CONTENT AND OPERATION

Introduction

The bill establishes two new ways to provide authority to a grandparent of a child to exercise care, custody, and control over a child who resides with the grandparent. It permits the execution of a power of attorney or a caretaker authorization affidavit that provides authority over the care, custody, and control of the child, including the ability to enroll the child in school in the district in which the grandparent resides and to consent to medical care for the child. The power of attorney may be executed by the parent, guardian, or custodian of the child.¹ A caretaker authorization affidavit may be executed by a grandparent in situations in which the child's parents, guardian, or custodian cannot be located.

¹For the purposes of the bill, terms have the following meanings:

"Child" means "a person under 18 years of age." (R.C. 3109.51(A).)

"Guardian" means an individual granted authority by a probate court to exercise parental rights over a child to the extent provided in the court's order and subject to the residual parental rights, privileges, and responsibilities of the child's parents. (R.C. 3109.51(C).)

"Residual parental rights, privileges, and responsibilities" mean those rights, privileges, and responsibilities remaining with the natural parent after the transfer of legal custody of the child, including the privilege of reasonable visitation, consent to adoption, the privilege to determine the child's religious affiliation, and the responsibility for support. (R.C. 2151.011(B)(45), not in the bill; see also R.C. 3109.51(C).)

"Custodian" means "an individual with legal custody of a child." (R.C. 3109.51(B).)

"Legal custody" means a legal status that vests in the custodian the right to have physical care and control of the child and to determine where and with whom the child is to live, and the right and duty to protect, train, and discipline the child and to provide the child with food, shelter, education, and medical care, all subject to any residual parental rights, privileges, and responsibilities. An individual granted legal custody must exercise the rights and responsibilities personally unless otherwise authorized by the Revised Code or the court. (R.C. 2151.011(B)(19), not in the bill; see R.C. 3109.51(D).)

Power of attorney

Creation

(R.C. 3109.52 and 3109.57)

The bill permits the parent, guardian, or custodian of a child to create a power of attorney that grants certain rights and responsibilities regarding the care, custody, and control of the child to a grandparent with whom the child is residing. Those rights and responsibilities include the ability to enroll the child in school and the authority to consent to medical, psychological, or dental treatment for the child. The power of attorney also grants the authority to obtain the child's educational and behavioral information from the school district and to consent to all school-related matters regarding the child. The grandparent to whom the authority is granted becomes the "attorney in fact."

The power of attorney may not grant authority to consent to the marriage or adoption of the child. Further, it does not affect the rights of the parent, guardian, or custodian in any future proceeding concerning the custody or allocation of parental rights and responsibilities for the care of the child. The power of attorney does not grant legal custody to the attorney in fact.

A parent, guardian, or custodian can create a power of attorney only in certain circumstances, including cases involving the serious illness or incarceration of the parent, guardian, or custodian. The other situations in which a power of attorney may be executed are (1) when the parent, guardian, or custodian is about to be incarcerated, temporarily unable to provide financial support or parental guidance, temporarily unable to provide adequate care and supervision due to a physical or mental condition, homeless or without residence because the current residence is destroyed or uninhabitable, or in or about to enter a residential treatment program for substance abuse, or (2) when the parent, guardian, or custodian has a well-founded belief that it is in the child's best interest.

If one parent is deceased, the other may execute a power of attorney for any reason.

Form requirements

(R.C. 3109.53 and 3109.54)

The bill provides that to create a power of attorney, a parent, guardian, or custodian must use a form identical in form and content to the one provided in the bill.² It must be signed by both the parent, guardian, or custodian granting it and

² *The power of attorney form is set forth in the COMMENT section of this analysis.*

the person designated as the attorney in fact. The signatures must be notarized. The child's social security number is not required to appear on the power of attorney for it to be effective .

Execution by parent

(R.C. 3109.56 and 3109.57)

The bill provides that if the parents are married to each other and living as husband and wife, or if the child is the subject of a shared parenting order the power of attorney must be executed by both parents. Likewise, if the child is the subject of a custody order, the power of attorney must be executed by both parents unless one of the following applies regarding the parent who is not the residential parent and legal custodian: (1) the parent is prohibited from receiving a notice of relocation under Ohio law,³ (2) the parent's parental rights have been terminated by a juvenile court, or (3) the parent cannot be located with reasonable efforts. In all other cases, the power of attorney may be executed only by one of the following persons: (1) the parent who is the residential parent and legal custodian of the child,⁴ or (2) in cases in which there is no order designating a parent as the residential parent and legal custodian of the child and the Revised Code provision governing custody of children born to unmarried females does not apply, the parent with whom the child resides the majority of the school year.

