## Executive Summary

Ohio's various occupational licensing and regulatory boards and commissions monitor, license, and regulate selected occupations and professions. The boards and commissions are charged to ensure the health, safety, and welfare of the public by ensuring the professionals who practice in these fields meet certain standards.

Section 103.13(H) of the Revised Code requires the Legislative Service Commission (LSC) to annually prepare a report to evaluate the extent to which boards and commissions are financially self-supporting. This report provides a summary of the licensing and financial activities as well as the legislative changes affecting the boards, commissions, and agencies that regulate occupations and professions, as defined in section 4743.01 of the Revised Code, that took place during FY 2007 (July 1, 2006 through June 30, 2007). Individual boards provided information for this report.

Most of the occupational licensing and regulatory boards listed in this report deposit funds into the Occupational Licensing and Regulatory Fund (Fund 4K9), established by Am. Sub. H.B. 152 of the 120th General Assembly to serve as a repository for license fees and other assessments. Before that, license fees and other assessments were deposited into and appropriations for each licensing board were made from the GRF. The creation of Fund 4K9 made it easier to evaluate the extent to which boards and commissions are financially self-supporting. Fund 4K9 finished FY 2007 with an unencumbered cash balance of \$28.7 million, with revenue of \$35.0 million outpacing expenditures of \$25.1 million. A few licensing boards operate through other non-GRF funds, which like Fund 4K9, are supported by license and other fee revenue. They all finished FY 2007 with positive unencumbered cash balances.

The Department of Administrative Services' Central Service Agency (CSA) supports the administrative operations for most of the licensing boards. The majority of the agencies included in this report use various services and forms of assistance available to them through CSA, including budget development, budget entry, Controlling Board support, management consultation, procurement, fiscal processing, human resources, fixed asset management, and payroll. The consolidation of services available to the boards through CSA provides administrative efficiencies for these shared services.

The report includes data on 36 boards and commissions (some of which are under the auspices of larger agencies) and 5 regulatory divisions responsible for licensure housed within cabinet agencies. The information in this report is divided into three main sections that are described below.

**Section I: General Information** – The first section begins with a description of the functions of each licensing or regulatory board or program, followed by a brief description of legislation that became effective in FY 2007 that affected one or more of the boards. There were 12 such bills. Next, the section includes a table showing board membership, staffing levels, and primary renewal cycles. Although many boards reported changes in staffing levels in FY 2007, these changes were minor in most cases. Of the entities included in this report, 19 have

primarily annual renewal cycles, 19 have primarily biennial renewal cycles, and 3 have primarily triennial renewal cycles.<sup>1</sup>

**Section II: Active Licenses** – The second section lists the total number of active licenses for each board for FY 2006 and FY 2007. The percent change in the total number of licenses between these fiscal years is also calculated. Three-fourths of agencies reported an increase in the number of active licenses over the period. The timing of the renewal cycle does not appear to be a factor, as 15 of the 19 agencies using annual renewal cycles and 12 of 18 agencies (not including the Manufactured Homes Commission, which had not begun licensing activities in FY 2006) using biennial renewal cycles reported active license increases. In total, 30 boards experienced increases in the number of active licenses and 10 experienced decreases. Only five boards experienced increases in licensing volume of more than 10%. No agency experienced a decline in active licenses of more than 10%.

**Section III: Revenues and Expenditures** – The third section contains information on the revenues and expenditures for each agency for FY 2006 and FY 2007. This information is organized according to renewal cycle for each agency (e.g., annual and biennial). The table contains information on both Fund 4K9 revenues and expenditures and any non-Fund 4K9 revenues and expenditures. The table also shows FY 2007 encumbrances, the changes in both revenue and expenditures from FY 2006 to FY 2007, and the net gain or loss for the two fiscal years combined. While over three-fourths of annually renewing agencies (15 of 19) saw an increase in the number of active licenses, just over half (11 of 19) reported increased revenue in their respective *operating* funds between FY 2006 and FY 2007.

