**Purpose:** Funds disbursed from the line item are used exclusively for the operation of prisons, specifically correctional institution costs (payroll, purchased services, maintenance, and equipment) directly associated with facility management, facility maintenance, support services, security, and unit management. A relatively small number of the Department's Central Office staff and related operating expenses have also been charged to the line item. Institutional operating costs associated with directly delivering mental health, medical, education, and recovery services programs that benefit inmates are not financed by this line item, but are covered by GRF funds appropriated for that specific programmatic purpose. This includes GRF line items 502-321, 505-321, 506-321, and 507-321.

H.B. 494 of the 109th G.A., effective July 12, 1972, which created two new departments – the Department of Rehabilitation and Correction and the Department of Mental Health and Mental Retardation – by dividing up duties previously assigned to the Department of Mental Hygiene and Correction; prior to that time, the line item was part of the Mental Hygiene and Correction budget)

**Purpose:** The line item provides funds to: (1) pay inmates for their work performed while incarcerated, and (2) cover prisoner release payments, also known as "gate money." Inmates perform a variety of jobs and services within correctional institutions, such as food service, maintenance, and clerical work. Monthly inmate pay runs between \$16 to \$18. Inmates use this money to purchase various items, including snacks, soft drinks, over-the-counter medicines, cigarettes, and toiletries, from each correctional institution's commissary. These funds are actually transferred to, and disbursed from, the Services and Agricultural Fund (Fund 148).

**Legal Basis:** Section 377.10 of Am. Sub. H.B. 119 of the 127th G.A. (originally established by Am. Sub. H.B. 694 of the 114th G.A.; represents a continuation of former GRF subsidy account 501-505, Halfway House)

**Purpose:** The line item funds contractual agreements with governmental and private, nonprofit agencies for the delivery of community residential programs that provide supervision and treatment services to: (1) prison inmates released under transitional control, parole, post-release control, or mental health transition, and (2) offenders placed under community control with a residential sanction by a court of common pleas. In addition to securing offenders a place to stay, these funds purchase ancillary services, including, but not limited to, drug and alcohol abuse treatment, employment assistance, academic and vocational training programs, mental health treatment, and sex offender programming. Statutory authority for these agreements resides in ORC 2967.14.

During FY 2007, the Department's Bureau of Community Sanctions used the line item's appropriations exclusively to contract for a total network of 1,711 halfway house beds statewide with various private, nonprofit agencies. This network of beds served approximately 7,500 offenders annually statewide.

**Legal Basis:** Section 377.10 of Am. Sub. H.B. 119 of the 127th G.A. (originally established by Controlling Board on August 2, 1982)

**Purpose:** The line item funds debt service payments made to the Ohio Building Authority for its obligations incurred as a result of issuing the bonds that cover the Department's capital appropriations. The line item's appropriation authority and actual spending levels are set and controlled by the Office of Budget and Management, and not by the Department. The moneys made available as a result of these bonds have financed the design, construction, renovation, and rehabilitation phases of various departmental capital projects, as well as the construction and renovation costs associated with community projects (community-based correctional facilities, jails, and the like).

**Purpose:** The line item, administered in accordance with ORC 5149.30 to 5149.36, is used to provide a program of grants to eligible counties for the development, implementation, and operation of community corrections programs aimed at felony offenders. Typically, this has meant providing grants to operate intensive supervision, electronic monitoring, day reporting, and other community sanctions programs for felony offenders who would otherwise be committed to the state prison system or local jails in the absence of such alternatives. Department expenditures for administration of this grant program are statutorily prohibited from exceeding 10% of the moneys appropriated for this purpose.

During FY 2007, the line item's appropriations were used by the Department's Bureau of Community Sanctions almost exclusively to provide state financial assistance in the form of grants to a total of 48 community sanctions/diversion programs, with the capacity to serve a total of around 9,700 felony offenders annually in 45 counties.

**Purpose:** In anticipation of the enactment of the Ohio Criminal Sentencing Commission's felony sentencing plan (Am. Sub. S.B. 2 of the 121st G.A.), which would move some offenders from the felony to the misdemeanor side of local criminal justice systems, Am. Sub. H.B. 117, the main operating appropriations act of the 121st G.A., created this line item. It is used to provide a program of subsidies for eligible municipal corporations, counties, and groups of counties for the development, implementation, and operation of community corrections programs that target misdemeanor offenders who would otherwise be confined in a local jail in the absence of such alternatives. This subsidy program is established and administered in accordance with ORC 5149.30 to 5149.36. Department expenditures for administration of this subsidy are statutorily prohibited from exceeding 10% of the money appropriated for this purpose.

During FY 2007, the line item's appropriations were used by the Department's Bureau of Community Sanctions exclusively to provide state financial assistance in the form of grants to support a total of 111 community sanctions/diversion programs, with the capacity to serve a total of around 20,760 misdemeanor offenders annually in 80 counties.

**Purpose:** The line item's appropriations are used exclusively to subsidy funds for the operation of community-based correctional facilities (CBCFs), which can be formed by counties or groups of counties with populations of 200,000 or more. These facilities exist for the diversion of nonviolent felony offenders from state prison and are operated by facility governing boards, which are advised by judicial advisory boards. The state provides 100% of the financing for the construction, renovation, maintenance, and operation of these residential facilities, each of which house up to 200 felony offenders and offer services such as education, job training, and substance abuse treatment as an alternative to incarceration in a state correctional institution. (Any amounts needed beyond a budget agreed to by the Department must be covered by other sources of funding secured by the local facility governing board.) The statutory authority driving this program is contained in ORC 2301.51 to 2301.56, 5120.111, and 5120.112.

