Subject: TANF Federal Block Grant Funds and Transfers	
Section: *58.06*	Section: *58.06*
Permits the Director of Budget and Management, upon the request of JFS and with documentation supporting the need, to seek Controlling Board approval to increase appropriations in appropriation item 600-689, TANF Block Grant, (Fund 3V6) in the federal special revenue fund group. Requires JFS to provide documentation to support all transfers of moneys from, or charges against, the TANF Federal Block Grant for use in the Social Services Block Grant or the Child Care and Development Block Grant. Requires JFS to file claims with the U.S. Department of Health and Human Services before September 30 of each fiscal year for reimbursement for all allowable expenditures for services provided by JFS or other agencies that may qualify for Social Services Block Grant funding pursuant to Title XX of the Social Security Act.	No change.

461 **Subject:** **Ohio Association of Second Harvest Food Banks**

No provision.

As Passed by the House

Section: ***58.06a***

Earmarks in appropriation item 600-659, TANF/Title XX (Fund 3W3), up to $4,500,000 in each fiscal year to support expenditures to the Ohio Association of Second Harvest Food Banks. Of this amount, in each fiscal year, the Ohio Association of Second Harvest Food Banks shall use $2,500,000 for the purchase of food products for the Ohio Food Program, of which up to $105,000 may be used for food storage and transport, and shall use $2,000,000 for the Agricultural Surplus Production Alliance Project.

Requires the Ohio Association of Second Harvest Food Banks to develop a plan for the distribution of the food products to local food distribution agencies. Agencies receiving these food products shall ensure that individuals and families who receive any of the food products purchased with these funds have an income at or below 150% of the federal poverty guidelines. The Department of Job and Family Services (JFS) and the Ohio Association of Second Harvest Food Banks shall agree on reporting requirements to be incorporated into the grant agreement.

Requires the Ohio Association of Second Harvest Food Banks to return to JFS funds from this grant that remain unspent at the end of each fiscal year.

462 Subject: Prescription Drug Rebate Fund	
Section: *58.07*	Section: *58.07*
Requires that appropriation item 600-692, Health Care Services, (Fund 5P5) in the state special revenue fund group be used to pay for Medicaid services and contracts. Moneys recovered from state Medicaid's rights of recovery that are not directed to the Health Care Services Administration Fund (Fund 5U3) must be deposited into Prescription Drug Rebate Fund (Fund 5P5).	No change.
463 Subject: Agency Fund Group	
Section: *58.08*	Section: *58.08*
Requires that the Agency Fund Group be used to hold revenues until the appropriate fund is determined or until the are directed to the appropriate governmental agency other than the Department of Job and Family Services. If it is determined that additional appropriation authority is necessary, such amounts are appropriated.	No change.
464 Subject: Holding Account Redistribution Group	
Section: *58.08*	Section: *58.08*
Requires that appropriation items 600-643, Refunds and Audit Settlements (Fund R12), and 600-644, Forgery Collections (Fund R13), in the Holding Account Redistribution Fund Group, be used to hold revenues until they are directed to the appropriate accounts or until they are refunded. If it determined that additional appropriation authority is necessary, such amounts are appropriated.	No change.

465 Subject: Consolidated grant of state aid for county children services	
Section: *58.09*	Section: *58.09*
Permits the Department of Job and Family Services, with the consent of a county, to combine into a single consolidated grant state funds provided to the county for child welfare services and kinship care. This provision is permissive. Fiscal effect: According to the Department, combining state funds into a single and consolidated grant will provide a county with greater flexibility to use these funds to meet that particular county's needs.	No change.
466 Subject: Transfer of Funds/Transfers of IMD/DSH Cash	
Section: *58.10*	Section: *58.10*
Requires the Department of Job and Family Services to transfer moneys from State Special Revenue Fund 4K1, ICF/MR Bed Assessments, to Fund 4K8, Home and Community-Based Services, in the Ohio Department of Mental Retardation and Developmental Disabilities, in the amount of $12 million each year of FY 2004 and FY 2005. Requires JFS to transfer moneys from State Special Revenue Fund 4J5, Home and Community-Based Services for the Aged, to Fund 4J4, PASSPORT, in the Ohio Department of Aging, in the amount of $33,268,052 in FY 2004 and $33,263,984 in FY 2005. Requires the Department of Job and Family Services to transfer money from Fund 5C9, Medicaid Program Support, to the Department of Mental Health's Fund 4X5, OhioCare, for administering specified Medicaid services.	No change.

467 Subject: Employer Surcharge	
Section: *58.11*	Section: *58.11*
Continues the authority to collect the surcharge that was levied for 1988, 1989, and 1990. There is still a small amount in accounts receivable, and collectable, from those years. The bill also provides that the funds collected go to the special administrative fund instead of the employer surcharge account because the amounts are frequently too small to warrant maintaining a separate account.	No change.
468 Subject: Funding for Habilitative Services	
Section: *58.12*	Section: *58.12*
Permits, in each fiscal year, the use of moneys from Fund 4K1, ICF/MR Bed Assessments, in excess of $12 million, to cover costs of care provided to participants in a waiver with an ICF/MR level of care requirement administered by the Department of Job and Family Services.	No change.
469 Subject: Funding for Institutional Facility Audits and the Ohio Access Success Project	
Section: *58.13*	Section: *58.13*
Specifies that, in each fiscal year, moneys from the State Special Revenue Fund 4J5, Home and Community-Based Services for the Aged, in excess of the amounts needed for the transfers may be used for two purposes: (1) up to $1 million in each fiscal year to fund the state share of audits of Medicaid cost reports filed with JFS by nursing facilities and ICFs/MR, and (2) up to $350,000 in each fiscal year to provide one-time transitional benefits under the Ohio Access Success Project that the Director of JFS may establish unde section 5111.206 of the Revised Code.	No change.

470 Subject: Refund of SETS Penalty	
Section: *58.14*	Section: *58.14*
Requires that any and all refunds received for penalties that were paid directly or indirectly by the state for the Support Enforcement Tracking System (SETS) be deposited in its entirety to the General Revenue Fund. Fiscal effect: The Department has already received the refund of SETS penalties that were due the state, therefore, this provision will have not affect the balance of the GRF during the FY 2004-2005 biennium.	No change.
471 Subject: Program of All-Inclusive Care for the Elderly (PACE)	
Section: *58.15*	Section: *58.15*
Allows, subject to the approval of the federal government, th Department of Job and Family Services (JFS) to transfer the day-to-day administration of the PACE program to the Department of Aging (ODA). If JFS and ODA enter into an interagency agreement, the Director of Budget and Management must reduce the amount appropriated in GRF appropriation item 600-525, Health Care/ Medicaid by the estimated cost of PACE services and associated administration, and appropriate that amount to ODA. The Director of Budget and Management must establish a new appropriation item for the appropriation.	No change.

As Introduced	As Passed by the House
472 Subject: **Medicaid Eligibility Reductions**	
Section: *58.16*	Section: *58.16*
Requires the Director of the Department of Job and Family Services to submit to the federal government an amendment to the state Medicaid plan to eliminate the expansion of eligibility for certain parents in Healthy Families. State Medicaid was expanded, from federally-mandated minimums (with parent eligibility ranging from about 70% to 90% of the federal poverty guideline (FPG) as determined by family size), to cover parents with family incomes up to 100% of the FPG in July 2000. Under this provision, those parents will no longer be eligible as of October 1, 2003.	No change.
473 Subject: **Assisted Living Waiver**	
Section: *58.17*	Section: *58.17*
Allows Department of Job and Family Services (JFS) and Department of Aging (ODA) to enter into an interagency agreement, and requires the Director of Budget and Management to reduce the appropriation in GRF appropriation item 600-525, Health Care/Medicaid, by the amount that JFS estimates its spending will be reduced as a result of the transfer of persons approved for the budget-neutral Medicaid home and community-based services for assisted living services waiver. That amount will be appropriated to ODA in new appropriation items.	No provision.

474 Subject: Appropriations from Fund 3V0	
Section: *58.18*	Section: *58.18*
Permits the Director of Budget and Management, upon the request of the Department of Job and Family Services, to increase appropriations in either appropriation item 600-662, WIA Ohio Option #7, Fund 3V0, or in appropriation item 600-688, Workforce Investment Act, Fund 3V0, with corresponding decreases in the other appropriation items supported by Fund 3V0 to allow counties the option of choosing to administer WIA as a conventional county or as an Ohio Option county.	No change.
475 Subject: Displaced Homemakers Transfer	
	Section: *58.18*
No provision.	Requires the Director of Budget and Management to transfer from Workforce Investment Act funds (Fund 3V0), reserved for statewide workforce investment activities, $209,046 in FY 2004 and $203,819 in FY 2005 to Fund 312 in the Board of Regents. The transferred funds shall be used in accordance with the State Workforce Investment Plan to provide activities for displaced homemakers, as allowed under the Workforce Investment Act of 1998.

476 Subject: Federal Unemployment Programs	
Section: *58.19*	Section: *58.19*
Makes the following changes: (1) Increases the appropriation to appropriation item 600-678, Federal Unemployment Programs (Fund 3V4), in the federal special revenue fund group by $53.7 million for FY 2004, and $47.3 million for FY 2005. (2) Requires the Director of Budget and Management, upon the request of the Director of Job and Family Services, to increase the appropriation in appropriation item 600-678, Federal Unemployment Programs (Fund 3V4), for FY 2004 by the amount remaining unspent from the FY 2003 appropriation, and to increase the appropriation for FY 2005 by the amount remaining unspent from the FY 2004 appropriation. (3) Requires the transfer of up to $18 million in each year from appropriation item 600-678, Federal Unemployment Programs, to be used by the Department of Job and Family Services to reimburse the GRF for allowable expenditures fo the Unemployment Insurance Program, employment services, and Section 903(d) of the federal Social Security Act.	No change.

477 **Subject: Medicaid Payments to Children's Hospitals**

No provision.

As Passed by the House

Section: *58.20*

Requires that Medicaid payments to children's hospitals for fiscal years 2004 and 2005 include the inflation adjustment provided for in rules in effect on December 30, 2002.
Requires the Department of Job and Family Services to pay children's hospitals an amount that equals the inflation adjustment not paid for the period beginning January 1, 2003 and ending May 31, 2003.
Increases the appropriation for the Medicaid program in each fiscal year (GRF appropriation item 600-525, Health Care/Medicaid) by $3.0 million in state share and by approximately $4.3 million in federal share for a total increase of approximately $7.3 million due to this provision.

478 **Subject:** **Medicaid Reimbursement Rate for Nursing Facilities and ICFs/MR**

Sections ***142.01, 142.02***

Freezes the Medicaid reimbursement rates for nursing facilities and intermediate care facilities for the mentally retarded (ICFs/MR) services provided during fiscal years 2004 and 2005.

Fiscal effect: The Department of Job and Family Services estimates that the state will avoid approximately $162 million in FY 2004 and $340 million in FY 2005 in potential costs for nursing facilities as a result of the rate freeze. It also estimates that the state will avoid approximately $15 million in FY 2004 and $31 million in FY 2005 in potential costs for ICFs/MR as a result of this provision.

As Passed by the House

Sections ***58.22, 58.23, R.C. 5111.23, 5111.24, 5111.262***

Removes the freeze on Medicaid reimbursement rates for nursing facilities and intermediate care facilities for the mentally retarded (ICFs/MR) services provided during fiscal years 2004 and 2005.

Makes revisions to the Medicaid reimbursement formula applicable to nursing facilities' direct and indirect care costs for fiscal years 2004 and 2005.

Requires the Department of Job and Family Services (JFS) to decrease or increase nursing facilities' Medicaid per diem rates for fiscal year 2005 if the number of Medicaid days for which Medicaid payments are made to all nursing facilities during fiscal year 2004 exceeds or is less than 19,686,516.

Requires JFS to decrease or increase nursing facilities' Medicaid per diem rates for the second half of fiscal year 2005 if the number of Medicaid days for which Medicaid payments are made to all nursing facilities during the first ha of fiscal year 2005 exceeds or is less than 9,744,826.

Provides that the mean total per diem rate for all ICFs/MR cannot exceed $228.89 for fiscal year 2004 and $233.47 for fiscal year 2005.

Fiscal effect: The bill appropriates an additional $50 million state share above the Executive recommended levels in GRF appropriation item 600-525, Health Care/Medicaid, over the biennium to account for this provision and the Nursing Facility Stabilization Fund provision.

481 Subject: Medicaid Funding For Podiatric Services	
	Section: *58.26*
No provision.	Requires the Medicaid program to continue to cover podiatric services for fiscal years 2004 and 2005 in at least the amount, duration, and scope it currently covers those services. Increases the appropriation for the Medicaid program in FY 2004 (GRF appropriation item 600-525, Health Care/Medicaid) by $864,910 in state share and by $1,256,528 in federal share for a total increase of $2,121,438. Increases the appropriation for the Medicaid program in FY 2005 (GRF appropriation item 600-525, Health Care/Medicaid) by $2,496,333 in state share and by $3,626,633 in federal share for a total increase of $6,122,966.
482 Subject: Medicaid Medical Savings Account Study Committee	
	Section: *58.27*
No provision.	Creates the Medicaid Medical Savings Account Study Committee to study the idea of implementing a medical savings account component in the Medicaid Program. The bill requires the House of Representatives provide the Medicaid Medical Savings Account Study Committee with meeting space and other support necessary for the committee to do its work. Any costs associated with providing support would likely be minimal.

483 Subject: Butler County Welfare Diversion Project	
	Section: *58.28*
No provision.	Increases the appropriation in GRF appropriation item 600-521, Family Stability Subsidy, by $1,250,000 in each fiscal year and earmarks $1,250,000 in each fiscal year to support a welfare diversion project in Butler County.
484 Subject: Welfare Diversion Programs	
	Section: *58.28*
No provision.	Earmarks from GRF appropriation item 600-521, Family Stability Subsidy, $1,250,000 in each fiscal year to support specific welfare diversion programs. In each fiscal year, Accountability and Credibility Together (ACT) shall receive $1,000,000, and $250,000 shall be used to establish a welfare diversion project in Butler County.
485 Subject: Ohio Commission to Reform Medicaid	
	Sections *58.29, 58.01*
No provision.	Creates the Ohio Commission to Reform Medicaid to conduct a comprehensive review of Ohio's Medicaid program. Fiscal effect: Appropriates $125,000 in each fiscal year in a newly created GRF appropriation item 600-4XX, Commission to Reform Medicaid, to be used to fund the Ohio Commission to Reform Medicaid.

486 Subject: Nursing Facility Stabilization Fund	
Sections *63.37, of Am. Sub. H.B. 94 of 124th General Assembly*	Sections *131X, 63.37 of Am. Sub. H.B. 94 of 124th General Assembly*
Eliminates more specific uses of the money in the Nursing Facility Stabilization Fund and provides for a more general use of the money: to make Medicaid payments to nursing facilities. Fiscal effect: Am. Sub. S.B. 261 of 124th General Assembly requires the Department of Job and Family Services (JFS) to make payments to each nursing facility for fiscal years 2003 through 2005 in an amount equal to $2.25 per Medicaid day for the purpose of enhancing quality of care. This $2.25 per Medicaid day payment to each nursing facility will cost the state Medicaid program approximately $46 million in each fiscal year, of which approximately $19 million is the state share. The state will avoid this $46 million in each fiscal year if the Department of Job and Family Services decides to no longer pay nursing facilities for this purpose as a result of this provision.	Provides that, for fiscal years 2004 and 2005, a portion of the money in the Nursing Facility Stabilization Fund be used to make Medicaid payments to each nursing facility in an amount equal to $1.25, rather than $2.25, per Medicaid day. Fiscal effect: This provision would result in a savings to the state Medicaid program of approximately $20 million in all funds in each fiscal year, of which approximately $8 million is the state share.
487 Subject: Sunset of Nursing Home Resident Insurance Coverage	
Sections *132.03, 132.05, 132.07*	Sections *132.03, 132.05, 132.07*
Extends to October 16, 2005 the date of repeal (sunset) of a provision requiring a health insuring corporation (HIC) to cover medically necessary skilled nursing care provided to a person in a facility that does not have a contract with the HIC if certain conditions are met.	No change.

488 **Subject:** **Hospital Care Assurance Program Extension**	
Sections ***132.07, 132.08***	**Sections** ***132.07, 132.08***
Extends for two years (until October 16, 2005), the schedule expiration of the Hospital Care Assurance Program.	No change.
489 **Subject:** **Medication Management Incentive Payment Program**	
	Section: ***137B***
No provision.	Creates the Medication Management Incentive Payment Program to reimburse participating pharmacy providers that reduce pharmacy costs by providing consulting services. Requires the Department of Job and Family Services to determine the rate at which participating pharmacy providers are reimbursed and adopt any rules necessary for the implementation and administration of the program. Fiscal effect: This provision could save the state some of the costs of providing prescription drugs under Medicaid program if some participating pharmacies reduce their monthly cost of providing pharmacy services as a result of participating in the Medication Management Incentive Payment Program. However, the amount of the saving is unknown.

495 **Subject:** **Ohio Commission for Legal Education Opportunity**	
Section: *60*	**Section:** *60*
Requires GRF appropriation item 005-502, Commission for Legal Education Opportunity, be used to fund the activities o the Commission for Legal Education Opportunity created by the Chief Justice of the Supreme Court of Ohio for the purpose of assisting minority, low-income, and educationally disadvantaged college graduates in the transition to legal education, and also permits those appropriated moneys to be used to establish and provide an intensive course of study, to provide annual stipends for students, and to pay the program's administrative costs. Fiscal effect: This uncodified law provision continues existing practice with regard to the moneys appropriated to appropriation item 005-502, Commission for Legal Education Opportunity.	No provision.
496 **Subject:** **Continuing Judicial Education**	
Section: *60*	**Section:** *60*
Specifies that:	No change.
(1) The moneys deposited to the credit of the Continuing Judicial Education Fund (Fund 672) consist of fees paid by judges and court personnel for attending continuing education courses and other gifts and grants received for the purpose of continuing judicial education.	
(2) The moneys appropriated to its related non-GRF appropriation item 005-601, Continuing Judicial Education, be used to pay expenses for continuing education courses for judges and court personnel.	

As Introduced	As Passed by the House
(3) The Administrative Director of the Court may increase the appropriation item's appropriation authority if the Administrative Director deems it necessary.	
(4) The Director of Budget and Management and the Controlling Board are prohibited from transferring moneys from Fund 672 to any other fund.	
(5) Any interest earned on the fund's moneys are credited to the fund.	
Fiscal effect: This uncodified law provision continues existing practice relative to the handling of the revenues and expenditures associated with Fund 672.	

497 **Subject:** **Federal Grants**

Section: *60*	**Section:** *60*
Specifies that:	No change.
(1) The moneys deposited to the credit of the Federal Grants Fund (Fund 3J0) consist of grants and other moneys awarded to the Court by the federal government or other entities that receive moneys directly from the federal government.	
(2) Any moneys appropriated to its related non-GRF appropriation item 005-603, Federal Grants, be used in a manner consistent with the purpose of the grant or award.	
(3) The Administrative Director of the Court may increase the appropriation item's appropriation authority if the Administrative Director deems it necessary.	

As Introduced	As Passed by the House
(4) The Director of Budget and Management and the Controlling Board are prohibited from transferring moneys from Fund 3J0 to any other fund.	
(5) Any interest earned on the fund's moneys are to be transferred or credited to the state's GRF.	
Fiscal effect: This uncodified law provision continues existing practice relative to the handling of the revenues and expenditures associated with Fund 3J0.	

498 **Subject:** **Attorney Registration**

Section: *60*	**Section:** *60*
Specifies that:	No change.
(1) The Court may use the moneys appropriated to non-GRF appropriation item 005-605, Attorney Registration, to compensate employees and fund the appropriate activities of certain offices established by the Court pursuant to the Rules for the Government of the Bar of Ohio, as well as to fund other activities considered appropriate by the Court.	
(2) The Administrative Director of the Court may increase the appropriation item's appropriation authority if the Administrative Director deems it necessary.	
(3) The Director of Budget and Management and the Controlling Board are prohibited from transferring moneys from the Attorney Registration Fund (Fund 4C8) to any other fund.	

As Introduced	As Passed by the House
(4) Any interest earned on the fund's moneys are credited to the fund.	
Fiscal effect: This uncodified law provision continues existing practice relative to the handling of the revenues and expenditures associated with Fund 4C8.	

499 **Subject:** **Grants and Awards**

Section: *60*	**Section:** *60*
Specifies that:	No change.
(1) The moneys deposited to the credit of the Grants and Awards Fund (Fund 5T8) consist of grants and other moneys awarded to the Court by the State Justice Institute, the Office of Criminal Justice Services, or other entities.	
(2) Any moneys appropriated to its related non-GRF appropriation item 005-609, Grants and Awards, be used in a manner consistent with the purpose of the grant or award.	
(3) The Administrative Director of the Court may increase the appropriation item's appropriation authority if the Administrative Director deems it necessary.	
(4) The Director of Budget and Management and the Controlling Board are prohibited from transferring moneys from Fund 5T8 to any other fund.	
(5) Any interest earned on the fund's moneys are to be transferred or credited to the state's GRF.	

As Introduced	As Passed by the House
Fiscal effect: This uncodified law provision continues existing practice relative to the handling of the revenues and expenditures associated with Fund 5T8.	
500 **Subject:** **Supreme Court Admissions**	
Section: *60*	**Section:** *60*
Specifies that:	No change.
(1) The moneys appropriated to non-GRF appropriation item 005-606, Supreme Court Admissions, must be used to compensate Court employees who are primarily responsible for administering the Attorney Admissions Program.	
(2) Those moneys may be used to fund any other activities considered appropriate by the Court.	
(3) The Administrative Director of the Court may increase the appropriation item's appropriation authority if the Administrative Director deems it necessary.	
(4) The Director of Budget and Management and the Controlling Board are prohibited from transferring moneys from the Supreme Court Admissions Fund (Fund 6A8) to any other fund.	
(5) Any interest earned on the fund's moneys are credited to the fund.	
Fiscal effect: This uncodified law provision continues existing practice relative to the handling of the revenues and expenditures associated with Fund 6A8.	

As Introduced	As Passed by the House
501 **Subject:** Continuing Legal Education

As Introduced	As Passed by the House
502 Subject: Cash Transfer	
Section: *61*	Section: *61*
Permits the Director of Budget and Management, upon the request of the Lake Erie Commission, to transfer excess funds from the Lake Erie Resources Fund (Fund 5D8) to the Lake Erie Protection Fund (Fund 4C0). Fiscal effect: The Lake Erie Protection Fund has experienced a decrease in revenues from its specialty license plate sales over the past years. The transfer would provide for continued support of the fund's numerous Lake Erie grant programs.	No change.

As Introduced	As Passed by the House
503 Subject: Amplifies the Powers of the Legal Rights Service Commission	
	R.C. *5123.60*
No provision.	Gives the Legal Rights Service Commission the authority to make rules, establish litigation policy guidelines, review budget requests of the Legal Rights Service, deletes the Commission's authority to establish guidelines for the resolution of litigation, and changes the tenure of the administrator of the Legal Rights Service to serve at the pleasure of the Commission. Also, the Legal Rights Service Commission is given the authority to create a procedure for determining and hearing grievances against the Legal Rights Service by individuals who have been represented or denied representation by the Legal Rights Service. Fiscal effect: The administrative costs associated with these additional duties appears unlikely to exceed minimal.

As Introduced	As Passed by the House
504 Subject: Creation of the Legislative Budget Audit Commission	
	R.C. *106.01, 106.02, 106.03, 106.04, 106.05, Section 62a*
No provision.	Creates the Legislative Budget Audit Commission to examine the operations of state agencies and to make recommendations to the General Assembly on ways that state agencies can operate more efficiently. Fiscal effect: The Commission is appropriated $500,000 in General Revenue Fund dollars each fiscal year for salaries and start-up costs associated with the creation of the Commission.

As Introduced	As Passed by the House
505 Subject: Filing Fee Increase and Elimination of Fund 4G7	
	R.C. *101.34, 101.72, 121.62, and Section 63*
No provision.	Increases from $10 to $25 the registration fee that each legislative agent and employer, and each lobbyist and employer, are charged for filing an initial registration statement. Specifies that all money collected from registration fees must be deposited into the General Revenue Fund of the state replacing current law's provision that all such money collected be deposited to the credit of th Joint Legislative Ethics Committee Fund. Eliminates FY 2004 and FY 2005 appropriations in the Joint Legislative Ethics Committee Fund (Fund 4G7) and transfers the curren remaining balance (estimated at $224,915), half in FY 2004 and half in FY 2005 to the GRF. Fiscal effect: Based on approximately 2,600 legislative lobbyists engagements (who pay filing fees every 2 years) and approximately 2000 executive lobbyist engagements (who pay filing fees every year), by increasing the registratio filing fee from $10 to $25, JLEC is likely to gain approximately $50,000 above their current collection of approximately $33,000. JLEC may experience minimal administrative costs for informing registered lobbyists of the fee change through publications and/or other methods of communication. JLEC may experience minimal administrative savings for no longer administering Fund 4G7

As Introduced	As Passed by the House
506 **Subject:** ATMS Replacement Project	
Section: *64*	**Section:** *64*
Allows for money in GRF appropriation item 035-406, ATMS Replacement Project, that is not used for the ATMS project t be used to pay for operating expenses of the Legislative Service Commission. ATMS (Advanced Text Management System) was the bill drafting system formerly used by the Legislative Service Commission. It was replaced with a new system several years ago and funding in this appropriation item is used primarily for maintenance costs and occasional equipment purchases for the House and Senate Clerk's office. Fiscal effect: Potential increase in operating expenditures.	No change.
507 **Subject:** LOEO Study of Head Start and Child Care Partnership Agreements	
	Section: *145.03R*
No provision.	Requires the Legislative Office of Education Oversight (LOEO) to conduct a review of partnership agreements between Head Start providers and child care providers. (See also the item entitled "LOEO Study of Head Start and Child Care Partnership Agreements" in the Department of Job and Family Services.) Fiscal effect: Potential increase in workload for the Legislative Office of Education Oversight.

