INTRODUCTION

During 2001, the 124th General Assembly enacted 50 House bills and 34 Senate bills. Governor Taft vetoed Sub. S.B. 148 and items in Am. Sub. H.B. 3, Sub. H.B. 73, and Am. Sub. H.B. 94.

The Legislative Service Commission prepares for the members of the General Assembly analyses of nearly all the bills and proposed constitutional amendments considered on the floor of the House or Senate. The *Digest of Enactments 2001* is a compilation of condensed versions of the final analyses of bills enacted during 2001. The *Digest of Enactments* replaces the *Summary of Enactments* published by the Legislative Service Commission in various formats from 1953 to 1994.

The *Digest of Enactments 2001* may be purchased at \$6 per copy plus \$1 postage and handling for mail orders. Orders should be addressed to:

DIGEST OF ENACTMENTS

AGRICULTURE

Am. Sub. H.B. 200

Reps. Calvert, Hollister, Redfern, Allen, Brinkman, Rhine, Lendrum, Flowers, Kearns, Webster, Evans, Peterson, Schaffer, Willamowski, Hagan, Fessler, Latta, Hughes, Goodman, Coates, Setzer, Collier, Schmidt, Manning, Hartnett, Faber, Aslanides, Barrett, Cirelli, Latell, DeWine, Roman, Carmichael, Widowfield

Sens. Mumper, Armbruster, Brady, Carnes, Hagan, Harris, Jordan, Spada, White, DiDonato, Prentiss, Ryan

Effective date: October 26, 2001

Includes compact tractors within the definition of "farm machinery," and includes mobile, motorized utility maintenance equipment used in construction or road maintenance within the definition of "construction equipment," thus applying the law governing the relationship between suppliers and dealers of farm machinery or construction equipment to the sale of those items.

Prohibits a supplier of farm machinery or construction equipment, without good cause, from terminating, failing to renew, or substantially altering the competitive circumstances of certain agreements that the supplier has entered into with a dealer of farm machinery or construction equipment, and specifies what constitutes good cause for such a termination, failure to renew, or substantial alteration.

Requires a supplier of farm machinery or construction equipment to provide at least 180 days' prior written notice to a dealer of farm machinery or construction equipment before terminating or not renewing certain agreements that the supplier has entered into with the dealer.

Requires a farm machinery or construction equipment supplier who violates the prohibition against terminating, failing to renew, or substantially altering the competitive circumstances of certain agreements entered into with a farm machinery or construction equipment dealer to repurchase, under certain circumstances, any inventory previously purchased from the supplier by a dealer engaged in the retail sale of farm machinery or construction equipment.

Requires a farm machinery or construction equipment supplier who is required to repurchase inventory from a farm machinery or construction equipment dealer to pay the net cost for new, unused, and undamaged repair parts rather than 85% of the current net price as under former law, and also requires

such a supplier to pay the average "as-is" value shown in current industry guides for each component of a rental fleet of farm machinery or construction equipment that is owned by the dealer and financed by the supplier or its finance subsidiary, provided that the component was purchased from the supplier not more than 30 months prior to the date that the supplier terminates the dealer agreement.

APPROPRIATIONS

Sub. H.B. 73

(For details of fiscal provisions of the act, see *LSC ANALYSIS OF THE STATE OPERATING BUDGET FOR FISCAL YEARS 2002 AND 2003*)

Reps. Buehrer, Carey, Hoops, Goodman, Gilb, Faber, Calvert, Hughes, Peterson, Grendell, Webster, Womer Benjamin, Raga, Metzger, Core, Allen, Clancy, Flannery, Husted, Evans, Perry, Patton, Coates, Olman, Hagan, D. Miller, Schmidt, Schneider, Jones

Sens. Armbruster, Amstutz, Carnes, Mead, Oelslager, Wachtmann, Furney, Ryan, Mallory, Harris, Johnson, R.A. Gardner

Effective date: June 29, 2001; operating appropriations generally effective March 30, 2001; codified sections and nonoperating appropriations generally effective June 29, 2001; contains item veto

Transportation provisions

Modifies the applicable governing provisions of a land appropriation proceeding to provide that the laws applicable to civil actions and the *Rules of Civil Procedure* govern the proceeding.

Eliminates land appropriation provisions regarding: (1) the taking of depositions, and (2) the prohibition under certain circumstances against evidence regarding appraisals or land values being adduced or elicited in depositions for an appropriation proceeding.

Generally authorizes the Director of Transportation to purchase property from a willing seller: (1) to replace, preserve, or conserve environmental resources under specified conditions, or (2) for the construction and maintenance of bikeways and bicycle paths.

Establishes that highway proximity requirements governing certain ODOT property acquisitions do not apply to acquisitions to replace wetlands or to replace, preserve, or conserve environmental resources.

Increases the percentage of motor fuel tax revenue attributable to watercraft from 0.75% to 1%, and allocates 7/8 of that amount to the previously existing Waterways Safety Fund and the remaining 1/8 to the Wildlife Boater Angler Fund, which the act creates in the state treasury.

Reactivates the Ohio Motor Vehicle Weight Limit Law for roads that are not part of the interstate system, and provides that for any given vehicle either that law or the federal weight law applies depending on which allows the highest total gross vehicle weight.

Specifies that from July 1, 2001, through June 30, 2003, for the purposes of the law governing the issuance of special permits for nonconforming vehicles, three or fewer steel coils are deemed to be a nondivisible load if the overall gross vehicle weight of the vehicle and load does not exceed 92,000 pounds.

Allows a local authority, as a condition of issuing a special permit to allow an overweight vehicle to travel on a highway under the local authority's jurisdiction, to require that the permit holder enter into an agreement to pay compensation for excess road damage or to repair the damage.

Allows the Director of Transportation to designate all or part of a state highway a "special economic development highway," and requires the Director to consider economic development effects when determining whether to issue a special permit for a nonconforming vehicle to travel on the highway.

Allows the Director, as a condition of issuing a special permit for a nonconforming vehicle to travel on a special economic development highway, to require that the permit holder pay compensation for resulting road damage.

Establishes requirements and procedures by which the Director may enter into professional services contracts, and establishes requirements for those contracts.

Requires certain professional services contracts to be approved by the Controlling Board, and establishes professional liability insurance requirements for firms that enter into such contracts.

Replaces the ODOT contract arbitration provisions with binding dispute resolution procedures, and establishes the criteria for vacating a binding dispute resolution.

Specifies that not more than 20% of ODOT's capital construction projects may be bid requiring a warranty rather than the prior requirement that at least 20% of the capital construction projects be bid requiring a warranty, eliminates the requirement that at least 10% of ODOT's capital construction projects be bid requiring a pavement warranty, and replaces the minimum warranty periods prescribed by prior law with maximum warranty periods.

Eliminates ODOT authority to enforce certain aviation laws, and permits certain aviation law violations to be prosecuted by local authorities rather than by ODOT or the Attorney General.

Lengthens from one year to two years the period of time during which a permit for an advertising device located along an interstate or primary highway is in effect.

Continues for the FY 2002-2003 biennium the ODOT pilot program for combining the design and construction elements of projects by allowing the Director to enter into contracts for an additional \$250 million worth of design-build projects during that period.

Concerning the Director's authority to award design-build contracts through a value-based selection process, restricts the usage of the authority to two projects during the biennium of at least \$20 million each and not more than \$85 million altogether rather than three projects annually of at least \$10 million each and not more than \$60 million altogether.

Specifies that an unsuccessful finalist's proposal for a design-build contract becomes the property of ODOT unless the finalist waives the prescribed compensation for such a proposal, and provides that the Director must return the proposal to a finalist who elects such a waiver.

During the FY 2002-2003 biennium, authorizes county engineers to use design-build contracts for not more than 15 bridge projects statewide, provided that a project may not exceed \$2 million, and requires the Director of Transportation to evaluate each design-build project and issue a report to the General Assembly on the effectiveness of the program.

Creates a two-year program in the Department of Transportation to pay for the installation of rumble strips or other safety devices at active railroad crossings without gates or lights.

Requires the staff of the Legislative Service Commission, subject to Commission approval, to conduct a study to identify federal and state mandates on the use of road and bridge funding available to local governments and to suggest ways that the mandates could be modified or lifted to facilitate the most efficient and productive use of the funding.

Would have created the State Highway Patrol Funding Task Force to study the method of funding the State Highway Patrol (vetoed).

Requires ODOT to study and report to the General Assembly various issues related to better use of federal transportation funds by local governments.

Corrects an erroneous statutory reference in the General Obligation Bond Law.

Public safety provisions

Generally authorizes the Department of Education to adopt and enforce rules relating to the operation of all vehicles used for pupil transportation rather than just publicly and privately owned and operated school buses.

Specifies that, for an applicant for a motor vehicle certificate of title who is the secured party repossessing a motor vehicle, a clerk of a court of common pleas may issue the certificate of title if the applicant complied with the repossession and other specific requirements of Article 9 of the Uniform Commercial Code (Chapter 1309. of the Revised Code), including the notice requirements.

Allows licensed physician assistants, certified nurse practitioners, and clinical nurse specialists, in addition to licensed physicians as under continuing law, to perform medical examinations of persons applying for commercial driver's licenses.

