### **CONTENT AND OPERATION**

#### **Display, care, and disposal of the state flag**

##### **Display of the state flag--in general**

The bill encourages the display of the state flag at all state buildings and public institutions, such as public school buildings and state parks, and sets forth certain requirements that appear to apply to *that display* as well as to the display of the state flag *generally in Ohio*. If the state flag is displayed, it (1) may be flown every day when the weather permits and (2) must be flown from sunrise until sunset on all national and state holidays and on any other days that the Governor proclaims. The state flag also may be flown at night when properly lighted. When the state flag is displayed outdoors, it must be flown from a flagpole or staff. Any staff from which the state flag is flown must be at least two and one-half times as long as the state flag. (Sec. 5.012(A).)

##### **Display of the United States flag and the state flag at the same time**

When the state flag and the United States flag are displayed at the same time, the bill requires that they be approximately the same size and that the state

flag must not be larger than the United States flag. When the state flag and United States flag are displayed together against a wall from crossed staffs, the state flag must be on the left of the United States flag, and the staff supporting the state flag must be behind the staff supporting the United States flag. When the state flag is flown from the same halyard as the United States flag, the state flag must be displayed beneath the United States flag. When the state flag is carried in a procession in which the United States flag is unfurled, the state flag must be displayed on the marching left of the United States flag. (Sec. 5.012(B).)

### **Display of the state flag at the State House**

The bill requires that the state flag be displayed on the grounds of the State House when any executive or legislative branch of the state government is in session. No flag generally can be displayed at the State House unless it directly represents the United States government, the military of the United States, the government of Ohio (i.e., the state flag), the government of an other state, or a local government in Ohio. Flags representing other countries may be displayed at the State House upon request and with the express approval of the Capitol Square Review and Advisory Board. (Sec. 5.012(C).)

### **Care and disposal of the state flag**

The bill provides that the state flag must be washed or dry cleaned when soiled and may be repaired. When the state flag is damaged beyond repair, it must be destroyed privately either by (1) cutting it into small pieces and burning it until only ashes remain or (2) sealing it in a plastic bag or box before discarding it in a trash collection. (Sec. 5.012(D).)

### **Pledge to the state flag**

The bill adopts the following as the official pledge to the state flag: "I salute the flag of the State of Ohio and pledge to the Buckeye State respect and loyalty." The pledge must not replace, preempt, or be recited before the pledge of allegiance to the United States flag. (Sec. 5.013.)

### **Symbolism of the state flag**

The bill states that (1) the three red and two white horizontal stripes in the state flag *represent the roads and waterways of the state*, (2) the 17 five-pointed stars, white in a blue triangular field, in the union of the state flag *represent the state's hills and valleys*, (3) the 13 stars grouped around the white circular "O" in the state flag represent the original states of the United States, (4) the four stars added to the peak of the triangle on the state flag symbolize that Ohio was the 17th state admitted to the union, and (5) the white circular "O" in the state flag

represents the "O" in "Ohio" and suggests the state's nickname, the Buckeye State (sec. 5.01).
