#### Introduction

Section 103.13(H) of the Revised Code requires the Legislative Service Commission (LSC) to prepare a report each year evaluating the extent to which Ohio's various occupational licensing and regulatory boards and commissions are financially self-supporting. This report summarizes the year-end cash balances for funds used by 39 such boards and commissions in FY 2015 (July 1, 2014 through June 30, 2015). These 39 boards and commissions use a number of different state funds as operating accounts into which their receipts are deposited and from which their expenses are paid. As of June 30, 2015, the 21 funds used primarily by the boards and commissions had a combined cash balance of \$102.2 million, compared to a combined cash balance of \$85.5 million as of July 1, 2014. The boards and commissions also encumbered a total of \$3.6 million in FY 2015 funds to be spent in FY 2016, leaving the funds with a combined unobligated cash balance of \$98.6 million at the end of FY 2015, compared to a combined unobligated cash balance of \$81.4 million at the end of FY 2014. Collectively, the 39 boards and commissions had sufficient revenues to cover their expenditures and were financially self-supporting in FY 2015.

The report is divided into two sections. Section I provides a simplified cash balance statement for the 21 funds used primarily by the boards and commissions for operations and also summarizes their revenue and expenditure activities for FY 2015. Section II compares the total number of active licenses for each board or commission in FY 2015 to FY 2014. The financial and licensing data presented in this report was compiled from information provided by the boards and commissions and data from the Ohio Administrative Knowledge System (OAKS).

## Section I: Revenues, Expenditures, and Year-End Fund Balances

#### Year-end fund balances

In FY 2015, 39 different boards and commissions regulated and licensed various occupations and professions in the state of Ohio. These boards and commissions did not receive any funding from the General Revenue Fund (GRF). Rather, their operations were supported by license fees, fines, penalties, and other assessments deposited into 24 different non-GRF funds. This section of the report presents a review of cash balances in 21 of these funds at the close of FY 2015 (Table 1),<sup>1</sup> as well as operating income and expenditures for each board by fund over the course of their licensing cycles (Table 2). This information helps indicate whether these licensing and regulatory boards and commissions are financially self-supporting.

Table 1 is a simplified cash balance statement covering 21 of the state funds that are used primarily by the boards and commissions. As of July 1, 2014, the first day of FY 2015, these funds had a combined cash balance of \$85.5 million. During FY 2015, a total of \$89.0 million in receipts (including transfers) were deposited into the funds and a total of \$72.3 million in expenditures (including transfers) were paid out of the funds. As of June 30, 2015, the last day of FY 2015, these 21 funds had a combined cash balance of \$102.2 million and outstanding encumbrances of \$3.6 million, leaving the funds with a combined, unobligated cash balance of \$98.6 million. All of the 21 funds finished FY 2015 with positive unobligated cash balances.

In FY 2015, of the \$72.3 million in expenditures made by boards and commissions, \$58.8 million (81.3%) was used for operations and \$13.5 million (18.7%) was transferred out. Of the amount expended for operations, \$44.3 million (75.3%) was for personal services, which includes payroll, fringe benefits, and purchased personal services, \$9.9 million (16.8%) was for supplies and maintenance, \$3.9 million (6.7%) was for subsidies for training and education programs, and the remaining \$0.7 million (1.3%) was for equipment and other miscellaneous expenditures.

Of the \$13.5 million transferred out of the funds used by boards and commissions in FY 2015, the largest transfer was \$10.0 million from the Division of Securities Fund (Fund 5500) to the GRF. Approximately \$1.4 million was transferred from the Trauma and Emergency Medical Services Fund (Fund 83M0) used by the State Board of Emergency Medical, Fire, and Transportation Services (EMS) within the Department of Public Safety, to the Emergency Management Agency Service and Reimbursement Fund (Fund 4V30). The State Medical Board transferred approximately \$124,000 from the State Medical Board Operating Fund (Fund 5C60) to the Professions

-

<sup>&</sup>lt;sup>1</sup> Table 1, which shows fund cash balances, does not include the three funds that are used mainly for purposes other than board activities: the General Operations Fund (Fund 4700) used by the Department of Health, the Bureau of Motor Vehicles Fund (Fund 4W40) used by the Department of Public Safety, and the Industrial Compliance Operating Fund (Fund 5560) used by the Department of Commerce.