Establishes a \$15 contribution for obtaining or renewing "The Leader in Flight" license plates, which are issued under continuing law, creates The Leader in Flight License Plate Fund for the receipt of moneys from the contribution, and requires moneys in the Fund to be paid to and used by Wright B. Flyer, Incorporated.

Creates the Film Production Reimbursement Fund for the deposit of moneys received by the Department of Public Safety from other agencies for services and supplies provided by the Department for the production of public service announcements, media materials, and training materials.

Provides that the requirement that Ohio Penal Industries produce motor vehicle license plate validation stickers and county identification stickers does not apply if the Registrar of Motor Vehicles adopts rules that permit the Registrar or deputy registrars to print or otherwise produce those stickers in house.

Creates the Security Deposit Fund, provides that all security deposits that the Registrar of Motor Vehicles requires as the result of certain motor vehicle accidents be deposited into the Fund, and requires that money in the Fund be applied only to the payment of judgments for damages arising out of those accidents and to the return of security deposits.

Eliminates a requirement that the Director of Public Safety furnish copies of certain accident reports to interested parties, provides instead that the local law enforcement agencies that submit the reports to the Department must furnish

copies, and provides that the fee for a copy, rather than being \$3, cannot exceed \$4.

Allows the Superintendent of the State Highway Patrol to authorize the Registrar of Motor Vehicles and designated deputy registrars to collect certain inspection and testing fees on behalf of the Patrol.

Sen. Nein

Effective date: April 10, 2001; certain provisions effective other than April 10, 2001

Modifies penalty provisions for a state fund employer's misrepresentation of payroll and a self-insuring employer's misrepresentation of paid compensation.

Abolishes the Occupational Safety Loan Program and the Occupational Safety Loan Fund, which were partially funded by civil penalties assessed for violation of specific safety rules and laws, and instead requires that those civil penalties be deposited into the Safety and Hygiene Fund.

Permits the Administrator of Workers' Compensation to adopt rules, effective for three years, identifying medical conditions that have a historical record of being allowed whenever included in a claim and to grant immediate allowance and make immediate payment of medical bills for those medical conditions during those three years.

Requires the Administrator to establish a pilot program to determine the effectiveness of implementing this new method of immediately allowing and paying claims involving medical conditions identified in those rules.

Requires the Administrator to submit reports explaining various cost and performance issues, semiannually during the 2001-2003 biennium, to the Workers' Compensation Oversight Committee, the Office of Budget and Management, the Legislative Service Commission, and the General Assembly.

Eliminates the Camera Center Fund.

Requires an employer who wishes to file a request, protest, or petition to the Adjudicating Committee to do so on or before 24 months after the Administrator sends notice of the determination about which the employer is filing the request, protest, or petition.

EDUCATION

PRIMARY-SECONDARY EDUCATION FUNDING

Repeals the temporary cap on school district state aid increases.

Changes the methodology for determining the base cost of an adequate education for FY 2002 through FY 2007, resulting in increased per pupil amounts (\$4,814 for FY 2002 and \$4,949 for FY 2003).

Reduces the number of high school academic units required for graduation from 21 to 20, and specifies that the increased base-cost formula amounts include amounts for the costs associated with the 20-unit minimum.

Requires the Speaker of the House of Representatives and the President of the Senate to appoint a committee in July 2005 and every six years thereafter to reexamine the methodology for calculating the cost of an adequate education.

Requires the General Assembly to recalculate the base cost of an adequate education every six years after considering the recommendations of the committee.

Requires the General Assembly, during its biennial budget deliberations, to project the state share percentage of base cost and parity aid funding for each year of the upcoming biennium and to take action to restrict the variance in the percentage if it projects that the variance will exceed 2.5 percentage points more or less than the percentage it originally projected for the base update year.

Specifies the General Assembly's determination that the state share percentage of base cost and parity aid funding is 49.0% in FY 2002 and 49.4% in FY 2003.

Reduces the variance in the cost-of-doing-business factor to 7.5%.

Eliminates the "income factor" adjustment from the base-cost formula, and instead incorporates a consideration of school district income wealth as part of a new parity aid program.

Changes the computation of public utility property tax replacement payments to reflect all state education aid payments.

Beginning in FY 2003, places an "excess cost" limitation of 3 mills on the local share of calculated special education, vocational education, and transportation funding, and requires the state to pay the amount by which a district's calculated local share exceeds 3 mills.

Phases in a new special education funding system comprising six weights for six categories of students.

Requires each city, local, and exempted village school district to spend annually, on purposes that the Department of Education approves as special education and related services, at least the amount of state and local funds calculated by the base-cost and special education formulas applied to its special education students.

Extends the state "catastrophic costs" subsidy to cover most special education students, increases the state's share of the subsidy, increases the threshold from \$25,000 to \$30,000 in FY 2002 for the highest-cost disabilities, and increases the FY 2003 thresholds for all students by an inflation factor of 2.8%.

Maintains the \$30,000 personnel allowance for the speech services subsidy to school districts in FY 2002 and FY 2003.

Requires the Legislative Office of Education Oversight to survey individualized education programs ("IEPs") prepared for handicapped children to determine the types of conditions that school districts identify as "other health handicaps."

Makes permanent the policy of using the special education weights to calculate payments to county boards of mental retardation and developmental disabilities for providing special education to school-aged children.

Adjusts the vocational education weights to reflect the act's changes in the application of the cost-of-doing-business factor.

Beginning in FY 2003, enhances the state's percentage of the transportation funding calculation for lower-wealth school districts.

Adds transportation funding to the charge-off supplement ("gap aid") calculation.

Phases in a "parity aid" subsidy as a new supplemental tier of state funding to lower- and medium-wealth school districts.

Repeals a provision that generally prohibited consideration of a reduction in funds due to sanction in determining whether the county spent less on services to children than in the preceding year.

Eliminates the requirement that the Department of Job and Family Services (DJFS) prepare an annual report detailing on a county-by-county basis child welfare services provided.

Increases from 2% to 3% the amount that DJFS may withhold from federal funds for administrative and training costs incurred in the operation of foster care

maintenance and adoption assistance programs, and provides that the amount withheld may be used, in addition to funding the Ohio Child Welfare Training Program, to fund the university partnership program.

Eliminates a provision of law allowing a government entity, private child placing agency (PCPA), or private noncustodial agency (PNA) to request that DJFS determine what portion of an amount the agency or entity charged for foster care maintenance for a child who qualified for reimbursement under Title IV-E of the Social Security Act.

Eliminates the requirement that DJFS levy a special assessment on each PCPA, PNA, or government entity seeking a foster care maintenance rate determination and that DJFS deposit money collected from the assessments into the Child Welfare Training Fund.

Eliminates the Child Welfare Training Fund that DJFS was required to use to secure federal matching funds under Title IV-E to help defray allowable and reasonable costs that PCPAs, PNAs, and government entities incurred in training staff and foster caregivers.

Eliminates a provision allowing DJFS to require a PCPA, PNA, or government entity that received payment from the Child Welfare Training Fund for training costs to pay or help pay the cost of an adverse audit finding that the agency or entity caused or contributed to.

Eliminates a provision allowing DJFS to require all PCPAs, PNAs, and government entities that received payments from the Child Welfare Training Fund for training costs to share in the cost of an adverse audit finding that a PCPA, PNA, or government entity no longer in existence caused or contributed to.

Requires that procedures to monitor reports of costs reimbursable under Title IV-E for foster care and adoption assistance and costs reimbursable under Medicaid be implemented by DJFS by October 1, 2003, and requires that the costs be distinguished in cost reports.

Authorizes a county children services board to enter into an employment contract with the board's executive director, and provides that the executive director is not to be in the classified civil service.

Permits DJFS, with the consent of a county, to combine into a single and consolidated grant state funds provided to the county for child welfare services and kinship care.

Permits the Director of DJFS to seek a federal waiver to provide health assistance to certain uninsured, residential parents with a family income not

exceeding 100% of the federal poverty guidelines using federal funds allotted under the Children's Health Insurance Program.

Eliminates the requirement that DJFS establish a program providing support services to kinship caregivers, and replaces it with a kinship care navigator program that provides kinship caregivers information and referral services and assistance in obtaining the support services that were required to be provided under the eliminated support service program.

Provides for payments, within available funds, to public children services agencies for providing services under the kinship care navigator program.

Permits DJFS to provide training and technical assistance concerning needs of kinship caregivers to employees of public children services agencies and other persons and entities that serve kinship caregivers or perform the duties of a kinship care navigator and are under contract with an agency.

Permits DJFS to adopt rules to implement the kinship care navigator program.

Eliminates the requirement that a system for mail issuance of food stamp benefits be maintained, and statutorily recognizes the statewide practice of issuing food stamp benefits in electronic form.

Permits a county department of job and family services to issue, at the county department's expense, identification cards to recipients of benefits or services under any assistance program that the county department administers.

Transfers from DJFS to the Office of Criminal Justice Services the administration of funds received under the federal Family Violence Prevention and Services Act.

