STATUS:	**As Reported by Senate State and Local Government and Veterans Affairs**	SPONSOR:	**Rep. Buchy**

LOCAL IMPACT STATEMENT REQUIRED: **No — No local cost**

CONTENTS: **Changes residency requirements of board of education appointments to the recreation board**

State Fiscal Highlights

- No direct fiscal effect on the state.

Local Fiscal Highlights

- No direct fiscal effect on political subdivisions.

Detailed Fiscal Analysis

The bill permits board of education members (or their appointees) to be representatives at the recreation board, even if the representative in question is a resident of the school district but not a resident of the municipality for the recreation board. Currently, Ohio Revised Code requires the board of education's representative to be both a resident of the school district and the municipality. The change in residency requirements has no direct fiscal impact on school districts.