Licensing System Fund (Fund 5JQ0). Fund 5JQ0 is used by the Department of Administrative Services to purchase equipment, products, and services necessary to develop and maintain a replacement automated licensing system for professional licensing boards. The Department of Commerce transferred about \$101,000 from the Consumer Finance Fund (Fund 5530), utilized by the Division of Financial Institutions, to the Financial Literacy Education Fund (Fund 5FW0). Lastly, approximately \$32,000 from the Auctioneers Fund (Fund 5B80) was transferred to the Auction Recovery Fund (Fund 5U10), both used by the Department of Agriculture.

About \$1.9 million was transferred out of the Occupational Licensing and Regulatory Fund (Fund 4K90). Of this amount, \$0.9 million was transferred to Fund 5JQ0 to support the replacement of the automated licensing system mentioned above. Approximately \$0.8 million was transferred to funds used by boards for education assistance programs for nurses (Fund 5AC0) and accountants (Fund 4J80). About \$240,000 was transferred to the Nursing Education Assistance Fund (Fund 6820), used by the Board of Regents, to provide financial assistance to Ohio students enrolled in at least half-time study in approved pre-licensure or post-licensure nurse education programs.

#### Occupational Licensing and Regulatory Fund (Fund 4K90)

The largest of the 21 funds is the Occupational Licensing and Regulatory Fund (Fund 4K90), which serves as an operating fund for 25 of the boards and commissions covered in this report. Fund 4K90 finished FY 2015 with a cash balance of \$42.8 million, an increase of \$10.6 million (33.1%) from the beginning cash balance of \$32.1 million. Taking into account the year-end encumbrance of \$0.8 million, Fund 4K90 finished FY 2015 with an unobligated cash balance of \$42.0 million.<sup>2</sup>

Fund 4K90 receipts totaled about \$42.2 million in FY 2015, an increase of \$6.5 million (18.1%) from FY 2014 receipts of \$35.7 million. Much of this increase is due to differences in renewal cycles. The majority of biennial licenses issued by several larger boards and commissions are renewed in odd-numbered fiscal years. Fund 4K90 expenditures and transfers out for FY 2015 totaled \$31.6 million, a decrease of \$1.0 million (3.2%) from FY 2014 expenditures of \$32.6 million. The difference in expenditures is partially due to the differences in amounts transferred out of Fund 4K90 in each year. When transfers are excluded, expenditures totaled \$29.7 million in FY 2015, about \$241,000 (0.8%) more than FY 2014 expenditures of \$29.5 million.

\_

<sup>&</sup>lt;sup>2</sup> The Fund 4K90 balance reflects the combined cash balance of all boards and commissions operating out of the fund, including the contribution of the State Board of Career Colleges and Schools, which is otherwise not covered in this report.

#### **Revenues and expenditures**

After examining a fund's year-end cash balance, it may be helpful to examine a fund's revenue and expenditure patterns without taking into account the beginning cash balance. While a sufficient beginning cash balance may help a board or commission to absorb an operating deficit during a given year, a board or commission with an annual expenditure level consistently exceeding its annual revenue level may eventually have to reduce its expenditures, increase its license fees, or both. Table 2 lists revenues and expenditures for each board and commission at the fund level. It also compares each fund's revenues and expenditures to determine whether the revenues generated during a given period were sufficient to cover the expenditures incurred in that period. Transfers in and transfers out are excluded from this table in order to view board finances only pertaining to operations.<sup>3</sup> Nearly all of the revenue received by the boards and commissions covered in this report comes from license fees.<sup>4</sup> This means that license renewal cycles (generally one, two, or three years) can have a significant effect on annual revenue.