508 Subject: Ohioana Rental Payments	
Section: *65*	Section: *65*
Requires the State Library Board to use funds in GRF appropriation item 350-401, Ohioana Rental Payments, to pay the rental expenses of the Ohioana Library Association.	No change.
509 Subject: Regional Library Systems	
Section: *65*	Section: *65*
Specifies that funds from GRF appropriation item 350-502, Regional Library Systems, be used to support regional library systems that are eligible for funding under section 3375.01 of the Revised Code.	No change.
510 Subject: Ohio Public Library Information Network	
Section: *65*	Section: *65*
Specifies that funds from appropriation item 350-604, OPLIN Technology, (Fund 4S4) in the general services fund group i both fiscal years and, in fiscal year 2005, GRF appropriation item 350-400, Ohio Public Library Information Network, be used for an information telecommunications network that links public libraries in the state and such others as certified by the 11-member OPLIN Board. The State Library acts as the fiscal agent for OPLIN.	No change.
Requires libraries with OPLIN terminals to adopt policies tha control access to obscene and illegal materials. The OPLIN Board is required to adopt and communicate specific recommendations to local libraries on methods to control such improper usage.	No change.

As Introduced	As Passed by the House
Requires OPLIN, InfOhio, and OhioLink to coordinate and cooperate in the purchase of electronic databases for the users.	No change.
Fiscal effect: None.	No change.

511 **Subject:** **Transfer to OPLIN Technology Fund**

Section: *65*	**Section:** *65*
Requires the Director of Budget and Management to transfer up to $5,000,000 in fiscal year 2004 from the Library and Local Government Support Fund (Fund 065) to appropriation item 350-604, OPLIN Technology, (Fund 4S4) in the general services fund group.	No change.

513 Subject: Electronic Lotteries at Racetracks

No provision.

As Passed by the House

R.C. *3770.02, 3770.05, 3770.06, 3770.22, 3770.23, 3770.24,3770.26, 3770.27, Sections 145.03U through 145.03AA*

Requires the Ohio Lottery Commission to conduct lotteries using electronic gaming devices at horseracing tracks contingent upon a referendum vote on November 4, 2003. If approved by a majority of the votes, the bill specifies conditions under which such electronic lotteries would occur, the number of machines at racetracks, and the distribution o proceeds from those machines. Also, if electronic lotteries a racetracks are approved by the vote, the state sales tax rate shall be 5 percent on and after July 1, 2004.

Electronic lotteries at racetracks will increase revenues in FY 2004 and FY 2005. Electronic sales agents may install u to 2,500 machines per racetrack and are required to pay a licensing fee of $8,000 per machine. This provision will increase revenues up to $140 million for the biennium. Tota revenue gain will depend on the total number of machines installed, the net income per machine, and the timing of construction of facilities and installation of electronic gaming devices. In FY 2004, racetrack owners will receive 49.5 percent of the net proceeds of electronic lotteries and the State Lottery Fund would receive 50.5 percent. In FY 2005 and future years, racetrack owners will receive 48 percent of the net proceeds of electronic lotteries. The remainder of net revenue from the electronic lotteries (52 percent) would be distributed to the State Lottery Fund. The Ohio Department of Alcohol and Drug Addiction Services will receive 0.5 percent of revenues in the State Lottery Fund from the electronic lotteries.

As Introduced	As Passed by the House
	Local governments (counties, cities and townships) where racetracks are located will receive 0.05 percent of net proceeds from the electronic lotteries, from amounts received by the electronic sales agents. The bill adds $400,000 to GRF line item 911-411 Ballot Advertising Costs in the budget of the Controlling Board, and adds $1,500 to GRF line item 875-401 Commission Certification Costs in the budget of the Racing Commission. The bill makes no appropriations to the Ohio Lottery Commission for the various costs of acquiring the electronic gaming devices and administering the electronic lotteries.

514 Subject: Deduct debt owed to state from prizes

	R.C. *3770.073*
No provision.	Requires the Ohio Lottery to deduct from a lump sum or annual installment payments on prizes worth $100 or more any tax, worker's compensation premium, unemployment contribution or other penalty owed by the prize winner until th debt is satisfied. Fiscal effect: This provision will increase revenue. However the fiscal impact is expected to be minimal.

As Introduced	As Passed by the House
515 Subject: **Elimination of the Unclaimed Lottery Prizes Fund**	
R.C. *3770.10, 3770.07,1309.109, 3770.99*	R.C. *3770.10, 3770.07,1309.109, 3770.99*
Eliminates the Unclaimed Lottery Prizes Fund; eliminates the State Lottery Commission's power to conduct lotteries in order to disburse unclaimed prize awards and the related statutory provisions governing these lotteries; and requires a unclaimed prize awards to be returned to the State Lottery Fund. Fiscal effect: These provisions may potentially increase ticket sales and transfers to the Lottery Profits Education Fund.	No change.

As Introduced	As Passed by the House
516 Subject: Operating Expenses	
Section: *67*	Section: *67*
Authorizes the Controlling Board, at the request of the Ohio Lottery Commission, to increase appropriations for operating expenses from the State Lottery Fund up to a maximum of 15 percent of anticipated total revenue from ticket sales.	No change.
517 Subject: Prizes, Bonuses, and Commissions	
Section: *67*	Section: *67*
Appropriates any amounts, in addition to appropriations in item 950-601, Prizes, Bonuses, and Commissions, (Fund 044) in the state lottery fund group that are determined by th Director of the State Lottery Commission to be necessary to fund prizes, bonuses, and commissions.	No change.
518 Subject: Annuity Prizes	
Section: *67*	Section: *67*
Requires the Ohio Lottery Commission, with the approval of the Office of Budget and Management, to transfer cash from the State Lottery Fund Group (Fund 044) to the Deferred Prizes Trust Fund (Fund 871) in an amount sufficient to fund deferred prizes. The Treasurer of State shall credit the Deferred Prizes Trust Fund (Fund 871) the pro-rata share of interest earned by the Treasurer of State on invested balances. Any amounts that are determined by the Director of the Ohio Lottery Commission to be necessary to fund deferred prizes and interest earnings are hereby appropriated.	No change.

As Introduced	As Passed by the House
519 **Subject:** **Transfers to the Lottery Profits Education Fund**	
Section: *67*	**Section:** *67*
Requires the Ohio Lottery Commission to transfer from operations at least $637,900,000 in FY 2004 and $637,900,000 in FY 2005 to the Lottery Profits Education Fund	No change
520 **Subject:** **Transfers of balances in the Unclaimed Prizes Fund to the State Lottery Fund**	
Section: *67*	**Section:** *67*
Requires the transfer of all unencumbered and unalloted balances in the Unclaimed Prizes Fund (Fund 872) as of June 30, 2003, to the State Lottery Fund Group (Fund 044).	No change.

As Introduced	As Passed by the House
521 Subject: Transfer of Orthotics, Prosthetics, and Pedorthotics to Medical Board	
	R.C. *4779.05, 4779.06-4779.12, 4779.15-4779.18, 4779.20-4779.27, 4779.30, 4779.32, 4779.33, Section 145.03C*
No provision.	Abolishes the State Board of Orthotics, Prosthetics, and Pedorthics and transfers that Board's duties to the State Medical Board. Fiscal effect: The State Medical Board expenditures would most likely increase with the assimilation and execution of the new duties. The Board's revenues, which are deposited into the State Medical Board Operating Fund (Fund 5C6) would increase by about $150,000 annually. Appropriations in appropriation item 883-609, State Medical Board Operating, (Fund 5C6) in the general services fund group have been increased by $100,206 in fiscal year 2004 and by $102,395 in fiscal year 2005.

As Introduced	As Passed by the House
522 Subject: Separate or Combined Boards for Alcohol, Drug Addiction, and Mental Health Services	
	R.C. *340.021*
No provision.	Sets January 1, 2004, as the deadline for permitting counties with a population of 250,000 or more to combine alcohol, drug addiction and mental health boards that were established in 1989 as separate boards. Fiscal effect: This provision could result in savings by reducing duplication in board operations for those larger counties that merge alcohol and drug addiction and mental health boards. At this time, it is difficult to know whether any counties will merge their boards.
523 Subject: Federal Medicaid Reimbursement for ADAMHS Board Administrative Costs	
	R.C. *5111.025*
No provision.	Requires, rather than permits, the Director of Job and Family Services to modify or establish a new method for paying for Medicaid-covered community mental health and alcohol and drug addiction services and requires that the modified or new manner include a provision for obtaining federal financia participation for the costs that each board of alcohol, drug addiction, and mental health services incurs in its administration of those services. Fiscal effect: Could increase Medicaid reimbursement to ADAMHS boards for administrative costs.

As Introduced	As Passed by the House
524 Subject: Forensic Services	
Section: *69*	Section: *69*
Restricts how funds in GRF appropriation item 322-401, Forensic Services, may be used as follows: (1) To provide psychiatric services to courts of common pleas; (2) Funds to be allocated through community mental health boards to certified community agencies in accordance with administrative rule to be used for forensic training to community mental health boards and to forensic psychiatric residency programs in state psychiatric hospitals and to provide psychiatric evaluations of patients of forensic status in DMH facilities prior to conditional release to the community; (3) To support projects involving mental health, substance abuse, courts, and law enforcement to identify and develop appropriate alternative services to institutionalization for non violent mentally ill offenders, and to provide linkages to community services for severely mentally disabled offenders released from Department of Rehabilitation and Correction institutions; and (4) To provide forensic monitoring and tracking in addition to community programs serving persons of forensic status on conditional release or probation.	No change.
525 Subject: Residency Traineeship Programs	
Section: *69*	Section: *69*
Requires that GRF appropriation item 333-402, Resident Trainees, be used to fund training agreements entered into by DMH for the development of curricula and the provision o training programs to support public mental health services.	No change.

As Introduced	As Passed by the House
526 Subject: Pre-admission Screening Expenses	
Section: *69*	Section: *69*
Requires that GRF appropriation item 333-403, Pre-Admission Screening Expenses, be used to ensure that uniform methods for pre-admission screening for persons in need of mental health services be in place statewide.	No change.
527 Subject: Lease Rental Payments	
Section: *69*	Section: *69*
Sets an aggregate limit of $51.0 million that DMH may pay to the Ohio Public Facilities Commission from GRF appropriation item 333-415, Rental Payments OPFC, pursuant to leases and agreements made under section 154.20 of the Revised Code.	No change.
528 Subject: Community Mental Health Board Risk Fund	
Section: *69.01*	Section: *69.01*
Requires that appropriation item 334-636, Community Mental Health Board Risk Fund, (Fund 692) in the state special revenue fund group, be used to make payments pursuant to section 5119.62 of the Revised Code.	No change.
529 Subject: Community Medication Subsidy	
Section: *69.03*	Section: *69.03*
Requires that GRF appropriation item 335-419, Community Medication Subsidy, must be used to provide subsidized support for psychotropic medication needs of indigent citizens in the community to reduce unnecessary hospitalization because of lack of medication. It also may be used to provide subsidized support for methadone costs.	No change.

As Introduced	As Passed by the House
530 Subject: Local Mental Health Systems of Care	
Section: *69.03*	Section: *69.03*
Requires that GRF appropriation item 335-505, Local Menta Health Systems of Care, be used for mental health services provided by community mental health boards in accordance with a community mental health plan submitted pursuant to section 340.03 of the Revised Code and as approved by the Department. Requires at least $34,478,611 in FY 2004 and at least $34,439,670 in FY 2005 be distributed by the Department or a per capita basis to community mental health boards. Earmarks $100,000 in each fiscal year to fund family and consumer education and support	No change.
531 Subject: Behavioral Health Medicaid Services	
Section: *69.03*	Section: *69.03*
Requires DMH to administer the IMD Medicaid program as delegated by the Department of Human Services, and requires DMH to use funds in appropriation item 333-607, Behavioral Health Medicaid Services, (Fund 4X5) in the state special revenue fund group, to make payments for free standing psychiatric hospital inpatient services.	No change.

As Introduced	As Passed by the House
532 Subject: Berea Children's Home	
	Section: *131E*
No provision.	Moves the $250,000 appropriation and earmark for the Berea Children's Home from CAP-480, Community Assistance Projects, in the Department of Mental Retardation and Developmental Disabilities, to CAP-479, Community Assistance Projects, in the Department of Menta Health. Earmarking language requires the Department of Mental Health to use $250,000 of CAP-479, Community Assistance Projects, for the Berea Children's Home.
533 Subject: Achievement Centers for Children in Cuyahoga County	
	Section: *131E*
No provision.	Moves the $500,000 capital appropriation and earmark for the Achievement Centers for Children in Cuyahoga County from CAP-479, Community Assistance Projects, in the Department of Mental Health, to CAP-480, Community Assistance Projects, in the Department of Mental Retardation and Developmental Disabilities. Earmarking language requires the Department of Mental Retardation anc Developmental Disabilities to use $500,000 of CAP-480, Community Assistance Projects, for the Achievement Centers for Children in Cuyahoga County.

534 Subject: Priority Category for County MR/DD Board Waiting List	
R.C. *5111.872, 5126.042*	R.C. *5111.872, 5126.042*
Establishes a priority category for waiting lists established by county boards of mental retardation and developmental disabilities applicable to individuals residing in a nursing facility who are eligible for home and community-based services and willing and able to move. Fiscal effect: None.	No change.
535 Subject: Collection of Money Owed the State	
R.C. *5123.051*	R.C. *5123.051*
Expands the authority of the Department of Mental Retardation and Developmental Disabilities to collect money owed the state in installments by allowing payment agreements to be entered into with any person or government entity, rather than only service and program providers. Fiscal effect: This provision expands the Department's authority to collect money owed to them. Currently, paymen agreements can only be entered into with service and program providers as a result of an audit.	No provision.

As Introduced	As Passed by the House
536 Subject: Licensed Bed Capacity of MR/DD Residential Facilities and Transfer of Funds	
R.C. *5123.19, 5123.198*	R.C. *5123.19, 5123.198*
Provides that, whenever a resident of an intermediate care facility for the mentally retarded (ICF/MR) is committed to a state-operated ICF/MR, the Department of Mental Retardation and Developmental Disabilities must reduce by one the number of residents for which the facility is licensed, unless the facility admits a resident of a state-operated facility or another individual designated by the Department within ninety days after the resident is committed to the state operated facility. Requires the Department of Job and Family Services if the resident is not replaced to transfer to the Department of Mental Retardation and Developmental Disabilities the nonfederal share of Medicaid expenditures saved, which are to be used to cover the resident's care in the state-operated ICF/MR. Fiscal effect: According to the Department, this provision is vital if two developmental centers are going to be closed. The provision will allow the Department to control intake and costs.	No change.

As Introduced	As Passed by the House
537 Subject: Rules Governing MR/DD Residential Facilities	
R.C. *5123.19*	R.C. *5123.19*
Requires that the rules of the Department of Mental Retardation and Developmental Disabilities for licensing and regulating residential facilities for persons with mental retardation or a developmental disability include rules for intermediate care facilities for the mentally retarded (ICFs/MR) and provides that those rules may differ from the rules for other residential facilities. Fiscal effect: This provision will give the Department the flexibility to control costs and growth in the ICF/MR system. Consequently, the Department's potential fiscal liability that would occur with growth in the ICF/MR system will be reduced.	No change.
538 Subject: MR/DD Residential Facility License Without Development Plan	
	R.C. *5123.1910, 5123.19, 5123.196*
No provision.	Requires the Director of Mental Retardation and Developmental Disabilities to issue one or more MR/DD residential facility licenses to an applicant without requiring the applicant to have development plans submitted, reviewed, or approved and notwithstanding a cap on the maximum number of MR/DD residential facility beds, if certain conditions are satisfied. Fiscal effect: The fiscal effect on the Department would depend on the number of new facilities that qualify for licensure based on the conditions of the provision.

As Introduced	As Passed by the House
539 Subject: Cap on the Number of Residential Facility Beds	
R.C. *5123.196, 5123.19, 5123.197*	R.C. *5123.196, 5123.19, 5123.197*
Repeals the moratorium on new residential facility beds in effect until October 15, 2003, and establishes a permanent cap on the number of beds in residential facilities licensed by the Director of Mental Retardation and Developmental Disabilities. Requires a residential facility to take out of service as a residential facility bed any bed located in the facility that is converted to use for supported living and provides that the number of residential facility beds that a residential facility is licensed to have is to be reduced by each bed taken out of service. Fiscal effect: The provision aligns the number of ICF/MR beds currently licensed by the Department with the number of beds currently being used in the system. The provision will allow the Department to control growth in the system, and, consequently, limit their fiscal liability.	No change.
540 Subject: Use of County Allocations for Costs of State-Operated ICF/MR	
R.C. *5123.38*	R.C. *5123.38*
Requires, with certain exceptions, the Department of Mental Retardation and Developmental Disabilities to use funds otherwise allocated to a county board of mental retardation and developmental disabilities to cover the nonfederal share of the cost of Medicaid services to an individual committed to a state-operated ICF/MR if the individual received supported living or home and community-based services funded by the county MR/DD board. Fiscal effect: According to the Department, this provision is vital if two developmental centers are going to be closed. The provision will allow the Department to control system intake and costs.	No change.

As Introduced	As Passed by the House
541 Subject: Apprehension of MR/DD Institution Escapees	
R.C. *5123.801*	R.C. *5123.801*
Eliminates a provision requiring that measures be taken to apprehend a person who escapes from an institution controlled by the Department of Mental Retardation and Developmental Disabilities (MR/DD institution) and that the MR/DD institution bear the cost of the person's return. Fiscal effect: According to the Department, this provision is cleaning up language that was viewed as insensitive to developmental center residents. The language being amended implies that residents are "inmates" and held against their will. The Department states the county board and the facility will still be responsible for the cost of returnin residents to the institution.	No change.
542 Subject: Personal Items Provided When Leaving MR/DD Institutions	
R.C. *5123.851*	R.C. *5123.851*
Allows an MR/DD institution to provide a discharged residen with personal items purchased in implementing the resident's habilitation plan, regardless of the funding source used to purchase the items. Fiscal effect: This provision will allow a resident to take specialized equipment purchased in conjunction with the resident's habilitation plan when the resident leaves an MR/DD institution. Currently, residents that leave MR/DD institutions cannot take such equipment. Thus, the county board of MR/DD or community provider often has to replace the equipment. The Department states that the equipment left behind is often so specialized that it remains unused by the institution. The Department does not foresee any additional costs arising to replace equipment residents take with them.	No change.

543 **Subject:** **Lease-Rental Payments**	
Section: *70.01*	**Section:** *70.01*
Sets an aggregate limit of $49,142,400 that the Department may pay from GRF appropriation item 320-415, Lease-Rental Payments, pursuant to leases and agreements made under section 154.20 of the Revised Code.	No change.
544 **Subject:** **Residential and Support Services**	
Section: *70.02*	**Section:** *70.02*
Allows GRF appropriation line item 322-413, Residential and Support Services, to be used for the following purposes: 1) Sermak Class Services used to implement the requirements of the consent decree in Sermak v. Manuel, Case No. c-2-80-220, United States District Court for the Southern District of Ohio, Eastern Division; 2) Other Medicaid-reimbursed programs, in an amount not to exceed $1.0 million in each fiscal year, that enable persons with mental retardation and developmental disabilities to live in the community.	No change.

As Introduced

545 **Subject:** **Waiver State Match**

Section: *70.02*

Requires GRF appropriation item 322-416, Waiver State Match, be used for the following purposes:
1) Home and community-based waiver services pursuant to Title XIX of the "Social Security Act" 49 Stat. 620 (1935), 42 U.S.C. 301, as amended;
2) Services contracted by county boards of MR/DD;
3) To pay the nonfederal share of the cost of one or more new intermediate care facility for the mentally retarded certified beds in a county where the county board of MR/DD does not initiate or support the development or certification of such beds, if the Department is required to transfer such funds to the Department of Job and Family Services;
4) Permits the Department to designate a portion of GRF appropriation item 322-416, Waiver State Match, to county boards of MR/DD that have a greater need for residential and support services due to a low percentage of residential and support services development in comparison to the number of individuals with MR/DD in the county.

As Passed by the House

Section: *70.02*

Same as the Executive, but removes the provision requiring GRF appropriation line item 322-416, Waiver State Match, to pay the nonfederal share of the cost of one or more new intermediate care facility for the mentally retarded certified beds in a county where the county board of MR/DD does not initiate or support the development or certification of such beds to the Department of Job and Family Services since language requiring such a transfer has been removed from the bill (see also "Transfer of Funds for Medicaid Costs of ICF/MR Beds").

546 Subject: Supported Living	
Section: *70.02*	Section: *70.02*
Requires GRF appropriation item 322-417, Supported Living, be used for the following: 1) Supported living services contracted by county boards of MR/DD in accordance with sections 5126.40 to 5126.47 of the Revised Code; 2) Nonfederal share of the cost of one or more new intermediate care facility for the mentally retarded certified beds in a county where the county board of MR/DD does not initiate or support the development or certification of such beds, if the Department is required to transfer such funds to the Department of Job and Family Services.	Same as the Executive, but removes the provision requiring GRF appropriation line item 322-417, Supported Living, to pay the nonfederal share of the cost of one or more new intermediate care facility for the mentally retarded certified beds in a county where the county board of MR/DD does not initiate or support the development or certification of such beds to the Department of Job and Family Services since language requiring such a transfer has been removed from the bill (see also "Transfer of Funds for Medicaid Costs of ICF/MR Beds").
547 Subject: Other Residential and Support Service Programs	
Section: *70.02*	Section: *70.02*
Permits the Department to use GRF appropriation items 322 413, Residential and Support Services; 322-416, Waiver State Match; or 322-417, Supported Living, to develop, notwithstanding Chapters 5123. and 5126. of the Revised Code, residential and support service programs that enable persons with MR/DD to live in the community. The Department may waive the support collection requirements of Chapter 5121. and section 5123.122 of the Revised Code for persons in community programs developed by the Department under this provision.	No change.

549 Subject: Service and Support Administration	
Section: *70.02*	Section: *70.02*
Allocates funding through GRF appropriation item 322-452, Service and Support Administration, for the following: 1) Provide funds to county boards of MR/DD to provide service and support administration and to assist in bringing state funding for service and support administrators to the level authorized in section 5126.15 of the Revised Code. The Department may request approval from the Controlling Board to transfer any unobligated appropriation authority from other state GRF appropriation items within the Department's budget to appropriation item 322-452, Service and Support Administration, to be used to meet the statutory funding level in section 5123.15 of the Revised Code. No county may receive less than its FY 1995 allocation; 2) Pay the nonfederal share of the cost of one or more new intermediate care facility for the mentally retarded certified beds in a county where the county board of MR/DD initiates or supports the development or certification of such beds, if the Department is required to transfer such money to the Department of Job and Family Services.	Same as the Executive, but removes the provision requiring GRF appropriation line item 322-452, Service and Support Administration, to pay the nonfederal share of the cost of one or more new intermediate care facility for the mentally retarded certified beds in a county where the county board of MR/DD initiates or supports the development or certification of such beds to the Department of Job and Family Services since language requiring such a transfer has been removed from the bill (see also "Transfer of Funds for Medicaid Costs of ICF/MR Beds").

550 Subject: State Subsidies to MR/DD Boards	
Section: *70.02*	Section: *70.02*
Requires the Department to use GRF appropriation item 322-501, County Boards Subsidies, to distribute funds to county boards of MR/DD pursuant to section 5126.12 of the Revised Code to the limit of the lesser of the amount required by that section or the appropriation in appropriation line item 322-501, County Boards Subsidies, prorated to all county boards of MR/DD. Allows the Department to use GRF appropriation item, 322-501, County Boards Subsidies, to pay the nonfederal share of one or more new intermediate care facility for the mentally retarded certified beds in a county where the county board of MR/DD initiates or supports the development or certification of such beds, if the Department is required to transfer such funds to the Department of Job and Family Services.	Same as the Executive, but removes the provision requiring GRF appropriation line item 322-501, County Board Subsidies, to pay the nonfederal share of the cost of one or more new intermediate care facility for the mentally retarded certified beds in a county where the county board of MR/DD initiates or supports the development or certification of such beds to the Department of Job and Family Services since language requiring such a transfer has been removed from the bill (see also "Transfer of Funds for Medicaid Costs of ICF/MR Beds").
551 Subject: Tax Equity	
Section: *70.02*	Section: *70.02*
Requires GRF appropriation item 322-503, Tax Equity, to be used to fund the Tax Equalization program created under section 5126.18 of the Revised Code.	No change.

552 Subject: Intersystem Services for Children	
Section: *70.02*	Section: *70.02*
Requires that appropriation item 322-645, Intersystem Services for Children, (Fund 4J6) in the General Services Fund Group be used to support direct grants to county family and children first councils to be used as partial support payment and reimbursement for locally coordinated treatment plans for multi-needs children that come to the attention of the Family and Children First Cabinet Council. The Department may use up to five percent of this appropriation for administrative expenses associated with the distribution of funds to county councils.	No change.
553 Subject: Waiver Match	
Section: *70.02*	Section: *70.02*
Requires that appropriation line item 322-604, Waiver-Match, (Fund 4K8) in the State Special Revenue Group be used as state matching funds for home and community-based waivers.	No change.
554 Subject: Developmental Center Program to Develop a Model Billing for Services Rendered	
Section: *70.03*	Section: *70.03*
Allows the Department to develop a methodology for recovery of all costs associated with developmental centers providing services to persons with MR/DD living in the community or to providers of services to these persons.	No change.

As Introduced	As Passed by the House
555 Subject: Transfer of Funds for Developmental Center Pharmacy Programs	
Section: *70.04*	Section: *70.04*
Requires the Department to pay the Department of Job and Family Services the nonfederal share of Medicaid prescription drug claim costs for all developmental centers quarterly through intrastate transfer voucher.	No change.
556 Subject: Executive Branch Committee on Medicaid Redesign and Expansion of MR/DD Services	
Section: *70.05*	Section: *70.05*
Continues the Executive Branch Committee on Medicaid Redesign and Expansion of MR/DD Services, as established by Am. Sub. H.B. 94 of the 124th General Assembly. The Committee shall cease to exist upon the submission of a final report to the Governor.	No change.
557 Subject: Achievement Centers for Children in Cuyahoga County	
	Section: *131E*
No provision.	Moves the $500,000 capital appropriation and earmark for the Achievement Centers for Children in Cuyahoga County from CAP-479, Community Assistance Projects, in the Department of Mental Health, to CAP-480, Community Assistance Projects, in the Department of Mental Retardation and Developmental Disabilities. Earmarking language requires the Department of Mental Retardation and Developmental Disabilities to use $500,000 of CAP-480, Community Assistance Projects, for the Achievement Centers for Children in Cuyahoga County.

