Ohio Secretary of State

Quick look...

- The Secretary of State oversees elections and business licensing in Ohio, as well as notary services and the “Safe at Home” address confidentiality program, among other responsibilities.
- The newly created position of Chief Information Security Officer will oversee the integrity of office wide IT systems.
- Approximately \$35.8 million (53.6%) of total biennial funding comes from business filing fees.
- GRF funding makes up approximately \$26.4 million (39.5%) of biennial funding totaling \$66.8 million.
 - Approximately \$22.3 million of GRF funding is for debt service payments on obligations issued to purchase county voting systems.
 - The remaining GRF funding of just under \$4.0 million is for cybersecurity personnel, poll worker training, and federally required matching funds.

Overview

Agency overview

The Secretary of State (SOS) supervises the administration of election laws and the 88 county boards of elections. The Secretary of State also chairs the five-member Ohio Ballot Board, which approves statewide ballot language, reviews statewide initiative and referendum petitions, and informs voters about proposed ballot issues. In overseeing elections, the Secretary of State compiles and maintains election statistics, political party records, and other related records, including campaign finance reports filed by candidates running for statewide office, the General Assembly, and political action committees. These responsibilities are handled by the Elections Division. The Secretary of State also oversees business licensing in the state. This function is handled by the Business Services Division. In addition, the Division handles a variety of Uniform Commercial Code (UCC) filings. The Business Services Division also

houses the Notary Commission. Overall, the Secretary of State employs approximately 115 people according to September 2019 payroll records.

Appropriation summary

The budget provides a total appropriation of \$32.6 million in FY 2020 and \$34.2 million in FY 2021 for the Secretary of State. Elections Services operations consist of nearly \$18.0 million (55.0%) of spending in FY 2020, and \$19.2 million (56.1%) of spending in FY 2021. Of the agency funding total, \$12.1 million (37.1%) in FY 2020 and nearly \$14.3 million (41.7%) in FY 2021 comes from the GRF. The majority of the GRF funding is for debt service on purchases of new voting machines for counties. The remaining portion of this GRF funding is for (1) cybersecurity staffing, (2) the match required for Help America Vote Act grant funding, and (3) poll worker training. However, the largest share of funding for the Secretary of State comes from filing fees on businesses and notaries in various funds within the Dedicated Purpose Fund Group. Together, these fees support \$17.7 million (54.3%) of funding in FY 2020 and almost \$18.1 million (52.9%) of funding in FY 2021. These amounts fully support the Business Services Division and provide supplemental funding for the Elections Division. Finally, the Secretary of State received funding of \$2.7 million in FY 2020 and nearly \$1.8 million in FY 2021 in federal funding from a grant issued through the Help America Vote Act.

Budget provisions

Precinct election official staffing

The budget contained a provision that allows county boards of elections to reduce the number of precinct election officials required to be stationed at multi-precinct voting locations in which electronic pollbooks are used from four to two. Currently, there are 83 counties that use some form of electronic pollbook. Generally, the authority granted in this provision would most likely only be used during special elections, as most counties would continue to have full staffing for primary and general elections. Therefore, any cost savings resulting from reducing staff would likely be minimal. In cases where a special election is specific to local ballot issues, county boards of elections and other responsible political subdivisions would realize these cost savings. In cases where the special election was for a statewide race, or as is most common for a congressional vacancy, the state would be responsible for those election costs and therefore realize any associated cost savings. The costs for special elections in such cases are paid from the BOE Reimbursement and Education Fund (Fund 5FG0), which receives transfers from the Emergency Purposes/Contingencies Fund (Fund 5KM0) under the Controlling Board.

Absent voter's ballot mailing

The budget preserved, with one modification, a provision specifying that, upon the request of the Secretary of State, the Controlling Board is authorized to approve cash and appropriation transfers from the Controlling Board Emergency Purposes/Contingencies Fund (Fund 5KM0) to the Absent Voter's Ballot Application Mailing Fund (Fund 5RGO) to pay the costs of printing and mailing unsolicited applications for absent voters' ballots for the November 2020 general election. Previously, the Controlling Board was required to approve any such request by the Secretary of State. The cost of these mailings for the 2018 general election was nearly \$1.4 million.

Women's Suffrage Centennial Commission

The budget establishes a new DPF appropriation item 050634, Women's Suffrage Centennial Commission, to be used to pay for the duties of the Women's Suffrage Centennial Commission in accordance with S.B. 30 of the 133rd General Assembly. That bill established the Commission, and required the Secretary of State to manage the Women's Suffrage Centennial Commission Fund (Fund 5VX0), which is used to house all donations made to the Commission for all related costs associated with the Commission's duties.

