CATALOG OF BUDGET LINE ITEMS

The Ohio General Assembly appropriates moneys to more than 100 departments, boards, commissions, and other organizations. These moneys are appropriated to specific line items of specific funds for each agency. The Legislative Service Commission (LSC) prepares this Catalog of Budget Line Items to provide relevant information on every line item of a state agency. Specifically, the catalog includes a table for each line item indicating the fund to which the line item belongs, the line item number, the line item title, and a six-year funding history (see table below for an example). Following the table is a description of each line item, including the legal basis, revenue source, and purpose. LSC updates this publication every two years. For this edition, the actual spending amounts for FY 2004 through FY 2007 and appropriations for FY 2008 and FY 2009 are displayed in each line item table.¹

Fund		Agency number followed by the item number		Line Item Title			
4K9		889-609		Operating Expenses			
2004 Actual	2005 Actual	2006 Actual	2007 Actual	2008 Appropriation	2009 Appropriation		
\$ 749,167	\$ 812,167	\$ 880,929	\$ 902,454	\$ 1,010,583	\$ 1,055,578		
Percent change in spending from previous year		8.4%	8.5%	2.4%	12.0%	4.5%	
Figures for FY 2004-FY 2007 represent actual dollars spent				Figures for FY 2008-FY 2009 represent appropriation amounts			

In the catalog, each agency's line items are arranged according to the fund groups to which the line items belong. In general, the line items within the General Revenue Fund (GRF) appear first, followed by the General Services Fund Group (GSF), the Federal Special Revenue Fund Group (FED), and the State Special Revenue Fund Group (SSR). In addition to these four major fund groups, line item can also be found in several smaller other fund groups, such as the Lottery Profits/Education Fund Group and the Wildlife Fund Group.

¹ Line Items contained under the Tobacco Master Settlement Agreement are appropriated through FY 2008 only, and are included in a separate section toward the end of this document.

The balance of the appropriation is awarded to organizations and individuals. Associated temporary law bars a museum that has received \$8 million or more in capital appropriations from the state between 1986 and 2002 from receiving any of these funds.

Legal Basis: Discontinued line item (originally established by Controlling Board on June 5, 1995)

Purpose: Pursuant to temporary law, the line item was used to pay operating expenses of the Office of the Attorney General and to provide grants to local law enforcement agencies and communities for the purpose of supporting law enforcement-related activities.

The original purpose of the line item was to award grants that assisted counties, municipalities, townships, and state-assisted or state-supported institutions of higher education in satisfying the 25% matching requirement for the draw down of federal funds used to hire additional law enforcement officers under the Community Oriented Policing (COPS) program. Moneys for this purpose first appeared in the Controlling Board's budget (GRF line item 911-422, Community Police Officers) that were eventually transferred to the Office of the Attorney General, which actually controlled its distribution.

Am. Sub. H.B. 215 of the 122nd G.A., the main operating appropriations act covering FYs 1998 and 1999, changed the name of the line item from Community Police Match to Community Police Match and Law Enforcement Assistance to allow the moneys to be given as grants to local law enforcement for the improvement of technology and equipment, and to provide support for the Office of the Attorney General's criminal task force investigations.

Am. Sub. H.B. 283 of the 123rd G.A., the main operating appropriations act covering FYs 2000 and 2001, did not appropriate any money for this purpose, but did contain a temporary law provision permitting the transfer of appropriation authority from the Office of the Attorney General's GRF line item 055-321, Operating Expenses, to this line item (055-406).

Purpose: The line item is used for the purpose of supplementing the annual compensation of county sheriffs. In addition to the annual compensation that a county sheriff receives under ORC 325.06 for performing the duties of sheriff prescribed by law, each county sheriff, in consideration of the impact of Am. Sub. S.B. 2 of the 121st G.A. on the workload of the county sheriff, receives an additional amount equal to one-eighth of the annual compensation that the county sheriff receives under ORC 325.06. The supplemental compensation is payable from the county treasury every two weeks if adequate funds have been appropriated for that purpose by the General Assembly.

The Office of the Attorney General is required to certify the adequacy of such funds to the fiscal officer of each county. Semiannually, the fiscal officer of each county must then certify to the Office of the Attorney General the amount of supplemental compensation paid, including the related amount of county contributions made to the sheriff's retirement plan and county payments to the federal government for Medicare Part A. After determining the accuracy of the amount certified, the Office of the Attorney General reimburses the county if funds are available.

Temporary law permits the Attorney General to request that the Director of Budget and Management transfer appropriation authority from line item 055-321, Operating Expenses, to line item 055-411, County Sheriffs' Pay Supplement, to be used for the above stated purpose.

Purpose: The line item is used for the purpose of supplementing the annual compensation of a prosecuting attorney in a county with a population of less than 70,000 who elects to serve as a full-time prosecuting attorney with no private practice. The salary and fringe benefits that a full-time prosecuting attorney receives is substantially greater than that of a prosecuting attorney who chooses to also engage in the private practice of law in counties in this population range.

ORC 325.111 requires that the state pay supplemental compensation to a prosecuting attorney of a county with a population of less than 70,000 who chooses to serve as a full-time prosecuting attorney with no private practice. The payment equals 40% of the difference between the full-time prosecuting attorney's salary schedule and that of a prosecuting attorney who elects to engage in the private practice of law. The Office of the Attorney General makes the payment, which includes the county's retirement contribution and Medicare Part A, on a semiannual basis to the county auditor if the funds are available. The county fiscal officer must deposit the state payment in the county treasury.

Temporary law permits the Attorney General to request that the Director of Budget and Management transfer appropriation authority from line item 055-321, Operating Expenses, to line item 055-415, County Prosecutors' Pay Supplement, to be used for the above stated purpose.

The separation of these BCII asset forfeiture and investigative cost reimbursement moneys from Fund 106's revenue stream allowed for better tracking of these moneys and complied with federal guidelines requiring that asset forfeitures be accounted for separately.

Legal Basis: Section 243.10 of Am. Sub. H.B. 119 of the 127th G.A. (originally established by Controlling Board in 1970)

Purpose: The fund's moneys consist of reimbursement payments from the United States Equal Employment Opportunity Commission (EEOC) and the Department of Housing and Urban Development (HUD), which are then used to offset the cost of investigating cases. These reimbursement payments do not, however, cover the full cost of processing the cases; the remainder of the cost must be absorbed by GRF funds. In the matter of EEOC cases, federal reimbursement covers approximately \$540 per case for a fixed number of cases. In the matter of HUD cases, federal reimbursement covers approximately \$2,400 per case based upon the number of eligible cases processed during the previous year.

It should be noted that the work sharing agreements between the Commission and these two federal agencies reduce duplication of effort, as the same cases are no longer simultaneously filed with both state and federal agencies. The Commission does not have the option of refusing to process these cases. Also of note is that the total amount of federal reimbursement earned by the Commission, as well as the timing of when it will be received, is fraught with some uncertainty. This uncertainty has been known to create cash flow problems for the Commission requiring it to rely more heavily on available GRF funding for a longer period of time than might have been assumed when a given annual operating budget was originally constructed.

Legal Basis: Discontinued line item (originally established by Am. Sub. H.B. 117 of the 121st G.A., the main operating appropriations act covering FYs 1996 and 1997)

This included establishing the Ohio Violence Prevention Center and providing grants for pilot violence prevention projects. The Center was then renamed the Family Violence Prevention Center, which reflected a change in focus from gun violence to family violence. Subsequent to the Center's renaming, the line item's appropriations were used to finance its annual operating expenses associated with organizing and conducting workshops and presentations, facilitating inter-agency and local collaboration, collecting, identifying and disseminating information, and conducting research on family violence and its impact on communities.

The family violence prevention program and related funding, including a roughly \$2.8 million annual federal grant (CFDA 93.671), were transferred from the Department of Job and Family Services as part of Am. Sub. H.B. 94 of the 124th G.A, responsibility for the \$2.8 million annual Family Violence Prevention and Services Grant (CFDA 93.671) transferred from the Department of Job and Family Services to the Office of Criminal Justice Services

Legal Basis: Discontinued line item (originally established by Am. Sub. H.B. 152 of the 120th G.A., the main operating appropriations act covering FYs 1994 and 1995; replaced federal line item 195-604, Justice Programs, which reflected the period of time when the Office of Criminal Justice Services was part of the Department of Development's budget)

Generally speaking, these federal awards covered programs to: (1) improve criminal justice information systems, (2) assist in drug law enforcement and improve the functioning of the criminal justice system, and (3) reduce violence against women. Starting in FY 2002, the biennial operating budget moved the juvenile justice and delinquency prevention programs over to the Department of Youth Services and transferred in a federal family violence prevention and services program from the Department of Job and Family Services. Some of this federal revenue was used to support operating costs of the Office of Criminal Justice Services, however, most of it was distributed in the form of grants, typically to state agencies and state-supported universities, units of local governments or combined units of local government, regional planning units, and non-profit organizations.