As Introduced	As Passed by the House
558 Subject: Berea Children's Home	
	Section: *131E*
No provision.	Moves the $250,000 capital appropriation and earmark for the Berea Children's Home from CAP-480, Community Assistance Projects, in the Department of Mental Retardation and Developmental Disabilities, to CAP-479, Community Assistance Projects, in the Department of Menta Health. Earmarking language requires the Department of Mental Health to use $250,000 of CAP-479, Community Assistance Projects, for the Berea Children's Home.
559 Subject: Transfer of Funds for Medicaid Costs of ICF/MR Beds	
Section: *141*	Section: *141*
Requires the Director of Mental Retardation and Developmental Disabilities to transfer specific funds to the Department of Job and Family Services to pay the nonfederal share of the cost under Medicaid for newly certified intermediate care facility for the mentally retarded beds. If the beds are located in a county served by a county board that initiates or supports the beds' certification, funds appropriated for family support services, service and suppor administration, and other services shall be used to pay the nonfederal share of the cost under Medicaid for those beds (see Family Support Services, Service and Support Administration, and State Subsidies to MR/DD Boards). If the beds are located in a county served by a county board that does not initiate or support the beds' certification, funds appropriated for home and community-based services and Supported Living shall be used to pay the nonfederal share of the cost under Medicaid for those beds (see Waiver State Match and Supported Living).	No provision.

560 Subject: Ohio Autism Task Force	
	Section: *145.03A*
No provision.	Creates the Ohio Autism Task Force consisting of 21 members to study and make recommendations regarding the growing incidence of autism and ways to improve the delivery of autism services in Ohio. Provides that the Task Force ceases to exist on submission of a report of its recommendations to the Governor, Speaker of the House of Representatives, and President of the Senate one year after the act's effective date. Fiscal effect: The Department of Mental Retardation and Developmental Disabilities is responsible for providing meeting facilities and other support as necessary. However, any such costs appear to be minimal.
561 Subject: Task Force to Eliminate Health Services Duplication	
	Section: *145.03B*
No provision.	Creates the Task Force to Eliminate Health Services Duplication to evaluate the feasibility of combining the Commission on Minority Affairs and the Departments of Aging, Alcohol, and Drug Addiction Services, Health, Mental Health, and Mental Retardation and Developmental Disabilities and creating a centralized services procurement point. Requires the Task Force to submit a report of its findings and recommendations to the General Assembly by March 31, 2004. Fiscal effect: Any departmental costs associated with this provision appear to be minimal.

563 Subject: Elimination of Civilian Conservation Corps	
R.C. *121.04, 1553.01 through 1553.10, 1533.99, 1501.04, 3517.092*	R.C. *121.04, 1553.01 through 1553.10, 1533.99, 1501.04, 3517.092*
Repeals the Civilian Conservation Law, thus eliminating the Division of Civilian Conservation in the Department of Natural Resources, the Civilian Conservation Advisory Council, Civilian Conservation programs, and all related statutory provisions. Fiscal effect: The program received TANF Title XX funds in FY 2002 and federal workforce development moneys (WIA) in FY 2003. Since corps members receive the minimum wage, the Department may have to pay more for conservation services that were formerly performed by corps members. The Corps performed $1.9 million in conservatior projects in FY 2003. Also, many of the current and past corp members have been juvenile offenders, thus participation in the Civilian Conservation Corps may have curtailed some of the members' criminal activities; as a result, participation in the corps may have contributed to savings in youth services. Any possible savings would be foregone with the repeal of the program.	No change.

564 Subject: Creation of Sustainable Forestry Initiative	
R.C. *1503.011, 1503.05, 1503.50 through 1503.58, 1503.99*	R.C. *1503.011, 1503.05, 1503.50 through 1503.58, 1503.99*
Creates the Sustainable Forestry Program, which must be in place by July 1, 2004, for the licensure and regulation of timber buyers. This program requires: (1) timber buyers to pay a sustainable forestry fee for a timber buying transactior (2) landowners who convert land from a forest use to a nonforest, nonagricultural use to pay a per-acre conversion fee; (3) all fees shall be credited to appropriation item 725-602, State Forest (Fund 509), which is used for the development and administration of state forests, forest nurseries, and forest programs. The Chief of the Division of Forestry is authorized to establish and administer a cost-share program where the state may share costs with private forest landowners in order to enhance forest sustainability in Ohio. The Chief is authorized to establish and administer a grant program for the purpose of enhancing the sustainabilit and economic development of forests in Ohio. Fiscal effect: This program will generate approximately $3 million in revenue each fiscal year beginning in FY 2005. According to the Department, approximately $63,000 in fiscal year 2005 of GRF appropriation item 727-321, Division of Forestry, will be used for the implementation of this initiative.	No provision.

As Introduced

565 **Subject: Reallocation of State Timber Revenue**

No provision.

As Passed by the House

R.C. *1503.05*

Allocates 20% of the money from the sale of standing timber from state forest lands to appropriation item 725-602, State Forest Fund (Fund 509) and 80 percent to the GRF. Currently, 100% of revenues go to the GRF. Also, clarifies that the money that is distributed to counties, townships, and school districts from the sale of products from state forest lands is from the sale of standing timber. Reduces the amount that is so distributed from 80% to 70% of the gross value of the standing timber.

Fiscal Effect: Increase of revenues to appropriation item 725-602, State Forest Fund (Fund 509). Decrease of revenues to the GRF.

566 **Subject:** **Elimination of the Reclamation Commission**

R.C. *1509.06, 1509.08, 1513.02, 1513.05, 1513.07, 1513.13, 1513.131, 1513.14, 1513.16, 1514.021, 1514.071, 1514.09, 1514.10, 1561.35, 1561.351, 1561.51, 1563.13, 3745.04, 6111.044*

Abolishes the Reclamation Commission, which hears appeals of decisions of the Chief of the Division of Mineral Resources Management in the Department of Natural Resources. The functions of the Commission are transferred to the Environmental Review Appeals Commission (ERAC), except for appeals regarding the Chief's decisions about the relocation or the plugging and abandonment of an oil or gas well. These functions are transferred to the Oil and Gas Commission. The ERAC is required to follow procedures when hearing appeals regarding decisions made by the Chief. (See Elimination of the Reclamation Commission in the Environmental Review Appeals Commission section)
Fiscal effect: GRF appropriation item 725-412, Reclamation Commission, received approximately $58,000 in FY 2003. The appropriation item receives no funding in FYs 2004 and 2005. The Department estimates that costs for the Reclamation Commission were closer to $150,000 to $175,000 in FY 2003.

As Passed by the House

R.C. *1509.06, 1509.08, 1513.02, 1513.05, 1513.07, 1513.13, 1513.131, 1513.14, 1513.16, 1514.021, 1514.071, 1514.09, 1514.10, 1561.35, 1561.351, 1561.51, 1563.13, 3745.04, 6111.044*

Restores current law by eliminating the provision in the Executive that abolished the Reclamation Commission and transferred its duties to the Environmental Review Appeals Commission. Requires that one of the seven members of the Reclamation Commission be an attorney who is familiar with mining issues. This must be met no later than five years from the effective date of the amendment.
Fiscal effect: GRF appropriation item, 725-412, Reclamation Commission, receives $57,934 each fiscal year as a result.

567 Subject: Industrial Mineral and Coal Severance Tax	
R.C. *1513.02, 1513.07, 1513.10, 1513.16, 5749.02*	R.C. *1513.02, 1513.07, 1513.10, 1513.16, 5749.02*
Eliminates the coal mining and reclamation permit or renewa fee of $75 per acre of land affected by the coal mining operation. It also eliminates the excess permit or renewal fee refunds to which an operator is entitled, in cases where the coal mining operation affects a smaller area than the number of acres of land for which the operator paid the permit or renewal fee. As a result of the elimination of the permit or renewal fee, the mineral severance tax on coal is increased from seven cents to ten cents per ton of coal. Th provision also modifies the allocation of the mineral severance tax. Lastly, the coal severance tax is increased from one cent to five cents per ton of coal for reclamation efforts. The limitation that it apply to permits issued after April 10, 1972, but before September 1, 1981 is removed. Fiscal effect: The four cent increase in the coal severance tax will generate approximately $940,000 each fiscal year, which will be used to reclaim land that a mine operator has not reclaimed. The revenues from the three cent increase o the mineral severance tax on coal will replace the coal minin and reclamation permit or renewal fee. As a result, there wil be no net revenue change. The reallocation of the mineral severance taxes collected will reallocate approximately $1.2 million from appropriation item 725-639, Unreclaimed Land (Fund 529), to other Department funds to provide geologic mapping of available mineral resources and mine safety training.	No provision.

As Introduced	As Passed by the House
568 Subject: Clean Ohio Trail Fund	
R.C. *1519.05*	R.C. *1519.05*
Allows for the continued use of investment income from the Clean Ohio Trails Fund to partially fund the cost of implementing the Clean Ohio Trails Grant Program. This eliminates a sunset provision authorizing investment earnings of the Clean Ohio Trail Fund, to be used only until July 26, 2003. Fiscal effect: Appropriation item 725-405, Clean Ohio Operating (Fund 061), has spending authority of $155,000 each fiscal year. This provision allows the Department to us this appropriation for the Clean Ohio Trails Grant Program.	No change.
569 Subject: Dam Permit and Annual Fees	
R.C. *1521.06, 1521.063*	R.C. *1521.06, 1521.063*
Increases the fees for obtaining a permit from the Chief of th Division of Water in the Department of Natural Resources fo the construction of a dam. The $200 amount that was required to be paid by political subdivisions is eliminated. Thus, the political subdivisions will be required to pay the higher fee amounts. The minimum fees are increased from $200 to $1,000 and the maximum fee is increased from $50,000 to $100,000. The annual fee that dam owners must pay is also increased. Class I dams are increased from $30 plus $3 per foot of height of dam to $30 plus $10 per foot of height dam. Political subdivisions are subjected to the fee requirement. The federal government is exempt from the requirement. Fiscal effect: Increase in revenues of approximately $260,000 per fiscal year to appropriation item 725-661, Dam Safety (Fund 615).	No change.

Increases fees for various licenses, permits, and stamps that are issued by the Division of Wildlife. The fees increased are for the following: wild animal collecting permit, wildlife conservation stamp, field trial permit, fur dealer's permit, permit to transport fish, permit for sales of minnows, crayfish or hellgrammites, permit to handle commercial fish at wholesale, commercial propagating license, and noncommercial propagating license. It also increases the amount of the royalty fees on the species of fish taken commercially. Fiscal effect: Increase in revenues for the Division of Wildlife of approximately $53,000 per fiscal year in Fund 015.	No change.
571 Subject: Hunting and Fishing License and Permit Fees	
R.C. *1533.10, 1533.101, 1533.11, 1533.111, 1533.112, 1533.13, 1533.32*	R.C. *1533.10, 1533.101, 1533.11, 1533.111, 1533.112, 1533.13, 1533.32*
Increases the fees for hunting and fishing licenses, permits, and stamps that are issued by the Division of Wildlife. The fees for various hunting and fishing licenses are increased as well as the fees for fur taker permits, special deer or special wild turkey permits, wetlands habitat stamps, and reissuances of licenses, permits, or stamps. Fiscal effect: There will be an increase in revenues to the Division of Wildlife of approximately $5.9 million per fiscal year in Fund 015.	No change.

As Introduced	As Passed by the House
572 Subject: Senior Hunting and Fishing License Fee Phase-in	
R.C. *1533.12*	R.C. *1533.12*
Eliminates the free hunting, trapping, and fishing licenses for seniors who are 66 years of age or older. Instead, residents who were born on or before December 31, 1937, would be eligible for free hunting, trapping, and fishing licenses. Residents who are 66 years of age or older would be eligible for a reduced rate license. Fiscal effect: This will result in an increase of revenues of $160,000 in Fund 015 in FY 2005 and $515,000 in FY 2006 for the Division of Wildlife. The increase will be proportional after that.	No change.
573 Subject: Mine Safety Inspection Program	
R.C. *1561.31*	R.C. *1561.31*
Requires deputy mine inspectors to inspect underground coal and mineral mines not less than four times per calendar year and mineral mines not less than two times per calendar year instead of at intervals not exceeding three months as under current law. Also, there is a requirement that an inspector provide, to the superintendent of the mine, information concerning the health and safety conditions of the mine operation and revises the list of conditions and equipment that an inspector must examine in a mine. Fiscal effect: None.	No provision.

574 Subject: Fountain Square	
Section: *73.01*	Section: *73.01*
Allows the maximum aggregate amount of payments required from DNR by the Ohio Building Authority, pursuant to leases and agreements, to be $2,188,000 in GRF appropriation item 725-404, Fountain Square Rental Payments-OBA from July 1, 2003 to June 30, 2005. This provision also distinguishes that appropriation item 725-664, Fountain Square Facilities Management (Fund 635), is used for payments associated with maintenance of the buildings. Fountain Square is the building complex that houses the administrative offices for the Department and is located in north Columbus.	No change.
575 Subject: Lease Rental Payments	
Section: *73.01*	Section: *73.01*
Allows the maximum aggregate amount of payments to be $32,776,000 in GRF appropriation item 725-413, OPFC Lease Rental Payments for the period of July 1, 2003 to Jun 30, 2005.	No change.

576 Subject: Natural Resources General Obligation Debt Service	
Section: *73.01*	Section: *73.01*
Mandates that the payment of debt service and financing costs come from line item 725-903, Natural Resources General Obligation Debt Service, during the period July 1, 2003 to June 30, 2005. The Natural Resources General Obligation Debt Service item funds debt service on capital improvements to land and water recreational facilities, soil and water protection equipment and facilities, and other improvements related to the state's natural resources programs. The Office of the Sinking Fund or the Director of Budget and Management shall effectuate the required payments by an intrastate transfer voucher.	No change.
577 Subject: Wildlife License Reimbursement	
Section: *73.02*	Section: *73.02*
Allows the amount available in GRF appropriation item 725-425, Wildlife License Reimbursement, to be transferred from the GRF to the Wildlife Fund (Fund 015) to reimburse the Wildlife Fund for the cost of hunting and fishing licenses and permits issued after June 20, 1990 to exempt individuals.	No change.
578 Subject: Canal Lands	
Section: *73.02*	Section: *73.02*
Requires a transfer from GRF appropriation item 725-456, Canal Lands to the Canal Lands Fund (Fund 430) for the State Canal Lands Program.	No change.

579 Subject: Soil and Water Districts	
Section: *73.02*	Section: *73.02*
Authorizes annual subsidies of up to $30,000, from GRF appropriation item 725-502, Soil and Water Districts, to county soil and water conservation districts upon receipt of request and approval from the Ohio Soil and Water Conservation Commission. Moneys received shall be expended for the purposes of the district.	Adds the following earmarks: (1) $28,000 in each fiscal year for the Conservation Action Program; (2) $120,000 in FY 2004 to the Franklin County Soil and Water District; (3) $50,000 in each fiscal year for the Rush Creek Watershed; and (4) $175,000 in FY 2004 for the Indian Lake Watershed; (5) $120,000 in each fiscal year for the relocation of Route 30; and (6) $150,000 in each fiscal year for the Muskingum Conservancy District.
580 Subject: Fund Consolidation	
Section: *73.02*	Section: *73.02*
Specifies that on July 15, 2003, or as soon thereafter as possible, the Director of Budget and Management shall transfer the cash balance as certified by the Director of Natural Resources from the Real Estate and Land Management – Federal Fund (Fund 3P3) to the REALM – Federal Fund (Fund 325). The Director shall transfer any outstanding encumbrances against appropriation item 725-650, Real Estate and Land Management – Federal, that are associated with the REALM federal programs and reestablish them against appropriation item 725-657, REALM – Federal.	No change.

As Introduced	As Passed by the House
581 Subject: Oil and Gas Well Plugging	
Section: *73.02*	Section: *73.02*
Specifies that funds from appropriation item 725-677, Oil and Gas Well Plugging (Fund 518), shall be used exclusively for plugging wells and to properly restore the land surface of idle and orphan oil and gas wells. No funds shall be used for the following: salaries, maintenance, equipment, or other administrative purposes, except for costs that are directly attributed to the plugging of an idle or orphan well. Appropriation authority from this appropriation item shall not be transferred to any other fund or line item.	No change.
582 Subject: Clean Ohio Operating Expenses	
Section: *73.02*	Section: *73.02*
Specifies that appropriation item 725-405, Clean Ohio Operating (Fund 061), shall be used by the Department of Natural Resources in administering section 1519.05 of the Revised Code.	No change.
583 Subject: Watercraft Marine Patrol	
Section: *73.02*	Section: *73.02*
Specifies that not more than $200,000 in appropriation item 739-401, Division of Watercraft (Fund 086), in each fiscal year, shall be used to purchase equipment for marine patrols that qualify for funding from the Department of Natural Resources. Proposals for equipment shall accompany the submission of documentation for receipt of a marine patrol subsidy and shall be loaned to eligible marine patrols pursuant to a cooperative agreement between the Department of Natural Resources and the eligible marine patrol.	No change.

584 Subject: Elimination of Civilian Conservation Corps	
Section: *73.02*	Section: *73.02*
Specifies that not later than June 30, 2004, the Director of Natural Resources shall distribute, allocate, salvage, or transfer all assets, equipment, supplies, and cash balances of the Division of Civilian Conservation to other operating divisions of the Department of Natural Resources as determined by the Director. The Director shall maintain a record of such disposition of all assets. The Director shall also maintain balances within the Civilian Conservation Corps Fund to pay all outstanding obligations, including unemployment and other costs associated with the orderly closure of the Division of Civilian Conservation. Amounts necessary for closure are appropriated. Fiscal effect: The Civilian Conservation Corps program was funded by TANF Title XX funds administered by the Department of Jobs and Family Services in FY 2002 and Workforce Investment Act funds (WIA) in FY 2003. The CC(performs $1.9 million in conservation projects each year.	No change.

585 Subject: Continuing Education Activities and Fee Changes	
R.C. *4723.06, 4723.08, 4723.082*	R.C. *4723.06, 4723.08, 4723.082*
Creates the following new fees: (1) Participation in a board-sponsored continuing education activity, up to $15. (2) Replacement of a certificate to prescribe, $25. (3) Issuance or replacement of an intravenous therapy card, $25. (4) Out-of-state survey visits of nursing education programs operating in Ohio, $2,000. Increases the following fees: (1) Application for licensure by examination or endorsement $75 (from $50). (2) Replacement copy of a nursing license, $25 (from $15). (3) Replacement copy of a certificate of authority, $25 (from $15). (4) Replacement copy of a dialysis technician certificate, $25 (from $15). (4) Biennial renewal of a nursing license that expires on or after August 31, 2004, $65 (from $45). Mandates that fees for board-sponsored continuing education activities are to be deposited in appropriation item 884-601, the Nursing Special Issues Fund (Fund 5P8). Fiscal effect: The new and increased proposed fees would generate about $3 million in FY 2004 and $1 million in FY 2005 in new revenue for appropriation item 884-609, Operating Exepenses (Fund 4K9). They will also generate about $500,000 in each fiscal year in appropriation item 884-601, the Nursing Special Issues Fund (Fund 5P8).	No change.

As Introduced	As Passed by the House
586 Subject: Ohio State Board of Nursing Sponsored Continuing Education Activities	
	R.C. *4723.06*
No provision.	Limits the type of continuing education activities that the Ohi State Board of Nursing is allowed to sponsor to those activities that are directly related to the statutes and rules pertaining to the practice of nursing in Ohio. Fiscal effect: None.
587 Subject: Nurse Education Grant Program	
	R.C. *4723.063*
No provision.	Creates the Nurse Education Grant Program to award joint grants to nurse education programs and health care facilities to fund partnerships that increase the enrollment capacity of nurse education programs. Requires $10 of each biennial nursing license renewal fee to be transferred to the Nurse Education Grant Program Fund, which this provision creates to fund the grants and administration of the program. Repeals the Nurse Education Grant Program on December 31, 2013. Fiscal Effect: Over the next biennium, about $1.78 million would be transferred from the Occupational Licensing and Regulatory Fund (4K9) to the Nurse Education Grant Program Fund. There is no change to the Nursing Board appropriations, however, this transfer would decrease Fund 4K9's cash balance.

As Introduced	As Passed by the House
588 Subject: Intravenous therapy performed by licensed practical nurses	
	R.C. *4723.17*
No provision.	Permits a licensed practical nurse to qualify for an intravenous therapy card through a course of study completed in a prelicensure education program and specifies that an issuance fee for the card may not be charged to nurses who qualify in this manner. Provides that licensed practical nurses who qualify for an intravenous therapy card by completing a 40-hour course, as specified in current law, must successfully demonstrate the skills needed for safe performance of intravenous procedures. Fiscal effect: The Board would experience an increase in costs to issue the IV therapy cards and an increase in card fee revenue from nurses who complete the 40-hour courses.
589 Subject: Ohio Board of Nursing Sponsored Continuing Education Fee and Grand Award Deposits	
	R.C. *4743.05*
No provision.	Clarifies where fees collected by the Ohio Board of Nursing for Board-sponsored continuing education activities and grants received by the Board to develop and maintain a program that addresses patient safety and health care issues related to the supply of and demand for nurses and other health care workers are to be deposited. Fiscal effect: These fees would not be paid into the state treasury to the credit of the Occupational Licensing and Regulatory Fund, as is the case for other fees collected by the Board, but instead, are deposited in the state treasury to the credit of the Special Nursing Issue Fund.

No provision.	Creates the Ohio Vision Board, effective July 31, 2003, eliminating the Board of Optometry and the Optical Dispensers Board and combining their functions under the Vision Board. Fiscal effect: The Ohio Vision Board is appropriated $550,000 in each fiscal year. This is $63,236 less than the appropriation for the Board of Optometry and the Optical Dispensers Board in fiscal year 2004 and $87,047 less in fiscal year 2005. Revenue deposited in the Occupational Licensing and Regulatory Fund (Fund 4K9) will remain unchanged. The provision could result in savings by reducin duplication in office operations. However, the extent of the savings depends on future decisions (e.g., number of employees, etc.). There could be one-time administrative costs associated office reorganization (e.g., office space, moving expenses, storage, etc.).

592 Subject: Optical Dispensers Board Fees Determined by Rule	
R.C. *4725.44, 4725.45, 4725.48, 4725.50, 4725.51, 4725.52, 4725.57*	R.C. *4725.44, 4725.45, 4725.48, 4725.50, 4725.51, 4725.52, 4725.57*
Eliminates the amounts specified in statute for fees charged by the Optical Dispensers Board and provides for the amounts to be specified by the Board in rules adopted in accordance with the Administrative Procedure Act (R.C. Chapter 119.). Any such fee changes must be approved by the Controlling board and cannot exceed the previous amounts by more than 50%. Clarifies provisions for the endorsement of out-of-state licenses and the licensure of ocularists. Fiscal effect: None.	No provision.

594 Subject: Elimination of Sunset of the State Board of Orthotics, Prosthetics, and Pedorthics	
R.C. *4743.05, 4779.08, 4779.17, 4779.18, Section 3 of S.B. 238 of the 123rd G.A.*	R.C. *4743.05, 4779.08, 4779.17, 4779.18, Section 3 of S.B. 238 of the 123rd G.A.*
Eliminates a sunset provision effective December 31, 2004, that repeals the law establishing the State Board of Orthotics Prosthetics, and Pedorthics. Fiscal effect: If this provision is not included in the bill, the Board would no longer exist as of December 31, 2004.	No provision.
595 Subject: Abolishment of the State Board of Orthotics, Prosthetics, and Pedorthics	
	R.C. *4779.05, 4779.06-4779.13, 4779.15-4779.18, 4779.20-4779.27, 4779.30, 4779.32, 4779.33, Section 145.03C*
No provision.	Abolishes the State Board of Orthotics, Prosthetics, and Pedorthics and transfers that Board's duties to the State Medical Board. Restores existing law's sunset provision that repeals the Board on December 31, 2004. Transfers all of the appropriations and cash of the Board to the State Medical Board. Fiscal effect: The provision transfers the Board's one employee to the State Medical Board subject to the layoff provisions in sections 124.321 to 124.328 of the Revised Code. The provision could result in savings by reducing duplication in office operations. However, the extent of the savings depends on future decisions. There could be one-time administrative costs associated with office reorganization (e.g., moving expenses, office space, storage, etc.). Revenue deposited in the Occupational Licensing and Regulatory Fund (Fund 4K9) will be reduced by approximately $150,000 per year (see also "Transfer of Orthotics, Prosthetics, and Pedorthics of State Medical Board" in State Medical Board).

596 Subject: Transcript and Other Documents Fund	
R.C. *124.03*	R.C. *124.03*
Specifies that the State Personnel Board of Review may use the money in the Transcript and Other Documents Fund (Fund 636) to defray the cost of producing an "administrative record." Fiscal effect: By allowing this fund to be used to cover costs of producing these records, there will likely be a minimal increase in expenditures from Fund 636 and a corresponding decrease in the agency's GRF expenditures.	No change.

599 Subject: Multi-County Office	
Section: *83*	Section: *83*
Requires moneys appropriated to GRF appropriation item 019-403, Multi-County: State Share, and appropriation item 019-601, Multi-County: County Share, (Fund 4C7) in the stat special revenue fund group be used to support the Commission's Multi-County Branch Office Program. Fiscal effect: Under the program, the Commission currently provides indigent defense services to a ten-county region that covers the south and southeastern part of Ohio, includin Adams, Athens, Brown, Fayette, Jackson, Meigs, Pickaway, Pike, Ross, and Washington counties. The program's regional office is located in Athens County, with branch offices situated in Ross and Washington counties. Funding for the Multi-County Branch Office Program is drawn solely from these two appropriation items. The local contribution provided by each of the ten participating counties is deposited in the state treasury to the credit of Fund 4C7 (appropriation item 019-601, Multi-County: County Share).	No change.