Eliminates law under which persons entitled to receive payment for funeral, cremation, cemetery, and burial expenses of deceased public assistance recipients could receive state funds to defray those expenses.

Permits DJFS to provide, as part of the Ohio Child Welfare Training Program, preplacement and continuing training that foster caregivers must obtain for issuance or renewal of a foster home certificate.

Requires the training program steering committee, which is charged with the duty of monitoring the Ohio Child Welfare Training Program, to ensure that the preplacement and continuing training meets the requirements of DJFS for the training.

Requires that a public children services agency, PCPA, or PNA acting as a recommending agency for a foster caregiver, rather than DJFS, pay the foster caregiver a stipend as reimbursement for attending training courses.

Revises the law governing payment of providers of publicly funded child day-care for days on which a child is absent.

Effective January 1, 2002, requires county departments of job and family services to redetermine every six months the fee charged for publicly funded child day-care.

Requires that DJFS act as the single state agency to administer and supervise the administration of Title IV-A programs, and provides that the Title IV-A state plan and amendments to the plan are binding on county family services agencies and state agencies that administer a Title IV-A program.

Prohibits a county family services agency or state agency administering a Title IV-A program from establishing a policy governing the Title IV-A program that is inconsistent with a Title IV-A program policy established by the Director of DJFS.

Requires DJFS to administer certain Title IV-A programs and components, supervise a county family services agency's administration of the programs and components, or enter into an interagency agreement with a state agency for the state agency to administer programs and components under DJFS's supervision.

Permits DJFS to terminate certain Title IV-A programs and components or reduce funding for them if DJFS determines that federal or state funds are insufficient to fund them and the Director of Budget and Management approves the termination or reduction.

Creates the Temporary Assistance for Needy Families (TANF) Federal Fund to receive federal funds for Ohio Works First (OWF), the Prevention, Retention, and Contingency (PRC) program, and other purposes consistent with state and federal laws.

Provides that a minor who is at least six months pregnant and a member of an assistance group that does not include an adult is a minor head of household under OWF and therefore subject to the minor head of household requirements, including entering into a self-sufficiency contract and satisfying work responsibilities.

Provides that the OWF time limit applies to an assistance group that includes an individual who has participated in the program for 36 months as an

adult or minor head of household or spouse of an adult or minor head of household.

Permits a county department of job and family services to exempt not more than 20% of the average monthly number of OWF assistance groups, rather than participants, from the time limits on the basis of hardship and requires DJFS to monitor the percentage of assistance groups exempted on a county-by-county basis.

Changes requirements governing reports by DJFS about participation in the OWF Program.

Requires that DJFS's model design for the PRC program establish or specify eligibility requirements, the help to be provided under the program, administrative requirements, and other matters determined necessary.

Eliminates a restriction that the PRC program serve only assistance groups that included at least one minor or a pregnant woman.

Provides that benefits and services provided under the PRC program must be an allowable use of federal TANF funds, except that they may not be "assistance" as defined in a federal TANF regulation.

Provides that the DJFS model design and the policies of a county department of job and family services for the PRC program may establish eligibility requirements for, and specify benefits and services to be provided to, types of groups, such as students in the same class, that share a common need for the benefits and services.

Provides that the DJFS model design and the policies of a county department of job and family services for the PRC program may specify benefits and services that the county department may provide for the general public.

Provides that benefits and services provided under the PRC program are inalienable whether by way of assignment, charge, or otherwise and are exempt from execution, attachment, garnishment, and other like process.

Requires DJFS, as the Medicaid single state agency, to comply with a federal regulation governing Medicaid single state agencies.

Provides that DJFS's rules governing Medicaid are binding on other agencies that administer Medicaid components, and prohibits any other agency from establishing a policy governing Medicaid that is inconsistent with a DJFS-established Medicaid policy.

Requires the Director of DJFS to submit a state Medicaid plan amendment to the federal government to implement the Breast and Cervical Cancer Prevention and Treatment Act of 2000 under which certain uninsured women under age 65 receive Medicaid during the period that treatment for breast or cervical cancer is needed.

Establishes the Prescription Drug Rebates Fund in the state treasury for the deposit of manufacturer rebates for covered Medicaid outpatient drugs.

Eliminates a requirement that DJFS establish in specified counties a managed care system for qualified Medicaid recipients to obtain health care services from providers designated by DJFS, but continues to permit the Department to establish such a program in any county.

Eliminates a provision allowing DJFS to issue requests for proposals from managed care organizations, and specifies that DJFS may enter into contracts with managed care organizations to provide health care services to qualified Medicaid recipients.

Eliminates a provision allowing a health insuring corporation under a contract with DJFS to enter into an agreement with any community based clinic for the provision of medical services to Medicaid recipients participating in a managed care system.

Permits DJFS to provide financial incentive awards to managed care organizations that provide Medicaid services for meeting or exceeding specified performance standards.

Allows DJFS to specify in a contract with a managed care organization the amounts of financial incentive awards, methodology for distributing awards, types of awards, and standards for administration by the Department.

Creates the Health Care Compliance Fund to collect fines imposed on managed care organizations that provide Medicaid services for failure to meet performance standards or other requirements.

Permits money credited to the Health Care Compliance Fund to be used to reimburse managed care organizations that have paid fines and come into compliance with DJFS requirements and to provide financial incentive awards to managed care organizations that meet or exceed performance standards.

For FY 2002 and 2003, establishes a maximum mean total per diem rate applicable to nursing facilities under the Medicaid program.

For FY 2002 and 2003, increases the franchise permit fee from \$1 to \$3.30 per bed per day imposed on long-term care beds, and requires that DJFS use the additional money generated from the increase to make payments to nursing facilities: (1) under the law governing Medicaid payments to nursing facilities, and (2) to reimburse nursing facilities a portion of the franchise permit fee.

Changes the imputed occupancy percentage used in calculating the per diem for indirect care costs for FY 2002 and FY 2003 and for capital costs for FY 2002.

Increases nursing facilities' Medicaid reimbursement rates for direct care costs by providing that costs reported in a nursing facility's cost report for purchased nursing services are to be allowable costs up to 20% rather than 10%.

Reduces the maximum return on equity payment paid to proprietary nursing facilities from \$1 to 50¢ per patient day.

Provides that a change of operator that results from bankruptcy, foreclosure, or findings of violations of Medicaid certification requirements is no longer an extreme circumstance that warrants reconsideration of a nursing facility's Medicaid reimbursement rates.

Revises the law governing escrow accounts for nursing facilities and intermediate care facilities for the mentally retarded (ICFs/MR) that are sold or voluntarily terminate participation in the Medicaid program.

Increases the maximum penalty that DJFS may impose on the owner of a nursing home or ICF/MR who fails to notify DJFS of the sale of the facility or voluntary termination of participation in Medicaid within the required time.

Eliminates the requirement that DJFS report annually any necessary refinements to the case-mix system for reimbursing direct care costs under the Medicaid program.

Abolishes the Medicaid Long-Term Care Reimbursement Study Council, and creates the Nursing Facility Reimbursement Study Council.

Would have required higher rates of reimbursement to a pharmacy that achieves a savings in its average monthly cost of providing services to Medicaid nursing home residents. (Vetoed)

Eliminates a requirement that the Medicaid provider agreement of a nursing facility or ICF/MR contain provisions regarding the time by which DJFS must make Medicaid payments.

Authorizes the Director of DJFS to adopt rules governing components of the Medicaid program authorized by federal waivers, including rules that establish eligibility requirements for the waiver components and the type, amount, duration, and scope of services that the waiver components may provide.

Authorizes the Director of DJFS to conduct reviews of Medicaid waiver components, including physical inspections of records and sites where services are provided under a waiver component and interviews of providers and recipients of the services.

Provides that DJFS may enter into interagency agreements with one or more other state agencies to have the state agency administer one or more Medicaid components under DJFS's supervision.

Requires a state agency that enters into an interagency agreement with DJFS to administer a Medicaid component to reimburse DJFS for the nonfederal share of the cost to DJFS of a fiscal audit if rules governing the component require that a fiscal audit be conducted.

Authorizes the Director of DJFS to seek federal approval for a new or modified home and community-based services waiver program for medically fragile individuals who: (1) need a skilled level of care, (2) are enrolled in the Ohio Home Care Waiver Program on June 30, 2001, or, in the case of a number of individuals approved by the Director of Budget and Management, after that date, and (3) are transferred from the Ohio Home Care Waiver Program to the new or modified waiver program.

Allows the Director of DJFS to reduce the maximum number of individuals that the Ohio Home Care Waiver Program may serve by the number of individuals transferred from that program to the new or modified home and community-based services waiver program for medically fragile individuals.

Authorizes the Director of DJFS to establish the Ohio Access Success Project to help Medicaid recipients make the transition from residing in a nursing facility to residing in a community setting.

Specifies the eligibility requirements for, and the benefits to be provided under, the Ohio Access Success Project.

Requires that an application be made for a waiver of federal Medicaid requirements to allow community mental health services to be covered by Medicaid according to the priorities set by the Department of Mental Health and boards of alcohol, drug addiction, and mental health services.

Requires that the Director of DJFS seek federal approval to continue operation of the Program of All-Inclusive Care for the Elderly (PACE).