As of July 1, 2007 (the start of FY 2008), there were 18 operational CBCFs providing beds to 87 of 88 counties. The total number of available CBCF beds stood at 1,944, which permitted the diversion of approximately 5,400 felony offenders annually with an average length of stay of around four months.

Cuyahoga County is the lone county not currently being served by a CBCF, although a 200-bed facility for that location has been in the planning stage. The county has been scheduled to receive capital funding for construction. For several years, it has been unclear when that CBCF planned for Cuyahoga County would be constructed and operational due to ongoing problems locating a suitable site. Cuyahoga County officials have now selected two potential sites for this project, and are also in the process of creating the required facility governing and advisory boards. When the final decisions are made, this project will be ready to move forward. Getting this site online carries notable potential as felony commitments from Cuyahoga County alone typically make up around one-fifth, or 20%, of annual prison population intake.

**Legal Basis:** ORC 5120.132(A); Section 377.10 of Am. Sub. H.B. 119 of the 127th G.A. (originally established by Am. Sub. S.B. 351 of the 119th G.A.)

**Purpose:** Moneys deposited to the credit of the fund are statutorily restricted to be used for the: (1) purchase of material, supplies, and equipment used in any library program, educational program, religious program, recreational program, or pre-release program operated by the Department for the benefit of prisoners, (2) construction, alteration, repair, or reconstruction of buildings and structures owned by the Department for use in any library program, educational program, religious program, recreational program, or pre-release program operated by the Department for the benefit of prisoners, (3) payment of salary, wages, and other compensation to employees of the Department who are employed in any library program, educational program, religious program, recreational program, or pre-release program operated by the Department for the benefit of prisoners, (4) compensation to vendors that contract with the Department for the provision of services for the benefit of prisoners in any library program, educational program, religious program, recreational program, or pre-release program operated by the Department, (5) payment of prisoner release payments in an appropriate amount as determined pursuant to rule, and (6) purchase of other goods and the payment of other services that are determined, in the discretion of the Director, to be goods and services that may provide additional benefit to prisoners.

Although telephone commission contracts and this use of revenues has been in existence for a number of years, it was only with the passage of Am. Sub. S.B. 351 of the 119th G.A., effective July 1, 1992, that this revenue and its intended uses were codified.

**Legal Basis:** ORC 2967.26(E); Section 377.10 of Am. Sub. H.B.119 of the 127th G.A. (originally established by Am. Sub. H.B. 152 of the 120th G.A.)

**Purpose:** Moneys deposited to the credit of the fund are statutorily restricted to pay costs related to operation of the Department's Transitional Control Program. Prior to the enactment of Am. Sub. S.B. 111 of the 122nd G.A., effective March 17, 1998, this fund was known as the Furlough Services Fund and served as the depository for any moneys that the Department was permitted to collect from furloughed inmates who were gainfully employed, with the intent that such moneys be used only for operational costs of what was then known as the Furlough Education and Work Release Program. That act repealed existing furlough, conditional release to a halfway house, and electronic monitoring early release provisions and replaced them with authorization for the Department to establish a transitional control program for the purpose of closely monitoring a prisoner's adjustment to community supervision during the final 180 days of the prisoner's confinement. All moneys that remained in the Furlough Services Fund were transferred to the Transitional Control Fund.

**Purpose:** Moneys deposited to the credit of the fund are statutorily restricted to pay educational expenses incurred by the Department. Prior to the creation of this fund, such revenue in the form of GRF moneys transferred from the Ohio Department of Education to support special education, adult high school, vocational education, and GED testing was deposited into the Department's main federal account: line item 501-619, Federal Grants. The purpose of creating the Education Services Fund was to segregate state from federal education money, which was in keeping with a 1992 deficiency finding by the Auditor of State that the Department was inappropriately co-mingling state and federal education moneys in a single account.

**Source:** Federal Special Revenue Fund Group: CFDA 16.586, Violent Offender Incarceration and Truth-In-Sentencing (VOI/TIS) Incentive Grants

**Legal Basis:** Section 377.10 of Am. Sub. H.B. 119 of the 127th G.A. (originally established by Am. Sub. H.B. 215 of the 122nd G.A., the main operating appropriations act covering FYs 1998 and 1999)

**Purpose:** The federal funds made available to states under this grant program are to build or expand permanent or temporary correctional facilities to increase bed space for the confinement of adult and juvenile violent offenders. Although there is some flexibility with this federal money, it is basically for “bricks-and-mortar” projects, which means new construction or renovation projects.

From FYs 1996 through 2001, the last fiscal year for which VOI/TIS funding was available, the Department was awarded a total of \$82.2 million, of which \$55.3 million has been disbursed to date. All VOI/TIS projects must be completed by September 2009.

These funds cover 90% of a given project’s allowable costs, with the recipient required to provide a 10% cash match. The Department is permitted to take up to 3% of this federal award off the top for administrative costs.

The state cannot simply collect and bank its annual VOI/TIS grant award, and then spend those funds as-needed; the state can only draw on an awarded amount as it incurs costs. Thus, this federal revenue stream works more like a reimbursement program.