Notice to parent

(R.C. 3109.55)

A parent who creates a power of attorney pursuant to the bill must send notice to the parent who is not the residential parent and legal custodian unless one of the following applies regarding that parent: (1) the parent is prohibited from receiving a notice of relocation under Ohio law,⁵ (2) the parent's parental rights have been terminated by a juvenile court, or (3) the parent cannot be located with reasonable efforts. The notice must be sent by certified mail not later than five days after the power of attorney is created. The notice must include the name and address of the person designated as the attorney in fact.

³ See R.C. 3109.051.

⁴ This is determined either by court order or by the Revised Code provision governing custody of children born to unmarried females. (R.C. 3109.56(B)(1).)

⁵ See R.C. 3109.051.

Termination

(R.C. 3109.59 and 3109.60)

The power of attorney terminates on the occurrence of whichever of the following events occurs first: (1) one year elapses following the date it is notarized, (2) written revocation by the person who created it, (3) the child ceases to reside with the grandparent designated as the attorney in fact, (4) it is terminated by court order, (5) the death of the child who is the subject of the power of attorney, or (6) the death of the grandparent designated as the attorney in fact. If a power of attorney terminates because the person who created it revokes it in writing, a copy of that revocation must be filed as follows within five days of the termination: (1) with the public children services agency (PCSA) with which the power of attorney was filed, and (2) if the revoked power of attorney was a second or subsequent power of attorney, with the juvenile court the power of attorney was filed with on creation.⁶

When a power of attorney terminates other than by the death of the grandparent designated as the attorney in fact, the grandparent is required to provide written notification to all of the following: the school district in which the child attends school, the child's health care providers, the child's health insurance coverage provider, the public children services agency (PCSA) with which it was filed, the nonresidential parent who is not the legal custodian and who is required to be given notice of the creation of the power of attorney, and any other person or entity that has an ongoing relationship with the child or grandparent such that the person or entity would reasonably rely on the power of attorney unless notified of the termination. The grandparent must give the notices not later than one week after the date of the termination.

Immunity

(R.C. 3109.61)

The bill provides that a person who, in good faith, relies on or takes action in reliance on a power of attorney created under the bill is immune from any criminal or civil liability for injury, death, or loss to persons or property that might otherwise be incurred or imposed solely as a result of the person's reliance or action. Similarly, the person is not to be subjected to any disciplinary action from an entity that licenses or issues a certificate to the person. Any medical, psychological, or dental treatment provided to a child in reliance on the power of

attorney is to be considered to have been provided in good faith if the person providing the treatment had no actual knowledge of opposition by the parent, guardian, or custodian. The bill provides that the immunity does not apply regarding actions that are wanton, reckless, or inconsistent with the ordinary standard of care required to be exercised by anyone acting in the same capacity.⁷

Military power of attorney

(R.C. 3109.62)

The bill provides that a military power of attorney executed pursuant to federal law⁸ that grants a person's rights and responsibilities regarding the care, custody, and control of the person's child, including the ability to enroll the child in school and to consent to medical, psychological, or dental treatment for the child must be considered a power of attorney created under the bill, as long as the military power of attorney remains in effect.

Caretaker authorization affidavit

Creation

(R.C. 3109.65)

The bill generally provides that if a child is living with a grandparent who has made reasonable attempts to locate and contact both of the child's parents, or the child's guardian or custodian, but has been unable to do so, the grandparent may obtain authority to exercise care, custody, and control of the child. This authority includes the ability to enroll the child in school and to consent to medical, psychological, or dental treatment for the child.⁹ The grandparent may

⁷ "Wanton" means "[u]nreasonably or maliciously risking harm while being utterly indifferent to the consequences." (Black's Law Dictionary 1576 (7th ed. 1999).)

"Reckless" means "[c]haracterized by the creation of a substantial and unjustifiable risk of harm to others and by a conscious (and sometimes deliberate) disregard for or indifference to that risk; heedless; rash. Reckless conduct is much more than negligence: it is a gross deviation from what a reasonable person would do." (Black's Law Dictionary 1276 (7th ed. 1999).)