600 Subject: Training Account	
Section: *83*	Section: *83*
Requires moneys appropriated to GRF appropriation item 019-405, Training Account, be used to provide legal training programs at no cost for private appointed counsel who represent at least one indigent person at no cost (pro bono), and for state and county public defenders and attorneys who contract with the Ohio Public Defender to provide indigent defense services. Fiscal effect: This GRF appropriation item essentially supports the Commission's Pro Bono Training Program that uses contracts with private and non-profit training companies to provide continuing legal education (CLE) certified seminars to attorneys who practice criminal indigent defense law.	No change.
601 Subject: Federal Representation	
Section: *83*	Section: *83*
Requires federal appropriation item 019-608, Federal Representation, serve as the depository for reimbursement payments received by the Ohio Public Defender from the federal courts for providing legal representation in federal court cases at the request of the federal courts. Fiscal effect: This uncodified law provision continues existing practice with regard to the handling of federal court reimbursement payments.	No change.

602 **Subject: Appointed Counsel Reimbursement Rate Freeze**

No provision.

As Passed by the House

Section: *83*

Freezes for the period from July 1, 2003, through June 30, 2005, the maximum amounts for which the state will reimburse counties for legal services for indigent criminal defendants at the level in effect on March 1, 2003.

Fiscal effect: It appears that the practical fiscal effect of this uncodified law provision would potentially be to decrease the amount of state reimbursement that certain counties might otherwise have received for their annual indigent defense costs over the course of FYs 2004 and 2005 had all other conditions remained the same, while simultaneously increasing the portion of their annual indigent defense costs those certain counties might have been responsible to pay for had all other conditions remained the same.

No provision.	Places the State Fire Marshal under the Department of Public Safety. Currently, the State Fire Marshal is under the Department of Commerce. Fiscal effect: No overall effect on the state.
604 Subject: Creation of Public Safety Investigative Unit Fund	
	R.C. *4511.191, 4503.234*
No provision.	Creates the Public Safety Investigative Unit Fund (Fund 5X1), and requires $15 of each OMVI driver's license reinstatement fee to be deposited in the fund. Currently, the $15 is deposited into the Drug Abuse Resistance Education Programs Fund. Fiscal effect: Increase in revenues to Public Safety Investigative Unit Fund and decrease in revenues to Drug Abuse Resistance Fund of $800,000 annually. A corresponding decrease in expenditures to General Revenue Fund, as currently the Investigate Unit is funded through the GRF.

Section: *84*	Section: *84*
Earmarks $200,000 in each fiscal year from GRF appropriation item 763-403, Operating Expenses-EMA, to be used to create a stronger search and rescue capability statewide.	No change.
606 Subject: County Emergency Preparedness Grants	
Section: *84*	Section: *84*
Requires that GRF appropriation item 763-501, County Emergency Preparedness Grants, be used to improve the preparedness of local emergency management agencies and authorities, based on the distribution formula established by the Federal Emergency Management Agency. Provides that the grants from this appropriation item are not intended to supplant any federal, state, or local funding, and shall not be taken into account by any state agency or political subdivision when determining the amount of support that a state agency or political subdivision provides to an emergency management agency or local authority. Fiscal effect: Varying effects on counties based on the distribution formula established by the Federal Emergency Management Agency.	No change.
607 Subject: Individual and Households Grants	
Section: *84*	Section: *84*
Requires that GRF appropriation item 763-507, Individual and Households Grants, be used to fund the state share of costs to provide grants to individuals and households in cases of disaster.	No change.

615 **Subject:** Conservation General Obligation Debt Service	
Section: *86*	**Section:** *86*
Specifies that GRF appropriation item 150-904, Conservation General Obligation Debt Service, must be used to pay the debt service on bonds issued for conservation projects, specifically open space acquisition and riparian enhancement. Fiscal effect: None. Capital appropriations in the amount of $37.5 million per year, appropriated in the 124th General Assembly's capital bill (H.B. 675), allow the state to issue bonds to fund these conservation projects. Bonds sales provide grant funding of which 75% is used for open space acquisition, 12.5% for agricultural easements, and 12.5% for recreational trail construction.	No change.
616 **Subject:** State Capital Improvements General Obligation Debt Service	
Section: *86*	**Section:** *86*
Specifies that GRF appropriation item 150-907, State Capital Improvements General Obligation Debt Service, must be used to make the debt service payments on bonds issued for local infrastructure projects. Fiscal effect: None. Capital appropriations in the amount of $252 million, appropriated in the 124th General Assembly's capital reappropriations bill (H.B. 524), allow the state to issue bonds to fund these projects.	No change.

619 Subject: Ohio Instructional Grants	
R.C. *3333.12, Section 88.06*	R.C. *3333.12, Section 88.06*
(1) Retains, for both FY 2004 and FY 2005 for all students, whether financially dependent or independent, the FY 2003 maximum base amounts of gross income a student may have and still qualify for a grant.	No change.
(2) Maintains, for both FY 2004 and FY 2005 for all financially dependent students and for financially independer students who have no dependents, the FY 2003 grant amounts.	
(3) Maintains, for financially independent students who have one or more dependents, the FY 2003 maximum grant amounts in both FY 2004 and FY 2005, but increases grant amounts in both fiscal years for those students who qualify f less than the maximum grant amount (because of income or number of dependents). The further a student falls from the maximum grant, the larger the percentage increase in grant amounts from year to year.	
620 Subject: Transfer of Class Credits	
	R.C. *3333.16*
No provision.	Requires the Board of Regents to do the following by April 15, 2005:
	(1) Make changes to its academic programs so that successful completion of any course in a particular field of study is recognized for full credit at any other state institutior of higher education toward satisfying the requirements of a degree or certification program in the same field of study.

As Introduced	As Passed by the House
	(2) Require the two year campuses to comply with the transfer requirements specified under division (A)(5) of section 3333.20 of the Revised Code.
	(3) Develop and implement a universal course equivalency classification system to be used by all the state institutions o higher education. Coursework completed within this system at one institution will be applicable to a student's degree objective at another.
	(4) Develop a transfer system to ensure that a graduate with an associate degree that includes transferable modules will be admitted to a baccalaureate program at another state institution, except for limited-access programs or those requiring auditions. Such students will have priority over out of-state associate-degree graduates and transfer students without such degrees.
	(5) Examine the feasibility of requiring all state institutions of higher education to adopt either a quarter-hour system or a semester-hour system.
	Requires the Board of Regents to report to the General Assembly as to the Board's progress in meeting the above requirements by April 15, 2004.

621 Subject: University of Cincinnati Board of Trustees

Section: *88.01*	Section: *88.01*
Requires the funds under GRF appropriation item 235-401, Lease Rental Payments, to be used to make all payments at the times they are required during the FY 2004-2005 biennium. However, the total payments for the biennium are limited to the aggregate amount of $463,377,100.	No change.

As Introduced	As Passed by the House
625 Subject: Sea Grants	
Section: *88.01*	Section: *88.01*
Requires the funds under GRF appropriation item 235-402, Sea Grants, to be disbursed to the Ohio State University in order to be used to conduct research on fish in Lake Erie.	No change.
626 Subject: Mathematics and Science Teaching Improvement	
Section: *88.01*	Section: *88.01*
Requires the Board of Regents to use the funds in GRF appropriation item 235-403, Math/Science Teaching Improvement, to support programs designed to raise the quality of mathematics and science teaching in primary and secondary education.	No change.
Creates the following earmarks under GRF appropriation item 235-403, Math/Science Teaching Improvement:	
(1) Earmarks $217,669 in each fiscal year for the Mathematics and Science Center in Lake County;	
(2) Earmarks $87,068 in FY 2004 and $87,067 in FY 2005 for the Ohio Mathematics and Science Coalition.	
627 Subject: College Readiness Initiatives	
Section: *88.01*	Section: *88.01*
Requires the Board of Regents to use GRF appropriation item 235-404, College Readiness Initiatives, to support programs designed to improve academic preparation and increase the number of students enrolled in higher educatior	No change.

As Introduced	As Passed by the House
628 Subject: Midwest Higher Education Compact	
Section: *88.01*	Section: *88.01*
Requires the Board of Regents to distribute the funds in GRF appropriation item 235-408, Midwest Higher Education Compact, in accordance with section 3333.40 of the Revised Code.	No change.
629 Subject: Information System	
Section: *88.01*	Section: *88.01*
Requires the Board of Regents to use the funds under GRF appropriation item 235-409, Information System, to operate the Higher Education Information System.	No change.
630 Subject: Jobs Challenge	
Section: *88.02*	Section: *88.02*
Requires that the funds in GRF appropriation item 235-415, Jobs Challenge, be distributed to members of the EnterpriseOhio Network in support of noncredit job-related training.	No change.
Creates the following earmarks under GRF appropriation item 235-415, Jobs Challenge:	
(1) Earmarks $2,770,773 in each fiscal year to provide performance grants to EnterpriseOhio Network campuses based upon each campus's documented performance according to criteria established by the Board of Regents for increasing training and related services to businesses, industries, and public sector organizations.	

As Introduced	As Passed by the House
(2) Earmarks $2,819,345 in each fiscal year for the Targeted Industries Training Grant Program to attract, develop, and retain business and industry strategically important to the state's economy.	
(3) Earmarks $3,758,182 in each fiscal year for the Higher Skills Incentives Program to promote and deliver coordinated, comprehensive training to local employers and to reward EnterpriseOhio Network campuses for increasing the amount of non-credit skill upgrading services provided to Ohio employers and employees. The funds are to be distributed to the campuses in proportion to each campus's share of noncredit job-related training revenues received by all campuses for the previous fiscal year.	

631 Subject: Ohio Learning Network

Section: *88.02*	Section: *88.02*
Requires the Board of Regents to use GRF appropriation item 235-417, Ohio Learning Network, to support distance education initiatives designed to promote degree completion of students, workforce training of employees, and professional development through the use of advanced telecommunications.	No change.

As Introduced	As Passed by the House
632 Subject: Access Challenge	
Section: *88.02*	Section: *88.02*
Requires the funds under GRF appropriation item 235-418, Access Challenge, to be distributed to Ohio's state-assisted access colleges and universities. Also defines "access campus" to include all two year campuses plus, Shawnee State University, Central State University, Cleveland State University, and the community-technical colleges located at the University of Cincinnati, Youngstown State University, ar the University of Akron.	No change.
Declares that the purpose of Access Challenge is to reduce the student share of costs for resident undergraduates at access campuses, and long-term, to make the share of cost for these students equivalent to the share paid by resident undergraduates at all of Ohio's public colleges and universities. Also declares that the funds are to be used in each fiscal year to sustain, as much as possible, the tuition restraint or tuition reduction that was achieved with Access Challenge allocations in prior years.	
Requires the Board of Regents to distribute Access Challenge subsidies in FY 2004 on the basis of a campus's share of FY 2001 and FY 2002 all-terms subsidy-eligible General Studies FTEs (full time equivalents); and in FY 2005 on the basis of a campus's share of FY 2002 and FY 2003 a terms subsidy-eligible General Studies FTEs.	
Requires the enrollment at Cleveland State University for the purposes of the Access Challenge subsidy calculation to be adjusted by the ratio of the sum of subsidy-eligible lower-division FTE student enrollments eligible for access funding to the sum of subsidy-eligible General Studies FTE	

As Introduced	As Passed by the House
enrollments at Central State University, Shawnee State University, and for the following universities and their regional campuses: the Ohio State University, Ohio University, Kent State University, Bowling Green State University, Miami University, the University of Cincinnati, the University of Akron, and Wright State University.	
633 **Subject:** **Success Challenge**	
Section: *88.02*	**Section:** *88.02*
Requires the Board of Regents to use GRF appropriation item 235-420, Success Challenge, to promote degree completion by students enrolled at a main campus of a state assisted university.	No change.
Requires two-thirds of the appropriation in each fiscal year to be distributed by a campus's share of the total statewide bachelor's degrees granted by university main campuses to "at-risk" students, where an "at-risk" student is defined as an undergraduate student who was eligible to receive an Ohio Instructional Grant in the past ten years. Also requires a campus to submit a plan on how the institution will use the funds to better serve "at-risk" students in order to receive Success Challenge funds.	
Requires one-third of the appropriation in each fiscal year to be distributed in proportion to a campus's share of the total statewide bachelor's degrees granted by university main campuses in a "timely manner" in the previous fiscal year, where "timely manner" is defined as the normal time (4 years in general) it would take a full-time degree-seeking undergraduate student to complete the student's degree.	

As Introduced	As Passed by the House
634 Subject: Appalachian New Economy Partnership	
Section: *88.02*	Section: *88.02*
Requires the funds under GRF appropriation item 235-428, Appalachian New Economy Partnership, to be distributed to Ohio University to provide leadership in the development and implementation of initiatives that will link Appalachia to the new economy.	No change.
635 Subject: Eminent Scholars	
Section: *88.02*	Section: *88.02*
Requires the Board of Regents to use the funds under GRF appropriation item 235-451, Eminent Scholars, to establish an Ohio Eminent Scholars Program to invest educational resources to address problems that are of vital statewide significance while fostering the growth in eminence of Ohio's academic programs. The Program will provide endowment grants of approximately $750,000 to match endowment gifts from nonstate sources, where the matching gifts in science and technology programs shall be $750,000. The grants are to be used in attracting and sustaining in Ohio scholar-leaders of national or international prominence; each will assist in accelerating state economic growth through research that provides an essential basic science platform for commercialization efforts.	No change.

As Introduced	As Passed by the House
636 Subject: Research Challenge	
Section: *88.02*	Section: *88.02*
Requires that the funds under GRF appropriation item 235-454, Research Challenge, be used to provide a means of matching external research funds in the proportion to the institution's share from the previous year, though a portion of the funds to be used as an incentive to institutions for focusing research efforts upon critical state needs. Requires the Board of Regents to administer the Research Challenge Program, and requires colleges and universities receiving funds to submit for review and approval to the Board of Regents plans for the institutional allocation of Research Challenge dollars received.	No change.
637 Subject: EnterpriseOhio Network	
Section: *88.02*	Section: *88.02*
Requires the Board of Regents to use funds under GRF appropriation item 235-455, EnterpriseOhio Network, to meet the ongoing training needs of Ohio employers by supporting multi-campus collaboration, best practice dissemination, and capacity building projects.	No change.
Earmarks $181,101 in FY 2004 and $176,334 in FY 2005 for the Dayton Business/Sinclair College Jobs Profiling Program	

As Introduced	As Passed by the House
638 Subject: Area Health Education Centers	
Section: *88.03*	Section: *88.03*
Requires the Board of Regents to use GRF appropriation item 235-474, Area Health Education Centers Program Support, to support the medical school regional area health education centers' educational programs for the continued support of medical and other health professions education.	No change.
Creates the following earmarks under GRF appropriation item 235-474, Area Health Education Centers Program Support:	
(1) Earmarks $174,135 in FY 2004 and $169,782 in FY 2005 for the Ohio University College of Osteopathic Medicine to operate a mobile health care unit to serve the southeastern area of the state.	
(2) Earmarks $130,601 in FY 2004 and $127,337 in FY 2005 to support the Ohio Valley Community Health Information Network (OVCHIN) project.	
639 Subject: Access Improvement Projects	
Section: *88.03*	Section: *88.03*
Requires the Board of Regents to use GRF appropriation item 235-477, Access Improvement Projects, to support innovative statewide strategies to increase student access and retention for specialized populations, and to provide for pilot projects that will contribute to improving access to higher education by specialized populations. Also allows funds to be used for projects that improve access for nonpublic secondary students.	No change.

As Introduced	As Passed by the House
Creates the following earmarks under GRF appropriation item 235-477, Access Improvement Projects:	
(1) Earmarks $798,684 in FY 2004 and $822,645 in FY 2005 to the Ohio Appalachian Center for Higher Education a Shawnee State University. Also specifies that the Board of Directors of the Center shall consist of the presidents of Shawnee State University, Ohio University, Belmont Technical College, Hocking Technical College, Jefferson Community College, Muskingum Area Technical College, Rio Grande Community College, Southern State Community College, and Washington State Community College; the dean of one of the Salem, Tuscarawas, and East Liverpool regional campuses of Kent State University, as designated by the president of Kent State University; and a representative of the Board of Regents designated by the Chancellor.	
(2) Earmarks $169,553 in FY 2004 and $174,640 in FY 2005 to Miami University for the Student Achievement in Research and Scholarship (STARS) program.	

640 **Subject:** **State Share of Instruction**

Section: *88.04*	**Section:** *88.04*
Requires each state-assisted institution of higher education to report its actual enrollment to the Board of Regents as soon as practicable during each fiscal year, and in accordance with the instructions provided by the Board of Regents.	No change.
Requires the Board of Regents to determine in addition to the components and adjustments of the funding formula, a local contribution that is to be subtracted from the institution's	

As Introduced	As Passed by the House
aggregate expenditure requirements in order to determine the institution's core subsidy entitlement. Declares that the local contributions determined for the subsidy formula will no limit the authority of the individual boards of trustees to establish fee levels.	
Requires the Board of Regents to adjust the General Studies and Technical models so that changes in the overall local contribution will not alter the share of state subsidy earned b these models.	
Requires the Board of Regents to exclude undergraduate students who are not residents of Ohio in calculating the stat subsidy. Allows for two exceptions to this requirement: 1) students charged in-state fees in accordance with reciprocity agreements made pursuant to section 3333.17 of the Revised Code, and 2) employer contracts entered into pursuant to section 3333.32 of the Revised Code.	

641 **Subject: Aggregate Expenditure per Full-Time Equivalent Student**

Section: *88.04*	Section: *88.04*
Provides the amounts per full-time equivalent (FTE) student for instruction and support services for the 14 non-doctoral curricular models.	No change.
Provides for a student services subsidy of $822 per FTE in FY 2004 and $903 for FY 2005 for all 14 non-doctoral curricular models. Also provides for the FTE counts to be weighted to take into account the number of part-time students at an institution.	

As Introduced	As Passed by the House
642 Subject: Plant Operation and Maintenance	
Section: *88.04*	Section: *88.04*
Provides for the determination of the square-foot-based Plant Operation and Maintenance (POM) subsidy by the following:	No change.
(1) Allowing space undergoing renovation to be funded at the rate of storage space;	
(2) Allowing for the square footage at each campus to be weighted to reflect differences in space utilization;	
(3) Using the space inventories determined for the FY 2003 SSI calculation, adjusted for any changes;	
(4) Allowing that only 50% of space permanently taken out o operation in FY 2004 and FY 2005 be deleted from the POM space inventory;	
(5) Providing rates per square foot for the seven different types of space categories for FY 2004 and FY 2005, which are multiplied by the appropriate net assignable square feet in order to determine the total gross square-foot-based POM expenditure requirement; and	
(6) Calculating the total square-foot-based POM subsidy by allocating the total gross square-foot-based POM expenditure requirement among the 14 non-doctoral curricular models in proportion to their FTE (full time equivalent) enrollments, then multiplying the value in each model by the ratio of subsidy-eligible FTE students to total FTE students in that model, and finally summing these with an additional amount provided for roads and grounds	

As Introduced	As Passed by the House
expenditures.	
Provides for the determination of the activity-based POM subsidy by listing rates for each of the 14 non-doctoral curricular models. These rates are multiplied by the number of subsidy-eligible FTE students within each model, weighted by a factor that takes into account research and job training activity, and summed together in order to determine the total activity-based POM subsidy amount.	
643 **Subject:** **Calculation of Core Subsidy Entitlements**	
Section: *88.04*	**Section:** *88.04*
Provides for the calculation of the core subsidy entitlement for each institution by the following:	No change.
(1) Multiplying the rates provided for instruction and support services, student services, and activity-based Plant Operation and maintenance (POM) subsidy less assumed local contributions by the average number of subsidy-eligible FTE (full time equivalent) students for the previous two years in each model, and by the average number of subsidy-eligible FTE students for the previous five years in each model;	
(2) Using a base enrollment for students in the Medical II model only, so that medical schools who have a current year enrollment below the base enrollment will have a Medical II FTE enrollment equal to 65% of its base enrollment plus 35% of its current year enrollment and medical schools whose current year enrollment is greater than the base enrollment shall have a Medical II FTE enrollment equal to the sum of its base enrollment and the FTE for repeating students;	

As Introduced	As Passed by the House
(3) Using the greater of the two subsidy amounts generated by either the two-year or five-year average of FTE enrollments,	
(4) Using the greater of the square-foot-based or activity-based POM subsidy,	
(5) Reserving a fixed percentage of no more than 10%of the SSI appropriation to doctoral programs, which are allocated to the universities in proportion to their share of Doctoral I equivalent FTE students, based on the greater of the two-year or five-year average of FTE students between FY 1994 through FY 1998, and adjusted for the effects of doctoral review. Also defines Doctoral I equivalent FTE students as Doctoral I FTE students plus 1.5 times the sum of Doctoral II FTE students.	

644 **Subject:** **Annual State Share of Instruction Funding Guarantee**

Section: *88.04*	**Section:** *88.04*
Provides that the amount of state share of instruction (SSI) subsidies received by a campus is the following:	No provision.
(1) No less than 99% of the prior year's amount if the total SSI appropriation is 102% or greater than the total SSI appropriation of the previous year,	
(2) No less than three percentage points below the percentage change in the total SSI appropriation if the total SSI appropriation is greater than 95% but less than 102% of the previous year's total SSI appropriation, and	
(3) No less than 2.5 percentage points below the percentage change in the total SSI appropriation if the total SSI	

As Introduced	As Passed by the House
appropriation is 95% or less than the previous year's total SSI appropriation.	
645 Subject: Capital Component Deduction	
Section: *88.04*	Section: *88.04*
Specifies that after all other adjustments are made, the total State Share of Instruction (SSI) subsidy for a campus shall b reduced if the amount of debt service charged to the campus in Am. Sub. H.B. 748 of the 121st G.A., Am. Sub. H.B. 850 c the 122nd G.A., Am. Sub. H.B. 640 of the 123rd G.A., and H.B. 640 of the 124th G.A. exceeds the campus's capital component earnings, and directs that these deducted funds be transferred to GRF appropriation item 235-552, Capital Component. Fiscal effect: Potential reduction in GRF expenditures under appropriation item 235-501, State Share of Instruction, for those campuses whose debt service amounts in any of the specified capital appropriation bills exceeded their capital component earnings.	Same as the Executive, but eliminates the provision that the deducted funds be transferred to GRF appropriation item 235-552, Capital Component.
646 Subject: Reductions in Earnings	
Section: *88.04*	Section: *88.04*
Provides for the case that when the total amount of State Share of Instruction (SSI) earnings for all of the campuses exceeds the total SSI appropriation, the SSI earnings for each campus shall be proportionately reduced by a uniform percentage so that the total amount of SSI earnings for all of the campuses equals the total SSI appropriation.	No change.

As Introduced	As Passed by the House
647 Subject: Exceptional Circumstances	
Section: *88.04*	Section: *88.04*
Allows for adjustments to be made to the state share of instruction by the Board of Regents in cases of exceptional circumstances, however these adjustments may not be mad without the recommendation of the Chancellor and the approval of the Controlling Board.	No change.
648 Subject: Mid-Year Appropriation Reductions to the State Share of Instruction	
Section: *88.04*	Section: *88.04*
Requires the Board of Regents to follow the provisions described in Section 88.04 of this bill if any reductions are made to GRF appropriation item 235-501, State Share of Instruction, prior to the Board's approval of the final allocatio for the fiscal year.	No change.
Requires the Board of Regents to uniformly apply any reductions to each campus in proportion to its share of the final allocation in cases where the reductions in GRF appropriation item 235-501, State Share of Instruction, are made after the final allocation has been approved by the Board.	
649 Subject: Distribution of State Share of Instruction	
Section: *88.04*	Section: *88.04*
Requires that state share of instruction payments be made t each campus in substantially equal monthly payments durin the fiscal year, with payments during the first six months based upon enrollment estimates made by the Board of Regents. Also requires payments during the last six months to be distributed only after approval of the Controlling Board.	No change.

As Introduced	As Passed by the House
650 Subject: Law School Subsidy	
Section: *88.04*	Section: *88.04*
Requires the Board of Regents to use the smaller of subsidy eligible FTE law school students from FY 1995 or the actual number of subsidy eligible FTE (full time equivalent) law school students in the fiscal year at each institution in determining the state share of instruction for the law school.	No change.
651 Subject: Higher Education - Board of Trustees	
Section: *88.05*	Section: *88.05*
Allows for colleges and universities to use instructional subsidy funds at branch or other off-campus sites to provide undergraduate or master's degree courses of study that have been approved by the Board of Regents.	No change.
Requires the board of trustees at each institution to establish fees to be charged to all students in order to supplement state subsidies, including instructional and general fees to be charged for services assessed uniformly to all students, special purpose fees for individual or specific categories of students, and a tuition surcharge to be paid by all non-residents of Ohio.	Same as the Executive, but exempts Miami University from requiring a tuition surcharge to be paid by non-Ohio residents.
Limits the annual increase in instructional and general fees for in-state undergraduate students in each fiscal year to 6% Allows for an additional 3% increase at The Ohio State University. Also allows for an additional fee of $300 to incoming students at The Ohio State University, and any institution whose instructional and general fees are below its respective sector average. In addition, limits the board of trustees to a combined 6% increase in instructional and general fees in a single vote.	No change.

