Substitute House Bill 119
127th General Assembly

Representative Matthew Dolan, Sponsor

Main Operating Appropriations Bill

As Introduced
As Reported by House Finance and Appropriations

Legislative Service Commission

April 30, 2007

Introduction

The Comparison Document provides brief descriptions and estimates of fiscal effect for the provisions that make up the As Introduced version and subsequent versions of the biennial budget bill, H.B. 119. The document is arranged in alphabetical order by state agency. It also includes two nonagency items for which appropriations are made, Employee Benefits Fund (PAY) and Revenue Distribution Funds (RDF), as well as a Miscellaneous (MIS) section, under which Local Government and Tobacco Securitization provisions can be found as well as other provisions that do not fit well in any agency. A Table of Contents follows this Introduction. Two indices are located at the end of the document. The first index gives the page number of each particular item within the sections; the second index lists cross-references by agency and is new to the Comparison Document.

Generally within an agency's section, items that involve Revised Code changes come first, followed by items that involve uncodified (i.e., temporary) law provisions. The sections for the Department of Education, the Department of Job and Family Services, and the Department of Taxation are first arranged by general topic areas. If an item affects more than one agency, it is described under one of the affected agencies, rather than all of the agencies as in the past. However, the other agencies are listed in the cross-referencing index at the end of the document. This index lists, for each agency, all entries that affect the agency but are not included in that agency's section as well as the page number for these entries. A reader who is interested in all provisions affecting a certain agency should consult the cross-referencing index in addition to the agency's section.

Each particular item is also assigned a unique identification number. This number begins with the letters CD (the abbreviation for Comparison Document) and includes the agency's three-letter Central Accounting System code. For example, an item in the Department of Development section might have an identification number CD-510-DEV. A reader who wants to track an item across several versions of the Comparison Document may find the identification number useful.

The Comparison Document does not include appropriation amounts for the agencies. Please see the Legislative Service Commission's Budget in Detail spreadsheet for that information. For a complete discussion of the statutory changes in H.B. 119, see the Legislative Service Commission's Bill Analysis.

As Introduced (Executive)	As Reported by House Finance and Appropriations
1 (CD-67-ADJ) National Guard Benefits	
Section: *205.10*	**Section: *205.10***
Specifies that GRF appropriation item 745-407, National Guard Benefits, be used for purposes of sections 5919.31 and 5919.33 of the Revised Code and for associated administrative costs. Specifies that the death benefit be paid to the beneficiary or beneficiaries designated on the member's Servicemembers' Group Life Insurance Policy for active duty members of the Ohio National Guard who died after October 7, 2001 while performing active duty.	Same as the Executive.
2 (CD-68-ADJ) Central Administration	
Section: *205.10*	**Section: *205.10***
Makes the following earmarks of GRF appropriation item 745-409, Central Administration:	Makes the following change to the earmarks:
(1) Earmarks $50,000 in each fiscal year to be used for expenses related to state active duty of members of the Ohio organized militia in accordance with a proclamation of the Governor.	(1) Same as the Executive.
(2) No provision.	(2) Earmarks up to $60,000 in each fiscal year of any unspent and unencumbered funds remaining after all other obligations are met, to be provided as a grant to the American Red Cross Greater Columbus Chapter for the Armed Forces Emergency Services program of the American Red Cross in Ohio to support military members and their families. Requires that the Columbus Chapter distribute the funds equally to all chapters in Ohio and report to the Adjutant General as to the actual distribution and any administrative costs.

As Introduced (Executive)	As Reported by House Finance and Appropriations
3 (CD-560-DAS) Elimination of Fidelity Bonding for Vehicle Liability Fund	
R.C. ***9.821, 9.822, 9.823, 9.83***	**R.C.** ***9.821, 9.822, 9.823, 9.83***
Harmonizes law with respect to Office of Risk Management authority to purchase fidelity bonding and eliminates specific authorization to establish and administer a self insured fidelity bond program. Eliminates the Vehicle Liability Fund and transfers its assets and liabilities to the Risk Management Reserve Fund (Fund 130).	Removes the option of the state to self-insure for the purpose of insuring the state through the fidelity bonding of state officers and agents who are required by law to fidelity bond. **Fiscal effect: Uncertain effect dependent upon negotiated insurance rates, which may be higher or lower than the amount that is currently set aside for self-insurance.**
4 (CD-558-DAS) Pay Raises for Exempt Employees	
R.C. ***124.152***	**R.C.** ***124.152***
Increases by 3.5% on the first day of the pay period that includes July 1, 2007, and July 1, 2008, all steps in Salary Schedule E-1, and the minimum and maximum amounts in Salary Schedule E-2, for exempt state employees. **Fiscal effect: Increases payroll costs for all state agencies that employ exempt staff.**	Same as the Executive. **Fiscal effect: Same as the Executive.**
5 (CD-556-DAS) DAS Printing Services for Political Subdivisions	
R.C. ***125.45***	**R.C.** ***125.45***
Authorizes the Department of Administrative Services, but no other state agency, to provide printing or office reproduction services for political subdivisions **Fiscal effect: Increases revenues to DAS State Printing Fund (Fund 210), assuming the agency only enters into contracts with political subdivisions where it is cost**	Same as the Executive. **Fiscal effect: Same as the Executive.**

As Introduced (Executive)	As Reported by House Finance and Appropriations
effective. Local governments also would experience cost savings in circumstances where DAS could provide more cost effective printing services.	
6 (CD-552-DAS) Agency Forms Management	
R.C. ***125.93, 125.95 (repealed), 125.96, 125.97, 125.98***	**R.C.** ***125.93, 125.95 (repealed), 125.96, 125.97, 125.98***
Eliminates the Department of Administrative Services' duties with respect to the central management of agency forms.	Same as the Executive.
Fiscal effect: Likely but unknown decreases in expenses for form management.	**Fiscal effect: Same as the Executive.**
7 (CD-614-DAS) OAKS Support Organization Fund	
R.C. ***126.24, Section 512.31, Section 207.20.70***	**R.C.** ***126.24, Section 512.31, Section 207.20.70***
Creates the OAKS Support Organization Fund in the state treasury to pay the operating expenses of Ohio's enterprise resource planning system.	Same as the Executive.
8 (CD-514-DAS) Void Public Contracts in Which Public Official Has Unlawful Interest	
R.C. ***308.04, 2921.42***	**R.C.** ***308.04, 2921.42***
Provides that any public contract in which a public official or official's family member or business associate has an interest in violation of any of the prohibited acts constituting an offense or having unlawful interest is void.	Same as the Executive.
Fiscal effect: May void some ongoing contracts that would have to be rebid, resulting in increased costs in work already done and administrative contracting costs for any local public entities that are involved in any such contracts.	**Fiscal effect: Same as the Executive.**

	As Introduced (Executive)	As Reported by House Finance and Appropriations
9	**(CD-654-DAS) Public School Employee Benefits**	
	Section: ***207.10.10***	**Section:** ***207.10.10***
	Requires GRF appropriation item 100-403, Public School Employee Benefits to be used to hire an executive director and necessary staff provide support to the School Employee Health Care Board and the Public School Employee Health Insurance Program. Specifies that the Board includes 12 members, six appointed by the Governor, and three each by the Speaker of the House and President of the Senate, and specifies the qualifications needed.	Same as the Executive.
	Requires that at any time during the biennium, if the Director of DAS certifies that there is sufficient reserve available in the School Employees Health Care Fund (Fund 815), the Director of OBM shall transfer an amount equal to the total expenditures and obligations made from GRF appropriation item 100-403, Public School Employee Benefits from Fund 815 to the GRF.	Same as the Executive.
10	**(CD-655-DAS) Agency Audit Expenses**	
	Section: ***207.10.20***	**Section:** ***207.10.20***
	Requires that GRF appropriation item 100-405, Agency Audit Expenses, be used to pay for the auditing costs of agencies audited on a biennial basis in accordance with Section 117.13 of the Revised Code.	Same as the Executive.

As Introduced (Executive)	As Reported by House Finance and Appropriations
11 (CD-657-DAS) OAKS Rental Payments	
Section: ***207.10.30***	**Section:** ***207.10.30***
Requires that GRF appropriation item 100-415, OAKS Rental Payments, be used for financing the costs associated with the acquisition, development, installation and implementation of the Ohio Administrative Knowledge System (OAKS), and appropriates additional amounts if needed.	Same as the Executive.
12 (CD-658-DAS) Building Rent Payments	
Section: ***207.10.40***	**Section:** ***207.10.40***
Requires GRF appropriation item 100-447, OBA - Building Rent Payments, to be used to meet all payments at the times they are required to be made during the period from July 1, 2007, to June 30, 2009, by DAS to the Ohio Building Authority (OBA) pursuant to leases and agreements under Chapter 152. of the Revised Code.	Same as the Executive.
Requires GRF appropriation item 100-448, OBA - Building Operating Payments, to be used to meet all payments at the times that they are required to be made during the period from July 1, 2007, to June 30, 2009, by DAS to OBA pursuant to leases and agreements under Chapter 152. of the Revised Code, but limited to the aggregate amount of $53,760,000.	Same as the Executive.
Specifies that payments to OBA are for the purpose of paying the expenses of agencies that occupy space in the various state facilities. DAS may enter into leases and agreements with the OBA providing for the payment of these expenses. Requires OBA to report to DAS and OBM not later than five months after the start of a fiscal year the	Same as the Executive.

As Introduced (Executive)	As Reported by House Finance and Appropriations
actual expenses incurred by the OBA in operating the facilities and any balances remaining from payments and rentals received in the prior fiscal year. Requires DAS to reduce subsequent payments by the amount of the balance reported to it by OBA.	
13 (CD-660-DAS) DAS-Building Operating Payments	
Section: ***207.10.50***	**Section:** ***207.10.50***
Requires GRF appropriation item 100-449, DAS - Building Operating Payments, to be used to pay the rent expenses of veterans' organizations pursuant to section 123.024 of the Revised Code. Allows this appropriation item to be used to provide funding for the cost of property appraisals or building studies that DAS may be required to obtain for property that is being sold by the state or property under consideration to be renovated or purchased by the state. Notwithstanding section 125.28 of the Revised Code, allows the remaining portion of the appropriation to be used to pay the operating expenses of state facilities maintained by DAS that are not billed to building tenants. Specifies that expenses may include the costs for vacant space and space undergoing renovation, and the rent expenses of tenants that are relocated due to building renovations. Requires payments to be processed by DAS through ISTVs and placed in the Building Management Fund (Fund 132).	Same as the Executive.

	As Introduced (Executive)	As Reported by House Finance and Appropriations
14	**(CD-661-DAS) Central Service Agency Fund**	
	Section: ***207.10.60***	**Section:** ***207.10.60***
	Requires that costs DAS allocates to Boards and Commissions for supporting their on line licensing system and their licensing functions not exceed the costs allocated for FY 2007. Specifies that these charges will be billed and deposits made to the Central Services Fund (Fund 115) using ISTVs.	Same as the Executive.
15	**(CD-814-DAS) Elimination of Vehicle Liability Fund and Transfer to Risk Management**	
	Sections: ***207.10.70, 207.10.80***	**Sections:** ***207.10.70, 207.10.80***
	Eliminates the separate Vehicle Liability Fund and creates the Vehicle Liability Program within the existing Risk Management Reserve Fund (Fund 130). Transfers all the functions, assets, and liabilities of the Vehicle Liability Fund to the Risk Management Reserve Fund, which thereupon assumes the obligations and otherwise constitutes the continuation of the Vehicle Liability Fund. All employees of the Vehicle Liability Fund are also to be transferred to the Risk Management Reserve Fund or be dismissed by July 1, 2007.	Same as the Executive, but specifies that the Director of Budget and Management's authority to make budget changes required by administrative reorganization and program transfers is limited to the elimination of the Vehicle Liability Fund (Fund 127) and the transfer of its assets to the Risk Management Reserve Fund (Fund 130).

	As Introduced (Executive)	As Reported by House Finance and Appropriations
16	**(CD-662-DAS) Collective Bargaining Arbitration Expense**	
	Section: ***207.10.90***	**Section:** ***207.10.90***
	Allows DAS to seek reimbursement from state agencies for the actual costs and expenses the department incurs in the collective bargaining arbitration process, with approval of the Director of OBM. Requires that the reimbursements be processed through intrastate transfer vouchers and placed in the Collective Bargaining Fund (Fund 128).	Same as the Executive.
17	**(CD-663-DAS) Equal Opportunity Program**	
	Section: ***207.20.10***	**Section:** ***207.20.10***
	Requires DAS, with the approval of the Director of OBM, to establish charges for recovering the costs of administering the activities supported by the State Equal Employment Opportunity Fund (Fund 188). Requires charges to be deposited to the fund upon payment made by state agencies, state-supported or state-assisted institutions of higher education, and tax-supported agencies, municipal corporations, and other political subdivisions of the state, for services rendered.	Same as the Executive.

	As Introduced (Executive)	As Reported by House Finance and Appropriations
18	**(CD-664-DAS) Merchandise for Resale**	
	Section: ***207.20.20***	**Section:** ***207.20.20***
	Requires that GSF Fund 207 appropriation item 100-653, General Services Resale Merchandise, to be used to account for merchandise for resale, a service administered by the General Services Division. States that deposits to the General Services Resale Merchandise Fund (Fund 201) may comprise the cost of merchandise for resale and shipping fees.	Same as the Executive.
19	**(CD-669-DAS) DAS Information Services**	
	Section: ***207.20.30***	**Section:** ***207.20.30***
	Establishes the DAS Information Services Fund and requires that GSF Fund 4P3 appropriation item 100-603, DAS Information Services, be used to provide information systems and services in DAS. Requires DAS to establish all user charges allowable in the statewide indirect cost allocation plan, and deposit all such charges into this fund.	Same as the Executive.

As Introduced (Executive)	As Reported by House Finance and Appropriations
20 (CD-674-DAS) Investment Recovery Fund	
Section: ***207.20.40***	**Section:** ***207.20.40***
Allows cash balances in the Investment Recovery Fund (Fund 427) to be used to support the operating expenses of the Federal Surplus Operating Program, and the State Property Inventory and Fixed Assets Management System Program. Earmarks up to $2,271,409 in FY 2008 and up to $2,353,372 in FY 2009 of GSF Fund 427 appropriation item 100-602, Investment Recovery, for the operating expenses of the State Surplus Property Program, the Surplus Federal Property Program, and the State Property Inventory and Fixed Assets Management System Program. Earmarks $3,412,355 in FY 2008 and $3,330,192 in FY 2009 to transfer the proceeds from the sale of surplus property to non GRF funds in accordance with Section 125.14 of the Revised Code.	Same as the Executive.
Allows for the transfer of up to $500,000 of the amounts otherwise held for transfer to the GRF to instead be transferred to the State Architect's Fund (Fund 131) for operating cash.	Same as the Executive.
21 (CD-676-DAS) Multi-Agency Radio Communications System	
Section: ***207.20.50***	**Section:** ***207.20.50***
Requires that the Director of Administrative Services, with advice from the MARCS Steering Committee, establish and collect user fees from all participating entities in the MARCS system. Requires all such fees to be deposited into GSF Fund 5C2, Multi-Agency Radio Communications System Administration. Requires that interest income earned by investment be retained in the fund.	Same as the Executive.

As Introduced (Executive)	As Reported by House Finance and Appropriations
22 (CD-677-DAS) Workforce Development Fund	
Section: ***207.20.60***	**Section:** ***207.20.60***
Establishes GSF Fund 5D7, Workforce Development, and specifies that appropriation item 100-621, Workforce Development, be used to make payments from the fund for the costs of the Workforce Development Program, established by Article 37 of the contract between the State of Ohio and OCSEA/AFSCME, Local 11, effective March 1, 2006. Allows for the fund to be used to pay direct and indirect costs of the program that are attributable to staff, consultants, and service providers, with investment income accruing to the fund. Allows for the Director of DAS Director to request of the Director of Budget and Management that additional amounts be appropriated.	Same as the Executive.
23 (CD-816-DAS) OAKS Support Organization Earmark	
Section: ***207.20.70***	**Section:** ***207.20.70***
Requires that GSF Fund 5EB appropriation item 100-635, OAKS Support Organization, be used by the Office of Information Technology to support the operating costs associated with the implementation and maintenance of the state's enterprise resource planning system. Requires GSF Fund 5EB appropriation item 100-635, OAKS Support Organization, be used to operate and maintain the human capital management and financial management modules of the state's enterprise resource planning system to support statewide human resources and financial management activities administered by the Department of Administrative Services' human resources division.	Same as the Executive.

As Introduced (Executive)	As Reported by House Finance and Appropriations
Requires DAS to recover the costs of operating the human capital management module within the human resources services payroll rate. These revenues are to be deposited to the Human Resources Services Fund (Fund 125). Quarterly, DAS shall process the intrastate transfer billings to transfer the cash collected from the payroll rate from Fund 125 to the OAKS Support Organization Fund (Fund 5EB), to pay for OAKS support organization costs.	Same as the Executive.

24 (CD-679-DAS) Professional Development Fund

Section: ***207.20.80***	**Section:** ***207.20.80***
States that the GSF Fund 5L7 appropriation item 100-610, Professional Development, be used to make payments from the Professional Development Fund under section 124.182 of the Revised Code.	Same as the Executive.

As Introduced (Executive)	As Reported by House Finance and Appropriations
25 (CD-680-DAS) Employee Educational Development	
Section: ***207.20.90***	**Section:** ***207.20.90***
Establishes GSF Fund 5V6, Employee Educational Development and requires appropriation item 100-619, Employee Educational Development, to be used to make payments for the administration of educational programs per existing collective bargaining agreements with District 1199, the Health Care and Social Service Union; State Council of Professional Educators; Ohio Education Association and National Education Association; the Fraternal Order of Police Ohio Labor Council, Unit 2; and the Ohio State Troopers Association, Units 1 and 15. Allows DAS to adopt rules with regard to administration of the fund, and with OBM approval, to establish charges for recovering the costs of administering the educational programs. Requires the investment income to accrue to the fund. Allows the Director of DAS request of the Director of Budget and Management that additional amounts be appropriated if needed.	Same as the Executive.
26 (CD-685-DAS) Centralized Gateway Enhancements Fund	
Section: ***207.30.10***	**Section:** ***207.30.10***
Creates GSF Fund 5X3, Centralized Gateway Enhancements and requires appropriation item 100-634, Centralized Gateway Enhancements, to be used to pay the costs of expanding, enhancing, and operating the infrastructure of the Ohio Business Gateway, State Portal, and Shared Hosting Environment. Defines these terms.	Same as the Executive.

	As Introduced (Executive)	As Reported by House Finance and Appropriations
27	**(CD-686-DAS) Major IT Purchases**	
	Section: ***207.30.20***	**Section:** ***207.30.20***
	Requires the Director of DAS to compute the amount of revenue attributable to the amortization of all equipment purchases and capitalized systems from GSF Fund 133 appropriation item 100-607, IT Service Delivery; appropriation item GSF Fund 4N6 100-617, Major IT Purchases; and appropriation item CAP-837, Major IT Purchases, which is recovered as part of the rates charged by the IT Service Delivery Fund. Allows the Director of OBM to transfer cash in an amount not to exceed the amount of amortization computed from GSF Fund 133, IT Service Delivery, to GSF Fund 4N6, Major IT Purchases.	Same as the Executive.
	Fiscal effect: This funding method allows the Major IT Purchases Fund (Fund 4N6) to be used to make infrequent, large-scale technology purchases which would otherwise have to be made by sharply increasing computer services user rates during the fiscal year.	**Fiscal effect: Same as the Executive.**
28	**(CD-687-DAS) Information Technology Assessment**	
	Section: ***207.30.30***	**Section:** ***207.30.30***
	Permits the State Chief Information Officer to establish an information technology assessment for the purpose of recovering the costs of selected infrastructure and statewide programs. Requires all charges for information technology assessments to be deposited in GSF Fund 229, IT Governance.	Replaces references to the State Chief Information Officer with a reference to the Director of Administrative Services, thus conforming to existing law that houses state IT management within DAS, not OBM as proposed by the Executive.

As Introduced (Executive)	As Reported by House Finance and Appropriations
29 (CD-689-DAS) Multi-Agency Radio Communication System Debt Service Payments	
Section: ***207.30.40***	**Section:** ***207.30.40***
Requires the Director of DAS, with advice from the MARCS Steering Committee, to determine the amount of debt service payments attributable to spending for MARCS components that are not specific to any one agency, and that shall be charged to agencies supported by the Motor Fuel Tax.	Same as the Executive.
Specifies how MARCS debt service payments are to be calculated, and requires the Director of Budget and Management to transfer these amounts from the GRF to HSF Fund 036, State Highway Safety.	Same as the Executive.
Requires that the State consider renting or leasing existing tower sites at reasonable rates if these towers can support MARCS capabilities.	Same as the Executive.
30 (CD-821-DAS) Director's Declaration of Public Exigency	
Section: ***207.30.50***	**Section:** ***207.30.50***
Requires the Director of DAS to notify the members of Controlling Board whenever the Director declares a public exigency, as provided in division (C) of section 123.15 of the Revised Code.	Same as the Executive.

	As Introduced (Executive)	As Reported by House Finance and Appropriations
31	**(CD-690-DAS) General Service Charges**	
	Section: ***207.30.60***	**Section:** ***207.30.60***
	Requires the Department of Administrative Services, with the approval of the Director of Budget and Management, to establish charges for recovering the costs of administering the programs in GSF Fund 117, General Services, and GSF Fund 210, State Printing.	Same as the Executive.
32	**(CD-691-DAS) State Energy Services Program**	
	Section: ***207.30.70***	**Section:** ***207.30.70***
	Requires the Director of Administrative Services, within 30 days of the effective date of this section, to certify the remaining cash in the Federal Special Revenue Fund (Fund 307), and in the Energy Grants Fund (Fund 5A8) to the Director of Budget and Management, who is required to transfer that amount to the State Architect's Office (Fund 131). These amounts shall be used to operate the state's energy services program.	Same as the Executive.
33	**(CD-692-DAS) Federal Grants OGRIP**	
	Section: ***207.30.80***	**Section:** ***207.30.80***
	Authorizes the Director of Budget and Management, on July 1, 2007, or as soon as possible thereafter, to transfer cash in the amount of $15,072.03 from FED Fund 3H6, Federal Grants OGRIP, to the GRF.	Same as the Executive.

As Introduced (Executive)	As Reported by House Finance and Appropriations
34 (CD-815-DAS) OAKS Support Organization Transfer	
Section: ***512.31***	**Section:** ***512.31***
Transfers an amount, not to exceed $1,000,000 from GSF Fund 125, Human Resources, to GSF Fund 5EB, OAKS Support Organization, in order to establish the OAKS Support Organization. Specifies that amounts so transferred, and any interest accrued during FY 2008, is to be transferred back by January 1, 2008.	Same as the Executive.
35 (CD-625-DAS) Transition Procedures for Transfer of OIT from DAS to OBM	
Sections: ***515.03, 9.30, 125.01, 125.17, 125.18, Secti 606.11, Section 606.18***	**Sections:** ***515.03, 9.30, 125.01, 125.17, 125.18, Secti 606.11, Section 606.18***
Makes the Office of Information Technology (OIT), rather than DAS, responsible for purchasing information technology supplies and services for all agencies.	Same as the Executive.
Transfers the OIT (and all its assets and liabilities, records, and funding) from DAS to the Office of Budget and Management on July 1, 2008. Retains OIT in DAS through FY 2008 to allow for the administrative reorganization entailed by the transfer.	No provision.
Substitutes, for the position of Chief Information Officer appointed by and subject to removal at the pleasure of the Governor, the position of State Chief Information Officer appointed by and subject to removal at the pleasure of the Director of Budget and Management.	No provision.
Specifies that the State Chief Information Officer is to supervise OIT, and that, beginning July 1, 2007, the Officer is to be subject to the direction of, and is to report to, the Director of Budget and Management.	No provision.

As Introduced (Executive)	As Reported by House Finance and Appropriations
Requires OIT, rather than DAS, to maintain the Ohio Business Gateway	No provision.
Codifies the multi-agency radio communication system (MARCS) and requires OIT to maintain and promote the system. Creates the MARCS Steering Committee.	No provision.
Creates the IT Governance Fund to support the activities of OIT, its funding to be derived from those activities.	Same as the Executive.
Conforms previously enacted law (Section 235.30 of Am. Sub. H.B. 66 of the 126th General Assembly and Section 329.10 of Am. Sub. H.B. 699 of the 126th General Assembly) to reflect the transfer of OIT from DAS.	No provision.
Fiscal effect: Transferring OIT, as well as all of its assets and liabilities from DAS to OBM has no net fiscal effect as a whole. However, DAS would be losing those assets and liabilities from OIT, while OBM would be gaining these assets and liabilities. Whether or not there are any administrative costs or savings to either agency for the gain or loss of OIT is not yet known.	**Fiscal effect: Removes the transfer of OIT, but maintains the provision that makes OIT responsible for the purchasing of information technology supplies and services for all agencies. Retains GSF Fund 229, IT Governance, which supports the activities of OIT.**

36 (CD-567-DAS) Transfer of OIT Printing and JFS Mail and Fulfillment Services to DAS

Sections: *515.09, Section 515.06*	Sections: *515.09, Section 515.06*
Transfers the printing office of the Office of Information Technology and the Mail Fulfillment Services Office of the Department of Jobs and Family Services to the Department of Administrative Services.	Same as the Executive.
Fiscal effect: Increases the expenses to the State Printing Fund (Fund 210) for providing these additional services. However, these additional costs will be offset by the charges to OIT and JFS by DAS for providing these services, presumably at a lower cost than what each agency is currently paying to provide these services in-house.	**Fiscal effect: Same as the Executive.**

37 (CD-555-DAS) Delayed Implementation of School Employees' Health Care Benefits System	
Section: ***611.03***	**Sections:** ***611.03, R.C. 9.833, 9.90, 9.901, 3313.202, 3313.33, 4117.03, and 4117.08***
No provision.	
Continues delayed implementation of the centralizing School Employees' Health Care Benefits System as enacted in Am. Sub. H.B. 66 of the 126th General Assembly. Amends the delaying law solely to make it reflect amendments made by this act.	Expands the membership of the School Employees Health Care Board from nine to twelve members, with the appointment of three additional members who represent nonadministrative employees of a public school district, each appointed by one of the three appointing authorities (Governor, President of the Senate, and Speaker of the House); provides for continuation of the terms of the current and new members of the Board until December 31, 2010; provides for compensation for the members; expands to a minimum of nine the number of meetings per calendar year the Board must have; and makes certain additional specifications about the public character of the Board's records and meetings.
No provision.	Requires that moneys appropriated to support the School Employee Health Care Board go directly to the Board to be spent for all purposes approved under the amendment and permits the Board to employ staff as necessary.
No provision.	Eliminates the authority of the Board to develop, approve, or implement centralized health care plans that public schools districts or consortia would be required to use and a requirement that the districts pay premiums to the Board and the School Employee Health Care Fund to support such school employee health care benefit coverage.
No provision.	Requires instead the Board to adopt "best practices" to which school health plans must adhere and adds other Board duties related to these best practices and the

As Introduced (Executive)	As Reported by House Finance and Appropriations
	oversight of health care plans adopted by local school districts.
No provision.	Imposes certain new audit duties on the Department of Insurance related to Board activities and health plan sponsors' compliance with the best practices standards.
No provision.	Authorizes the Board, in cases where a health plan sponsor is not adhering to best practices, to request the Attorney General to seek appropriate court orders to enforce compliance, and further, upon notice from the Board, to require the Department of Education to withhold all financial aid to a school district found not to be in compliance. **Fiscal effect: Potential increase in Board costs because of additional members and minimum number of meeting dates. Likely increase in Department of Insurance costs for new audit responsibilities. Requiring the Board to adopt a set of best practice standards instead of implementing centralized health care plans has uncertain fiscal effects. It is possible that allowing school districts to find insurance plans from outside providers based on these best practices could result in lower cost insurance plans. But it is also possible that the best practice requirements may limit the number of plans available.**

38 (CD-554-DAS) Temporary Classification and Assignment of Exempt Employees	
Section: *706.03*	**Section: *706.03***
Authorizes an appointing authority, with an exempt employee's consent, to assign duties of a higher classification to the exempt employee for a period of time not to exceed two years. Permits exempt employees who are involved with OAKS implementation to agree to such a temporary assignment for longer than two years. Requires the appointing authority to pay the exempt employee at a rate commensurate with the duties of the higher classification.	Same as the Executive.
Fiscal effect: Increases payroll costs for those appointing authorities that assign duties of a higher classification to an exempt employee.	**Fiscal effect: Same as the Executive.**

As Introduced (Executive)	As Reported by House Finance and Appropriations
39 (CD-404-AAM) CAAM Strategic Plan	
Section: *209.10*	**Section: *209.10***
Requires the Commission, on January 1, 2008 or as soon as possible thereafter, to submit a strategic plan for the use of $500,000 in FY 2008 and $1 million in FY 2009. Requires the Commission to submit the plan to the Governor, the President of the Senate, the Minority Leader of the Senate, the Speaker of the Ohio House of Representatives, the Minority Leader of the House of Representatives, and members of the Ohio Legislative Black Caucus. Requires the Commission, by the end of FY 2009, to submit a report on the impacts and outcomes of the strategic plan to the Governor, the President of the Senate, the Minority Leader of the Senate, the Speaker of the Ohio House of Representatives, the Minority Leader of the House of Representatives, and members of the Ohio Legislative Black Caucus.	Eliminates the Ohio Legislative Black Caucus as recipients of the strategic plan and report on the impacts and outcomes of the strategic plan submitted by the Commission.
Fiscal effect: Provides $500,000 in FY 2008 and $1 million in FY 2009 in GRF appropriation item 036-502, Community Projects, to implement provisions in the strategic plan.	**Fiscal effect: Same as the Executive.**

40	**(CD-830-JCR) Operating**	
	Section: ***211.10***	**Section:** ***211.10***
	Specifies that the Chief Administrative Officer of the House of Representatives and the Clerk of the Senate shall determine, by mutual agreement, which of them shall act as fiscal agent for the Joint Committee on Agency Rule Review.	Same as the Executive.
41	**(CD-831-JCR) Operating Expenses**	
	Section: ***211.10***	**Section:** ***211.10***
	Transfers any unencumbered balance from appropriation item 029-321, Operating Expenses, at the end of FY 2007 to FY 2008. Any unencumbered balance from appropriation item 029-321, Operating Expenses, at the end of FY 2008 is transferred to FY 2009.	Same as the Executive.

42 (CD-217-AGE) Alzheimer's Disease Task Force	
R.C. ***173.04, Sections 609.05, 609.06***	
Eliminates the Director of Aging's authority to establish an Alzheimer's Disease Task Force.	No provision.
Fiscal effect: None. The Task Force was created in the 1980s and later discontinued.	
43 (CD-218-AGE) Alzheimer's Disease Training Materials	
R.C. ***173.04***	**R.C.** ***173.04***
Permits the Director of Aging to provide for the development and dissemination of Alzheimer's Disease training materials for health and social service professionals, in place of a requirement that the Director develop and disseminate the materials.	Requires the Director of Aging to disseminate, through the Department's internet web site, Alzheimer's Disease training materials for health and social service professionals. The training materials may be developed by the Director or obtained from other sources.
Fiscal effect: None. With the widespread usage of the Internet, the Department doesn't develop or publish new Alzheimer's training materials at this time. However, the Area Agencies on Aging do provide for these services with funding that they are granted from the Department.	**Fiscal effect: Minimal. The training materials may be developed by the Director or obtained from other sources. Therefore, it appears that the Department would not have to develop these documents in-house.**
44 (CD-259-AGE) Residential State Supplement Program	
R.C. ***173.35***	**R.C.** ***173.35***
Requires the Director of Aging to adopt rules for certifying living facilities for the Residential State Supplement Program.	Same as the Executive.
Requires the Directors of Aging and Mental Health to enter into an agreement to certify the living facilities in accordance with the rules.	Same as the Executive.

