OHIO DEPARTMENT OF INSURANCE

ANNUAL REPORT

John R. Kasich, *Governor*
Mary Taylor, *Lt. Governor/Director*

Lt. Governor/Director Mary Taylor

Taylor was sworn in as Ohio's 65th Lieutenant Governor January 10, 2011, the same day Ohio Governor John R. Kasich named her to lead Ohio's Common Sense Initiative (CSI) to reform Ohio's regulatory policies, as well as to serve as director of the Ohio Department of Insurance. Through these two assignments, Taylor is committed to making Ohio a jobs- and business-friendly state. On January 12, 2015, Kasich and Taylor were sworn in to their second term in office.

CSI reviews Ohio's regulatory system to eliminate excessive and duplicative rules that stand in the way of job creation. Both CSI and the Department of Insurance present unique challenges, but Taylor is no stranger to taking on tough assignments.

In 2006, Taylor was the first certified public accountant to be elected to serve as auditor of state, and she transformed the office into a nationally recognized, 21st-century government auditing office. The National White Collar Crime Center praised Taylor for her excellence in fighting and preventing fraud and for recovering millions in misspent tax dollars. The Ohio Society of CPAs called Taylor one of their "most influential" members.

Elected to the state legislature in 2002, and re-elected in 2004, Taylor was instrumental in passing Ohio's 2005 tax reform package that reduced personal income taxes by 21%. The measure also eliminated the tangible personal property tax, the corporate franchise tax and the inventory tax imposed on businesses. She was a member of the House Finance, Ways and Means, and Education committees and was recognized by the United Conservatives of Ohio as a "Watchdog of the Treasury." The National Federation of Independent Business (NFIB), the nation's largest small-business group, also named Taylor a "Guardian of Small Business" for her outstanding voting record on behalf of Ohio's small-business owners.

Taylor earned a bachelor's degree in accounting and a master's degree in taxation from the University of Akron. She began her career in 1990 with Deloitte and Touche, one of the "big four" national accounting firms. She joined the Akron firm of Bober, Markey, Fedorovich & Company in 1994, where she served as director of the firm's tax department and senior manager of the employee benefits practice.

She's been called an "expert" on state budget issues by the Columbus Dispatch. And, her hometown newspaper—the Suburbanite—called her one of Summit County's "most influential women."

Taylor is a life-long resident of northeast Ohio, where she lives with her husband, Don, and their sons, Michael and Joe.

Lt. Governor/Director's Message

Fostering a Strong and Dynamic Marketplace to Benefit Ohioans

It was once again a successful year as we continued to further Ohio's reputation as a state that fosters consumer choice in a fair and competitive marketplace and encourages economic growth. We value consumer protection "above all."

Workforce skills development within the industry remained a priority – including through the insurance career Insuring Ohio Futures initiative – and not just for students but also for people changing jobs and military veterans. These and many other progress-inspired measures are bookended by our continuous close watch on business conduct to protect consumers.

One of the largest consumer protection agencies in Ohio is the Department of Insurance, efficiently regulating a leading global insurance marketplace that generates among the lowest insurance rates in the country. On the heels of advancing the most sweeping insurance modernization reforms in years, the department made more gains protecting and serving Ohioans.

Additionally, more measures to protect Ohio's small businesses were implemented. Oversight of insurance policy summary documents called certificates of insurance was strengthened. Businesses shopping for employee health insurance have more options. And six captive insurers – entities to help businesses satisfy their own commercial insurance needs – have become licensed in the state after new legislation allowed for their formation.

Our Ohio Senior Health Insurance Information Program (OSHIIIP) and Consumer Services operations saved consumers \$30.5 million by helping people understand coverage options and available financial assistance. OSHIIIP's Medicare education and counseling efforts were recognized as the nation's best compared to 54 similar programs in other states and territories. We also remained entrenched in the fight against insurance fraud and agent misconduct, taking administrative and/or criminal action against hundreds of perpetrators.

Lt. Governor/Director's Message

It was another active year in Ohio and at the department. Much work remains to be done and I look forward to meeting the challenges ahead. We will continue to assist and educate insurance consumers, attract and retain insurance businesses, provide efficient and fair regulation and foster a competitive marketplace.