There are a number of reasons for this. In some instances, declines in nonlicense fee revenue such as fines, civil penalties, examination fees, and other miscellaneous revenue sources impacted whether or not an agency reported an overall gain or loss in revenue between FY 2006 and FY 2007. Also, some funds received at the end of FY 2007 were deposited in FY 2008 as a result of the conversion to the Ohio Administrative Knowledge System (OAKS). Of those annual renewal agencies that reported reduced revenue in operating funds from FY 2006 to FY 2007, nearly all decreases were less than 10%. While the majority of those agencies also reported increased spending from FY 2006 to FY 2007, 16 of 21 respective operating funds posted positive two-year net balances.

Note that the agencies that renew licenses biennially receive the bulk of their fee revenue in alternate years. Thus, comparing revenue between consecutive fiscal years can be difficult. However, a review of data presented in previous editions of the *Ohio Occupational Licensing and Regulatory Board Report* reveals that most such agencies experienced a gain in revenue between the two most recent "on-years," or those in which they receive the majority of their revenue. On the expenditure side, 12 agencies with a biennial renewal cycle increased spending

---

<sup>1</sup> The Division of Real Estate and Professional Licensing, within the Department of Commerce, renews most of its license categories annually and thus is included among the annually renewing agencies for the purposes of this report. However, the Division's largest licensure categories, real estate salesperson and real estate broker, renew triennially.

between FY 2006 and FY 2007, while 7 decreased spending during this period. Overall, 16 of 19 biennially renewing agencies posted positive two-year net balances in their operating funds.

**Appendix: Board Directory** – This section lists the name of each board's chief administrator, the board's postal address, phone number, e-mail address, and web site address.

## **Board Descriptions**

### **Accountancy Board of Ohio**

The Accountancy Board of Ohio tests, licenses, and regulates individuals and firms who practice public accounting in this state to ensure that the services being provided are performed in accordance with all appropriate ethical and professional standards.

### **Architects, State Board of Examiners of**

The State Board of Examiners of Architects adopts, promulgates, and enforces the rules and statutes governing the profession of architecture in the state of Ohio.

### **Athletic Commission, Ohio**

The Ohio Athletic Commission regulates the striking sports (any public or private competition that involves the sports of boxing, kickboxing, karate, tough-man or tough-person contests, professional wrestling, or any other form of boxing or martial arts within the state of Ohio) and ensures the welfare and safety of contestants. The Commission licenses all participants for events, including contestants, athletic agents, promoters, seconds, and officials; assigns licensed officials and physicians; and collects permit fees and taxes at all events except wrestling events.

### **Auctioneers Program (Agriculture)**

The Auctioneers Program, within the Department of Agriculture, Division of Enforcement, administers Chapter 4707. of the Revised Code, which provides for the licensure of various auctioneers and auction firms.

### **Barber Board, Ohio State**

The Ohio State Barber Board licenses barbers, barber instructors, barber shops, and barber schools. The Board protects the health and welfare of the consuming public by setting standards for licensure and by enforcing these standards through exams, investigations, and disciplinary actions.

### **Building Standards, Board of (Commerce)**

The Board of Building Standards, within the Department of Commerce, certifies local building departments to enforce the Ohio Building Code. The Board also promulgates the state building code, boiler code, and elevator code. The Board recently established the Ohio Building Code Academy to train new building department personnel. A minor function of the Board is to certify building department personnel and fire protection system designers.

### **Chemical Dependency Professionals Board**

The Chemical Dependency Professionals Board is responsible for regulating the licensing and certification of chemical dependency counselors and prevention specialists, issuing and renewing those licenses and certifications, investigating ethics complaints, and reviewing and approving the content of education and training as it pertains to chemical dependency treatment and prevention professionals.

### **Chiropractic Board, Ohio State**

The Ohio State Chiropractic Board licenses and regulates the practice of chiropractic authorized by the Chiropractic Practice Act, Chapter 4734. of the Revised Code, and issues certificates to practice acupuncture to qualified chiropractic physicians.