As Introduced (Executive)	As Reported by House Finance and Appropriations
Permits the Director of Aging to adopt rules giving priority on the Residential State Supplement waiting list to individuals placed on it on or after July 1, 2006, who receive Supplemental Security Income benefits, but specifies that the rules are not to affect the place on the waiting list of any individual who was on it on July 1, 2006.	Same as the Executive.
Provides that individuals who reside in settings that are not required to be licensed or certified are to have their eligibility assessed before others on the waiting list.	Same as the Executive.
Fiscal effect: None. According to the Department, the provisions would rearrange the existing waiting list. The provisions would not increase enrollment onto the program. Thus, there will be no fiscal effect.	**Fiscal effect: Same as the Executive.**

45 (CD-615-AGE) Pre-Admission Review for Nursing Facility Admissions

Section: ***213.20***	**Section:** ***213.20***
Specifies that the Department may use up to $2,731,000 in FY 2008 and up to $2,813,000 in FY 2009 of the appropriation in GRF line item 490-403, PASSPORT, to perform pre-admission assessments for non-Medicaid eligible individuals and assistance in the planning of their long-term care needs.	Same as the Executive.

	As Introduced (Executive)	As Reported by House Finance and Appropriations
46	**(CD-616-AGE) PASSPORT**	
	Section: ***213.20***	**Section:** ***213.20***
	Specifies that appropriations in GRF line item 490-403, PASSPORT, and the set aside for the PASSPORT program in the SSR line item 490-610, PASSPORT/Residential State Supplement, may be used to assess clients regardless of Medicaid eligibility. In addition, the bill designates the appropriations in those two line items be used to provide the state match for federal Medicaid funds supporting the Medicaid waiver PASSPORT Home Care program. Line item 490-607, PASSPORT, is designated as the federal share of the funding for the PASSPORT program.	Same as the Executive.
47	**(CD-618-AGE) Ohio Community Service Council**	
	Section: ***213.20***	**Section:** ***213.20***
	Specifies that funds in line items 490-409, Ohio Community Service Council Operations, and 490-617, Ohio Community Service Council Programs, are to be used in accordance with section 121.40 of the Revised Code.	Same as the Executive.
48	**(CD-619-AGE) Long-Term Care Ombudsman**	
	Section: ***213.20***	**Section:** ***213.20***
	Requires that GRF line item 490-410, Long-Term Care Ombudsman, be used to fund ombudsman program activities as authorized in sections 173.14 to 173.27 and section 173.99 of the Revised Code.	Same as the Executive.

	As Introduced (Executive)	As Reported by House Finance and Appropriations
49	**(CD-621-AGE) Senior Community Services**	
	Section: ***213.20***	**Section:** ***213.20***
	Requires that funds in GRF line item 490-411, Senior Community Services, be used to fund services designated by the Department including, but not limited to, home-delivered meals, transportation services, personal care services, respite services, home repair, congregate meals, adult day services, decision support systems, and care coordination. Furthermore, it requires that priority will be given to low income, frail, and cognitively impaired persons age 60 and older. The bill also requires the Department to promote cost sharing by recipients for services funded with senior community services funds, including, when possible, sliding-fee scale payment systems based on the income of service recipients	Same as the Executive.
50	**(CD-622-AGE) Residential State Supplement**	
	Section: ***213.20***	**Section:** ***213.20***
	Establishes the amount used to determine whether a resident is eligible for payment and for determining the maximum monthly supplement amount per month the eligible resident will receive. The amounts are as follows: (1) $900 for a residential care facility; (2) $900 for an adult group home; (3) $800 for an adult foster home; (4) $800 for an adult family home; (5) $800 for an adult community home; (6) $800 for an adult residential facility; and (7) $600 for adult community mental health housing services. The bill specifies that the Departments of Aging and Job and Family Services shall reflect these amounts in any applicable rules.	Same as the Executive.

As Introduced (Executive)	As Reported by House Finance and Appropriations
51 (CD-623-AGE) Transfer of Residential State Supplement Appropriations	
Section: ***213.20***	**Section:** ***213.20***
Authorizes the Department of Aging to transfer cash by intrastate transfer vouchers from GRF line 490-412, Residential State Supplement, and 490-610, PASSPORT/Residential State Supplement, to the Department of Job and Family Services' Fund 4J5, Home and Community-Based Services for the Aged Fund. The funds transferred are to be used to make benefit payments to RSS recipients.	Same as the Executive.

	Section: ***213.20***	**Section:** ***213.20***
	Sets aside up to $2,835,000 in each fiscal year from line item 490-610, PASSPORT/Residential State Supplement, to fund the RSS program. This line item receives franchise fee revenue from a tax charged on private nursing home beds in the state. The remaining appropriation in this line item is to be used to fund the PASSPORT program.	Same as the Executive.

As Introduced (Executive)	As Reported by House Finance and Appropriations
59 (CD-635-AGE) Federal Supportive Services Fund	
Section: ***213.20***	**Section:** ***213.20***
Specifies that on July 1, 2007, or as soon as possible thereafter, the Director of Budget and Management must transfer all assets, liabilities, revenues, and obligations associated with the Federal Aging Nutrition Fund (Fund 3M3) to the Federal Supportive Services Fund (Fund 3M4). Upon the transfer, the Federal Aging Nutrition Fund (Fund 3M3) must cease to exist. The Director of Budget and Management must cancel any existing encumbrances against appropriation item 490-611, Federal Aging Nutrition Fund (Fund 3M3), and re-establish them against appropriation item 490-612, Federal Independence Services (Fund 3M4). The amounts of the re-established encumbrances are appropriated.	Same as the Executive.
60 (CD-636-AGE) Transfer of Appropriations - Federal Independence Services and Federal Aging Grants	
Section: ***213.20***	**Section:** ***213.20***
Specifies that upon written request of the Director of Aging, the Director of Budget and Management may transfer appropriation authority among appropriation items 490-612, Federal Independence Services, and 490-618, Federal Aging Grants, in amounts not to exceed 30% of the appropriation from which the transfer is made. The Department of Aging must report a transfer to the Controlling Board at the next regularly scheduled meeting of the Board.	Same as the Executive.

As Introduced (Executive)	As Reported by House Finance and Appropriations
61 (CD-637-AGE) Transfer of Resident Protection Funds	
Section: ***213.20***	**Section:** ***213.20***
Requires the Director of Budget and Management to transfer $600,000 per fiscal year from Fund 4E3, Resident Protection Fund, in the Ohio Department of Job and Family Services, to Fund 5BA in the Ohio Department of Aging, to be used for program management for the office of the State Long-Term Care Ombudsman created by the Department of Aging pursuant to division (M) of section 173.01 of the Revised Code.	Same as the Executive.
62 (CD-639-AGE) Ohio's Best Rx Administration	
Section: ***213.20***	**Section:** ***213.20***
Specifies that the foregoing appropriation item 490-673, Ohio's Best Rx Administration, must be used on an ongoing basis to cover expenses associated with the Ohio's Best Rx program specified in section 173.86 of the Revised Code. If receipts to the fund exceed the appropriated amount, the Director of Aging may request that the Director of Budget and Management increase the appropriation of this fund. Any additional approved amounts are appropriated.	Same as the Executive, but requires Controlling Board approval for any increases in appropriations.

As Introduced (Executive)	As Reported by House Finance and Appropriations
63 (CD-641-AGE) Transfer of Residential State Supplement Appropriations	
Section: *213.20*	**Section: *213.20***

90 (CD-612-ART) Program Subsidies	
Section: ***223.10***	**Section:** ***223.10***
Specifies that a museum is not eligible to receive funds from GRF appropriation item 370-502, State Program Subsidies, if $8 million or more in capital appropriations were appropriated by the state for the museum between January 1, 1986 and December 31, 2002.	Same as the Executive.

As Introduced (Executive)	As Reported by House Finance and Appropriations
91 (CD-478-ATH) Promoter's License Fund	
R.C. ***3773.35, 3773.36***	
(1) Creates the Athletic Commission Promoter's License Fund, which must be in the custody of the Treasurer of State but is not part of the state treasury. This fund must consist only of the cash bonds, certified checks, and bank drafts a person applying for a promoter's license is required to give the Ohio Athletic Commission under existing law. Money in the fund is required to reimburse a promoter for that promoter's bond, check or draft upon the expiration or revocation of the promoter's license.	No provision.
(2) Requires a promoter who is renewing the promoter's license to deposit an additional administrative fee of 5% of the total cash bond, certified check, bank draft or surety bond required of the promoter under existing law.	No provision.
(3) Changes two of the items that must appear on a promoter's license from the date of issue and a serial number designated by the Commission to the date of expiration and an identification number issued by the Commission.	No provision.
Fiscal effect: None from item (1) since these are now held in abeyance until after an event so as not to affect appropriations when amounts are returned to promoters. Instead, the provision requires that these amounts be held in a new custodial fund, the Promoter's License Fund. (2) Potential minimal gain in revenue to Fund 4K9 from the 5% administrative fee. (3) Costs for making changes to promoter's license likely minimal.	**Fiscal effect: Maintains current promoter's licensing process, thus no new fiscal effect.**

107 (CD-845-OBM) Preaduit Responsibilities of Individual State Agencies and Audit Responsibilities of OBM	
R.C. ***126.07, 126.08, 126.21, 126.22***	**R.C.** ***126.07, 126.08, 126.21, 126.22***
Makes the chief administrative officer of a state agency, or that officer's designee, rather than the Director of Budget and Management, responsible for preauditing (that is, examining vouchers, contracts, etc., to substantiate a transaction prior to payment) a state agency's request for the making of a payment from the state treasury. Makes the chief administrative officer, or designee, responsible for ensuring that transactions using a state payment card are made in accordance with OBM guidelines and do not exceed the available balance in the appropriation to be charged for the purpose. Authorizes OBM to review and audit vouchers, documentation accompanying them, and any other documentation related to transactions to determine if they are in accordance with the law; to maintain and periodically audit financial records of and submission of vouchers by state agencies, and to provide assistance in the analysis of the financial position of state agencies.	Same as the Executive.
Fiscal effect: Increase in workload due to movement from the pre-auditing of only select transactions to post-audit of a sampling of all transactions; and an anticipated increase in payment card purchases due to an upcoming increase in the per transaction limit.	**Fiscal effect: Same as the Executive.**

112	**(CD-771-OBM) Personal Service Expenses**	
	Section: *503.03*	**Section: *503.03***
	Requires any appropriation from which personal services expenses are paid to bear the employer's share of various costs, unless otherwise prohibited by law. Specifies that these costs shall be determined in conformity with the appropriate sections of law and paid in accordance with procedures specified by OBM.	Same as the Executive, but removes a no longer necessary reference to the Personnel Board of Review.
113	**(CD-773-OBM) Capital Project Settlements**	
	Section: *503.09*	**Section: *503.09***
	Specifies that an additional and supplemental procedure to provide for payments of judgments and settlements if the Director of OBM determines that sufficient unencumbered moneys do not exist in the particular appropriation to pay the amount of a final judgment rendered against the state or a state agency, including the settlement of a claim approved by a court, in an action upon and arising out of a contractual obligation for the construction or improvement of a capital facility if the costs under the contract were payable in whole or in part from a state capital projects appropriation.	Same as the Executive.
114	**(CD-775-OBM) Re-issuance of Voided Warrants**	
	Section: *503.12*	**Section: *503.12***
	Provides funds for the reissuance of voided warrants under R.C. 117.47, when approved by OBM.	Same as the Executive.

115 (CD-776-OBM) Reappropriation of Unexpended Encumbered Balances of Operating Appropriations	
Section: *503.15*	**Section: *503.15***
Reappropriates an unexpended balance of an operating appropriation or reappropriation that a state agency encumbered prior to the close of a fiscal year on the first day of July of the following fiscal year for various time periods based on the type of encumbrance, and specifies applicable procedures related to this process.	Same as the Executive, but requires the Director of Budget and Management to submit program subsidy encumbrances of $1,000,000 or more to the Controlling Board for approval before these amounts are reappropriated for use in the following fiscal year.
116 (CD-783-OBM) Appropriations Related to Cash Transfers and Re-Establishment of Encumbrances	
Section: *503.18*	**Section: *503.18***
Specifies that any cash transferred by OBM under R.C. 126.15 (for the purpose of making adjustments to capital or operating budgets) and any amounts necessary to re-establish appropriations or encumbrances under that section are appropriated.	Same as the Executive.
117 (CD-778-OBM) Transfers to the General Revenue Fund from Non-GRF Funds	
Section: *512.03*	**Section: *512.03***
Authorizes the Director of Budget and Management to transfer cash from non-General Revenue Fund funds that are not constitutionally restricted to the GRF. Specifies that the total amount of cash transfers made during FY 2008 and FY 2009 cannot exceed $70,000,000.	Same as the Executive.

As Introduced (Executive)	As Reported by House Finance and Appropriations
118 (CD-780-OBM) Transfers to the General Revenue Fund of Interest Earned	
Section: *512.06*	**Section: *512.06***
Authorizes the Director of Budget and Management to transfer to the GRF interest earned in any Central Accounting System (CAS) fund, with the exception of funds that are restricted or protected by the Ohio Constitution, federal tax law, or the federal Cash Management Improvement Act.	Requires the Director of Budget and Management to report to the Controlling Board from which funds interest earned was transferred to the GRF and the amount of interest earned transferred from each of those funds.
Fiscal effect: OBM estimates the interest proceeds will be approximately $25.2 million in FY 2008 and $25.8 million in FY 2009.	**Fiscal effect: Same as the Executive.**
119 (CD-782-OBM) GRF Transfer to Fund 5N4, OAKS Project Implementation	
Section: *512.21*	**Section: *512.21***
Requires the Director of OBM to transfer an amount not to exceed $2,200,725 from the GRF to the OAKS Project Implementation Fund (Fund 5N4) on July 1, 2007, or as soon thereafter as possible, and $2,092,779 on July 1, 2008, or as soon thereafter as possible.	Same as the Executive.

Chapters 151. and 154. Requires disbursements to be made upon certification, by the Treasurer of the State and Office of the Sinking Fund, of the dates and the amounts due on those dates.	Same as the Executive.
122 (CD-787-OBM) Statewide Indirect Cost Recovery	
Section: *521.06*	**Section: *521.06***
Appropriates from available receipts amounts required for the statewide indirect costs when the Director of OBM has determined that an appropriation made to a state agency for this purpose is insufficient.	Same as the Executive.

As Introduced (Executive)	As Reported by House Finance and Appropriations
123 (CD-788-OBM) GRF Transfers on Behalf of the Statewide Indirect Cost Allocation Plan	
Section: *521.07*	**Section: *521.07***
Specifies that the director of an agency may certify to OBM the amount of expenses not allowed to be included in the Statewide Indirect Cost Allocation Plan under federal regulations; authorizes OBM to transfer from the GRF into the fund for which the certification is made, up to the amount of the certification upon determining that no alternative source of funding is available to pay for such expenses; requires the director of an agency receiving such funds to include a request for funding for such activities from an alternative source as part of the next budget submission; and specifies that total transfers made from the GRF by OBM shall not exceed the amounts transferred into the GRF under R.C. 126.12 (statewide indirect costs).	Same as the Executive.
124 (CD-789-OBM) Federal Government Interest Requirements	
Section: *521.08*	
Authorizes the Director of OBM to designate the funds that are to retain their own interest earnings in order to reduce the payment of adjustments to the federal government. **Fiscal effect: Possible increase in interest earnings to these designated funds.**	No provision.

As Introduced (Executive)	As Reported by House Finance and Appropriations
125 (CD-786-OBM) Federal Cash Management Improvement Act	
Section: ***521.12***	**Section:** ***521.12***
Allows the Director of OBM to cancel and re-establish all or part of encumbrances in like amounts within the funds identified by the Federal Cash Improvement Act as required by R.C. 131.36.	Same as the Executive.

As Introduced (Executive)	As Reported by House Finance and Appropriations
126 (CD-594-COM) Tax on Fire Insurance from Foreign Insurers	
R.C. ***3901.86***	**R.C.** ***3901.86, Section 245.10***
Reduces, from 20% to 10%, the amount apportioned to the State Fire Marshal's Fund (Fund 546) from the retaliatory tax collected from foreign insurers that sell fire insurance to residents of Ohio. The remainder of the revenue is deposited into the GRF. **Fiscal effect: Reduces revenue to Fund 546 by approximately $5.7 million in FY 2008 and $5.8 million in FY 2009, and increases revenue to the GRF by the same amounts.**	Removes the provision reducing the percentage of the retaliatory tax directed to the State Fire Marshal Fund, but authorizes instead the Director of Budget and Management to transfer up to $5.7 million in cash in FY 2008 and up to $5.8 million in cash in FY 2009 from the State Fire Marshal Fund (Fund 546) to the GRF. **Fiscal effect: Same net effect as the Executive in the FYs 2008-2009 biennium. However, in subsequent fiscal years, the Executive Proposal and the changes made by the House would have different impacts. The House adjustments will result in Fund 546 retaining the amounts that would have been apportioned to the GRF beyond the upcoming biennium.**
127 (CD-596-COM) Small Government Fire Departments	
Section: ***245.10***	**Section:** ***245.10***
Specifies that, notwithstanding section 3737.17 of the Revised Code, GSF Fund 5F1 appropriation item 800-635, Small Government Fire Departments, may be used to provide loans to private fire departments.	Same as the Executive.
128 (CD-599-COM) Penalty Enforcement	
Section: ***245.10***	
Specifies that SSR Fund 5K7 appropriation item 800-621, Penalty Enforcement, must be used for the enforcement of the prevailing wage law (sections 4115.03 to 4115.16 of the Revised Code).	No provision.

	As Introduced (Executive)	As Reported by House Finance and Appropriations
129	**(CD-600-COM) Unclaimed Funds Payments**	
	Section: ***245.10***	**Section:** ***245.10***
	Specifies that GSF Fund 543 appropriation item 800-625, Unclaimed Funds-Claims, must be used to pay claims under section 169.08 of the Revised Code. Appropriates additional amounts if necessary for this purpose, ensuring that owners of unclaimed funds receive the funds due them.	Same as the Executive.
130	**(CD-601-COM) Unclaimed Funds Transfers**	
	Section: ***245.10***	**Section:** ***245.10***
	Requires the Director of Commerce to transfer up to $25 million of unclaimed funds to the GRF prior to June 30, 2008 and another $25 million of unclaimed funds to the GRF prior to June 30, 2009.	Same as the Executive, but increases the amount of unclaimed funds to be transferred to the GRF by $4.275 million each fiscal year from $25 million to $29.275 million.

As Introduced (Executive)	As Reported by House Finance and Appropriations
131 (CD-602-COM) Fire Department Grants	
Section: ***245.10***	**Section:** ***245.10***
Earmarks from SSR Fund 546 appropriation item 800-639, Fire Department Grants, (1) up to $760,000 in each fiscal year to make annual grants to volunteer fire departments of up to $10,000 or up to $25,000 if the volunteer fire department provides service for an area affected by a natural disaster, (2) up to $687,140 in each fiscal year for full or partial reimbursement to local units of government and fire departments for firefighter training and equipment, with priority given to fire departments that serve small villages and townships, and (3) up to $200,000 in each fiscal year for grants of up to $50,000 to fire departments to assist in the conversion of existing data systems to the NFIRS 5 electronic fire reporting system.	Same as the Executive.
132 (CD-698-COM) Cash Transfer to Real Estate Operating Fund	
Section: ***245.10***	**Section:** ***245.10***
Allows the Director of Budget and Management to transfer up to $100,000 in cash from the Real Estate Recovery Fund (Fund 548) and up to $350,000 in cash from the Real Estate Appraiser Recovery Fund (Fund 4B2) to the Real Estate Operating Fund (Fund 549) during FYs 2008 and 2009.	Same as the Executive.
Fiscal effect: Replenishes the cash reserve of the Real Estate Operating Fund by up to $450,000, which has been depleted due to revenue shortfalls.	**Fiscal effect: Same as the Executive.**

	As Introduced (Executive)	As Reported by House Finance and Appropriations
133	**(CD-699-COM) Merchandising**	
	Section: *245.10*	**Section: *245.10***
	Specifies that the Division of Liquor Control must use LCF Fund 043 appropriation item 800-601, Merchandising, for operating expenses to pay for liquor products and provides for additional appropriations that may be necessary.	Same as the Executive.
	Fiscal effect: Allows for additional appropriations for liquor merchandising if necessary. If so, there may also be an increase in liquor profits transferred to the GRF.	**Fiscal effect: Same as the Executive.**
134	**(CD-700-COM) Development Assistance Debt Service**	
	Section: *245.10*	**Section: *245.10***
	Establishes that LCF Fund 043 appropriation item 800-633, Development Assistance Debt Service, is to pay debt service on bonds issued to support the Chapter 166 loan program operated by the Department of Development and appropriates additional sums if necessary. The appropriation for this purpose is $33,678,800 in FY 2008 and $38,616,800 in FY 2009.	Same as the Executive.
135	**(CD-701-COM) Revitalization Debt Service**	
	Section: *245.10*	**Section: *245.10***
	Requires that LCF Fund 043 appropriation item 800-636, Revitalization Debt Service, be used to pay debt service on bonds issued for the urban revitalization component of the Clean Ohio bond program and appropriates additional amounts if necessary. The appropriation for this purpose is $12,620,900 in FY 2008 and $15,683,300 in FY 2009.	Same as the Executive.

	As Introduced (Executive)	As Reported by House Finance and Appropriations
136	**(CD-703-COM) Administrative Assessments**	
	Section: ***245.10***	**Section:** ***245.10***
	Specifies that the Division of Administration Fund (Fund 163) is entitled to receive assessments from all operating funds of the Department, subject to OBM approval, in order to pay for centralized services such as communications, fiscal administration, human resources, legal, legislative affairs, quality control, training, employee development, and support services.	Same as the Executive.

137 (CD-386-OCC) Telephone Call Center	
R.C. *4911.021*	**R.C. *4911.021***
Repeals a prohibition against OCC operating a telephone call center for consumer complaints that was enacted in Am. Sub. H.B. 66 of the 126th General Assembly. OCC has continued to operate a call center for other purposes.	Same as the Executive.
Fiscal effect: Would allow OCC to handle more types of telephone calls from utility consumers, which suggests that the volume of calls from utility consumers that are received in the call center is likely to increase. This provision may result in an increase in the number of staff members employed in the call center, with accompanying costs. No estimate of that cost is currently available.	**Fiscal effect: Same as the Executive.**

As Introduced (Executive)	As Reported by House Finance and Appropriations
138 (CD-823-CEB) Federal Share	
Section: ***249.10***	**Section:** ***249.10***
Requires that the Controlling Board, in transferring appropriations to and from appropriation items that have federal shares identified in the bill, add or subtract corresponding amounts of federal matching funds at the percentages indicated by the state and federal division of the appropriations in the bill, and appropriates such changes.	Same as the Executive.
139 (CD-824-CEB) Disaster Assistance	
Section: ***249.10***	**Section:** ***249.10***
Permits the Department of Public Safety to request, and the Controlling Board to approve, transfers from the Board's GRF appropriation item 911-401, Emergency Purposes/Contingenices, to departmental appropriation items to provide funding for assistance to political subdivisions and individuals made necessary by natural disasters or emergencies, and allows such transfers to be requested and approved prior to or following the occurrence of any specific natural disasters or emergencies in order to facilitate the provision of timely assistance.	Same as the Executive.

As Introduced (Executive)	As Reported by House Finance and Appropriations
140 (CD-825-CEB) Disaster Services	
Section: *249.10*	**Section: *249.10***
(1) Permits the Department of Public Safety to request, and the Controlling Board to approve, transfers from the Disaster Services Fund (Fund 5E2) to a Department of Public Safety fund and appropriation item to provide assistance to political subdivisions made necessary by natural disasters or emergencies;	(1) Same as the Executive.

Requires the Director of Development to use the fund to administer a grant program that will provide counties, municipal corporations, and townships with moneys to conduct feasibility studies that address how, and in what manner, counties, municipal corporations, and townships may combine provisions of local government services. Specifies that moneys for the fund shall be transferred from the General Revenue Fund. **Fiscal effect: Requires the Director of Budget and Management to transfer $1,000,000 from the General Revenue Fund in FY 2008 for use by the Local Government Services Collaboration Grant Program.**

205 (CD-593-EDU) Formula Average Daily Membership (ADM)	
R.C. ***3317.01, 3317.02, 3317.03***	**R.C.** ***3317.01, 3317.02, 3317.03***
Eliminates the requirement for the second formula ADM report by school districts (which under current law is during the first full week in February). School districts would continue to report their formula ADMs for the first full week in October, but would report for the first full week in February only if the February formula ADM is at least 3% greater than the October formula ADM. This is the same as the practice before FY 2007.	Same as the Executive.
Eliminates the use of the February formula ADM in calculating state aid payments, except if the February formula ADM is at least 3% higher than the October ADM in which case the February formula ADM is used to calculate payments for the last five months of the fiscal year. This is the same as the practice before FY 2007.	Same as the Executive.
Formally authorizes the Superintendent of Public Instruction to adjust a school district's formula ADM and state payments to correct errors in data reported by school districts and formally specifies that a district's formula ADM is the final number verified by the Superintendent of Public Instruction.	Same as the Executive.
Fiscal effect: Districts with ADMs that decrease during the school year may have higher formula ADMs and, therefore, higher calculated base cost funding. Districts with ADMs that increase during the school year may have lower formula ADMs and, therefore, lower calculated base cost funding. However, districts with ADMs that increase by more than 3% from October to February may have higher calculated base cost funding than under current law. The	**Fiscal effect: Same as the Executive.**

formula ADM for joint vocational school districts is calculated in the same manner as for regular school districts.	
206 (CD-589-EDU) Base Cost Formula Amount	
R.C. *3317.012*	**R.C. *3317.012***
Retains the building blocks methodology for determining the base cost formula amount, with the following changes and updates to the amounts prescribed for FY 2008 and FY 2009:	Same as the Executive, but makes the following changes:
(1) Prescribes that the presumed average base classroom teacher compensation is $56,754 for FY 2008 and $58,621 for FY 2009 (increased from $54,941 for FY 2007).	(1) Same as the Executive.
(2) Retains the presumed student-base classroom teacher ratio of 20:1 for all schools except Internet- or computer-based community schools (e-schools). Prescribes a ratio of 100:1 for e-schools.	(2) Same as the Executive, but retains the 20:1 ratio for e-schools also.
(3) Establishes the other personnel support building block as $1,905 in FY 2008 and $1,962 in FY 2009 (increased from $1,850 for FY 2007).	(3) Same as the Executive.
(4) Provides 2% increases in the nonpersonnel support building block according to the projected GDP-deflator, resulting in $822 in FY 2008 and $839 in FY 2009 (increased from $806 for FY 2007).	(4) Same as the Executive.
(5) Relying on (1) to (4) above, sets the per pupil formula amount for all schools, except e-schools, at $5,565 for FY 2008 and $5,732 for FY 2008. (Current law sets the formula amount at $5,283 for FY 2006 and at $5,403 for FY 2007.)	(5) Same as the Executive, but sets these amounts for e-schools also.
(6) Relying on (1) to (4) above, particularly the prescribed 100:1 student-teacher ratio, sets a separate per pupil formula amount for e-schools at $3,295 for FY 2008 and	(6) No provision.

As Introduced (Executive)	As Reported by House Finance and Appropriations
$3,387 for FY 2009. (Current law does not set a separate formula amount for e-schools.)	
Fiscal effect: The base cost formula amount increases by 3.0% in each fiscal year. The lower base cost formula amount for e-schools is used to calculate the base cost funding transferred to these schools. The resident districts of e-school students, however, are still credited with the higher formula amount for each e-school student in their ADM. Residents districts will, therefore, retain $2,270 in FY 2008 and $2,345 in FY 2009 of base cost funding for each resident student who attends an e-school. Joint vocational school districts have the same formula amount as regular school districts.	**Fiscal effect: Same as the Executive, but the base cost formula amount for e-schools is the same as other schools, so e-schools will receive the higher amount and resident districts will not retain the difference.**

207 (CD-591-EDU) Base Funding Supplements

R.C. *3317.012*	R.C. *3317.012*
Retains the current law formulas for calculating the base funding supplements, with the following updates to the amounts prescribed for FY 2008 and FY 2009:	Same as the Executive.
(1) Adjusts the hourly rate used to calculate base funding supplements for academic intervention by 3.0% each fiscal year, resulting in rates of $21.01 in FY 2008 and $21.64 in FY 2009.	(1) Same as the Executive.
(2) Sets the "phase-in percentage" for the base funding supplement for professional development at 75% in both years, which is the same percentage prescribed for FY 2007.	(2) Same as the Executive.
Fiscal effect: These calculations result in the following per pupil amounts for the base funding supplements: **Academic Intervention Services - $26.26 in FY 2008 and $27.05 in FY 2009** **Professional Development - $11.05 in FY 2008 and $11.38 in FY 2009**	**Fiscal effect: Same as the Executive.**

As Introduced (Executive)	As Reported by House Finance and Appropriations
Data-Based Decision Making - $5.56 in FY 2008 and $5.73 in FY 2009 **Professional Development for Data-Based Decision Making - $6.55 in FY 2008 and $6.74 in FY 2009**	
208 (CD-595-EDU) Calculation of Base Cost Funding	
R.C. ***3317.02, 3317.022, 3317.16***	**R.C.** ***3317.02, 3317.022, 3317.16***
Eliminates the cost-of-doing-business factor in determining a district's per pupil base cost amount.	Same as the Executive.
Eliminates the base cost guarantee that specifies that a district's state base cost payment will not be lower than the lesser of its FY 2005 state aggregate payment or its FY 2005 per pupil base cost payment.	Same as the Executive.
Specifies that a district's state base cost payment includes not only the aggregated base cost amount after deducting the district's charge-off but also the amount of poverty-based assistance and parity aid calculated for the district, if any. Specifies that the latter two amounts are also included in the total base cost for purposes of calculating a district's "state share percentage" of base cost.	Same as the Executive.
Fiscal effect: The cost-of-doing-business factor (CDBF) increased the formula amount for the districts in the highest-cost county by 2.5% ($135) in FY 2007. This percentage declined on a sliding scale for districts in lower-cost counties. Without the CDBF adjustment, all districts will have the same formula amount. The elimination of the base cost guarantee may decrease state base cost funding and, therefore, the state share percentage for some districts, although transitional aid will ensure no district receives a decrease in total state aid. The inclusion of poverty-based assistance and parity aid in the base cost calculation will increase the state share percentage for most districts	**Fiscal effect: Same as the Executive.**

As Introduced (Executive)	As Reported by House Finance and Appropriations
which, in turn will increase many districts' categorical funding amounts such as special education and career-technical education funding. A few very high wealth districts, however, may receive less poverty-based assistance if their charge-off is greater than their local share of the base cost. Joint vocational school districts are also affected by the elimination of the CDBF and the base cost guarantee, although they also receive transitional aid.	
209 (CD-598-EDU) Poverty-Based Assistance	
R.C. ***3317.02, 3317.029***	**R.C.** ***3317.02, 3317.029***
Revises poverty-based assistance to school districts as follows:	Same as the Executive.
Retains the poverty indicator based on participation in Ohio Works First (OWF) only, but bases the poverty index on the average poverty count of the preceding five years and the average formula ADM of the preceding three years, eliminating current year data in the calculation.	Same as the Executive.
Adds a new subsidy for assistance in closing the achievement gap in districts that have a poverty index and an academic distress index of at least 1.0. Defines the academic distress index as the district's academic distress percentage divided by the statewide academic distress percentage. Defines the academic distress percentage as the percentage of buildings in academic watch or academic emergency. Calculates the subsidy for qualifying districts as 0.15% of the formula amount multiplied by the district's poverty index, academic distress index, and formula ADM. Provides an additional 3.5% of this amount in the second year to districts that decrease their academic distress percentages.	Same as the Executive.