Sincerely,

Mary Taylor

Lt. Governor/Director

About the Ohio Department of Insurance

The Ohio Department of Insurance provides consumer protection through education and fair but vigilant regulation while promoting a stable and competitive environment for insurance companies. The department is charged under Ohio Revised Code Chapters 17 and 39 with the responsibility of regulating the activities of approximately 1,613 companies that write \$76 billion in premiums. The department also monitors the conduct of more than 204,000 insurance agents and oversees approximately 16,690 insurance agencies doing business in Ohio.

The department examines the financial soundness of insurance companies as well as investigates consumer complaints and insurance fraud. Further, the department determines if services and benefits offered by companies are consistent with insurance policy provisions and Ohio law, reviews company filings for life, accident, health, managed care, and property and casualty policies, and reviews and approves company forms and rates. The Director of Insurance, who is appointed by the Governor, heads the department, which employs approximately 256 full-time permanent staff.

Department Areas

Consumer Services

Consumer Services representatives assist Ohio insurance consumers through a toll-free hotline, written correspondence, educational materials, community outreach and individualized meetings. Representatives respond to a variety of insurance inquiries and investigate complaints against insurance companies and agents. Consumer Services also helps monitor companies' compliance with Ohio insurance laws and regulations.

Medicare Services

The Ohio Senior Health Insurance Information Program (OSHIIP), funded by a federal grant, was founded in 1992 to provide Ohioans on Medicare with objective health insurance information and individual counseling. OSHIIP staff and a statewide network of trained volunteers educate consumers about Medicare, Medicare supplement insurance, long-term care insurance and other health insurance matters. OSHIIP has a dynamic outreach program and produces an assortment of educational material.

Fraud and Enforcement

Fraud and Enforcement is responsible for investigating allegations of unlicensed insurance activity, insurance agent and agency misconduct and insurance fraud. The division is classified as a criminal justice agency and works with state, federal and local regulatory and law enforcement agencies when allegations are multi-jurisdictional. Fraud and Enforcement investigates alleged insurance fraud committed by consumers, medical providers and third parties suspected of defrauding insurance companies. The division refers confirmed insurance law violations for administrative and/or criminal prosecution and staff provide testimony.

Department Areas

Risk Assessment

Risk Assessment monitors the financial solvency of Ohio-based (domestic) insurance companies and monitors and coordinates regulatory oversight of the financial condition of out-of-state (foreign), surplus lines (unauthorized foreign), international (alien) and captive insurers.

Staff analyze financial information provided by Ohio-licensed insurance companies and review complex transactions. They also calculate and certify to the State Treasurer of Ohio the domestic and foreign insurance premium tax owed to the state. In addition, Risk Assessment monitors company statutory and solvency compliance. Examinations of an insurers' financial condition and affairs are conducted as often as the Director of Insurance deems appropriate but at a minimum of once every five years as required by statute.

Office of Captive Insurance

The Office of Captive Insurance provides a structured regulatory process for the initial evaluation, licensing, reporting, analysis and examination of captive insurance companies domiciled in Ohio. The office establishes standards for business and professional support organizations that work with captive entities. It also reviews captive insurance company strategies and their execution to assess and evaluate operational success and financial strength.

Market Conduct

Market Conduct monitors insurance company compliance with Ohio insurance laws and regulations by examining their business practices, such as underwriting, marketing and claims handling. Staff are responsible for gathering industry information from a variety of sources, including consumer complaints, company filings and the National Association of Insurance Commissioners. The information is analyzed to determine if companies need further scrutiny. Proper corrective action can be taken as established by state laws and rules.

Department Areas

Product Regulation and Actuarial Services

Product Regulation and Actuarial Services reviews policy forms, endorsements, contractual provisions, and manual rules and rates for products marketed to Ohio consumers by Ohio-licensed property and casualty and life and health insurance companies, and their related lines of insurance business. Policy language is reviewed for clarity and compliance with Ohio laws and rules. Rates are reviewed to ensure they are not excessive, inadequate or unfairly discriminatory. Staff participate in risk assessment examinations to evaluate reserving, pricing, underwriting and other insurance company financial risks.