Authorizes the Director of DJFS to enter into an interagency agreement with the Director of Aging, subject to the approval of the Director of Budget and Management, to transfer responsibility for the administration of PACE from DJFS to the Department of Aging.

Would have required the Director of DJFS to give preference, in the absence of just cause for refusal, to Concordia Care and TriHealth Senior Link when determining the entities for which the first two PACE applications are to be submitted. (Vetoed)

Would have revoked the authority of the Director of DJFS to adopt a rule excluding drugs for the treatment of obesity from Medicaid coverage. (Vetoed)

Requires that the Director of DJFS evaluate the Preferred Option component of Medicaid's managed care system and submit a report on the evaluation to the Governor and legislative majority leaders no later than June 30, 2003.

Would have prohibited the Governor from expanding Preferred Option to additional counties before the report is submitted. (Vetoed)

Delays the termination date of the Hospital Care Assurance Program from July 1, 2001, to October 16, 2003.

Maintains the grant levels for the Disability Assistance program.

Permits a community mental health agency or board of alcohol, drug addiction, and mental health services (ADAMH board) to release a client's medical information to third-party payors for payment purposes.

Permits a community mental health agency that ceases to operate to transfer its treatment records to another agency that assumes its caseload or to the local ADAMH board.

Requires the adoption of rules for prior notification and service coordination between public children services agencies and ADAMH boards.

Requires formulation of a plan that delineates the funding responsibilities that apply to Medicaid-covered community mental health services that are provided to children in the custody of public children services agencies.

Would have required that the portion of funds for alcohol and drug addiction services allocated on the basis of population be at least equal to the average amount allocated on that basis for the previous three years. (Vetoed)

Requires the Department of Alcohol and Drug Addiction Services to establish a plan to evaluate the current per capita allocation formula for alcohol and drug addiction funds.

Revises and reorganizes the law governing the Director of Mental Health's certification of community mental health services.

Prohibits an ADAMH board from contracting with a community mental health agency to provide community mental health services included in the ADAMH board's community mental health plan unless the services are certified by the Director of Mental Health.

Requires that rules governing Medicaid payment of community mental health facilities, and criteria by which an ADAMH board reviews and evaluates the quality, effectiveness, and efficiency of services provided through its community mental health plan, include requirements ensuring appropriate service utilization.

Provides for the Director of Mental Health to cease certifying community mental health facilities for participation in health care plans of health insuring corporations and sickness and accident insurance policies two years after the provision's effective date.

Eliminates Department of Mental Health oversight and audit duties regarding Department of Rehabilitation and Correction mental health programs.

Requires the Joint Council on Mental Retardation and Developmental Disabilities to conduct reviews and make recommendations to the Director of the Department of Mental Retardation and Developmental Disabilities (DMR/DD) on disputes between DMR/DD and entities that contract with DMR/DD for the provision of protective services.

Modifies the statutes under which certain services are provided to individuals with mental retardation and developmental disabilities (MR/DD), including such services as adult habilitation, family support services, and supported living.

Requires county boards of mental retardation and developmental disabilities (county MR/DD boards) to provide service and support administration, rather than case management, to each individual who is eligible for the board's

other services and authorizes a board to provide such services to an individual who is ineligible for the other services.

Specifies the duties of service and support administrators.

Requires DJFS to adopt rules governing Medicaid coverage of habilitation center services that are provided by habilitation centers certified by DMR/DD.

Requires DMR/DD to accept and process Medicaid reimbursement claims from habilitation centers providing habilitation center services to Medicaid recipients and pay the Medicaid claims pursuant to an interagency agreement with DJFS.

Provides that the Medicaid program is to cover habilitation center services as permitted by the availability of funds.

Authorizes the Director of DJFS to seek federal approval to create a new, or modify an existing, Medicaid home and community-based services waiver program to serve individuals with MR/DD who: (1) need the level of care provided by intermediate care facilities for the mentally retarded, (2) need habilitation services, (3) are enrolled in the Ohio Home Care Waiver program on June 30, 2001, and (4) are transferred from the Ohio Home Care Waiver program to the new or modified waiver program.

Allows the Director of DJFS to reduce the maximum number of individuals that the Ohio Home Care Waiver program may serve by the number of individuals transferred from that program to the new or modified home and community-based services waiver program for individuals with MR/DD.

Permits DJFS to administer the new or modified home and community-based services waiver program for persons with mental retardation or a developmental disability or, subject to the approval of the Director of Budget and Management, enter into an interagency agreement with DMR/DD for DMR/DD to administer the waiver program under DJFS's supervision.

Permits DJFS to seek federal approval for one or more Medicaid waivers under which home and community-based services are provided to individuals with mental retardation or other developmental disability as an alternative to placement in an intermediate care facility for the mentally retarded.

Requires a county MR/DD board to give certain individuals with MR/DD who are eligible for Medicaid-funded home and community-based services that DMR/DD administers priority over others on waiting lists created for county board services.

For the purpose of obtaining local administrative authority for Medicaid-funded home and community-based services that DMR/DD administers, habilitation center services, and case management services, provides for county MR/DD boards to seek approval of a plan from DMR/DD.

Requires DMR/DD, in consultation with DJFS and the Office of Budget and Management, to approve county MR/DD board plans that include all the required information and conditions.

Authorizes DMR/DD to withhold all or part of any funds that it would otherwise allocate to a county MR/DD board if the county MR/DD board fails to timely submit all the components of the plan or DMR/DD disapproves the plan.

Specifies when DMR/DD or a county MR/DD board is required to pay the nonfederal share of Medicaid expenditures for home and community-based services that DMR/DD administers, habilitation center services, and case management services.

Requires DMR/DD to charge county MR/DD boards an annual fee for the purpose of generating funds to be used by DMR/DD and DJFS for: (1) the administration and oversight of Medicaid-funded home and community-based services, habilitation center services, and case management services that a county MR/DD board develops and monitors, and (2) the provision of technical support to county MR/DD boards for their local administrative authority for the services.

Requires DMR/DD, in consultation with DJFS, the Office of Budget and Management, and county MR/DD boards, to adopt rules establishing a method of paying for extraordinary costs and ensuring the availability of adequate funds in the event that a county property tax levy for services for individuals with mental retardation or other developmental disability fails.

Requires DMR/DD to adopt rules governing the authorization and payment of home and community-based services that DMR/DD administers, habilitation center services, and case management services.

Provides for DMR/DD to certify providers of home and community-based services that DMR/DD administers.

Provides for DMR/DD to certify habilitation centers that meet certification requirements established by DJFS rather than certification standards established by DMR/DD.

Eliminates law that required DJFS to enter into an interagency agreement with DMR/DD with regard to a Medicaid component under which home and

community-based services were provided to an individual with MR/DD as an alternative to placement in a nursing facility.

Provides that an individual with MR/DD who is eligible for habilitation, vocational, community employment, residential, or supported living services has the right to choose the provider of the services.

Provides for an individual with MR/DD who moves to a different county to receive DMR/DD-administered, Medicaid-funded home and community-based services that are comparable in scope to the services that the individual receives before moving.

Requires that DMR/DD arrange for a study of the implications of the Health Insurance Portability and Accountability Act of 1996 on payment systems for Medicaid-funded services to individuals with MR/DD.

Creates the Executive Branch Committee on Medicaid Redesign and Expansion of MR/DD Services.

Requires, rather than permits, DMR/DD to pay a county MR/DD board a tax equity payment if its hypothetical local revenue per enrollee is less than the hypothetical statewide average revenue per enrollee.

Requires that a county MR/DD board use its tax equity payments solely to pay the nonfederal share of Medicaid expenditures that the act requires the board to pay.

Requires, rather than permits, a county MR/DD board to provide or arrange, subject to available resources, residential services and supported living for individuals with MR/DD.

Eliminates a requirement that DMR/DD adopt rules establishing standards and procedures for certification of government entities that provide supported living under a contract with a county MR/DD board.

Requires that DMR/DD rules governing the certification of supported living providers allow a private entity that holds an MR/DD residential facility license to automatically satisfy a standard for certification that the entity had to meet to obtain the residential facility license.

Requires that each service contract that a county MR/DD board enters into with a provider of services to individuals with MR/DD comply with DMR/DD rules, include a general operating agreement component and an individual service needs addendum, and, if the provider is to provide Medicaid-funded home and community-based services administered by DMR/DD, case management services,

or habilitation center services, comply with all applicable statewide Medicaid requirements.

Requires that each contract between a county MR/DD board and a provider of services to individuals with MR/DD include provisions for mediation and arbitration of conflicts.

Requires each county MR/DD board to employ at least one investigative agent or contract with a private or government entity for the services of an investigative agent to conduct investigations of suspected abuse or neglect of individuals with MR/DD.

AGRICULTURE, ENERGY, ENVIRONMENT, AND NATURAL RESOURCES

Extends the Family Farm Loan Program until July 1, 2003.

Requires financial institutions to forward applications for loans under that program directly to the Department of Agriculture for review and analysis instead of to the Department of Development.

