Purpose: This line item supports the Ohio Public Transportation Grant Program, which provides partial funding for operating assistance and capital projects to urban and rural transit systems. The line item also supports the Elderly and Disabled Fare Assistance Program, which offsets farebox losses experienced by transit systems reducing their fares for elderly and disabled passengers. In addition, these funds may be used to pay for the administrative costs of these programs.

For FY 2014 and FY 2015, the eight largest urban transit systems are not eligible for GRF funding through this line item. Rather, flexible federal funds will be used to provide formula and competitively-awarded funds to urban systems, which will allow them to use local funds to make up for the loss of GRF dollars. This strategy mitigates recent reductions in GRF funding to small urban systems and rural transit systems, both of which rely more heavily on the GRF than large urban systems.

The line item is also used to pay for the Commission's operating expenses associated with agency leadership, project development, and project oversight.

Purpose: This line item is primarily used to provide federal funding to rural transit systems for partial operating assistance and capital assistance. It also provides federal funding to rural and small urban transit systems for a portion of operating and capital project costs under the Job Access/Reverse Commute and New Freedom programs. Also supported is the Ohio Coordination Program, which provides funding to public and private non-profit entities in counties that have nonexistent or inadequate public transportation to assist in the coordination of transportation services among local human service agencies. Finally, this line item is used to provide technical assistance to individual transit systems and to assist in transit planning activities. Note that federal transit funding for large urban areas is not distributed by the state. Instead, it flows directly to the transit systems serving those areas.

The department requires the local portion of funding up front and then purchases vehicles on behalf of the recipient agencies. The federal funding for this program is found in appropriation item 775459, Elderly and Disabled Special Equipment.

Purpose: This line item provides federal capital assistance under the Specialized Transportation Program (STP) for the purchase of vehicles for urban and rural non-profit agencies providing transportation services to the elderly and people with disabilities. The STP program requires a 20% local match, the funds for which are deposited into the Highway Operating Fund (Fund 7002) and expended through appropriation item 775454, Public Transportation - Other. ODOT is designated as the recipient of these funds and is required to oversee their distribution and their subsequent investment in local transportation services. Thus, ODOT purchases the vehicles on behalf of the recipient agencies and receives reimbursement from the FTA.
