### **ACT SUMMARY**

- Eliminates the prohibition against an employee or officer of an institution of higher education serving on the State Board of Education.

---

### **CONTENT AND OPERATION**

The act eliminates the prohibition against an employee or officer of a public or private college, university, or other institution of higher education serving on the State Board of Education. It keeps intact a prohibition against a State Board member's being an employee or officer of a "public or private school," but specifies that this remaining restriction applies only to employees and officers of "elementary and secondary schools," not higher education institutions. It likewise leaves intact the prohibition against a Board member's holding "any other public position of trust or profit." (Sec. 3301.03.)