As Introduced (Executive)	As Reported by House Finance and Appropriations
Increases the hourly rate component of the academic intervention subsidy by about 3% in each fiscal year to $21.01 in FY 2008 and $21.64 in FY 2009.	Same as the Executive.
Renames the "class-size reduction" subsidy as a payment "for increased classroom learning opportunities," and increases the statewide average teacher salary that is a component of the formula by about 3.3% each year to $56,754 in FY 2008 and $58,621 in FY 2009.	Same as the Executive.
Retains the 70% phase-in percentage in both fiscal years for the subsidy for services to limited English proficient (LEP) students. Continues to use the number and percentage of LEP students in FY 2003 as the basis for the calculation.	Same as the Executive.
Provides 100% funding for the teacher professional development subsidy, the dropout prevention subsidy, and the community outreach subsidy, which were phased in at 70% in FY 2007.	Same as the Executive.
Eliminates the FY 2005 guarantee.	Same as the Executive.
Revises the spending requirements by generally permitting districts to spend any component of poverty-based assistance on any combination of enumerated purposes, or to request a waiver from ODE to spend for other purposes, except that (1) districts must first provide all day kindergarten to those students the district reports as receiving all day kindergarten and (2) districts receiving the closing achievement gap subsidy in the second year whose academic distress percentage is higher than the previous year are required to spend that subsidy on the expenses of an academic distress commission, if the district has one appointed, and then on a number of other enumerated purposes.	Same as the Executive.

As Introduced (Executive)	As Reported by House Finance and Appropriations
Requires each district to report each year how the poverty-based assistance received by the district was deployed in the previous fiscal year. Requires ODE to make recommendations on how this assistance can be deployed more effectively if the district does not meet adequate progress standards as defined by ODE.	Same as the Executive.
Fiscal effect: Approximately 31 districts qualify for the subsidy for closing the achievement gap, funding per student ranges from approximately $8 to $217 in FY 2008 and $8 to $231 in FY 2009. The intervention subsidy per student ranges up to $26.26 in FY 2008 and $27.05 in FY 2009 for tier 1; and from $35.02 to $70.03 in FY 2008 and $36.07 to $72.13 in FY 2009 for tier 2. The intervention subsidy per poverty student ranges from $157.58 to $1,008.48 in FY 2008 and $162.30 to $1,038.72 in FY 2009 for tier 3. Districts with poverty indices of at least 0.25 receive tier 1 funding, of at least 0.75 receive tier 2 funding, and of at least 1.5 receive tier 3 funding. Districts qualifying for the LEP subsidy receive per LEP student from $487 to $974 in FY 2008 and $502 to $1,003 in FY 2009. Districts with poverty indices above 1.0 receive per student up to $14.73 in FY 2008 and $15.17 in FY 2009 for teacher professional development. The big eight districts receive per student from $70 to $122 in FY 2008 and $72 to $126 in FY 2009 for dropout prevention. The urban 21 districts receive per student from approximately $11 to $122 in FY 2008 and approximately $11 to $126 in FY 2009 for community outreach. Although elimination of the guarantee may decrease poverty-based assistance for some districts, each district's total state aid is guaranteed not to decrease from the previous year through transitional aid.	**Fiscal effect: Same as the Executive.**

As Introduced (Executive)	As Reported by House Finance and Appropriations
210 (CD-603-EDU) Parity Aid	
R.C. ***3317.0217***	**R.C.** ***3317.0217***
Changes the calculation of state parity aid so that the 410 lowest-wealth districts qualify in FY 2008 and the 367 lowest-wealth districts qualify in FY 2009. The subsidy equalizes, on a per pupil basis, what 8 mills, in FY 2008, and 8.5 mills, in FY 2009, will generate in each district with what that millage will generate in the 123rd wealthiest district. (Currently, the 490 lowest-wealth districts qualify for the subsidy, and the subsidy equalizes 7.5 mills.)	Same as the Executive.
Fiscal effect: Districts that no longer qualify for parity aid will have reduced funding, districts that still qualify will have increased funding. Through transitional aid no district receives less state aid than it received in the previous year.	**Fiscal effect: Same as the Executive.**
211 (CD-605-EDU) Transportation Funding	
R.C. ***3317.022, Section 269.20.80***	**R.C.** ***3317.022, Section 269.20.80***
Increases transportation funding for each district by 1% in FY 2008 and FY 2009, notwithstanding the statutory transportation funding formula.	Same as the Executive.
Specifies that, for purposes of calculating the excess cost supplement and gap aid, the presumed local share of transportation funding for a district is 101% of its local share for the previous fiscal year.	Same as the Executive.
Replaces the current statistical regression analysis, based on the past-year's ridership, for calculating a district's transportation funding with a new formula proposed by ODE. The new formula is based on current-year transportation ADM reported by each district in October and the greater of average cost per mile or average cost	Same as the Executive.

As Introduced (Executive)	As Reported by House Finance and Appropriations
per student from the previous year. Additional funding is provided for the number of community school and nonpublic school students transported, for reaching an efficiency target, and for transporting high school students and students living from one to two miles from the school. As stated above, however, this new formula is not effective in FY 2008 or FY 2009.	
Fiscal effect: Each district receives a 1% increase in state transportation funding in each fiscal year.	**Fiscal effect: Same as the Executive.**

212 (CD-606-EDU) Other Foundation Formula Changes

R.C. ***3317.022, 3317.0216, 3317.16, 3317.024, 3317.04, 3317.013, Sections 269.30.80, 269.30.90***	**R.C.** ***3317.022, 3317.0216, 3317.16, 3317.024, 3317.04, 3317.013, Sections 269.30.80, 269.30.90***
Removes from the revenue considered to be received by a school district for purposes of calculating the charge-off supplement, the amount the district receives as direct reimbursement for current expense taxes lost because of the phase-out of the tangible personal property (TPP) tax.	Same as the Executive.
Provides transitional aid in FY 2008 and FY 2009 to school districts and joint vocational school districts that guarantees each district receive at least as much state aid as it received in the previous year. Eliminates the reappraisal guarantee that currently pays an additional subsidy to a qualifying school district to prevent it from losing state funds in the year the county auditor has reappraised or updated its valuation of taxable property.	Same as the Executive.
Continues to phase in the six prescribed special education weights at 90% of their values in both years.	Same as the Executive, but requires ODE once every two years to prepare an analysis of whether the weights accurately reflect the costs of special education and related services.

As Introduced (Executive)	As Reported by House Finance and Appropriations
Increases the special education catastrophic cost threshold from $26,500 to $27,375 in FY 2008 and FY 2009 for students in categories two through five and from $31,800 to $32,850 in FY 2008 and FY 2009 for students in category six.	Same as the Executive.
Retains the speech service personnel allowance at $30,000 per 2,000 students in FY 2008 and FY 2009.	Same as the Executive.
Retains the GRADS personnel allowance at $47,555 in FY 2008 and FY 2009.	Same as the Executive.
Fiscal effect: Removing direct reimbursements for the phase-out of the TPP tax tends to increase gap aid for effected school districts. Transitional aid ensures that no school district or joint vocational school district receives a decrease in total state aid in either year of the biennium. Eliminating the reappraisal guarantee will have no effect in FY 2008 and FY 2009 since it is included in transitional aid. Total state education aid increases by 2.6% in FY 2008 and 4.0% in FY 2009.	**Fiscal effect: Same as the Executive, but may increase administrative costs for ODE to analyze the special education weights.**

Clarifies the base from which recomputations are made when taxable valuation changes by replacing the term "SF-3 payment" with "state education aid" and listing the subsidies to be included.	Same as the Executive.
Changes the date payments are made to districts based on this recomputation from July 31 of the following fiscal year to a date determined by the Director of Budget and Management that is not earlier than June 1 of the current fiscal year or later than July 31 of the following fiscal year.	Same as the Executive.

As Introduced (Executive)	As Reported by House Finance and Appropriations
Requires that the Tax Commissioner report the data necessary to make the recomputation to the Office of Budget and Management as well as to ODE.	Same as the Executive.
Fiscal effect: Depending on the payment date selected by the Director of Budget and Management, payments may be shifted from one fiscal year to another. Appropriations for these payments total $30.0 million in each fiscal year.	**Fiscal effect: Same as the Executive.**

Requires ODE to report the amount of career-technical education weighted funding spent by each district on career-technical education and associated services to OBM, instead of to the Governor, and provides a deadline of December 30 of the following fiscal year for this report to be made.	Same as the Executive.
Requires ODE to report to OBM the allocation of the state and local shares of special education weighted funding and federal funding for special education in each district by December 30 of the following fiscal year for FY 2007, FY 2008, and FY 2009.	Same as the Executive.

215 (CD-715-EDU) TPP Tax Loss Reimbursements	
R.C. ***5751.21***	**R.C.** ***5751.21***
Changes the base upon which the state education aid offset is calculated for the purposes of determining direct reimbursement payments for losses districts incur due to the phase-out of business tangible personal property (TPP) taxes by excluding units for disabled preschool students, disabled student transportation payments, transfers among districts and educational service centers, and deductions for school choice programs such as open enrollment, community schools, and the Autism Scholarship Program.	Same as the Executive.
Requires ODE to consult with the Office of Budget and Management (OBM) in computing the state education aid offset, requires them to agree on the offset computation, and accelerates the timing of the computation by 15 days.	Same as the Executive.
Specifies that if there is not enough money in the replacement fund when the quarterly transfer to the GRF is required to pay the state education aid offset, OBM may later transfer the shortfall to the GRF as money becomes available.	Same as the Executive.

Scholarship Programs

216 (CD-393-EDU) Educational Choice Scholarship Pilot Program	
R.C. ***3310.01, 3310.02 through 3310.14, 3310.17 (all repealed)***	
Repeals the Educational Choice Scholarship Pilot Program, which provides up to 14,000 scholarships each year to students in specified lower performing public schools to use to pay tuition at chartered nonpublic schools.	No provision.

As Introduced (Executive)	As Reported by House Finance and Appropriations
Fiscal effect: Potential increase in state aid received by school districts that might have otherwise been deducted for resident students receiving scholarships. Currently, scholarship students are counted in their resident districts' ADMs for purposes of calculating base cost funding ($5,403 per student in FY 2007), and $5,200 is deducted for every scholarship student in grades 1-12 and $2,700 is deducted for every scholarship student in kindergarten. Districts will incur the expense of educating these students.	
217 (CD-886-EDU) Special Education Scholarship Pilot Program	
	R.C. ***3310.51, 3310.52 to 3310.63, 109.57, 109.5 3317.022, 3317.029, 3317.0217, 3317.03, 3323.052, Section 269.60.40***
No provision.	Creates the Special Education Scholarship Pilot Program to provide scholarships for disabled children in grades K-12 to attend alternative public or private special education programs in fiscal years 2008 through 2013.
No provision.	Specifies that a child is eligible to receive a scholarship if the child's resident district has developed an IEP for the child.
No provision.	Caps the number of scholarships awarded in each fiscal year at 3% of the number of identified disabled students living in the state in the previous fiscal year.
No provision.	Specifies that the scholarship amount is the lesser of the fees charged by the alternate provider or the base cost and special education weighted funding credited to the child in the state funding formula.
No provision.	Requires ODE to conduct a formative evaluation of the program.
	Fiscal effect: Scholarship students will be counted in the resident district's formula and special education ADM.

As Introduced (Executive)	As Reported by House Finance and Appropriations
	Therefore, resident districts generally will receive the base cost formula amount and base funding supplements plus the state share of special education weighted funding for scholarship students. The amount transferred, however, will also include the amount attributed as the local share of special education weighted funding. So resident districts will likely experience a decrease in state aid for each scholarship student. The district, however, will not incur the costs of educating the scholarship student.

Community Schools

218 (CD-358-EDU) Sale of School District Property to Community Schools

R.C. ***3313.41, 3318.08, 3314.051 (repealed)***	**R.C.** ***3313.41***
Repeals the following provisions: (1) a requirement that a school district first offer property suitable for classroom space for sale to start-up community schools in the district before otherwise disposing of it; (2) a requirement that a school district offer property suitable for classroom space for sale to start-up community schools in the district when the district has not used the property for educational purposes for one year and has not adopted a plan to so use that property within the next three years; and (3) a provision granting a school district that sells unused property to a community school under (2) the right of first refusal if the community school later disposes of the property.	Revises current law, instead of repealing it, to require that a school district offer property suitable for classroom space for sale to start-up community schools in the district if the district (a) has not used at least 75% of a building for "academic instruction" for at least 75% of a school year (eliminating the option to have used the building for other "educational purposes," including administration or storage) and (b) has not adopted a plan to use at least 75% of it for academic instruction for at least 75% of the next year (rather than a plan to use the whole building within the next three years as under current law).
Fiscal effect: By eliminating these provisions, the bill requires that community schools bid for district property under the same conditions as any other potential buyer, which generally requires the district to offer the property at public auction first and a private sale second.	**Fiscal effect: Districts will have less flexibility in the use of their real property.**

As Introduced (Executive)	As Reported by House Finance and Appropriations
219 (CD-338-EDU) Community School Operators	
R.C. ***3314.014, 3314.02, 3314.024, 3314.027***	
Requires operators of community schools to be nonprofit entities. Community schools that currently contract with for-profit operators are exempt from this requirement until the contracts expire.	No provision.
Requires that contracts between a community school and an operator for the management of the school be selected through a competitive bidding process established by ODE.	No provision.
Fiscal effect: Currently, of the 151 community schools that have contracts with operators, 68 contract with for-profit operators. There are a total of six for-profit and seven nonprofit operators of community schools in Ohio. The flexibility of future community schools to choose an operator is also reduced.	
220 (CD-339-EDU) Community School Sponsor Approval	
R.C. ***3314.015, 3314.02***	**R.C.** ***3314.015, 3314.02***
Requires that for an entity that sponsors or operates out-of-state schools to be approved to sponsor community schools in Ohio, at least one of those out-of-state schools must perform as well as Ohio schools in continuous improvement, rather than academic watch as under current law.	Same as the Executive.

territory of the ESC or a contiguous county to continue sponsoring the community school only until the expiration of its contract with the school. Requires that in order to continue to operate after the contract expires, the school enter into a contract with a new sponsor.	
Fiscal effect: May result in fewer community school students and lower state aid transfers to community schools than would exist otherwise as the number of potential eligible sponsors for community schools in Ohio is reduced.	**Fiscal effect: Same as the Executive, but schools currently sponsored by an ESC that are not in that ESC's territory or a contiguous county are not required to contract with a new sponsor.**

221 (CD-337-EDU) Community School Moratorium

R.C. *3314.013, 3314.014*	R.C. *3314.016*
Places a moratorium on new "brick and mortar" community schools from May 1, 2007 to July 1, 2009. Until the moratorium expires on July 1, 2009, prohibits any start-up or conversion community schools from operating unless they were open for instruction as of May 1, 2007. Prohibits sponsors from entering into contracts with community schools between May 1, 2007 and July 1, 2009, except to renew a contract that the sponsor had entered into prior to May 1, 2007 with a community school that was open as of that date. This provision appears to preclude a community school changing sponsors during the moratorium. Prohibits sponsors from taking over sponsorship of an e-school from another sponsor during the e-school moratorium, but retains the provision allowing sponsors to renew their contracts with existing e-schools during the moratorium. Under continuing law there is a moratorium on new e-schools until standards are enacted by the General Assembly.	Replaces the Executive provision with a provision that permits new start-up schools after June 30, 2007, but only if they contract with an operator that has schools in Ohio or other states that perform at a level higher than academic watch. Also permits the governing authority of a start-up community school that is not managed by an operator to open one other community school in the 2007-2008 school year if (1) the governing authority filed a copy of its contract with the new school's sponsor with the Superintendent of Public Instruction prior to March 15, 2006, and (2) the current school has been open for at least four years, is rated excellent or effective, and made adequate yearly progress for the previous school year. Does not place restrictions on new "brick and mortar" conversion schools, but retains the current law moratorium on e-schools.
Fiscal effect: May result in fewer community school students and lower state aid transfers to community	**Fiscal effect: May result in more community school students than under the Executive provisions, but fewer**

schools in FY 2008 and FY 2009 than would otherwise exist without the moratorium.	**than would otherwise exist without any restrictions.**
222 (CD-376-EDU) Execution of Community School Contract	
R.C. ***3314.02***	
Requires the contract between a community school and its sponsor to be "executed" (rather than "adopted," as under current law) by March 15 prior to the school year in which the school will open and eliminates the May 15 deadline for signing the contract. **Fiscal effect: None.**	No provision.
223 (CD-344-EDU) Community School Minimum Enrollment	
R.C. ***3314.03***	
Increases the minimum enrollment for community schools from 25 students to 100 students.	No provision.
Requires ODE to establish criteria for granting waivers from the minimum enrollment.	No provision.
Fiscal effect: According to the February 2007 community school payment file for FY 2007, there are 114 community schools with total average daily membership (ADM) of less than 100. For these schools, formula ADM totals 6,608 and total state aid transfers total $58.7 million.	
224 (CD-345-EDU) Community School Minimum School Year	
R.C. ***3314.03, 3314.08, 3314.27***	**R.C.** ***3314.03, 3314.08, 3314.27***
Requires community schools to provide students with 180 days, instead of 920 hours, of learning opportunities each school year.	No provision.

As Introduced (Executive)	As Reported by House Finance and Appropriations
Specifies that any day in which a student enrolled in an e-school participates in less than five or more than ten hours of learning opportunities does not count toward the 180 days.	No provision; retains current law limiting an e-school student to no more than 10 hours in any 24-hour period.
Requires a community school to withdraw a student who fails to participate in 21 consecutive days, rather than 105 consecutive hours as under current law, of learning opportunities without excuse, and, unless the school primarily serves dropouts, prohibits it from re-enrolling the student for the duration of the school year. **Fiscal effect: Potential increase in operational costs for community schools as switching from hours to days might require community schools to be open more days than they are now.**	No provision.
225 (CD-346-EDU) Community School End-of-Year Report	
R.C. ***3314.03***	
Requires each community school to submit its end-of-year report to its sponsor and students' parents within three months, rather than four months as under current law, after the end of the school year. **Fiscal effect: None.**	No provision.

As Introduced (Executive)	As Reported by House Finance and Appropriations

226 (CD-336-EDU) Community School Compliance with State Laws and Rules

R.C. *3314.04*	
Requires community schools to comply with all state laws and rules pertaining to other public schools, school districts, and boards of education, including requirements for assigning staff, minimum standards covering instructional materials, equipment, and facilities (such as library facilities and school grounds), requirements for admission and promotion of students, instructional requirements (such as phonics and energy and resource conservation), reporting requirements, and other laws and rules from which community schools are currently exempt. **Fiscal effect: Depending on the current level of community school compliance with these laws and rules, community schools may experience costs for complying. According to ODE, there is a potential for loss of federal grants as Ohio's community schools may no longer meet the federal definition of a charter school. This change may also lead to fewer students attending community schools, which may decrease the amount of state funds transferred from school districts to community schools and increase the costs of school districts that will need to educate these students.**	No provision.

227 (CD-341-EDU) Distribution of Assets of Closed Community School

R.C. *3314.074*	R.C. *3314.074*
Specifies that, when a community school permanently closes, any funds remaining after payments owed to retirement funds, school employees, and private creditors must be paid to ODE for proportional redistribution to the school districts whose students were enrolled in the school at the time it closed.	Same as the Executive.

As Introduced (Executive)	As Reported by House Finance and Appropriations
Fiscal effect: Potential increase in payments redistributed to school districts whose students were enrolled in the community school at the time it closed, although it is rare that a community school would have funds remaining. Under current law, these funds would be paid to the state GRF.	**Fiscal effect: Same as the Executive.**
228 (CD-340-EDU) Community School Payments	
R.C. *3314.08*	
Eliminates parity aid and poverty-based assistance for dropout prevention and community outreach from state payments to "brick and mortar" community schools. Under continuing law, e-schools do not receive parity aid or any poverty-based assistance.	No provision.
Fiscal effect: Resident school districts that receive any of these three payments will continue to have this aid credited to them for each community school student attending a "brick and mortar" community school, but will not have the aid deducted and transferred to the community school.	
229 (CD-905-EDU) Community School Enrollment Disputes	
	R.C. *3314.08*
No provision.	Prohibits ODE from withholding payment to a community school when a district presents a challenge concerning a student's enrollment until after the district proves that the student should not be included in the community school's enrollment. Prohibits ODE from withholding payment pending the determination. If the community school subsequently presents documentation correcting the school district's report, requires ODE to resume payments.
	Fiscal effect: A community school will continue to receive transfers after a district has challenged the school's

As Introduced (Executive)	As Reported by House Finance and Appropriations
	enrollment.
230 (CD-919-EDU) Community School Student Enrollment in Career-Technical Program	
	R.C. *3314.087*
No provision.	Permits a community school student to enroll in the career-technical program of the student's resident district. Permits both the district and the community school to receive state funds for the student for the proportion of the time the student attends each school. **Fiscal effect: If a community school student chooses to enroll in the career-technical program of the student's resident district, the district will retain a portion of the state aid generated by that student, the community school will lose this state aid. Also, the district will incur the costs of the student's enrollment in the program and the community school will not incur the cost of the student's complete education.**

As Introduced (Executive)	As Reported by House Finance and Appropriations
231 (CD-343-EDU) Community School Sponsor Assurances	
R.C. ***3314.19***	**R.C.** ***3314.19***
Requires each community school's sponsor annually to provide ODE with assurances that: (1) the contract between the school and the sponsor is on file with the Office of Community Schools; (2) the school has a plan for providing special education; (3) the school has procedures for administering state assessments; (4) school personnel are properly trained to use ODE's databases; (5) information about the school has been submitted to the Ohio Educational Directory System; (6) the school will enroll the statutory minimum number of students; (7) teachers are properly licensed; (8) the school's fiscal officer has the required license or educational background; (9) the school has conducted criminal records checks of all staff and governing authority members; (10) the school holds title to or a lease for its facilities, has a certificate of occupancy, has liability insurance, has had satisfactory health, safety, and fire inspections, and has a valid food permit; (11) the sponsor has conducted a pre-opening site visit; (12) the school has designated an opening date in compliance with law; and (13) the school has met all other requirements of the sponsor.	Same as the Executive.
Fiscal effect: None.	**Fiscal effect: Same as the Executive.**

As Introduced (Executive)	As Reported by House Finance and Appropriations
232 (CD-723-EDU) E-school Teachers	
R.C. *3314.21*	
Requires each e-school to employ (rather than retain an affiliation with, as under current law) at least one full-time teacher of record, and limits the number of students for which a teacher of record may be responsible to 125 total instead of 125 in each school the teacher is affiliated with.	No provision.
Fiscal effect: May require e-schools to hire more teachers.	
233 (CD-312-EDU) Community School SBH Subsidy	
Section: *269.50.80*	**Section: *269.50.80***
Continues the payment in FY 2008 and FY 2009 of a subsidy for certain community schools with at least 50% of students enrolled receiving education and services for a severe behavior handicap (SBH). Specifies that the amount of the subsidy not be deducted from the students' resident school districts.	Same as the Executive.
Fiscal effect: Provides for higher state payments to the affected community school.	**Fiscal effect: Same as the Executive.**
234 (CD-279-EDU) Community School Operation from Residential Facilities	
Section: *269.60.10*	**Section: *269.60.10***
Prohibits a community school that was not open for operation as of May 1, 2005 from operating from certain residential facilities that receive and care for children.	Same as the Executive.
Fiscal effect: None.	**Fiscal effect: Same as the Executive.**

As Introduced (Executive)	As Reported by House Finance and Appropriations
235 (CD-915-EDU) Unauditable Community Schools	
	Section: *269.60.60*
No provision.	Requires the Auditor of State to provide written notification of a finding that a community school is unauditable to the school, its sponsor, and ODE, and to post the notification on the Auditor's web site.
No provision.	Prohibits the sponsor of an unauditable community school from entering into contracts with additional community schools until the Auditor completes a financial audit of the school.
No provision.	Requires the sponsor of an unauditable community school to respond to the Auditor with a description of the actions it will take as a result of the finding that the school is unauditable.
No provision.	Requires ODE to cease all state payments to a community school that fails to make progress in bringing its records into auditable condition within 90 days after being declared unauditable.
No provision.	Requires ODE to release the withheld funds when the Auditor is able to complete an audit of the school.
	Fiscal effect: May increase administrative costs for the Auditor. Community schools will lose funding if they do not bring their records into auditable condition.

Other Education Provisions

236 (CD-913-EDU) Payment for Child Placed by the Court

	R.C. ***2151.362, 3313.64***
No provision.	Authorizes ODE, instead of the court, to determine if a district other than the one initially determined by the court is responsible for paying the costs of educating a child if the district the court determined was responsible disagrees with the court's decision. (Under current law ODE can make a recommendation, but the court has the authority to determine whether or not the alternative district is responsible.) **Fiscal effect: To the extent the court would not follow ODE's recommendation under current law, some districts may have to pay the costs of these students and other districts may not have to pay these costs.**

237 (CD-353-EDU) Shipping Date of Elementary Achievement Tests

R.C. ***3301.0711***	**R.C.** ***3301.0711***
Revises the deadline for school districts to submit the elementary achievement tests to the scoring company, as follows: (1) Districts with enrollments of less than 2,500, Friday after the tests are administered (same as current law for all districts); (2) Districts with enrollments between 2,500 and 7,000, Monday after they are administered; and (3) Districts with enrollment of 7,000 or more, Tuesday after they are administered. **Fiscal effect: None.**	Same as the Executive. **Fiscal effect: Same as the Executive.**

As Introduced (Executive)	As Reported by House Finance and Appropriations
238 (CD-977-EDU) Redacted Achievement Test Questions	
	R.C. *3301.0711*
No provision.	Requires, upon the release of the elementary achievement tests as public records, that ODE inform school districts of the academic content standard and corresponding benchmark to which each redacted test question, except for field test questions, relates.
239 (CD-391-EDU) Penalties for Reporting Inaccurate EMIS Data	
R.C. *3301.0714*	**R.C. *3301.0714***
Repeals a requirement for ODE to penalize school districts and community schools that fail to properly report data to the Education Management Information System (EMIS) by withholding 10% of state payments for the first failure in a fiscal year and an additional 20% of state payments for a second failure in a fiscal year.	Same as the Executive.
Permits ODE to take the following sequential actions against a school district, community school, or educational service center that fails to properly report EMIS data: (1) require the entity to review its data submission and submit corrected data, (2) withhold up to 10% of the entity's state payments for the fiscal year and require the entity to develop a corrective action plan, (3) withhold an additional 20% of the entity's state payments for the fiscal year, and (4) direct ODE staff or an outside organization to investigate the entity's data reporting practices and make recommendations for further penalties, which may include withholding an additional 30% of the entity's state payments or issuing a revised report card.	Same as the Executive.

As Introduced (Executive)	As Reported by House Finance and Appropriations
Permits ODE to release certain funds withheld from an entity if the entity corrects its data reporting problems.	Same as the Executive.
Allows ODE to arrange for an audit of an entity's data reporting practices any time it believes the entity has not made a good faith effort to properly report EMIS data.	Same as the Executive.
Fiscal effect: Potential decrease to school districts and community schools that do not comply with ODE's EMIS reporting requirements and do not have their funds released upon further compliance with the guidelines. Additional funds may also be withheld for audits performed by outside entities that find the district or school has not made a good faith effort to report EMIS data.	**Fiscal effect: Same as the Executive.**

240 (CD-347-EDU) Chartered Nonpublic School Closing Notice

R.C. *3301.162, 3317.06*	R.C. *3301.162, 3317.06*
Requires the governing authority of a chartered nonpublic school, before closing the school, to notify ODE, the school district that receives state auxiliary services funding on behalf of the school's students, and the accrediting association that most recently accredited the school.	Same as the Executive.
Requires the chief administrator of a closed chartered nonpublic school to deposit the school's records with the school district that received auxiliary services funds on behalf of the school's students.	Same as the Executive.
Permits the school district receiving the records to deduct from state auxiliary services funds a one-time payment for the cost of storing the records.	Same as the Executive.
Fiscal effect: A small portion of the funds appropriated for auxiliary services may need to be used for storing records instead of the provision of other materials or services.	**Fiscal effect: Same as the Executive.**

241 (CD-354-EDU) Staff Qualifications for Early Childhood Education Programs	
R.C. ***3301.311***	
Postpones, from FY 2008 until FY 2010, the requirement that teachers for state-funded early childhood education programs established prior to July 1, 2006, have at least associate degrees.	No provision.
Sets new deadlines for state-funded early childhood programs established on or after July 1, 2006, as follows: (1) beginning July 1, 2011, all teachers must have an associate degree; and (2) beginning July 1, 2012, half of the teachers must have bachelor's degrees.	No provision.
Fiscal effect: Allows early childhood programs to continue to receive state funding through FY 2009 even if all its teachers do not have associate degrees. Allows new early childhood programs to continue to receive state funding through FY 2010 even if all its teachers do not have associate degrees and through FY 2011 even if half of its teachers do not have bachelor's degrees.	
242 (CD-733-EDU) School District Preschool Programs	
R.C. ***3301.53, 3313.646***	**R.C.** ***3301.53, 3313.646***
Permits any school district to establish a preschool program, whereas under current law districts must be eligible for poverty-based assistance and be able to demonstrate that the district's need for the program cannot be met by an existing child care program.	Same as the Executive.
Fiscal effect: May increase costs for those districts that choose to establish preschool programs.	**Fiscal effect: Same as the Executive.**

243 (CD-356-EDU) School District and Building Performance Ratings	
R.C. *3302.03*	**R.C. *3302.03***
Limits the highest performance rating a school district or building may receive based on the percentage of its students who do not take all required achievement tests, as follows: (1) to continuous improvement if 10% to 15% of the students are not tested, (2) to academic watch if more than 15% but not more than 20% of the students are not tested, and (3) to academic emergency if more than 20% of the students are not tested.	Same as the Executive, but exempts community schools in which a majority of the students are enrolled in a dropout prevention and recovery program from this provision.
Fiscal effect: None.	**Fiscal effect: None.**
244 (CD-368-EDU) Academic Distress Commissions	
R.C. *3302.10*	**R.C. *3302.10***
Makes it permissive instead of mandatory for the Superintendent of Public Instruction to establish an academic distress commission for a qualifying school district.	Same as the Executive.
Requires the two members of each commission appointed by the president of the district board of education to be residents of the district.	Same as the Executive.
Requires each commission to adopt an academic recovery plan approved by the Superintendent of Public Instruction and to update the plan at least annually.	Same as the Executive.
Requires each member of a commission to file a statement with the Ohio Ethics Commission disclosing pecuniary interests in financial transactions with the school district served by the commission.	Same as the Executive.