Purpose: This line item provided competitively awarded grants to community-based nonprofit corporations for training, technical assistance, and capacity-building assistance. Grants were awarded for local development activities that benefited low- and moderate-income neighborhoods and that created affordable housing programs and permanent jobs in distressed areas of the state. Grants made to communities could not exceed local contributions to a project. Until FY 1990, this line item also included funding for the Community Development Finance Fund (CDFS), which helps local, nonprofit organizations create affordable housing by matching local funds with state funds used to leverage below market-rate loans for local housing projects.

Starting in FY 2004, county recordation fees took the place of GRF funding for the majority of ODOD and Ohio Housing Finance Agency housing programs. After this change, the Community Development Corporation Grants program transferred to State Special Revenue line item 195-638, Low and Moderate Income Housing Trust Fund.

Purpose: This appropriation item funds the Workforce Guarantee Program, which provides financial assistance to employers who, under the program, are required to create at least 20 high-paying, full-time jobs over a one-year period and who must demonstrate, prior to the commitment of state funds, that the availability of those skilled workers is a major factor in the employer's decision to locate or expand in Ohio.

Activities eligible for funding through the Workforce Guarantee Program include job assessment services, screening and testing of potential employees, customized training activities, and other training or related service approved by the Director of Development. For each approved project, state funds total one-half of a project's cost. The employer must provide one-half of a project's cost as well.

Purpose: Wright Operating Grants are used to provide support to the nonbioscience-oriented Wright Centers and Wright Capital Projects funded by the Board of Regents appropriation item CAP-068, Third Frontier, created by Am. Sub. S.B. 261 of the 124th General Assembly. Grants go to support specifically defined near-term commercialization projects requiring major capital acquisitions and improvements at Ohio higher education institutions and nonprofit research organizations. Projects must involve one or more Ohio companies and be in the areas of advanced materials, power and propulsion, information technology, and instruments, controls and electronics.

Funding to this line item was eliminated starting in FY 2006. However, following Ohio voters' approval of State Issue 1 -- a constitutional amendment that allows the state to issue \$2 billion in bonds to improve infrastructure, support high-tech business and enhance business site development -- it is expected that a majority of the funding for the Wright Operating program will be replaced by grants under the Third Frontier Program.

The program establishes a unique loan "guarantee" reserve pool at a participating lending institution. The state, the lender, and the borrower each pay a small fee contribution into the pool. The reserve pool is available to the participating lender for recovery of any losses on any loan they have enrolled in the program. The total amount of money deposited into the Capital Access Loan Program Fund from the Facilities Establishment Fund cannot exceed \$3 million during any fiscal year. This program was made permanent in Am. Sub. H.B. 119 of the 127th G.A., the FY 2008-2009 budget act.

Purpose: This line item is used to partially reimburse school districts and county MR/DD boards for the operating costs of transporting public and nonpublic school students to and from school. Funding for transporting special education students is distributed based on rules and formulas adopted by the State Board of Education. These reimbursements are historically based on actual expenditures reported by school districts and county MR/DD boards. Funding for the latter was previously provided in line item 200-553, County MR/DD Boards Transportation Operating. Prior to FY 1999, funding for transporting regular students was distributed through a formula that was largely based on a district's per pupil or per mile transportation cost and the appropriation level. From FY 1999 through FY 2005, the bulk of the funding for transporting regular students were distributed based on the analysis of a statistical regression model. The state paid each district a portion of the model cost. In FY 2006 and FY 2007, all districts that received regular transportation funding in the previous year were provided a uniform increase of 2% per year. For FY 2008 and FY 2009, all districts that received regular transportation funding in the previous year receive a uniform increase of 1% per year.

H.B. 66 of the 126th G.A. replaced the previous 100 percent reimbursement method for these buses with a per pupil-based distribution formula. Funding for county MR/DD boards' school buses was previously provided in line item 200-552, County MR/DD Boards Vehicle Purchases.

Legal Basis: Discontinued line item (originally established in ORC 3317.029)

Purpose: This line item was used to provide funds to school districts that incurred higher educational costs due to a higher concentration of economically disadvantaged students. The program began under the name Municipal Overburden in 1970, as a part of line item 200-501, School Foundation Basic Allowance (renamed Base Cost Funding by Am. Sub. H.B. 650 of the 122nd G.A.). Line item 200-520, DPIA, was created in 1976. Am. Sub. H.B. 117 of the 121st G.A. incorporated funding for line items 200-508, Disadvantaged Pupil Program Fund, and 200-516, Urban/Rural Demonstration Projects, with this account. The DPIA program was restructured by Am. Sub. H.B. 650 and Am. Sub. H.B. 770 of the 122nd G.A. Distribution of funds was based on the DPIA Index, which measures each district's concentration of children receiving public assistance relative to the concentration of such children throughout the state. Am. Sub. H.B. 66 of the 126th G.A. established new poverty-based assistance to replace DPIA. Funding for poverty-based assistance is contained in GRF appropriation item 200-550, Foundation Funding.

Purpose: This line item is used to assist school districts in establishing and maintaining programs for gifted and talented pupils. Gifted students are defined as superior in cognitive ability, specific academic ability, creative thinking ability, and visual/performing arts ability. Moneys have been allocated for this program since FY 1975. Funds are distributed to school districts and educational service centers through a unit formula prescribed by law. Source: General Revenue Fund

Legal Basis: Discontinued line item (originally established by Am. Sub. H.B. 282 of the 123rd G.A.)

Purpose: This line item provided additional state aid above the basic education level to eligible school districts. Established in FY 2002, parity aid equalized an additional 9.5 mills (above the 23 mills of the basic education foundation program) to the 80th percentile school district's wealth level per pupil. A school district's wealth is measured by a weighted valuation (2/3) per pupil and income (1/3) per pupil. Parity aid was to be phased in over a five-year period; it was funded at 76% in FY 2005. Am. Sub. H.B. 66 of the 126th G.A. modified the parity aid formula to equalize 7.5 mills instead of 9.5 mills, completely funded this new formula beginning in FY 2006, and merged this line item into GRF appropriation item 200-550, Foundation Funding. While using the same 80th percentile district's wealth level as the threshold, Am. Sub. H.B. 119 of the 127th G.A. increases the parity aid millage rate to 8.0 mills in FY 2008 and 8.5 mills in FY 2009, but reduces the number of parity aid eligible districts from 489 in FY 2007 to 410 in FY 2008 and 367 in FY 2009. A small number of school districts are eligible for parity aid through an alternative formula.

Purpose: This line item is primarily used to fund special education and related services at county MR/DD boards and state institutions for school-aged students and to fund preschool special education and related services at school districts, educational service centers, and county MR/DD boards. Funding for county MR/DD boards' school-aged children and special education students at state institutions is distributed through the same weighted funding formula used to fund special education students in school districts. (Prior to Am. Sub. H.B. 66 of the 126th G.A., funding for institutions was distributed based on a unit funding formula). Funding for preschool special education is distributed through a unit funding formula, which is based on the minimum number of students per class, teacher degree, and teacher experience. Purpose: This line item was used to fund subsidies to school districts that did not raise enough local operating revenue to cover the local formula share that the state foundation formula attributed to them in base cost funding, special and career-technical education weighted cost funding, and pupil transportation model cost. These subsidies ensured every district received the full amount of state and local revenues as determined by the model to fund a similar basic education. Am. Sub. Purpose: This line item is the main source of state foundation payments to all school districts and joint vocational school districts in the state. Allocations are based on the school foundation (SF-3) formulas, and are administered by ODE, with the approval of the Controlling Board. The amounts paid to each eligible district are determined under guidelines contained in Chapter 3317. of the Revised Code and temporary law in the biennial budget bill. In addition to base cost funding for all school children, moneys in this line item are also used for base cost funding supplements, parity aid, poverty-based assistance, the charge-off supplement, special and career-technical education weighted cost funding, the excess cost supplement, per-pupil payments to educational service centers, transitional aid, and various other purposes. The base cost guarantee and the cost of doing business factor were both eliminated in FY 2008. Am. Sub. Funds are targeted to schools with large numbers or percentages of children from low-income families. Schools enrolling at least 40 percent of students from low-income families are eligible to use these funds for school wide programs that serve all children in the school. Otherwise, the services must be targeted to children who are failing, or most at risk of failing, to meet state academic standards. The No Child Left Behind (NCLB) Act of 2001 reauthorized ESEA. It holds districts receiving Title IA funds accountable for progress in student achievement through the adequate yearly progress (AYP) determination. Districts that fail to obtain AYP for a certain number of years must spend up to 20% of their Title IA allocations on school choice and supplemental services.

Purpose: The Ohio Senior Health Insurance Information Program (OSHIIP) is jointly administered with the Ohio Department of Aging (ODA). The federal grant that funds the program was formerly made to ODA, with OSHIIP being reimbursed for its expenses via Intrastate Transfer Voucher (ISTV). Starting in FY 2000, OSHIIP was awarded the federal grant directly from the Health Care Finance Administration (now known as the Centers for Medicare and Medicaid Services). As a result, instead of commingling the grant funds with the Ohio Department of Insurance's Operating Fund 554, Fund 3U5 and line item 820-602 were created to receive and disburse the grant funds. ODA receives 10% of the grant funds via ISTV to finance the Benefits Eligibility Screening Service program, in accordance with an interagency agreement between ODI and ODA. Because the grant is a demonstration grant, no state match is required. Funding for the program is supplemented, however, with spending from line item 820-601, Operating Expenses-OSHIIP.

