AGRCD10 Seed sharing and seed libraries

R.C. 907.091, 907.01

Exempts seed libraries and participants in seed swap events or non-commercial seed sharing from seed labeling, permitting, and sales reporting requirements if certain conditions are met, including that any seed must be exchanged without remuneration.

No provision.

Defines (1) a seed library as a non-profit, governmental, or cooperative organization that facilitates the donation, exchange, preservation, and dissemination of seeds, free of charge; and (2) a seed swap event as an organized and publicly promoted event where non-commercial seed sharing takes place.

No provision.

Disqualifies seed sharing activities from the bill's exemption if seeds are provided for compensation or shared with an expectation that seeds must be returned in exchange.

No provision.

Requires non-commercial seed sharing participants, seed libraries, and organizers of seed swap events to maintain a seed log that identifies certain information, such as the source of all seeds received by the seed library or offered for exchange during seed swap events.

No provision.

Allows AGR to (1) request access and review the seed log at any time and (2) enter any public or private place of business to gain access to any seeds for sampling or any records.

AGRCD13 Agricultural commodity handlers - claims

No provision.

R.C. 926.18

Revises several of the circumstances under which claims by a depositor of agricultural commodities with an agricultural commodity handler who fails to pay the depositor are reimbursed at 100% from the Agricultural Commodity Depositors Fund (Fund 4980) by doing the following if the handler's license is suspended: (1) If the handler failed to pay for the commodities on or before the suspension date, increasing the number of days by which the commodities had to be priced prior to suspension from 30 days to 45 days; (2) If there is a deferred payment agreement between the depositor and the handler: (a) increasing the number of days by which the commodities had to be priced prior to the suspension from 90 days to 365 days, and (b) increasing the number of days by which payment for the commodity must be made pursuant to the agreement from 90 days to 365 days following the date of delivery; and (c) requiring that the agreement between the handler and depositor be signed.

No provision.

Adds that reimbursement must occur at 100% if the commodities were delivered and marketed under a delayed price agreement up to two years prior to the commodity handler's license suspension. Stipulates that the fund has no liability if the delayed price agreement was entered into more than two years prior to the commodity handler's license suspension.

No provision.

If a commodity depositor's loss involves circumstances other than those at which reimbursement is required at 100% under existing law or the amendment, decreases the fund's liability to an amount equal to 75% of the loss, rather than 100% of the first \$10,000 and 80% of the remaining dollar value of that loss.

Fiscal effect: This provision will likely increase amounts paid to depositors from the Agricultural Commodity Depositors Fund (Fund 4980), which has a April 2023 balance of approximately \$15.8 million.