As Introduced (Executive)	As Reported by House Finance and Appropriations
Requires ODE to provide administrative support for each commission.	Same as the Executive.
Requires commission meetings to be public and subject to the requirements of meetings of other public bodies under R.C. 121.22 (the open meetings law), except that members not physically present may count toward a quorum and vote if the meeting is held by teleconference, and the public may attend any location of the teleconference.	Same as the Executive, but eliminates the exception allowing members present by teleconference to be counted toward the quorum and to vote.
Requires the Attorney General to serve as the legal counsel for each commission.	No provision.
Makes additional specifications regarding the operation of the commissions.	Same as the Executive.
Fiscal effect: May increase administrative costs for school districts, ODE, and the Attorney General related to their responsibilities to provide support to academic distress commissions, costs may be lower, however, since creation of a commission is permissive instead of mandatory. Commission members are not compensated for their work, but are reimbursed for expenses. The bill also requires that districts receiving state poverty-based assistance for closing achievement gaps that have higher percentages of buildings in academic watch or academic emergency than the prior year devote those funds first to the expenses of a commission if one has been created for it. (R.C. 3317.029) Currently, no districts qualify to have a commission appointed.	**Fiscal effect: Same as the Executive, but the Attorney General will not incur any costs and reimbursements to committee members may be higher since they will need to be physically present at the meetings.**

As Introduced (Executive)	As Reported by House Finance and Appropriations
245 (CD-981-EDU) Agricultural Education	
	R.C. *3303.20*
No provision.	Requires the Superintendent of Public Instruction to appoint a Director of Agricultural Education responsible for disseminating information on agricultural education to school districts. Requires ODE to maintain an appropriate number of employees focusing on agricultural education, at least three of whom are program consultants who provide regional assistance to school districts. Permits at least one of the three consultants to coordinate local Future Farmers of America activities. **Fiscal effect: According to its web site, ODE currently has five staff members in its Agricultural Education Service, including an assistant director, three consultants, and one secretary. It appears, therefore, that the requirements of this provision are already being met, except ODE may have to upgrade the assistant director position to director. The costs of this provision, therefore, are likely to be minimal.**
246 (CD-908-EDU) Transfers of School District Territory	
	R.C. *3311.24*
No provision.	Permits real property owners within a portion of a regular school district in which no voters reside to petition the State Board of Education for transfer of that portion to an adjoining school district. **Fiscal effect: Some districts may gain territory and some may lose territory. A district that gains territory will gain any local tax revenue generated in that territory. The opposite will be true for a district that loses territory.**

248 (CD-392-EDU) OGT Testing Requirements for Foreign Exhange Students	
R.C. ***3313.615***	**R.C.** ***3313.615***
Requires a foreign exchange student to pass the Ohio Graduation Test (OGT) in social studies in order to graduate if the student wishes to qualify for graduation under the alternative testing conditions.	Same as the Executive.
Fiscal effect: None.	**Fiscal effect: Same as the Executive.**
249 (CD-355-EDU) Appeals of Student Suspensions and Expulsions	
R.C. ***3313.66, 3313.661***	**R.C.** ***3313.66, 3313.661***
Requires that each school district board specify the manner and deadline for a parent or student to notify the board of intent to appeal the student's suspension or expulsion from the school. In the case of expulsions, requires the board to provide at least 14 days after the notice of expulsion for a parent or student to give notice of the intent to appeal.	Same as the Executive.
Fiscal effect: None.	**Fiscal effect: Same as the Executive.**

250 (CD-348-EDU) Kindergarten and First Grade Admission Dates	
R.C. ***3317.05, 3321.01***	
Eliminates, beginning with the 2008-2009 school year, the authority of school districts to adopt August 1, rather than the September 30 state standard, as the date by which a child must be five years old to be admitted to kindergarten and six years old for first grade. **Fiscal effect: Districts that have chosen the earlier cut off date may experience a one-time shift in school enrollment and the state aid resulting from that enrollment from FY 2010 to FY 2009.**	No provision.
251 (CD-372-EDU) Auxiliary Services Funds	
R.C. ***3317.06***	**R.C.** ***3317.06***
Requires a school district to label equipment or materials it purchases or leases with auxiliary services funds for loan to a chartered nonpublic school, unless the district determines that they are consumable or have a value of less than $200. **Fiscal effect: A small portion of the funds appropriated for auxiliary services may need to be used for labeling instead of the provision of other materials or services.**	Same as the Executive. **Fiscal effect: Same as the Executive.**

As Introduced (Executive)	As Reported by House Finance and Appropriations
252 (CD-378-EDU) Termination of School District Transportation Staff	
R.C. *3319.0810 (repealed)*	
Eliminates a statutory procedure for a school district not covered by the state Civil Service Law (exempted village and local school districts and some city school districts) to terminate some or all of its pupil transportation staff and to instead engage an independent contractor to provide pupil transportation. **Fiscal effect: May reduce the flexibility these districts have in terminating transportation staff.**	No provision.
253 (CD-390-EDU) School District Reductions in Force	
R.C. *3319.17*	
Removes the phrase "for financial reasons" from the list of statutory reasons a school district or educational service center (ESC) may make reductions in force in its teaching staff. That list also applies to nonteaching employees by virtue of a reference in another section left unchanged (R.C. 3319.172). **Fiscal effect: May reduce some of the flexibility districts and ESCs have in reducing staff.**	No provision.

254 (CD-367-EDU) Stipends for National Board Certified Teachers	
R.C. ***3319.55***	**R.C.** ***3319.55***
Qualifies all public and chartered nonpublic school teachers who hold a valid teaching certificate issued by the National Board for Professional Teaching Standards for an annual $2,500 stipend. (Under current law, the stipend amount is (1) $2,500 for teachers accepted as candidates for certification by May 31, 2003, and issued certificates by December 31, 2004, and (2) $1,000 for all other teachers.)	Same as the Executive.
Fiscal effect: Funding of $9.25 million in FY 2008 and $10.25 million in FY 2009 is provided to support these stipends. In FY 2007, approximately 240 teachers are eligible under current law for the lower $1,000 stipend.	**Fiscal effect: Same as the Executive.**
255 (CD-349-EDU) Intervention Specialists	
R.C. ***3323.11***	**R.C.** ***3323.11***

256 (CD-894-EDU) Transportation of Nonpublic School Students

	R.C. ***3327.05***
No provision.	Permits a school district, upon request, to transport a student in grades K through 12 who does not reside in the district to a nonpublic school the student attends, if (1) the student's resident district is not required to transport the student because the travel time is more than 30 minutes and (2) the parent agrees to reimburse the nonresident district for the costs of transporting that student that exceed the amount the district receives from the state. Requires the nonresident district to state in writing its reasons if it declines the request. **Fiscal effect: May eventually increase state funding for transportation if more students are transported, however, there will be no effect in FY 2008 and FY 2009, because state funding for transportation in those years does not depend on the number of students transported.**

257 (CD-394-EDU) Utility Property Tax Replacement Payments for New School Districts

R.C. ***5727.85***	**R.C.** ***5727.85***
Extends from 2008 to 2009 the time during which a new school district created between 2000 and 2004 will receive 100% of its utility property tax replacement payments for current fixed-rate levy losses. Currently, the payments are scheduled to begin phasing out in 2009 (at 75%); the phase-out resumes in 2010 as currently scheduled.	Same as the Executive.
Provides that the Director of Budget and Management may, but is not required to as under current law, transfer excess School District Property Tax Replacement Fund (Fund 053) balances to the Half-Mill Equalization Fund (Fund 5BJ), and authorizes the Director to also transfer	Replaces the Executive provision with a provision that requires the Director to transfer excess balances to the Half-Mill Equalization Fund to the extent required to make half-mill equalization payments and then to transfer any remaining funds to the GRF.

As Introduced (Executive)	As Reported by House Finance and Appropriations
those balances to the GRF. Fund 5BJ is used to supplement the half-mill maintenance levy required for districts that participate in the School Facilities Commission's (SFC's) Classroom Facilities Assistance Program if the district has below-average per-pupil property valuation.	
Fiscal effect: Potential increase in the payment made to Manchester Local (Adams) of approximately $1.0 million in FY 2009. **According to OBM, approximately $14.6 million in FY 2008 and $21.4 million in FY 2009 of excess balances in Fund 053 may be transferred to the GRF. Under current law, any excess balances are transferred to Fund 5BJ. If there is a balance in Fund 5BJ after making the required payments under the Half-Mill Equalization Program, SFC may seek Controlling Board approval to transfer a reasonable amount to the Public School Building Fund to fund school facilities projects.**	**Fiscal effect: Same as the Executive, assuming the Director of OBM would transfer no more or less than the amount required to make half-mill equalization payments to the Half-Mill Equalization Fund if given discretion to do so.**

258 (CD-542-EDU) Early Childhood Education

Section: ***269.10.20***	**Section:** ***269.10.20***
Continues the GRF-funded early childhood education program for children at least three years old, not eligible for kindergarten, and members of families that earn not more than 200% of the federal poverty level who attend early childhood education programs provided by school districts, joint vocational school districts, or educational service centers.	Same as the Executive.
Makes the following requirements for participating programs: (a) development and administration costs may not exceed 15% of the cost of each program, (b) fiscal records must be maintained, (c) a corrective action plan, approved by ODE, must be implemented if the program is	Same as the Executive.

As Introduced (Executive)	As Reported by House Finance and Appropriations
found to not be meeting standards (ODE may deny funding if a program fails to successfully complete its plan), (d) teacher qualification requirements prescribed by law must be met, including a requirement that teachers attend a minimum of twenty hours per year of professional development regarding implementation of content standards and assessments, (e) curriculum must be aligned to the early learning content standards, (f) assessment requirements prescribed by law must be met. (g) child progress must be documented and reported, (h) early learning program guidelines for school readiness must be met, (I) early language and literacy classroom observation evaluation studies must be cooperated with, (j) families who earn more than the federal poverty level must be charged a fee based on a sliding schedule.	
Specifies that for programs established on or after March 15, 2007, per-pupil funding must be sufficient to provide eligible children with services for one-half of the statewide average length of the school day, as determined by ODE, for 180 days of each school year.	Same as the Executive.
Requires that districts that establish new programs must be eligible for poverty-based assistance in order to receive funding in FY 2008 and FY 2009.	Same as the Executive.
Limits the subsidies distributed to providers that received funding in FY 2007 to $18.6 million in each fiscal year, unless the number of new eligible providers is insufficient to expend all available funding.	Same as the Executive.
Requires ODE to provide an annual report regarding early childhood education programs and the early learning program guidelines for school readiness.	Same as the Executive.
Fiscal effect: GRF appropriations of $29.0 million in FY 2008 and $31.5 million in FY 2009 are provided for the program, so there is $10.4 million in FY 2008 and $12.9 million in FY	**Fiscal effect: Same as the Executive, but increases GRF appropriations by $7.4 million in FY 2008 and $7.7 million in FY 2009.**

2009 available for new providers.	
259 (CD-144-EDU) Waiver of Required Pupil Teacher Ratio	
Section: ***269.50.40***	**Section:** ***269.50.40***
Permits the Superintendent of Public Instruction to waive the pupil to teacher ratio in K-4 in rule 3301-35-05 of the Administrative Code if the following apply: (a) the board of education of the district requests the waiver; (b) ODE determines that meeting the required ratio would impose an extreme hardship on the district; and (c) the board of education provides assurances that it will act in good faith to meet the required ratio as soon as possible.	Same as the Executive.
Fiscal effect: Allows certain districts to continue to receive state funding even if the required pupil to teacher ratio is not met.	**Fiscal effect: Same as the Executive.**
260 (CD-145-EDU) Private Treatment Facility Project	
Section: ***269.50.50***	**Section:** ***269.50.50***
Establishes procedures by which Ohio youth who have been assigned to a participating residential treatment facility are enrolled in an approved educational program in or near the facility. Requires that the school district responsible for tuition for a residential child pay the tuition to the provider for the educational program. Prohibits a district from including the youth in the district's average daily membership (ADM). Requires that ODE track the utilization of funds and monitor the program for educational accountability.	Same as the Executive.
Fiscal effect: In addition to the tuition payment, $1.0 million is appropriated in each fiscal year for the Private Treatment Facility Project.	**Fiscal effect: Same as the Executive.**

As Introduced (Executive)	As Reported by House Finance and Appropriations
261 (CD-146-EDU) National Assessment of Education Progress	
Section: ***269.50.60***	**Section:** ***269.50.60***
Expresses the General Assembly's intention that Ohio school districts participate in the administration of the National Assessment of Education Progress (NAEP). Requires each school and school district selected to participate.	Same as the Executive.
Fiscal effect: Small cost for districts chosen to participate. Federal funding is provided for coordination of the state's participation in NAEP.	**Fiscal effect: Same as the Executive.**
262 (CD-149-EDU) Standards for Physical Education	
Section: ***269.60.20***	
Requires that no later than December 31, 2008, the State Board of Education adopt the most recent standards for physical education in grades K-12 developed by the National Association for Sports and Physical Education. Requires the Superintendent of Public Instruction to appoint a physical education coordinator to provide guidance and oversight for school districts in following the physical education standards.	No provision.
Fiscal effect: May result in increases in administrative costs for ODE related to the coordinator position, however, this provision stipulates that any costs must be paid from existing appropriations.

263 (CD-150-EDU) Plan to Move Education Programs to Board of Regents	
Section: *269.60.30*	**Section: *269.60.30***
Requires ODE to work with the Board of Regents and the Governor's Workforce Policy Board to develop a plan by November 30, 2007 that moves adult education and career programs from ODE to the Board of Regents. Requires that the programs be moved to the Board of Regents by July 1, 2008. Authorizes the Director of Budget and Management to make any budget and accounting changes made necessary by this movement of programs.	Same as the Executive, but requires that adult basic and literacy education (ABLE) programs stay under ODE; specifies that "adult and career-technical education programs" be transferred instead of "adult education and career programs"; removes the Governor's Workforce Policy Board as one of the entities involved; removes the requirement that a plan for the transfer be submitted (although the transfer is still to occur by July 1, 2008); and modifies the intended purpose of the transfer.
Fiscal effect: Will likely result in funding being shifted from ODE to the Board of Regents.	**Fiscal effect: Same as the Executive, but ODE will retain funding for ABLE and funding for career-technical programs may also be transferred.**

353 (CD-898-DOH) Autism Diagnosis Education Pilot Program	
	R.C. ***3701.135, Section 293.30***
No provision.	Establishes in the Department of Health the Autism Diagnosis Education Pilot Program to educate health care professionals, educational personnel, childcare providers, parents, and community-based services providers about autism spectrum disorders; to promote appropriate autism diagnosis standards; and to encourage regional coordination of information and autism related services.
No provision.	Requires the Director of Health to contract with a public or private entity to conduct or administer the Pilot Program.
	Fiscal effect: Earmarks $500,000 in FY 2008 and $300,000 in FY 2009 for the establishment of the Autism Diagnosis Education Pilot Program in GRF appropriation item 440-416, Child and Family Health Services (Please see the entry entitled "Child and Family Health Services" in the Department of Health as well).
354 (CD-895-DOH) Medical Records Access	
	R.C. ***3701.74***
No provision.	Provides that a patient, patient's personal representative, or an authorized person who wishes to examine or obtain a copy of a patient's medical record must submit a written request dated not more than one year, instead of 60 days, before the date the request is submitted to the health care provider or records company holding the record.
	Fiscal effect: This provision may result in administrative cost savings for a state entity that is requesting a copy of a patient's record since the agency would not have to subsequently obtain the patient's signature if the date on

As Introduced (Executive)	As Reported by House Finance and Appropriations
	which the original release was signed exceeds the 60 days limitation under current law.
355 (CD-314-DOH) Certificate of Need Fund	
R.C. *3702.52*	**R.C. *3702.52***
Allows the Certificate of Need Fund, which consists of certificate of need (CON) application fees, to be used not only for paying the costs of administering the CON Program, but also for paying the costs of administering Department of Health programs for the following: (1) monitoring providers of certain health care services for compliance with safety and quality-of-care standards and (2) licensing ambulatory surgical facilities and other freestanding health care facilities.	Same as the Executive.
Fiscal effect: There are 106 providers of health care services which are surveyed approximately every 3 years. The cost of the survey can be charged to the provider up to a maximum of $1,250 for an inspection of each health care service, $650 for a complaint inspection, and $650 for a follow-up inspection. The annual maximum fee that may be charged to a provider is $5,000. Costs of surveys above the maximum amount that may be charged to the provider will be charged to the Certificate of Need fund. In addition, there are 422 licensed health care facilities under OAC Chapter 83. All health care facility licenses must be renewed annually. The Department anticipates that as a result of this provision approximately $98,000 annually will be dedicated to inspections, monitoring and licensing of health care facilities.	**Fiscal effect: Same as the Executive.**

Extends, until June 30, 2009, the scheduled termination of the moratorium on review of CON applications for approval of long-term care beds.	Same as the Executive.
Permits approval of a CON application to relocate long-term care beds to an existing facility within the same county when the facility has life safety code deficiencies, state fire code violations, or state building code violations, if the project identified in the application proposes to correct the facility's deficiencies or violations.	Same as the Executive.
Clarifies that the CON moratorium provisions are applicable under all of the statutes governing the CON Program.	Same as the Executive.
Modifies the procedures used by the Director of Health in reviewing CON applications and granting or denying CONs by (1) specifying that a proposed project must meet all applicable CON criteria for approval, (2) increasing to 30 (from 15) the number of days within which the Director must initially respond to a CON application, (3) reducing to 60 (from 90) the number of days within which the Director must grant or deny a CON when no objections to a project have been received, and (4) specifying that the Director may grant a CON with conditions that must be met by the holder.	Same as the Executive.
Fiscal effect: None. The provisions dealing with the moratorium will have no effect since the moratorium has been in place since 1993. The provisions dealing with the reviewal of CON applications, are administrative in nature. The provisions either clarify current practice in statute or alter time frames for requesting additional information. As	**Fiscal effect: Same as the Executive.**

365 (CD-528-DOH) Targeted Health Care Services Over 21	
Section: ***293.30***	**Section:** ***293.30***
Specifies that $731,023 in each fiscal year in GRF appropriation item 440-507, Targeted Health Care Services Over 21, must be used to administer the cystic fibrosis program and implement the Hemophilia Insurance Premium Payment program.	Same as the Executive.
Specifies that $900,000 in each fiscal year in GRF appropriation item 440-507, Targeted Health Care Services Over 21, must be used to provide essential medications and to pay the copayments for drugs approved by the Department and covered by Medicare Part D that are dispensed to Bureau for Children with Medical Handicaps (BCMH) participants for the cystic fibrosis program.	Same as the Executive, but permits, to the extent that funding is available, coverage of up to 18 in-patient hospital days for participants in the cystic fibrosis program. Also, specifies that the Department shall expend all earmarked funds.
366 (CD-529-DOH) Uncompensated Care and Emergency Medical	
Section: ***293.30***	**Section:** ***293.30***
Requires that funds in GRF appropriation item 440-511, Uncompensated Care and Emergency Medical Assistance, be used to fund programs that provide health care without ability to pay. Specifies that this is not an entitlement program and that services are offered only to the extent that funding is available.	Same as the Executive.

As Introduced (Executive)	As Reported by House Finance and Appropriations
367 (CD-530-DOH) Genetic Services	
Section: ***293.30***	**Section:** ***293.30***
Requires that funds in appropriation item 440-608, Genetics Services (Fund 4D6), in the state special revenue fund group be used for the administration of programs authorized in R.C. sections 3701.501 and 3702.501. These programs address issues such as: education, detection, and treatment of genetic diseases, habilitation, rehabilitation, and counseling of persons possessing a genetic trait or afflicted with a genetic disease. Specifies that none of the funds shall be used to counsel or refer for abortion, except in the case of a medical emergency.	Same as the Executive.
368 (CD-533-DOH) Medically Handicapped Children Audit	
Section: ***293.30***	**Section:** ***293.30***
Specifies that moneys in appropriation item 440-627, Medically Handicapped Children Audit (Fund 477), in the state special revenue fund group may be expended for payment of audit settlements and for costs directly related to obtaining recoveries from third-party payers and for encouraging recipients to apply for third-party benefits. Moneys may also be used for payments for diagnostic and treatment services on behalf of medically handicapped children and Ohio residents who are 21 or more years of age and who are suffering from cystic fibrosis or hemophilia. Also, moneys may be expended for administrative expenses incurred in operating the Medically Handicapped Children's program.	Same as the Executive.

369 (CD-536-DOH) Cash Transfer from Liquor Control Fund to Alcohol Testing and Permit Fund	
Section: ***293.30***	**Section:** ***293.30***
Transfers moneys from the Liquor Control Fund (Fund 043) in the liquor control fund group to appropriation item 440-615, Alcohol Testing and Permit Fund (Fund 5C0), in the state special revenue fund group to meet the operating needs of the Alcohol Testing and Permit program. The Department of Health must set a schedule outlining the cash transfer schedule.	Same as the Executive.
370 (CD-537-DOH) Medically Handicapped Children - County Assessments	
Section: ***293.30***	**Section:** ***293.30***
Requires that funds in appropriation item 440-607, Medically Handicapped Children - County Assessments (Fund 666), in the state special revenue fund group be used for payments to providers to perform diagnostic services necessary to determine whether the resident suffers from a medically handicapping or potentially medically handicapping condition for any Ohio resident under 21 years of age.	Same as the Executive.
371 (CD-888-DOH) Transfer from State Fire Marshal's Fund to the Poison Control Fund	
	Sections: ***293.30, 293.10***
No provision.	Transfers $150,000 cash in each fiscal year from the State Fire Marshal's Fund (Fund 546) in the Department of Commerce to the Poison Control Fund (Fund 5CB) in the Department of Health.
No provision.	Earmarks $50,000 in each fiscal year for the poison control centers in Cleveland, Cincinnati, and Columbus.

375 (CD-539-DOH) Cash Transfer From Federal Public Health Programs Fund to Agency Health Services Fund	
Section: ***293.40***	**Section:** ***293.40***
Requires the Director of Health to certify, as soon as possible on or after July 1, 2007, to the Director of Budget and Management the amount of cash to be transferred from the Federal Public Health Programs Fund (Fund 392) to the Agency Health Services Fund (Fund 142) to meet the operating needs of the Vital Statistics program.	Same as the Executive.

As Introduced (Executive)	As Reported by House Finance and Appropriations
376 (CD-681-OHS) Subsidy Appropriation	
Section: ***299.10***	**Section:** ***299.10***
Releases appropriations to the Ohio Historical Society in quarterly amounts that in total do not exceed the annual appropriations upon approval of the Director of OBM. Requires the Society to prepare and submit to OBM (1) a report that contains an estimated operating budget for each fiscal year of the biennium; and (2) financial reports indicating actual receipts and expenditures for the fiscal year to date. Requires that these reports be filed at least semiannually during the 2008-2009 biennium.	Same as the Executive.
377 (CD-682-OHS) Hayes Presidential Center	
Section: ***299.10***	**Section:** ***299.10***
Requires the Ohio Historical Society to make arrangements with the National Park Service or other United States government agency for the efficient transfer of operations or maintenance if that agency chooses to take over the operations or maintenance of the Hayes Presidential Center, in whole or part.	Same as the Executive.
378 (CD-683-OHS) Historical Grants	
Section: ***299.10***	**Section:** ***299.10***
Earmarks $75,000 in each fiscal year from the GRF appropriation item 360-508, State Historical Grants, for the Hebrew Union College in Cincinnati.	Corrects name of earmarked entity in GRF appropriation item 360-508, State Historical Grants, as "Center for Holocaust and Humanity Education located at the Hebrew Union College-Jewish Institute of Religion in Cincinnati."

As Introduced (Executive)	As Reported by House Finance and Appropriations
No provision.	Earmarks $50,000 in each fiscal year from GRF appropriation item 360-508, State Historical Grants, for the Western Reserve Historical Society.
No provision.	Earmarks $50,000 in each fiscal year from that appropriation item for the Cincinnati Museum Center.

379 (CD-684-OHS) Processing Fees

Section: ***299.10***	**Section:** ***299.10***
Prohibits the Ohio Historical Society from charging or retaining an administrative, service, or processing fee for distributing money that the General Assembly appropriates to the Society for grants or subsidies that the Society provides to other entities for their site-related programs.	Same as the Executive.

380 (CD-941-OHS) Study of State Incentives for Local Entities to Assume Control of State Historical Sites

	Section: ***753.20***
No provision.	Requires the staff of the Legislative Service Commission to study the feasibility and potential results of establishing state incentives for local entities to assume control of state historical sites, including the cost and funding aspects of the incentives, and to report the findings to the Commission not later than six months after the effective date of the section establishing the requirement.
Fiscal effect: No provision.	**Fiscal effect: The cost to LSC is uncertain, but expected to be minimal at most.**

382 (CD-352-INS) Department of Insurance Fees	
R.C. *3901.021*	**R.C. *3901.021***
Reduces the share of revenue from agent appointment fees that goes to Fund 554 from 75% to 60%, and correspondingly increases the share going to the GRF from 25% to 40%. **Fiscal effect: Reduces revenue to Fund 554 by approximately $5 million per year, and increases revenue to the GRF by the same amount. As a result of this provision, revenue to Fund 554 during the biennium would be approximately $3.3 million less than the appropriations from Fund 554 for the biennium. The balance in the fund projected for the beginning of FY 2008 is sufficient to support the shortfall for the biennium, but the relative sizes of revenues to the fund and appropriations from it is not sustainable indefinitely.**	Removes change to formula for allocation of fees, and requires Director of Budget and Management to transfer $5 million each fiscal year from Fund 554 to the GRF. **Fiscal effect: The two changes, in combination, retain the Executive Proposal's fiscal effect for the biennium: Fund 554 will lose $5 million each year and the GRF will gain the same amount. The two changes would make a difference in subsequent fiscal years. The Executive Proposal would reduce revenue to Fund 554 and increase revenue to the GRF by approximately $5 million each year after FY 2009, until such time as the formula might be changed again. The changes made by the House would eliminate any change after FY 2009.**
383 (CD-946-INS) Foreign Insurers Tax	
	R.C. *3905.36*
No provision.	Clarifies that the nonapplicability of the foreign insurers tax includes any other insurance, in addition to professional and medical liability insurance, procured by a hospital or by an entity in which the majority of its business involves pharmaceutical products, when the entity is regulated by an agency of the United States. **Fiscal effect: Potential revenue loss.**

384 (CD-350-INS) Market Conduct Examination	
Section: *307.10*	**Section: *307.10***
Permits the Superintendent of Insurance to assess the cost of conducting a market conduct examination of an insurer against the insurer, permits the superintendent to enter into consent agreements to impose fines for violations of statutes or rules. Revenue from cost assessments and fines is to go to the Department of Insurance Operating Fund (Fund 554).	Same as the Executive.
Fiscal effect: Potential increase in revenue to Fund 554.	**Fiscal effect: Same as the Executive.**
385 (CD-351-INS) Examinations of Domestic Fraternal Benefit Societies	
Section: *307.10*	**Section: *307.10***
Permits the Director of Budget and Management, at the request of the Superintendent of Insurance, to transfer funds from Fund 554 to the Superintendent's Examination Fund (Fund 555). The permitted transfer amount is limited to expenses incurred in examining domestic fraternal benefit societies.	Same as the Executive.
Fiscal effect: This language has been included in past budget bills. The permitted transfers during fiscal years 2004 through 2006 varied in amounts from a low of approximately $286,000 (in FY 2005) to a high of approximately $437,000 (in FY 2004).	**Fiscal effect: Same as the Executive.**

R.C. ***5101.24, 5101.242***	**R.C.** ***309.30.60, 5101.242***
Provides that ODJFS may take specified actions directly against a public children services agency (PCSA) regarding certain problems with family services duties only if a children services board serves as the PCSA and may take such actions directly against a child support enforcement agency (CSEA) only if a county elected official performs the duties of the CSEA; otherwise ODJFS is to take the action against the board of county commissioners.	Same as the Executive.
Provides that ODJFS may no longer take specified actions directly against a county department of job and family services regarding certain problems with family services duties but must instead take the action against the board of county commissioners.	Same as the Executive.
Fiscal effect: This provision changes the entity against which ODJFS may take action and is unlikely to result in a significant fiscal impact.	**Fiscal effect: Same as the Executive.**
387 (CD-329-JFS) Voter registration activities of the Department of Job and Family Services	
R.C. ***3503.10***	
Eliminates the requirement that ODJFS limit its voter registration activities to those prescribed by the Secretary of State and the requirements of state and federal law.	No provision.
Fiscal effect: This provision may increase administrative costs of the Department and/or county departments of job and family services should the Department decide to expand their voter registration activities beyond the limits of current law.

393 (CD-735-JFS) Military Injury Relief

R.C. *5101.98, Section 309.70.10*

Allows incentive grants that are authorized by the federal Jobs for Veterans Act, 116 Stat. 2033 (2002), to also be contributed to the fund. The bill specifies that an individual diagnosed with post-traumatic stress disorder, who has served in Operation Iraqi Freedom or Operation Enduring Freedom, will be eligible for a grant from the fund. The bill prohibits a person from appealing, under Administrative Procedures Act, or section 5101.35 of the Revised Code, any grant decision made by the Director of Job and Family Services, and instead authorizes the director to adopt rules establishing the process for appealing eligibility determinations for these grants.

Additionally, the bill requires the Director of Job and Family Services to certify to the Director of Budget and Management the total amount of incentive grants deposited into Fund 331, Federal Operating (Federal Special Revenue), on behalf of state and county employees and other individuals, entities, and persons with exemplary service to veterans under an approved employment service delivery program defined in the Jobs for Veterans Act. The Director of Budget and Management is to transfer cash equal to the amount certified by the Director of ODJFS from Fund 331 to State Special Revenue Fund (Fund 5DB), Military Injury Grants.

Fiscal effect: The transfer for federal fiscal year will be between $0 and $66,600. The source of the money for the transfer is the 1% set-aside of the Jobs for Veterans Act grant, which by law, is to be used for incentive awards to

R.C. ***5104.30, 309.50.30***

Same as the Executive, but additionally permits type A and B family day-care homes to participate in Step Up to Quality thus becoming eligible for assistance provided by the program.

Also allows day-care centers and type A and B family day care homes that are participating in the program and that provide publicly funded child care to be eligible to receive a reimbursement rate for the publicly funded child care up to the 65th percentile of the 2006 Ohio Child Care Market Rate Survey if the center or home participates in the program in fiscal year 2008 and maintains a two-star program rating in fiscal year 2009.

Requires the ODJFS Director to adopt rules to implement the program by September 1, 2007. Changes the name of the program to reflect the expansion of the child care entities that may participate.

Fiscal effect: The Executive budget includes approximately $54.9 million FY 2008 and $57.4 million in FY 2009 for increasing the reimbursement ceiling for child care providers to the 65th percentile of the 2006 market rate survey. This provision may decrease the amount that the Department will spend on increasing the reimbursement ceiling if the increase is only available to providers who participate in FY 2008 and maintain a two star rating in FY 2009.

Requires ODJFS to claim $25 from the current processing charge imposed upon an obligor when a court or child support enforcement agency (CSEA) issues or modifies a support order for federal reporting purposes (in accordance with the Deficit Reduction Act of 2005 and administrative rules). The current processing charge is the greater of either (1) 2% of the support payment to be collected under the support order, or (2) $1 per month.	Same as the Executive.
Requires the claim to be collected only in Title IV-D child support cases wherein (1) the obligee has never received Title IV-A (TANF), and (2) ODJFS has collected at least $500 for the obligee.	
Requires the ODJFS Director to adopt administrative rules no later than March 31, 2008 to implement the provision.	
Fiscal effect: The Deficit Reduction Act gives the state one of four options to account for the charge: (1) retain it from support collected for the obligee, (2) require it to be paid by the individual who applied for services, (3) recover it from the noncustodial parent (obligor), or (4) pay it from state funds. This provision will not affect the amount of the processing charge currently being paid by obligors. Additionally, this provision will not affect the amount of funding the counties receive from ODJFS to carry out child support enforcement.	**Fiscal effect: Same as the Executive.**
The federal law requires that the state report the entire

charge due on cases that meet the criteria as program income regardless of how much is actually collected. The Department estimates that Ohio will therefore be required to report approximately $8.0 million in program income. This will reduce by $8.0 million the amount of child support administrative expenses that are eligible for the 66% federal match. The Department estimates that it currently collects approximately $5.2 million through the existing processing charge on the cases that meet the federal criteria, leaving a deficit of $2.8 million. The Department requested and received funding to cover this gap in funding for the Child Support program.