As Introduced	As Passed by the House
Fiscal effect: Each institution may see a loss of revenue depending on the amount of instructional and general fees that would otherwise increase in the absence of any limitations.	
Allows for the limitations in instructional and general fees for in-state undergraduate students to not apply when the increases are needed to comply with institutional covenants related to their obligations, to meet unfunded mandates, or legally binding obligations incurred prior to the effective date of the act for which the fee increases have been identified as the source of funds. Also allows for the limitations to be modified by the Board of Regents with approval of the Controlling Board in order to respond to exceptional circumstances. Fiscal effect: No direct effect, though an increase in the limitation in instructional and general fees may diminish the loss of revenue to each institution, depending on the amount of instructional and general fees that would be increased in the absence of any limitations.	No change.
No provision.	Requires a moratorium on the creation, expansion, acquisition, and realigning of academic programs and capital projects. Exempts from the moratorium projects approved by a resolution of the Board of Regents prior to July 1, 2003, as well as projects specified by legislation enacted between July 1, 1998 and June 30, 2003. Also allows campuses to request for an exemption from the Third Frontier Commission, but only if the project establishes or enhances the research and development and the workforce position of the state. The request must be approved by both the Third Frontier Commission and the Controlling Board.

As Introduced	As Passed by the House
Prohibits the board of trustees of any institution from authorizing a waiver or nonpayment of instructional and general fees to any student unless the waiver or nonpaymen is authorized by law or approved by the Chancellor.	Same as the Executive, but clarifies that this is not a prohibition on Miami University providing financial assistance in implementing its pilot tuition restructuring plan.
Requires each institution to specify separately the instructional fee, general fee, tuition charge, and tuition surcharge in its statement of charges.	Same as the Executive, but exempts Miami University from the requirement.
Declares that it is the intent of the General Assembly that faculty members devote a proper and judicious part of their work week to the actual instruction of students.	No change.
Specifies that the authority of government vested by law in the boards of trustees at each institution shall be exercised by those boards, and that any delegation of that power shall be accompanied by appropriate standards of guidance, and periodic review of the delegated authority.	No change.
No provision.	Recognizes the pilot tuition restructuring plan at Miami University, which will establish the same tuition charge for both Ohio and non-Ohio undergraduate students. The plan subjects the new fee structure to the 6% fee cap. These changes will have no direct financial impact for students whc enroll prior to August 2004, since they will only pay the amount that was charged in the previous year, plus any increases approved by the board of trustees. Excludes Miami University's tuition from the Ohio Tuition Trust Authority's calculation of the weighted-average tuition of four year state universities for purposes of establishing the sale price of a tuition credit.

As Introduced	As Passed by the House
652 Subject: Student Support Services	
Section: *88.06*	Section: *88.06*
Requires the Board of Regents to distribute the funds under GRF appropriation item 235-502, Student Support Services, to Ohio's state-assisted colleges and universities that incur disproportionate costs in the provision of support services to disabled students.	No change.
653 Subject: Ohio Instructional Grants	
Sections *88.06, R.C. 3333.12*	Sections *88.06, R.C. 3333.12*
Supersedes for FY 2004 the six Ohio Instructional Grant tables listed in section 3333.12 of the Revised Code. The awards for dependent students and independent students with no dependents remain at the FY 2003 levels for both fiscal years. The awards for independent students with dependents are increased over the FY 2003 levels.	No change.
654 Subject: War Orphans Scholarships	
Section: *88.06*	Section: *88.06*
Requires that GRF appropriation item 235-504, War Orphans Scholarships, be used to: (1) reimburse state-assisted institutions of higher education for waivers of instructional fees and general fees; (2) provide grants to nonprofit institutions in accordance with section 5910.04 of the Revised Code; and (3) fund additional scholarship benefits provided by section 5910.032 of the Revised Code.	No change.

As Introduced	As Passed by the House
655 Subject: Air Force Institute of Technology	
Section: *88.07*	Section: *88.07*
Requires that GRF appropriation item 235-508, Air Force Institute of Technology, be used to strengthen the research and educational linkages between the Wright Patterson Air Force Base and Ohio institutions of higher education.	No change.
Creates the following earmarks under GRF appropriation item 235-508, Air Force Institute of Technology:	
(1) Earmarks $1,741,350 in FY 2004 and $1,697,816 in FY 2005, for research projects that connect the Air Force Research Laboratories with university partners, with a reporting requirement to the Third Frontier Commission.	(1) Reduces earmark to $1,380,000 in FY 2004 and $1,380,000 in FY 2005.
(2) Earmarks $500,000 in each fiscal year to be used to match federal dollars to support the Wright Brothers Institute which is to create or expand Ohio-based technology and commercial development collaborations between industry, academia, and government in areas that include carbon nano-tube materials technology, genome-based biotechnology, knowledge-creation information technology, cognitive systems modeling and engineering, or other relate projects.	(2) No change.
656 Subject: Displaced Homemakers	
Section: *88.07*	Section: *88.07*
Requires the Board of Regents to continue funding pilot programs under GRF appropriation item 235-509, Displaced Homemakers, for Cuyahoga Community College, the University of Toledo, Southern State Community College, and Stark Technical College.	No provision.

As Introduced	As Passed by the House
Earmarks $26,120 in FY 2004 and $25,467 in FY 2005 for the Baldwin-Wallace Single Parents Reaching Out for Unassisted Tomorrows program.	
657 **Subject:** **Ohio Supercomputer Center**	
Section: *88.07*	**Section:** *88.07*
Requires that GRF appropriation item 235-510, Ohio Supercomputer Center, be used to support the center as a statewide resource available to Ohio's public and private research universities, and to private industry as appropriate. The center's policies are to be governed by a governance committee appointed by the Chancellor.	No change.
Requires the Ohio Supercomputer Center to report on expanding solutions-oriented, computational science services to industrial and other customers, including alignment programs and recipients. Also requires the center to develop a plan for a computational science initiative in collaboration with the Wright Centers of Innovation program and the Computer Science Graduate Studies program.	
658 **Subject:** **Cooperative Extension Service**	
Section: *88.07*	**Section:** *88.07*
Requires the Board of Regents to disburse GRF appropriation item 235-511, Cooperative Extension Service, in monthly payments, unless otherwise determined by the Director of Budget and Management pursuant to section 126.09 of the Revised Code.	No change.
Creates the following earmarks under GRF appropriation item 235-511, Cooperative Extension Service:	

As Introduced	As Passed by the House
(1) Earmarks $182,842 in FY 2004 and $178,271 in FY 2005, for additional staffing for expanded 4-H activities.	
(2) Earmarks $182,842 in FY 2004 and $178,271 in FY 2005, for a small-business economic development program.	
(3) Earmarks $56,594 in FY 2004 and $55,179 in FY 2005, for farm labor mediation and education.	
(4) Earmarks $187,195 in FY 2004 and $182,515 in FY 2005, for the Ohio State University Marion Enterprise Center	
(5) Earmarks $792,750 in FY 2004 and $772,931 in FY 2005, for the Ohio Watersheds Initiative.	

659 **Subject:** **Central State Supplement**

Section: *88.07*	**Section:** *88.07*
Requires the funds under GRF appropriation item 235-514, Central State Supplement, to be used by Central State University to keep undergraduate fees below the statewide average.	No change.

660 **Subject:** **Performance Standards for Medical Education**

Section: *88.07*	**Section:** *88.07*

Same as the Executive, but adds the City of Nelsonville to th list of municipalities that will receive funds.
Specifies that each participating municipality and township receive an amount not less than 2% of appropriations made for this purpose, but not more than $5,000 each year. The funds are to be distributed according to the methodology	Changes the minimum amount that a municipality or townshi will receive to "at least $5,000 each year."

As Introduced	As Passed by the House
employed by the Board of Regents in the FY 2002-2003 biennium.	
666 Subject: Primary Care Residencies	
Section: *88.08*	Section: *88.08*
Requires that GRF appropriation item 235-526, Primary Care Residencies, be distributed in each fiscal year based on whether or not the institution has submitted and gained approval for a plan. If the institution does not have an approved plan, it is to receive five percent less funding per student than it would have received from its annual allocation. The remaining funds are to be distributed among those institutions that meet or exceed their targets.	No change.
667 Subject: Ohio Aerospace Institute	
Section: *88.08*	Section: *88.08*
Requires the Board of Regents to distribute GRF appropriation item 235-527, Ohio Aerospace Institute, in accordance with section 3333.042 of the Revised Code.	No change.
Requires the Board of Regents, in conjunction with the Third Frontier Commission, to review the progress of the Ohio Aerospace Institute's efforts in the context of its original mission to support academic research and education in aerospace engineering. The findings will be used to determine whether or not the institute will continue to receive state funding. If state support is to be discontinued, the Board of Regents may use this appropriation item to fund other initiatives that support aerospace research or education in aerospace engineering.	

As Introduced	As Passed by the House
668 Subject: Academic Scholarships	
Section: *88.08*	Section: *88.08*
Specifies that GRF appropriation item 235-530, Academic Scholarships, is to be used to provide academic scholarships to students under section 3333.22 of the Revised Code.	No change.
669 Subject: Student Choice Grants	
Section: *88.08*	Section: *88.08*
Requires that GRF appropriation item 235-531, Student Choice Grants, to be used to support the Student Choice Grant program created by section 3333.27 of the Revised Code.	No change.
Requires the unencumbered balance of GRF appropriation item 235-531, Student Choice Grants, at the end of FY 2004 be transferred to FY 2005 for use under the same appropriation item in order to maintain grant award amounts in fiscal year 2005 equal to the awards provided in fiscal yea 2004. 674 Subject: Capital Component	
Section: *88.09*	Section: *88.09*
Requires that GRF appropriation item 235-552, Capital Component, be used by the Board of Regents to implement the capital funding policy for state-assisted colleges and universities established in Am. H.B. 748 of the 121st Genera Assembly (capital budget bill). This appropriation item is to be distributed to all campuses for which the estimated campus debt service attributable to new qualifying capital projects is less than the campus's formula-determined capita component allocation. Campus allocations are to be determined by subtracting the estimated campus debt service attributable to new qualifying capital projects from the campus's formula-determined capital component allocation. Moneys distributed from this appropriation item are to be restricted to capital-related purposes.	No provision.
Provides explanatory language to indicate that, if a campus's estimated debt service for capital projects exceeds its formula-determined capital component allocation, the difference is to be subtracted from its state share of instruction allocation in each fiscal year. The sum of all such amounts is to be transferred to this appropriation item from GRF appropriation item 235-501, State Share of Instruction. Fiscal effect: Potential reduction in GRF expenditures under GRF appropriation item 235-501, State Share of Instruction, for those campuses whose debt service amounts in any of the specified capital appropriation bills exceeded their capital component earnings.

technology, development, commercialization, and supporting Ohio's economic development.	
Requires the Third Frontier Commission's annual review to be a comprehensive review of the entire state science and technology program portfolio rather than a review of individual programs.	No change.

693 **Subject:** **Repayment of Research Facility Investment Fund Moneys**

Section: *88.13*	**Section:** *88.13*
Requires all repayments of Research Facility Investment Fund loans to be made to the Bond Service Trust Fund. All Research Facility Investment Fund loan repayments made prior to the effective date of this section are to be transferred by the Director of Budget and Management to the Bond Service Trust Fund within sixty days of the effective date of this section.	No change.
Requires campuses to make timely repayments of Research Facility Investment Fund loans, according to a schedule established by the Board of Regents. If a payment is late, th Board of Regents may deduct from an institution's periodic subsidy distribution [the State Share of Instruction] an amou equal to the amount of the overdue payment for that institution, transfer such amount to the Bond Service Trust Fund, and credit the appropriate institution for the repaymen

694 Subject: Veterans' Preferences	
Section: *88.13*	Section: *88.13*
Requires the Board of Regents to work with the Governor's Office of Veterans' Affairs to develop specific veterans' preference guidelines for higher education institutions. The guidelines are to ensure that the institutions' hiring practices are in accordance with the intent of Ohio's veterans' preference laws.	No change.
695 Subject: Comprehensive Plan for Higher Education	
	Section: *88.14*
No provision.	Requires the Board of Regents to develop a comprehensive plan for higher education. The plan will include all of the following:
	(1) Eliminate the duplication of academic programs at the graduate, professional, and doctoral levels.
	(2) Identify public and private institutions to recommend as part of an Ohio Centers of Excellence program.
	(3) Create a Public Medical College System.
	Requires the plan to be submitted to the General Assembly for its approval by April 1, 2004.

As Introduced	As Passed by the House
696 Subject: Study of Possible Merger of Collocated Institutions	
	Section: *88.15*
No provision.	Requires the Board of Regents to study the possibility of merging collocated state-assisted institutions of higher education and the administrations of those institutions above the level of dean. The Board of Regents must report its findings and recommendations to the General Assembly by May 15, 2004.
697 Subject: Creation of a Joint Vocational-Community College in Warren County	
	Section: *137A*
No provision.	Permits, on a pilot basis, the creation of a joint vocational-community college comprised of the Warren County Career Center and a new community college.
	Specifies the procedures required for the establishment of the joint vocational-community college, and its governing structure.
	Specifies that the joint vocational-community college shall ac as both a joint vocational school district and a community college subject to all laws applicable to each.
	Prohibits the joint vocational-community college from receiving state assistance for capital improvements otherwise available to community colleges.
	Specifies that students enrolled in the joint vocational-community college are only eligible to receive 80% of the state subsidy that would otherwise be provided to community college students.

698 Subject: Administrative Resolution of Small Claims	
R.C. *2743.02*	R.C. *2743.02*
Provides an administrative procedure established by rule by the Director of Rehabilitation and Correction for the resolution of claims of inmates of state correctional institutions for the loss of or damage to property that do not exceed $300. Fiscal effect: Current law requires an inmate of a state correctional institution who wants to pursue a claim against the state for property damage bring a civil action in the Court of Claims, regardless of the size of the claim. Thus, this administrative procedure creates a duty for the Department, while potentially relieving the Court of Claims of some inmate claims that it might otherwise have had to resolve. According to the Department, this administrative procedure may divert around 180 cases annually from the Court. Currently in case where the inmate is not indigent, the inmate pays a $25 filing fee in order to file a claim in the Court. If the inmate wins the case, then the Department reimburses the $25 filing fee plus the amount of the claim. The fiscal effect of this administrative procedure on the Department's annual expenditures appears likely to be negligible.	No change.

699 Subject: Zero-Based Budgeting	
	Section: *89*
No provision.	Requires the Department to prepare, with technical assistance to be provided by the Office of Budget and Management (OBM), a full zero-based budget for the FY 2006-2007 biennium. Fiscal effect: As of this writing, it appears that the one-time expense associated with the preparation of a zero-based budget for the Department and OBM would not exceed minimal. This state expense is probably best viewed as largely an "opportunity cost." In other words, those two stat agencies will likely absorb this task within their existing mix c duties and responsibilities, and presumably have to delay as appropriate the performance of some of those other duties and responsibilities.
700 Subject: Ohio Building Authority Lease Payments	
Section: *89*	Section: *89*
Requires moneys appropriated to GRF appropriation item 501-406, Lease Rental Payments, be used for payments to the Ohio Building Authority for the purpose of covering the principal and interest on outstanding bonds issued to finance capital projects through the state's Adult Correctional Building Fund (Fund 027). Fiscal effect: This uncodified law provision continues existing practice with regard to the moneys appropriated to appropriation item 501-406, Lease Rental Payments.	No change.

As Introduced	As Passed by the House
701 Subject: Prisoner Compensation	
Section: *89*	Section: *89*
Requires moneys appropriated to GRF appropriation item 501-403, Prisoner Compensation, be transferred on a quarterly basis by intrastate transfer voucher (ISTV) to Fund 148 (non-GRF appropriation item 501-602, Services and Agricultural) for the purposes of paying prisoner compensation. Fiscal effect: Although inmates are paid from non-GRF appropriation item 501-602, Services and Agricultural, for jobs performed while in prison, the actual money for these payments is transferred from GRF appropriation item 501-403, Prisoner Compensation. This uncodified law provision continues existing practice with regard to the moneys appropriated to appropriation item 501-403, Prisoner Compensation.	No change.
702 Subject: Parole Board Pre-S.B. 2 Felony Sentencing Law Study	
	Section: *145.03F*
No provision.	Requires the Parole Board to: (1) review the appropriateness of the length of sentences of current prisoners who were sentenced under the Felony Sentencing Law that was in effect prior to July 1, 1996, and to determine whether the length of any of those sentences should be adjusted, and (2) submit a report of its findings and recommendations to the General Assembly within one year after the section's effective date. Fiscal effect: The Department is currently in the process of formally studying and evaluating the sentencing of pre-S.B. 2 inmates. Thus, this study requirement does not create any direct and immediate fiscal effect for the Department.

703 Subject: MR/DD Services	
Section: *90*	Section: *90*
Specifies that funds in GRF appropriation item 415-404, MR/DD Services, be used as state matching funds to provide vocational rehabilitation services to mutually-eligible clients between the Rehabilitation Services Commission and the Department of Mental Retardation and Developmental Disabilities. Requires the Commission to report to the Department, as outlined in an interagency agreement, on the number and status of mutually-eligible clients and the status of the funds and expenditures for these clients.	No change.
704 Subject: Vocational Rehabilitation/ Job and Family Services	
Section: *90*	Section: *90*
Specifies that funds in GRF appropriation item 415-405, Vocational Rehabilitation/Job and Family Services, be used as state matching funds to provide vocational rehabilitation services to mutually-eligible clients between the Rehabilitation Services Commission and the Department of Job and Family Services. Section: *90*	Section: *90*
Specifies that funds in GRF appropriation item 415-406, Assistive Technology, be provided to Assistive Technology of Ohio and be used only to provide grants under that program. No amount of the appropriation may be used for administrative costs.	No change.
706 Subject: Office for People with Brain Injury	
Section: *90*	Section: *90*
Requires that $50,000 in each fiscal year of GRF appropriation item 415-431, Office for People with Brain Injury, be used as the state match for a federal grant awarde through the "Traumatic Brain Injury Act" (P.L. 104-166) and up to $50,000 in each fiscal year be provided to the Brain Injury Trust Fund. The balance of the appropriation is to be used to plan, coordinate, perform needs assessments for, and prioritize head injury-related services provided by state agencies and other government or private entities.	No change.
707 Subject: Services for the Elderly	
Section: *90*	Section: *90*
Specifies that funds in GRF appropriation item 415-509, Services for the Elderly, be used as matching funds for vocational rehabilitation services for eligible elderly persons with disabilities.	No change.

708 Subject: Social Security Reimbursement Funds	
Section: *90*	Section: *90*
Specifies that reimbursement funds received from the Social Security Administration for the costs of rehabilitating federal disability recipients to gainful employment be used in the Social Security Reimbusement Fund (Fund 3L1) as follows:	No change.
(1) Appropriation item 415-601, Social Security Personal Care Assistance, (Fund 3L1) in the federal special revenue fund group to provide personal care services in accordance with section 3304.41 of the Revised Code;	
(2) Appropriation item 415-605, Social Security Community Centers for the Deaf, (Fund 3L1) in the federal special revenue fund group to provide grants to community centers for the deaf in Ohio for services to individuals with hearing impairments;	
(3) Appropriation item 415-607, Social Security Administration Cost, (Fund 3L1) in the federal special revenue fund group to administer the Social Security reimbursement program;	
(4) Appropriation item 415-608, Social Security Special Programs/Assistance, (Fund 3L1) in the federal special revenue fund group to provide vocational rehabilitation services to individuals with severe disabilities who are social security beneficiaries (Appropriation item 415-608 also includes funds to assist with the Personal Care Assistance Program, Community Centers for the Deaf, and the Independent Living program to pay their share of indirect costs as mandated by the federal government.);	

As Introduced	As Passed by the House
(5) Appropriation item 415-610, Social Security Vocational Rehabilitation, (Fund 3L1) in the federal special revenue fun group to provide vocational rehabilitation services to older blind individuals with severe disabilities to achieve a noncompetitive employment goal.	
709 **Subject:** **Administrative Expenses**	
Section: *90*	**Section:** *90*
Specifies that funds in appropriation item 415-606, Administrative Expenses, (Fund 4W5) in the general services fund group be used to support the Commission's administrative functions related to providing vocational rehabilitation, disability determination, and ancillary program services.	No change.
710 **Subject:** **Independent Living Council**	
Section: *90*	**Section:** *90*
Specifies that funds in GRF appropriation item 415-402, Independent Living Council, be used to fund the operations c the State Independent Living Council.	No change.

711 Subject: Mental Health Services	
Section: *90*	Section: *90*
Specifies that funds in GRF appropriation item 415-403, Mental Health Services, be used as state matching funds to provide vocational rehabilitation services to mutually-eligible clients between the Rehabilitation Services Commission and the Department of Mental Health. States that the Department is to receive a quarterly report fo the Commission stating the numbers served, numbers placed in employment, average hourly wage, and average hours worked.	No change.
712 Subject: Independent Living Services	
Section: *90*	Section: *90*
Specifies that funds in GRF appropriation item 415-520, Independent Living Services, and appropriation item 415-612, Federal Independent Living Centers or Services, (Fund 3L4) in the federal special revenue fund group be used to support state independent living centers or independent living services pursuant to Title VII of the Rehabilitation Act Amendments of 1992, 106 Stat. 4344, 29 U.S.C.A. 796d.	No change.
713 Subject: Independent Living/ Vocational Rehabilitation Programs	
Section: *90*	Section: *90*
Specifies that funds in appropriation item 415-617, Independent Living/Vocational Rehabilitation Programs, (Fund 3L4) in the federal special revenue fund group be use to support vocational rehabilitation programs, including, but not limited to, Projects with Industry, Training Grants, and Brain Injury Grants.	No change.

714 Subject: Pilot Program for Vocational Rehabilitation	
Section: *90*	Section: *90*
Permits the Rehabilitation Services Commission (RSC), during FYs 2004 and 2005, to conduct a pilot program to provide vocational rehabilitation and related services to entities, employers, or individuals that are not eligible for state or federally supported services through RSC. Prior to commencement of the pilot program, RSC is to develop a program plan and propose fees to be collected from the entities, employers, or individuals served by the pilot program. Both the program plan and fees are subject to Controlling Board approval. Any plan revisions or updates are to be reported to the Controlling Board. During implementation of the pilot program, RSC is to investigate and determine the possibility of utilizing this source of revenue to match federal funds. Fees collected are to be credited to Fund 468 (Third Party Funding). The Commission must evaluate the progress of the pilot program and issue a report of its findings to the Governor by December 15, 2005, which is to include a recommendation on whether to continue or discontinue the pilot program during the FY 2006-2007 biennium. Fiscal effect: The Commission has not yet estimated the amount of revenue this project will generate. It is possible that this program could generate revenue that the Commission can use as state match for federal vocational rehabilitation dollars.	No change.

As Introduced	As Passed by the House
715 Subject: Additional Appropriations	
	Section: *92,*
Specifies that appropriation items in Section 92 of the bill are to be used for the purpose of administering and distributing the designated revenue distributions fund according the Revised Code. Provides that if it is determined that additional appropriations are necessary, such amounts are appropriated.	No change.
716 Subject: Temporary Adjustment to Local Government Distributions	
Section: *134*	Section: *134*
Limits growth of deposits into and distributions from the three local government funds (Local Government Fund, Local Government Revenue Assistance Fund, and Library and Local Government Support Fund) to 2%. Fiscal effect: Estimated to increase revenue to the GRF by $90.8 million in FY 2004 and $149.8 million in FY 2005.	Freezes the local government funds for FY 2004 and FY 2005 at the lower of the formula amount or FY 2003 (after reductions). Fiscal effect: This will reduce the local government funds by combined $18.1 million in FY 2004 and $35.5 million in FY 2005. The GRF will increase by equal amounts as a result.

717 Subject: Fees for Initial and Renewal Licenses	
R.C. *4736.12*	R.C. *4736.12*
Increases the fee to apply for registration as a sanitarian-in-training or as a sanitarian if already a sanitarian-in-training from $57 to $75. Increases the fee for all others to apply for registration as a sanitarian from $114 to $150. Removes the existing requirement that the renewal fee for registered sanitarians and sanitarians-in-training be fixed by the Board of Sanitarian Registration at not more than $61 and replaces it with a renewal fee of $69. Fiscal effect: The proposed fees would generate about $132,000 of revenue to be deposited in the Occupational Licensing and Regulatory Fund (Fund 4K9).	No change.

As Introduced	As Passed by the House
718 Subject: Right of First Refusal to Community Schools	
	R.C. *3313.41, 3318.34*
No provision.	Prohibits the Ohio School Facilities Commission from releasing state funds for a state-assisted classroom facilities project to a school district until the district has complied with existing law requiring the district to first offer for sale to start-up community schools located in the district any real propert the district plans to dispose of by sale before offering it for sale to others. Fiscal effect: As long as the district complies with current lav there should be no fiscal effect.
719 Subject: Allocation of Classroom Facilities Project Funds	
	R.C. *3318.024*
No provision.	Requires the Ohio School Facilities Commission, in any fiscal year, to allocate any funds that are left over from the previous fiscal year only to the Classroom Facilities Assistance Program (CFAP). Fiscal effect: Prevents the funds appropriated for CFAP from being diverted to other programs. Potentially increases the amount of funds available to districts through CFAP.

720 Subject: Credit for Expenditures Made Prior to Participation in State Programs	
	R.C. *3318.033, 3318.364, 3318.01, 3318.03, 3318.41*
No provision.	Permits a school district to apply as part of its share of a state-funded classroom facilities project certain approved expenditures of school district funds in an amount of not less than $1 million (other than that supported by a bond issue as permitted under current law) within 24 months (instead of 18 months as under current law) prior to notice that the district i eligible for state funding for classroom facilities. Permits a school district to apply as local resources under the School Building Assistance Expedited Local Partnership Program certain approved expenditures of school district funds in an amount of not less than $1 million (other than tha supported by a bond issue or tax levy as permitted under current law) made within 24 months (instead of 18 months under current law) prior to September 14, 2000 (the effective date of Am. Sub. S.B. 272 of the 123rd General Assembly). Fiscal effect: Could potentially change a school district's loca share from being calculated based on the net indebtedness provision to the percentile ranking method.

As Introduced

721 **Subject: Local Share Options**

No provision.

As Passed by the House

R.C. *3318.052*

Repeals the existing statute and enacts a new one that authorizes the same dedication of taxes for a classroom facilities project but also requires the continued collection of those dedicated taxes as long as the securities issued to pay the costs associated with the project, including the half mill maintenance obligation, remain outstanding. Current law permits a local school district to raise its local share of a project's cost using a number of options other than bonds, such as using the proceeds of a new or existing school district income tax. However, current law does not guarantee that the taxes earmarked for those purposes cannot be revoked or reduced by the district voters or board. Also permits school districts to issue notes in anticipation of the dedicated taxes.

