Bill Analysis

Legislative Service Commission

H.B. 155*

127th General Assembly
(As Introduced)

Rep. Setzer

BILL SUMMARY

- Directs the General Assembly to establish a Science, Technology, Engineering, and Mathematics (STEM) school system to (1) create public schools that graduate students who have the knowledge and skills to live and work in the 21st Century global economy, (2) generate a talent base that will establish Ohio as a magnet and global leader in attracting, educating, and producing professionals needed to create innovations for the betterment of all citizens, and (3) foster increases in the number of Ohio citizens studying and working in STEM fields.
