Purpose: This line item provides the debt service on federal grant anticipated revenue vehicle bonds (GARVEEs). GARVEE bonds are considered an innovative financing tool by leveraging federal motor fuel tax revenues appropriated from the federal Highway Trust Fund. Limited growth in both state and federal motor fuel tax revenues and the rising costs of construction materials and fuel led the Department of Transportation to use the proceeds from GARVEE bonds to offset a portion of the cost of increased construction material costs as well as cover Major/New projects and other program needs, the rationale being that the overall inflation rate applied to construction materials is likely to exceed the interest rate of bond debt.

Transportation to use the proceeds from GARVEE bonds to offset a portion of the
cost of increased construction material costs as well as cover Major/New projects
and other program needs, the rationale being that the overall inflation rate applied to
construction materials is likely to exceed the interest rate of bond debt.

Legal Basis: Section 203.10 of Am. Sub. H.B. 67 of the 127th G.A.

Purpose:This line item will help support the new State Infrastructure Bank Bond Program.
The bond program will leverage incoming SIB loan repayments to allow local
governments to complete certain project phases more quickly. The appropriations
will be used in case ODOT sells the project on behalf of the local government and is
required to pay the contractor directly. In that instance, ODOT would request the
cash from the trustee to support the payment.

Legal Basis: Discontinued line item (originally established by Am. Sub. H.B. 68 of the 126th G.A.)

Purpose: Moneys appropriated to this line item were used to pay the debt service on bonds issued to build major/new construction projects. The Department of Transportation has instead used the proceeds from GARVEE bonds to offset a portion of the increase in construction material costs as well as cover Major/New projects and other program needs. The debt service on these GARVEE bonds is paid from appropriation items 772-438, GARVEE Debt Service-Federal and 772-437, GARVEE Debt Service-State.

Purpose: This line item represents the state share of aviation infrastructure projects funded through the State Infrastructure Bank.

Legal Basis: Discontinued line item (originally established by Am. Sub. H.B. 68 of the 126th G.A.)

Purpose:This line item was used to fund semi-annual payments for the lease of the Michael
A. Fox Highway. The lease payments enabled the Butler County Transportation
Improvement District to make principal and interest payments on bonds issued to
build the highway.

| Purpose: | This line item funds Major/New construction projects with Grant Anticipated Revenue Vehicles (GARVEE) bonds issued against and retired with ODOT's federa highway revenues. All of GARVEE bond revenues will be allocated to the Major/New program over the biennium. In the past, ODOT has used GARVEE bonds to finance unusually large construction projects such as the Spring-Sandusky interchange and the Maumee River Crossing Bridge. New in FY 2008, the debt service on these bonds will be paid out of the Highway Operating Fund (Fund 002). Also, note that though the fund group and the appropriation item reference the "Infrastructure Bank" they actually have nothing to do with the State Infrastructure Bank Bond and Loan Program. | | | | | | |

Proceeds from bonds are issued against, and retired with ODOT's state motor fuel tax revenues. | | | | |
| Legal Basis: | ORC 5528.53; Section 203.10 of Am. Sub. H.B. 67 of the 127th G.A. (originally established by Am. Sub. H.B. 107 of the 121st G.A.) | | | | |
| Purpose: | This line item is used for Major/New highway construction projects. Bonds sales ar dependent on cash needs from project expenditures. The debt service on the state bonds is paid from motor fuel tax revenues from the Highway Operating Fund (Fun 002). Section 203.20 of Am. Sub. H.B. 67 of the 127th G.A. authorizes the state to issue up to \$290 million in general obligation bonds to finance highway projects. Similar to GARVEE bonds, ODOT uses state highway bonds to finance large construction projects so as not to tie up cash. | | | | |