401 (CD-342-JFS) Health Insurance Coverage for Children Subject of a Child Support Order

R.C. *3119.30, 3119.022, 3119.023, and 3119.29*	R.C. *3119.30, 3119.022, 3119.023, and 3119.29*
Requires that health insurance ordered to be provided for a child who is the subject of a child support order be reasonable in cost (does not exceed 5% of the person's annual gross income) and be accessible (provides primary care services within either 30 miles or 30 minutes driving time from the child's residence). The bill provides a means to accommodate rural or other arrangements via court or agency determination. If health insurance is not provided by either the obligor or obligee and the obligor's annual gross income is over 150% of FPG, the bill requires the obligor to pay cash medical support in the amount of 5% of that person's annual gross income to either the Office of Child Support to defray the cost of publicly provided health care or to the obligee. Cash medical support payments will be offset against the obligor's ordered share of liability for uninsured medical and health care needs of the minor children. The bill also makes conforming changes to the child support computation worksheets. Specifies that the changes made to the child support/health care provisions take effect on the later of February 1, 2008, or the effective date of regulations defining "reasonable cost" issued by the U.S. Secretary of Health and Human Services.	Same as the Executive.
Fiscal effect: The requirements of this provision will apply to all orders that are new or modified on or after the effective date of the bill. This provision will likely increase administrative costs to child support enforcement agencies and the domestic relations courts to obtain the necessary information about, and make a determination on, the	**Fiscal effect: Same as the Executive.**

reasonableness and accessibility of health insurance and establish or modify an order to include the required considerations for medical support. **This provision is also likely to increase revenues for the Ohio Medicaid program from payments passed on from the Office of Child Support out of receipts of cash medical support payments. According to information LSC obtained from the Office of Budget and Management, the revenue generated from this provision will be an estimated $12.5 million in FY 2008 and $37.5 million in FY 2009. Payments received by the Office of Ohio Health Plans will be used to defray the cost of publicly provided health care for these children.**	

402 (CD-330-JFS) Collection of Child Support Arrearages From Insurance Claims and Payments

R.C. *3123.23*	R.C. *3123.23*
Requires the ODJFS Director to adopt rules to implement a program to collect child support arrearages from insurance claims, settlements, awards, and payments, and specifies that any insurer providing information under that program is immune from civil liability for providing that information.	Same as the Executive.
Fiscal effect: The DRA authorizes comparisons of information concerning individuals owing past-due child support with information maintained by insurers concerning insurance claims, settlements, awards, and payments. The purpose of the insurance match is to identify pending insurance claims payable to individuals delinquent in their child support obligation. The federal Office of Child Support Enforcement operates the Federal Parent Locator Service (FPLS), a program that encompasses several databases providing assistance to states in locating absent parents and performing collection and enforcement services. The federal office will conduct the match with insurers and provide the information to the Office of Child	**Fiscal effect: Same as the Executive.**

Support. If a State opts to receive the federal level match data, the State must reimburse the FPLS for its costs. This provision provides a new tool to assist the state in its efforts to collect delinquent child support. This provision once fully implemented will increase the amount of delinquent child support collected. While the Department has not put forth any recent estimates, the Department believes that the amount that will be collected could potentially be in the millions.	
403 (CD-712-JFS) Child Support Collections/TANF MOE	
Section: ***309.40.33***	**Section:** ***309.40.33***
Requires that appropriation item 600-658, Child Support Collections, be used by ODJFS to meet the TANF maintenance of effort (MOE) requirements of Pub. L. No. 104-193. Once the state is assured that it will meet the MOE requirements, ODJFS may use the funds from appropriation item 600-658, Child Support Collections, to support child support activities.	Same as the Executive.
Fiscal effect: An obligee who is receiving cash assistance is required to assign to ODJFS any child support payments the person receives to cover part of their cash award. Any moneys collected by ODJFS as a result of such assignment is deposited into Fund 4A8 and expended through appropriation item 600-658.	**Fiscal effect: Same as the Executive.**

Child Welfare and Adoption	
404 (CD-730-JFS) Child Welfare Training Initiative	
Section: *309.50.10*	**Section: *309.50.10***
Requires ODJFS in each fiscal year, to grant $50,000 from GRF appropriation item 600-528, Adoption Services, and $150,000 from appropriation item 600-606, Child Welfare (Federal Special Revenue Fund 327), to the National Center for Adoption Law and Policy to fund a multi-disciplinary child welfare training initiative. The Department must coordinate with the National Center for Adoption Law and Policy to determine the focus of the training provided each year.	Same as the Executive.
Fiscal effect: Other than the earmark, this provision may result in increased administrative costs to the Department to coordinate with the National Center for Adoption Law and Policy to determine the focus of the training.	**Fiscal effect: Same as the Executive.**
405 (CD-732-JFS) Adoption LawSite Initiative	
Section: *309.50.10*	**Section: *309.50.10***

Requires that in each fiscal year, the Director of Budget and Management transfer $1.5 million from the Children's Trust Fund (state special revenue Fund 198) to the Partnerships for Success Fund (state special revenue Fund 5BH) in the Department of Youth Services (DYS).	Same as the Executive.
Fiscal effect: The Children's Trust Fund will be providing funding for the Partnerships for Success program in DYS. This initiative provides seed money to local family and children first councils to plan, develop, implement, and enhance programs, processes, and services to divert youth from the juvenile justice system.	**Fiscal effect: Same as the Executive.**

407 (CD-220-JFS) Individual Development Accounts	
R.C. *329.14*	**R.C. *329.14***
Increases the income eligibility limit for participation in the Individual Development Account program to 200% (from 150%) of the federal poverty guidelines.	Same as the Executive.
Increases the amount a fiduciary organization may deposit in an account to four times (from two times) the amount a program participant deposits.	Same as the Executive.
Fiscal effect: Counties may authorize individual development accounts as part of their PRC programs. An individual may put money into an account, it is matched with TANF dollars, and the money must be used for buying a home, education, or starting a business. Increasing eligibility aligns the eligibility criteria for this program with the federal Assets for Independence program.	**Fiscal effect: Same as the Executive.**

As Introduced (Executive)	As Reported by House Finance and Appropriations
This provision will allow more individuals to participate in this program and possibly increase the amount of TANF dollars spent by a county that includes this program as part of its PRC program.

R.C. *5101.802, Section 309.40.40*	**R.C. *5101.802, Section 309.40.40***
Increases to 300% (from 200%) of the federal poverty guidelines the eligibility limit for participation in the Kinship Permanency Incentive Program, removes a special needs determination requirement, and makes changes to eligibility as determined by custody or guardianship status. Requires that up to $10 million per fiscal year of appropriation item 600-689, TANF Block Grant (Federal Special Revenue Fund 3V6), be used to support the activities of the Kinship Permanency Incentive program. The Department must submit a report to the Governor, the Speaker and Minority Leader of the House of Representatives, and the President and Minority Leader of the Senate not later than December 31, 2008, and December 31, 2010.	Same as the Executive.
Provides that the changes to the program do not affect persons already determined eligible.	Same as the Executive.
Fiscal effect: The changes to the eligibility criteria for the program should increase the number of applications and approvals, as well as dollars paid out under the program. (Of the $10 million earmarked for this purpose for FY 2006, during calendar year 2006, $1,798,500 was paid out by ODJFS.)	**Fiscal effect: Same as the Executive.**

Implements a federal requirement that non-recipient parents considered to be work-eligible individuals participate in work participation activities and requires the non-recipient parents to enter into a self-sufficiency contract with a county department of job and family services.	No provision.
Stipulates that Ohio Works First's sanctions apply when a non-parent recipient considered to be a work-eligible individual violates, without good cause, a provision of a self-sufficiency contract.	No provision.
Permits a county department to conduct assessments of a non-recipient parent considered to be a work-eligible individual to determine whether the parent is in need of other assistance or services provided by the county department or other private or government entity.	No provision.

Fiscal effect: This provision may have a minimal effect on the caseload and cost of the OWF program. A "non-recipient work-eligible parent" is a person who in not part of an assistance group but lives in the home and is required to engage in work activities in order for the assistance group to continue receiving the cash benefit. As of January 31, 2007, Ohio has 110 non-recipient work-eligible parents. If every one of these individuals chose not to engage in work activities resulting in a sanction for every assistance group

As Introduced (Executive)	As Reported by House Finance and Appropriations
associated with that individual, then the monthly caseload would decrease by 110 and a corresponding decrease in the amount of cash assistance paid out would be, at most, $45,100 monthly (if all assistance groups were families of three).

R.C. ***5107.04, 5107.03, 5107.05***	**R.C.** ***5107.04, 5107.03, 5107.05***
Requires that the maximum amount of cash assistance an assistance group may receive under the Ohio Works First program be increased on January 1, 2009, and the first day of each January thereafter by the cost-of-living adjustment made for Social Security benefits.	Same as the Executive.
Fiscal effect: The costs of increasing the benefit by the cost-of-living adjustments (COLA) made for Social Security benefits is estimated to cost $4,631,755 for the last six months of FY 2009. This estimate was based on the assumption that the COLA will be 3%. Since this provision requires an increase in the benefit every year thereafter, it will have the affect of increasing costs for OWF in years beyond FY 2009.	**Fiscal effect: Same as the Executive.**
411 (CD-195-JFS) Ohio Works First Application	
R.C. ***5107.05***	**R.C.** ***5107.05***

412 (CD-196-JFS) Income Eligibility Limit	
R.C. *5107.10*	**R.C. *5107.10***
Provides that the first step in determining whether an assistance group meets the income eligibility requirements for the Ohio Works First program is to determine whether the assistance group's gross income, less certain disregards, exceeds 50% of the federal poverty guidelines (FPG) rather than the higher of 50% of FPG and the gross income maximum for initial eligibility as in effect on September 28, 2005.	Same as the Executive.
Fiscal effect: This provision will have no fiscal effect on the OWF program. At the time the income threshold being changed by the bill was put in place, the gross income maximum for initial eligibility as in effect on September 28, 2005, was greater than 50% of FPG for some of the assistance groups. Over time, 50% of FPG became the greater of the two so the gross income maximum for initial eligibility as in effect on September 28, 2005, became irrelevant.	**Fiscal effect: Same as the Executive.**
413 (CD-197-JFS) Delays of Eligibility Determinations	
R.C. *5107.12*	**R.C. *5107.12***
Prohibits a county department of job and family services from delaying an eligibility determination for Ohio Works First on the basis that a self-sufficiency contract has not been completed.	Same as the Executive.
Fiscal effect: To the extent that a county is currently delaying an eligibility determination for the reason described above, this provision, by prohibiting a delay, may accelerate the receipt of benefits for someone who was otherwise waiting.	**Fiscal effect: Same as the Executive.**

414 (CD-198-JFS) Ohio Works First Sanctions	
R.C. ***5107.16***	**R.C.** ***5107.16***
Provides for an Ohio Works First sanction to last one month, three months, or six months (depending on the number of previous violations) rather than the longer of that period of time or when the violation ceases.	Same as the Executive.
Requires the ODJFS Director to establish standards for the determination of good cause for a violation of a self-sufficiency contract rather than having each county department of job and family services establish such standards.	Same as the Executive.
Fiscal effect: This provision will make for consistent sanctions and standards across all counties.	**Fiscal effect: Same as the Executive.**
415 (CD-199-JFS) LEAP Program

Stipulates that a minor head of household's participation in the LEAP program counts in determining whether a county department of job and family services is complying with requirements regarding work participation rates.	Same as the Executive.
Exempts a minor head of household participating in the LEAP program from the requirement to enter into a self-sufficiency contract and prohibits a self-sufficiency contract from including provisions regarding the LEAP program.	Same as the Executive.
Provides that a county department is not to appraise a minor head of household participating in the LEAP program for the purpose of work participation activities or assign such a minor head of household to a work participation activity.	Same as the Executive.

As Introduced (Executive)	As Reported by House Finance and Appropriations
Fiscal effect: This provision will not have a fiscal effect on the LEAP program or on the state's participation rate. Under current law, LEAP participants are already counted in the state's participation rate. With the repeal of certain specifics in the statutes regarding allowable work activities, the law governing LEAP needed to be modified as described above to include those specifics that are cross referenced in current law.	**Fiscal effect: Same as the Executive.**
416 (CD-200-JFS) Fugitive Felons and Probation Violators

Provides that a fugitive felon and an individual violating a condition of probation, a community control sanction, parole, or a post-release control sanction is ineligible for assistance under Ohio Works First rather than ineligible to participate in Ohio Works First.	Same as the Executive.
Fiscal effect: This provision provides that the person described above, who is ineligible for assistance, may still be considered a program "participant" as a non-recipient work-eligible parent and, therefore, is subject to the work requirement. This provision may have a minimal effect on the caseload and cost of the OWF program. Fiscal effect: This provision should have no fiscal effect on the OWF program. In order to implement the federal regulations that were formulated as a result of the Deficit Reduction Act, ODJFS received authorization in Am. Sub. S.B. 238 of the 126th General Assembly to adopt rules in conflict with state law to bring the state into compliance with the federal law. The OWF program has been operating under the new rules since October 2006. The provisions described above will bring the state statutes into compliance as well. **While the provision described above includes the authority for ODJFS to establish work participation activities in rule, which could impact caseload and cost if the Department were to make changes to those activities, the Department has stated its intention to preserve the original intent of the Ohio Works First program (getting people to work).**

437 (CD-304-JFS) Early Learning Initiative	
Section: ***309.40.60***	**Section:** ***309.40.60***
Reauthorizes the Early Learning Initiative (ELI), jointly administered by the Department of Education (ODE) and ODJFS to provide early learning services through an early learning program, on a full-day and part-day basis, to TANF-eligible children.	Same as the Executive, but additionally requires ODJFS to adopt rules in consultation with ODE regarding caretaker employment eligibility requirements for participation in ELI that specify the minimum number of hours that the caretaker of the eligible child must be employed and the time period over which the minimum number of hours is to be measured. Also requires ODJFS to periodically review this requirement to ensure that it complies with federal law and regulations.
Provides that an eligible child is a child (1) who is at least three years of age but not of compulsory school age or enrolled in kindergarten, (2) who is eligible for Title IV-A services, and (3) whose family income at the time of application does not exceed 185% of the federal poverty line in FY 2008 or 200% of the federal poverty line in FY 2009.	
Requires each county department of job and family services (CDJFS) to determine eligibility for Title IV-A services for children who wish to enroll in an early learning program within 15 days after the CDJFS receives a completed application.	
Specifies both separate duties for ODJFS and ODE to fulfill for ELI, and joint duties, including establishing co-payments for families of eligible children whose family income is more than 165% of the federal poverty line but equal to or less than 185% of the federal poverty line in FY 2008 and 200% of the federal poverty line in FY 2009 and an exemption from co-payment requirements for families whose family income is equal to or less than 165% of the	

As Introduced (Executive)	As Reported by House Finance and Appropriations
federal poverty line.	
Specifies that once ODE selects an entity to be an early learning agency, ODJFS and ODE must enter into a contract with that entity, and ODE must designate the number of eligible children that the entity may enroll and must notify ODJFS of the number.	
Outlines the terms of the contract between ODJFS, ODE, and the early learning agency, as well as the duties of each early learning agency.	
Earmarks up to $125,256,000 in each fiscal year from the TANF Block Grant, appropriation item 600-689, for ELI. Funds must be used to reimburse early learning agencies for up to 12,000 children in each fiscal year. Up to $3.0 million per fiscal year may be used by ODJFS ($800,000) and ODE ($2.2 million) for administration of the program.	
Fiscal effect: There are two significant changes to the program planned for the FY 2008-2009 biennium: **(1) Removal of the work requirement for parents whose children participate in ELI; and** **(2) Elimination of the six-month redetermination requirement for the ELI program so that any child who is eligible at the start of a school year may attend for the entire year regardless of changes in family income.** **With these changes, ODJFS expects a more stable core of ELI participants and believes that the Department will come closer to expending the amount of TANF dollars ($125.3 million) earmarked for the program in FYs 2008 and 2009 than in FYs 2006 and 2007.**	**Fiscal effect: The Executive's plan for the ELI program for FY 2008 and FY 2009 included elimination of the work requirement for parents whose children participate. This provision may decrease the number of children who participate and the overall amount spent on the program if parents fail to meet the work requirements.**

438 (CD-268-JFS) Nursing Home and ICF/MR Franchise Permit Fees	
R.C. ***3721.51, 3721.541, 3721.56, 5111.20, 5112.341, Section 309.31.50***	**R.C.** ***3721.51, 3721.541, 3721.56, 5111.20, 5112.341, Section 309.31.50***
Eliminates the scheduled reduction (to $1) in the nursing home and hospital franchise permit fee, thereby retaining the current $6.25 per bed per day fee.	Same as the Executive.
Provides for the Nursing Facility Stabilization Fund to continue to get 84% of the money generated by the nursing home and hospital franchise permit fee in fiscal year 2008 and thereafter.	Same as the Executive.
Authorizes ODJFS, when a nursing facility, hospital, or intermediate care facility for the mentally retarded (ICF/MR) fails to pay the full amount of a franchise permit fee installment when due, to offset from a Medicaid payment due the facility or hospital an amount less than or equal to the installment and a penalty assessed because of the failure, rather than withhold an amount equal to the installment and penalty until the installment and penalty is paid.	Same as the Executive.
Provides that the definition of "date of licensure" in current law governing Medicaid reimbursement rates for nursing facilities and ICFs/MR applies in determinations of Medicaid rates for nursing facilities and ICFs/MR but does not apply in determining their franchise permit fees.	Same as the Executive.
Fiscal effect: If the nursing home franchise permit fee returns back to $1 per bed per day, instead of the current $6.25 per bed per day fee, the state could lose nursing home franchise fee revenue in the range of between $130 million to $140 million.	**Fiscal effect: Same as the Executive.**

439 (CD-290-JFS) Expansion of Children's Health Insurance Program

R.C. *5101.51*	R.C. *5101.51*
Authorizes the Children's Health Insurance Program (CHIP) Part II to include persons under age 19 with family incomes up to 300% of the federal poverty guidelines starting not earlier than January 1, 2008.	Same as the Executive.
Fiscal effect: The executive estimates that an additional 19,695 children with family income between 200% and 300% of the FPG will eventually be covered at a cost of approximately $5.6 million all funds in FY 2008 and $38.6 million all funds in FY 2009 as a result of the expansion. Based on documents provided by the Office of Budget and Management, there are an estimated 30,300 children who will be eligible between 200% and 300% of FPG. The executive assumes that 65% of the eligible children will eventually enroll at a per member per month cost of $177 in FY 2008 and $189 in FY 2009 with an average number of children covered per month of 2,651 in FY 2008 and 17,044 in FY 2009. Take up for the program expansion is projected to peak at 65% in January 2009. Lastly, the executive assumed federal reimbursement at the regular FMAP rate for this expansion when estimating the appropriation for appropriation item 600-525. If the federal government makes additional SCHIP grant moneys available to Ohio, it might become possible to draw down federal reimbursement at the enhanced FMAP rate.	**Fiscal effect: Same as the Executive.**

440 (CD-292-JFS) Medicaid Eligibility for Children	
R.C. *5111.01*	
Authorizes Medicaid eligibility to be expanded, subject to federal approval, by including persons under age 19 with family incomes not exceeding 500% of the federal poverty guidelines.	No provision.
Fiscal effect: The executive estimates that approximately an additional 4,000 children with family incomes above 300% of the FPG will be covered at a cost of (net of any cost sharing assumed by ODJFS) approximately $0.8 million in FY 2008 and $5.3 million in FY 2009 as a result of the expansion. The executive assumed no federal reimbursement for this expansion.	**Fiscal effect: Funding in GRF appropriation item 600-525, Health Care/Medicaid, is reduced by approximately $0.8 million state share in FY 2008 and $5.3 million state share in FY 2009.**
441 (CD-293-JFS) Medicaid Authorization	
R.C. *5111.01*	
Specifies that Medicaid is authorized not only by statute, but also by executive order of the Governor.	No provision.
Fiscal effect: No direct fiscal impact on the state.	**Fiscal effect: The provision retains current law; there would be no fiscal effect.**
442 (CD-178-JFS) Medicaid Cost-Sharing Program	
R.C. *5111.0112, 2913.40*	**R.C. *5111.0112, 2913.40***
Requires the ODJFS Director to institute a cost-sharing program under the Medicaid program under which the Director may establish cost-sharing requirements beyond the co-payment requirements authorized by current law.	Same as the Executive, except requires the ODJFS Director to establish cost-sharing requirements beyond the co-payment requirements authorized by current law.
Fiscal effect: This provision will have a fiscal impact on the state if the Department institutes a cost-sharing program	**Fiscal effect: This provision will have a fiscal impact on the state. The impact will depend on the design of the future**

under the Medicaid program. The impact will depend on the design of the future cost-sharing program.	**cost-sharing program.**
443 (CD-254-JFS) Medicaid Buy-In	
R.C. ***5111.0119, 5111.861***	**R.C.** ***5111.0119, 5111.861***
Permits the ODJFS Director to submit to the United States Secretary of Health and Human Services an amendment to the state's Medicaid plan to create a Medicaid Buy-In program.	Same as the Executive, but requires the ODJFS Director to submit the amendment.
Permits the ODJFS Director to also submit an amendment to ODJFS's Medicaid waivers to make changes to one or more waiver programs so that they contain features of the Buy-In program.	Same as the Executive, but requires the ODJFS Director to submit the amendment.
Permits the ODJFS Director to submit an amendment to ODJFS's Medicaid waivers to permit an individual to receive waiver services while participating in the Buy-In program.	Same as the Executive, but requires the ODJFS Director to submit the amendment.
Fiscal effect: The executive estimates that a new Medicaid Buy-In for Workers with Disabilities Program will serve 7,300 persons by the end of the FY 2008-FY 2009 biennium at a cost to the state of approximately $1.7 million all funds in FY 2008 and $14.6 million all funds in FY 2009. The executive assumes a start date for the new program of January 1, 2008. Based on documents provided by the Office of Budget and Management, the estimate assumes 54% of eligibles will pay a monthly premium to buy-in to Medicaid (median monthly premium of $57). The executive also assumes a per member per month cost of about $1,159 in FY 2008 and $1,257 in FY 2009. Total estimated costs for FY 2008 are $2,073,033 minus an estimated $348,236 in premium payments collected. Total estimated costs for FY 2009 are $16,375,753 minus an estimated $1,749,308 in premium payments collected.	**Fiscal effect: Same as the Executive, because the fiscal effects were already assumed in the Executive's budget.**

R.C. ***5111.014, Section 309.30.90***	**R.C.** ***5111.014, Section 309.30.90***
Increases the Medicaid income eligibility limit for pregnant women to 200% (from 150%) of the federal poverty guidelines.	Same as the Executive.
Fiscal effect: The executive estimates that an additional 3,800 women could be eligible. Based on documents provided by the Office of Budget and Management, the executive estimate assumes a January 1, 2008 start date with a five-month ramp up between January and May of 2008. Furthermore, the executive assumes that 75% of the 3,800 additional eligible women, or 2,850, will enroll under the expansion. The executive estimates that this expansion will cost approximately $5.6 million all funds in FY 2008 and $19.3 million all funds in FY 2009.	**Fiscal effect: Same as the Executive.**
445 (CD-212-JFS) Healthcheck Information	
R.C. ***5111.016***	**R.C.** ***5111.016***
Requires ODJFS to adopt rules in accordance with federal law establishing methods designed to provide information about Healthcheck (the component of Medicaid under which services are provided to children) and eliminates a provision of law prescribing the precise language that must be displayed on county department of job and family services posters.	Same as the Executive.
Fiscal effect: This provision could result in a cost reduction to the state/counties since counties would not be required to have the precise language to be displayed on county department of job and family services posters. However, the fiscal impact is expected to be minimal.	**Fiscal effect: Same as the Executive.**

R.C. ***5111.019, Section 309.30.80***	**R.C.** ***5111.019, Section 309.30.80***
Increases the Medicaid income eligibility limit for parents of children under age 19 to 100% (from 90%) of the federal poverty guidelines.	No provision.
Eliminates a statutory, two-year limitation on parents' Medicaid eligibility under this provision.	Same as the Executive.
Fiscal effect: Increases the Medicaid income eligibility limit for parents of children under age 19 to 100% (from 90%) of the federal poverty guidelines. Appropriates approximately $29.8 million all funds in FY 2008 and approximately $97.4 million all funds in FY 2009 for GRF item 600-525, Healthcare/Medicaid.	**Fiscal effect: Funding in GRF appropriation item 600-525, Health Care/Medicaid, is reduced by approximately $29.8 million all funds in FY 2008 and $97.4 million all funds in FY 2009 to reflect the elimination of the Executive proposed expansion in eligibility.**
447 (CD-182-JFS) Partial-Hospitalization Mental Health Services

Establishes express authority for the use of time-limited Medicaid provider agreements, including the conversion of non-limited agreements to time-limited agreements.	Replaces the Executive provision with provisions that (1) require a Medicaid provider agreement to expire three years from its effective date, (2) require the adoption of rules for use of time-limited provider agreements, and (3) require the conversion of provider agreements that currently are not time-limited.
Eliminates the five-year limit that applies to the termination of a provider agreement based on an action brought by the Attorney General.	Same as the Executive.
Authorizes the denial or termination of a provider agreement for any reason permitted or required by federal law.	Same as the Executive.
Requires the suspension of a provider agreement held by a noninstitutional health care provider based on an indictment of the provider or its owner, officer, authorized agent, associate, manager, or employee.	Same as the Executive.
Authorizes the exclusion of an individual, provider, or entity from participation in Medicaid for any reason permitted or required by federal law.	Same as the Executive.
Modifies the circumstances under which ODJFS is not required to conduct an adjudication when imposing sanctions relative to a provider agreement, including sanctions imposed against a provider for failing to obtain or maintain a required certification.	Same as the Executive, but removes references to non-limited provider agreements to correspond with the required use of time-limited agreements.
Fiscal effect: Medicaid reimbursement for providing health care services is contingent on a valid provider agreement being in effect when the services were provided. By allowing the use of time-limited (rather than non-limited)	**Fiscal effect: Same as the Executive.**

As Introduced (Executive)	As Reported by House Finance and Appropriations
Medicaid provider agreements, this provision of the bill could result in a reduction of the number of provider agreements, and thus could reduce Medicaid costs.	

449 (CD-990-JFS) Medicaid Coverage of Occupational Therapy Services

	R.C. ***5111.029***
No provision.	Requires the Medicaid program to cover occupational therapy services provided by a licensed occupational therapist, provides that coverage is not limited to services provided in a hospital or nursing facility, and permits any licensed occupational therapist to enter into a Medicaid provider agreement with ODJFS. **Fiscal effect: Appears to increase the range of settings in which occupational therapy services may be provided to Medicaid recipients. The overall fiscal impact is unknown at this time.**

450 (CD-300-JFS) Criminal Records Checks Regarding Medicaid Providers

R.C. ***5111.032, 109.572, 5111.95, 5111.96***	**R.C.** ***5111.032, 109.572, 5111.95, 5111.96***
Permits ODJFS to require that Medicaid providers and provider applicants submit to criminal records checks as a condition of obtaining or retaining a provider agreement.	Same as the Executive.
Permits ODJFS to require, through a Medicaid provider, that a person submit to a criminal records check as a condition of becoming or continuing to be employed with the provider or becoming or continuing to be an owner, officer, or board member of the provider.	Same as the Executive.
Specifies the offenses that disqualify a person from being a Medicaid provider or an employee, owner, officer, or board member of a provider.	Same as the Executive.

As Introduced (Executive)	As Reported by House Finance and Appropriations
Prohibits a Medicaid provider from employing a person who has been excluded from participation in Medicaid, Medicare, or any other federal health care program.	Same as the Executive.
Modifies the procedures used to obtain the criminal records checks required as a condition of serving as an employee or provider of Medicaid home and community-based waiver services for persons with disabilities, primarily by requiring that the person subject to the records check personally submit the request for the records check to be conducted, in place of the requirement that the provider or ODJFS respectively submit the request.	Same as the Executive.
Increases the number of offenses that disqualify a person from serving as an employee or provider of home and community-based waiver services for persons with disabilities by adding the following: soliciting, workers' compensation fraud, identity fraud, disorderly conduct, endangering children, falsification, attempt to commit an offense, engaging in pattern of corrupt activity, and offenses related to drug paraphernalia.	Same as the Executive.
Prohibits a person from serving as an employee or provider of home and community-based waiver services for persons with disabilities if the person has been found eligible for intervention in lieu of conviction for either an existing or new disqualifying offense.	Same as the Executive.
Fiscal effect: None.	**Fiscal effect: Same as the Executive.**

Requires health care providers that do not participate in Medicaid to accept the Medicaid fee-for-service payment rate for emergency services furnished to a Medicaid recipient enrolled in a Medicaid managed care organization, in the same manner that the fee-for-service payment rate applies to Medicaid-participating providers that are not under contract with the managed care organization.	Same as the Executive.
Fiscal effect: This provision does not have a direct fiscal impact on the state.	**Fiscal effect: Same as the Executive.**
457 (CD-989-JFS) Medicaid Risk-Adjusted Reimbursement	
	R.C. *5111.165*
No provision.	Requires ODJFS to apply risk-adjusted reimbursement rates to services provided to individuals who receive Medicaid services under the covered families and children eligibility category starting one year after those individuals enroll in Medicaid.
	Fiscal effect: The state may experience increases in its administrative costs as a result of applying risk-adjusted reimbursement rates individually. In addition, managed care plans may experience increases in their administrative costs associated with the individual rate setting, thus indirectly increasing the state's managed care costs. However, the overall fiscal impact of applying risk-adjusted reimbursement rates to individuals under managed care is unknown at this time.

459 (CD-936-JFS) Actuarially Sound Medicaid Managed Care Rates	
	R.C. *5111.17*
No provision.	Requires ODJFS to use actuarially sound capitation rates, in accordance with federal law, for Medicaid managed care contracts with health insuring corporations (HICs).
No provision.	Requires, before ODJFS may submit proposed rates for federal approval, that the Superintendent of Insurance review the rates and determine they will not (1) negatively impact the financial solvency of the HIC, (2) cause a change in the HIC's risk based capital levels, or (3) require the HIC's parent company, if applicable, to guarantee that the HIC will maintain Ohio's minimum net worth.
	Fiscal effect: As this provision appears to conform with current federal law and practices, there is no apparent fiscal effect.