Agent Licensing

Agent Licensing administers testing and issues licenses to insurance agents, agencies, managing general agents, third-party administrators, reinsurance intermediaries, public insurance adjusters, viatical settlement brokers and surety bail bond agents. Agent Licensing also monitors agent compliance with continuing education.

Office of the Director

The Office of the Director includes policy, legislative affairs and communications staff. Staff oversee agency operations, develop policies on insurance matters, work in collaboration with the Ohio General Assembly and Congress, engage with stakeholders and manage the department's internal and external Communications efforts.

The Legal Services, Information Technology and Security, and Fiscal and Human Resources teams handle important support functions at the Ohio Department of Insurance.

Legal Services manages regulatory transactions, administers public hearings on insurance agent and company license and enforcement issues, and provides legal assistance to other department divisions.

Information Technology and Security assists the department's regulatory oversight

Department Areas

responsibilities through the design, implementation and maintenance of technology infrastructure and programs. Staff also are involved with facility management and security.

Fiscal and Human Resources provide operational support handling accounts payable and receivable, budgeting, payroll and staffing.

Department Priorities and Objectives

Priorities

- **Foster Economic Development** – Enhance Ohio’s ability to attract and retain insurance businesses and jobs for Ohioans through regulatory reform while ensuring a stable insurance market for consumers. The department will review existing rules and regulations to promote flexibility, balance, transparency and consistency.
- **Provide Fair and Appropriate Market Regulation** – Investigate persons or entities who commit insurance fraud or are suspected of violating Ohio’s insurance laws, including those laws regarding unfair or deceptive practices. The department will provide a regulatory response that is reasonable, appropriate and proportional.
- **Provide Excellent Consumer Services** – Empower consumers to make informed insurance purchasing decisions by providing educational information, training and consultation. The department will assist consumers who encounter difficulties by answering inquiries and investigating and resolving complaints.
- **Foster a Competitive Marketplace** – Provide a regulatory environment that supports a competitive and stable insurance market for consumers. The department will assess solvency and review statutory filings of Ohio-based companies, as well as rate and policy form filings from all companies licensed in Ohio. The department will also perform audits of non-Ohio based companies and review business practices of all companies licensed in Ohio.

Department Priorities and Objectives

Objectives

- Monitor the financial solvency of insurance companies and health insuring corporations operating in Ohio, and assure that companies operating in Ohio are stable and sound.
- Provide consumers with education on insurance matters, coverage options and issues of interest to seniors.
- Provide consumers with assistance regarding insurance coverage and claims-related concerns.
- Monitor insurance sales, claims handling activities, and insurance company interactions with policyholders to ensure they are fair and comply with Ohio law.
- Investigate fraud and misconduct in a thorough and professional manner.
- Protect Ohio's senior population from predatory sales practices by strengthening regulatory measures, educating seniors, and continuing partnerships with organizations that serve senior citizens.
- Maintain a leadership role in the National Association of Insurance Commissioners.
- Continue implementation of an enterprise system that will facilitate e-commerce with business constituents and allow Ohio to comply with the reporting requirements of the National Association of Insurance Commissioners.
- Provide staff educational and training opportunities to enhance their insurance knowledge in order to effectively monitor a complex and ever-changing insurance industry.
- Continue efforts in overseeing the licensure and education of insurance agents.

Department Accomplishments

Foster Economic Development

Insuring Ohio Futures Initiative Progress Continued

Lieutenant Governor and Ohio Department of Insurance Director Mary Taylor championed the importance and impact of the Insuring Ohio Futures initiative. Until recently Ohio's educational institutions offered few programs in insurance or risk management. However, collaboration between government, industry and higher education leaders has created insurance education and career opportunities for students, career changers and veterans.

As of March 29, 2016, nine Ohio colleges and universities (Kent State University, University of Cincinnati, Franklin University, Ohio Dominican University, Ohio Northern University, Columbus State Community College, Bowling Green State University, Clark State Community College and Owens Community College) offer insurance and risk management programs ranging from four-year bachelor degrees to two-year associate degrees and short-term certification programs.

