## **eTECH OHIO COMMISSION (ETC)**

- Creates the Information Technology Service Fund, consisting of money paid to the eTech Ohio Commission for the provision of information technology services to support initiatives to align education from preschool through college.

### **Information Technology Service Fund**

(R.C. 3353.15)

The act creates the Information Technology Service Fund, consisting of money paid by educational entities to the eTech Ohio Commission for the provision of information technology services to support initiatives to align education from preschool through college. The fund's proceeds must be used to provide these services, including (1) implementation of an electronic clearinghouse for transferring student transcripts and (2) development of a longitudinal student data system, which is authorized by continuing law.<sup>111</sup>