Prior to FY 2000, the program received funding through an interagency agreement with the Ohio Department of Aging and through the department's operating fund (Fund 554). Beginning in FY 2000, the grant funds were appropriated in Fund 3U5, line item 820-602, OSHIIP Operating Grant. Purpose: The primary purpose of this account is to reimburse health care providers for covered services to Medicaid eligible recipients. In addition, this line item funds the costs of health care related contracts such as eyeglass purchases, inpatient hospital peer review, enrollment information centers, and contracted case management. The federal earnings on the payments that are made entirely from this line item are deposited as revenue into GRF. These earnings are drawn in accordance with the guidelines of the Cash Management Information Act.

Although other agencies also provide Medicaid services, the vast majority of Medicaid spending occurs within this line item.

Spending within the line item generally can be placed into one of nine major groupings: nursing homes (nursing facilities, or NFs, and Intermediate Care Facilities for the Mentally Retarded, or ICFs/MR), hospitals (inpatient and outpatient), physician services, prescription drugs, health maintenance organizations (HMOs), Medicare buy-in, waivers, all other care, and Disability Assistance (DA) Medical (FY2003-FY2005 and FY2008-2009).

The majority of expenditures from this line item earn the basic Federal Medical Assistance Percentage (FMAP) reimbursement rate at approximately 59%, although family planning expenditures earn an enhanced 90% federal participation rate, and a portion of the buy-in premium payments are state funds only. Expenditures for Children's Health Insurance Program (CHIP) from this line item earn an enhanced FMAP at approximately 71%. DA Medical is a state funded only program, there are no federal match earnings.

CHIP phase II (CHIP-II) payments were moved from line item 600-426, Children's Health Insurance Plan, to this line item beginning in FY 2003. In addition, DA Medical payments were moved from line item 600-511, Disability Financial Assistance, to this line item beginning in FY 2003. However, Am. Sub. H.B. 66 of the 126th G.A. provided funding of \$19.5 million in FY 2006 and \$25.5 million in FY 2007 in appropriation item 600-513, Disability Medical Assistance, for operation of the Disability Medical Assistance Program. Am. Sub. H.B. 119 of the 127th G.A. changes back again to include funding for the DMA program in this line item.

These dollars are deposited into fund 5Q9 and then disbursed back to the public hospitals through line item 600-619 along with federal match from line item 600-623, Health Care Federal.

Legal Basis: Section 309.10 of Am. Sub. H.B. 119 of the 127th G.A. (originally established by Controlling Board, March 2004)

Purpose: In FFY 1991, the U.S. Department of Health and Human Services assessed the State of Ohio \$19,020,584 for quality control findings under the former Aid to Families with Dependent Children (AFDC) program. A settlement agreement between several states, including Ohio, and the U.S. Department of Health and Human Services resulted in a much lower assessment amount, totaling 15% of the original disallowance. For the State of Ohio, the revised assessment equaled \$2,853,088. Under the settlement agreement, the state could reinvest that amount in program activities or pay it back to the federal government. ODJFS has chosen to create the Temporary Assistance for Needy Families Quality Control (TANF QC) program.

The Department has described the TANF QC program as a “review process, which will focus on the dollar payment accuracy of the eligibility determination process for Ohio Works First (OWF).” The program will continue to function through SFY 2009 with a program need reassessment at that time.

The Department will continue the program with the remaining negotiated disallowance funds through FY 2009.

Purpose: Moneys in this line item fund both hospital operating budgets and the services purchased by the community mental health boards. This line item was created to reflect changes to the delivery of mental health services made in S.B. 156, the "Mental Health Act of 1988". Prior to FY 2000, these funds were distributed under ORC 5119.62(B)(2) to hospitals and to boards which have an approved community mental health plan. In July 1999, a class action lawsuit by ADAMH boards sought to obtain full and fair distribution of funds from the Department of Mental Health (DMH) for use by community mental health boards for the purpose of local management of mental health services for persons with severe mental disabilities. The suit was resolved through a settlement agreement between the parties, which gave local boards greater control over the distribution of funds from DMH and the "freedom of choice" in the use of such funds (subject to review and approval by DMH). Therefore, beginning in FY 2000 all non-forensic funds in this line item were distributed in accordance with the 408 settlement agreement.

Purpose: Funds in this line item are used to improve community behavioral health treatment and develop a parent advocacy network. The budget bill earmarks an amount up to \$4.5 million in FY 2008 and \$5.5 million in FY 2009 to be distributed to local boards based upon a formula and an approved children's behavioral health transformation plan developed and endorsed by the local Family and Children First Council. Use of the funds must be approved by a team of state and local stakeholders appointed by the Ohio Family and Children First Cabinet Council. Temporary law in the budget act identifies the membership of the team. Specifically, the funds provide flexible, family-centered community behavioral health treatment and support services and to support demonstration projects in select areas of the state focusing on improving behavioral health services for the child welfare and juvenile justice populations. An amount up to \$1 million in each fiscal year is earmarked for projects, as determined by the Ohio Family and Children First Cabinet Council, in select areas around the state to focus on improving behavioral health juvenile services. An amount up to \$500,000 in each fiscal year is earmarked for children who do not have a behavioral health or alcohol or drug addiction disorder but require assistance through the County Family and Children First Council. An amount up to \$100,000 in each fiscal year is earmarked to provide behavioral health treatment services for children from birth through age seven.

Purpose: Funds in the this line item are distributed to the state’s 50 Alcohol, Drug Addiction and Mental Health Boards and Community Mental Health Boards (ADAMHS/CMH) to provide an integrated system of mental health care that meets locally determined mental health needs. The community board network was established by H.B. 648 of the 107th G.A. in 1967, and its responsibilities are codified in Chapter 340. of the Revised Code. An alcohol, drug addiction, and mental health service district must be established in any county, or combination of counties, with a population of 50,000 or more, to provide locally-based planning, evaluation, and coordination services. The boards contract with local public and private non-profit agencies to provide services to persons suffering from mental illness in their county or multi-county service areas.

The boards expend funds for services identified in their Community Plan, which is approved by the Department. The basic services supported include: crisis intervention/hospital pre-screening; counseling-psychotherapy; community support program services (CSP); diagnostic assessment; consultation and education and residential-housing. In addition, these funds also support systemic improvements in service delivery including recovery, resiliency, systems of care, school success, employment, evidence-based practices, quality improvements, and cross-system collaboration.

Section 335.40.30 of Am. Sub. H.B.119 of the 127th G.A. requires that no less than \$37,058,917 in each FYs 2008 and 2009 be distributed on a per capita basis to community mental health boards. It also earmarks \$150,000 each year to fund family and consumer education and support, and \$10,000 each year to The Gathering Place in Athens.

Beginning in FY 1996, freestanding psychiatric hospitals received a federal waiver to become eligible to receive Medicaid coverage for persons under 21 or over 65 years of age. For persons over 65, Medicaid is used to supplement any Medicare coverage. The number of persons under 21 or over 65 who are treated at state psychiatric hospitals is small.

Legal Basis: Section 339.10 of Am. Sub. H.B. 119 of the 127th G.A. (originally established by Controlling Board in FY 1992)

Purpose: This fund was established to accept money from various federal grants awarded to the Commission.

Until September 29, 2005, the Commission received grant moneys from the U.S. Department of Health & Human Services, Office of Minority Health for a five-year State/Territorial Minority HIV/AIDS Demonstration Grant program. This federal funding was used to fund seven statewide coalitions that address HIV needs in the minority community. These statewide coalitions stopped receiving funding from the Commission effective September 29, 2005. In 2005, the Commission entered into an agreement with the Ohio Department of Health (ODH) to receive funds from the Ryan White Comprehensive AIDS Resource Emergency Act (C.A.R.E.). These funds are used to target African-Americans located in Cincinnati, Cleveland, and Columbus that are HIV positive to increase enrollment in ODH's C.A.R.E. Services. At the end of the three-year funding cycle, the U.S. Department of Health and Human Services, Health Resources and Services Administration (the source of the interagency agreement funds) notified the Department of Health that the grants will be competitively bid on a national level for FY 2008 and 2009. ODH has received a grant to continue the C.A.R.E. program. The Commission is meeting with ODH to discuss continued partnership for this program. The Commission will continue to seek other opportunities to fund HIV grants in FY 2008 and FY 2009.

The fund also receives money from the U.S. Department of Health and Human Services, Office of Minority Health to administer a five-year grant. Years one and two have focused on developing and disseminating a diabetes education-training manual for lay leaders in the African American and Hispanic/Latino community. Years three and four will focus on increasing access to primary and secondary level health promotion information on diabetes for African-Americans and Hispanic/Latino adults. Years four and five will focus on increasing participation of minorities in Ohio's diabetes certification program.