⁸ Section 574(a) of the National Defense Authorization Act for Fiscal Year 1994, 10 U.S.C. 1044b.

⁹ Also included are the authority to discuss the child's educational progress with the school district and the ability to consent to all school related matters regarding the child.

obtain this authority by executing the caretaker authorization affidavit form provided in the bill.¹⁰

Inability to locate or contact either parent. While the bill generally requires that the grandparent be unable to locate or contact either parent before an affidavit may be executed, there are certain situations in which this is not required. Under the bill, if the child is the subject of a custody order, the grandparent does not have to attempt to locate a parent (1) who is prohibited from receiving a notice of relocation, or (2) whose parental rights have been terminated by a juvenile court. In addition, if the child's paternity has not been established, the grandparent is not required to attempt to locate the child's father.

Execution of affidavit

(R.C. 3109.67 and 3109.69)

A caretaker authorization affidavit is executed when the affidavit form provided in the bill is completed, signed by the grandparent, and notarized. Once the affidavit is executed, the grandparent may exercise care, custody, and control of the child, including enrolling the child in school and consenting to medical, psychological, or dental treatment for the child. The affidavit does not affect the rights and responsibilities of the parent, guardian, or custodian regarding the child, does not grant legal custody to the grandparent, and does not grant authority to the grandparent to consent to the marriage or adoption of the child.

Termination

(R.C. 3109.70 and 3109.71)

An executed caretaker authorization affidavit terminates on the occurrence of whichever of the following occurs first: (1) one year elapses following the date the affidavit is notarized, (2) the child ceases to reside with the grandparent who executed the affidavit, (3) the parent, guardian, or custodian of the child acts in accordance with the bill to negate, reverse, or otherwise disapprove an action or decision of the grandparent, (4) the affidavit is terminated by court order, (5) the grandparent's death, or (6) the death of the child who is the subject of the affidavit. When an affidavit terminates other than by the death of the grandparent, the grandparent must notify, in writing, the school district in which the child attends school, the child's health care providers, the child's health insurance coverage provider, the public children services agency in which the affidavit was filed, and

¹⁰ *The caretaker authorization affidavit must be identical in both form and content to the one provided in the bill. That affidavit is set forth in the **COMMENT** portion of this analysis.*

any other person or entity that has an ongoing relationship with the child or grandparent such that the person or entity would reasonably rely on the affidavit unless notified of the termination. The grandparent must make the notifications not later than one week after the date the affidavit terminates.

Negation, reversal, or disapproval of the grandparent's actions

(R.C. 3109.72)

The bill provides that the parent, guardian, or custodian of a child may negate, reverse, or otherwise disapprove any action taken or decision made pursuant to a caretaker authorization affidavit unless it would jeopardize the life, health, or safety of the child. To do so, written notice of the negation, reversal, or disapproval must be delivered to the caretaker and the person responding to the caretaker's action or decision in reliance on the affidavit. The act to negate, reverse, or disapprove the action or decision, regardless of whether it is effective, terminates the affidavit.

Immunity

(R.C. 3109.73)

The bill provides that a person who, in good faith, relies on or takes action in reliance on a caretaker authorization affidavit is immune from criminal or civil liability for injury, death, or loss to persons or property that might otherwise be incurred or imposed solely as a result of the reliance or action. Further, the person is not subject to any disciplinary action from an entity that licenses or certifies the person. Any medical, psychological, or dental treatment provided to a child in reliance on an affidavit is to be considered to have been provided in good faith if the person providing the treatment had no actual knowledge of opposition by the parent, guardian, or custodian. The bill does not provide immunity from civil or criminal liability to any person for actions that are wanton, reckless, or inconsistent with the ordinary standard of care required to be exercised by anyone acting in the same capacity.

Filing of documents

(R.C. 3109.75 and 3109.76)

A person who creates a power of attorney or executes a caretaker authorization affidavit authorized by the bill must file the document with the PCSA of the county in which the grandparent creating it resides. A power of attorney must be accompanied by a receipt showing that notice of creation of the power of attorney was sent by certified mail to the parent who is not the residential parent and legal custodian. The required documents must be filed with the

appropriate PCSA not later than five days after the creation of the power of attorney or execution of the affidavit. On request of specified persons, the PCSA must verify the filing of a power of attorney or caretaker affidavit.¹¹

Limitations

When execution of a power of attorney or caretaker authorization affidavit is not permitted

