Lottery sales agents requirements

(R.C. 3770.02)

The bill requires, under rules adopted by the State Lottery Commission, the Director of the Commission to require lottery sales agents to deposit to the credit of the State Lottery Fund, in banking institutions designated by the Treasurer of State, net proceeds due the Commission as determined by the Director. Currently, lottery sales agents may either mail the net proceeds directly to the Commission or deposit them in designated banking institutions. Therefore, the bill removes the option of mailing net proceeds directly to the Commission.

Additionally, the bill removes the requirement that lottery sales agents must file with the Director or the Director's designee reports of their receipts and transactions in the sale of lottery tickets in the form required by the Director.