Purpose: The line item provides funding for the state's share of operating the Multi-County Branch Office Program. The program, which began operation on January 1, 1991, provides indigent defense services as an alternative to traditional appointed counsel or county public defender offices to ten counties in south and southeastern Ohio: Adams, Athens, Brown, Fayette, Jackson, Meigs, Pickaway, Pike, Ross, and Washington. These ten participating counties have essentially each entered into a contract with the Commission under which the state provides indigent defense services in their respective counties. Branch offices are located in Athens, Ross, and Washington counties. In addition to employing state public defenders, the Commission contracts with private attorneys in all ten counties.

Each county's contribution to the program is deposited in the state treasury to the credit of Fund 4C7 (line item 019-601, Multi-County: County Share). The funding split between the state and county shares is the same as it is for the Commission's much larger statewide County Reimbursement Program under which the state is responsible for up to 50% of a county's indigent defense costs.

(originally established by Am. Sub. H.B. 291 of the 115th G.A., the main operating appropriations act covering FYs 1984 and 1985)

Purpose: The line item funds the state's share of the Trumbull County Branch Office's annual operating expenses. The branch office, which has been in operation since 1984, provides indigent criminal defense representation throughout the courts of Trumbull County. A contract is negotiated annually with Trumbull County that designates the duties of the branch office and determines the percentage of financial contribution paid by both parties to fund the office. The percentage paid by each mirrors the reimbursement rate applicable to all counties under either the assigned counsel or county public defender systems. Approximately 10% of the Trumbull County contract obligation is contributed by participating municipalities. The local share of the branch office is deposited in the state treasury to the credit of Fund 4X7 (line item 019-610, Trumbull County - County Share).

Purpose: The line item is used exclusively for the Commission's Pro Bono Training Program, under which it contracts with private and non-profit training companies to provide continuing legal education (CLE) certified seminars to attorneys who practice criminal indigent defense law. The Commission pays the seminar companies a fee for each attorney who attends a seminar under the program. The seminar companies presently charge \$125 per attorney for a regular one-day seminar and \$250 per attorney for the two-day Rule 20 seminars.

The Commission allows private attorneys to attend seminars at no cost to the attorney. In exchange for free attendance, each attorney must provide one pro bono (for free) case for every seminar attended. Pro bono cases must be provided within one year of the seminar date, and pro bono attorneys are limited to two seminars per year. Public defenders also are limited to two seminars per year.

Purpose: Since the start of FY 2006, the line item has been used to reimburse counties for up to 50% of their indigent defense expenditures on non-capital and capital cases. If the available appropriations are insufficient to reimburse 50% of the indigent defense expenditures for non-capital and capital cases, then the reimbursement percentage for each of the public defender offices and appointed counsel systems is reduced equally. Prior to FY 2006, indigent defense expenditures for capital cases were reimbursed through the Commission's GRF line item 019-503, County Reimbursement - Capital Cases. In 1987, the program shifted to one that utilized law school interns to provide more general legal assistance, before taking on its current focus in 1991, in which the attorney running the correctional institution's law library also provides representation to inmates at parole revocation hearings.

Legal Basis: Section 365.10 of Am. Sub. H.B. 119 of the 127th G.A. (originally established by Controlling Board on March 2, 1998)

Purpose: Moneys credited to the fund are used by the Commission's Death Penalty Division to provide, coordinate, and supervise post-trial legal representation to indigent defendants in federal courts on federal habeas corpus proceedings where the defendant is appealing the imposition of a death sentence by a state trial court. Habeas corpus is an appeal to the federal courts for wrongful conviction and unconstitutional imprisonment. A habeas petition is filed after a defendant has exhausted his or her direct appeal and state postconviction remedies. In this instance, a defendant combines all of the prior claims raised on direct appeal and state postconviction and he or she raises them in one petition in the United States District Court. All habeas cases, win or lose, are reviewed by the United States Court of Appeals for the Sixth Circuit in Cincinnati. In this habeas petition the defendant may only seek relief on claims that involve a violation of the United States Constitution, for example, a violation of the 6th Amendment right to effective counsel or a violation of the 8th Amendment right to present mitigating evidence for sentencing.

Purpose: Moneys deposited to the credit of the fund represent the local share of operating the Multi-County Branch Office Program. The program, which began operation on January 1, 1991, provides indigent defense services as an alternative to traditional appointed counsel or county public defender offices to ten counties in south and southeastern Ohio: Adams, Athens, Brown, Fayette, Jackson, Meigs, Pickaway, Pike, Ross, and Washington. These ten participating counties have essentially each entered into a contract with the Commission under which the state provides indigent defense services in their respective counties. Branch offices are located in Athens, Ross, and Washington counties. In addition to employing state public defenders, the Commission contracts with private attorneys in all ten counties.

Each county's contribution to the program is deposited in the state treasury to the credit of Fund 4C7 (line item 019-601, Multi-County: County Share). The state's contribution is drawn from the Commission's GRF line item 019-403, Multi-County: State Share. The funding split between the state and county shares is the same as it is for the Commission's much larger statewide County Reimbursement Program under which the state is responsible for up to 50% of a county's indigent defense costs.

Purpose: Moneys deposited to the credit of the fund are used as the local share of the Trumbull County Branch Office's annual operating expenses. The branch office, which has been in operation since 1984, provides indigent criminal defense representation throughout the courts of Trumbull County. A contract is negotiated annually with Trumbull County that designates the duties of the branch office and determines the percentage of financial contribution paid by both parties to fund the office. The percentage paid by each mirrors the reimbursement rate applicable to all counties under either the assigned counsel or county public defender systems. Approximately 10% of the Trumbull County contract obligation is contributed by participating municipalities.

Prior to Am. Sub. H.B. 215 of 122nd G.A., the main operating appropriations act covering FYs 1998 and 1999, this revenue stream and its purpose resided in the County Representation Fund (Fund 407). Starting with FY 1998, Fund 4X7 was created along with associated line item 019-610, Trumbull County-County Share. This accounting change was made in order to separate the Trumbull County Branch Office's finances from the other revenue streams that the Commission was collecting under its County Representation Program. The state's share of those office costs was, and still is, drawn from the Commission's GRF line item 019-404.

Legal Basis: Section 215.10 of Am. Sub. H.B. 67 of the 127th G.A. (originally established by Am. Sub. H.B. 204 of the 113th G.A.)

Purpose: As of FY 2006, the fund was renamed to reflect its changed purpose to serve as the depository for financial assistance awarded from Federal Emergency Management Agency's (FEMA) mitigation grant programs as follows: (1) hazards mitigation funding for the purpose of implementing long-term hazard mitigation measures following a Presidential disaster declaration, (2) flood mitigation funding to assist the state and communities in implementing measures to reduce or eliminate the long-term risk of flood damage to buildings, manufactured homes, and other structures insurable under the National Flood Insurance Program, and (3) pre-disaster mitigation technical and financial assistance to the state and local governments for cost-effective pre-disaster hazard mitigation activities that complement a comprehensive mitigation program, and reduce injuries, loss of life, and damage and destruction of property. In general, the required nonfederal matching share is around 25% of total eligible costs, and, depending upon the grant program, can be a combination of cash, in-kind services, or materials.

Prior to FY 2006, the Ohio Emergency Management Agency directly administered federal assistance to individuals and households eligible for reimbursement of costs related to disasters declared by the President, and deposited the federal portion of those costs in the renamed fund. The federal government provided money to cover 75% of those reimbursable costs. The state's share of those reimbursable costs, drawn from GRF line item 763-507, Individuals and Households Program - State, was 25%. Administrative control of the Individuals and Households Program shifted to FEMA. Under that arrangement, FEMA makes direct cost reimbursement payments to eligible individuals and households and then invoices the state for its 25% share.

The federal share is not less than 75% with the state and local governments responsible for the remainder. The state share is provided through Fund 533, line item 763-601, State Disaster Relief.

Legal Basis: ORC 5502.62(B)(10); Section 217.10 of Am. Sub. H.B. 67 of the 127th G.A.

Purpose: Moneys deposited to the credit of the fund consist of federal grants awarded for the purpose of assisting the state and local governments with criminal justice activities, most notably JAG Program funding administered by the federal Bureau of Justice Assistance.

The JAG Program, which reflects the consolidation of the Byrne Formula and Local Law Enforcement Block Grant (LLEBG) Programs into a single funding mechanism, supports a broad range of activities, including, but not limited to, law enforcement programs, prosecution and court programs, prevention and education programs, corrections and community corrections programs, drug treatment programs, and planning, evaluation, and technology improvement programs.

The procedure for allocating JAG funds is a formula based on population and crime statistics, in combination with a minimum allocation to ensure that each state and territory receives an appropriate share. Traditionally, under the Byrne Formula and LLEBG Programs, funds were distributed 60/40 between state and local recipients. This distribution continues under JAG. State allocations also have a mandatory variable "pass through" requirement to units of local governments, calculated by the federal Bureau of Justice Statistics (BJS) from each state's crime expenditures.