### **Construction Industry Licensing Board, Ohio (Commerce)**

The Ohio Construction Industry Licensing Board, within the Department of Commerce, licenses specialty contractors in five trades (HVAC, Refrigeration, Plumbing, Hydronics, Electrical) who perform commercial work in the state of Ohio. The Board also assures professionalism and customer confidence through examination and continuing education.

### **Cosmetology, Ohio State Board of**

The Ohio State Board of Cosmetology is dedicated to protecting the public by regulating the beauty industry in Ohio. The Board conducts over 8,000 practical and computer-based exams to candidates who wish to enter the cosmetology field. In addition, field inspectors conduct routine inspections of salons, tanning facilities, and cosmetology schools across Ohio.

### **Counselor, Social Worker, and Marriage and Family Therapist Board**

The mission of the Counselor, Social Worker, and Marriage and Family Therapist Board is to protect the citizens of the state of Ohio through the effective and efficient regulation of the practices of counseling, social work, and marriage and family therapy as identified in Chapter 4757. of the Revised Code. This mission is accomplished by the review of applicants' credentials, the administration of licensure examinations, and the establishment and enforcement of professional and ethical standards of practice.

### **Dental Board, Ohio State**

The Ohio State Dental Board licenses and regulates the profession of dentistry, dental hygiene, and dental assistant radiography through enforcement of Ohio's Dental Practice Act, found in Chapter 4715. of the Revised Code. The Board's focus is to protect the health and safety of Ohio's citizens.

### **Dietetics, Ohio Board of**

The Ohio Board of Dietetics protects the health and safety of Ohio citizens by regulating the practice of dietetics as defined in Chapter 4759. of the Revised Code.

### **Embalmers and Funeral Directors, Board of**

The Board of Embalmers and Funeral Directors licenses and regulates embalmers, funeral directors, crematory facilities, embalming facilities, and funeral homes. Under Chapter 4717. of the Revised Code, the Board qualifies persons for registration; certifies and monitors registrants for apprenticeship, examination, and licensure; renews licenses; approves continuing education for licensees; inspects facilities; investigates consumer complaints; conducts hearings and administers discipline.

### **Emergency Medical Services, Board of (Public Safety)**

The Board of Emergency Medical Services, within the Department of Public Safety, oversees training and certifies all emergency medical technicians and firefighters. The Board approves all training institutions and instructors and administers its grant fund.

### **Engineers and Surveyors, State Board of Registration for Professional**

The State Board of Registration for Professional Engineers and Surveyors oversees the licensure and renewals of professional engineers and professional surveyors and enforces the provisions of Chapter 4733. of the Revised Code.

### **Financial Institutions, Division of (Commerce)**

The Division of Financial Institutions, within the Department of Commerce, is responsible for the supervision and regulation of Ohio's state-chartered banks, credit unions, savings and loan associations, and savings banks. The Division also regulates trust companies, foreign and domestic money transmitters, mortgage brokers, second mortgage lenders, small loan lenders, pawnbrokers, precious metal dealers, insurance premium finance companies, credit services organizations, check cashers, and check casher lenders.

### **Hearing Aid Dealers and Fitters Licensing Board (Health)**

The Hearing Aid Dealers and Fitters Licensing Board, within the Department of Health, regulates the practice of fitting and selling hearing aids pursuant to Chapter 4747. of the Revised Code.

### **Industrial Compliance, Division of (Commerce)**

The Division of Industrial Compliance, within the Department of Commerce, provides building and construction plans review and inspections of plumbing, electrical and structural systems, elevators, boilers, bedding and upholstered products, as well as regulation of individuals

in the building trades. The Division provides administrative support for three boards: Board of Building Standards (which develops the Ohio Building Code), Board of Building Appeals (which handles compliance adjudication), and the Construction Industry Licensing Board (which provides testing, certification, licensing, and continuing education services for skilled trades). The Division also provides support to the Ohio Ski Tramway Board and the Historical Boilers Licensing Board.

### **Landscape Architect Examiners, State Board of**

The State Board of Landscape Architect Examiners adopts, promulgates, and enforces the rules and statutes governing the profession of landscape architecture in the state of Ohio.