460 (CD-1000-JFS) Managed Care Pharmacy Utilization Management Programs	
	R.C. *5111.172*
No provision.	Allows a Medicaid-participating health insuring corporation to implement a pharmacy utilization management program under which a Medicaid recipient must (1) receive prior authorization to obtain a controlled substance and (2) if the person is at high risk for fraud or abuse involving controlled substances, have prescriptions for those drugs filled by a designated pharmacy, medical provider, or health care facility. **Fiscal effect: May result in Medicaid managed care cost savings.**
461 (CD-274-JFS) Offsite Day Programming Part of ICFs/MR's Direct Care Costs	
R.C. *5111.20*	**R.C. *5111.20***
Adds offsite day programming to the costs included in the direct care costs of intermediate care facilities for the mentally retarded for the purpose of Medicaid reimbursement. **Fiscal effect: According to ODJFS, this is related to the termination of the habilitation center services under the Medicaid program. The system by which the Medicaid program paid for habilitation center services was often referred to as the Community Alternative Funding System (CAFS). H.B. 66 of the 126th General Assembly permitted ODJFS to increase the Medicaid rate paid to an ICF/MR for FYs 2006 and 2007 by an amount specified in rules to reimburse the ICF/MR for active treatment day programming because of the termination of CAFS. Rather than repeating such authority for FYs 2008 and 2009, the bill adds offsite day programming to ICFs/MR's direct care costs.**	Same as the Executive. **Fiscal effect: Same as the Executive.**

462 (CD-914-JFS) Notice of Section 1115 Waiver Request	
	R.C. *5111.84*
No provision.	Prohibits the ODJFS Director from applying for a Section 1115 Medicaid waiver unless the Director provides the Speaker of the House of Representatives and President of the Senate written notice of the waiver request at least ten days before the date the Director submits the request to the federal government. **Fiscal effect: None.**
463 (CD-986-JFS) Eligibility for Assisted Living Program	
	R.C. *5111.891*
No provision.	Permits a residential care facility resident who has resided in a residential care facility for at least six months immediately before the date of applying for the Assisted Living Program and meets all of the program's other eligibility requirements to qualify for the program. **Fiscal effect: This could increase the number of individuals enrolled into the Assisted Living program. Appropriations for the Assisted Living program provide funding for all 1,800 slots.**
464 (CD-258-JFS) Medicaid Revenue and Collections Fund	
R.C. *5111.941*

465 (CD-256-JFS) FY 2008 Medicaid Reimbursement Rate for Nursing Facilities	
Section: ***Section 309.30.20***	**Section:** ***Section 309.30.20***
Adjusts the formula used to calculate nursing facilities' Medicaid reimbursement rates for FY 2008 as follows:	
(1) Increases the cost per case mix-unit, rate for ancillary and support costs, rate for capital costs, and rate for tax costs as calculated under the formula by 2%, then by another 2%, and then by 1%.	(1) Same as the Executive, but provides that the third increase is 2.8%.
(2) Increases the mean payment used in the calculation of the quality incentive payment to $3.03 per Medicaid day.	(2) Same as the Executive, but changes the mean payment to $3.06.
(3) Limits the total rate to not more than 101.75% and not less than 98.25% of a nursing facility's FY 2007 total rate.	(3) Same as the Executive, but changes the maximum total rate to not more than 103.55% and the minimum total rate to not less than 100% of a nursing facility's FY 2007 total rate.
(4) If the federal government requires that the franchise permit fee for nursing facilities be reduced or eliminated, reduces the payments to nursing facilities as necessary to reflect the loss of revenue and federal financial participation generated by the fee.	(4) Same as the Executive.
Fiscal effect: The bill limits the total rate to not more than 101.75% and not less than 98.25% of a nursing facility's FY 2007 total rate. Some nursing facilities will experience rate increase, some nursing facilities will experience rate reduction. Thus, the overall impact to the state will be roughly even out to FY 2007's total expenditures.	**Fiscal effect: Nursing facility reimbursement costs are increased by an estimated $20 million state share and the corresponding federal share in FY 2008. This additional reimbursement will be paid from appropriation item 600-525, Health Care/Medicaid.**

466 (CD-912-JFS) Supplemental Payment Program for Children's Hospitals	
	Section: ***309.30.13***
No provision.	Requires that ODJFS implement, on receipt of federal approval, a program for making supplemental Medicaid payments to children's hospitals for qualifying inpatient services occurring in FYs 2008 and 2009 and limits expenditures under the program in each fiscal year to $6 million (state share) plus the corresponding federal match, if available, from appropriation item 600-525, Health Care/Medicaid, in ODJFS's budget. **Fiscal effect: Additional funding of approximately $15.1 million all funds ($6 million state share) in FY 2008 and $15.6 million all funds ($6 million state share) in FY 2009 is provided in GRF appropriation item 600-525, Health Care/Medicaid, to fund supplemental payments to children's hospitals.**

467 (CD-958-JFS) Medicaid Reserve Fund	
	Section: *309.30.15*
No provision.	Creates the Medicaid Reserve Fund in the state treasury. Requires the Director of OBM to transfer $100,000,000 in FY 2008 and $185,000,000 in FY 2009 from the General Revenue Fund to the Medicaid Reserve Fund. With Controlling Board approval, allows the Director of Budget and Management, (1) to transfer up to $100,000,000 in FY 2008 and up to $185,000,000 in FY 2009 from the Medicaid Reserve Fund to the GRF, (2) increase the corresponding state share of appropriations in appropriation item 600-525, Health Care/Medicaid, and (3) adjust the federal share accordingly. Requires, at the end of each fiscal year, the Director of Budget and Management to transfer from the Medicaid Reserve Fund all the cash balance, including interest earnings, in excess of any transfer approved by the Controlling Board to the credit of GRF. Requires the Director of Budget and Management to make transfers to the Budget Stabilization Fund and the Income Tax Reduction Fund in accordance with section 131.44 of the Revised Code. **Fiscal effect: Funding in GRF appropriation item 600-525, Health Care/Medicaid, is decreased by $100,000,000 in state share and by $151,782,520 in federal share for a total decrease of $251,782,520 in FY 2008.** **Funding in GRF appropriation item 600-525, Health Care/Medicaid, is decreased by $185,000,000 in state share and by $296,338,111 in federal share for a total decrease of $481,338,111 in FY 2009.**

Section: ***309.30.30***	**Section:** ***309.30.30***
Adjusts the formula used to calculate nursing facilities' Medicaid reimbursement rates for FY 2009 as follows:	
(1) Increases the cost per case mix-unit, rate for ancillary and support costs, rate for capital costs, and rate for tax costs as calculated under the formula by 2%, then by another 2%, then by 1%, and then by 0.5%.	(1) Same as the Executive, but changes the third increase to 2.8%.
(2) Increases the mean payment used in the calculation of the quality incentive payment to $3.05 per Medicaid day.	(2) Same as the Executive, but changes the mean payment to $3.12.
(3) Limits the total rate to not more than 101.5% and not less than 98.5% of a nursing facility's FY 2007 total rate.	(3) Same as the Executive, but changes the maximum and minimum total rate to not more and not less than 100% of a nursing facility's FY 2007 total rate.
(4) If the federal government requires that the franchise permit fee for nursing facilities be reduced or eliminated, reduces the payments to nursing facilities as necessary to reflect the loss of revenue and federal financial participation generated by the fee.	(4) Same as the Executive.
Fiscal effect: The bill limits the total rate to not more than 101.5% and not less than 98.5% of a nursing facility's FY 2007 total rate. Some nursing facilities will experience rate increase, some nursing facilities will experience rate reduction. 469 (CD-273-JFS) FYs 2008 and 2009 Medicaid Rates for ICFs/MR	
Section: *309.30.40*	**Section: *309.30.40***
Requires ODJFS to reduce the FY 2008 Medicaid rates for intermediate care facilities for the mentally retarded (ICFs/MR) if the mean total per diem rate for all ICFs/MR weighted by May 2007 Medicaid days and calculated as of July 1, 2007, exceeds $266.14.	Same as the Executive.
Requires ODJFS to reduce the FY 2009 Medicaid rates for ICFs/MR if the mean total per diem rate for all ICFs/MR weighted by May 2008 Medicaid days and calculated as of July 1, 2008, exceeds $271.46.	Same as the Executive.
Prohibits, for the remainder of a fiscal year, further adjustments otherwise authorized by law governing Medicaid payments to ICFs/MR following a reduction in the Medicaid rates for ICFs/MR.	Same as the Executive.
Fiscal effect: The executive estimates that by limiting the per diem rate growth to 2% (i.e. caping the per diem rate at $266.14 in FY 2008 and $271.46 in FY 2009), the state can avoid costs of approximately $43.1 million in FY 2008 and $57.1 million in FY 2009.	**Fiscal effect: Same as the Executive.**
470 (CD-916-JFS) Increase in Medicaid Rates for PASSPORT Services

No provision.	Increases the Medicaid reimbursement rate for PASSPORT services provided during FY 2008 by 3%.
No provision.	Increases the Medicaid reimbursement rate for PASSPORT services provided during FY 2009 by another 3%.
	Fiscal effect: Additional funding totaling approximately $4.5 million in FY 2008 and $4.8 million in FY 2009 is provided in

As Introduced (Executive)	As Reported by House Finance and Appropriations
	GRF appropriation item 490-403, PASSPORT. Additional appropriations totaling approximately $6.4 million in FY 2008 and $6.8 million in FY 2009 is provided in FED appropriation item 490-607, PASSPORT.
471 (CD-202-JFS) Home First Program	
Section: ***309.30.50***	**Section:** ***309.30.50***
Provides for the Home First Program under which an individual admitted to a nursing facility while on a waiting list for the PASSPORT Program is to be placed in PASSPORT if the PASSPORT is appropriate for the individual and the individual would rather be in PASSPORT than a nursing facility.	Same as the Executive.
Fiscal effect: The provision may result in a savings to Medicaid to the extent to which individuals admitting to nursing facilities enroll in PASSPORT, which is less expensive. However, the savings to Medicaid would depend on the number of individuals leaving nursing facilities and the individual's needs, which cannot be estimated at this time.	**Fiscal effect: Same as the Executive.**
472 (CD-272-JFS) Medicaid Coverage of Chiropractic Services for Adults	
Section: ***309.30.60***	**Section:** ***309.30.60***
Requires that Medicaid, for FYs 2008 and 2009, cover chiropractic services for Medicaid recipients age 22 or older in an amount, duration, and scope the ODJFS Director is to specify in rules, but limits the coverage to not more than 15 visits per fiscal year for each eligible recipient and not more than a total of $5 million per fiscal year for all eligible recipients.	Same as the Executive, except that the Medicaid program is required to cover these chiropractic services only for the second half of FY 2009.

473 (CD-173-JFS) Money Follows the Person	
Section: ***309.30.70***	**Section:** ***309.30.70***
Authorizes the Director of Budget and Management to do any of the following in support of any home and community-based services waiver program: create new funds and account appropriation items to support and track funds associated with a unified long-term care budget; transfer funds among affected agencies and adjust corresponding appropriation levels; and develop a reporting mechanism to show clearly how the funds are being transferred and expended.	Same as the Executive, but requires Controlling Board approval before the Director may take any of the actions.
Fiscal effect: The Executive provides funding of $3.5 million in FY 2008 and $30.5 million in FY 2009 to support the Money Follows the Person Grant initiative. Ohio is expected to receive more than $100 million during the next five years under the federal Money Follows the Person Rebalancing Demonstration Grant.	**Fiscal effect: Contingent upon Controlling Board's action, this provision could have fiscal impact on the state.**

483 (CD-777-JFS) Medicaid Program Support Fund - State	
Section: ***309.32.20***	**Section:** ***309.32.20***
Requires that appropriation item 600-671, Medicaid Program Support (Fund 5C9), be used by ODJFS to pay for Medicaid services and contracts. The Department may also deposit to Fund 5C9 revenues received from other state agencies for Medicaid services under the terms of interagency agreements between the Department and other state agencies, and all funds the Department recovers because the benefits a person received under the disability medical assistance program established in section 5115.10 of the Revised Code were determined to be covered by the Medicaid program established under Chapter 5111. of the Revised Code.	Same as the Executive.
484 (CD-779-JFS) Transfers of IMD/DSH Cash to the Department of Mental Health	
Section: ***309.32.30***	**Section:** ***309.32.30***
Requires ODJFS to transfer, through intrastate transfer voucher, cash from Fund 5C9, Medicaid Program Support, to the Department of Mental Health's Fund 4X5, OhioCare, in accordance with an interagency agreement that delegates authority from ODJFS to the Department of Mental Health to administer specified Medicaid services.	Same as the Executive.
485 (CD-781-JFS) Prescription Drug Rebate Fund	
Section: ***309.32.40***	**Section:** ***309.32.40***

Creates the Nonfederal Medical Assistance Program within ODJFS.	No provision.

As Introduced (Executive)	As Reported by House Finance and Appropriations
Provides for the adoption of rules establishing eligibility requirements, covered medical services, maximum payments, and application procedures.	No provision.
Specifies that a person must first seek medical benefits from other state or federal programs.	No provision.
Authorizes administrative functions of the Program to be performed by county departments of job and family services and authorizes the ODJFS Director to contract with any entity to administer all or part of the Program.	No provision.
Includes in the determination of each county's share of public assistance expenditures 25% of a county's total allowable expenditures for the Program and administration of the Program, but continues current law under which a county's share of public assistance expenditures cannot exceed 110% of its county share for the preceding fiscal year.	No provision.
Fiscal effect: This provision will have a fiscal impact on the state if the Department creates the Nonfederal Medical Assistance Program within ODJFS. The impact will depend on the design of the future program.	**Fiscal effect: The provision retains current law by removing the Nonfederal Medical Assistance Program. Since current law is retained, there would be no fiscal effect.**

Title XX Social Services

492 (CD-711-JFS) Ohio Association of Second Harvest Food Banks

Section: ***309.40.30***	**Section:** ***309.40.30***
Requires the Department to provide $5.5 million in each fiscal year, from federal special revenue appropriation item 600-652, Second Harvest Food Banks, to the Ohio Association of Second Harvest Food Banks. The Department must enter into a grant agreement with the Association to allow for the purchase of food products and the distribution of those products to agencies participating in the emergency food distribution program. Up to 5% of the annual funding may be used by the Association for administrative costs.	Same as the Executive.
Fiscal effect: This provision will enable the Ohio Association of Second Harvest Food Banks to purchase over 20 million pounds of food products annually for distribution to local food distribution agencies, which will the provide food to individuals or families who have income at or below 200% of FPG (For FFY 2007, 200% FPG is $41,300 for a family of four). The Association may use up to $275,000 in each fiscal year for administrative costs. Unemployment Compensation

495 (CD-741-JFS) Unemployment Compensation Trade and Benefit Accounts

R.C. ***4141.09***	**R.C.** ***4141.09***
Eliminates the Trade Act Benefit Account under the Unemployment Compensation Law and specifies that the State Treasurer, under the direction of the Director of ODJFS, may transfer funds from the Trade Act Training and Administration Account to the Unemployment Compensation Benefit Account for the purpose of making payments directly to claimants for benefits, job search, relocation, transportation, and subsistence allowances.	Same as the Executive.
Fiscal effect: Combining the Trade accounts with the Benefits account is intended to reduce banking costs and increase efficiencies. The current balance in the Trade account is $625,000. Approximately $21 million passes through the Trade account in a normal year.	**Fiscal effect: Same as the Executive.**

496 (CD-739-JFS) Employer Surcharge

Section: ***309.80.10***	**Section:** ***309.80.10***
Reinstates the ability of the Department to collect an employer surcharge assessed between calendar years 1988 and 1990. Prior law required contributing employers to pay a surcharge in order to generate revenues to meet the costs of automating the Bureau. Any revenues collected will be deposited in the Unemployment Compensation Administrative Fund (Fund 4A9).	Same as the Executive.
Fiscal effect: Approximately $400,000 in revenues due from delinquent employers remains outstanding. Of the $400,000 outstanding, the Department is unable to estimate how much of that revenue will be collected from delinquent	**Fiscal effect: Same as the Executive.**

employers in the next biennium. In FY 2006, the Department collected $3,732 and thus far in FY 2007 (through March 16, 2007) $1,497.	
497 (CD-740-JFS) Federal Unemployment Programs	
Section: *309.80.20*	**Section: *309.80.20***
Appropriates any unspent funds from FY 2007 in appropriation item 600-678, Federal Unemployment Programs, to ODJFS and at the request of the Director of ODJFS, the Director of OBM may increase appropriations for FY 2008 by the amount remaining unspent from the FY 2007 appropriation and in the same manner increase appropriations for FY 2009 by the amount remaining unspent from the FY 2008 appropriation. The appropriation must be used for administrative activities for the UC program, employment services, or any other allowable expenditures under section 903(d) of the Social Security Act. The provision limits the reappropriation to the balance of federal funds remaining after benefits are paid and obligated administrative expenditures are taken into account.	Same as the Executive.
Fiscal effect: There is a balance in the fund that supports the appropriation of between $20 million to $25 million, which the Department expects to carry forward.	**Fiscal effect: Same as the Executive.**

540	**(CD-1010-DMH) Performance Review**	
		Section: ***335.20.50***
	No provision.	Requires the Auditor of State to complete a performance review of the Department of Mental Health. Upon completing the performance review, the Auditor of State must submit a report of the findings of the review to the Governor, the President of the Senate, the Speaker of the House of Representatives, and the Director of Mental Health.
		Fiscal effect: This provision may increase costs for the Auditor of State to conduct the review and prepare a report of the findings. However, the Auditor may charge the agency for these activities and recoup the costs. Ultimately, this provision may increase costs for the Department of Mental Health to pay for the review.

boards and providers.	
557 (CD-219-DMR) Priority Waiting List for MR/DD Services	
R.C. *5126.042*	**R.C. *5126.042***
Authorizes a county board of mental retardation and developmental disabilities, through the next biennium, to give priority for services to no more than 400 individuals under age 22 on waiting lists who have service needs of an unusual scope or intensity due to a mental or physical condition.	Same as the Executive.
Authorizes a county board to continue to use, until December 31, 2009, criteria specified in rules to determine the order in which two or more individuals who qualify for priority on a waiting list for home and community-based services will be given priority.	Same as the Executive.
Fiscal effect: This provision simply updates the dates for the next biennium. There will be no change in the population served. As a result, there will be no fiscal effect.	**Fiscal effect: Same as the Executive.**
558 (CD-225-DMR) County Boards' Contracts for Home and Community-Based Services	
R.C. *5126.055*	**R.C. *5126.055***
Eliminates a county board of mental retardation and developmental disability's Medicaid local administrative authority to contract with providers of Medicaid-funded home and community-based services.	Same as the Executive.
Fiscal effect: This statute was unable to be implemented, so repealing the language will not alter the operating procedures between county boards and providers. Thus, there will be no fiscal effect.	**Fiscal effect: Same as the Executive.**

Removes from the Revised Code a requirement that ODMR/DD make a general purpose subsidy and subsidies for family support services, service and support administration, and supported living to county boards of mental retardation and developmental disabilities.	Same as the Executive.
Includes an earmark for FY 2008 and FY 2009 that requires ODMR/DD to pay each county board of mental retardation and developmental disabilities an amount that is equal to the amount the boards received in FY 2007 under the general purpose (line item 322-501), family support services (former line item 322-451), service and support administration (former line item 322-452), and supported living subsidies (former line item 322-417).	Same as the Executive.
Fiscal effect: This provision consolidates the appropriations in line items 322-417, Supported Living, 322-451, Family Support Services, and 322-452, Service and Support Administration into line item 322=501, State Subsidy to County MR/DD Boards. Each board will continue to receive the same amount.	**Fiscal effect: Same as the Executive.**
560 (CD-237-DMR) County Board Reporting Requirements	
R.C. ***5126.12***	**R.C.** ***5126.12***
Changes the date by which a county board of mental retardation and developmental disabilities must submit an itemized report of income and operating expenditures for the preceding calendar year to ODMR/DD from March 13 to April 13.	Same as the Executive.

As Introduced (Executive)	As Reported by House Finance and Appropriations
Eliminates a requirement that county boards report to ODMR/DD the total annual cost per enrollee for operation of programs and services operated by the county in the preceding calendar year.	Same as the Executive.
Fiscal effect: The extended time frame is to allow county boards sufficient time to accurately complete the cost report. The changes are cost neutral.	**Fiscal effect: Same as the Executive.**
561 (CD-242-DMR) Tax Equity Payments	
R.C. *5126.18*	
Provides that "adult services," as used in state law governing tax equity payments that ODMR/DD makes to county boards of mental retardation and developmental disabilities, means assessment, home, adult program, community employment, and retirement services, as identified on individual information forms county boards submit to ODMR/DD, provided to an eligible individual with mental retardation or a developmental disability rather than such services provided to an individual with mental retardation or a developmental disability who is at least 22 years of age.	No provision.
Fiscal effect: This provision may result in Tax Equity payments being used to serve a different population. The Department does not expect any significant fiscal effect.

R.C. ***4743.05, 4775.08***	**R.C.** ***4743.05, 4775.08***
Eliminates the Motor Vehicle Collision Repair Registration Fund (Fund 5H9), into which the Motor Vehicle Collision Repair Registration Board currently deposits fees and fines. Authorizes fees and fines collected by the Board to be deposited into the Occupational Licensing and Regulatory Fund (Fund 4K9).	Same as the Executive.
578 (CD-553-CRB) Cash Transfer to Occupational Licensing and Regulatory Fund (Fund 4K9)	
Section: ***341.10***	**Section:** ***341.10***
Authorizes the Director of Budget and Management to transfer the cash balance in the Motor Vehicle Collision Repair Registration Fund (Fund 5H9) to the Occupational Licensing and Regulatory Fund (Fund 4K9) on July 1, 2007 or as soon as possible thereafter. Authorizes the Director to cancel any existing encumbrances against the Board's current appropriation item in Fund 5H9 and re-establish them against the Board's new appropriation item in Fund 4K9. Appropriates the re-established encumbrances and abolishes Fund 5H9.	Same as the Executive.
Fiscal effect: Provides greater fiscal stability for the Board as part of the Occupational Licensing and Regulatory Fund (Fund 4K9) instead of the smaller Motor Vehicle Collision Repair Registration Fund (Fund 5H9), whose revenues and expenditures are less stable.	**Fiscal effect: Same as the Executive.**

(1) Requires the Director of Natural Resources, rather than the Chief of the Division of Water in the Department of Natural Resources, to administer the law governing coastal erosion and to issue permits for the construction of shore structures.	Same as the Executive.
(2) Eliminates the requirements that the Division of Real Estate and Land Management in the Department of Natural Resources administer the coastal management program, lakefront property lease program, and submerged lands program, thus providing for the Director's direct administration of those programs.	Same as the Executive.
(3) Decreases the maximum amount of the fine imposed for a violation of the law governing coastal erosion from $1,000 to $500 for each offense and states that each day of violation constitutes a separate offense.	Same as the Executive.
(4) Relocates certain statutes governing coastal erosion and makes other technical changes.	Same as the Executive.
Fiscal effect: Minimal loss of revenue from the fine reductions associated with the provision that reduces the fines from $1,000 to $500, occurring in either GSF Fund 697 appropriation item Submerged Lands or SSR Fund 514 appropriation item Lake Erie Shoreline. Other associated administrative costs are expected to be minimal.	**Fiscal effect: Same as the Executive.**

580 (CD-729-DNR) Deposit of Federal Moneys in State Forest Fund	
R.C. *1503.05*	**R.C. *1503.05***
Requires all money that the Division of Forestry receives from federal grants, payments, and reimbursements to be paid into the state treasury to the credit of the existing State Forest Fund.	Same as the Executive.
Fiscal effect: Consolidates FED Fund 328 appropriation item 725-603, Forestry Federal into SSR Fund 509 appropriation item 725-602, State Forest. According to DNR, the merge will result in $2.6 million being moved from the Fund 328 into Fund 509. The $2.6 million is federal money and can only be used for defined grant purposes.	**Fiscal effect: Same as the Executive.**
581 (CD-717-DNR) Ban on Taking or Removal of Oil or Natural Gas from and under Lake Erie	
R.C. *1505.07*	
Requires the Director of Natural Resources to not issue any permit or make any lease for the removal of oil or natural gas from and under the bed of Lake Erie.	No provision.
Fiscal effect: Forbids oil and gas drilling under Lake Erie, thereby precluding DNR from receiving permit, severance tax, royalty, and lease rentals in the future from this source.	

As Introduced (Executive)	As Reported by House Finance and Appropriations
582 (CD-719-DNR) Wildlife Conservation Promotions	
R.C. *1531.06*	**R.C. *1531.06***
Authorizes the Chief of the Division of Wildlife, with the approval of the Director of Natural Resources, to engage in campaigns and special events that promote wildlife conservation by selling or donating wildlife-related materials, memberships, and other items of promotional value.	Same as the Executive.
Fiscal effect: Unknown revenue gain from the sale of such materials, memberships, or other items. Presumably, any additional revenue will be credited to the Wildlife Fund (Fund 015).	**Fiscal effect: Same as the Executive.**
583 (CD-731-DNR) Uses of the Wildlife Boater Angler Fund	
R.C. *1531.35*	**R.C. *1531.35***
Authorizes not more than $200,000 of the annual expenditures from the existing Wildlife Boater Angler Fund to be used to pay for equipment and personnel costs involved with boating access construction, improvements, and maintenance on lakes on which the operation of gasoline-powered watercraft is permissible.	Same as the Executive.
Fiscal effect: Expanding the uses of the SSR Fund 5P2, appropriation item 725-634, Wildlife Boater Angler Administration to include payments for equipment and personnel costs may reduce amounts allocated for construction, improvements, and maintenance of boating access structures and facilities. Fund 5P2 receives 0.125% of revenues from the motor vehicle fuel tax.	**Fiscal effect: Same as the Executive.**

584 (CD-812-DNR) Exemption from CAUV Recoupment Charges for DNR	
R.C. ***5713.34***	
Exempts the Division of Forestry, Division of Natural Areas and Preserves, Division of Wildlife, and Division of Parks and Recreation from being subject to Current Agricultural Use Value (CAUV) recoupment charges when CAUV land is acquired by the Department of Natural Resources by means other than eminent domain and is converted to a public purpose use that leaves the land principally undeveloped.	No provision.
Fiscal effect: Overall likely savings in capital dollars used to purchase land, depending on the value of the land in question and the amount of charge that would have otherwise been paid. Loss to certain counties in CAUV tax revenue, especially those with more agricultural land.	**Fiscal effect: ODNR will continue to pay an average of $47,000 in CAUV payments each fiscal year.**
585 (CD-806-DNR) Central Support Indirect	
Section: ***343.20***	**Section:** ***343.20***
Requires the Department of Natural Resources, with the approval of the Director of Budget and Management, to utilize a methodology for determining each divisions' payments into the GSF Fund 157 appropriation item 725-651, Central Support Indirect. The methodology used is to contain the characteristics of administrative ease and uniform application in compliance with federal grant requirements. It may include direct cost charges for specific services provided. Payments to the Central Support Indirect Fund shall be made using an intrastate transfer voucher.	Same as the Executive.

Extends the date by which the Board of Nursing must issue a report on its evaluation of the Medication Aide Pilot Program for use of certified medication aides in a number of nursing homes and residential care facilities from March 1, 2007, to a date that is not later than the 181st day after the Board issues its 75th medication aide certificate.	Same as the Executive.
Extends the date on which the pilot program ends, which is also the date on which any nursing home or residential care facility is authorized to use certified medication aides, from July 1, 2007, to the 31st day after the Board issues its report evaluating the pilot program.	Same as the Executive.
Requires the Board to request from each nursing home and residential care facility participating in the pilot program, on the 91st day after the day the Board issues a medication aide certificate to the 75th individual, the data the Board requires participating homes and facilities to report under rules and requires that homes and facilities comply with this request not later than the 31st day after the day the Board makes its request.	Same as the Executive.
Requires the Board to notify legislative leaders of the Senate and House of Representatives when the Board denies an application from a nursing home or residential care facility for participation in the pilot program and the reasons for the denial.	Same as the Executive.
Provides that a nursing home is eligible to participate in the pilot program if it has been found free from deficiencies in medication administration in its most recent Department of Health survey or inspection, rather than in its two most recent surveys or inspections.	Same as the Executive.

As Introduced (Executive)	As Reported by House Finance and Appropriations
Requires an individual seeking to be certified as a medication aide to ask that information from the Federal Bureau of Investigation be included as part of the individual's criminal record check only if the individual has not lived in Ohio for at least five years.	Same as the Executive.
Fiscal effect: Statewide implementation of the Medication Aide Program has no additional fiscal impact on the Board of Nursing.	**Fiscal effect: Same as the Executive.**

606 (CD-489-NUR) Nursing Special Issues

Section: ***345.10***	**Section:** ***345.10***

Fiscal effect: This provision reflects an ongoing program wherein the Commission provides indigent defense services to a ten-county region that covers the south and southeastern part of Ohio, including Adams, Athens, Brown, Fayette, Jackson, Meigs, Pickaway, Pike, Ross, and Washington counties. The program's regional office is located in Athens County, with branch offices situated in Ross and Washington counties. Funding for the Multi-County Branch Office Program is drawn solely from these two appropriation items. The local contribution provided by each of the ten participating counties is deposited in the state treasury to the credit of Fund 4C7 (appropriation item 019-601, Multi-County - County Share).	**Fiscal effect: Same as the Executive.**

613 (CD-964-DHS) Deputy Registrars Accept Credit and Debit Cards for In-person Transactions	
	R.C. *4503.102*
No provision.	Requires the Registrar of Motor Vehicles to adopt rules permitting payment in person at the office of a deputy registrar of all motor vehicle registration taxes and fees, driver's licenses and commercial driver's license fees, and any other taxes, fees, penalties, or charges imposed or levied by the state by means of a financial transaction device. Permits, but does not require, a deputy registrar to participate in the program.
Fiscal effect: No provision.	**Fiscal effect: As of this writing, the state and local fiscal effects of this provision, if any, are uncertain.**
614 (CD-750-DHS) State Vehicle Identification Exemption for Vehicles Transporting Crime Victims	
R.C. *4503.35*	**R.C. *4503.35***
Allows the use of license plates that do not designate a vehicle as state owned (known as "cover plates") when a motor vehicle is used to assist a crime victim and a state agency determines that the situation warrants the use of cover plates.	Same as the Executive.
Fiscal effect: This provision, which creates another exception to the general requirement that state vehicles be identified by the license plate as state-owned, appears likely to have a negligible fiscal impact on the Department of Public Safety's Bureau of Motor Vehicles, the state agency with responsibility for the licensing of motor vehicles.	**Fiscal effect: Same as the Executive.**

	Section: ***512.38***
No provision.	Transfers $1,000,000 cash in FY 2008 from the Department of Public Safety’s Automated Title Processing Fund (Fund 849) to the Attorney General’s Title Defect Rescission Fund (Fund 4Y7).

As Introduced (Executive)	As Reported by House Finance and Appropriations
619 (CD-374-PUC) Enforcement of Federal Laws with Respect to Transportation of Household Goods in Interstate Comm	
R.C. ***4921.40***	**R.C.** ***4921.40***
Authorizes the Public Utilities Commission to adopt rules providing for the enforcement of the consumer protection provisions of Title 49 of the United States Code related to the delivery and transportation of household goods in interstate commerce. Any fine or penalty imposed as a result of this enforcement is deposited into the GRF.	Same as the Executive.
Fiscal effect: Potential increase in revenue to the GRF, with the amount likely to be minimal. The amount depends on industry compliance with the rules adopted. PUCO officials already have authority over intrastate movers, and based on historical compliance demonstrated by that industry believe that the revenue increase would be minimal.	**Fiscal effect: Same as the Executive.**
620 (CD-371-PUC) Federal Commercial Vehicle Transportation Systems Fund	
R.C. ***4923.26***	**R.C.** ***4923.26***
Codifies the Commercial Vehicle Information Systems and Networks Fund and renames it the Federal Commercial Vehicle Transportation Systems Fund.	Same as the Executive.
Fiscal effect: None.	**Fiscal effect: Same as the Executive.**
621 (CD-369-PUC) Commercial Vehicle Information Systems and Networks Project	
Section: ***369.10***	**Section:** ***369.10***
Specifies that the fund created in R.C. 4923.26 is the same as the Commercial Vehicle Information Systems and Networks Fund, Fund 3V3, previously established by temporary law in the State Treasury.	Same as the Executive.
Fiscal effect: None.	**Fiscal effect: Same as the Executive.**

622 (CD-370-PUC) Enhanced and Wireless Enhanced 9-1-1	
Section: *369.10*	**Section: *369.10***
Specifies that appropriation item 870-623, Wireless 9-1-1 Administration, is to be used pursuant to R.C. 4931.63.	Same as the Executive.
Fiscal effect: None.	**Fiscal effect: Same as the Executive.**
623 (CD-587-PUC) Utility Radiological Safety Board Assessments	
Section: *506.03*	**Section: *506.03***
Specifies the maximum amounts that may be assessed against nuclear electric utilities under R.C. 4937.05 by the Utility Radiological Safety Board on behalf of four agencies. The maximum amount that may be assessed on behalf of the Department of Agriculture is $73,059 each year of the biennium. The maximum amount that may be assessed on behalf of the Department of Health is $850,000 each year; the maximum amount on behalf of the Environmental Protection Agency is $286,114 each year, and the maximum amount for the Department of Public Safety is $1,260,000 each year.	Same as the Executive.

624 (CD-584-PWC) Issuance of Bonds for Public Infrastructure Capital Improvements	
R.C. ***151.08, 164.03, 164.08***	**R.C.** ***151.08, 164.03, 164.08***
Authorizes the issuance of general obligation bonds and other obligations of the state to finance or assist in the financing of capital improvement projects of local subdivisions. Implements this provision by authorizing the Ohio Public Facilities Commission to issue not more than $120 million in principal amount of obligations in any of the first five fiscal years of issuance and not more than $150 million in principal amount of obligations in any of the next five fiscal years. The bill limits the total amount of obligations that can be issued pursuant to Section 2p(B)(1), Article VIII of the Ohio Constitution to not more than $1,350,000,000. None of these obligations can be issued, however, until at least $1,199,500,000 aggregate principal amount of infrastructure obligations have been issued pursuant to Section 2m, Article VIII of the Ohio Constitution. The Public Works Commission allocates these bond proceeds among the state's district public works integrating committees.	Same as the Executive.
625 (CD-585-PWC) State Capital Improvements General Obligation Debt Service	
Section: ***371.10***	**Section:** ***371.10***
Requires that GRF appropriation item 150-907, State Capital Improvements General Obligation Debt Service, be used to pay all debt service and related financing costs of the State Capital Improvement Program (SCIP) over the biennium.	Same as the Executive.

