Detailed Fiscal Analysis

This bill would change the date of the primary election held in presidential election years from the third Tuesday in March to the first Tuesday after the first Monday in March. Sub. S.B. 150 of the 120th General Assembly changed the date of the primary election in presidential election years from May to March. Primaries in non-presidential election years would still be held on the first Tuesday after the first Monday in May.

This bill also authorizes the county central committee of a political party to determine 120 days prior to the next primary election if persons who wish to be candidates for election as members of the central committee of that party need to file a petition signed by five qualified electors with their declarations of candidacy.

This bill has no direct fiscal effect on the state or any political subdivisions.
