No provision.

R.C. 3770.03

Directs the State Lottery Commission to adopt a rule reducing the commission paid to video lottery sales agents to 65.5% of the agent's video lottery terminal income. (The commission is set at 66.5% in current rules).

Fiscal effect: Increases the share of VLT net income to the Lottery by \$8.9 million in FY 2018 and \$9.1 million in FY 2019. Decreases by about \$125,000 in each fiscal year VLT revenue to the Racing Commission DPF Fund 5NL0. Fiscal effect: Assuming the Lottery Commission (LOT) adds video poker to the VLTs, this provision would result in \$12.5 million of additional revenue to the Lottery Profits Education Fund (LPEF) in each fiscal year. That amount is the share of LOT net income from the total increase in VLT income, according to estimates from the Lottery Commission. This implies a separate increase of about \$2.5 million in VLT revenue to the Racing Commission in each fiscal year, paid into DPF Fund 5NL0 (from the share accruing to VLT sales agents).