### **Manufactured Homes Commission, Ohio**

The Ohio Manufactured Homes Commission protects the property, safety, and health of the public through the regulation of manufactured home installation throughout the state; the development of uniform installation standards which meet or exceed the federal standards for the installation of manufactured homes and through the licensing of manufactured homes installers; the certification of building departments and their personnel; and the certification of third party inspection agencies. In addition, the Commission provides a dispute resolution process, a continuing education program, and licensing and certification exams. The Commission approves methods and materials used in the installation of manufactured homes, conducts investigations regarding licensing and certification, and performs inspections of manufactured home installations.

### **Medical Board of Ohio, State**

The State Medical Board of Ohio protects and enhances the health and safety of the public by regulating the practice of Doctors of Medicine, Doctors of Osteopathic Medicine, Doctors of Podiatric Medicine, Limited Practitioners (Massage Therapists, Cosmetic Therapists, Naprapaths, and Mechanotherapists), Physician Assistants, Anesthesiologist Assistants, and Acupuncturists.

### **Motor Vehicle Collision Repair Registration, Ohio Board of**

The Ohio Board of Motor Vehicle Collision Repair Registration registers all independent collision repair facilities, which includes paintless dent repair, mobile airbag repairers, automotive glass repair shops, and mobile automotive repair and replacement technicians.

### **Motor Vehicle Dealer Licensing Board (Public Safety)**

The Motor Vehicle Dealer Licensing Board, within the Department of Public Safety, carries out all of the due process functions necessary to identify violators, charge them with the violations, and to effectuate the suspension and revocation of the licenses of such violators. The office assists in drafting amendments and organizing the public hearings for the adoption of administrative rules, etc.

### **Motor Vehicle Salvage Dealer Licensing Board (Public Safety)**

The Motor Vehicle Salvage Dealer Licensing Board, within the Department of Public Safety, carries out all of the due process functions necessary to identify violators, charge them with the violations, and to effectuate the suspension and revocation of the licenses of such violators. The office assists in drafting amendments and organizing the public hearings for the adoption of administrative rules, etc.

### **Nursing Home Administrators, Board of Examiners of (Health)**

The Board of Examiners of Nursing Home Administrators, within the Department of Health, uses its statutory power to develop, adopt, impose, and enforce regulations prescribing standards, which must be met by individuals to receive and maintain a license as a nursing home administrator.

### **Nursing, Ohio Board of**

The Ohio Board of Nursing actively safeguards the health of the public through the effective regulation of nursing care. The Board regulates registered nurses, licensed practical nurses, advanced practice nurses, dialysis technicians, community health workers, and medication aides.

### **Occupational Therapy, Physical Therapy, and Athletic Trainers Board**

The Occupational Therapy, Physical Therapy, and Athletic Trainers Board regulates the practice of occupational therapy, physical therapy, and athletic training by licensing qualified candidates, investigating complaints, and reviewing the continuing education activities of licensees.

### **Optical Dispensers Board, Ohio**

The Ohio Optical Dispensers Board regulates the practice of opticians and ocularists through the licensing of qualified practitioners, the establishment of standards for optician and ocularist education programs, and the enforcement of the law and rules governing their practice.

### **Optometry, State Board of**

The State Board of Optometry carries out the responsibilities of Chapter 4725. of the Revised Code through examinations, licensure, license renewal, continuing education, compliance, investigations, and enforcement activities for all Ohio licensed optometrists.

### **Orthotics, Prosthetics, and Pedorthics, State Board of**

The State Board of Orthotics, Prosthetics, and Pedorthics was created to protect the public by assuring that persons providing services as orthotists, prosthetists, and pedorthists meet appropriate minimum qualifications through education, experience, and training. It is the duty of the Board to review applications for licensure, issue and renew licenses, educate licensees and the general public about appropriate practice in these regulated professions, and investigate and, where necessary, take enforcement action to assure compliance with the laws and rules governing the professions within the Board's jurisdiction.