Efficient Oversight of Insurance Companies

The Ohio Department of Insurance completed reviews of 17 out-of-state insurance company applications for admission, seven requests for additional lines of business, three requests for surplus lines of authority, one application for accredited reinsurer status, one application for trustee reinsurer status, and four applications for certified reinsurer status under the pass porting process. A total of \$596.3 million in premium and franchise taxes were certified and reviews on almost 50 insurance company amendments completed. In addition, the department updated its online resources to continue to make financial compliance for companies more efficient.

Six Captive Insurance Companies Licensed in Ohio

The Ohio Department of Insurance licensed six captive insurance companies during the fiscal year. The first captive insurer was licensed soon after Governor Kasich signed into law legislation allowing businesses to form captive insurance companies domiciled in Ohio for their own commercial insurance needs. Captives are a form of self-insurance and a risk-management tool for businesses.

Department Accomplishments

Health Insurance Options for Ohio Businesses Expanded

Ohio Department of Insurance staff worked to expand options for Ohio businesses shopping for employee health insurance through the use of Multiple Employer Welfare Arrangements. These arrangements allow different employers to come together and purchase health insurance. Legislation broadened the definition of who can sponsor them and their financial requirements were enhanced to strengthen consumer protections and ensure common sense regulation.

Provide Fair and Appropriate Market Regulation

Consumer Protection and Regulatory Oversight Expertise Shared on National Committees

Lt. Governor and Ohio Department of Insurance Director Mary Taylor and staff served on numerous National Association of Insurance Commissioners committees and task forces to provide regulatory oversight and consumer protection expertise on important state and federal insurance issues.

Taylor and staff participated on 20 committees and task forces, including the Life Insurance and Annuities Committee, the Financial Condition Committee, and as Chair of the Examination Oversight Task Force and Vice Chair of the Life Actuarial Task Force. Matters addressed concerned protecting seniors, combating insurance fraud, marketplace regulation and monitoring the financial solvency of insurance companies.

Addressed Insurance Fraud and Agent Misconduct

The Fraud and Enforcement Division received 7,302 allegations of agent misconduct and insurance fraud from insurance companies, consumers, government agencies and law enforcement. The division opened 1,820 administrative and criminal investigations, identified 615 potential law violations and took administrative and/or criminal action against 458 individuals.

Department Accomplishments

Key Stakeholders Collaborated at Insurance Fraud Summit

The Fraud and Enforcement Division hosted the “Ohio Insurance Fraud Summit” in October 2015. The summit focused on current trends and legal issues associated with insurance fraud. It was attended by more than 100 representatives from 50 insurance companies and 12 insurance industry organizations.

Co-Hosted Insurance Fraud Seminar

The Fraud Unit co-hosted the “2016 Ohio Joint Insurance Fraud Seminar” with the National Insurance Crime Bureau, the National Society of Professional Insurance Investigators, the International Association of Special Investigation Units and the Ohio Auto Theft Investigators Association. More than 135 participants from law enforcement and the private industry discussed the different dynamics associated with insurance fraud schemes.

Tax Lien Program Surpassed \$17.3 Million Mark

The insurance agent tax lien program, introduced by Lieutenant Governor and Ohio Department of Insurance Director Mary Taylor in 2011, has collected or set-up payment plans with insurance agents for amounts totaling more than \$17.3 million. The monetary figure includes unpaid income tax, sales tax and workers’ compensation premium payments. The program is a partnership of the Ohio Department of Insurance, Ohio Department of Taxation and Ohio Attorney General’s Office working to recover funds that belong to Ohio. More than 1,097 agents and agencies have come into compliance with Ohio laws as a result of the program.

Rule Changed to Permit Agent Continuing Education Credit Carryover

A rule was changed permitting Ohio insurance agents to carryover up to 12 excess earned continuing education credits to the next two-year compliance period. Previously, excess credits agents accrued had no value moving forward. Carryover amounts only count as general credits to ensure that special continuing education requirements such as for ethics, surety bail bond and title insurance are completed each two-year period.