(R.C. 3109.58 and 3109.68)

The bill provides that a power of attorney or caretaker authorization affidavit created under the bill may not be executed while any of the following proceedings are pending regarding the child:

(1) A proceeding for the appointment of a guardian for, or the adoption of, the child;

(2) A juvenile proceeding in which one of the following applies: (a) the temporary, permanent, or legal custody of the child or the placement of the child in a planned permanent living arrangement has been requested, (b) the child is the subject of an *ex parte* emergency custody order and no shelter care hearing has been held regarding the child, or (c) the child is the subject of a temporary custody order;¹²

¹¹ *The bill requires the PCSA to verify the filing of these documents to (1) the person in charge of admissions of a school or (2) any of the following persons who are required to report suspected child abuse or neglect: an attorney; physician; dentist; podiatrist; practitioner of massage therapy, cosmetic therapy, naprapathy, or mechanotherapy; nurse; other health care professionals; psychologist or school psychologist; marriage and family therapist; speech pathologist or audiologist; coroner; administrator or employee of a child day-care center, residential camp or child day camp, or certified child care agency or other public or private children services agency; school teacher, employee, or authority; person engaged in social work or the practice of professional counseling; agent of a county humane society; or person rendering spiritual treatment through prayer in accordance with the tenets of a well-recognized religion. (R.C. 3109.76; R.C. 2151.421 and 4731.15, not in the bill.)*

¹² *"Temporary custody" means "legal custody of a child who is removed from the child's home, which custody may be terminated at any time at the discretion of the court or, if the legal custody is granted in an agreement for temporary custody, by the person who executed the agreement." (R.C. 2151.011(B)(52), not in the bill.)*

"Permanent custody" means "a legal status that vests in a public children services agency or a private child placing agency, all parental rights, duties, and obligations,

(3) A proceeding for divorce, dissolution, legal separation, annulment, or allocation of parental rights and responsibilities.

One power of attorney or caretaker authorization affidavit

(R.C. 3109.81)

The bill provides that only one power of attorney or caretaker authorization affidavit may be in effect for a child at any time.

Purpose restriction

(R.C. 3109.79)

The bill provides that no person is permitted to create a power of attorney or execute an affidavit pursuant to the bill for the purpose of enrolling the child in a school or school district so that the child may participate in the interscholastic athletic programs or academic programs provided. A person who violates this prohibition is guilty of falsification and such a power of attorney or affidavit is void as of the date of its creation or execution.¹³

including the right to consent to adoption, and divests the natural parents or adoptive parents of all parental rights, privileges, and obligations, including all residual rights and obligations." (R.C. 2151.011(B)(30), not in the bill.)

"Planned permanent living arrangement" means an order of a juvenile court that gives legal custody of a child to a public children services agency or a private child placing agency without the termination of parental rights, and permits the agency to make an appropriate placement of the child and enter into a written agreement with a foster care provider or with another person or agency with whom the child is placed. (R.C. 2151.011(B)(36), not in the bill.)

"Shelter care" means "the temporary care of children in physically unrestricted facilities, pending court adjudication or disposition." (Ohio Rules of Juvenile Procedure 2 (Anderson 2002), not in the bill.)

¹³ *Falsification is a first degree misdemeanor, punishable by up to six months in jail, a fine of up to \$1,000, or both (R.C. 2921.13).*

Child support

(R.C. 3109.80)

A power of attorney or caretaker affidavit created or executed pursuant to the bill does not affect enforcement of a child support order unless a child support enforcement agency or court, as appropriate, issues an order providing otherwise.

Second or subsequent power of attorney or caretaker authorization affidavit

(R.C. 3109.77 and 3109.78)

The bill provides that if a second or subsequent power of attorney or caretaker authorization affidavit regarding the same child is created or executed the person who created or executed it must file it with the juvenile court of the county in which the grandparent resides. On filing, the court must schedule a hearing to determine whether the power of attorney or affidavit is in the child's best interest. The court must provide notice of the date, time, and location of the hearing to all of the parties. This notice must also be given to the parent who is not the residential parent and legal custodian if that parent is not prohibited from receiving a notice of relocation under Ohio law. The hearing must be held within ten days of the filing of the power of attorney or affidavit. At the hearing, the parties and the non-residential parent may present evidence and be represented by counsel.