Analysis of FY 2020-FY 2021 budget

Elections Services

This category of appropriations funds the Secretary of State's Elections Division, which is responsible for the administration and oversight of all elections in the state, as well as poll worker training. Overall, \$18.0 million in FY 2020 and \$19.2 million in FY 2021 is appropriated for Elections Services. Approximately 67.2% of the funding in FY 2020 and 74.4% in FY 2021 for these activities is supported by the GRF.

Operating Expenses (ALI 050321)

FY 2016 Actual	FY 2017 Actual	FY 2018 Actual	FY 2019 Actual	FY 2020 Appropriation	FY 2021 Appropriation
GRF ALI 050321, Operating Expenses

% change	0.1%	-99.9%	-100%	--	0.0%

This line item is used to support cybersecurity measures throughout the Secretary of State's Office. This includes the salaries of the Chief Information Officer and newly created position of Chief Information Security Officer. This appropriation item is also used to provide the required federal match for the HAVA grants described in Federal appropriation item 050616, Help America Vote Act (HAVA). The most recent grants provided in federal fiscal year (FFY) 2018 require a 5% match. Ohio's share requires matching funds of approximately \$605,000, due in FY 2020.

Poll Workers Training (ALI 050407)

FY 2016 Actual	FY 2017 Actual	FY 2018 Actual	FY 2019 Actual	FY 2020 Appropriation	FY 2021 Appropriation
GRF ALI 050407, Poll Workers Training					
\$0	\$468,392	\$0	\$0	\$234,196	\$234,196
% change	--	-100%	--	--	0.0%

Boards of elections are required to establish a poll worker training program. The boards are responsible for initial and ongoing training of poll workers and presiding judges. Training occurs twice per year. The Secretary of State annually reimburses counties for those expenses

once a statement of expenses has been received. Additionally, the office maintains online training sessions and training materials for poll workers on its website. This GRF line item pays for those reimbursements. These costs were budgeted under DPF appropriation item 050631, Precinct Election Officials Training, in FY 2019, and these reimbursements were \$468,392.

County Voting Systems Lease Rental Payments (ALI 050509)

FY 2016 Actual	FY 2017 Actual	FY 2018 Actual	FY 2019 Actual	FY 2020 Appropriation	FY 2021 Appropriation
GRF ALI 050509, County Voting Systems Lease Rental Payments					
\$0	\$0	\$0	\$0	\$10,116,000	\$12,279,200
% change	--	--	--	--	21.4%

This GRF line item is used to pay the debt service on obligations issued for county voting machine acquisitions under S.B. 135 of the 132nd General Assembly. Under the bill, the Office of Budget and Management was required to issue debt instruments of up to \$104.5 million to ensure the payment for these machine acquisitions. As of this writing, there have been \$80 million in obligations issued for 53 counties to acquire new voting machines.

Board of Voting Machine Examiners (ALI 050610)

FY 2016 Actual	FY 2017 Actual	FY 2018 Actual	FY 2019 Actual	FY 2020 Appropriation	FY 2021 Appropriation

% change	60.0%	25.0%	-30.0%	-57.4%	0.0%

This line item is used to pay for services and expenses of the members of the Board of Voting Machine Examiners. The line item is also used to pay for the cost of examining, testing, and certifying voting machine devices. The funding for these purposes is derived from fees charged to voting machine vendors for the certification of those machines. Given the \$2,400 vendor certification fee, this level of funding assumes three items of voting equipment will be brought before the Board for certification annually.

Statewide Voter Registration Database (ALI 050629)

FY 2016 Actual	FY 2017 Actual	FY 2018 Actual	FY 2019 Actual	FY 2020 Appropriation	FY 2021 Appropriation

% change	--	-37.6%	90.6%	5.4%	0.0%

This line item is used to support the numerous functions related to the Statewide Voter Registration Database (SWVRD), such as maintaining the communication lines between SWVRD

and 88 county boards of elections as well as IT hardware and software maintenance support for the system. Before FY 2017, maintenance and system upgrades or improvements were paid for from HAVA funding under HAVA Fund (Fund 3AS0), appropriation item 050616, Help America Vote Act. Since FY 2017, the database has been funded through the Business Services Fund (Fund 5990).

Election Support Supplement (ALI 050630)

FY 2016 Actual	FY 2017 Actual	FY 2018 Actual	FY 2019 Actual	FY 2020 Appropriation	FY 2021 Appropriation

% change	--	--	-3.4%	11.1%	3.6%

This line item is used to pay for the expenses that the Secretary of State incurs for administering elections. Specifically, the funding will be used to pay for the salaries of Elections Division employees. In previous fiscal years, payroll funding was supplied by appropriations from the GRF. The source of operating revenue is various corporate and business filing fees that are deposited into the Business Services Fund (Fund 5990).

The Elections Division is divided into three areas. The Elections Section provides instructions and develops procedures for conducting elections, and prescribes applicable forms for voter registration, petitions, and ballot language. The Campaign Finance Section receives, processes, and examines all submitted campaign finance statements. The Field Services Section acts as a liaison between the Secretary of State and county boards of elections, and distributes elections-related information to citizens.