The line item receives reimbursements from the federal government amounting to 50% of the costs of operating the program. In order to remain eligible for the funds, the state must maintain a previously established level of effort. Since FY 1998, the state's share of expenses has come from line item 870-622, Utility and Railroad Regulation. Prior to that time, the state's share came from the 871-499 State Match line item in the GRF.

Source: Federal Special Revenue Fund Group: CFDA 20.218, Motor Carrier Safety Assistance Program (Federal Motor Carrier Safety Administration)

Legal Basis: ORC 4919.79 (originally established by Controlling Board in 1984)

Purpose: Funds are used to administer the Motor Carrier Safety Assistance Program (MCSAP) involving the safe operation of commercial motor vehicles. The program, originally authorized by the Surface Transportation Act of 1982, began as an inspection program by the Public Utilities Commission. However, with the passage of the Intermodal Surface Transportation Act of 1991, it was expanded to deal with drug interdiction and other matters under the purview of the State Highway Patrol. To receive the grant, the state must contribute 20% of total costs and use the funds to enhance the program, not to support existing activities. In FY 1996, PUCO's transportation enforcement division was transferred to the Department of Public Safety. As a result, much of these federal moneys are now directed to Transportation Enforcement Federal, 764-659, Fund 831. Since, however, the PUCO is the primary recipient for the federal funds, this line retains appropriation authority over the entire amount of the federal grant. The PUCO transfers the appropriate amount to the Department of Public Safety to fund the operations of the Department's enforcement division.

Purpose: Funds are used to improve highway safety through electronic technologies. They allow PUCO to conduct safety audits and inspections of commercial motor carriers. Commercial Vehicle Information Systems/Networks (CVISN) essentially comprise information system elements that support commercial vehicle operations (CVO), including systems owned and operated by governments, motor carriers, and other stakeholders. CVISN enables government agencies, the motor carrier industry, and other parties engaged in CVO safety and regulation to exchange information and conduct business transactions electronically. PUCO is the administrative lead agency in the business plan development effort. The departments of Taxation, Public Safety, and Transportation, as well as the Ohio Trucking Association participate in the project. The grant requires a 50% state match, which is funded through line item 870-625.

Purpose: The funds in this line item are used to provide warning devices at rail-highway crossings, pursuant to ORC 4907.471. These devices include flasher lights and gates. This line receives \$1.2 million each year from the state gasoline tax, to provide preliminary funding for upgrades or funding for which federal funds cannot be used (such as, to cover preliminary engineering costs). The upgrades are undertaken by the railroads, and the PUCO reimburses them for the expenditure when the project is complete. Legal Basis: ORC 4905.80 (originally established by Sub. H.B. 647 of the 120th G.A.)

Purpose: Funds are used to enforce the Hazardous Materials Transportation Law (ORC 4905.80 through 4905.83). This program was devised in accordance with the Hazardous Materials Transportation Uniform Safety Act of 1990. The act calls for the eventual establishment of a base-state-type system of registering hazardous materials transporters in the U.S.

Under this type of program, carriers who operate in more than one state can register for all states in their home state. This fund receives those registration fees that are ultimately to be transferred to other states. Purpose: This line item funds the administrative costs of the civil forfeitures program created in Am. Sub. H.B. 117 of the 121st G.A. The program centralizes with the PUCO the collection of civil forfeitures from motor carriers found to be in violation of state and federal safety rules and regulations. A portion of the forfeitures is deposited into Fund 4U8, Transportation Enforcement, to fund the costs of administering this program. Revenues in excess of the appropriation to the 870-620 line item are deposited into the GRF.

No reimbursements for such disputes have been made since FY 1990.

Purpose: This line item provides operating funds for the Power Siting Board. Am. Sub. H.B. 694 of the 114th G.A. transferred the board to the PUCO in FY 1982. It had previously functioned as an independent agency. The line item receives fees submitted with applications for a certificate of environmental compatibility and public need. A public utility must have such a certificate before constructing or expanding major utility facilities. The Board is empowered to approve or disapprove applications for such a certificate. Since the enactment of Am. Sub. S.B. 3 of the 123rd G.A., however, ORC 4906.10 has specified that the Board shall presume the public need for a new electric generation facility as that need is stated in the application.

Legal Basis: ORC 4905.80 (originally established by Am. Sub. H.B. 428 of the 117th G.A., substantially amended by H.B. 647 of the 120th G.A.)

Purpose: Moneys credited to this line item fund emergency response training and other hazardous materials training programs throughout the state. In the past, 50% has gone to Cleveland State University for its training program for public safety and emergency services personnel, and 50% has been allocated to other educational institutions, state agencies, and political subdivisions for similar programs. Am. Sub. H.B. 283 of the 123rd G.A. revised the percentage going to "other purposes." It allocates 5% of the total to the PUCO for administration and training, with the remaining 45% going to other programs. The Cleveland State University program would still receive \$400,000 a year, or 50% of the total (but no less than \$200,000).

The program allowed trucking companies based in participating states to register their authority to operate on an interstate basis, granted by the Federal Motor Carrier Safety Administration, with their base state only, rather than registering separately with each and every state that belongs to the SSRP. This fund receives those registration fees that are ultimately to be transferred to other states. (Those fees collected on behalf of the state of Ohio, wherever collected, are deposited in fund 5F6, the Public Utility Fund.) The program has been discontinued, effective January 1, 2007.

Purpose: This line item provides debt service payments to retire the special revenue bonds issued for financing capital improvements for state-supported colleges and universities. These special revenue bonds were issued before 2000; all of them are scheduled to be retired in 2014. A 1999 constitutional amendment authorized the state to issue general obligation bonds for the purpose of financing capital improvements of higher education. In contrast with special revenue bonds, which are paid by a dedicated revenue source (in this case, GRF), general obligation bonds are backed by the full faith and credit of the state. Because of this additional backing, general obligation bonds can generally be issued at lower interest rates than special revenue bonds. Since 2000, the state has issued only general obligation bonds for capital needs of state-supported colleges and universities.

Purpose: This line item provides unrestricted subsidies to state-assisted colleges and universities to help offset the operating costs of serving approximately 352,000 full-time equivalent students enrolled in those campuses. In-state undergraduate students as well as both in-state and out-of-state graduate students are eligible for the subsidies. Prior to FY 2008, the funds from this line item were allocated to each campus according to a complex empirical formula that was largely based on the number of credit hours taken by students in each of the courses offered. Am. Sub. H.B. 119 of the 127th G.A. freezes in-state undergraduate tuition in both fiscal years 2008 and 2009. It earmarks a portion of the funds provided in this line item to be distributed to each campus based on its proportional share of the total in-state undergraduate tuition amount for FY 2007. It uses the remaining funds to: (1) guarantee that all campuses receive the same amounts of the subsidies they received in the prior year, (2) provide uniform annual increases for 4-year universities and their branch campuses, and (3) provide varying increases for 2-year community and technical colleges based on a formula developed by BOR that takes into account the enrollment growths at those campuses.

Purpose: This line item provides an eligible campus with the difference between its formula-determined debt service amount and the actual debt-service amount received by the campus. The funds can be used by the campus only for capital projects. Since 1999 BOR has implemented an incentive-based capital funding policy which determines each campus's debt service amount through a formula that takes into account the amount of space on each campus, the age of that space, the level of enrollment, and the available capital appropriation. Campuses receiving debt service amounts higher than their formula-determined amounts will have the difference deducted from their state share of instruction subsidy allocations. These deducted funds are transferred into this line item. The transferred funds and the original appropriation for this item are distributed to campuses that received debt service amounts less than their formula-determined amounts.

Purpose: This line item funds the Ohio College Opportunity Grant (OCOG), a new need-based student financial aid program that started in FY 2007. OCOG is currently being phased in while the Ohio Instructional Grants (OIG) is being phased out. By FY 2010, OCOG will completely replace OIG. OCOG uses the federally determined "Expected Family Contribution" (EFC) as the basis for determining the grant awards. EFC is calculated using the information that students provide when they fill out the Free Application for Federal Student Aid (FAFSA) form, and is the same method that the federal government uses to determine eligibility for Pell Grants. The EFC system is a more sophisticated measure of a family's ability to pay for higher education than using family income only (used in OIG); it takes into account a number of other factors, including family assets, student income, number of family members in college, and the ages of the parents. Students from families with income levels less than \$75,000 are eligible for OCOG (\$39,000 for OIG).

Legal Basis: ORC 5919.34; Section 375.10 of Am. Sub. H.B. 119 of the 127th G.A.