The bill provides that, at the conclusion of the hearing, the court may do any of the following that it determines is in the child's best interest: (1) approve the power of attorney or affidavit, (2) issue an order terminating the power of attorney or affidavit and ordering the child returned to the parent, guardian, or custodian, or (3) treat the filing of the power of attorney or affidavit as a petition for legal custody and award legal custody to the grandparent. If the court approves the power of attorney or affidavit, it remains in effect until otherwise terminated under the bill's provisions. If the court issues an order terminating the power of attorney or affidavit, but the child's parent, guardian, or custodian cannot be located, the court is required to treat the filing as a complaint that the child is a dependent child.¹⁴

¹⁴ A "dependent child" is

... any child:

(A) *Who is homeless or destitute or without adequate parental care, through no fault of the child's parents, guardian, or custodian;*

The bill requires the court to conduct a *de novo*¹⁵ review of an order issued under this provision if the parent who is not the residential parent and legal custodian (1) did not appear at the hearing from which the order was issued, (2) was not represented by counsel at the hearing, and (3) filed a motion with the court within 14 days of receiving notice of the hearing.

Where the child may attend school

(R.C. 3313.64 and 3313.649)

Under current law, a child must be admitted to the schools of the school district in which the child's parent resides. Current law defines "parent" to include either parent, unless the parents are legally separated or their marriage has been terminated, in which case, "parent" means the parent who is the residential parent and legal custodian of the child.¹⁶ The bill amends the definition of "parent" to

(B) Who lacks adequate parental care by reason of the mental or physical condition of the child's parents, guardian, or custodian;

(C) Whose condition or environment is such as to warrant the state, in the interests of the child, in assuming the child's guardianship;

(D) To whom both of the following apply:

(1) The child is residing in a household in which a parent, guardian, custodian, or other member of the household committed an act that was the basis for an adjudication that a sibling of the child or any other child who resides in the household is an abused, neglected, or dependent child.

(2) Because of the circumstances surrounding the abuse, neglect, or dependency of the sibling or other child and the other conditions in the household of the child, the child is in danger of being abused or neglected by that parent, guardian, custodian, or member of the household.

(R.C. 2151.04, not in the bill.)

¹⁵ "De novo" means "anew." Black's Law Dictionary 447 (7th ed. 1999). In a de novo review, the judge reviews the evidence and law without deference to the previous ruling. See Black's Law Dictionary 94 (7th ed. 1999).

¹⁶ When a child is in the legal custody of a government agency or a person other than the child's natural or adoptive parent, "parent" means the parent with residual rights and responsibilities. When a child is in the permanent custody of a government agency or a person other than the child's natural or adoptive parent, "parent" means the parent who was divested of parental rights and responsibilities for the care of the child and the right

provide that when a child is the subject of a power of attorney executed under the bill, "parent" means the grandparent designated as the attorney in fact under the power of attorney and when a child is the subject of a caretaker authorization affidavit, "parent" means the grandparent that executed the affidavit. Therefore, the child may attend school in the district in which the grandparent resides.

Documents provided to school

(R.C. 3313.672)

Under current law, at the time of initial entry to a public or nonpublic school, a pupil must present the following to the person in charge of admission: any records given the pupil by the school the pupil most recently attended; a certified copy of an order or decree, or modification of such an order or decree governing custody of the child; and a birth certificate or comparable certificate for the child. The bill includes as one of the items to be provided on initial entry into school a copy of a power of attorney or caretaker authorization affidavit, if either has been executed with respect to the child. The bill also requires that whenever a power of attorney or caretaker affidavit is executed under the bill that pertains to a pupil in a public or nonpublic school, the grandparent must notify the school of the power of attorney by providing the person in charge of admission with a copy of the power of attorney or affidavit.

Application of school suspension law

(R.C. 3313.66)

Under current law, any school district, after offering an opportunity for a hearing, may temporarily deny admittance to any pupil if (1) the pupil has been suspended from school under Ohio law and the period of the suspension has not expired or (2) the pupil has been expelled from school under Ohio law and the period of expulsion has not expired. Current law also provides that any school district, after opportunity for a hearing, may temporarily deny admittance to any pupil if the pupil has been expelled or otherwise removed for disciplinary purposes from a public school in another state and the period of expulsion or removal has not expired.

The bill clarifies that the above provisions are applicable to a child who is the subject of a power of attorney or caretaker authorization affidavit.

to have the child live with the parent and be the legal custodian of the child and all residual parental rights, privileges, and responsibilities.