### **Pharmacy, Ohio State Board of**

The Ohio State Board of Pharmacy licenses all persons who distribute dangerous drugs and sites where dangerous drugs are stored in Ohio. The Board also enforces the Pharmacy Practice Act, Dangerous Drug Distribution Act, Food and Drug Act, Controlled Substance Act, and the Criminal Code of Ohio relating to drugs.

### **Private Investigator/Security Guard Section (Public Safety)**

The Private Investigator/Security Guard Section, within the Division of Homeland Security in the Department of Public Safety, oversees the licensing and regulation of private investigators and security guards in accordance with Chapter 4749. of the Revised Code.

### **Psychology, State Board of**

The State Board of Psychology licenses psychologists and school psychologists for practice administered outside of school settings. The Board also regulates the practice of psychology and takes enforcement action against unethical or illegal practice. In addition, the Board registers unlicensed service providers who work under the professional supervision of a licensee.

### **Real Estate and Professional Licensing, Division of (Commerce)**

The Division of Real Estate and Professional Licensing, within the Department of Commerce, is responsible for licensing Ohio's real estate brokers and sales people, real estate appraisers, foreign real estate dealers and sales people; registering real estate developments located in other states but marketed in Ohio; and registering cemeteries located in Ohio. It also investigates allegations of wrongdoing by licensees or persons engaged in unlicensed activity. The Division maintains the Real Estate Recovery and Appraiser Recovery funds and the Education and Research Fund and also provides administrative services and support to the Real

Estate Appraiser Board, Cemetery Dispute Resolution Commission, and the Real Estate Commission as well as the Education and Research Fund Advisory Committee.

**Respiratory Care Board, Ohio**

The mission of the Ohio Respiratory Care Board is to protect and serve the public by effectively and efficiently regulating the practice of respiratory care and home medical equipment facility licensure and registration through the licensing of qualified practitioners and facilities, the establishment of standards for respiratory care educational programs and facility inspection standards, and the enforcement of the laws and rules governing both practices.

**Sanitarian Registration, State Board of**

The mission of the State Board of Sanitarian Registration is to protect the public health by ensuring that registered sanitarians possess and maintain specialized knowledge and skills in the field of environmental health. This is accomplished by minimum education standards, examination, continuing education requirements, and the investigation of complaints filed with the Board.

**Securities, Division of (Commerce)**

The Division of Securities, within the Department of Commerce, licenses securities dealers, salespersons, investment advisers, investment adviser representatives, state retirement system investment officers, and the Chief Investment Officer of the Bureau of Workers' Compensation. Additionally, the Division registers and exempts securities offerings, regulates tender offers for subject companies in Ohio, and brings enforcement actions for violations of the Ohio Securities Act.

**Speech-Language Pathology and Audiology, State Board of**

The State Board of Speech-Language Pathology and Audiology regulates the professions of speech-language pathology and audiology in accordance with the Revised Code.

**Veterinary Medical Licensing Board, Ohio**

The Ohio Veterinary Medical Licensing Board licenses, regulates, and enforces the laws governing the practice of veterinary medicine in the state of Ohio. Specifically, the Board licenses veterinarians, registers veterinary technicians, qualifies candidates for examination, and disciplines veterinarians and veterinary technicians based on consumer complaints.

## **New Legislation Effective in FY 2007**

Twelve bills affected twelve agencies during FY 2007, while one bill, Am. Sub. H.B. 694, applies to many boards. Summaries of legislation affecting the agencies included in this report are presented alphabetically by agency name. All the bills discussed below became effective between July 1, 2006 and June 30, 2007.

### **Architects, State Board of Examiners of**

Am. Sub. H.B. 119, the main operating budget act for FYs 2008-2009, created the Architecture Education Assistance Program within the State Board of Examiners of Architects, which will pay the Intern Development Program (IDP) enrollment fee of \$100 for eligible students enrolled at one of Ohio's four accredited schools of architecture. The IDP is required in order to obtain professional licensure. The Architecture Education Assistance Program is intended to provide an incentive for students to enroll in the IDP as soon as they are eligible so that more students seek professional licensure, graduates remain in Ohio, and a stable number of licensed architects is maintained.