Department Accomplishments

Top Insurance Fraud and Enforcement Cases

Title Agency License Revoked for Forging Records

The department revoked the insurance license of Netwide Title Agency, located in Massillon in July 2015. Evidence was obtained that showed the submission of forged bank records to their title insurance underwriters and the Ohio Department of Insurance.

Action Taken Against Illegal Bail Bond Activity

The department revoked the license of Cincinnati surety bail bond agent Robert Robb for violating Ohio's insurance laws. Robb was also assessed a \$5,000 civil penalty. A department investigation found Robb, from February to April of 2014, illegally used the solicitation and negotiation services of his mother, Debra Henneke, to post bond for four clients. Henneke's surety bail bond license had been revoked by the department.

In addition, a final cease and desist order was issued to Henneke, of Batavia, in February 2016 for selling, soliciting and negotiating insurance without a license after originally having her bail bond license revoked by the department in 2010.

Agent's License Revoked After \$800K Misrepresentation

Ohio insurance agent Brian Willms, of Dublin, was issued a final order revoking his Ohio insurance license for intentionally misrepresenting the terms, benefits, value, cost, of any actual or proposed insurance contract. It was found that Willms misrepresented life insurance as an investment. The misrepresentations contributed to two clients losing a combined \$800,000.

Insurance Fraud Leads to Jail Sentence

Cleveland resident Joel December was sentenced in Cuyahoga County Common Pleas Court to eight months in jail followed by three years on community control for insurance fraud. An incarcerated December directed Asia Brown, a co-defendant in this case, to file a false claim with an insurance company claiming that multiple personal items valued at approximately \$21,000 were taken from their residence.

Department Accomplishments

Former Funeral Home Owner Held Accountable for Fraud, Theft and Forgery

Patricia Wills, former owner of the House of Wills Funeral Home in Cleveland, was sentenced in Cuyahoga County Common Pleas Court to one year of probation for insurance fraud, theft and forgery and was ordered to pay \$12,290.66 in restitution. A department investigation found Wills, also a former licensed insurance agent, submitted a pre-need life insurance claim in November 2012 on behalf of a client who was alive at the time. Believing the person was deceased, the insurance company paid \$12,290.66 to Wills, who misappropriated the money for personal use.

Man Sentenced for \$1 Million Investment Scheme Targeting Elderly

Dennis Flood, of Medina, was ordered in Cuyahoga County Common Pleas Court to serve eight years in prison after pleading to felony charges of engaging in a pattern of corrupt activity and aggravated theft. He was also ordered to pay restitution to the victims. The investigation found that Flood stole more than \$1 million from 45 victims in Ohio and Pennsylvania by deceiving them into purchasing fictitious investment certificates through his company, D.L. Flood Agency. The victims, who were primarily in their 70s and 80s, were promised a large return on their investments, but few ever received any money back. Flood's insurance license was previously revoked by the department.

Members of Cincinnati-area Insurance Fraud Ring Sentenced

Deandra Chambers was sentenced in Hamilton County Common Pleas court to four years in prison after pleading to three counts of insurance fraud and one count of tampering with records. Chambers was the identified leader of a group of Cincinnati-area residents that filed multiple false automobile insurance claims totaling approximately \$85,000. Additionally, Trenton Evans and Domyneck Elahee were sentenced earlier in 2015 for their involvement in the scheme.

Chiropractor Sentenced for Healthcare Fraud

Columbus-area Chiropractor Jeffrey R. Shope was sentenced in federal court to one year and one day in prison for healthcare fraud committed in 2015. A joint investigation involving the Ohio Department of Insurance, Federal Bureau of Investigation, and Ohio Bureau of Workers' Compensation (BWC) revealed that Shope engaged in illegal billing practices from January

Department Accomplishments

2009 to December 2012 to obtain nearly \$700,000 in fraudulent payments from federal health care benefits programs, the Ohio Bureau of Workers' Compensation and private insurance companies.