Purpose: This line item supports the National Guard Scholarship Program that provides 100% tuition to Ohio National Guard members attending state colleges or universities. Guard members attending private universities are eligible for scholarships equal to average state tuition at public institutions. The scholarship is available for up to 12 full-time quarters or 8 full-time semesters and is available to participants committed to or who have already served a six-year enlistment in the Ohio National Guard. The scholarship needs to be applied for each quarter or semester, and each quarter or semester is counted as one scholarship. Therefore, depending on the academic calendar of a college or university, one student may need either three or four scholarships for a full year of tuition assistance. The program serves as both recruitment and retention tools for the Guard and has proved to be an effective incentive for enlisting. Any unused balance of this item is transferred to the National Guard Scholarship Reserve Fund (Fund 5BM) at the end of each fiscal year. Moneys in the Reserve Fund are used, if needed, to pay scholarship obligations above the GRF appropriation level. Am. Sub. H.B. 282 of the 123rd G.A. moved this program from the Adjutant General's Department to BOR.

Purpose: This line item provides debt service payments to retire general obligation bonds issued for state-assisted colleges and university. A 1999 constitutional amendment authorized the state to issue general obligation bonds for the purpose of financing capital needs of state-assisted colleges and universities. In contrast with special revenue bonds, which are paid by a dedicated revenue source, general obligation bonds are backed by the full faith and credit of the state. Because of this additional backing, general obligation bonds can generally be issued at lower interest rates than special revenue bonds. Since 2000, the state has issued only general obligation bonds for capital needs of state-assisted colleges and universities.

The program's purpose is to encourage students to enter the nursing profession and provide affordable college access to nursing students. From July 1, 2005 to January 1, 2012, the funds are to be distributed as follows: 50% for registered nurses enrolled in postlicensure nurse education programs, 25% for students enrolled in prelicensure nurse education programs for registered nurses, and 25% for students enrolled in prelicensure professional nurse education programs for licensed practical nurses. BOR is to determine the method to distribute the funds provided in this line item after January 1, 2012.

Purpose: Funds disbursed from the line item are used exclusively for the operation of prisons, specifically correctional institution costs (payroll, purchased services, maintenance, and equipment) directly associated with facility management, facility maintenance, support services, security, and unit management. A relatively small number of the Department's Central Office staff and related operating expenses have also been charged to the line item. Institutional operating costs associated with directly delivering mental health, medical, education, and recovery services programs that benefit inmates are not financed by this line item, but are covered by GRF funds appropriated for that specific programmatic purpose. This includes GRF line items 502-321, 505-321, 506-321, and 507-321.

Purpose: The line item provides funds to: (1) pay inmates for their work performed while incarcerated, and (2) cover prisoner release payments, also known as "gate money." Inmates perform a variety of jobs and services within correctional institutions, such as food service, maintenance, and clerical work. Monthly inmate pay runs between \$16 to \$18. Inmates use this money to purchase various items, including snacks, soft drinks, over-the-counter medicines, cigarettes, and toiletries, from each correctional institution's commissary. These funds are actually transferred to, and disbursed from, the Services and Agricultural Fund (Fund 148).

Purpose: The line item funds contractual agreements with governmental and private, nonprofit agencies for the delivery of community residential programs that provide supervision and treatment services to: (1) prison inmates released under transitional control, parole, post-release control, or mental health transition, and (2) offenders placed under community control with a residential sanction by a court of common pleas. In addition to securing offenders a place to stay, these funds purchase ancillary services, including, but not limited to, drug and alcohol abuse treatment, employment assistance, academic and vocational training programs, mental health treatment, and sex offender programming. Statutory authority for these agreements resides in ORC 2967.14.

During FY 2007, the Department's Bureau of Community Sanctions used the line item's appropriations exclusively to contract for a total network of 1,711 halfway house beds statewide with various private, nonprofit agencies. This network of beds served approximately 7,500 offenders annually statewide.

Purpose: The line item funds debt service payments made to the Ohio Building Authority for its obligations incurred as a result of issuing the bonds that cover the Department's capital appropriations. The line item's appropriation authority and actual spending levels are set and controlled by the Office of Budget and Management, and not by the Department. The moneys made available as a result of these bonds have financed the design, construction, renovation, and rehabilitation phases of various departmental capital projects, as well as the construction and renovation costs associated with community projects (community-based correctional facilities, jails, and the like).

Purpose: The line item, administered in accordance with ORC 5149.30 to 5149.36, is used to provide a program of grants to eligible counties for the development, implementation, and operation of community corrections programs aimed at felony offenders. Typically, this has meant providing grants to operate intensive supervision, electronic monitoring, day reporting, and other community sanctions programs for felony offenders who would otherwise be committed to the state prison system or local jails in the absence of such alternatives. Department expenditures for administration of this grant program are statutorily prohibited from exceeding 10% of the moneys appropriated for this purpose.

During FY 2007, the line item's appropriations were used by the Department's Bureau of Community Sanctions almost exclusively to provide state financial assistance in the form of grants to a total of 48 community sanctions/diversion programs, with the capacity to serve a total of around 9,700 felony offenders annually in 45 counties.

Purpose: In anticipation of the enactment of the Ohio Criminal Sentencing Commission's felony sentencing plan (Am. Sub. S.B. 2 of the 121st G.A.), which would move some offenders from the felony to the misdemeanor side of local criminal justice systems, Am. Sub. H.B. 117, the main operating appropriations act of the 121st G.A., created this line item. It is used to provide a program of subsidies for eligible municipal corporations, counties, and groups of counties for the development, implementation, and operation of community corrections programs that target misdemeanor offenders who would otherwise be confined in a local jail in the absence of such alternatives. This subsidy program is established and administered in accordance with ORC 5149.30 to 5149.36. Department expenditures for administration of this subsidy are statutorily prohibited from exceeding 10% of the money appropriated for this purpose.

During FY 2007, the line item's appropriations were used by the Department's Bureau of Community Sanctions exclusively to provide state financial assistance in the form of grants to support a total of 111 community sanctions/diversion programs, with the capacity to serve a total of around 20,760 misdemeanor offenders annually in 80 counties.

Purpose: The line item's appropriations are used exclusively to subsidy funds for the operation of community-based correctional facilities (CBCFs), which can be formed by counties or groups of counties with populations of 200,000 or more. These facilities exist for the diversion of nonviolent felony offenders from state prison and are operated by facility governing boards, which are advised by judicial advisory boards. The state provides 100% of the financing for the construction, renovation, maintenance, and operation of these residential facilities, each of which house up to 200 felony offenders and offer services such as education, job training, and substance abuse treatment as an alternative to incarceration in a state correctional institution. (Any amounts needed beyond a budget agreed to by the Department must be covered by other sources of funding secured by the local facility governing board.) The statutory authority driving this program is contained in ORC 2301.51 to 2301.56, 5120.111, and 5120.112.

As of July 1, 2007 (the start of FY 2008), there were 18 operational CBCFs providing beds to 87 of 88 counties. The total number of available CBCF beds stood at 1,944, which permitted the diversion of approximately 5,400 felony offenders annually with an average length of stay of around four months.

Cuyahoga County is the lone county not currently being served by a CBCF, although a 200-bed facility for that location has been in the planning stage. The county has been scheduled to receive capital funding for construction. For several years, it has been unclear when that CBCF planned for Cuyahoga County would be constructed and operational due to ongoing problems locating a suitable site. Cuyahoga County officials have now selected two potential sites for this project, and are also in the process of creating the required facility governing and advisory boards. When the final decisions are made, this project will be ready to move forward. Getting this site online carries notable potential as felony commitments from Cuyahoga County alone typically make up around one-fifth, or 20%, of annual prison population intake.

Legal Basis: ORC 5120.132(A); Section 377.10 of Am. Sub. H.B. 119 of the 127th G.A. (originally established by Am. Sub. S.B. 351 of the 119th G.A.)

Purpose: Moneys deposited to the credit of the fund are statutorily restricted to be used for the: (1) purchase of material, supplies, and equipment used in any library program, educational program, religious program, recreational program, or pre-release program operated by the Department for the benefit of prisoners, (2) construction, alteration, repair, or reconstruction of buildings and structures owned by the Department for use in any library program, educational program, religious program, recreational program, or pre-release program operated by the Department for the benefit of prisoners, (3) payment of salary, wages, and other compensation to employees of the Department who are employed in any library program, educational program, religious program, recreational program, or pre-release program operated by the Department for the benefit of prisoners, (4) compensation to vendors that contract with the Department for the provision of services for the benefit of prisoners in any library program, educational program, religious program, recreational program, or pre-release program operated by the Department, (5) payment of prisoner release payments in an appropriate amount as determined pursuant to rule, and (6) purchase of other goods and the payment of other services that are determined, in the discretion of the Director, to be goods and services that may provide additional benefit to prisoners.

Although telephone commission contracts and this use of revenues has been in existence for a number of years, it was only with the passage of Am. Sub. S.B. 351 of the 119th G.A., effective July 1, 1992, that this revenue and its intended uses were codified.

Legal Basis: ORC 2967.26(E); Section 377.10 of Am. Sub. H.B.119 of the 127th G.A. (originally established by Am. Sub. H.B. 152 of the 120th G.A.)