Expands the uses of the money in the Animal Industry Laboratory Fund by requiring the Director of Agriculture to use that money to pay the operating expenses of the animal industry laboratory rather than just to purchase supplies and equipment for the laboratory.

Eliminates the Dairy Fund, and requires all money collected under the Dairies Law to be deposited into the Dairy Industry Fund.

As a result of the transfer of ownership of the Burr Oak water system, eliminates the state's statutory responsibility for the operation of that system.

Authorizes the Director of Natural Resources to designate volunteers assisting the Department of Natural Resources as state employees for the purpose of civil immunity.

Eliminates a requirement under which the Chief Engineer of the Department of Natural Resources was to coordinate the Department's emergency response activities with the state's Emergency Management Agency.

Eliminates the Forestry Development Trust Fund and the Forestry Development Fund.

Removes the requirement that the Controlling Board approve certain oil or gas well restoration, plugging, or injection projects for which the Chief of the

Division of Mineral Resources Management in the Department of Natural Resources expends money from the Oil and Gas Well Fund.

Eliminates overlapping requirements concerning certain information regarding hazardous substances that owners of oil and gas wells formerly were required to submit both to the Chief of the Division of Mineral Resources Management and to the Emergency Response Commission by requiring well owners to submit the information only to the Chief, who must adopt rules to create an electronic database containing the information that may be accessed by the Emergency Response Commission and certain other emergency response personnel and planners.

Increases certain fees and makes changes regarding other fees that must be paid under the Emergency Planning Law.

Modifies the membership of the Emergency Response Commission.

Requires excess permit fees paid by an operator of a coal mining operation to be refunded to the operator, and creates the Reclamation Fee Fund for that purpose.

Authorizes the Chief of the Division of Mineral Resources Management to assess a fee for safety and first-aid classes that are provided to miners through the Division.

Authorizes the Department of Natural Resources to allow the relocation of an existing easement, license, or right-of-way within the boundaries of a nature preserve when the Director determines that the terms and conditions of the relocation will not destroy the natural or aesthetic conditions of a preserve; provides that such a relocation does not constitute the taking of land for another use; provides that such a relocation does not require a finding of the existence of an imperative and unavoidable public necessity or require the approval of the Governor; provides that such a relocation does not require a public hearing; and provides that this authority to relocate an existing easement, license, or right of way is effective for only two years after the act's effective date.

Creates the Ohio Water Resources Council for the purpose of providing a forum for policy development, collaboration, and coordination among state agencies and strategic direction with respect to state water resource programs.

Establishes a state agency coordinating group and an advisory group to assist and advise the Council.

Creates the Ohio Water Resources Council Fund.

Revises the purposes for which the Wildlife Boater Angler Fund can be used.

Eliminates the self-insured blanket fidelity bond program for the Division of Wildlife.

Increases from \$30,000 to \$35,000 the amount in a calendar year that the Division of Watercraft may grant to a political subdivision, conservancy district, or state department for enforcement and emergency response purposes, and excludes the Department of Natural Resources from that cap.

Abolishes the Mine Examining Board, transfers its authority to hear appeals on mine safety issues to the Reclamation Commission, and transfers the remainder of its authority to the Chief of the Division of Mineral Resources Management.

Alters the membership of the Reclamation Commission when the Commission is hearing appeals involving mine safety issues.

Alters requirements concerning practical experience that must be possessed by an applicant for the position of deputy mine inspector of underground mines.

Creates the E-Check New Car Exemption Working Group to determine the costs associated with expanding the motor vehicle inspection and maintenance program's new car exemption from two years to five years.

Prohibits the renewal of all existing contracts for the motor vehicle inspection and maintenance program, and prohibits the entrance of the state into any new contracts for automobile emissions inspection programs upon the expiration of the existing contracts for that program.

Authorizes the Environmental Protection Agency (EPA) to use money in the Hazardous Waste Clean-up Fund, through June 30, 2003, to pay costs incurred in dealing with unauthorized spills that require emergency action and to conduct remedial actions under specified conditions, and extends authority to use money in the Fund for the voluntary action program through June 30, 2003.

Extends through June 30, 2004, the 75¢ per-ton fee on the disposal of solid wastes that is used to fund the solid and infectious waste and construction and demolition debris management programs.

Establishes a fee on tire sales of 50¢ per tire in addition to the continuing 50¢ fee that is used to fund the scrap tire management program, and requires money from the additional fee to be used for scrap tire cleanups with 65% of the amount collected earmarked to clean up the Kirby Tire site.

Provides that certain amounts of money in the Scrap Tire Management Fund must be used to conduct scrap tire removal actions and to make grants to boards of health for the purpose of addressing accumulations of scrap tires, and eliminates certain required uses of money in the Fund established in prior law.

Eliminates the Scrap Tire Loans and Grants Fund, which was administered by the Department of Development, and replaces it with the Scrap Tire Grant Fund, to be administered by the Chief of the Division of Recycling and Litter Prevention in the Department of Natural Resources.

Allows the Director of Environmental Protection to assess any operating funds from which the EPA receives appropriations, not just funds within the General Services Fund Group and the State Special Revenue Fund Group, for a share of the administrative costs of the EPA.

Requires the rate of assessments to be determined by the Director of Environmental Protection with the approval of the Director of Budget and Management rather than by the Director of Environmental Protection at a rate that does not exceed 12% unless the Controlling Board approves a higher rate.

Increases from \$40 to \$60 the filing fee for appeals to the Environmental Review Appeals Commission.

Would have required the Director of Environmental Protection, not later than ten business days after receipt of an application for a permit to install under the Air Pollution Control Law or for the approval of sewage treatment and disposal plans under the Water Pollution Control Law, to provide written notice to the applicant either that the application contained all of the necessary information to perform a technical review or that the application was incomplete, and would have provided that if the Director failed to do so, the application would be deemed complete as of the 11th business day after receipt of the application. (Vetoed)

Would have required the Director of Environmental Protection to issue or deny a permit to install under the Air Pollution Control Law, or a modification of such a permit, and approve or disapprove sewage treatment and disposal plans under the Water Pollution Control Law within 150 days after receipt of a complete application for the permit, modification, or approval. (Vetoed)

Applies time limits within which the Director of Environmental Protection must issue permits under the Air Pollution Control Law and procedures governing the review and issuance of those permits only to permits to operate rather than to both permits to install and permits to operate as under prior law, includes permit modifications and renewals for permits to operate in those provisions, and applies

the changes only to applications that are submitted on and after the act's effective date.

Specifies that Title V air contaminant emissions fees for certain electric generating units must be assessed each calendar year, and extends the fee schedule for the discharge of air pollutants from synthetic minor facilities through June 30, 2004.

Extends the higher plan approval fees for wastewater treatment works through June 30, 2004; extends the annual discharge fees for public and industrial dischargers holding a national pollutant discharge elimination system (NPDES) permit to January 30, 2003; extends a \$7,500 annual surcharge for major industrial dischargers to January 30, 2003; establishes a \$100 per square mile discharge fee, with a maximum fee of \$10,000, for persons obtaining a general or individual NPDES permit for municipal storm water payable on or before January 30, 2004, and January 30 of each year thereafter; retains at their previously established levels through June 30, 2004, the fee for a public water system license, license renewal, and plan approval, the fee for certification as an operator of a water supply or wastewater system, the fee for an industrial water pollution control certificate, and other miscellaneous fees; establishes a \$20 per acre application fee for NPDES general storm water construction permits with a maximum fee of \$300; and establishes a \$150 application fee for persons applying for an NPDES general storm water industrial permit.

With respect to public notice of a permit action related to a general NPDES permit, requires the publishing of a summary of the permit action and instructions on how to obtain a copy of the full text of the permit action in lieu of publishing the full text of the permit action.

Renames the Public Utilities Commission's Biofuels/Municipal Waste Technology Fund the Biomass Energy Program Fund, and provides that subject to available funding, the Commission is to maintain a program to promote the development and use of biomass energy.

Transfers the licensing and regulation of auctioneers from the Department of Commerce to the Department of Agriculture.

Would have provided that a backflow prevention device was not required for a connection between a public water system and a private, auxiliary, or emergency water system when a physical separation existed between the two systems. (Vetoed)

COURTS AND CORRECTIONS

Authorizes employee organizations that represent employees at state correctional institutions to bid on state prison privatization contracts.

Updates references to the Supreme Court Rule of Superintendence pertaining to the appointment of counsel for indigent defendants in capital cases.

Exempts from the requirement that purchases that exceed specified amounts generally be made by competitive selection or with the approval of the Controlling Board payments by the Attorney General from the Reparations Fund to hospitals and other emergency medical facilities for performing a medical examination of a victim of specified sex offenses for the purpose of gathering physical evidence for a possible prosecution.

Requires the Law Enforcement Improvements Trust Fund to be used by the Attorney General to modernize not only law enforcement training, but also laboratory equipment, rather than laboratory facilities, and law enforcement technology.

Continues after December 31, 2002, the preexisting additional filing fee in civil cases that is used for legal aid societies, and eliminates the reduction in those filing fees scheduled for that date.

Repeals the authority of the Department of Youth Services (DYS) to provide financial assistance for the cost of operating and maintaining county schools, forestry camps, or other facilities for delinquent or unruly children.