Fiscal effect: The bill would guarantee the local share raised by means other than bonds to be fully collected for the duration of the project.

As Introduced	As Passed by the House
722 Subject: Elimination of Certain School Facilities Programs	
	R.C. *3318.35, 3318.351, Section 131C, 136A*
No provision.	Terminates the following programs administered by the Ohio School Facilities Commission: the Short-Term Loan program, the Extreme Environmental Contamination program, the Emergency School Repair program, the Schoo Building Emergency Assistance program, and the Disability Access program. Also, transfers the unencumbered and unallotted balance in appropriation item CAP-777, Disability Access Projects to appropriation item CAAP-662, Public School Buildings and appropriates the amount transferred. Fiscal effect: The elimination of the Disability Access program and the School Building Emergency Assistance program in FY 2004 would allow for an additional $19 million for Classroom Facilities Assistance projects. The other programs have completed.
723 Subject: Exceptional Needs Program Cap	
	R.C. *3318.37*
No provision.	Eliminates the 25% limit on funds that may be set aside for the Exceptional Needs Program. Fiscal effect: Potentially increases the amount of money available for school districts through the Exceptional Needs Program, and reduces the amount of money available for school districts through the Classroom Facilities Assistance Program.

As Introduced	As Passed by the House
724 Subject: Participation in the Exceptional Needs Program	
	R.C. *3318.37*
No provision.	Permits school districts that participate in the Expedited Local Partnership Program to also participate in the Exceptional Needs Program. Under current law, districts may not participate in both programs. Fiscal effect: Potentially could increase the number of school districts that are eligible for state funding under the Exceptional Needs Program and decrease the amount of money available for districts participating in the Classroom Facilities Assistance Program.

As Introduced	As Passed by the House
725 **Subject:** **Lease Rental Payments**	
Section: ***96.01***	**Section:** ***96.01***
Specifies that GRF appropriation item 230-428, Lease Rental Payments, be used to meet all leases and agreements made by the School Facilities Commission pursuant to section 3318.26 of the Revised Code. Limits the aggregate amount of all lease payments made during the period from July 1, 2002 to June 30, 2005 to $63,481,200.	No change.
726 **Subject:** **Common Schools General Obligation Debt Service**	
Section: ***96.01***	**Section:** ***96.01***
Specifies that GRF appropriation item 230-908, Common Schools Obligation Debt Service, be used to pay all debt service and related financing costs between July 1, 2003 and June 30, 2005 pursuant to sections 151.01 and 153.03 of the Revised Code. Requires the Office of the Sinking Fund or the Director of Budget and Management to effectuate required debt service and financing costs via an intrastate transfer voucher. This appropriation item supports debt service for debt now being issued under State Issue 1 that was approved by Ohio voters in 1999.	No change.

As Introduced	As Passed by the House
727 Subject: Operating Expenses	
Section: *96.01*	Section: *96.01*
Requires the Executive Director of the School Facilities Commission to certify to the Director of Budget and Management the amount of cash to be transferred from Fun 032, School Buildings Assistance Fund, or Fund 021, Public School Building Fund, to Fund 5E3, Ohio School Facilities Commission Fund, within 10 days of the effective date of this section. The amount transferred may not exceed investmen earnings credited to Fund 032, School Building Assistance Fund, less any amount required to be paid for federal arbitrage rebate purposes.	No change.
728 Subject: School Facilities Encumbrances and Reappropriation	
Section: *96.01*	Section: *96.01*
Allows the Director of Budget and Management, at the request of the Executive Director of the School Facilities Commission, to cancel encumbrances for school district projects from a previous biennium if the district has not raised its local share of project costs within one year of Controlling Board approval. The Executive Director of the Commission is required to certify the amounts of the canceled encumbrances to the Director of Budget and Management on a quarterly basis. Fiscal effect: The canceled encumbrances would be made available to serve additional school districts. There are no additional costs associated with this provision as it reauthorizes current practices.	No change.

As Introduced	As Passed by the House
729 Subject: Community School Classroom Facilities Loan Guarantee	
Section: *96.02*	Section: *96.02*
Reappropriates the unencumbered and unallotted balances of School Building Assistance Fund appropriation item 230-602, Community School Loan Guarantee, as of June 30, 2003, in FY 2004 to support loan guarantees to community schools under section 3318.50 of the Revised Code. Also reappropriates FY 2004 year-end balances in FY 2005. Fiscal effect: The initial appropriation for this line item was $15,000,000 in FY 2002. The first round of grants resulted in six schools receiving approximately $3,700,000.	No change.
730 Subject: Extreme Environmental Contamination of School Facilities	
Section: *96.03*	Section: *96.03*
Allows the School Facilities Commission to provide assistance under the Exceptional Needs School Facilities Program to any school district, regardless of wealth, for the purpose of the relocation or replacement of school facilities required as a result of extreme environmental contamination Fiscal effect: Any local funds used for projects related to environmental contamination can be credited towards the district's local share for district wide projects. If the federal government or other private entity provides funds that excee the district's local share, the amount that exceeds the local share will be credited towards the state share.	No provision.

As Introduced	As Passed by the House
731 **Subject:** Canton City School District	
Section: *96.04*	**Section:** *96.04*
Allows the School Facilities Commission to commit up to $35,000,000 to the Canton City School District for construction of a facility in lieu of a high school that would otherwise be authorized under Chapter 3318. of the Revised Code. Fiscal effect: This will not increase the state share of the school facilities projects in the Canton City School District.	No change.
732 **Subject:** Transfers from the Tobacco Master Settlement	
Sections *133, 136*	**Sections** *133, 136*
Transfers $122,800,000 cash in fiscal year 2004 that would otherwise be credited to Fund N87, the Educational Facilities Trust Fund, to the General Revenue Fund. Authorizes the School Facilities Commission to issue $122,800,000 in debt to replace the funds that were transferred. The School Facilities Commission is not permitted to commit the appropriations until after April 1, 2004. Fiscal effect: The loss of cash funds from the Tobacco Master Settlement will not adversely affect the Commission's ability to serve school districts with building projects. However, the increase in debt issued will result in higher debt service payments for the state.	No change.

733 Subject: Technical and Instructional Professional Development	
Section: *97.01*	Section: *97.01*
Makes the following earmarks within GRF appropriation item 228-406, Technical and Instructional Development:	Makes the following changes to the earmarks of GRF appropriation item 228-406, Technical and Instructional Development:
(1) Earmarks $1,260,000 in FY 2004 for grants made by the Ohio Telecommunications Network Commission with the advice of the Ohio SchoolNet Commission for research, development, and production of interactive instructional programming series and teleconferences to support SchoolNet. Up to $55,000 of this amount shall be used for administrative purposes. The programming will be targeted to the poorest 200 school districts.	(1) Same as executive, but also earmarks the same amount in FY 2005;
(2) Earmarks $818,322 in FY 2004 for the INFOhio project.	(2) Same as executive, but also earmarks the same amount in FY 2005;
(3) Earmarks $300,000 in FY 2004 for the JASON Project.	(3) Same as executive, but also earmarks the same amount in FY 2005.
Specifies that the remaining appropriation be used for professional development for teachers and administrators fo the use of educational technology in the classroom. The Commission may make grants to provide technical assistance and professional development in the use of educational technology to school districts, including the State School for the Blind and the Ohio School for the Deaf.	No change.

As Introduced	As Passed by the House
734 Subject: Education Technology	
Section: *97.01*	Section: *97.01*
Makes the following earmarks within GRF appropriation item 228-539, Education Technology:	Makes the following changes to the earmarks of GRF appropriation item 228-539, Education Technology:
(1) Earmarks up to $1,946,000 in FY 2004 for the OneNet Ohio Program;	(1) Same as executive, but also earmarks the same amount in FY 2005.
(2) Earmarks up to $2,500,000 in FY 2004 to help support Math Rules;	(2) No provision.
(3) Earmarks up to $1,000,000 for RISE Learning Solutions;	(3) No provision.
(4) Earmarks up to $4,403,778 in FY 2004 to contract with instructional television, and up to $639,537 in FY 2004 to contract with education media centers to provide Ohio schools with instructional resources and services. Requires that these instructional resources and services be made available for purchase by chartered nonpublic schools.	(4) Same as executive, but also earmarks the same amount in FY 2005.
735 Subject: Telecommunity	
Section: *97.01*	Section: *97.01*
Requires that appropriation item 228-630, Ohio SchoolNet Telecommunity Fund (Fund 4W9) in the state special revenue fund group, be distributed on a grant basis to eligible school districts to establish distance learning through interactive video technologies in the school district. School districts are eligible for funds if they are located within the service area of any of the eight participating local telephone companies.	No change.

As Introduced	As Passed by the House
736 **Subject:** **Distance Learning**	
Section: *97.01*	**Section:** *97.01*
Requires that appropriation item 228-634, Distance Learning (Fund 4X1) in the state special revenue fund group be distributed on a grant basis to school districts that are located within an Ameritech service area.	No change.
737 **Subject:** **Gates Foundation Grants**	
Section: *97.01*	**Section:** *97.01*
Requires that appropriation item 228-605, Gates Foundation Grants (Fund 5T3) in the state special revenue fund group, be used to provide professional development to school district principals, superintendents, and other administrative staff for the use of education technology.	No change.
738 **Subject:** **Transfer of Funds to the Department of Education**	
Sections *97.02, 137*	**Sections** *97.02, 137*
Eliminates the Ohio SchoolNet Commission and transfers its duties and authorities, assets, liabilities, and employees to the Department of Education beginning on July 1, 2004, subject to a plan developed by the Ohio Technology Integration Task Force and approved by the Controlling Board. Up to $23,000,000 in FY 2005 in GRF appropriation item 911-416, Education Technology, of the Controlling Board may be transferred to the Ohio Department of Education subject to the Task Force recommendations.	No provision.

740 Subject: Increases Notary Public Filing Fee	
R.C. *147.37*	R.C. *147.37*
Increases the filing fee from $5 to $15 paid to the Secretary of State by each person receiving a commission as a notary public. This fee also applies to attorneys admitted to the practice of law in Ohio. Approximately 338,121 notaries (regular and attorney) are currently commissioned in Ohio with an estimated average of 36,500 commissions issued per year. Fiscal effect: Revenue gain to the General Services Fund Group (Fund 412), of approximately $365,000 per year.	No change.
741 Subject: Election Law Signature Requirements	
R.C. *3501.011*	R.C. *3501.011*
No provision.	Specifies that, for the purpose of signing petitions and signing and affixing signatures to documents filed with or transmitted to a board of elections or the office of the Secretary of State under the Election law, a "signature" generally means a person's written, cursive-style legal mark, written in the person's own hand. For a person who does nc use a cursive-style legal mark in the course of the person's regular business and legal affairs, "signature" means the person's other legal mark that the person uses during the course of those affairs that is written in the person's own hand. For the purposes of signing documents under the Election law, the legal mark of a registered elector must be considered to be the mark of that elector as it appears on the elector's voter registration record. Fiscal effect: None

750 Subject: Property Tax --Eliminates the Tangible Tax Exemption Reimbursement, Filing Requirement

As Introduced	As Passed by the House
R.C. *319.11, 321.24, 5711.02, 5711.27, Sections 144.05, 146.07*	R.C. *319.11, 321.24, 5711.02, 5711.27, Sections 144.05, 146.07*
Eliminates the state's reimbursement of the cost of the property tax exemption on the first $10,000 of a business' tangible personal property over a ten-year period. In FY 2004, the amount of the reimbursement will be reduced to 90% of the FY 2003 reimbursement. The reimbursement will be reduced by an additional 10% each year until FY 2012. Also eliminates the requirement for taxpayers with less than $10,000 of assessed value to file an "informational" tax retur beginning in tax year 2004. Fiscal effect: Reduces GRF expenditures for the reimbursement of the tangible tax exemption by approximately $9.7 million in FY 2004 and $19.7 million in F' 2005. Reduces revenues to school districts by approximately $6.8 million in FY 2004 and $13.8 million in F' 2005. Reduces revenues to local governments, other than school districts, by $2.9 million in FY 2004 and $5.9 million ir FY 2005.	No provision.

Decreases the 10% rollback to 5% for real property used for commercial or industrial purposes, including buildings containing more than two dwellings, public utility real property, and mineral rights. Fiscal effect: Reduces the required appropriation for GRF appropriation item 110-901, Property Tax Allocation – TAX, by $25.0 million in FY 2004 and by $51.4 million in FY 2005. Reduces the required appropriation for GRF appropriation item 200-901, Property Tax Allocation (in the Department of Education), by $45.0 million in FY 2004 and by $92.6 million in FY 2005.	No provision.
Limits the 2.5% and 10% rollback on owner-occupied, or "homestead", property to the first $1.0 million of a home's value (true market value). Fiscal effect: Reduces the required appropriation for GRF appropriation item 110-901, Property Tax Allocation – TAX, by $0.9 million in FY 2004 and by $1.8 million in FY 2005. Reduces the required appropriation for GRF appropriation item 200-901, Property Tax Allocation (in the Department of Education), by $1.6 million in FY 2004 and by $3.4 million in FY 2005.	No provision.

752 Subject: Property Tax -- Property Tax Administration Fund	
R.C. *321.24*	R.C. *321.24*
Creates the Property Tax Administration Fund (appropriation item 110-623, Fund 5V8 in the state special revenue fund group). The source of funds for the Property Tax Administration Fund is a fee charged to local taxing districts. The amount credited to the Fund is calculated by summing the following: (amount of the 10% rollbacks paid on real property x 0.003) + (amount of taxes levied against public utility personal property x 0.0015) + (amount of taxes levied against tangible personal property of businesses owning property in more than one county x 0.0075). (See also the item entitled "Property Tax Administration Fund" in the Property Tax portion of the Tax Provisions section.) Fiscal effect: The revenues credited to the Property Tax Administration Fund will be provided by a transfer from GRF funds that would have otherwise been transferred into line items 110-901, Property Tax Allocation – TAX, and 200-901, Property Tax Allocation – EDU, which provides reimbursements to school districts and local governments fo the 10% rollbacks on real property taxes. In FY 2004, payments to school districts and local governments will be reduced by approximately $11.6 million. In FY 2005, payments to school districts and local governments will be reduced by approximately $11.9 million.	No change.

753 Subject: Municipal Income Tax - Tax Collection

R.C. *718.01, 718.05,718.11,718.111,718.12, 718.112, Sections 144.04, 146.07*	R.C. *718.01, 718.05,718.11,718.111,718.12, 718.112*
Establishes several rules and procedures to administer municipal income tax collections. The new rules and procedures are for assessments, jeopardy assessments, penalties, amended returns, refunds, and appeals of tax administrators' decisions. These new rules apply to taxable years beginning on or after January 1, 2003. Fiscal effect: Fiscal impact varies among municipalities that impose municipal income tax. Currently, there are different rules and procedures among the municipal income tax collection systems.	No change.

754 Subject: Municipal Income Tax - Uniform Tax Base for Net Profits and Telephone Company

R.C. *718.01, 718.02, 5745.01,5745.042,5747.044*	R.C. *718.01, 718.02, 5745.01, 5745.042, 5747.044*
Establishes a uniform tax base on business net profits. Adjusted federal taxable income is subject to the municipal income tax on business net profits. The taxpayer's adjusted federal taxable income is calculated on the basis of the Internal Revenue Code, as the Code exists on the bill's effective date. Beginning in 2004, a municipality may not tax a business' net profit using any base other than the business adjusted federal taxable income. Subjects telephone companies to municipal income tax beginning January 2004. Fiscal effect: Fiscal impact varies among municipalities. Currently, there is no uniform tax base on net profits. In addition, municipal income tax revenues may increase as the telephone companies are subject to municipal income ta	No change.

755 Subject: Municipal Income Tax - Net Operating Loss Carry Forward	
R.C. *718.02, 718.02*	R.C. *718.02, 718.02*
Establishes uniform rules related to net operating losses. All businesses subject to the municipal income tax are permitted to carry forward net operating losses for a period of five years. Fiscal effect: A majority of municipalities already allow a five-year carry forward of net operating loss. Therefore, uniform rules related to net operating losses results in a minimal revenue loss to municipalities not currently allowing this carry forward provision.	Same as the Executive provision except only allows businesses to carry forward net operating losses for a period of five years if permitted by the municipal corporation's ordinance. Fiscal effect: A majority of municipalities already allow a five-year carry forward of net operating loss. Therefore, net operating losses results in a minimal revenue loss to municipalities not currently allowing this carry forward provision.
756 Subject: Municipal Income Tax - Withholding	
R.C. *718.03, 718.01, 718.031*	R.C. *718.03, 718.01, 718.031*
Eliminates the automatic three-year withholding requirement for nonresident employers. The withholding requirements for nonresident employers are determined on a year- to-year basis. Establishes a uniform tax base for municipal income tax withholding by employers. Qualifying wages as defined under the Internal Revenue Code would be used as the tax base for withholding by employers. Fiscal effect: Fiscal impact varies among municipalities. Currently, municipalities do not have uniform tax base for municipal income tax withholding.	No change.

757 Subject: Municipal Income Tax - Business Gateway	
R.C. *718.031, 718.05, 718.051*	R.C. *718.031, 718.05, 718.051, Sec. 145.03K*
Establishes special filing requirements for taxpayers that file municipal income tax returns or requests for extension using the Ohio Business Gateway. The Ohio Business Gateway is an online computer network system that was initially created by the Department of Administrative Services (DAS). DAS established the system under a statutory mandate to create an online computer network system that allows private businesses to electronically file business reply forms with state agencies. Fiscal effect: State expenditures may increase due to the additional municipal income tax filings through the Ohio Business Gateway. There will be no impact on municipalities that impose municipal income tax as the state will pay all the expenses associated to the filing processes and revenue distributions.	Same as the Executive, but within 30 days after the effective date of the bill, one or more individuals representing municipal government interests need to be appointed to the steering committee that directs the continuing development of the Ohio Business Gateway to assist on issues related to municipal income tax administration. Fiscal effect: unknown.
758 Subject: Municipal Income Tax - Filing Deadlines and Extensions	
R.C. *718.05, 718.051*	R.C. *718.05, 718.051*
Establishes a uniform deadline and extension period for the filing of municipal income tax returns beginning after 2003. The uniform deadline would be the same as the date for filing the federal return. Municipalities are prohibited from establishing any other filing deadline for taxable years beginning after 2003. The extended due date of any municipal income tax return is the last day of the month for the federal income tax return extensions. Fiscal effect: Fiscal impact varies among municipalities that impose municipal income tax. Currently, filings deadline and extension period for municipal income tax returns are not uniform.	No change.

759 Subject: Municipal Income Tax - Tax Appeals	
R.C. *718.11, 5717.11, 5717.03*	R.C. *718.11, 5717.11, 5717.03*
Transfers appeals to the Board of Tax Appeals. Currently, appeals from city tax department decisions are made to an appellate board created by the legislative authority of the municipality. The appellate board created by the municipality is eliminated. Fiscal effect: The Board of Tax Appeals expenditures would increase modestly due to the additional municipal income tax caseload, but costs to local appellate boards would decrease.	Replaces the Executive provision with a provision that maintains an appellate board created by the legislative authority of the municipality. Allows the taxpayers to appeal the municipality board's decision to the Board of Tax Appeals or to the court of common pleas. Fiscal effect: The Board of Tax Appeals expenditures would increase modestly due to the additional municipal income tax appeals; costs to local appellate boards would not change.
760 Subject: Liquor Gallonage Tax	
R.C. *4301.12*	R.C. *4301.12*
Doubles the spirituous liquor tax from $3.38 per gallon to $6.76 per gallon. The bill increases the rate from 57.5 cents per standard 750 ml bottle to $1.15 per bottle. Fiscal effect: The bill will increase liquor gallonage revenues by $26.1 million in FY 2004 and $27.8 million in FY 2005. Revenue from this tax is deposited in the General Revenue Fund. Also, this provision will decrease liquor profits transfers by about $9.5 million. Thus, the net fiscal impact will be a GRF revenue gain of $16.6 million in FY 2004 and $18.3 million in FY 2005.	No provision.

761 Subject: Alcoholic Beverage Taxes	
R.C. *4301.42, 4301.05, 4301.43*	R.C. *4301.42, 4301.05, 4301.43*
Doubles the state tax rates on beer, wine and other alcoholic beverages. The tax on beer increases from 0.14 cents per ounce to 0.28 cents per ounce. The tax on wine (up to 14 percent alcohol) increases from 30 cents per gallon to 60 cents per gallon. The tax on wine with alcohol content above 14 percent increases from 98 cents per gallon to $1.96 per gallon. The tax on sparkling wine increases from $1.48 per gallon to $2.96 per gallon. The tax on mixed beverages increases from $1.20 per gallon to $2.40 per gallon. The tax on cider increases from 24 cents per gallon to 48 cents per gallon. Fiscal effect: The bill will increase revenue under this tax by about $47.9 million in FY 2004 and $51.0 million in FY 2005. Revenue from this tax is deposited in the General Revenue Fund.	No provision.
762 Subject: Electronic Tax Returns and Tax Payments	
R.C. *5703.054, 5715.02, 5739.12, 5747.08, 5747.09*	R.C. *5703.054, 5715.02, 5739.12, 5747.08, 5747.09*
Authorizes the Tax Commissioner to require any tax return or tax payment to be filed or made electronically and to impose a fine for failure to comply with electronic filing requirements. (Please see also the item entitled "Electronic Tax Returns and Tax Payments" in the Department of Taxation section.)	No provision.

763 Subject: Property Tax --- Accelerated Phase-Out of Tax on Inventories

	R.C. *5711.22, , 5711.15, 5711.16, 5727.01*
Accelerates the rate at which the inventory tax is phoned out Inventories are currently listed and assessed at a rate of 23% of their true value. Current law provides that the assessment rate will be reduced by 1% each year. The bill provides that, beginning in tax year 2005, the assessment rate will be reduced by the lesser of two percentage points or the assessment rate for the preceding year if the statewide collection of tangible personal property taxes for the second preceding year exceeded the total statewide collection of tangible personal property taxes for the third preceding year. Fiscal effect: LSC estimates this will reduce revenues to school districts and local governments by $35 million in CY 2005. These revenue losses will increase over time. It will increase the cost of the state basic aid formula due to a reduction in property valuation. Due to a lag in the basic aid formula, the CY 2005 reduction will increase the state costs by approximately $10 million in FY 2007. These costs will also increase with time.	No provision.

764 Subject: Public Utility Excise Tax - Exempt Telegraph Companies

766 Subject: Public Utility Property Tax - Pipe-line Companies	
R.C. *5727.111*	R.C. *5727.111*
Reduces the assessment rate for property of pipe-line companies from 88% to 25%, phasing-in the reduction beginning in tax year 2005. The assessment rate is reduced to 67% in tax year 2005, 46% in tax year 2006, and 25% in tax year 2007 and thereafter. Fiscal effect: None in FY 2004 or FY 2005. Reduces revenues to school districts by approximately $8.1 million in FY 2006, $16.6 million in FY 2007, and $25.3 million in FY 2008. Reduces revenues to local governments other than school districts by approximately $3.5 million in FY 2006, $7.1 million in FY 2007, and $10.8 million in FY 2008.	No provision.

768 Subject: Public Utility Excise Tax - New Tax Structure for Pipe-line Companies

As Introduced	As Passed by the House
R.C. *5727.24, 5727.25, 5727.26, 5727.27, 5727.28, 5727.30, 5727.33, 5727.38*	R.C. *5727.24, 5727.25, 5727.26, 5727.27, 5727.28, 5727.30, 5727.33, 5727.38*
Exempts pipe-line companies from the public utility excise tax and levies a new tax on their gross receipts. Pipe-line companies currently pay the tax at a rate of 6.75% of gross receipts from intra-state business. The bill will phase out the current tax beginning with gross receipts received after June 30, 2003, and companies will file a final annual statement under the tax on or before August 1, 2003. Gross receipts received beginning July 1, 2003 will be taxed at a rate of 4.75%, and the tax base is redefined. The new tax base is total pipeline company receipts on a nationwide basis, apportioned to Ohio based on pipe-line mileage within the state. This definition creates a larger tax base because the substantial majority of pipe-line business is interstate in nature. Companies will pay the tax quarterly on gross receipts received during the preceding quarter. The first payment under the new tax will be due by February 14, 2004 for the tax on gross receipts received between July 1, 2003 and December 31, 2003. Fiscal effect: Increases GRF receipts by approximately $22.0 million in FY 2004 and FY 2005. Increases receipts to the local government funds by approximately $1.1 million in FY 2004 and FY 2005.	No provision.

769 Subject: Public Utility Excise Tax - Exempt Telephone Companies

R.C. *5727.30*	R.C. *5727.30, 5727.32, 5727.33*
Exempts telephone companies from the public utility excise tax beginning with gross receipts billed to customers after June 30, 2004. Telephone companies must make a final filing under the tax on or before August 1, 2004. Telephone companies will be newly-subject to both the corporation franchise tax and the sales and use tax under separate provisions of the bill. Fiscal effect: None in FY 2004. Reduces GRF revenues by $66.3 million in FY 2005 and by $103.8 million when fully phased-in in FY 2006. Reduces revenues to the local government funds by $3.3 million in FY 2005 and by $5.2 million in FY 2006.	No change.

770 Subject: Public Utility Excise Tax - Exempt Water Transportation Companies

R.C. *5727.30*	R.C. *5727.30*
Exempts water transportation companies from the public utility excise tax beginning with gross receipts received after June 30, 2003. A company's last filing under the tax will be due on or before August 1, 2003. Water transportation companies will be newly-subject to both the corporation franchise tax and the sales and use tax under separate provisions of the bill. Fiscal effect: Reduces GRF revenues by $0.3 million in FY 2004 and by $0.6 million in FY 2005. Reduces revenues to the local government funds by $0.02 million in FY 2004 and by $0.03 million in FY 2005.	No provision.