Purpose: Moneys deposited to the credit of the fund are statutorily restricted to pay costs related to operation of the Department's Transitional Control Program. Prior to the enactment of Am. Sub. S.B. 111 of the 122nd G.A., effective March 17, 1998, this fund was known as the Furlough Services Fund and served as the depository for any moneys that the Department was permitted to collect from furloughed inmates who were gainfully employed, with the intent that such moneys be used only for operational costs of what was then known as the Furlough Education and Work Release Program. That act repealed existing furlough, conditional release to a halfway house, and electronic monitoring early release provisions and replaced them with authorization for the Department to establish a transitional control program for the purpose of closely monitoring a prisoner's adjustment to community supervision during the final 180 days of the prisoner's confinement. All moneys that remained in the Furlough Services Fund were transferred to the Transitional Control Fund.

Purpose: Moneys deposited to the credit of the fund are statutorily restricted to pay educational expenses incurred by the Department. Prior to the creation of this fund, such revenue in the form of GRF moneys transferred from the Ohio Department of Education to support special education, adult high school, vocational education, and GED testing was deposited into the Department's main federal account: line item 501-619, Federal Grants. The purpose of creating the Education Services Fund was to segregate state from federal education money, which was in keeping with a 1992 deficiency finding by the Auditor of State that the Department was inappropriately co-mingling state and federal education moneys in a single account.

Purpose: Moneys deposited to the credit of the fund are statutorily restricted to pay costs of operating the Department's centralized laboratory, which is required to provide services to the departments of Rehabilitation and Correction, Mental Health, Mental Retardation and Developmental Disabilities, and Youth Services, and may also provide to other state, county, local, and private persons that request laboratory services. The creation of this fund reflects the decision by the departments of Rehabilitation and Correction and Mental Health to merge their separate laboratory operations into one unified laboratory under control of the Department of Rehabilitation and Correction.

Purpose: The federal funds made available to states under this grant program are to build or expand permanent or temporary correctional facilities to increase bed space for the confinement of adult and juvenile violent offenders. Although there is some flexibility with this federal money, it is basically for “bricks-and-mortar” projects, which means new construction or renovation projects.

From FYs 1996 through 2001, the last fiscal year for which VOI/TIS funding was available, the Department was awarded a total of \$82.2 million, of which \$55.3 million has been disbursed to date. All VOI/TIS projects must be completed by September 2009.

These funds cover 90% of a given project’s allowable costs, with the recipient required to provide a 10% cash match. The Department is permitted to take up to 3% of this federal award off the top for administrative costs.

The state cannot simply collect and bank its annual VOI/TIS grant award, and then spend those funds as-needed; the state can only draw on an awarded amount as it incurs costs. Thus, this federal revenue stream works more like a reimbursement program.

Purpose: This fund holds fuel use tax payments prior to their eventual distribution to other funds in Ohio, or to other jurisdictions that are owed some of the fuel tax collected from Ohio-based carriers.

All states have been mandated by the federal government (Public Law 102-240, December 18, 1991) to join the International Fuel Tax Agreement (IFTA) or lose the right to collect and levy a motor fuel use tax. IFTA is a base state agreement whereby trucking companies register for fuel use tax in their home state and file one tax return in their home state instead of registering and filing in each state in which they operate. The base state then makes payments to other jurisdictions that are owed some of the fuel tax, and also collects tax it is owed from other jurisdictions. These payments are made possible by a set of reciprocal agreements between the states and provinces in IFTA.

This line item also appears under the Department of Taxation because in prior budget bills, its appropriations have been placed there.

Legal Basis: ORC 4501.044

Purpose: Am. Sub. H.B. 831 of the 118th G.A. eliminated the highway use tax (axle-mile tax) effective January 1, 1991. The act required the Registrar of Motor Vehicles in Ohio to apply for membership in a reciprocal registration agreement known as the International Registration Plan (IRP). The highway use tax and the various commercial vehicle registration taxes effective under prior law were replaced with a system for registration fees based on gross vehicle weight and a three cents per gallon motor fuel surcharge for vehicles subject to the IRP. Revenues from the new IRP registration fees are deposited into the International Registration Plan Distribution Fund (IRDPF).

Distributions are made from the IRPDF as follows: (1) to make payments to member states for portions of Ohio registration taxes that the states are eligible to receive because of the operation within their borders of apportionable vehicles that are registered in Ohio; (2) to the Highway Obligations Bond Retirement Fund; (3) to offset operation costs of the Department of Taxation and the Bureau of Motor Vehicles; and (4) to local governments as compensation for lost revenue which would have been received under prior law.

Legal Basis: Discontinued line item (originally established in ORC 5747.03)

Purpose: The Local Government Fund (LGF) provided state aid to counties and municipalities.

Municipal corporations received one-tenth of the difference between the total in the state LGF and 145.45% of the 1983 county deposits tax revenue, plus \$6 million. This amount went to all municipalities that levied an income tax in the preceding year. Each municipality's share of the total equaled its percentage of total municipal income taxes collected in the state two years before. Amounts going to municipalities were paid into the general fund and could be used for any purpose.

The allocation to counties was determined by a formula based on county population and county municipal property valuation. There are formula minimums designed to help the smaller counties. Amounts paid to counties from the state LGF were combined with county shares of the state tax on dealers in intangible property. These county local government fund amounts were then distributed to municipalities, townships, special districts, and the county governments themselves, to be used for current operating expenses.

In FY 2007, a new line item 110-969, Local Government Fund, was assigned to this fund due to the Ohio Administrative Knowledge System (OAKS) conversion.

Purpose: This line item provides debt service payments to retire special revenue bonds issued for state-supported school facilities projects. These special revenue bonds were issued before 2000; all of them are scheduled to be retired in 2008. A 1999 constitutional amendment authorized the state to issue general obligation bonds for the purpose of financing capital needs of primary and secondary education. In contrast with special revenue bonds, which are paid by a dedicated revenue source (in this case, GRF), general obligation bonds are backed by the full faith and credit of the state. Because of this additional backing, general obligation bonds can generally be issued at lower interest rates than special revenue bonds. Since 2000, the state has issued only general obligation bonds for state-supported school facilities projects.

Source: General Revenue Fund

Legal Basis: ORC 319.301 and 323.151 through 323.157

Purpose: This line item is used to reimburse local governments other than school districts for losses incurred as a result of the 10% and 2.5% "rollback" reductions in real and manufactured home property taxes and as a result of the "homestead exemption" reductions in taxes. School district property tax losses due to these programs are reimbursed through line item 200-901 in the Department of Education.

Am. Sub. H.B. 66 of the of the 126th G.A. changed the rollback program. For real property used in a business activity, as defined in the bill, the 10% rollback of real property taxes is eliminated beginning in tax year 2005. Under previous law, all real property tax bills were reduced by credits equal to 10% of taxes charged. Types of real property still eligible for the rollback include that used for farming; leasing property for farming; occupying, holding, or leasing property improved with one-, two-, or three-family dwellings; or holding vacant land that the county auditor determines will be used for these purposes.

Owner-occupied residential real property gets an additional 2.5% reduction.

The homestead exemption is a partial exemption from real property taxation that is provided to elderly homeowners, or to the permanently and totally disabled.

	-11.1%	-20.0%	-37.5%	-18.1%	-50.0%

Source: General Revenue Fund

Legal Basis: ORC 5709.01

Purpose: This line item reimburses local governments other than school districts for losses incurred due to the creation of the \$10,000 tangible property tax exemption (the "small business" exemption) for both incorporated and unincorporated businesses. The \$10,000 exemption applies to the assessed value of the property, not the market value, so it is equivalent to an exemption of \$40,000 of market value. Since most businesses have more than \$10,000 of tangible assessed value, year-to-year changes in the amount of the exemption are mostly due to changes in the number of businesses receiving it.

Am. Sub. H.B. 95 of the 125th G.A. began to phase out the state's reimbursements of the cost of this exemption over a 10-year period beginning in FY 2004. Am. Sub. H.B. 66 of the 126th G.A. accelerated this phase-out; the reimbursement will be completely eliminated by FY 2009 instead of by FY 2012.

The Litter Tax is composed of two tiers, the first of which applies to all non-financial corporate taxpayers, and the second of which applies only to corporations that make or sell "litter stream" products. Source: State Special Revenue Fund Group: 1.5 percent of school district income tax collections (see below)

Legal Basis: ORC 5747.03(C)

Purpose: Moneys are used to reimburse the Department of Taxation for expenses incurred in administering the school district income taxes. Through FY 1993, this line item received 3% of total school district income tax collections. Am. Sub. H.B. 152 of the 120th G.A. reduced the percentage of collections that the line item receives to 2.5% in FY 1994 and 2% percent in FY 1995. Am. Sub. H.B. 117 of the 121st G.A. again reduced the percentages to 1.75% in FY 1996 and 1.5% in FY 1997 and thereafter. These changes were made because of balances that had been accumulating in the fund. It was apparent that the Department was not spending all the administrative money, so the decision was made to lower the administration percentages and return more money to the school districts.