Transfers most of the Office of Criminal Justice Service's duties regarding the juvenile justice system to DYS.

Imposes on DYS additional duties regarding oversight and coordination of juvenile justice services that parallel continuing duties of the Office of Criminal Justice Services.

Authorizes the Office of Criminal Justice Services to gather and provide information and provide assistance regarding the juvenile justice system upon the request of the Governor.

Requires the Office of Criminal Justice Services to maintain responsibility for closing out all the federal grants that it receives prior to July 1, 2001, and to make any required reports related to those grants, and allows the Office of Criminal Justice Services to expend and take other appropriate actions related to those grants.

Requires a metropolitan county criminal justice services agency to administer federal juvenile justice acts that DYS administers within Ohio.

Limits certain duties of the Office of Criminal Justice Services to those that the Governor requires it to administer by establishing administrative planning districts for criminal justice programs.

Requires DYS, in counties in which a metropolitan county criminal justice services agency does not exist, to discharge the Department's duties by establishing administrative planning districts for juvenile justice programs.

Authorizes any county or any combination of contiguous counties within an administrative planning district to form a juvenile justice coordinating council if the county or the group of counties has a total population in excess of 250,000.

Allows the Governor to appoint any advisory committees to assist DYS that the Governor considers appropriate or that are required under any state or federal law.

Authorizes DYS to provide funds to metropolitan county criminal justice service agencies for certain specified purposes.

Effective date: December 13, 2001; certain provisions effective March 14, 2002, and July 1, 2007

MR/DD PROVISIONS

Revises the eligibility requirements and disqualifications for serving on a county board of mental retardation and developmental disabilities (county MR/DD board).

Increases the number of consecutive terms that a county MR/DD board member may serve to three and the amount of time that a member must wait to be reappointed after serving three, full, consecutive terms to two years.

Requires the Joint Council on Mental Retardation and Developmental Disabilities to study issues relating to the tax equity program and to prepare a report for the House Speaker, Senate President, and Governor not later than February 1, 2002.

Eliminates the requirement that the Director of the Department of Mental Retardation and Developmental Disabilities (DMR/DD) have the consent of a county MR/DD board to make a grant from the Community Mental Retardation and Developmental Disabilities Trust Fund to a service provider, and permits the Director to make a grant to persons with MR/DD who are to receive the services.

Authorizes the DMR/DD Director to make grants from the Community Mental Retardation and Developmental Disabilities Trust Fund based on allocations to county MR/DD boards.

Authorizes the DMR/DD Director to use money available in the Community Mental Retardation and Developmental Disabilities Trust Fund for the same purposes that money in the State MR/DD Risk Fund and the State Insurance Against MR/DD Risk Fund may be used.

Requires that a county MR/DD board's three-calendar year plan regarding Medicaid-funded services to individuals with MR/DD have a component that specifies the number of individuals to be provided, during the first year that the plan is in effect, DMR/DD-administered home and community-based services pursuant to priority requirements for county MR/DD board waiting lists and the types of such services that the individuals are to receive.

Requires that a county MR/DD board submit the component of its plan that provides for the implementation of Medicaid-funded services by July 1, 2002, rather than November 1, 2001.

Provides that a county MR/DD board has Medicaid local administrative authority automatically rather than on the condition that its plan be approved, but authorizes DMR/DD to terminate all or part of a board's authority if its plan is disapproved.

Requires that the amount DMR/DD assigns to a county MR/DD board of the nonfederal share of Medicaid expenditures for certain habilitation center services provided by a habilitation center with which DMR/DD had a contract in fiscal year 2001 be no less than the amount DMR/DD paid the center for each individual who received the services pursuant to the contract and, if the contract was for less than the entire fiscal year, no less than the amount DMR/DD would have paid the center for each individual who received the services pursuant to the contract had the contract been for the entire fiscal year.

Revises the priority requirements for county MR/DD board waiting lists.

Requires that DMR/DD develop a plan to implement the transition, due to the upcoming termination of the Residential Facility Waiver, of individuals who receive services under that waiver to other DMR/DD-administered home and community-based services.

Provides that, until a date that DMR/DD is to specify in its plan to implement the transition of the Residential Facility Waiver termination, the number of intermediate care facility for the mentally retarded beds eligible for

Medicaid payment is not to be higher than the number of such beds eligible for such payment on the effective date of this provision of the act unless the Department of Job and Family Services issues a waiver for emergency cases.

Requires each county MR/DD board that has a contract with one or more private or government entities to provide services under the Residential Facility Waiver to develop a plan jointly with the providers for the implementation of the Residential Facility Waiver transition concerning individuals who reside in a residential facility with a licensed capacity of five or fewer beds.

Permits the Director of Job and Family Services, on the recommendation of the DMR/DD Director, to seek a Medicaid waiver under which home and community-based services are provided in the form of family support services programs established by county MR/DD boards.

Provides that adult services include community and supported employment services.

Requires the entity that is responsible for the habilitation management included in adult day habilitation services and the program management included in residential services and supported living to monitor for unusual incidents and misappropriation of funds involving an individual under the care of staff providing the services.

Requires that a county MR/DD board provide service and support administration to each individual at least age three who is eligible for and requests service and support administration and to each individual receiving DMR/DD-administered home and community-based services, and permits a board to provide, in accordance with the service coordination requirements of federal regulations governing the early intervention program for infants and toddlers with disabilities, service and support administration to an individual under age three who is eligible for early intervention services under the federal regulations.

Requires that the individual or private entity that is responsible for supervising the work of investigative agents report to a county MR/DD board superintendent regarding the agents.

Revises the conditions under which a county MR/DD board may enter into a direct services contract for family support or supported living services under which an individual, agency, or other entity will employ a professional or service employee who is also employed by the county MR/DD board, and provides that the conditions also apply if the individual to be employed is a county MR/DD board management employee.

Requires, to a certain extent, a county MR/DD board and provider of Medicaid-funded services to make a service contract entered into before June 6, 2001, comply with procedural requirements of a state law, which went into effect on that date, governing service contracts.

Makes applicable to county MR/DD boards provisions of continuing law regarding complaints to DMR/DD involving any of the programs, services, policies, or administrative practices of DMR/DD or an entity under contract with DMR/DD.

ECONOMIC DEVELOPMENT AND RELATED TAX PROVISIONS

Establishes the Capital Access Loan Program in the Department of Development to assist participating financial institutions in making capital access loans to eligible businesses that face barriers in accessing working capital and obtaining fixed asset financing.

Directs to the state General Revenue Fund (GRF) 100% of the revenue from the taxes paid by dealers owned by or affiliated with a financial institution or insurance company.

Grants a corporation franchise tax credit to any financial institution owning a dealer in intangibles that commits to paying the dealers in intangibles' tax.

Modifies the manner in which a dealer in intangibles' taxable capital is apportioned for the purposes of the dealers in intangibles' tax.

Makes permanent the ability of certain financial institutions engaged in interstate branch banking to apportion their taxable base under the corporation franchise tax on the basis of deposits only, and reduces the share of such an

institution's total deposits that must be held in Ohio in order for the institution to use the deposits-only apportionment.

Reduces the minimum percentage at which the Tax Commissioner can set the discount for cigarette dealers buying tax stamps from 3.6% to 1.8% of the stamps' face value.

Exempts real property owned by an Edison center from property taxes even if the center holds the property in anticipation of leasing it or selling it rather than using it directly for its own activities.

Exempts from taxation tangible personal property at Camp Perry.

Establishes an 11-member sales tax holiday study committee that must report to the General Assembly by March 1, 2002, unless Congress enacts national sales tax relief by that date.

OTHER PROVISIONS

Revises the requirement for actuarial reviews of bills that contain mandated insurance benefits by providing for such reviews only when requested by the presiding officer of the house of the General Assembly that is considering the bill.

Provides that the compensation and continuation of health care benefits provisions that are applicable to certain permanent public employees on specified military leave also apply to those Ohio National Guard member employees who are ordered to perform duty by the Governor under specified circumstances.

Eliminates the requirement that 50 copies of maps of Ohio showing congressional, senatorial, and judicial districts of the state be sent to each member of the General Assembly.

Authorizes the Director of Budget and Management to transfer to the General Revenue Fund in each of fiscal years 2002 and 2003 up to \$120 million of tobacco master settlement agreement revenue that would otherwise be distributed to the Tobacco Use Prevention and Cessation Trust Fund, and extends the schedule for allocating a portion of master settlement agreement revenue to the Prevention and Cessation Trust Fund to provide that the amounts diverted to the GRF are to be credited to the Trust Fund from 2013 and 2014 receipts.

Authorizes an additional \$20 million transfer of tobacco master settlement revenue to the GRF if the next tobacco revenue budget bill provides a method to reduce certain funds' allotments of that revenue by the transferred amount.

Limits the liability of a county recorder to the recorder's bond for any act or omission of the recorder for which the recorder may be liable when performing the recorder's duties.

Allows money in the Corporate and Uniform Commercial Code Filing Fund to be used for operating expenses of the Secretary of State's Division of Elections.