771 Subject: Public Utility Excise Tax - Increase Minimum Tax

R.C. *5727.38, 5727.25*	R.C. *5727.38, 5727.25*
Increases the minimum tax under the public utility excise tax from the current $50 to $300. For natural gas companies and for pipe-line companies the increase will take effect in calendar year 2004. For other companies the increase will take effect with assessment made in November of 2004. Fiscal effect: Minimal increase in revenues to the GRF and to the local government funds in both FY 2004 and FY 2005.	No provision.

772 Subject: Corporate Franchise Tax: Limited Liability Companies (LLCs) Taxed as Corporations

R.C. *5733.01*	R.C. *5733.01*
Clarifies that LLCs that are taxed as corporations under federal income tax law (rather than partnerships) will be treated as a corporation under Ohio corporate franchise tax laws. Fiscal effect: None.	No provision.

As Introduced	As Passed by the House
R.C. *5733.04, 5733.05, 5733.051, 5733.057, Section 144.01*	R.C. *5733.04, 5733.05, 5733.051, 5733.057, Section 144.01*
Revises how the net income of interstate corporations is divided for the purpose of apportionment versus allocation, employing the business/nonbusiness income distinction provided by Uniform Division of Income Tax Purposes Act. The bill also revises how dividends and gains and losses from stock sales are allocated when a corporation is part of a larger corporate holding. The bill changes the method for allocating gains or losses from selling tangible personal property. The bill requires nonbusiness income to be allocated to Ohio if it is not allocable under one of the specifically prescribed methods, to the extent allowed by the federal constitution. The bill employs a throwback rule for apportioning a corporation's sales, modifies how a corporation's sales are apportioned, from basing apportionment on where the cost of performing the service is incurred to basing it on where the benefit of the service is received. Fiscal effect: State revenue gain under the franchise tax from these changes is estimated at $23.8 million in FY 2004 and $34.0 million in FY 2005. GRF revenue gain will be $22.7 million in FY 2004 and $32.4 million in FY 2005. Revenue to local government funds will increase by $1.1 million in FY 2004 and $1.6 million in FY 2005.	No provision.

Extends the add-back rules to all related entities, and to all expenses and losses. The bill broadens the add-back requirement in two ways: (1) it applies to expenses and losses transacted between a corporation and any other related member company, even if the related member is not a passive investment company; and (2) it applies to all expenses or losses, not just those associated with borrowing money or using intangible property. The bill exempts, under certain conditions, expenses and losses from the existing add-back and the proposed add-back requirements if the expenses are paid (or losses are incurred) with respect to a related member that is not subject to the federal income tax (presumably, because it is not a domestic U.S. entity). Fiscal effect: See next entry titled "Corporate Franchise Tax: Consolidated Reporting of the combined fiscal impact of this provision and the combined reporting provision.		No provision.

775 Subject: Corporate Franchise Tax: Consolidated Reporting	
R.C. *5733.05, 5733.052*	R.C. *5733.05, 5733.052*
Revises the terms under which a corporation and its related entities may file, or be required to file, a consolidated franchise tax report. If a corporation is eligible to file a consolidated return but files separately instead, it is subject to add-backs for intercorporate transactions to limit income shifting and transfer pricing (See previous entry titled "Corporate Franchise Tax: Add-back for Certain Inter-company Expenses). Fiscal effect: This provision will increase franchise tax revenues by $127.0 million in FY 2004 and $187.4 million in FY 2005. GRF revenue gain will be $120.9 million in FY 200 and $178.4 million in FY 2005. Revenue gain to local government funds will be $6.1 million in FY 2004 and $9.0 million in FY 2005.	No provision.

R.C. *5733.05, 5733.056, 5733.09, 5725.01, 5725.14, 5725.2, 5707.03, Section 144.06*	R.C. *5733.05, 5733.056, 5733.09, 5725.01, 5725.14, 5725.2, 5707.03, Section 144.06*
Makes dealers in intangibles subject to taxation under the corporate franchise tax in lieu of the intangibles property tax, which is repealed. Dealers, like other corporations, will be required to compute their tax on the basis of net worth or net income, and pay the higher tax liability. Dealers in intangibles begin to be subject to the corporation franchise tax for tax year 2004 (i.e., the tax is first reportable and payable in early 2004 on the basis of the dealer's taxable year ending in 2003). Their last intangibles tax report and payment is in 2003 (based on their capital value for 2002). The tax rate for the dealers in intangibles tax is 8 mills which is imposed on the shares or capital of dealers. Fiscal effect: Revenue from 5 mills of the tax goes to undivided local government funds. Revenue from 3 mills of the tax is deposited in the GRF. This revenue will be lost with the elimination of the dealers in intangibles tax. However, imposing the corporation franchise tax on dealers in intangibles will increase state revenues. The net increase in state revenue will be $20.0 million in FY 2004 (partial year revenue gain) and $33.0 million in FY 2005. Net GRF revenues would be $19.0 million in FY 2004 (partial year) and $31.4 million in FY 2005 (full year). The bill will decrease revenue to local government funds. The undivided local government funds currently receiving 5-mills from distributions of dealer in intangible taxes would no longer receive such revenues, due to the repeal of the dealers in intangibles tax. However, all 88 counties would share 4.2 percent and 0.6 percent of the corporate franchise tax revenues through the Local Government Fund and the	No provision.

777 Subject: Corporate Franchise Tax: Appreciation Exclusion for Financial Institutions

R.C. *5733.056*	R.C. *5733.056*
Specifies that the appreciation component of a financial institution's net worth is to be computed on the basis of the equity method of accounting. In current law, the word “appreciation” is not defined. The bill specifies that the excludable appreciation is the appreciation in investments in the capital stock of first-tier affiliates directly owned by the financial institution. Fiscal effect: This provision increases state revenue under the franchise tax by $1.1 million each year of the biennium. GRF revenue will increase by $1.0 million each year of the biennium. Revenue gain to the local government funds will b $0.1 million each year of the biennium.	No provision.

778 Subject: Corporate Franchise Tax: Sales Factor "Throwback" for Financial Institutions	
R.C. *5733.056*	R.C. *5733.056*
Employs a "throwback" rule for determining the sales factor used in apportioning the tax base of financial institutions. If the receipt from a sale is included in the denominator of a financial institution's sales factor but not in the numerator (i.e sales deemed not sitused in Ohio), but the receipt would be sitused to another state where the financial institution is not liable for a similar tax, then the receipt is to be included in the numerator if the sale has greater nexus with Ohio than with any other state in which the institution is liable for a similar tax. Fiscal effect: This provision increases state revenue under the franchise tax by $24.0 million in FY 2004 and $37.0 million in FY 2005. GRF revenue gain will be $22.8 million in FY 2004 and $35.2 million in FY 2005. Revenue gain for the local government funds will be $1.1 million in FY 2004 and $1.8 million in FY 2005.	No provision.

Reduces the corporation franchise tax rate from 8.5% to 7% of net income over four years, and applies that rate to all net income by eliminating the lower 5.1% bracket for the first $50,000 in net income. This provision applies beginning in tax year 2004. The net income rate in tax year 2004 will be 8.5%. Then, the rate will be 8% in tax year 2005, 7.5% in tax year 2006, and 7% in tax year 2007 and thereafter. Fiscal effect: The provision decreases state revenue under the corporate franchise tax by $17.8 million in FY 2005. GRF revenue loss would be $17.0 million in FY 2005. Revenue to local government funds will decrease $0.8 million in FY 2005 Reduces the corporation franchise tax on net worth by taxing the first $1 million of net worth at 2 mills (0.2%) and the next $1.5 million of net worth at 3 mills; only net worth above $2.5 million will be taxed at the current rate of 4 mills. The bill also increases the maximum net worth tax from $150,000 to $500,000 (or $500,000 per corporation covered by a consolidated tax report). This provision applies starting in tax year 2004. Fiscal effect: These changes will increase revenue under the corporate franchise tax by $30.5 million in FY 2004 and $43.5 million in FY 2005. GRF revenue will increase $29.0 million in FY 2004 and $41.4 million FY 2005. Revenue gain to local government funds will be $1.5 million in FY 2004 and $2.1 million FY 2005. Removes telephone companies from the public utility excise tax law, and makes these companies subject to the corporation franchise tax. The bill provides that a telephone company that no longer pays the public utility excise tax on i gross receipts billed after June 30, 2004, is first subject to the corporation franchise tax for tax year 2005. Allows a nonrefundable credit against the franchise tax for telephone companies receipts from 911 charges. Only credits not claimed under the public utility excise tax are allowable. Any excess credit can be carried over until the full amount of the credit is utilized. The bill also allows a nonrefundable credit against the corporate franchise tax for qualified gross receipts tax paid by incumbent local exchange carriers from FY 2005 through FY 2007.
Fiscal effect: There is no revenue impact for FY 2004. Thes provisions will increase franchise tax revenues by $23.9 million in FY 2005. GRF revenue gain will be $22.8 million ir FY 2005. Local government funds revenue will increase $1.1 million in FY 2005.

782 Subject: Corporate Franchise Tax: Changes to the Manufacturing Property Investment Credit

R.C. *5733.33, Section 144.0*	R.C. *5733.33, Section 144*
Excludes nonmanufacturers and nontaxpayers from claiming the franchise tax credit for purchasing manufacturing machinery and equipment. The bill clarifies the type of property eligible for the 7.5%/13.5% nonrefundable credit for the purchase of manufacturing equipment. A manufacturer entitled to the depreciation deduction for federal income tax purposes must capitalize the property to benefit from this credit. (This would preclude some lessors from claiming the credit unless the lessor is a manufacturer and is entitled to the depreciation deduction.) The bill explicitly specifies the type of property for which the credit cannot be claimed, expressly excludes purchases of “service” property, and allows the credit for leased property under certain conditions The bill also clarifies the definition of "manufacturer." Fiscal effect: This provision will increase state revenue under the franchise tax by $7.0 million in FY 2004 and $10.0 million in FY 2005. GRF revenue gain will be $6.7 million in FY 2004 and $9.5 million in FY 2005. Revenue gain for the local government funds will be $0.3 million in FY 2004 and $0.5 million in FY 2005.	No provision.

R.C. *5733.39, Section 144.10*	R.C. *5733.39, Section 144.10*
Reduces the coal tax credit from $3 to $1 per ton. Currently, the credit is $3 per ton of Ohio-source coal burned. The bill reduces the credit to $1 per ton. The reduction applies to credits claimed for tax years 2004 and 2005 (based on coal burned during the company's taxable year ending in 2003 and 2004, respectively). But if a company's taxable year ends before the bill becomes law, the company is entitled to the $3 credit for tax year 2004. Fiscal effect: This provision increases state revenue under the franchise tax by $18.9 million each in FY 2004 and FY 2005. GRF revenue gain is estimated at $18.0 million in each year. Revenue gain to local government funds will be $0.9 million each year of the biennium.	No provision.

Withdraws jurisdiction of the Tax Commissioner to hear complaints that challenge the continued exemption of property located in a community reinvestment area (CRA) and grants jurisdiction to the housing officer which granted the exemption. The provision counters the Ohio Supreme Court's 2001 decision, Gahanna-Jefferson Local School Dist. Bd. of Educ. v. Zaino, in which the court ruled the Tax Commissioner had jurisdiction to hear CRA complaints under current law. Fiscal effect: None.	No provision.

808 Subject: Electronic Tax Returns and Tax Payments	
R.C. *5703.054, 5717.02, 5739.12, 5747.08, 5747.09*	R.C. *5703.054, 5717.02, 5739.12, 5747.08, 5747.09*
Authorizes the Tax Commissioner to require any tax return o tax payment to be filed or made electronically and to impose a fine for failure to comply with electronic filing requirements.	No provision.
Permits vendors to file sales tax returns and payments electronically and specifies that, if sales tax returns and payments are not filed electronically, the due date for returns and payments will be the tenth day of the month rather than the twenty-third, but requires vendo to file sales tax returns and payments electronically if the Ta Commissioner adopts rules requiring electronic filing.	
Permits income taxpayers to file their returns and payments electronically and specifies that the deadline for electronic filing is April 30, but requires income taxpayers to file returns and payments electronically if the Tax Commissioner adopts rules requiring electronic filing.	
Extends the deadline for filing declarations of estimated taxes and for paying estimated taxes if, for the immediately preceding taxable year, the taxpayer filed an income tax return, together with any payment shown to be due on the return, in an electronic format prescribed by the Tax Commissioner.	
Fiscal effect: The tax automation efforts made by the Department of Taxation reduce the amount of time the Department employees spend entering data, and the amoun of time correcting mistakes in the data. However, the increase in electronic filing will increase administrative spending on technology necessary to handle the workload

and ensure the security of the taxpayer information and payments. Yet, the Department believes it will see long-term cost saving benefits and an increase in customer service satisfaction due to the automation efforts.	
809 Subject: Authority to Inspect Tax Records	
R.C. *5703.19, 5717.02*	R.C. *5703.19, 5717.02*
Permits the Tax Commissioner to inspect any tax record, including records maintained in an electronic or digital format, and allows the Commissioner to impose a penalty of up to $500 per day for failure to permit inspection. The bill also specifies the procedural rights to be afforded a taxpayer who has been penalized for failure to permit inspection of tax records. Fiscal effect: None.	No provision.
810 Subject: Centralized Tax Filing and Payment Fund Created	
R.C. *5703.491*	R.C. *5703.491*
Creates the Centralized Tax Filing and Payment Fund (Fund 5W4) in the state treasury. The Fund is to be administered by the Department of Taxation and used to finance modifications to the Ohio Business Gateway electronic tax filing and payment systems. Fiscal effect: Creates the Centralized Tax Filing and Payment Fund to receive a $3 million transfer from the GRF in fiscal years 2004 and 2005 for the modifications to the Ohio Business Gateway. (See also the temporary language item entitled "Centralized Tax Filing and Payment" in this section.)	No permanent language provision. Appropriation and temporary language requiring the GRF transfer of $3 million in fiscal years 2004 and 2005 to the Centralized Tax Filing and Payment Fund remain in the bill.

Creates the Motor Fuel Tax Administration Fund (Fund 5V7) to pay the expenses of the Department of Taxation to administer the motor fuel tax, and requires that .275% of motor fuel tax receipts be credited to the Fund, after the Tax Refund Fund and Waterways Safety Fund are credited. Fiscal effect: The Department will fund 70% of the Excise Tax Division, 1.5 FTEs in the Enforcement Division, 1.2 FTEs in the Processing Center, and 1.5 FTEs in the Taxpayer Services Division. In all, 37 FTE employees and their associated activities and equipment, which are currently funded by the GRF, will be funded by the Motor Fuel Tax Administration Fund. The executive budget provides this Fund with $3.7 million in FY 2004 and $3.8 million in FY 2005. 821 Subject: OMVI Driver's License Reinstatement Fee Distribution	
	R.C. *4503.234, (and future version of 4503.234) and 4511.191 (and future version of 4511.191)*
No provision.	Of the current $425 OMVI (operating a motor vehicle while under the influence) driver's license reinstatement fee, removes the partial distribution of $75 to the Attorney General for the Drug Abuse Resistance Education Programs Fund (Fund 4L6) in the state special revenue fund group, eliminates the Fund, and redirects the $75 as follows: (1) $60 to ODOT for the newly created Public Transportation Grant Programs Fund (Fund 5W7) in the state special revenue fund group to be used to match available federal public transportation funds and for related operating expenses, and (2) $15 to the Department of Public Safety to the newly created Public Safety Investigative Unit Fund (Fund 5X1) in the state special revenue fund group to be used for food stamp and liquor enforcement duties of the Investigative Unit. Also specifies that the Reparations Fund (Fund 402) in the state special revenue fund group receive any portion of the proceeds of the sale of a forfeited vehicle that had been directed to the Drug Abuse Resistance Education Programs Fund (Fund 4L6). Appropriates $3,100,000 in FY 2004 and $3,100,000 in FY 2005 to the newly created appropriation item 771-413, Public Transportation Grant Programs (Fund 5W7). Fiscal effect: Potential revenue loss up to 6% (or approximately $240,000 per year depending on the number of OMVI convictions) to the Attorney General due to the elimination of the Drug Abuse Resistance Education Programs Fund (Fund 4L6). Potential revenue loss to local law enforcement agencies eligible to receive grant moneys to implement D.A.R.E educational programs, resulting in a

It is uncertain if law enforcement officers currently engaged in D.A.R.E efforts wi assume other responsibilities in their departments; law enforcement agencies may experience administrative costs to restructure program plans. Overall, fiscal impacts may var among local law enforcement agencies who implement the D.A.R.E program. Potential revenue gain to the Department of Transportation for state matching dollars for federal public transportation funds, and for payment of the Department's related operating expenses. Local public transit systems ma experience additional revenues for transit programs. The number of transit systems that may receive these additional moneys is unknown.

822 Subject: General Aviation License Tax	
	R.C. *4561.18, 4561.21*
No provision.	Increases the general aviation license tax to $100 per aircraft. Current law establishes the tax as a range of $6 (for a plane with a rated seating capacity of one or two persons) to $15 plus $5 for each person of seating capacity in excess of 5 persons. Creates the County Airport Maintenance Assistance Fund (Fund 5W9) in the state special revenue fund group, and requires all such license taxes to be deposited into the Fund 5W9 instead of the GRF. Fiscal effect: Based on approximately 5,713 aircraft registrations in calendar year 2002, the Department of Transportation may experience a revenue gain of approximately $403,395 per year above FY 2002 collection levels of $167,905. The revenue from the increase in license tax will now be deposited into the newly created Fund 5W9, resulting in a subsequent loss to GRF appropriation item 777-471, Airport Improvements-State, which currently receives aircraft license tax revenue to support the County Airport Improvement Program, by provides funding for maintenance capital improvements, and runway crack sealing projects. No program functions are expected to decrease with the transfer in funds receiving the aircraft license tax revenue. Local publicly owned airports are likely to experience increased support for airport infrastructure projects. The specific airports that may receive these additional revenues is unknown at this time. The bill appropriates $570,000 in FY 2004 and $570,000 in FY 2005 to appropriation item 777-476, County Airport Maintenance Assistance, Fund (5W9) in the state special revenue fund group.

Eliminates the Ohio Rail Development Commission (ORDC) as an independent agency of the state and transfers all authority and duties of the Rail Development Commission to the Department of Transportation as its successor, including the authority to issue bonds and the granting of franchises fc rail systems. Fiscal effect: This merger is expected to result in operational efficiencies, such as rent savings, possible personnel, supply, and equipment savings, and possible program consolidation and program savings. At this point, there are no planned staff reductions, yet there are plans to move ORDC offices to ODOT's central office location. No rail services or initiatives are expected to be reduced with this provision.	No provision.

824 Subject: ODOT Sell Advertising at Rest Areas, Revenue to Fund Rest Area Improvements	
	R.C. *5515.07, 5515.08*
No provision.	Permits ODOT to sell advertising space at rest areas and requires ODOT to utilize all resulting revenues to pay for res areas improvements. Money ODOT receives from selling advertising space at rest areas will be deposited into the newly created Roadside Rest Improvement Fund (Fund 5W8) in the state special revenue fund group. Fiscal effect: Potential revenue gain to ODOT for selling advertising space at rest areas. Revenues are to be expended for rest area improvements. The bill appropriates $250,000 in each fiscal year to newly created appropriation item 774-432, Roadside Rest Area Improvement, (Fund 5W8) in the state special revenue fund group.

826 **Subject:** **Elderly and Disabled Fare Assistance**	
Section: *104*	**Section:** *104*
Specifies that $4,012,780 in FY 2004 and $5,015,975 in FY 2005 from GRF appropriation item 775-451, Public Transportation, may be used to make grants to public transit systems, local governments, and private non-profits, for the purpose of reducing transit and paratransit fares of elderly or handicapped persons. This provision is in-line with the Executive's proposal to consolidate GRF appropriation item 775-458, Elderly and Disabled Fare Assistance into GRF appropriation item 775-451, Public Transportation-State. Fiscal effect: None. This appropriation item consolidation will allow several grant programs to be funded by a single appropriation item. No services will be reduced will this provision.	No change.

828 Subject: Continuing Education for Treasurers of Political Subdivision	
	R.C. *135.22*
No provision.	Requires treasurers of political subdivisions (other than charter cities and counties) to complete, on a biennial basis, continuing education programs offered by the Treasurer of State (instead of annually as under current law). Fiscal effect: Reduction in expenses of approximately 50% to the Treasurer of State for providing continuing education programs to treasurers in certain political subdivisions. It will also decrease the political subdivisions expenditures to attend the continuing education programs.

Section: *105.01*	Section: *105.01*
Specifies that GRF appropriation item 090-401, Office of the Sinking Fund, be used for financing and other costs incurred for the issuance of general obligation bonds. Also the GRF will be reimbursed for its costs by the relevant bond retirement fund.	No change.
830 Subject: Police and Fire Death Benefit Fund	
Section: *105.01*	Section: *105.01*
Specifies that GRF appropriation item 090-575, Police and Fire Death Benefit Fund, will be disbursed annually by the Treasurer of State at the beginning of each fiscal year to the Ohio Police and Fire Pension Fund. Also requires the annua payment to be certified by the 20th day of June of each fisca year and the unused money returned to the state.	No change.
831 Subject: Tax Refunds	
Section: *105.01*	Section: *105.01*
Designates appropriation item 090-635, Tax Refunds (Fund 425) in the Agency Fund Group, to be used to pay for required tax refunds. If the director of Budget and Management finds that additional amounts are necessary, the amounts are appropriated.	No change.

836 Subject: Veterans Service Commission Education	
Section: *109*	Section: *109*
Earmarks $20,000 in each fiscal year of GRF appropriation item 753-501, State Support – AMVETS, for the Association of County Veterans Service Commissioners to reimburse its member county veterans service commissions for costs incurred in carrying out educational and outreach duties. Th Director of Budget and Management shall release these funds upon the presentation of an itemized receipt from the Association for reasonable and appropriate expenses incurred while performing these duties. The Association shall establish uniform procedures for reimbursing member commissions.	No provision.
837 Subject: Veterans' Organizations Subsidies moved to the Governor's Office	
	Sections *109, 50*
No provision.	Eliminates funding for specific veterans' organizations; instead GRF appropriation item 040-503, Veterans' Organizations, is created in the Office of the Governor with funding of $1,288,993 in FY 2004 and $1,288,992 in FY 2005. The Governor's recommendation appropriated $1,394,915 in FY 2004 and $1,390,040 in FY 2005 to 14 veterans' organizations. (See also entry titled "Veterans' Organizations Subsidies Moved to the Governor's Office" in the Office of the Governor section.)

838 Subject: Renewal Fee Increase	
R.C. *4741.17*	R.C. *4741.17*
Increases the biennial renewal fees currently paid by veterinarians and registered veterinary technicians. The fee increases will be used to support the operations of the Veterinary Board. The increase is from $155 to $200 for veterinarians and from $35 to $45 for registered veterinary technicians. This fee would apply to those veterinarians or registered veterinary technicians that have the renewal application postmarked before the first day of March. If a veterinarian or registered veterinary technician has his or he renewal application postmarked after this date, the fees are higher. For renewal applications postmarked after the first day of March, but before the first day of April, the fees are currently $225 and $45, respectively. These fees would increase to $275 for a veterinarian renewal and $55 for a registered veterinary technician under this bill. A registered veterinary technician postmarking his or her renewal application after the first day of April would pay $65 under this bill. Currently they pay $60. Fiscal effect: If the number of licenses remains constant, thi increase will result in additional revenue each biennium of approximately $194,000 for the 4K9 Fund.	No provision.

839 Subject: State Vision Board Created, Combination of Optometry and Optical Dispensers Boards	
	R.C. *4725.01, 125.22, 4725.02-4725.13, 4725.15-4725.17, 4725.171, 4725.18-4725.24, 4725.26-4725.29, 4725.31, 4725.33, 4725.34, 4725.99, 4734.99, 5903.12, Section 110a*
No provision.	Creates the Ohio Vision Board, effective July 31, 2003, eliminating the Board of Optometry and the Optical Dispensers Board and combining their functions under the Vision Board. Fiscal effect: The Ohio Vision Board is appropriated $550,000 in each fiscal year. This is $63,236 less than the appropriation for the Board of Optometry and the Optical Dispensers Board in fiscal year 2004 and $87,047 less in fiscal year 2005. Revenue deposited in the Occupational Licensing and Regulatory Fund (Fund 4K9) will remain unchanged. The provision could result in savings by reducin duplication in office operations. However, the extent of the savings depends on future decisions (e.g., number of employees, etc.). There could be one-time administrative costs associated office reorganization (e.g., office space, moving expenses, storage, etc.).

840 Subject: Community Corrections Facilities	
R.C. *5139.36*	R.C. *5139.36*
Amends codified law relative to the operation of community corrections facilities (CCFs) as follows:	No change.
(1) Requires the Department of Youth Services to set guidelines for minimum occupancy rates for CCFs.	
(2) Allows the Department to place any child committed to the Department directly into a CCF if the facility is not meeting the minimum occupancy threshold.	
(3) Grants the committing court the authority to approve or disapprove the placement of a child into a CCF.	
(4) Allows counties not associated with a CCF to refer children to such a facility with the consent of the facility.	
Fiscal effect: These modifications could produce two interrelated effects: (1) increase the utilization of CCF beds, and (2) reduce the number of felony delinquents committed t the Department. It appears that these two interrelated possibilities will allow certain counties to reallocate RECLAIM Ohio moneys, but would have no direct and immediate fiscal effect on the Department.	