The original law authorizing the school district income tax went into effect in November, 1981. H.B. 291 of the 115th G.A. repealed the authority of any school district to enact a new income tax after August 2, 1983. At that time, only six districts used an income tax. One was repealed effective in 1987. Am. Sub. S.B. 28 of the 118th G.A. reauthorized new enactments of voter-approved school district income taxes. In January 2005, 145 school districts had a school district income tax.

Legal Basis: ORC 5703.12 and 4501.044

Purpose: Am. Sub. H.B. 831 of the 118th G.A. eliminated the old highway use tax (axle-mile tax) effective January 1, 1991. The act required the Registrar of Motor Vehicles in Ohio to apply for membership in a reciprocal registration agreement known as the International Registration Plan (IRP). The highway use tax and the various commercial vehicle registration taxes effective under prior law were replaced with a system of registration fees based on gross vehicle weight and a three cents per gallon fuel use surcharge for vehicles subject to the IRP. Revenues from the IRP registration fees are deposited into the International Registration Plan Distribution Fund (IRPDF). Distributions are to be made from the IRPDF to the International Registration Plan Fund in an amount estimated to cover the annual costs of the Department of Taxation for audits of persons who have registered motor vehicles under the IRP. The IRPAF is created in ORC 5703.12, as enacted by Am. Sub. H.B. 831 of the 118th G.A. Purpose: This line item provides the debt service on federal grant anticipated revenue vehicle bonds (GARVEEs). GARVEE bonds are considered an innovative financing tool by leveraging federal motor fuel tax revenues appropriated from the federal Highway Trust Fund. Limited growth in both state and federal motor fuel tax revenues and the rising costs of construction materials and fuel led the Department of Transportation to use the proceeds from GARVEE bonds to offset a portion of the cost of increased construction material costs as well as cover Major/New projects and other program needs, the rationale being that the overall inflation rate applied to construction materials is likely to exceed the interest rate of bond debt.

Purpose: This line item will help support the new State Infrastructure Bank Bond Program. The bond program will leverage incoming SIB loan repayments to allow local governments to complete certain project phases more quickly. The appropriations will be used in case ODOT sells the project on behalf of the local government and is required to pay the contractor directly. In that instance, ODOT would request the cash from the trustee to support the payment.

Purpose: This line item funds Major/New construction projects with Grant Anticipated Revenue Vehicles (GARVEE) bonds issued against and retired with ODOT's federal highway revenues. All of GARVEE bond revenues will be allocated to the Major/New program over the biennium. In the past, ODOT has used GARVEE bonds to finance unusually large construction projects such as the Spring-Sandusky interchange and the Maumee River Crossing Bridge. New in FY 2008, the debt service on these bonds will be paid out of the Highway Operating Fund (Fund 002). Also, note that though the fund group and the appropriation item reference the "Infrastructure Bank" they actually have nothing to do with the State Infrastructure Bank Bond and Loan Program.

Proceeds from bonds are issued against, and retired with ODOT's state motor fuel tax revenues.

Legal Basis: ORC 5528.53; Section 203.10 of Am. Sub. H.B. 67 of the 127th G.A. (originally established by Am. Sub. H.B. 107 of the 121st G.A.)

Purpose: This line item is used for Major/New highway construction projects. Bonds sales are dependent on cash needs from project expenditures. The debt service on the state bonds is paid from motor fuel tax revenues from the Highway Operating Fund (Fund 002). Section 203.20 of Am. Sub. H.B. 67 of the 127th G.A. authorizes the state to issue up to \$290 million in general obligation bonds to finance highway projects. Similar to GARVEE bonds, ODOT uses state highway bonds to finance large construction projects so as not to tie up cash.

Purpose: The line item functions as the funding mechanism for the state's RECLAIM Ohio program, which is shorthand for Reasoned and Equitable Community and Local Alternatives to Incarceration of Minors. RECLAIM Ohio was launched as a pilot in January 1994 and taken statewide in 1995. RECLAIM Ohio funds are used to provide institutional placement and community program services to youths who have been convicted of a felony offense, and to any delinquent child, unruly child, or juvenile traffic offender who is under the jurisdiction of a juvenile court.

Under the formula, fiscal allocations for juvenile courts, community corrections facilities (CCFs), and the Department are established at the beginning of each fiscal year. The intent by doing so is to enable all parties to plan on an annual basis, and better manage their programs and infrastructure. These amounts are set by the Director of the Department of Youth Services with the advice of the RECLAIM Advisory Committee.

Temporary law contained in Am. Sub. H.B. 119 of the 127th G.A. earmarks \$25,000 in each of FYs 2008 and 2009 to be distributed directly to the Lighthouse Youth Services Wrap-Around Program.

Purpose: Pursuant to ongoing temporary law, the line item's purpose is to fund debt service payments made to the Ohio Building Authority for its obligations incurred as a result of issuing the bonds that cover the Department's capital appropriations. The line item's appropriation authority and actual spending levels are set and controlled by the Office of Budget and Management, and not by the Department. The moneys made available as a result of these bonds have financed the design, construction, renovation, and rehabilitation phases of various departmental capital projects, as well as the construction and renovation costs associated with community projects (community corrections facilities, county detention centers, and the like).

The funding that was shifted reflected the portion of line item 470-402 that had traditionally financed the residential placement of paroled youth, and non-residential programs like GED preparation, substance abuse treatment, counseling, and the like for parolees. The amount of funding that was shifted totaled close to \$5 million annually.

Legal Basis: Section 419.10 of Am. Sub. H.B. 119 of the 127th G.A. (originally established by Controlling Board on August 18, 1986)

Purpose: Title V funds must be used for prevention and early intervention programs for at-risk youth and/or for youth that have had informal contact with the juvenile justice system for nonviolent acts or status offenses. The types of programs eligible for funding include, but are not limited to, truancy mediation, dispute resolution, mentoring, asset and skill building, tutoring and homework assistance, intensive home-based treatment, work programs and life skills. The Department is permitted to use up to 5% of the award amount for administrative costs, subject to a 50% state match. The remaining amount must be allocated to units of local government for use by local community agencies.

Ohio's allocation of this federal funding has steadily declined over the last six or so years. In FY 2001, Ohio's allocation of Title V moneys totaled \$1.52 million, and, by FYs 2004 and 2005, that annual allocation had dropped into the range of \$500,000-\$600,000. Since that time, Ohio's annual allocation of Title V moneys has decreased to less than \$100,000. The Department has estimated that, in FYs 2008 and 2009, the available federal funding for Title V purposes may only support implementation of one program in each year.

Purpose: Revenues deposited to the credit of the fund are federal formula grant funds to be used to provide the state and local units of government with moneys to develop programs to strengthen and promote greater accountability in the juvenile justice system. These formula grants are for use in 16 program areas, including, but not limited to: (1) developing, implementing, and administering graduated sanctions for juvenile offenders, (2) building, expanding, renovating or operating temporary or permanent juvenile correction, detention, or corrections facilities, (3) hiring certain juvenile justice system personnel, (4) enabling prosecutors to address drug, gang, and youth violence problems and for related technology, equipment and training, (5) establishing and maintaining training programs, (6) establishing juvenile gun and drug courts for the prosecution and adjudication of juvenile firearms offenders, (7) establishing and maintaining a system of juvenile records designed to promote public safety, (8) establishing and maintaining interagency information-sharing programs, accountability-based programs, programs to conduct risk and needs assessments of juvenile offenders, and (9) establishing and maintaining restorative justice programs.

The program requires a cash match of 10 percent of total program costs. Federal funds may not exceed 90 percent of total program costs. The state is required to establish a separate fund for each federal fiscal year in which JABG funding is awarded and all investment earnings on the cash balance in each fund must be credited to that fund.

The Department is permitted to use up to 5% of the award amount for administrative costs, subject to a 10% state match. The Department must allocate 75% of the total award amount to local agencies, and the remaining 20% may be used to support state programs.

Tobacco Master Settlement Agreement Fund Group

Am. Sub. H.B. 119 (Main Operating Budget) created the Buckeye Tobacco Settlement Financing Authority, for the purpose of securitizing up to 100% of Ohio payments to be received over the next 40 or more years under the Tobacco Master Settlement Agreement (MSA). H.B. 119 states that at least 75% of the aggregate net proceeds of the obligations issued with tobacco securitization moneys must be paid to the School Building Program Assistance Fund (Fund 032) and limits the use of net proceeds to the School Facilities Commission (SFC) and higher education capital facilities projects. It also provides that any net proceeds in excess of \$5 billion must be deposited into Fund 032 to assist SFC with additional support for school facilities projects. GRF money that would otherwise have been used for the finance costs of bonds issued for SFC and higher education projects in the next three years will, following the tobacco securitization, instead be used to expand the homestead exemption program. For selected programs, H.B. 119 replaces MSA funding with other resources in FY 2009. In many instances, the GRF has been utilized for this purpose. In essence, those programs not related to school facilities will have two fiscal years to secure new funding sources or continue their phase-down of activities. As a result of tobacco securitization, the tobacco MSA fund group will longer be a source of funding for the line items in the next section beyond FY 2008.