As Introduced (Executive)	As Reported by House Finance and Appropriations
626 (CD-586-PWC) Clean Ohio Operating Expenses	
Section: ***371.10***	**Section:** ***371.10***
Requires GRF appropriation item 150-403, Clean Ohio Operating Expenses, to be used by the Ohio Public Works Commission in administering sections 164.20 to 164.27 of the Revised Code. These sections deal with review and approval of project applications, natural resource assistance councils, policies for open space acquisition, etc.	Same as the Executive.
627 (CD-588-PWC) Conservation General Obligation Debt Service	
Section: ***371.10***	**Section:** ***371.10***
Requires that GRF appropriation item 150-904, Conservation General Obligation Debt Service, be used to pay all debt service and related financing costs of the Clean Ohio Conservation Program over the biennium.	Same as the Executive.
628 (CD-597-PWC) Reimbursement to the General Revenue Fund	
Section: ***371.10***	**Section:** ***371.10***
Requires that on or before June 15, 2009 the Public Works Commission shall certify to the Office of Budget and Management (OBM),1) the total amount disbursed from GRF appropriation item 700-409, Farmland Preservation, during FY 2008 and FY 2009, and 2) any excess investment earnings credited to the Clean Ohio Conservation Fund (Fund 056). Requires the Director of OBM to transfer this amount to the GRF in an amount equal to that disbursed under GRF appropriation item 700-409, Farmland Preservation over the biennium.	Same as the Executive.

As Introduced (Executive)	As Reported by House Finance and Appropriations
Fiscal effect: Currently, the amount of investment earning from Fund 056 that may be credited to the GRF are unknown. Overall, this provision will offset GRF disbursements by the Department of Agriculture for operating expenses of the Department's Office of Farmland Preservation. The Public Works Commission transferred $178,600 to the GRF during the FY 2002-2003 biennium.	**Fiscal effect: Same as the Executive.**

629 (CD-559-RAC) Taxation of Wagering on Horse Racing	
R.C. *3769.087*	**R.C. *3769.087***
Makes permanent a requirement that 0.5% of all money wagered on wagering pools other than win, place, or show (referred to as exotic wagers) be paid as a tax and distributed to the State Racing Commission Operating Fund. This is in addition to other taxes imposed on amounts wagered.	Same as the Executive.
Fiscal effect: The 0.5% tax is an increase from 0.25%, equal to about $750,000 in annual Racing Commission receipts.	**Fiscal effect: Same as the Executive.**

As Introduced (Executive)	As Reported by House Finance and Appropriations
630 (CD-269-BOR) Local Administration of Capital Projects by Institutions of Higher Education	
R.C. ***123.10, 123.17, 3345.51***	
Removes references to an institutional employee's "satisfactory level of knowledge" and "competency" to administer projects "successfully and in accordance with all provisions of the Revised Code" from the State Architect's certification that authorize a state university or state community college to administer its own capital projects.	No provision.
Fiscal effect: None.	
631 (CD-270-BOR) Energy Conservation Studies at State Institutions of Higher Education	
R.C. ***156.02***	**R.C.** ***156.02***
Permits the Director of Administrative Services (DAS), upon request, to contract for analyses and recommendations pertaining to energy conservation measures for buildings owned by state institutions of higher education.	Same as the Executive, but requires the costs of analyses and recommendations requested by state institutions of higher education to be paid by those institutions.
Fiscal effect: The costs of the studies would presumably be paid by institutions requesting the studies. The implementation of energy conservation measures that result from recommendations could lower institutions' costs.	**Fiscal effect: Same as the Executive, but it is specific that an institution requesting a study must pay for the cost of the study.**

As Introduced (Executive)	As Reported by House Finance and Appropriations
632 (CD-264-BOR) Ohio College Opportunity Grants and Ohio Instructional Grants	
R.C. ***3333.122, Sections 375.30.50, 375.60.70, 375.80.50, 375.80.60***	**R.C.** ***3333.122, 1713.031, Sections 375.30.50, 375.60.70, 375.80.50, 375.80.60***
(1) Disqualifies from Ohio College Opportunity Grants (OCOG): (a) Students who first enroll after the 2007-2008 academic year in for-profit proprietary schools certified by the State Board of Career Colleges and Schools, and (b) Students who first enrolled after the 2007-2008 academic year in two-year education programs sponsored by private institutions that do not have certificates of authorization from BOR.	(1) Same as the Executive.
(2) No provision.	(2) Requires BOR to review applications from for-profit proprietary schools for certificates of authorization within 22 weeks.
(3) Requires that GRF appropriation item 235-563, Ohio College Opportunity Grant, be used to award need-based financial aid to students enrolled in an institution of higher education for the first time in academic year 2006-2007 or later (excluding early college high school and post-secondary enrollment participants) based on the U.S. Department of Education's expected family contribution (EFC) method and the tables listed in section 3333.122 of the Revised Code. Requires that eligible OCOG funds be claimed in each fiscal year to help meet the state's TANF maintenance of effort requirement. Requires the Chancellor of the Board of Regents and the Director of Job and Family Services to develop reporting guidelines for these expenditures.	(3) Same as the Executive.
(4) Specifies that the instructional grants for all full-time eligible students under GRF appropriation item 235-503, Ohio Instructional Grants, be made using the tables listed	(4) Same as the Executive.

As Introduced (Executive)	As Reported by House Finance and Appropriations
in section 3333.12 of the Revised Code. Defines eligible full-time students as those who have already attended college and completed coursework prior to academic year 2006-2007. Specifies that an amount in each fiscal year be used for the reimbursement payments to public and private institutions for tuition waivers for children or spouses of public service officers killed in the line of duty pursuant to divisions (B) and (C) of section 3333.26 of the Revised Code. Requires that the unencumbered balance of GRF appropriation item 235-503, Ohio Instructional Grants, at the end of FY 2008 be transferred to FY 2009 under the same appropriation item for the same purpose.	
(5) Requires BOR on August 1 of each year, or as soon thereafter as possible, to certify the amount necessary to pay any outstanding prior year obligations to institutions of higher education for the state's need-based student financial aid programs. Specifies that the amounts certified be paid from revenues received in the State Need-based Financial Aid Reconciliation Fund (Fund 5Y5), through GSF Fund 5Y5 appropriation item 235-618, State Need-based Financial Aid Reconciliation.	(5) Same as the Executive.
(6) Requires the Chancellor of the Board of Regents to recommend, when necessary, the reallocation of unencumbered and unobligated appropriation balances of GRF appropriation items within the BOR budget to appropriation items 235-503, Ohio Instructional Grants, and 235-563, Ohio College Opportunity Grant. Authorizes the Director of Budget and Management to transfer these identified unencumbered and unobligated appropriation balances when necessary. Authorizes the Director of Budget and Management to increase the appropriation for	(6) Same as the Executive.

As Introduced (Executive)	As Reported by House Finance and Appropriations
these two GRF appropriation items by a total of up to $5,000,000 in each fiscal year if those identified funds are not sufficient to support the distribution of state need-based financial aid.	
Fiscal effect: It would decrease OCOG expenditures after FY 2008 because of the elimination from eligibility of students attending for-profit proprietary schools certified by the State Board of Career Colleges and Schools or two-year programs sponsored by private institutions that are not certified by BOR.	**Fiscal effect: Same as the Executive, but some students attending proprietary schools may be eligible for OCOG grants again once their school is certified by BOR. Potential increase in administrative costs of BOR if many proprietary schools request authorization simultaneously.**
The executive budget provides a total of $182.5 million in FY 2008 and $169.4 million in FY 2009 for OCOG and OIG grants.	

633 (CD-265-BOR) Eligibility for Student Choice Grants

R.C. *3333.27, Section 375.50.50*	R.C. *Section 375.50.50*
(1) Narrows the eligibility for student choice grants specified in section 3333.27 of the Revised Code by adding a requirement that a student must also qualify for a need-based Ohio College Opportunity Grant.	(1) No provision.
(2) Requires that GRF appropriation item 235-531, Student Choice Grants, be used to support supplemental need-based grants under section 3333.27 of the Revised Code.	(2) Same as the Executive, but removes the "supplemental need-based grants" reference and specifies that in FY 2008 and FY 2009, student choice grants be awarded only to students who have family incomes of $95,000 or less.
Fiscal effect: It would decrease student choice grant expenditures; however, it is unclear how many students would be affected at this point. The executive budget provides approximately $18.0 million in each fiscal year for this program, compared with estimated expenditures of approximately $53.0 million in FY 2007.	**Fiscal effect: Increases the student choice grant appropriations to $38.5 million in each year.**

634 (CD-275-BOR) Student Workforce Development Grant	
R.C. ***3333.29, (Repealed); 3333.04, and 3333.38***	**R.C.** ***3333.29, (Repealed); 3333.04, and 3333.38***
Repeals the Student Workforce Development Grant Program, which provides grants for tuition assistance to students enrolled full-time in associate or bachelors degree programs at Ohio's proprietary schools. **Fiscal effect: No appropriations are provided for this grant program over the FY 2008- FY 2009 biennium; in FY 2007 the program received $2.1 million in GRF appropriations.**	Same as the Executive
635 (CD-267-BOR) Critical Needs Rapid Response System	
R.C. ***122.014, 3333.50***	**R.C.** ***3333.50***
Authorizes the Department of Development to identify and alert the Governor and BOR of critical workforce shortages in emerging growth industries. Requires BOR, in consultation with the Governor and the Department of Development, to develop a critical needs rapid response system to address critical workforce shortages identified by the Development of Development. Requires BOR to submit a proposal for addressing such a shortage within 90 days of the Director's notification. **Fiscal effect: It may increase administrative costs of BOR for developing such a system and proposals. The implementation of those proposals may add additional expenditures to the state and institutions of higher education.**	Same as the Executive, but removes the specific reference that the Department of Development may identify and alert the Governor and BOR of critical workforce shortages in emerging growth industries. **Fiscal effect: Same as the Executive.**

636 (CD-979-BOR) Workforce Development Pilot Project and AccelerateOhio	
R.C. ***375.20.70***	**R.C.** ***3333.55, Section 375.20.70***
(1) No provision.	(1) Requires BOR to design and implement a three-year Health Information and Imaging Technology Workforce Development Pilot Project in the vicinity of Clark, Greene, and Montgomery counties. States that the purpose of the pilot project is to enhance P-16 education and workforce development in the field of health information and imaging technology.
(2) Requires that GRF appropriation item 235-436, AccelerateOhio, be used by BOR to create and implement a statewide program that improves the education and skills of low-income working adults in Ohio. Specifies that the program is to consist of competency-based, low-cost, noncredit, and credit-bearing modules and courses in communications, mathematics, information technology, and other fields selected by BOR.	(2) Same as the Executive, but earmarks $500,000 in FY 2008 for the Health Information and Imaging Technology Workforce Development Pilot Project.
637 (CD-266-BOR) Itemized Higher Education Charges	
R.C. ***3345.02***	**R.C.** ***3345.02***
Requires each state-supported institution of higher education to, beginning in the 2008-2009 academic year, provide an itemized list of estimated or actual fees and charges to students enrolled in the institution. **Fiscal effect: Potential minimal expenditures for the creation and publication of the list of fees and charges.**	Same as the Executive

As Introduced (Executive)	As Reported by House Finance and Appropriations
638 (CD-927-BOR) Co-located Technical Colleges	
	R.C. ***3357.01, 3357.13***
No provision.	Allows technical colleges that are co-located with other state institutions of higher education to offer baccalaureate-oriented programs, which are curricular programs intended to enable students to receive associate degrees or transfer to colleges and universities for the pursuit of baccalaureate degrees. **Fiscal effect: Provides flexibility for certain technical colleges in terms of program offerings.**
639 (CD-115-BOR) Operating Expenses	
Section: ***375.10.10***	**Section:** ***375.10.10***
Earmarks $150,000 in each fiscal year of GRF appropriation item 235-321, Operating Expenses, to be used in conjunction with funding provided in the Department of Education budget for Ohio's Partnership for Continued Learning. Authorizes the Director of Budget and Management to transfer any unencumbered balance in FY 2008 to FY 2009 to support the Partnership's activities.	Same as the Executive, but adds approval of the Controlling Board as a condition for the Director of Budget and Management to transfer any unencumbered balance from FY 2008 to FY 2009.
640 (CD-107-BOR) Lease Rental Payments	
Section: ***375.10.20***	**Section:** ***375.10.20***
Specifies that GRF appropriation item 235-401, Lease Rental Payments, be used to meet all payments at the times they are required to be made. Specifies that the appropriations are the source of funds pledged for bond service charges or obligations issued pursuant to Chapter 154. of the Revised Code.	Same as the Executive.

As Introduced (Executive)	As Reported by House Finance and Appropriations
641 (CD-108-BOR) Sea Grants	
Section: ***375.10.30***	**Section:** ***375.10.30***
Specifies that GRF appropriation item 235-402, Sea Grants, be disbursed to the Ohio State University, for research on fish in Lake Erie.	Same as the Executive.
642 (CD-109-BOR) Articulation and Transfer	
Section: ***375.10.40***	**Section:** ***375.10.40***
Specifies that GRF appropriation item 235-406, Articulation and Transfer, be used to maintain and expand the work of the Articulation and Transfer Council to develop a system of transfer policies.	Same as the Executive.
Requires BOR, in consultation with the Governor and the Department of Education, to convene a work group to establish coursework for content knowledge and teacher competencies for early care and education degrees to support articulation and transfer across state-supported institutions of higher education.	
Earmarks $200,000 in each fiscal year of GRF appropriation item 235-406, Articulation and Transfer, to support the work of the Articulation and Transfer Council under division (B) of section 3333.162 of the Revised Code.	
643 (CD-110-BOR) Midwest Higher Education Compact	
Section: ***375.10.50***	**Section:** ***375.10.50***
Requires that GRF appropriation item 235-408, Midwest Higher Education Compact, be used for paying membership fees.	Same as the Executive.

644 (CD-111-BOR) Information System	
Section: ***375.10.60***	**Section:** ***375.10.60***
Requires that GRF appropriation item 235-409, Information System, be used for the operation of the Higher Education Information System.	Same as the Executive.
645 (CD-112-BOR) State Grants and Scholarship Administration	
Section: ***375.10.70***	**Section:** ***375.10.70***
Requires that GRF appropriation item 235-414, State Grants and Scholarship Administration, be used for the administration of various state and federal student financial aid programs and for fiscal services for the Ohio National Guard Scholarship Program, the Physician Loan Repayment Program, and the Dentist Loan Repayment Program.	Same as the Executive.
646 (CD-116-BOR) Jobs Challenge	
Section: ***375.10.80***	**Section:** ***375.10.80***
Requires that GRF appropriation item 235-415, Jobs Challenge, be distributed to state-assisted community and technical colleges, university regional campuses of state-assisted universities, and other EnterpriseOhio Network campuses to support noncredit job training. Makes the following earmarks:	Same as the Executive for FY 2008 allocations, but removes the specific allocations of FY 2009 funding. Requires BOR to study and recommend a distribution for FY 2009 and seek Controlling Board's approval of the recommended distribution by May 1, 2008.
(1) Earmarks $2,770,773 in each fiscal year as performance grants to be distributed based upon each campus's documented performance according to criteria developed by BOR.	

As Introduced (Executive)	As Reported by House Finance and Appropriations
(2) Earmarks $2,819,345 in each fiscal year for the Targeted Industries Training Grant Program to attract, develop and retain industry important to the state's economy and regional priorities.	
(3) Earmarks $3,758,182 in each fiscal year for the Higher Skills Incentives Program to promote and deliver training to local employers and to reward EnterpriseOhio Network campuses for providing non-credit skill upgrading services to Ohio employers and employees. Specifies that this earmark be distributed based on each campus's share of noncredit job-related training revenues received by all campuses for the previous fiscal year.	
647 (CD-113-BOR) Ohio Learning Network	
Section: ***375.10.90***	**Section:** ***375.10.90***
Requires that GRF appropriation item 235-417, Ohio Learning Network, be used to support the continued implementation of the Ohio Learning Network. Requires the Ohio Learning Network to use these funds to develop and promote learning and assessment through the use of technology, provide advice on emerging learning-directed technologies, and facilitate cost-effectiveness through shared investments in educational technology.	Same as the Executive.

As Introduced (Executive)	As Reported by House Finance and Appropriations
648 (CD-117-BOR) Access Challenge	
Section: ***375.20.10***	**Section:** ***375.20.10***
(1) Specifies that GRF appropriation item 235-418, Access Challenge, be distributed to Ohio's state-assisted access colleges and universities. Requires access campuses to use these funds to sustain, as much as possible, tuition restraints or tuition reductions that were achieved with Access Challenge allocations in prior years. Requires that the subsidies for FY 2008 be distributed based on each campus's share of FY 2005 and FY 2006 subsidy-eligible General Studies FTEs and that the subsidies for FY 2009 be distributed based on each campus's share of FY 2006 and FY 2007 subsidy-eligible General Studies FTEs. Provides an adjustment for Cleveland State University's enrollments for use in the above distribution formula.	(1) Same as the Executive for FY 2008 allocations, but also requires that access campuses disclose, in their tuition billing statements to students, the amounts of tuitions subsidized by Access Challenges subsidies and removes the specific allocations of FY 2009 funding. Requires BOR to study and recommend a distribution for FY 2009 and seek Controlling Board's approval of the recommended distribution by May 1, 2008.
(2) Earmarks $11,756,414 in FY 2008 and $12,109,106 in FY 2009 to be used by Central State University to keep undergraduate fees below the state average.	(2) No provision; moves the earmark to its own line item 235-514, Central State Supplement.
649 (CD-128-BOR) Success Challenge	
Section: ***375.20.20***	**Section:** ***375.20.20***
Requires that GRF appropriation item 235-420, Success Challenge, be used to promote degree completion at main campuses of state-assisted universities. Makes the following earmarks:	Same as the Executive for FY 2008 allocations, but removes the specific allocations of FY 2009 funding. Requires BOR to study and recommend a distribution for FY 2009 and seek Controlling Board's approval of the recommended distribution by May 1, 2008.
(1) Earmarks 66.67% of the appropriation in each fiscal year to be distributed based on each main campus's share of bachelor's degrees granted to "at-risk" students. Requires institutions to first submit plans addressing how	

As Introduced (Executive)	As Reported by House Finance and Appropriations
the subsidies will be used to better serve "at-risk" students. Defines an "at-risk" student in FY 2008 and FY 2009 as a student eligible to receive Ohio Instructional Grants during the past ten years. (2) Earmarks 33.33% of the appropriation in each fiscal year to be distributed based on each main campus's share of bachelor's degrees granted to undergraduate students who completed their bachelor's degrees in a "timely manner" (generally, four years) in the previous fiscal year. Requires BOR to collect data to assess the timely completion statistics by university main campuses.	
650 (CD-114-BOR) Appalachian New Economy Partnership	
Section: ***375.20.30***	**Section:** ***375.20.30***
Requires that GRF appropriation item 235-428, Appalachian New Economy Partnership, be distributed to Ohio University to continue to lead a multi-campus and multi-agency coordinated effort to link Appalachia to the new economy through entrepreneurship, management, education, and technology.	Same as the Executive.
651 (CD-131-BOR) Economic Growth Challenge	
Section: ***375.20.40***	**Section:** ***375.20.40***
Requires that GRF appropriation item 235-433, Economic Growth Challenge, be used to enhance the basic research capabilities of Ohio's public and certain private institutions of higher education, support improved graduate programs, and promote the transfer of technology developed by colleges and universities to private industry. Makes the following earmarks:	Same as the Executive.

As Introduced (Executive)	As Reported by House Finance and Appropriations
(1) Earmarks $12,000,000 in each fiscal year for the Research Incentive Program that matches part of the institutions' externally obtained research funds. Requires institutions to submit plans for spending of the allocation to BOR for approval, including spending rationales and an evaluation process to provide results. Requires the institutions' plans to include significant Third Frontier investments; for campuses with multiple Third Frontier grants, up to 10% of their Research Incentive funding may be invested in Third Frontier Project-related activities. Requires BOR to submit a biennial report of the program's progress to the General Assembly.	(1) Same as the Executive for FY 2008 allocations, but removes the specific allocations of FY 2009 funding. Requires BOR to study and recommend a distribution for FY 2009 and seek Controlling Board's approval of the recommended distribution by May 1, 2008.
(2) Earmarks $4,686,194 in each fiscal year for the Innovation Incentive Plan, to match funds that are required to be set aside from participating state-assisted universities' doctoral reserve allocations under GRF appropriation item 235-501, State Share of Instruction, and those comparable amounts of funds that are required to be set aside by participating private universities. Specifies that the combined funding be used to make competitive awards to participating universities, which are to use the awards to restructure their arrays of doctoral programs.	(2) Same as the Executive for FY 2008 allocations, but clarifies that the required FY 2008 matching fund be withheld from a participating state-assisted university's SSI allocation instead of the doctoral reserve portion of the SSI allocation. Removes the specific allocations of FY 2009 funding and requires BOR to study and recommend a distribution for FY 2009 and seek Controlling Board's approval of the recommended distribution by May 1, 2008.
(3) Earmarks $500,000 in each fiscal year for the Technology Commercialization Incentive to reward public and private colleges and universities for successful technology transfer to Ohio-based business and industry. Requires the Third Frontier Commission to determine eligibility for awards.	(3) Same as the Executive for FY 2008 allocations, but removes the specific allocations of FY 2009 funding. Requires BOR to study and recommend a distribution for FY 2009 and seek Controlling Board's approval of the recommended distribution by May 1, 2008.

As Introduced (Executive)	As Reported by House Finance and Appropriations
652 (CD-930-BOR) Distribution of Challenge Funds	
	Section: ***375.20.45***
No provision.	Requires BOR to study the effectiveness and appropriateness of the programs funded in GRF appropriation items 235-415, Jobs Challenge, 235-418, Access Challenge, 235-420, Success Challenge, and 235-433, Economic Growth Challenge. Requires the study to focus on the student-based funding, the current workforce development needs, and incentives for student success in the context of a knowledge-based economy.
	Requires BOR to recommend a distribution of the funds provided for FY 2009 and seek Controlling Board's approval for the recommended distribution by May 1, 2008.

655 (CD-934-BOR) STEM Initiatives	
	Section: ***375.20.75***
No provision.	Requires that GRF appropriation item 235-437, STEM Initiatives, be used for STEM academies.
656 (CD-155-BOR) Eminent Scholars	
Section: ***375.20.80***	**Section:** ***375.20.80***
Requires that GRF appropriation item 235-451, Eminent Scholars, be used to invest educational resources to address problems that are of vital statewide significance while fostering the growth in eminence of Ohio's academic programs.	Same as the Executive.
Authorizes endowment grants of $685,494 to public and certain private institutions of higher education to match non-state endowment gifts of the same amount. Specifies that all new awards be associated with a Wright Center of Innovation, a Partnership Award from the Biomedical Research and Technology Transfer Trust Fund, or a Wright Capital Project.	
657 (CD-157-BOR) EnterpriseOhio Network	
Section: ***375.20.90***	**Section:** ***375.20.90***
Requires that GRF appropriation item 235-455, EnterpriseOhio Network, be used to continue increasing the capabilities of the EnterpriseOhio Network to meet ongoing training needs of Ohio employers through multi-campus collaboration, best-practice dissemination, and capacity-building projects.	Same as the Executive.

As Introduced (Executive)	As Reported by House Finance and Appropriations
658 (CD-158-BOR) Area Health Education Centers	
Section: ***375.30.10***	**Section:** ***375.30.10***
Requires that GRF appropriation item 235-474, Area Health Education Centers Program Support, be used support medical school regional area health education centers' educational programs. Makes the following earmarks:	Same as the Executive.
(1) Earmarks $159,158 in each fiscal year for the Ohio University College of Osteopathic Medicine to operate a mobile health care unit to serve the southeastern area of the state.	
(2) Earmarks $119,369 in each fiscal year for the Ohio Valley Community Health Information Network (OVCHIN) project.	
659 (CD-238-BOR) State Share of Instruction (SSI)	
Section: ***375.30.20***	**Section:** ***375.30.20***
Requires BOR to establish procedures for allocating GRF appropriation item 235-501, State Share of Instruction, based on the formulas and enrollment in the instructional models described below.	Same as the Executive, but notwithstands the proposed new SSI formula in FY 2008 and FY 2009.

As Introduced (Executive)	As Reported by House Finance and Appropriations
660 (CD-395-BOR) SSI - Full-Time Equivalent Enrollment	
Section: ***375.30.20***	**Section:** ***375.30.20***
Requires that state-assisted institutions report their enrollments to BOR. Requires BOR to exclude all undergraduate students who are not Ohio residents, except those under reciprocity agreements or employer contracts, in defining the number of full-time equivalent (FTE) students for the formula.	Same as the Executive, but notwithstands the proposed new SSI formula in FY 2008 and FY 2009.
Specifies that Medical II model student enrollments calculations be based on current enrollment numbers compared to specified base enrollment numbers. Specifies that a school's Medical II FTE enrollment be equal to 65% of the base enrollment plus 35% of the current-year FTEs(including students repeating terms) if the school's current-year FTEs (including students repeating terms) are below its base enrollment and that a school's Medical II FTE enrollment be equal to the base enrollment plus the FTE for repeating students if the school's current-year FTEs (including students repeating terms) equal or exceed the base enrollment. Limits students repeating terms to no more than 5% of current year FTEs. Specifies that subsidy-eligible law school FTEs be calculated by using 1995 FTEs or the current year number of FTEs, whichever is less.	

As Introduced (Executive)	As Reported by House Finance and Appropriations
661 (CD-396-BOR) SSI - Total Costs Per FTE	
Section: ***375.30.20***	**Section:** ***375.30.20***
Provides a table of total costs per FTE for the 24 non-doctoral curriculum models for each fiscal year, ranging from $7,220 to $35,852 for arts and humanities curriculum models; from $6,352 to $27,008 for business, education, and social science curriculum models; and from $6,552 to $49,979 for science, technology, engineering, mathematics and medicine curriculum models.	Same as the Executive, but notwithstands the proposed new SSI formula in FY 2008 and FY 2009.
662 (CD-397-BOR) SSI - Science, Technology, Engineering, Mathematics, Medical and Graduate Weights	
Section: ***375.30.20***	**Section:** ***375.30.20***
Specifies that total costs for all non-doctoral graduate models as well as science, technology, engineering, mathematics, and medical models in most years of coursework be weighted.	Same as the Executive, but notwithstands the proposed new SSI formula in FY 2008 and FY 2009.
Provides a table of curriculum model weights for each fiscal year, including a uniform weight of 1.250 for all non-doctoral graduate-level models in arts, humanities, business, education, and social sciences and various weights ranging from 1.002 to 2.081 for science, technology, engineering, mathematics, and medicine curriculum models.	

As Introduced (Executive)	As Reported by House Finance and Appropriations
663 (CD-398-BOR) SSI - Doctoral Set-Aside	
Section: ***375.30.20***	**Section:** ***375.30.20***
Requires that up to 10.44% of the SSI appropriation be set aside for doctoral programs. Specifies that the doctoral set-aside be allocated among the doctoral-degree granting universities in proportion to their historical shares of the statewide total number of Doctoral I equivalent FTEs, which equals the sum of Doctoral I FTEs plus 1.5 times the sum of Doctoral II FTEs.	Same as the Executive, but notwithstands the proposed new SSI formula in FY 2008 and FY 2009 and includes in Section 375.20.40 a similar provision that requires BOR to withhold the required matching share in FY 2008.
Requires that state-assisted universities participating in the Innovation Incentive Program have their required matching share for the program withheld from their doctoral set-aside allocations. Requires BOR to determine comparable set-aside amounts for participating private universities. Specifies that the combined amount of participating universities' set-asides and state matching funds provided under GRF appropriation item 235-433, Economic Growth Challenge, be awarded competitively to universities who meet the program requirements. Specifies that awarded funds be used to restructure universities' doctoral programs.	

As Introduced (Executive)	As Reported by House Finance and Appropriations
664 (CD-399-BOR) SSI - Calculation of Formula Entitlements	
Section: ***375.30.20***	**Section:** ***375.30.20***
Specifies that the instructional costs for each campus's non-doctoral models be determined by multiplying per FTE curriculum model costs by the weights and by (a) the average number subsidy-eligible FTEs based on the previous 2 years and (b) the average number subsidy-eligible FTEs based on the previous five years. Specifies that the greater of the two calculations be deemed as the campus's instructional costs.	Same as the Executive, but notwithstands the proposed new SSI formula in FY 2008 and FY 2009.
Specifies that a uniform state share of instructional costs be calculated by dividing the appropriations for GRF appropriation item 235-502, State Share of Instruction, less the doctoral set-aside, by the sum of all campuses' instructional costs. Specifies that the entitlement for each campus be determined by multiplying the uniform state share by the campus's instructional costs calculated above.	

As Introduced (Executive)	As Reported by House Finance and Appropriations

665 (CD-400-BOR) SSI - POM Adjustment

Section: ***375.30.20***	**Section:** ***375.30.20***
Requires that an allocation for facility-based plant operations and maintenance (POM) subsidy be made to campuses. Specifies that a campus be eligible for a POM allocation if (a) it received a net-assignable-square-foot-based (NASF) POM allocation in FY 2007 and (b) the SSI subsidy amount the campus would have received in FY 2007 had the formula for FY 2008 and FY 2009 been implemented, but using relevant FY 2007 data, is less than 98.5% of its actual FY 2007 SSI earnings. Specifies that for each eligible campus, the POM allocation in each fiscal year be the lesser of (i) 98.5% of the campus's actual FY 2007 SSI earnings, minus the FY 2007 SSI amount that would have been had the new formula been used with relevant FY 2007 data or (ii) the campus's actual FY 2007 NASF POM allocation. Specifies that any POM allocations be funded by reducing the formula earnings (including both the doctoral and non-doctoral models) for all campuses. Requires BOR to study the need for POM allocations and make recommendations for changes by June 30, 2008.	Same as the Executive, but notwithstands the proposed new SSI formula in FY 2008 and FY 2009.

666 (CD-401-BOR) SSI - Annual Funding Guarantee and Capital Component Deduction

Section: ***375.30.20***	**Section:** ***375.30.20***
Specifies that in each fiscal year a campus receive an SSI allocation (including base formula earnings for all non-doctoral models, the doctoral set-aside allocation, and the POM adjustment) that is not less than 100% of the prior year's SSI allocation amount received by the campus.	Same as the Executive, but notwithstands the proposed new SSI formula in FY 2008 and FY 2009 and includes the same 100% of the prior year's SSI funding guarantee in each fiscal year and the capital component deduction provisions in Section 375.30.25.

As Introduced (Executive)	As Reported by House Finance and Appropriations
Requires that, after all other adjustments have been made, a campus's SSI earnings be reduced by the amount, if any, by which debt service charged for that campus exceeds that campus's capital component earnings. Specifies that the deducted amounts be transferred to GRF appropriation item 235-552, Capital Component.	

667 (CD-402-BOR) SSI - Exceptional Circumstances and Appropriation Reductions

Section: ***375.30.20***	**Section:** ***375.30.20***
Authorizes adjustments to be made to the SSI payments and other subsidies distributed by BOR for exceptional circumstances. Requires the recommendation of the Chancellor and approval of the Controlling Board for adjustments due to special circumstances.	Same as the Executive, but notwithstands the proposed new SSI formula in FY 2008 and FY 2009 and includes similar exceptional circumstance and appropriation reduction provisions in Section 375.30.25.
Requires the standard SSI formula provisions to apply to any SSI appropriation reductions occurred prior to BOR's formal approval of the formal SSI allocation. Specifies that reductions made after BOR's formal approval be applied uniformly to each campus in proportion to its share of the final SSI allocation.	

668 (CD-413-BOR) SSI - Distribution

Section: ***375.30.20***	**Section:** ***375.30.20***
Requires that the SSI allocation be distributed in equal monthly payments. Specifies that payments for the first six months of the fiscal year be made based on enrollment estimates and that payments for the last six months of the fiscal year be distributed after Controlling Board approval upon request of BOR.	Same as the Executive, but notwithstands the proposed new SSI formula in FY 2008 and FY 2009 and includes a similar SSI distribution provision in Section 375.30.25.

