---

**CONTENT AND OPERATION**

**Functions**

The bill creates the Local Government Public Notice Task Force to study the public notice requirements in the Revised Code for local governments and to determine (1) if the public notices are still needed and (2) if there are other ways to fulfill those requirements, such as by the use of media or technology other than those currently mandated. Then, the Task Force must determine if any changes would enhance public availability and provide cost savings to local governments. (Section 1(A) and (C).)

Not later than one year after the bill's effective date, the Task Force must prepare and submit a report of its findings and recommendations on whether to change local government public notice requirements to the Governor, the Senate President and Minority Leader, and the House Speaker and Minority Leader.