Provide Excellent Customer Services

Consumer Services Saved/Recovered \$7 Million for Ohioans

Consumer Affairs saved or recovered \$7,002,518 for Ohioans, received 18,898 phone calls and handled 6805 complaints. The majority of the complaints dealt with insurance company claim handling.

OSHIIP Program Generated Savings of \$23.5 Million for Ohioans

The Ohio Department of Insurance's Medicare education and counseling program saved Ohioans \$23.5 million, helping them realize suitable coverage options and available financial assistance programs. OSHIIP counseled more than 400,000 consumers. A total of 258,474 consumers were assisted in person at OSHIIP's 2,435 statewide outreach activities, which included the popular Welcome to Medicare and Medicare Check-up events.

Medicare Awareness Efforts Earned First Place National Ranking

The statewide Medicare education and counseling efforts of the Ohio Senior Health Insurance Information Program (OSHIIP) earned a first-place national ranking compared to 54 similar programs in other states and territories. According to the U.S. Department of Health and Human Services, OSHIIP set record high scores in the eight performance categories. The scoring criteria included consumer engagement, enrollment support, counseling sessions and media outreach.

Department Accomplishments

Maximum Possible Claim Payment Amounts for Consumers Raised

Measures designed to provide additional financial protection for Ohio consumers if their life or health insurance company faces insolvency and court-ordered liquidation became law. Legislation raised the maximum possible claim payout for disability and long-term care insurance for policyholders from \$100,000 to \$300,000; and basic hospital, medical and surgical insurance, major medical from \$100,000 to \$500,000 for claims still pending. The bill also added a \$250,000 maximum coverage limitation for each payee of a structured settlement annuity or the beneficiary of such an annuity.

Certificates of Insurance Oversight Strengthened

A new law strengthened regulatory protocols and oversight related to insurance policy summary documents called certificates of insurance. Issued by insurance companies and agents, businesses often share them as proof of insurance. The statutory change clarified the intent of certificates of insurance so they are not perceived to have authority similar to an insurance policy. The bill prohibits issuing or demanding the issuance of a certificate to include false or misleading information. The insurance director can now levy fines and penalties to those who misuse them.

Missing Life Insurance Policy Search Program Found 234 Matches

The Ohio Department of Insurance received 762 valid search requests for lost life and annuity insurance policies purchased in the state. The searched resulted in 234 policies being matched with their rightful beneficiaries. The search identifies the existence of any life insurance policies or annuity contracts purchased in Ohio and issued on the life of, or owned by, a deceased person. Search requests the department receives and supporting documentation are forwarded to Ohio-licensed insurance companies for the search to be initiated.

Required Provider Network Disclosure for Consumers

The department initiated a new rule that requires health insurance plans keep their directories updated with information about the provider and network status. The requirements for plans includes mandating that names should be easily identifiable and remain consistent across publications and webpages provided by the insurance company. Directories must include

Department Accomplishments

certain information for each in-network provider, such as name, gender, specialty, status of accepting new patients, languages spoken, office locations and various affiliations and certifications. Upon termination of a provider from the network, the insurance company must provide notice to any enrollee who has received services from the provider within the previous 12 months. The directory must be updated before an insurer can charge additional, out-of-network costs to a consumer.

Provide a Competitive Marketplace

Ohio's Average Insurance Premiums Near Nation's Lowest

Ohioans paid among the lowest rates in the nation for auto and homeowners insurance according to the most recent study from a national organization. Ohioans paid an average of \$763 (9th lowest) for homeowners insurance and \$659 (12th lowest) for auto insurance compared to the national average of \$1,096 and \$841, respectively. Ohio's combined average premiums are \$515 below the national averages.

Closely Monitored Insurance Company Transactions and Other Activities

The Ohio Department of Insurance's Risk Assessment team completed all reviews of insurance companies' quarterly and annual financial statements within timeframes prescribed by the National Association of Insurance Commissioners and met all other accreditation standards. Risk Assessment reviewed more than 450 company transactions, including nine applications for domestic certificates of authority and several significant mergers, acquisitions and re-domestication were reviewed. Financial examinations of 58 Ohio domestic insurers were completed, including nine qualifying engagements. Risk Assessment also participated in two international supervisory colleges.