BOE Reimbursement and Education (ALI 050620)

% change	2,015.0%	-95.8%	2,607.8%	-81.5%	0.0%

This line item is used to reimburse boards of elections (BOE) for the costs of certain special elections and recounts. The BOE Reimbursement and Education Fund (Fund 5FG0) receives transfers from the GRF upon approval of the amounts by the Controlling Board. FY 2019 spending shown above primarily reflects amounts that county boards of elections were reimbursed for costs they incurred for holding special elections during FY 2019 in the 12th Congressional District. Since this line item is used on an as-needed basis to make these reimbursements, spending from it fluctuates from year to year according to the amounts approved by the Controlling Board.

Help America Vote Act (HAVA) (ALI 050616)

FY 2016 Actual	FY 2017 Actual	FY 2018 Actual	FY 2019 Actual	FY 2020 Appropriation	FY 2021 Appropriation

% change	-78.4%	-91.9%	18,962.9%	0.8%	-36.1%

This line item is used to carry out HAVA-related requirements through federal money deposited into the Help America Vote Act Fund (Fund 3AS0). These responsibilities include (1) improving the statewide voter registration database, (2) acquiring, modifying, or replacing voting systems and technology, and (3) implementing the Military and Overseas Voter Empowerment (MOVE) Act. In FFY 2018, Congress authorized additional payments to Ohio of approximately \$12.1 million for technology enhancements and election security improvements.

Business Services

The line items in this category are used to fund functions carried out by the Business Services Division. The Division is responsible for handling articles of incorporation for Ohio corporations and granting licenses to out-of-state corporations seeking to do business in Ohio. The Division is also responsible for processing numerous types of filings under the Uniform Commercial Code (UCC). Business filing fees deposited into the Business Services Fund (Fund 5990) account for approximately \$14.0 million of the funding for the Business Services Division. The remainder is budgeted for filing refunds, Notary Commission services, and management of the “Safe at Home” address confidentiality program.

Business Services Operating (ALI 050603)

FY 2016 Actual	FY 2017 Actual	FY 2018 Actual	FY 2019 Actual	FY 2020 Appropriation	FY 2021 Appropriation

% change	-2.7%	-1.7%	10.4%	-6.1%	2.5%

This line item is used to pay the expenses associated with collecting and processing UCC filings as well as filings associated with corporations or partnerships, including the personnel costs for the Business Services Division. The revenue that supports the appropriation comes from fees charged for corporate and UCC filings. There are approximately 140 different UCC and business filings fees for the state.

The Business Services Fund (Fund 5990) collected just over \$17.4 million in fee revenue in FY 2018 and \$18.7 million from these various fees in FY 2019. The current cash balance of Fund 5990 is approximately \$20.2 million.

Notary Commission (ALI 050609)

% change	1.4%	-42.1%	4.2%	85.2%	0.0%

This line item is used to pay the expenses of the Notary Public Office, including the cost of issuing licenses. The line item is funded through a \$15 fee paid by individuals for notary public licenses valid for five years, except notary commissions held by practicing attorneys, which are valid as long as the attorney lives in Ohio. The Notary Commission also oversees minister licenses (\$10 fee) and special police officer commissions (\$15). All of the appropriation is slotted for payroll. The Notary Commission Fund (Fund 4120) collected just under \$473,000 in revenues in FY 2018. Receipts for FY 2019 were \$462,100.

% change	--	--	106.7%	158.4%	0.0%

This line item is used to fund the “Safe at Home” address confidentiality program for survivors of domestic violence stalking, human trafficking, rape, or sexual battery and certain other crimes created by H.B. 359 of the 131st General Assembly. Under the program, the Secretary of State arranges to receive mail on the participant’s behalf, shielding the information from public records. The mail is subsequently forwarded to a confidential mailing address. Eligible voters who are participating in the “Safe at Home” program may also register to vote or vote by absentee ballot without address information appearing in public voter registration files.

This program is funded through fines that courts may impose when sentencing certain offenders for various offenses. Fines deposited into the Address Confidentiality Fund (Fund 5SN0) in FY 2019 amounted to approximately \$13,200. In addition, uncodified law in the budget bill allows for cash transfers of up to \$50,000 from the Business Services Fund (Fund 5990) if required to cover the funding needs of the program.

This line item is used to provide all necessary funding to the Women's Suffrage Centennial Commission to carry out its duties as established in Am. S.B. 30 of the 133rd General Assembly. These duties include planning and hosting events related to women's suffrage, and raising awareness about the enactment of the 19th Amendment.

This line item is within the Holding Account Fund Group portion of the Secretary of State's budget. The appropriation is used to pay out UCC and corporate filing fees that may be subject to refund due to the filing being rejected or otherwise not being recorded, or filings for which there was an overpayment.