### **Construction Industry Licensing Board, Ohio (Commerce)**

Sub. H.B. 487 made various changes in the operations of the Ohio Construction Industry Licensing Board. Among the changes was a provision that each trade section within the Board adopt continuing education standards, rather than the Administrative section, which had done this work before. The act also added requirements for engineers to have three years of business experience in the trade for which they are applying to take an examination. Other provisions modified licensing reciprocity requirements, local licensing or registration requirements for contractors, the definition of "tradesperson," and examination requirements for hydronics contractors.

### **Emergency Medical Services, Board of (Public Safety)**

Am. Sub. H.B. 375 required the Board of Emergency Medical Services to investigate alleged violations of Ohio's Emergency Medical Services Law and specified its authority in conducting those investigations, and made other related changes.

Sub. H.B. 401 assigned additional duties and responsibilities to the Board and its Firefighter and Fire Inspector Training Committee concerning firefighter training. The act most notably (1) authorized the Firefighter and Fire Inspector Training Committee to investigate a firefighter certificate holder, (2) required the Board to adopt rules addressing the renewal, suspension, or revocation of firefighter certificates, and (3) authorized the Board to impose fines for violations committed by firefighter certificate holders.

### **Financial Institutions, Division of (Commerce)**

Sub. H.B. 454, while modifying some statutes concerning various financial institutions, revised the Money Transmitters Law. Among the changes, the act provides for a single money

transmitter license, regardless of the location of that person or its facilities. The act also revised money transmitter requirements regarding net worth and business organization, permissible investments, security devices, reporting and record keeping, investigations, examinations, and so forth.

Am. Sub. S.B. 185 revised the Mortgage Broker/Loan Officer Law to require national criminal records checks of mortgage brokers and loan officers (in addition to the state criminal and civil records checks that had been required), establish applicant education requirements for mortgage brokers and loan officers, and require loan officers to successfully complete an examination as a condition for licensure. The act also made changes to various required disclosures to buyers, imposed certain duties and standards of care on mortgage brokers and loan officers, and created the Consumer Finance Education Board.

#### **Medical Board of Ohio, State**

Am. Sub. H.B. 235 required the State Medical Board to adopt administrative rules allowing a coroner's investigator who is not a physician to recite facts permitting a physician to pronounce a person dead without a personal examination.

#### **Medical Transportation Board, Ohio**

Am. Sub. H.B. 375, in addition to the changes impacting the Board of Emergency Medical Services, made various changes to certain definitions in the Medical Transportation Board Law, such as to "air medical service organization," "air medical transportation," and "fixed wing air ambulance." The act authorized the Medical Transportation Board to adopt rules to authorize the temporary use of a vehicle or aircraft without a valid permit for back-up or disaster situations. The act also changed air ambulance staffing requirements.

#### **Motor Vehicle Collision Repair Registration, Ohio Board of**

Am. Sub. H.B. 119, the main operating budget act for FYs 2008-2009, transferred the cash balance in the Motor Vehicle Collision Repair Registration Fund (Fund 5H9) to the Occupational Licensing and Regulatory Fund (Fund 4K9) in early July 2007 (the beginning of FY 2008) and abolished Fund 5H9. The Board will now operate out of Fund 4K9. The change is expected to bring greater fiscal stability for the Board.

#### **Occupational Therapy, Physical Therapy, and Athletic Trainers Board**

Am. Sub. H.B. 403 made significant changes to the governing statutes of the Occupational Therapy, Physical Therapy, and Athletic Trainers Board. Namely, it reorganized Chapter 4755. of the Revised Code, established term limits for board members, removed a requirement that the public member of the Board be at least 60 years old, clarifies that the Board can share confidential materials with other enforcement entities, requires individuals disciplined by the Board to pay the actual cost of the administrative hearing, allows the Board to levy fines as a form of disciplinary action, establishes statutory limits on certain Physical Therapy section

fees, and allows the Board to adopt its renewal cycle in rule. As a result, individuals will renew licenses based on license type instead of last name.

