123rd General Assembly  
(As Reported by H. Transportation and Public Safety)

**Reps. Barnes, Clancy, Bender, Britton, Krupinski, Robinson, Perry**

---

**BILL SUMMARY**

- Requires temporary license placards to bear a distinctive combination of six letters, numerals, or letters and numerals, and to incorporate a security feature that, to the greatest degree possible, prevents tampering with the information entered upon a placard.

---

**CONTENT AND OPERATION**

**Temporary license placards**

Under current law, a purchaser of a motor vehicle may be issued a temporary license placard or windshield sticker for the vehicle. The purchaser must execute an affidavit that the person has not been issued previously during the current registration year a license plate registration that could legally be transferred to the vehicle. A temporary placard or windshield sticker is issued only for the applicant's use of the vehicle to enable the applicant to legally operate the motor vehicle while proper title and license plate registration are being obtained. It cannot be displayed on any other motor vehicle. Temporary windshield placards or windshield stickers are valid for a period of 30 days from date of issuance and are not renewable.

Under the bill, temporary license placards must bear a distinctive combination of six letters, numerals, or letters and numerals and must incorporate a security feature that, to the greatest degree possible, prevents tampering with any of the information that is entered upon a placard when it is issued (R.C. 4503.182(E)).