Increases the wholesaler's markup under the Cigarette Sales Practices Law from 2% to 2.5% of the invoice cost.

Requires the Department of Education in fiscal years 2002 and 2003 to pay a subsidy to certain community schools in which at least half of the total number of enrolled students are severe behavior handicapped students.

Specifies that educational service centers may acquire property through lease-purchase agreements.

Exempts all employees of the Ohio School Facilities Commission from collective bargaining.

Specifies control over Ohio Government Telecommunications and associated funds.

Requires the Director of the State Lottery Commission to enter into multistate lottery agreements if the Governor so directs.

Authorizes the Treasurer of State, in consultation with the State Lottery Commission and in accordance with Commission rules governing statewide joint lottery games, to invest moneys in the Deferred Prizes Trust Fund that represent the proceeds derived from those games.

Requires the transfer to the State Lottery Fund of those revenues included in the State Lottery Gross Revenue Fund that are collected from lottery sales agents for remittance to insurers under contract to provide sales agent bonding services.

Sens. Oelslager, Spada, Amstutz, McLin

Effective date: February 19, 2002

Requires each county to specifically develop a comprehensive joint service plan (see below) instead of just establishing procedures for the development of such a plan as required under continuing law.

Requires each county comprehensive joint service plan to designate service responsibilities among the various state and local agencies that provide services to children and families and to include a service coordination process for dealing with alleged unruly children that includes methods to divert the children from the juvenile court system, and specifies certain procedures and programs that may be included in the diversion methods.

Permits the service coordination process established under the act to provide for assessing the needs and strengths of the child and the child's family and the services needed, designate the person or agency to conduct the assessments and the instruments used to make the assessments, designate the agency to provide case management services, emphasize the child's personal responsibilities and parental responsibilities, and involve local law enforcement agencies and officials.

Authorizes each county to review and revise the service coordination process based on the availability of Temporary Assistance for Needy Families (TANF) funds or to the extent resources are available from any other federal, state, or local funds.

Permits a juvenile court to hold a complaint alleging a child to be unruly in abeyance pending the child's successful completion of actions that constitute a method to divert the child from the juvenile court.

Makes changes and additions to the dispositions that a court may order for a child adjudicated to be an unruly child.

Permits a juvenile court and the Department of Job and Family Services to enter into an agreement to reimburse the court for foster care maintenance costs and associated administrative and training costs incurred for a Title IV-E eligible child who is adjudicated an unruly child or a delinquent child and subjected to a specified disposition that the court determines proper or who has been adjudicated a delinquent child for being a chronic truant or a repeat habitual truant and who receives a specified type of disposition.

Requires the county dispute resolution process governing disputes over the provision of services to certain children to be applied to disputes concerning services to children who are alleged to be unruly children.

Permits the Ohio Family and Children First Cabinet Council to identify, collect, and maintain information and data concerning alleged or adjudicated unruly children and children at risk of being alleged or adjudicated unruly children, requires the Council to develop and distribute advisory guidance to each county family and children first council and other key constituencies regarding the county councils' development of their local service coordination process, and requires the Council to appoint a committee to evaluate the implementation of specified laws regarding TANF Youth Diversion Programs and county service coordination processes.

Effective date: October 31, 2001

Restructures preexisting provisions pertaining to the accounts of fiduciaries by enacting separate sections of law providing for accounts of executors and administrators, accounts of guardians and conservators, and accounts of testamentary trustees and other fiduciaries, and modifies certain requirements pertaining to the time for filing and the contents of those accounts and other provisions pertaining to fiduciaries' accounts.

Requires an executor or administrator to file a supplemental final account with respect to the disposition of newly discovered assets.

Modifies the provisions pertaining to the court hearing and approval of an account, and generally requires a probate court to discharge a fiduciary 12 months after approval of the fiduciary's final and distributive account.

Extends the time period within which an executor or administrator of an estate must collect the assets and complete the administration of the estate from nine to 13 months after the date of appointment.

Requires a probate court, after the initial appointment of an administrator or executor, to issue a citation to a surviving spouse to exercise that spouse's rights under the Rights of Surviving Spouses Law, including the right to elect to take under the will or intestate succession.

Generally requires a surviving spouse to exercise the spouse's rights within five months after the initial appointment of an executor or administrator and establishes the conclusive presumption that a surviving spouse has waived any right not exercised within that five-month period or longer period of time allowed by the court.

If a probate court must allocate an allowance for support, requires the executor or administrator, within five months of the initial appointment of an executor or administrator, to file an application to allocate the allowance for support.

Requires the notice of the admission of a will to probate to be given within two weeks of the admission.

Requires the certificate of giving notice of the admission of a will to probate to be filed not later than two months after the appointment of the fiduciary unless the court grants an extension of that time, and imposes penalties upon a fiduciary for neglecting or refusing to file that certificate when due.

Reduces the time within which persons who have received or waived notice of the admission of a will to probate may file a civil action contesting the validity

of the will from four months to three months after the filing of the certificate of the giving of that notice or the waiver of that notice.

Specifies certain limitations with respect to the personal liability of any distributee to a claimant who presents a claim against the estate in a timely manner.

Repeals the provision that required an executor or administrator to send a notice to a distributee prior to a distribution of any part of the estate assets before the expiration of the time period for filing claims against the estate.

Requires an executor or administrator who makes a distribution of assets prior to the expiration of the time for filing claims against the estate to provide notice on the account delivered to each distributee that the distributee may be liable to the estate if a valid claim is subsequently made within the permitted time.

Permits a probate court to allow the investment for a period of not more than two years of a sum of money to be distributed or owing to a creditor of the estate and that remains unclaimed prior to the filing of a final account.

Requires an inventory to contain a statement whether or not, insofar as it can be ascertained, the filing of an Ohio estate tax return will be required.

Modifies and updates other provisions in the Probate Law.

Permits the alleged father of an adult child, the adult child's mother, and the adult child, or the alleged father and the adult child only if the mother is deceased or incompetent, to appear before a probate court requesting the court to issue an order declaring the man to be the father of the adult child if specified conditions are met.

Specifies a four-year statute of limitations for any civil or criminal action or proceeding under the Antitrust Law.

Increases the amount of damages available in a civil action under the Antitrust Law from twofold the damages sustained to treble the damages sustained because of the unlawful acts.

Repeals the prior provision that specified that no statute of limitations prevented or was a bar to any action for the recovery of damages that was brought on behalf of the state or a political subdivision or brought by the state for the benefit of consumers, to any proceeding in quo warranto or in injunction, or to any other action brought by the Attorney General or a prosecuting attorney for any violation of the Antitrust Law.

Grants a qualified immunity from civil liability in damages and injunctive relief to members of the firearms industry for harm allegedly sustained by any person as a result of the operation or discharge of a firearm.

Provides that a member of the firearms industry forfeits the immunity from civil liability and injunctive relief if the member: (1) operates or discharges the firearm in a manner that constitutes negligence, willful or wanton misconduct, intentionally tortious conduct, or a criminal violation of law, or (2) sells, lends, gives, or furnishes the firearm that results in the harm to any person in violation of the Revised Code or federal law.

Provides that the grant of qualified immunity does not limit the availability against members of the firearms industry of a product liability claim or a civil action for breach of contract or express warranty pertaining to firearms or their components or ammunition.

Specifies that the grant of qualified immunity will be both prospective and retroactive in its application, and declares the intent of the General Assembly that the severability provision of the Revised Code be applied if the Supreme Court declares the retroactive application unconstitutional.

Effective date: January 25, 2002

Authorizes a court that issues or modifies a spousal support order or grants or modifies a decree of dissolution of marriage incorporating a separation agreement that provides for spousal support to permit the obligor to pay spousal support directly to the obligee, instead of requiring payment through the Office of Child Support in the Department of Job and Family Services, if the obligor and obligee have no minor children born as a result of the marriage and the obligee has not assigned the support amounts to the Department.

Requires a court that permits the direct payment of spousal support to the obligee to order the obligor to make the payments as a check, as a money order, or in any other form that establishes a clear record of payment.

Authorizes a court that permits the direct payment of spousal support to the obligee to rescind the permission upon the obligor's default in making any payment to the obligee and order the obligor to make to the Office of Child Support any payments that are in arrears and future spousal support payments.

Specifies that the division of the court of common pleas of the county in which an original judgment or court order determining paternity or a child support order was issued or that has jurisdiction involving an administrative determination or order that determines paternity or child support in certain cases has jurisdiction over a motion for relief from that judgment, court order, child support order, or administrative determination or order.

Modifies the amount of a child support payment that is for arrearages by providing that a withholding or deduction notice or order to collect current support due under a support order and any arrearage owed by the obligor under a support order pertaining to the same child or spouse must be rebuttably presumed to provide that the arrearage amount collected with each payment of current support equal at least 20% of the current support payment.

Permits a court or administrative hearing officer to consider evidence of household expenditures, income variables, extraordinary health care issues, and other reasons for a deviation from that 20% presumption.

Limits to collecting any federal or state income tax refund owed to the obligor the action that a child support enforcement agency administering a child support withholding or deduction notice or order may take to collect any arrearage amount that has not yet been collected if the obligee and obligor agree in a writing signed by the obligee and obligor and approved by the court by journal entry that the actions be so limited.