**Real Estate and Professional Licensing, Division of (Commerce)**

Am. Sub. H.B. 150 established definitions for three new and distinct types of contracts between a real estate broker licensee and a client. The act prohibited a real estate broker operating under an exclusive right to sell or lease listing agreement from advertising property to the public as being for sale by owner, required the Superintendent of Real Estate to create a waiver of duties statement stipulating the licensee obligations a client may waive, modified the duties of a real estate broker and salesperson who are representing either a seller or purchaser, and permitted a broker to authorize other licensees to negotiate directly with a client.

Am. Sub. S.B. 185, among many other changes, expanded the application of the Consumer Sales Practice Act (CSPA) to include certain consumer transactions in connection with a residential mortgage, prohibited the appraisal of real estate for a mortgage loan without state certification or licensure, prohibited any person from corrupting or improperly influencing the judgment of a real estate appraiser with respect to the value of the home offered as security for a mortgage loan, and required that a national criminal background check be conducted on all applicants for a real estate appraiser certificate or license.

**Securities, Division of (Commerce)**

Am. Sub. H.B. 301 amended the Ohio Securities Act to incorporate federal provisions "as amended." The act also confirmed that dealers registered with the Securities and Exchange Commission are subject to federal books and records requirements, but authorizes the Division to take enforcement action.

**Speech-Language Pathology and Audiology, State Board of**

S.B. 143 required the Board of Speech-Language Pathology and Audiology to issue a speech-language pathology student permit, which authorizes graduate students to practice speech-language pathology under the supervision of a licensed speech-language pathologist.

**Veterinary Medical Licensing Board, Ohio**

Sub. H.B. 458 revised the veterinary practice law by updating various definitions to reflect the current state of veterinary practice and created new license types for veterinary school faculty, veterinary school graduates, and veterinary business facilities. The act also created the Veterinary Student Loan Repayment Program for veterinarians that provide large animal veterinary services or for veterinary services necessary to implement or enforce the law or to protect public health in underserved areas.

### **Campaign Contribution Limits and Contracting Authority**

Am. Sub. H.B. 694 requires agencies to use model contracts, developed by the Attorney General, in any contract the agency enters into, and permits the agency to modify, alter, or add to the model contracts as the agency considers appropriate. Under the act, the Office of the Governor assumes ultimate responsibility for the award of a contract for an entity to which the Governor appoints members. Also, a board may not award a contract to an individual or organization that has made one or more contributions in violation of the applicable contribution limit. If an individual or organization has been awarded a contract by the board, the individual or organization will be subject to the contribution limit from the award of the contract until one year following the conclusion of that contract. This act would apply to all boards, although some boards may be affected more than others depending on the numbers and types of contracts each board enters into.

<sup>5</sup> The Division of Financial Institutions noted that there are four staff vacancies and two investigator vacancies.

<sup>6</sup> The board members and staff noted belong only to the Historical Boiler Board.

<sup>7</sup> The State Board of Landscape Architect Examiners and the State Board of Examiners of Architects utilize a single staff. Therefore, the staffing levels noted are repeated for the State Board of Landscape Architect Examiners.

<sup>8</sup> The 25 staff members noted for the Medical Transportation Board are independent contractors.

<sup>9</sup> The Bureau of Motor Vehicles' Investigative Staff spends a portion of its time performing inspections and other licensing related duties for the Motor Vehicle Dealer Licensing Board and Motor Vehicle Salvage Dealer Licensing Board. There are no full-time positions used solely to support these boards.

<sup>10</sup> The number of board members has been noted as "N/A" because the Private Investigators/Security Guard Section is the regulatory body responsible for licensing and regulating private investigators and security guards and has no board members. Also present within the Department of Public Safety is the Private Investigation & Security Services Commission (PISSC), an advisory body with 13 voting members that provides advice to the Department related to private investigation and security service businesses and licensure examinations.

<sup>11</sup> The 19 board members belong separately to the Cemetery Dispute Resolution Commission (9), the Real Estate Appraiser Board (5) and the Real Estate Commission (5).