As Introduced (Executive)	As Reported by House Finance and Appropriations

669 (CD-928-BOR) State Share of Instruction (SSI) for Fiscal Years 2008 and 2009

	Section: ***375.30.25***
No provision.	(1) Limits the increase in in-state undergraduate instructional and general fees to no more than 3% in FY 2008 and prohibits any increase in in-state undergraduate instructional and general fees in FY 2009.
	(2) (a) Guarantees each institution in FY 2008 and FY 2009 to receive the same amount of SSI funding as received in the prior year, notwithstanding the SSI distribution formulas outlined in Section 375.30.20.
	(2) (b) Specifies that in each fiscal year, each institution also receive its proportional share of total SSI appropriation increase for that year (2.0% for FY 2008 and 10.0% for FY 2009) if the institution meets savings requirements of 1% for FY 2008 and 3% for FY 2009.
	(2) (c) Specifies that in each fiscal year, each institution's SSI earnings be reduced by the amount, if any, by which debt service charged in the previous five biennia exceeds that institution's capital component earnings. Specifies that the total amount deducted be transferred to appropriation item 235-552, Capital Component, in each fiscal year.
	(2) (d) Allows adjustments to be made to SSI payments for exceptional circumstances if recommended by BOR and approved by the Controlling Board.
	(2) (e) Requires that any appropriation reductions made to appropriation item 235-501, State Share of Instruction, be uniformly applied to each campus in proportion to its share of the total allocation.
	(2) (f) Requires that SSI payments be distributed in equal monthly amounts during the fiscal year unless otherwise determined by the Director of Budget and Management.

As Introduced (Executive)	As Reported by House Finance and Appropriations
	Specifies that payments during the last six months of the fiscal year be distributed after approval of the Controlling Board upon the request of BOR.
	(3) Requires BOR, in consultation with the Department of Development, to commission a study on the needs of the business community relative to higher education in Ohio, including necessary skills and talents required by the business community. Requires the study to be completed by December 31, 2007.
	(4) Requires BOR, in consultation with state-supported institutions of higher education, to develop a plan that addresses five specific areas of higher education: access, success, affordability, research and development support, and higher education awareness. Requires the plan, which is to be completed by December 31, 2007, to include outcome measures and progress indicators for each area. Requires institutions to commit to increasing inter-institution collaborations and partnerships with the goal of increasing savings.
	(5) Requires BOR, in consultation with state-supported institutions of higher education, to study the feasibility of establishing and implementing a tuition flexibility plan by December 31, 2007.
	Fiscal effect: Tuition caps could limit the amounts of tuition revenues for public institutions of higher education. SSI appropriations increase by 2% in FY 2008 and 10% in FY 2009. BOR could incur one-time costs for the required studies and plans.

As Introduced (Executive)	As Reported by House Finance and Appropriations
670 (CD-160-BOR) Higher Education - Board of Trustees	
Section: ***375.30.30***	**Section:** ***375.30.30***
(1) Requires the board of trustees at each institution to supplement state subsidies by establishing uniform instructional and general fees to be charged to all students for universal services. Allows each board to establish special purpose fees and service charges for individual or specific categories of students; these special purpose fees and service changes are not to be applied uniformly. Requires each board except for Miami University to establish a tuition surcharge to out-of-state students.	(1) Same as the Executive.
(2) Prohibits the board of trustees at each institution from authorizing a waiver or nonpayment of instructional or general fees that is not authorized by law or approved by BOR.	(2) Same as the Executive.
(3) Declares that it is the intent of the General Assembly that faculty members must devote a proper and judicious part of their work week to actual instruction of students that meets the standards set forth by BOR.	(3) Same as the Executive, but makes it a requirement for the boards of trustees of state-assisted institutions of higher education institutions instead of the intent of the General Assembly that faculty members of those institutions must devote a proper and judicious part of their work week to actual instruction of students.
(4) Requires each institution of higher education except for Miami University to separately identify the instructional fee, general fee, tuition charge, and tuition surcharge.	(4) Same as the Executive.
(5) Requires the boards of trustees of state-assisted institutions of higher education to exercise the authority of the government vested by law. States that administrative decisions are the exclusive prerogative of the boards and that any delegation of authority by the boards must be accompanied by appropriate standards of guidance and periodic review of the exercise of the delegated authority.	(5) Same as the Executive.

As Introduced (Executive)	As Reported by House Finance and Appropriations
(6) Authorizes colleges and universities to use instructional subsidy funding at branches and other off-campus sites to provide undergraduate or master's degree courses of study that have been approved by BOR.	(6) Same as the Executive.

671 (CD-161-BOR) Student Support Services

Section: ***375.30.40***	**Section:** ***375.30.40***
Requires that GRF appropriation item 235-502, Student Support Services, be distributed to state-assisted colleges and universities that incur disproportionate support services costs for disabled students.	Same as the Executive.

672 (CD-163-BOR) War Orphan Scholarships

Section: ***375.30.60***	**Section:** ***375.30.60***

Continues to "freeze" the deposits and distributions of the three local government funds – Local Government Fund (LGF), Local Government Revenue Assistance Fund (LGRAF), and Library and Local Government Support Fund (LLGSF) – in the first six months of FY 2008. Monthly distributions from the LGF, LGRAF, and LLGSF to each county's undivided local government fund, undivided local government revenue assistance fund, and undivided library and local government support fund will equal the previously frozen amounts for the corresponding month in the first six month of FY 2007.

Beginning in January 2008, the three local government funds (LGF, LGRAF, and LLGSF) will be replaced with two new local funds - the Local Communities Fund (LCF) and the Local Libraries Fund (LLF). During this period, all tax revenues previously credited to the LGF, LGRAF, and LLGSF will instead be credited to the GRF. The Director of Budget and Management is required to make monthly distributions from the GRF to the newly created funds - LCF and LLF for distribution to local governments. Specifies that, each month, 3.65% of total tax revenues credited to the GRF in the preceding month be credited to the LCF and that 2.2% of that total tax revenue be credited to the LLF.

Fiscal effect: Estimated to increase revenue to the GRF (compared to revenue under current statutory distribution

736 (CD-889-SFC) School Facilities Project Construction Fund Investment Earnings	
	R.C. ***3318.12***
No provision.	Permits a school district undertaking a state-funded school facilities project to use the interest earned on school district moneys in the district's project construction fund (not the interest earned on the state moneys in the fund) to pay the cost of facilities not included in the project. Specifies that if a district chooses to use the interest in this manner and, later, the project costs exceed the amount in the project construction fund, the district must restore the interest before the state will release any additional moneys for the project.
No provision.	Permits a school district at the end of its state-funded school facilities project to transfer the interest earned on school district moneys left over in the district's project construction fund to its permanent improvement fund or to leave the moneys in the project construction fund (as alternatives to transferring the left-over interest to the district's maintenance fund, as otherwise required under current law). **Fiscal effect: School districts will have more flexibility in the use of any interest earned on these local funds.**

(1) Expands the homestead exemption to $25,000 of market value for homeowners who are (a) age 65 or older, (b) permanently and totally disabled, or (c) surviving spouses age 59 to 64 of persons who applied and qualified for the tax reduction under (a) or (b). Eliminates the current income ceiling for eligibility. Tax relief would be at the effective millage rate for residential and agricultural real property. Participants in the current homestead exemption program would receive the greater of the tax relief for tax year 2006 under the current program or that provided by the new program. The state would reimburse school districts and other local governments for forgone tax receipts. The change would be effective for tax year 2007, paid one year in arrears for owners of real property and concurrently for homeowners whose primary residences are taxed as manufactured or mobile homes.	Same as the Executive.
(2) Compensates county auditors for the additional costs of administering the expanded homestead exemption, in an amount equal to 1% of property tax relief reimbursement paid to counties for the homestead exemption and the 2.5% rollback.	
Fiscal effect: (1) Additional cost to the state for reimbursing local governments would be about $128.5 million in FY 2008 and about $257 million in FY 2009. However, the effective tax rate in the bill is as defined in division (B)(3) of section 319.301 of the Revised Code, which excludes fixed-sum	**Fiscal effect: Same as the Executive, except corrects the reference to the effective tax rate for residential and agricultural property to include all taxes levied.**

As Introduced (Executive)	As Reported by House Finance and Appropriations
levies, inside mills, and taxes provided for by the charter of a municipal corporation. Excluding these taxes from calculation of tax relief would substantially reduce the amount of tax relief provided. (2) The estimated cost to the state for compensation to county auditors is $3 million in FY 2009. However, the bill leaves in place compensation provided in current law, Revised Code section 323.156 (not part of the bill), of 2% of the amount of these reductions, which appears to imply total compensation to county treasurers and auditors equaling 3% of these costs.	
759 (CD-442-TAX) Property Tax Administration Fund	
R.C. ***5703.80***	**R.C.** ***5703.80, 405.10***
Raises the fee collected by the state for administration of property taxes based upon taxes charged and payable for the preceding tax year against public utility personal property and tangible personal property, from 0.6% to 0.725% for fiscal year 2009 and thereafter. The fee is excised from property tax distributions to local taxing units.	Removes the proposed increase in the percentage of personal property tax collections that would be credited to the state's Property Tax Administration Fund beginning in 2009, and restores the current law percentage of 0.6%.
Fiscal effect: May increase the Department of Taxation administrative fees receipts from the property tax beginning in FY 2009. **(The department of Taxation charges a percentage of the property tax collections to cover the costs of administering the property tax on behalf of local subdivisions).**	**Fiscal effect: No direct fiscal effect.**

762 (CD-592-TAX) Deadline for Application for Homestead Exemption for Tax Year 2007	
Section: ***803.06***	**Section:** ***803.06***
Provides additional time for application for the homestead exemption or the 2.5% rollback for tax year 2007, notwithstanding provisions of current law that set earlier deadlines. The time for application is extended, for both real property and manufactured or mobile homes, from the first Monday in June until 120 days after the effective date of Section 803.06 of the bill.	Delays the expanded homestead exemption for real property until the Director of Budget and Management certifies either that there are or will be sufficient revenues, not otherwise appropriated or encumbered, to pay the additional property tax reimbursements that will result from that expansion. Delays the expanded homestead exemption under the manufactured or mobile home tax to the following tax year, implying that the first year of reduced payments would be the same year for real property and for manufactured and mobile homes.
Fiscal effect: Makes feasible starting the enhanced homestead exemption in tax year 2007, otherwise has no fiscal effect.	**Fiscal effect: Delaying the change to the homestead exemption would reduce state expenditures to reimburse local governments for forgone tax revenues by an estimated $128.5 million in FY 2008. If implementation of the enhanced homestead exemption is delayed one year, reimbursements to local governments for the loss of tax receipts would be reduced an estimated $128.5 million in FY 2009; if delayed two or more years, reimbursements in FY 2009 would be reduced $257 million. The additional 1% compensation to county auditors under R.C. 319.54 remains part of the bill, though it would be calculated on a smaller base than with the expanded homestead exemption.**

763 (CD-326-TAX) Sales and Use Tax on Motor Vehicles Purchased by Nonresidents

R.C. *5739.02, 4505.06, 5739.033,5739.213*	R.C. *5739.02, 4505.06, 5739.033,5739.213*
Imposes the sales tax on motor vehicle purchases by nonresidents unless the purchaser's home state has no similar tax or does not provide a credit against its tax for taxes paid in Ohio. The tax rate on sales to nonresidents will be 6% or the sum of the state's 5.5% rate and the lowest of all local tax rates, whichever is less. Revenue from the local portion of the tax is distributed among all counties in proportion to motor vehicle registrations. This provision does not affect the taxation of motor vehicle sales to residents.	Partially replaces the proposed nonresident motor vehicle sales tax exemption in the executive recommendation. Grants an exemption if nonresident's state provides a similar nonresident exception, or does not provide a credit for sales or use tax paid to this state, or does not impose a sales or use tax on the ownership or use of motor vehicles. If a nonresident's state does not provide a nonresident exception and the nonresident would pay lower net tax if the sale occurred in the nonresident's state, the Ohio tax is reduced to the amount that would be collected by the nonresident's state, with a 1/2% tax portion distributed to the county in which the sale occurs.
No provision.	Applies proposed changes to the taxation of motor vehicle sales to nonresidents only to outright sales, and not to leases or rentals. Also clarifies that if a motor vehicle sale to a nonresident is exempted from taxation under another provision of existing law, the modified tax computation proposed in the bill does not apply.
Fiscal effect: Revenue gain to the GRF of $64.2 million in FY 2008 and $66.3 million in FY 2009. Revenue gain to local governments will be up to $5.7 million in FY 2008 and $6.0 million in FY 2009.	**Fiscal effect: Reduces the potential gain to the GRF in the executive recommendation by about $25.0 million each year of the biennium. R.C. ***5739.12, 1548.06, 4505.06, 4519.55***	
Increases the permanent vendor's discount for prompt remittance of sales and use tax to 1%, up from 0.75%. However, the maximum per-return discount is capped at $30. The provision extends the current temporary discount of 0.9% through July 2007. The executive recommendation also denies the discount if a certified service provider receives an allowance for performing the vendor's sales tax functions. Requires motor vehicle dealers and sellers of other titled property to claim the discount on their sales tax reports instead of deducting the discount directly from tax remittances to the clerk of courts. **Fiscal effect: State revenue gains of $35.0 million in FY 2008 and $39.0 million in FY 2009.**	No provision.

Kilowatt-hour and Natural Gas Consumption Taxes	
766 (CD-1007-TAX) Kilowatt-Hour Tax - Rate Decrease for Self-Assessors	
	R.C. ***5727.81, 757.01***
No provision.	Reduces the rate of the kilowatt-hour tax levied on the basis of the total price of electricity received by a self-assessing commercial or industrial electricity purchaser from 4% to 3.5% beginning July 1, 2008. Also requires the Tax Commissioner to review this percentage every two years during biennial budget deliberations. **Fiscal effect: Reduces revenue from the tax which, under the revised formula that the bill would establish, would reduce receipts of the GRF, the School District Property Tax Replacement Fund (PTRF), and the Local Government PTRF starting in FY 2009. In FY 2009, it would reduce revenue to the GRF by approximately $3.66 million. It would reduce revenue to the School District PTRF by approximately $1.48 million and to the Local Government PTRF by approximately $675,000.**

811 (CD-707-DYS) Balance in County Felony Delinquent Care and Custody Fund

R.C. ***5139.43***	**R.C.** ***5139.43***
Limits the balance in a county's Felony Delinquent Care and Custody Fund at the end of each fiscal year, beginning June 30, 2008, to the total moneys allocated to the county for the care and custody of felony delinquents during the previous fiscal year, unless the county has applied for and been granted an exemption by the Director of Youth Services, and authorizes the Department to withhold and reallocate excess funds.	Same as the Executive.
Fiscal effect: From the Department's perspective, this change to current law will enable it to adjust RECLAIM county subsidy allocations up or down based on the amount that each county has remaining at the end of the fiscal year. The practical effect is to create the potential for unused county funds to be redistributed to other counties and more youth would ultimately be served.	**Fiscal effect: Same as the Executive.**

812 (CD-833-DYS) Employee Food Service and Equipment

Specifies that the moneys appropriated to the GRF appropriation item 470-412, Lease Rental Payments, are for payments to the Ohio Building Authority for the purpose of covering the principal and interest on outstanding bonds issued to finance the state's juvenile correctional building program.	Same as the Executive.
Fiscal effect: This uncodified law provision continues existing practice with regard to the moneys appropriated to GRF appropriation item 470-412, Lease Rental Payments.	**Fiscal effect: Same as the Executive.**

As Introduced (Executive)	As Reported by House Finance and Appropriations
815 (CD-702-DYS) Education Reimbursement	
Section: *419.10*	**Section: *419.10***
Requires moneys appropriated to non-GRF appropriation item 470-613, Education Reimbursement, be used to fund the operating expenses of providing educational services to youth supervised by the Department, including, but not limited to, teachers' salaries, maintenance costs, and educational equipment, and permits use of those appropriated moneys for capital expenses related to the education program.	Same as the Executive.
Fiscal effect: This uncodified law provision generally continues existing practice with regard to the moneys appropriated to non-GRF appropriation item 470-613, Education Reimbursement.	**Fiscal effect: Same as the Executive.**

Tobacco Securitization	
816 (CD-957-MIS) State Debt Limitation	
	R.C. ***126.16***
No provision.	Specifies that certain bonds that are not issued due to capital improvements being paid for with the proceeds of the tobacco securitization are still to be considered as issued for the purposes of calculating the state 5% cap on the issuance of state bonds. **Fiscal effect: The provisions would restrict the growth of state's future debt issuances at a level within the 5% debt limit. Therefore, it may improve the state's credit ratings and lower the costs of the debt issuance.**
817 (CD-710-MIS) Tobacco Master Settlement Agreement Fund Repealed	
R.C. ***183.01, 183.02 (repealed), 183.021, 183.17 183.27 (repealed), 183.32 (repealed), 183.3 183.34, 183.35***	**R.C.** ***183.01, 183.02 (repealed), 183.021, 183.17 183.27 (repealed), 183.32 (repealed), 183.3 183.34, 183.35***
Repeals (1) the Tobacco Master Settlement Agreement Fund and the schedule for transferring moneys in the fund to various other trust funds, (2) the Education Facilities Endowment Fund, and (3) the section that creates a legislative committee to periodically reexamine the use of tobacco master settlement agreement money.	Same as the Executive.
Removes the authority of the Southern Ohio Agricultural and Community Development Foundation (SOA) to request additional payments from the Tobacco Master Settlement Agreement Fund if SOA concludes that additional funding needs exist after its last scheduled allocation in 2011, and, furthermore, removes a prohibition on the appropriation or transfer of GRF money for use by the SOA.	Same as the Executive.

As Introduced (Executive)	As Reported by House Finance and Appropriations
Fiscal effect: Potential decrease in scheduled tobacco funding for those agencies who receive funds through 2025 from scheduled transfers from the Tobacco Master Settlement Agreement Fund. The following funds will no longer receive their scheduled payments: the Tobacco Use Prevention and Cessation Trust Fund, the Southern Ohio Agricultural and Community Development Trust Fund, Ohio's Public Health Priorities Trust Fund, the Biomedical Research and Technology Transfer Trust Fund, the Education Facilities Trust Fund, the Education Facilities Endowment Fund (repealed), and the Education Technology Trust Fund. Additionally, the Attorney General and Tax Commissioner will no longer receive transferred funds from the Tobacco Master Settlement Agreement Fund to their respective tobacco settlement enforcement funds to cover enforcement costs.	**Fiscal effect: Same as the Executive.**

818 (CD-713-MIS) Securitization of Tobacco Master Settlement Agreement Payments

R.C. ***183.51, 183.52***	**R.C.** ***183.51, 183.52***
Creates the Ohio Tobacco Settlement Financing Authority for the purpose of purchasing and receiving an assignment of the tobacco settlement receipts and issuing obligations. The Authority is to consist of the Governor (as the chair), the Director of Budget and Management (as the secretary), the Tax Commissioner, the Treasurer of the State, the Attorney General, and the Auditor of State, or their designees. OBM staff is required to provide support to the Authority.	Same as the Executive, but removes the Attorney General from the Authority.
Permits the state to assign and sell to the Ohio Tobacco Settlement Financing Authority all or a portion of the amounts to be received by the state under the Tobacco Master Settlement Agreement. In addition, the executive proposal permits the Authority to accept and purchase	Same as the Executive.

As Introduced (Executive)	As Reported by House Finance and Appropriations
those amounts, and to issue and sell obligations, as provided by the proposal.	
No provision.	Specifies that the Attorney General, as counsel to the Authority, is to represent it in the execution of its powers and duties and to prosecute all actions on its behalf.
No provision.	Provides for the payment of the Attorney General's enforcement expenses from tobacco master settlement agreement amounts sold to the Authority, from the proceeds of obligations issued by the Authority, or from a combination of both.
Specifies that these obligations are to be issued to pay the costs of capital facilities for: (1) housing branches and agencies of state government, including facilities for housing state agencies, for a system of common schools throughout the state, and for use as jail facilities or workhouses; (2) state-supported or state-assisted institutions of higher education; (3) mental hygiene and retardation; and (4) parks and recreation.	Same as the Executive.
Specifies that the aggregate principal amount of obligations issued under the bill cannot exceed $6.0 billion, exclusive of obligations issued to refund, renew, or advance refund other obligations issued or incurred, with at least 75% of the aggregate net proceeds of the obligations issued having to be paid to the state for deposit into the School Building Program Assistance Fund (Fund 032) under the School Facilities Commission.	Same as the Executive.
Provides that, no later than two years following the date on which there are no longer any obligations outstanding under the bond proceedings, all assets of the Authority are to vest in the state, the Authority is to execute any necessary assignments or instruments, including any assignment of any right, title, or ownership to the state for receipt of amounts under the Tobacco Master Settlement	Same as the Executive.

As Introduced (Executive)	As Reported by House Finance and Appropriations
Agreement, and the Authority is to be dissolved. **Fiscal effect: Potential increase of capital funds for school district and other capital facility projects. The executive budget states that at least 75% of the aggregate net proceeds of the obligations issued with tobacco securitization moneys must be paid to the School Building Program Assistance Fund (Fund 032) and limits the use of net proceeds, estimated at approximately $5.04 billion, to School Facilties Commission and other capital facility projects.** **According to the Office of Budget and Management, of the estimated $5.04 billion in net proceeds, $2.20 billion would cover all of the funding currently allocated by section 183.02 of the Revised Code to the Education Facilities Trust Fund (Fund N87) and to the Education Facilities Endowment Fund (Fund P87) of the School Facilities Commission for FY 2008 through FY 2025. The remaining $2.84 billion would cover the capital costs of SFC ($1.92 billion) and higher education ($0.92 billion) over the next three years. Since these capital costs will not be financed with bonds, GRF debt service payments for SFC and higher education will be lower. As a result, the GRF moneys that would otherwise be used to finance SFC and higher education bonds would be used to cover the expansion of the homestead property tax exemption.** **OBM may experience minimal increased administrative costs for providing staff support to the Authority.**	**Fiscal effect: Same as the Executive, but permits Attorney General enforcement activity expenses to be paid from tobacco master settlement agreement amounts sold to the Authority, from the proceeds of obligations issued by the Authority, or from a combination of both.**

As Introduced (Executive)	As Reported by House Finance and Appropriations
819 (CD-714-MIS) Budget Adjustments to Reflect Tobacco Securitization	
Section: *518.03*	**Section: *518.03***
Authorizes the Director of Budget and Management to periodically on any date following the issuance of the tobacco obligations through June 30, 2009 do the following:	Same as the Executive.
(1) Determine any excess amounts after the amounts of debt service obligations have already been paid from GRF appropriation items 235-909, Higher Education General Obligation Debt Service, and 230-908, Common Schools General Obligation Debt Service and transfer all or a portion of those excess funds to GRF appropriation items 200-901, Property Tax Allocation - Education or 110-901, Property Tax Allocation-Taxation, or both, for the purposes of making the state's property tax relief payments to school districts and counties.	Same as the Executive.
(2) Determine the amount by which interest earnings credited to the Higher Education Improvement Fund (Fund 034) and the School Building Program Assistance Fund (Fund 032) from the investment of the net proceeds of the tobacco obligations exceed the amount needed to satisfy the appropriations from those funds, transfer all or a portion of that excess cash balance to the GRF, and increase GRF appropriation items 200-901, Property Tax Allocation - Education or 110-901, Property Tax Allocation-Taxation, or both, by up to the amount of cash transferred to the GRF.	Same as the Executive.
(3) Determine the amount of capital appropriations in CAP-770, School Building Assistance Program, transfer cash to School Facilities Commission (Fund 5E3) in an amount necessary to fully expend the amount of net proceeds deposited into the School Building Program Assistance	Same as the Executive.

As Introduced (Executive)	As Reported by House Finance and Appropriations
Fund (Fund 032) from the issuance of those tobacco obligations, and increase the appropriations for CAP-770 and SSR appropriation item 230-644, Operating Expenses (for SFC), by the necessary amount.	
(4) Determine the amount of additional capital appropriations necessary to fully expend the amount of net proceeds deposited from the issuance of those tobacco obligations into the Higher Education Improvement Fund (Fund 034).	Same as the Executive.
(5) Reduce the amount of authorization to issue and sell general obligations to pay the costs of capital facilities for a system of common schools throughout the state granted to the Ohio Public Facilities Commission by prior acts of the General Assembly to reflect the amount of net proceeds of those tobacco obligations deposited into the Higher Education Improvement Fund (Fund 034) that are intended to replace general obligations for that purpose.	Same as the Executive.
(6) Reduce the amount of authorization to issue and sell general obligations to pay the costs of capital facilities for state supported and state assisted higher education institutions granted to the Ohio Public Facilities Commission by prior acts of the General assembly to reflect the amount of net proceeds of those tobacco obligations deposited into the Higher Education Improvement Fund (Fund 034) that are intended to replace general obligations for that purpose.	Same as the Executive.
Requires the Office of Budget and Management to make a report to the Controlling Board, at its next regularly scheduled meeting, when any of these determinations, transfers, and increases or decreases in appropriations and authorizations described above have been completed.	Same as the Executive.

As Introduced (Executive)	As Reported by House Finance and Appropriations
Local Government Provisions	
820 (CD-515-MIS) Additional Authority for Certain Counties to Establish and Fund Convention Centers	
R.C. *307.695*	**R.C. *307.695***
Authorizes counties with a population greater than 400,000, but less than 500,000 to establish and provide local funding options for constructing and equipping a convention center in addition to that funding authority currently granted. **Fiscal effect: Certain counties that were unable to finance a convention center under current law may now be able to finance the construction and equipping of convention centers under this provision. As of this time, population figures show that only Lucas County would qualify for this provision.**	Same as the Executive.
821 (CD-925-MIS) Bidding Threshold for Joint Fire and Ambulance Districts	
	R.C. *505.376*
No provision.	Raises the threshold for expenditures by a joint fire and ambulance district (other than employee salaries) above which competitive bidding procedures apply from $25,000 to $50,000. **Fiscal effect: Increasing the competitive bidding threshold could potentially result in fewer contracts needing to be bid, potentially decreasing the administrative costs associated with the contracting process.**

As Introduced (Executive)	As Reported by House Finance and Appropriations

822 (CD-926-MIS) Maintenance and Beautification of Township Cemeteries

	R.C. ***517.08***
No provision.	Permits townships to use the proceeds from selling cemetery lots to maintain and beautify cemetery grounds.

823 (CD-959-MIS) Prosecution of State Crimes in Greene County

	R.C. ***1901.34***
No provision.	Authorizes the Greene County Board of County Commissioners to provide for the prosecution of all violations of state law arising within the jurisdiction of any municipal court located within Greene County.
Fiscal effect: No provision.	**Fiscal effect: As of this writing, the potential fiscal implications of this permissive provision on jurisdictions located with the geographical boundaries of Greene County are uncertain.**

824 (CD-975-MIS) Enforcement of Traffic Laws on Streets Located Immediately Adjacent to Political Subdivision Boundar

	R.C. ***2935.03, 4513.35***
No provision.	Clarifies that law enforcement officers from one jurisdiction may enforce state traffic laws on all portions of a street that is located in an adjoining jurisdiction when the street is located immediately adjacent to the boundaries of the two jurisdictions. Provides that all fines collected from persons who are charged by law enforcement officers from the adjoining jurisdiction with violations of state traffic laws on such a street are to be paid to the adjoining jurisdiction.
Fiscal effect: No provision.	**Fiscal effect: As of this writing, the nature, and potential magnitude, of the fiscal effects of these provisions on local jurisdictions, if any, is uncertain.**

As Introduced (Executive)	As Reported by House Finance and Appropriations
825 (CD-944-MIS) Child Custody and Military Service	
	R.C. ***3109.04, 3109.041***
No provision.	Allows a parent who is subject to an order allocating parental rights and responsibilities or in relation to whom an action to allocate parental rights and responsibilities is pending to apply to the court for a hearing to expedite an allocation or modification proceeding if a parent subject to such an order or in relation to whom the case is pending is ordered to active military service in the uniformed services (U.S. armed forces, Army National Guard or Air National Guard when engaged in active duty for training, or the commissioned corps of the U.S. Public Health Service) for a period of more than 30 days. Requires the court to schedule a hearing upon receipt of the application and hold the hearing not later than 30 days after receipt of the application, except that the court must give the case calendar priority and handle the case expeditiously if exigent circumstances exist in the case. Specifies that the court cannot modify a prior decree allocating parental rights and responsibilities unless the court determines by clear and convincing evidence that there has been a change in circumstances of the child, the child's residential parent, or either of the parents subject to a shared parenting decree, and that modification is necessary to serve the best interest of the child. Also prohibits the court from considering active military service in the uniformed services in determining whether a change in circumstances exists under this provision. Permits a court to issue a temporary order for the duration

As Introduced (Executive)	As Reported by House Finance and Appropriations
	of the parent's active military service. Contains an immediate effective date for these sections.
Fiscal effect: No provision.	**Fiscal effect: These provisions have no readily discernible fiscal implications for state revenues and expenditures. Some local courts may temporarily forego filing fee revenues that might otherwise have been collected in one fiscal year only to collect it in a subsequent fiscal year. The effect of these potential temporary shifts in the collection of filing fee revenues in any given year is likely to be minimal. Relative to local court operations, the likely potential effect appears to be that the resolution of certain proceedings may be delayed until the service member returns from active duty, and that the affected court may have to take certain actions, for example, review motions and schedule hearings, as a byproduct of such delays. As of this writing, however, the number of proceedings that might be affected in this manner for any given court appears likely to be relatively small and the associated cost would be no more than minimal.**

826 (CD-751-MIS) Membership of Board of Trustees of a Regional Arts and Cultural District

R.C. *3381.04*	R.C. *3381.04*
Increases, from three to five, the number of members of a board of trustees of any regional arts and cultural district created under the alternative procedure by the exclusive action of a county with a population of 500,000 or more.	Same as the Executive.

As Introduced (Executive)	As Reported by House Finance and Appropriations
827 (CD-939-MIS) Apportionment of Election Expenses	
	R.C. ***3501.17***
No provision.	Includes in the list of expenses to be divided between subdivisions conducting elections the costs incurred for intermittent employees of the board of elections, placing and removing voting machines, printing precinct voter registration lists, supplies for printing voter verified paper audit trails, and contractors engaged to prepare, program, test, and operate voting machines. Defines a "subdivision" that must be charged for the costs of conducting an election as any board of county commissioners, board of township trustees, legislative authority of a municipal corporation, board of education, or any other board, commission, district, or authority that is empowered to levy taxes or permitted to receive tax settlement moneys.
Fiscal effect: No provision	**Fiscal effect: Possible increase to subdivision elections costs, along with a broader definition of what constitutes a subdivision. Possible decrease in county expenditures as costs may be passed on to larger group of subdivisions.**
828 (CD-929-MIS) Application of Landlord Registration Law Made Optional	
	R.C. ***5323.011, 753.10***
No provision.	Specifies that the landlord registration law requiring owners of residential property to file identifying information with the county auditor, and, if out of state, to appoint an agent for service of process applies in a county only if the board of county commissioners adopts a resolution declaring the law applies to the county.
	Fiscal effect: Making the landlord registration law optional

As Introduced (Executive)	As Reported by House Finance and Appropriations
	could reduce administrative filing costs for county auditors in those counties where the board of county commissioners opts to not enforce the law.

Other Provisions

829 (CD-834-MIS) Notice of Hearings and Orders Under the Administrative Procedure Act

R.C. *119.07*	**R.C. *119.07***
Requires administrative agencies to send secondary notices of hearings in Administrative Procedure Act adjudications by ordinary mail (instead of personal service or publication in a newspaper as under current law) after a notice of hearing that was sent by certified or registered mail is returned because of a failure of delivery. If that ordinary mail notice is also returned for failure of delivery, requires the agencies to notify the attorneys or other representatives of record. If there are no attorneys or representatives of record, requires the agency to serve the notice either through personal service or publication in a newspaper.	Same as the Executive.
Authorizes an employee or agent of an agency to make personal service of a notice on a party at any time.	Same as the Executive.
Specifies that a refusal of service, either by personal service or by mail, is not a failure of delivery.	Same as the Executive.
Fiscal effect: May reduce the costs incurred by administrative agencies in serving secondary notices of hearings in Administrative Procedure Act adjudications.	**Fiscal effect: Same as the Executive.**
