H.B. 496

130th General Assembly
(As Introduced)

Reps. Pillich, Bishoff, Strahorn, R. Hagan

BILL SUMMARY

- Requires the assignment of an additional identifier in the statewide Education Management Information System to each student who has a parent or guardian who is a member of the United States Armed Forces, a reserve unit, or the Ohio National Guard.

CONTENT AND OPERATION

Additional identifier in Education Management Information System

The bill requires the assignment of an additional identifier in the statewide Education Management Information System (EMIS) to each student who has a parent or guardian who is a member of the Armed Forces of the United States, a reserve unit, or the Ohio National Guard.¹ Continuing law specifies the elements that the State Board of Education must prescribe in its data gathering guidelines for EMIS. EMIS is the statewide electronic database of public school fiscal, staff, and student data maintained by the Department of Education. Data submitted to EMIS is used to determine funding for school districts and to compile the district and building report cards issued by the Department.²