In order to provide a more complete picture of revenue and expenditure patterns for those boards and commissions issuing annual licenses, Table 2 lists their FY 2015 revenues and expenditures by fund. For those boards and commissions issuing biennial licenses, the table lists total revenues and expenditures by fund over the FY 2014-FY 2015 period. Likewise, for boards and commissions issuing on a triennial basis, the table lists revenue and expenditure data over the FY 2013-FY 2015 period. Some boards and commissions with biennial or triennial license renewal cycles stagger their license renewal periods to avoid larger fluctuations in revenues and expenditures from year to year.

#### Annual renewal cycles

As shown in Table 2, in FY 2015, 12 boards and commissions on primarily annual renewal cycles registered higher revenues than expenditures. The Division of Securities of the Department of Commerce, which regulates the sale of securities and licenses security professionals, registered the largest overall surplus of \$14.4 million. The Division uses two funds: the Division of Securities Fund (Fund 5500), which had a surplus of \$14.5 million, and the Investor Education and Enforcement Expense Fund (Fund 5GK0), which had a deficit of \$71,186. The Ohio Construction Industry Licensing Board and the Division of Industrial Compliance, both within the Department of Commerce, registered the next highest revenue surpluses of \$504,126 and \$434,273

<sup>&</sup>lt;sup>3</sup> Table 2 excludes funds that are primarily used to disburse grants (and are therefore, not used for general board operations): the CPA Education Assistance Fund (Fund 4J80), the Nurse Education Grant Program Fund (Fund 5AC0), and the Veterinary Student Loan Program Fund (Fund 5BU0).

<sup>&</sup>lt;sup>4</sup> The main exception is the State Board of Emergency Medical, Fire, and Transportation Services, which is primarily funded by fees and fines, such as a portion of moneys collected from seat belt law violations.

respectively. Both of these entities use the Industrial Compliance Operating Fund (Fund 5560).

Four boards and commissions on annual renewal cycles registered expenditures at levels higher than their revenues in their portion of Fund 4K90: the Ohio Athletic Commission (\$97,227), the Motor Vehicle Repair Board (\$76,661), the Board of Orthotics, Prosthetics, and Pedorthics (\$51,483), and the Board of Sanitarian Registration (\$9,861). The Hearing Aid Dealers and Fitters Board, which uses the General Operations Fund (Fund 4700), registered a deficit of \$51,463.

#### Biennial renewal cycles

In FY 2015, 19 boards and commissions that operate mainly on biennial renewal cycles registered higher revenues than expenditures. The Board of Nursing had the largest surplus of \$9.4 million followed by the State Board of Cosmetology with \$2.5 million. Both of these boards use Fund 4K90. The sole deficit was registered by the Auctioneer's Program within the Department of Agriculture. The overall deficit in the two funds (Fund 5B80 and Fund 4D20) used by the Program was \$7,093.

#### Triennial renewal cycles

Two of the boards that mainly renew licenses on a triennial basis registered surpluses over their three-year licensing period: the Board of Emergency Medical, Fire, and Transportation Services with a surplus of \$5.5 million in the Trauma and Emergency Medical Services Fund (Fund 83M0) and the Accountancy Board with a surplus of \$1.9 million in their portion of Fund 4K90. The Department of Commerce's Board of Building Standards registered a deficit of \$460,452 in Fund 5560, and its Division of Real Estate and Professional Licensing registered a deficit of \$995,793 in the Division of Real Estate Operating Fund (Fund 5490). Fund 5490 is used for triennial license renewals (most of the other licenses issued by this Division are renewed on an annual basis).

#### Section II: Active Licenses, FY 2014 and FY 2015

Table 3 lists the total number of active licenses for each board or commission for FY 2014 and FY 2015 and the percent change in the number of licenses between these fiscal years. Of the 39 boards and commissions listed in the table, 21 reported increases in the number of active licenses and 18 reported decreases. Five boards and commissions reported increases in active licenses of more than 10%, and three reported decreases of more than 10%. Licenses first issued in FY 2015 are noted as "(new)," and discontinued licenses are noted as "(discontinued)."