<sup>12</sup> Real estate salespersons and real estate brokers, the Division of Real Estate and Professional Licensing's largest categories of licensure, renew triennially while the rest of the Division's licenses renew annually.

<sup>16</sup> Among the State Board of Optometry's active licenses noted are military optometrists, which are exempt from paying license renewal fees. There were 17 military optometrist licenses in FY 2006 and 18 in FY 2007.

<sup>17</sup> Registration renewals for the Private Investigator/Security Guard section went into effect in FY 2006, making FY 2007 the first full year the section processed renewals. This explains the large increase in active licenses reported. Prior to FY 2006, there was only a one-time registration fee.

## Revenues and Expenditures

## Revenues and Expenditures

The tables in this section are organized according to each agency's renewal cycle. The agencies included in this report predominantly renew licenses on an annual or biennial basis. The exceptions are the Accountancy Board, the Board of Building Standards, and the Division of Emergency Medical Services, which renew on a triennial basis. Also in the tables is a column that lists the amount each board or commission encumbered in FY 2007. An encumbrance is a charge against an agency's appropriation in a fiscal year that is to be disbursed in the next fiscal year. Including encumbered funds provides a more complete picture of an agency's expenditures charged to the fiscal year. Most commonly this applies to end-of-year Central Service Agency charges, personal service contracts, and some equipment purchases.

### Agencies with a Triennial Renewal Cycle

#### Accountancy Board of Ohio

As with most boards, the Accountancy Board's license revenues and the Board's operational expenditures are collected and disbursed from Fund 4K9. However, the Accountancy Board also operates the CPA Education Assistance Fund (Fund 4J8). Moneys from Fund 4J8 come from fees paid by licensees and are used for the Board's scholarship program, created through legislation in FY 1993. That legislation increased the basic education requirements an individual must meet to become licensed as a Certified Public Accountant. The Board encumbered \$35,375 in FY 2007.

#### The Board of Building Standards (Commerce)

The Board of Building Standards certifies local building departments to enforce the Non-Residential and Residential Ohio Building Codes and promulgates the state building, boiler, and elevator codes. All but one Board certification (Commercial Fire Protection Designer) renews on a triennial basis. The Board operates out of the Industrial Compliance Operating Fund (Fund 556), which also serves the Division of Industrial Compliance and its other boards and commissions.

<sup>18</sup> Revenues for Fund 4J8 represent transfers from Fund 4K9 to Fund 4J8.

***Division of Emergency Medical Services (Public Safety)***

The Division of Emergency Medical Services is the administrative arm of the Emergency Medical Services Board under the Department of Public Safety. The license types that the Division of Emergency Medical Services oversees carry no license fees and therefore, generate no revenue. The EMS Division is funded primarily from traffic fine revenue in the Seat Belt Fund (Fund 83M).

## Revenue and Expenditures, FYs 2006-2007

### Agencies with a Biennial Renewal Cycle

Many of the boards renew their licenses on a biennial cycle. Because of this, each board receives the bulk of its licensing revenue every other year. A board may run a deficit in its "off" year that will be eliminated during its renewal year. The two-year renewal cycle must be analyzed to determine if a board is financially self-sufficient.

<sup>20</sup> The Bureau of Motor Vehicles (BMV) Investigative Staff spends a portion of its time performing inspections and other licensing-related duties for Motor Vehicle Dealers. The expenses listed are the Board's costs and the BMV's payroll costs to support the Board. There are no full-time positions used solely to support the Board. The preceding also applies to the Motor Vehicle Salvage Dealer Licensing Board.

<sup>21</sup> The revenues reported for the Ohio Board of Nursing are gross revenues before transfers from the 4K9 Fund to the Nurse Education Grant Program Fund (Fund 5AC) and the Nurse Education Assistance Fund (Fund 682, under the Board of Regents). Amounts equal to \$10 and \$5 of each biennial nursing license renewal are transferred quarterly to Funds 5AC and 682, respectively.

**Agencies with an Annual Renewal Cycle**

Most of the other boards in this report renew their licenses on an annual basis. These boards are less likely to experience "on" and "off" years in terms of the revenue they receive.