As Introduced	As Passed by the House
841 Subject: Allocation of Appropriations for the Care and Custody of Felony Delinquents	
	R.C. *5139.41*
No provision.	Eliminates the Department of Youth Services' authority to adjust the amounts allocated out of the appropriation for the care and custody of felony delinquents for various purposes when the Department's appropriation for a fiscal year is subsequently revised by law or reduced by executive order. Fiscal effect: This modification of codified law removes the ability of the Department to adjust how funds are distributed under the formula for the Reclaim Ohio program, currently funded by GRF appropriation item 470-401, if its appropriation is subsequently revised or reduced. As a result, the amount of funds that could be available to cover certain departmental operating costs and/or to disburse as subsidies to counties could not increase or decrease when changes are made to the Department's appropriation. The magnitude of that effect on either the Department or counties is difficult to predict.
842 Subject: Federal Juvenile Justice Program Funds	
R.C. *5139.87*	R.C. *5139.87*
Modifies the Department's existing duties and responsibilities to administer the state's role in federal juvenile justice and delinquency programs as follows:	No change.
(1) Designates the Department to serve as the state agent for the administration of all federal juvenile justice grants awarded to Ohio.	
(2) Specifies that all rules, orders, and determinations of the Office of Criminal Justice Services regarding the administration of federal juvenile justice grants that are in

effect on the effective date of this provision continue in effect as rules, orders, and determinations of the Department.

Fiscal effect: Under the FY 2002-2003 biennial budget, responsibility for the state's involvement in federal juvenile justice programs was transferred to the Department from the Office of Criminal Justice Service. This codified law provision continues the process of transferring those duties and responsibilities, and a result, would not appear to create any discernible fiscal effect on the Department or the Office of Criminal Justice Services.

843 Subject: Zero-Based Budget	
	Section: *111*
No provision.	Requires the Department to prepare, with technical assistance to be provided by the Office of Budget and Management (OBM), a full zero-based budget for the FY 2006-2007 biennium. Fiscal effect: As of this writing, it appears that the one-time expense associated with the preparation of a zero-based budget for the Department and OBM would not exceed minimal. This state expense is probably best viewed as largely an "opportunity cost." In other words, those two stat agencies will likely absorb this task within their existing mix c duties and responsibilities, and presumably have to delay as appropriate the performance of some of those other duties and responsibilities.
844 Subject: Ohio Building Authority Lease Payments	
Section: *111*	Section: *111*
Specifies that the moneys appropriated to GRF appropriation item 470-412, Lease Rental Payments, are for payments to the Ohio Building Authority for the purpose of covering the principal and interest on outstanding bonds issued to finance the state's juvenile correctional building program. Fiscal effect: This uncodified law provision continues existing practice with regard to the moneys appropriated to appropriation item 470-412, Lease Rental Payments.	No change.

845 Subject: **Employee Food Service and Equipment**	
Section: *111*	Section: *111*
Notwithstands section 125.14 of the Revised Code, which allocates the proceeds from the transfer, sale, or lease of excess and surplus supplies, in order to permit moneys deposited in the Employee Food Service Fund (Fund 479) that were collected as reimbursement for state surplus property to be used to purchase any food operational items. Fiscal effect: Existing codified law, which creates Fund 479 in section 5139.86 of the Revised Code, already specifies that all of its moneys shall be used to purchase food, supplies, and cafeteria equipment for the Department's institutions. Thus, this uncodified law provision is consistent with existing codified law, as well as current practice.	No change.
846 Subject: **Education Reimbursement**	
Section: *111*	Section: *111*
Requires moneys appropriated to non-GRF appropriation item 470-613, Education Reimbursement, be used to fund the operating expenses of providing educational services to youth supervised by the Department and prohibits using any of those moneys for capital expenses. Fiscal effect: This uncodified law provision continues existing practice with regard to the moneys appropriated to appropriation item 470-613, Education Reimbursement.	No change.
847 Subject: **Federal Juvenile Justice Program Transfer**	
Section: *111*	Section: *111*
Specifies that:	No change.

As Introduced

(1) Any business related to the Office of Criminal Justice Services' federal appropriation item 196-602, Criminal Federal Justice Programs, commenced but not completed by the Office of Criminal Justice Services must be completed by the Department in the same manner and with the same effect.

(2) No validation, cure, right, privilege, remedy, obligation, or liability is lost or impaired by reason of the transfer.

(3) Upon the effective date of the Department's FY 2004-2005 biennial operating budget, the Department becomes the responsible party for any action or proceeding pending against the Office of Criminal Justice Services.

Fiscal effect: Under the FY 2002-2003 biennial budget, responsibility for the state's involvement in federal juvenile justice programs was transferred to the Department from the Office of Criminal Justice Service. This uncodified law provision continues the process of transferring those duties and responsibilities, and a result, would not appear to create any discernible fiscal effect on the Department or the Office of Criminal Justice Services.

848 Subject: Multi-State Drug Purchasing Program	
	R.C. *9.75*
No provision.	Requires that, if an agency seeking to create or join a multiple-state prescription drug purchasing program and intends to contract with a private entity to administer the program, an advisory council must be appointed to review proposals and select the private entity to be awarded the contract. Fiscal effect: The occasional one-time state administrative costs for such a council to perform its reporting duties under this codified law provision appear unlikely to exceed minimal

849 Subject: State Agency Planning for Client and Customer Needs

R.C. *107.31, 126.03*

No provision.

Requires submission to the General Assembly of specified information describing how a state agency plans to meet the needs of clients served by a state institutional facility that is proposed to be closed. Also requires state agencies to demonstrate in their biennial, six-year capital projections hov client and customer needs will be met by any proposed capital improvement and requires OBM to submit with the capital budget a summary of that information for any include projects.

Fiscal effect: As of this writing, it appears that the one-time expense associated with conducting such a survey and analysis for any given agency or department of state agency would not exceed minimal. This one-time state expense is probably best viewed as largely an "opportunity cost." In other words, any given agency or department of state agenc could likely absorb this task within their existing mix of duties and responsibilities, and presumably have to delay as appropriate the performance of some of those other duties and responsibilities.

As Introduced	As Passed by the House
850 Subject: State Facilities Closure Commissions	
	R.C. *107.32, 107.33*
No provision.	Authorizes the creation of State Facilities Closure Commissions regarding the possible closing of state institutional facilities for the purpose of expenditure reductions or budget cuts. Fiscal effect: The occasional one-time state administrative costs for such a commission to perform its reporting duties under this codified law provision appear unlikely to exceed minimal. This process in and of itself should not create any immediate and direct local fiscal effects.
851 Subject: Collection of Moneys Due the State	
	R.C. *131.02*
No provision.	Modifies the law governing the Attorney General's collection of amounts due the state by: (1) applying a different rate interest to such claims, and (2) permitting the addition of fees to recover the cost of processing checks returned for insufficient funds and the cost of providing electronic payment options. Fiscal effect: The interest rate provision may result in a modest annual increase in debt revenues collected and deposited in various state funds, while the permissive authority to charge certain fees presumably could offset all, or a portion, of the costs associated with providing certain services.

As Introduced	As Passed by the House
852 Subject: Reimbursement Due to Tobacco Revenue Transfers	
R.C. *183.02*	R.C. *183.02*
Requires reimbursement from the Tobacco Master Settlement Agreement Fund in FY 2015, of the amounts not transferred to the Tobacco Use Prevention and Cessation Trust Fund in FY 2004 due to the bill. (See also item titled "Transfers From the Tobacco Master Settlement Agreement Fund to the General Revenue Fund.") Fiscal effect: The bill permits the Director of Budget and Management to transfer at the end of FY 2004, up to $120 million of tobacco revenue that would have otherwise been transferred to the Tobacco Use Prevention and Cessation Trust Fund. This provision requires that, in FY 2015, the Trust Fund be paid back those dollars that it would have otherwise received if not for this bill.	No change.
Eliminates the reimbursements required from the Tobacco Master Settlement Agreement Fund in FY 2013 and FY 2014, of the amounts not transferred to the Southern Ohio Agricultural and Community Development Trust Fund and Ohio's Public Health Priorities Trust Fund in FYs 2002 and 2003. Fiscal effect: None. (There were no amounts diverted from Southern Ohio Agricultural and Community Development Trust Fund in FYs 2002 and 2003. The Ohio's Health Priorities Trust Fund was already paid back the money that was diverted from it in FY 2002 and no additional amounts will be diverted from the Trust Fund in FY 2003.)

853 Subject: County Cost Allocation Plan	
R.C. *305.28*	R.C. *305.28*
Permits the board of county commissioners to adopt a cost allocation plan and charge allowable direct and indirect costs that may be paid from county special revenue funds, enterprise funds, or internal service funds, to the county general fund. Fiscal effect: None.	No provision.
854 Subject: County Competitive Bidding Requirements	
	R.C. *307.86, 307.87*
No provision.	Increases from $15,000 to $25,000 the threshold above which county contracts must be awarded by competitive bidding. Exempts from county competitive bidding requirements contracts for the purchase of services related to information technology, including programming, that are proprietary or limited to a single source. Permits the notice of competitive bidding to be placed on a county's web site and permits a county to eliminate the second newspaper notice of competitive bidding if the notice is so posted and meets certain conditions. Fiscal effect: Potential reduction in expenses to counties due to posting a bidding notice on a website instead of printing and mailing notices, elimination of one of the two current bidding notices in a newspaper, and a reduction in administrative costs associated with fewer occasions for administering the bidding process.

855 Subject: Local Correctional Facility Commissaries	
	R.C. *307.93, 341.05, 341.25, 753.22, 2301.58, 2929.38*
No provision.	Permits profits from a commissary of a jail or other local correctional center to be used for the salary and benefits of employees who work in or are employed for the purpose of providing service to the commissary. Fiscal effect: No increase in revenue but allows greater flexibility in spending commissary profits. Currently, these profits must be used for the benefit of persons incarcerated.

856 Subject: Increases in County Sheriff Fees	
	R.C. *311.17*
Increases fees charged by sheriffs for services. (A) For the service and return of the following writs and orders: (1) Execution: (a) When money is paid without levy or no property is found: Current Fee = $5, Proposed Fee = $20; (b) When levy is made on real property, for first tract: Curren Fee = $20, Proposed Fee = $25, and for each additional tract: Current Fee = $5, Proposed Fee = $10; (c) When levy is made on goods and chattels, including inventory: Current Fee = $25, Proposed Fee = $50; (2) Writ of attachment of property, except for purpose of garnishment: Current Fee = $20, Proposed Fee = $40; (3) Writ of attachment for purpose of garnishment: Current Fee = $5, Proposed Fee = $10; (4) Writ of replevin: Current Fee = $20, Proposed Fee = $40; (5) Warrant to arrest, for each person named in the writ: Current Fee = $5, Proposed Fee = $10; (6) Attachment for contempt, for each person named in the writ: Current Fee = $3, Proposed Fee = $6; (7) Writ of possession or restitution: Current Fee = $20, Proposed fee = $60; (8) Subpoena, for each person named in the writ: Current Fee = $3 for civil case, $1 for criminal case; Proposed Fee = $6 for both civil and criminal cases; (9) Venire, for each person named in the writ: Current Fee = $3 for civil case, $1 for criminal case; Proposed Fee = $6 for both civil and criminal cases; (10) Summoning each juror, other than on venire: Current Fee = $3 for civil case, $1 for criminal case; Proposed Fee =	No change.

$6 for both civil and criminal cases;
(11) Writ of partition: Current Fee = $15, Proposed Fee = $25;
(12) Order of sale on partition, for the first tract: Current Fee = $25, Proposed Fee = $50, and for each additional tract: Current Fee = $5, Proposed Fee = $25;
(13) Other order of sale of real property, for the first tract: Current Fee = $20, Proposed Fee = $50, and for each additional tract: Current Fee = $5, Proposed Fee = $25;
(14) Administering oath to appraisers: Current Fee = $1.50, Proposed Fee = $3;
(15) Furnishing copies for advertisements for each 100 words: Current Fee = $.50, Proposed Fee = $1;
(16) Copy of indictment for each defendant: Current Fee = $2, Proposed Fee = $5;
(17) All summons, writs, orders, or notices, for the first name Current Fee = $3, Proposed Fee = $6, and for each additional name: Current Fee = $ .50, Proposed Fee = $1.
(B) In addition to the fee for service and return, the sheriff shall charge:
(1) On each summons, writ, order, or notice per mile for the first mile: Current Fee = $.50, Proposed Fee = $1, and for each additional mile: Current Fee = $.20, Proposed Fee = $.50;
(2) Taking Bail bond: Current Fee = $1, Proposed Fee = $3;
(3) Jail Fees, as follows:
(a) Receiving a prisoner, each time a prisoner is received: Current Fee = $4, Proposed Fee = $5, discharging or surrendering a prisoner (each time): Current Fee = $4, Proposed Fee = $5. The departure or return of a prisoner from or to a jail in connection with a program established under section 5147.28 of the Revised Code is not a receipt, discharge, or surrender of the prisoner for purpose of division (B) (3) (a) of this section.

As Introduced

(b) Taking a prisoner before a judge or court, per day: Current Fee = $3, Proposed Fee = $5;
(c) Calling action: Current Fee = $.50, Proposed Fee = $1;
(d) Calling jury: Current Fee = $1, Proposed fee = $3;
(e) Calling each witness: Current Fee = $1, Proposed Fee = $3;
(f) Bringing prisoner before court on habeas corpus: Current Fee = $4, Proposed Fee = $6;
(4) Poundage on all moneys actually made and paid to the sheriff on execution, decree, or sale of real estate: Current Fee = 1 %, Proposed Fee = 1.5%;
(5) Making and executing a deed of land sold on execution, decree, or order of the court, to be paid by the purchaser: Current Fee = $25, Proposed Fee = $50.
When any of the foregoing services are rendered by the officer or employee, whose salary or per diem compensation is paid by the county, the legal fees and any other extraordinary expenses, including overtime, provided for such service in this section shall be taxed in the costs in the case, and paid into the general fund of the county.
Fiscal effect: Varying revenue gains for counties

As Passed by the House

As Introduced	As Passed by the House
857 Subject: Real Estate Assessment Fund	
	R.C. *325.31, 5713.10*
No provision.	Expands the permissible uses of money in the county real estate assessment funds to include GIS and mapping syster expenses, personal property tax collection expenses, and estate tax collection expenses. The bill specifies that county tax maps, which are prepared by the County Engineer for the use of the County Board of Revision and kept in the office of the County Auditor, may be funded by the Real Estate Assessment Fund, at the discretion of the County Auditor. Fiscal effect: Increases flexibility in the budgets of County Auditors.
858 Subject: Professional Design Services	
	R.C. *453.691*
No provision.	Requires public authority planning to contract for professiona design services, prior to selecting and ranking professional design firms and negotiating a contract with the firm ranked most qualified to perform services, to seek any form of fee estimate, fee proposal, or other estimate or measure of compensation. Fiscal effect: Impact on the state and political subdivisions would depend on how the current selection process would change as a result of this provision.

As Introduced	As Passed by the House
859 Subject: Repeals Home Rule Township Authority to Have Five-Member Board of Trustees	
	R.C. *504.3, 504.04, 504.21*
No provision.	Repeals the existing authority to create a five-member board of trustees in a limited home rule township that does not already have a five-member board on the amendment's effective date. Allows for continuation of a five-member board of trustees in cases where a five-member board already exists, but only until the limited home rule form of government is terminated by the electors under existing law. Fiscal effect: Restricts the number of limited home rule townships that might increase the size of their board of trustees from three to five; therefore, limits some possible increases in salary and benefit compensation costs to these political subdivisions.
860 Subject: Township Clerk Salaries	
	R.C. *507.09*
No provision.	Provides a pay raise starting in calendar year 2004 for township clerks in townships with a budget of more than $6 million. If the township has a budget of more than $6 million but not more than $10 million, in 2004 the clerk's salary is $22,087, and in townships having a budget of more than $10 million, in 2004 the clerk's salary is $25,553. Until 2009, the clerk's salary will increase annually either by 3% or a percentage based on the increase in the Consumer Price Index, whichever is lower. Fiscal effect: Increase in expenses for township clerks' salary of 3% or lower annually until 2009 to townships with a budget of more than $6 million.

As Introduced	As Passed by the House
861 Subject: Township Parks	
	R.C. *511.181*
No provision.	Allows certain township park districts to convert parks owned and operated by the district into parks owned and operated by the township. Fiscal effect: Potential decrease in expenditures for certain township park districts and potential increase in expenditures for certain townships.

As Introduced	As Passed by the House
862 Subject: Limits the Right to Appoint Counsel in Juvenile Court Proceedings	
	R.C. *2151.352*
No provision.	Limits the right to appoint counsel in specified proceedings in a juvenile court dealing with the custody or support of a child or dealing with companionship, visitation, and other issues related to a parentage action. Fiscal effect: This codified law provision removes the legal right to appointed counsel, which currently exists in juvenile courts for cases involving visitation, custody, and support. This change would make juvenile court more like domestic relations court, which does not guarantee the right to legal representation in visitation, custody, and support cases. It is current practice in some areas of the state in these sorts of matters where an individual cannot afford legal counsel for a domestic relations judge to transfer the case to juvenile cour where appointed counsel is mandated. Eliminating the use of appointed counsel in the select number of cases that would be covered by this provision could result in a decrease in annual county and state expenditures. While the size of th court would have a significant impact on the amount of that potential savings, it is also likely that different juvenile judges and different courts may have different attitudes about how vigilant they are in making individuals appearing before the court aware of their right to representation. Those jurisdictions which have engaged in the practice of vigilantly appointing counsel would most likely realize a greater savings if that practice were limited.

As Introduced	As Passed by the House
863 Subject: Renewal of Statutory and Judgment Liens	
	R.C. *2305.26, 2329.07*
No provision.	Eliminates: (1) the six-year statute of limitations during which the state, or an agency or political subdivision of the state, must enforce a lien, (2) the requirement that the state, or an agency or political subdivision of the state, must file a notice of continuation of lien in order to renew statutory liens every six years, and (3) the requirement that the state must renew judgment liens every ten years. Fiscal effect: This codified law provision will likely create some savings in administrative time and manpower by eliminating the requirement that the state, or an agency or political subdivision of the state, continually renew such liens While difficult to translate such savings into a specific dollar figure, it appears unlikely that the amount of the savings annually to the state or local governments would be more than minimal.

As Introduced

864 Subject: Pre-Trial Diversion Programs

No provision.

As Passed by the House

R.C. *2935.36*

Authorizes the prosecuting attorney to charge a person entering a pre-trial diversion program a fee for supervision services.

Fiscal effect: This codified law provision provides explicit statutory authority for a prosecuting attorney to charge such fee. Current practice relative to the charging of such a fee appears to vary around the state, with some prosecuting attorneys charging a fee and some prosecuting attorneys no charging a fee believing the prosecuting attorney does not have clear statutory authority to do so. The amount of revenue that might be collected annually in any given local jurisdiction as a result of this permissive statutory authority is uncertain as of this writing, but could theoretically at least be sufficient to offset all, or a portion, of the costs associated with operating a pre-trial diversion program.

As Introduced	As Passed by the House
865 Subject: Additional Court Costs or Bail	
R.C. *2949.091*	R.C. *2949.091*
Increases from $11 to $15: (1) the additional costs a court generally is required to impose upon an offender who is convicted of or pleads guilty to any offense other than a traffi offense that is not a moving violation, and (2) the amount tha the court is required to add to any bail to be paid by a persor who is charged with any offense other than a traffic offense that is not a moving violation. Existing law prescribes procedures by which these additional court costs and bail are collected and transmitted to the Treasurer of State for deposit into the GRF. Fiscal effect: According to information provided by the Office of Budget and Management, this proposed increase in additional court costs and bail will generate an additional $8.0 million annually for deposit into the GRF.	No change.

As Introduced	As Passed by the House
866 Subject: Fund Transfers for Payment of Workers' Compensation Premiums	
R.C. *4123.41*	R.C. *4123.41*
Permits the legislative body of a county, district, district activity, or institution, for purposes of making Workers' Compensation premium payments, to base its proportionate share of payment to the Public Insurance Fund on payroll, relative exposure, relative loss experience, or any combination of these factors. Also specifies that a transfer made from any fund of a county, district, district activity, or institution to the Public Insurance Fund for this purpose is nc subject to section 5705.16 of the Revised Code, which requires taxing authorities to first pass a resolution declaring the necessity of fund transfers. Fiscal effect: Total premium payments to the Bureau of Workers' Compensation will not change. Currently, premium payments for these local entities are based solely on payroll. Allowing payments also to be based on relative exposure and loss experience will allow a county to charge a higher proportion of a total premium payment to agencies and departments within the county that pose a higher risk for wor related injuries than agencies that pose a lower risk. As a result, high-risk agencies might implement more effective loss control measures and might decrease long-range costs for the county as a whole.	No change.

As Introduced	As Passed by the House
867 Subject: Political Subdivision or Taxing Unit Purchase Orders	
	R.C. *5705.41*
No provision.	Provides that purchase orders of any political subdivision or taxing unit may extend for a period established by the legislative authority of the subdivision or taxing unit that does not extend beyond the end of a fiscal year (instead of not beyond three months or the end of the fiscal year as under current law) and may be for any amount established by that legislative authority (instead of not more than $5,000 as under current law). Fiscal effect: Potential decrease in expenses to subdivisions or taxing units due to possibilities of extended payment options on purchases.
868 Subject: Rates and Charges for County Drainage Facilities	
	R.C. *6117.02*
No provision.	Authorizes a board of county commissioners to fix rates and charges for the use of county drainage facilities in order to pay the costs of complying with storm water requirements prescribed under Phase II of the National Pollutant Discharge Elimination System (NPDES) program. Also authorizes these rates and fees to be paid annually or semiannually with real property taxes. Fiscal effect: Potential gain in county revenue; potential increase in municipal expenditures. Phase II expands the NPDES program by designating additional sources of storm water for regulation, including small municipalities, small construction sites, and municipally-owned industrial facilities

869 Subject: Expenditure and Appropriation Increases Approved by Controlling Board	
Section: *112*	Section: *112,*
No provision.	Specifies that any money that the Controlling Board approves for expenditure, or any increase in appropriation authority approved by the Board, is appropriated for the biennium ending June 30, 2005.
870 Subject: Satisfaction of Judgments and Settlements against the State	
Section: *117*	Section: *117,*
Permits any appropriation to be used to satisfy judgments or settlements in connection with civil actions against the state in federal court or judgments, settlements, or administrative awards ordered or approved by the Court of Claims in connection with civil actions against the state pursuant to R.C. 2743.15, 2743.19, or 2743.191.	No change.
871 Subject: Fund 4K9 Transfer to GRF	
	Section: *120a*
No provision.	Transfers $2,000,000 in cash from the 4K9 Fund, the Occupational Licensing and Regulatory Fund, to the Genera Revenue Fund. Fiscal Effect: Revenue gain of $2,000,000 to the General Revenue Fund during FY 2004.
872 Subject: General Obligation Debt Service Payments	
Section: *122*	Section: *122,*
Appropriates any additional amounts that may be found necessary to pay debt service and financing costs on genera obligations bonds or notes of the state.	No change.

As Introduced	As Passed by the House
873 Subject: Lease Payments to OPFC, OBA, and Treasurer of State	
Section: *123*	Section: *123,*
Appropriates any additional amounts that may be found to be necessary to make lease payments pursuant to leases and agreements relating to bonds or notes issued by the Ohio Building Authority or the Treasurer of State or, previously, by the Ohio Public Facilities Commission.	No change.
874 Subject: Transfers From the Tobacco Master Settlement Agreement Fund to the GRF	
Section: *133*	Section: *133*
Permits the Director of OBM to transfer up to $120.0 million to the GRF in FY 2004 that would otherwise be transferred to the Tobacco Use Prevention and Cessation Trust Fund and transfer up to $122.8 million to the GRF that would have otherwise been transferred to the Education Facilities Trust Fund. The transfers must take place on or before June 30, 2004. Fiscal effect: Potential revenue gain of up to $242.8 million for the GRF. Potential revenue loss of up to $120.0 million for the Tobacco Used Prevention and Cessation Trust Fund (Fund H87). Potential revenue loss of up to $122.8 million for the Education Facilities Trust Fund (Fund N87). (The bill authorizes the School Facilities Commission to issue $122.8 million in bonds to, in a sense, make up for the loss of tobacco revenue.)	No change.
875 Subject: Transfer to the Budget Stabilization Fund	
Section: *135*	Section: *135*
Requires the Director of OBM to transfer $100 million from the GRF to the Budget Stabilization Fund by the end of FY 2005.	No change.

876 **Subject:** **Task Force to Eliminate Health Services Duplication**

No provision.

As Passed by the House

Section: ***145.03B***

Creates the eight-member Task Force to Eliminate Health Services Duplication, serving without compensation or reimbursement for expenses, to evaluate the feasibility of combining the Commission on Minority Affairs and the Departments of Aging, Alcohol, and Drug Addiction Services, Health, Mental Health, and Mental Retardation and Developmental Disabilities and creating a centralized services procurement point, requires the Commission on Dispute Resolution and Conflict Management provide technical and support services to the Task Force, requires the Task Force to submit a report of its findings and recommendations to the General Assembly by March 31, 2004, and following that submission, cease to exist.
Fiscal effect: As of this writing, the one-time state expense associated with the Task Force, including the technical and support services to be provided by the Commission on Dispute Resolution and Conflict Management, is problematic to estimate. This state expense though is probably best viewed largely as an "opportunity cost." In other words, the various state agencies involved with the Task Force will likely have to absorb this additional work within their existing mix of duties and responsibilities, and presumably have to delay as appropriate the performance of some of those other duties and responsibilities.

As Introduced	As Passed by the House
877 Subject: Object Code 13 Expenditure Reductions	
	Section: *145.03S,*
No provision.	Requires the Director of Budget and Management to reduce General Revenue Fund Object Code 13 expenditures (purchased services) by $19,919,464 in each fiscal year without disrupting essential services of the state. Exempts the Departments of Education, Mental Health, Mental Retardation and Developmental Disabilities, Rehabilitation and Correction, and Youth Services, and the Board of Regents.
878 Subject: Plan to Optimize Food Grown or Processed in Certain State Institutions and Facilities	
	Section: *145.03T,*
No provision.	Requires the Directors of Rehabilitation and Correction (DRC), Youth Services (DYS), and Agriculture (AGR) to develop a plan to optimize the quantity and use of food grow or processed in state correctional institutions and secure facilities operated by the Department of Youth Services. Fiscal effect: DRC has already completed a study in conjunction with The Ohio State University that is very simila to the plan that is required to be developed pursuant to this uncodified law provision. Assuming that much of that work is transferable to development of the required plan, then it seems likely that the one-time fiscal burden for the involved state entities would be no more than minimal, if that.