Eliminates the requirement that deeds, mortgages, land contracts, leases and memoranda of leases of real property interests, memoranda of trust, certain recordable powers of attorney, other recordable instruments relating to mortgages, land contracts, and leases of real property, instruments pertaining to registered land, and other instruments pertaining to real property be signed and acknowledged in the presence of two witnesses who must attest the signing and subscribe their names to the attestation.

Includes a retrospective provision regarding the general presumption of validity of deeds, mortgages, land contracts, leases of real property interests, and memoranda of trust executed prior to the act's effective date without the acknowledgment in the presence of, or the attesting by, two witnesses as required prior to that date, and provides that the retrospective provision does not affect any accrued substantive or vested rights that came into existence prior to that date.

Modifies the statutory forms of real property instruments to remove the statement on witnessing and replace it with a statement that the instrument is executed before a judge or officer taking the acknowledgment by the person who, under penalty of perjury, is represented to be the person executing the instrument.

Repeals the provisions creating an irrebuttable presumption that any recorded mortgage was properly executed regardless of any actual or alleged defect in the witnessing or acknowledgment on the mortgage unless certain circumstances applied and that that actual or alleged defect did not render the mortgage ineffective for purposes of constructive notice.

Enacts a new offense called "illegal assembly or possession of chemicals for the manufacture of drugs" that prohibits a person from knowingly assembling or possessing one or more chemicals that may be used to manufacture a Schedule I or II controlled substance with the intent to manufacture a Schedule I or II controlled substance in violation of law.

Adds "illegal assembly or possession of chemicals for the manufacture of drugs" to the definition of "drug abuse offense."

Enhances the penalty for the preexisting offense of "illegal manufacture of drugs" if the drug involved in the violation is methamphetamine, any salt, isomer, or salt of an isomer of methamphetamine, or any compound, mixture, preparation, or substance containing methamphetamine or any salt, isomer, or salt of an isomer of methamphetamine and if the offense was committed in the vicinity of a juvenile, in the vicinity of a school, or on public premises.

Expands the definition of "drug paraphernalia" relating to the drug paraphernalia offenses to specifically include any object, instrument, or device for manufacturing, compounding, converting, producing, processing, or preparing methamphetamine or any salt, isomer, or salt of an isomer of methamphetamine that is used by an offender, intended by an offender for use, or designed by an offender for use in a specified manner.

Establishes that certain laboratory findings relating to a criminal prosecution for the new offense of "illegal assembly or possession of chemicals for the manufacture of drugs" or for a violation of the Drug Laws or the Controlled Substances Laws that is based on the possession of chemicals sufficient to produce a compound, mixture, preparation, or substance included in Schedule I, II, III, IV, or V of the Controlled Substances Schedules are prima-facie evidence of the content, identity, and weight of the substances.

Permits in certain circumstances the law enforcement agency that has custody of chemicals that may be used to produce methamphetamine or any compound, mixture, preparation, or substance containing methamphetamine and the possession of which are the basis of a charged offense of the type described immediately above to obtain a court order requiring the destruction of the chemicals.

Authorizes specified local governmental entities that engage in emergency action that is required to protect the public health or safety or the environment as a result of contamination caused by a person's operation of an illegal methamphetamine manufacturing laboratory to recover from the person the additional or extraordinary costs that the entity incurs in investigating, mitigating, minimizing, removing, or abating the contamination, and specifically makes that person liable for those costs.

Authorizes the use of money forfeited, or the proceeds of a sale of property forfeited, under the Contraband Seizure and Forfeiture Law, the Criminal Gang Activity Forfeiture Law, the Felony Drug Abuse Offense Forfeiture Law, or the Corrupt Activity Law to be used to pay the costs of emergency action described immediately above relative to the operation of an illegal methamphetamine laboratory if the forfeited money or property involved was that of a person responsible for the operation of the laboratory.

Effective date: January 25, 2002; Sections 1 and 2 effective July 24, 2002, or the effective date of the Interstate Compact for Adult Offender Supervision, whichever is later

Enacts legislation under which Ohio will join the Interstate Compact for Adult Offender Supervision and withdraw from the Interstate Compact for the Supervision of Parolees and Probationers effective upon the later of 180 days after the act's effective date or legislative enactment of the Interstate Compact for Adult Offender Supervision into law by 35 states.

Establishes the Ohio Council for Interstate Adult Offender Supervision pursuant to the new Compact.

Removes the authority of Ohio courts of record to release on bond an offender supervised under the Compact who is in custody in Ohio when a sending state places a hold warrant or a detainer warrant on the offender and that warrant does not provide that the offender may be released on bond pending return to the sending state, until the sending state withdraws the warrant.

Removes the authority of a receiving state to grant a final release from supervision to any offender supervised under the Compact unless and until the final release has been approved by the supervising authority of the sending state, prohibits the sending state from unreasonably withholding the final release, and requires the sending state to promptly communicate the release to the supervising authorities of the receiving state.

Provides that no plan for any new jail, workhouse, or lockup or for a substantial addition or alteration to an existing jail, workhouse, or lockup may be adopted unless the officials responsible for adopting the plan have submitted the plan to the Department of Rehabilitation and Correction (DRC) for approval and DRC, through its Division of Parole and Community Services or other designated division, has approved the plan.

Effective date: October 26, 2001; Sections 1 and 2 effective January 1, 2002

In general--children who might be subjected to the SORN Law

Generally extends the Sex Offender Registration and Notification Law (SORN Law) to apply to children who are: (1) adjudicated delinquent children for committing on or after its effective date a "juvenile category sexually oriented offense," (2) 14 years of age or older at the time of committing the offense, and (3) classified by a juvenile court judge pursuant to the act's provisions described below as a "juvenile sex offender registrant."

Also generally extends the SORN Law to apply to children who: (1) are adjudicated delinquent children for committing a "juvenile category sexually oriented offense" in another state or in a federal court, military court, or an Indian tribal court, and (2) move to and reside in Ohio or temporarily are domiciled in Ohio for more than seven days if other criteria of the act as described below are satisfied.

Limits the SORN Law's definition of "sexually oriented offense" as applied to persons under 18 years of age whose case has not been transferred under the Juvenile Delinquency Law for criminal prosecution so that, as applied to persons

under that age, it means any of the following (hereafter referred to as "juvenile category sexually oriented offenses"): (1) aggravated murder, murder, felonious assault, kidnapping, abduction, involuntary manslaughter in the commission of a felony, or an attempt to commit any of those offenses that is committed with a purpose to gratify the child's sexual needs or desires, (2) a specified pandering offense involving materials or a performance using a minor if the delinquent child is four or more years older than the minor who is the victim of the offense, or (3) any other sexually oriented offense that, if committed by an adult, would be a felony of the first, second, third, or fourth degree.

Classification of delinquent child as a juvenile sex offender registrant--at adjudication and disposition or upon release from confinement

Requires a juvenile court judge who adjudicates a child a delinquent child for committing on or after its effective date a juvenile category sexually oriented offense to issue, at the time of disposition, an order that classifies the child a juvenile sex offender registrant and specifies that the child has a duty to register under the SORN Law if: (1) the child was 14, 15, 16, or 17 years of age at the time of committing the offense, and (2) the child previously was adjudicated a delinquent child for committing, at any time or age, a juvenile category sexually oriented offense.

Requires a juvenile court judge who adjudicates a child a delinquent child for committing on or after its effective date a juvenile category sexually oriented offense, or that judge's successor in office, to issue, upon the child's release from a "secure facility" or at the time of disposition if the child is not sent to a secure facility, an order that classifies the child a juvenile sex offender registrant and specifies that the child has a duty to register under the SORN Law if: (1) the child was 16 or 17 years of age at the time of committing the offense, and (2) the child previously has not been adjudicated a delinquent child for committing a juvenile category sexually oriented offense (i.e., the preceding paragraph does not apply).

Permits a juvenile court judge who adjudicates a child a delinquent child for committing on or after its effective date a juvenile category sexually oriented offense, or that judge's successor in office, to conduct a hearing, in the judge's discretion and upon the child's release from a secure facility or at the time of disposition if the child is not sent to a secure facility, to determine whether to classify the child a juvenile sex offender registrant, and permits the judge, upon completion of the hearing, to issue an order that so classifies the child and specifies that the child has a duty to register under the SORN Law if: (1) the child was 14 or 15 years of age at the time of committing the offense, and (2) the child previously has not been adjudicated a delinquent child for committing a juvenile category sexually oriented offense (i.e., the second preceding paragraph does not apply).

Specifies factors that a judge must consider at a hearing conducted as described in the preceding paragraph.

Provides that a judge who issues an order that classifies a delinquent child a juvenile sex offender registrant and specifies that the child has a duty to register under the SORN Law must include specified information and warnings in the order and also: (1) must determine at a hearing, pursuant to standards and criteria set forth in the SORN Law, whether the child is a sexual predator or a habitual sex offender, (2) if it determines that the child is a sexual predator or habitual sex offender, must include the determination in the order, and (3) if the court determines that the child is a habitual sex offender, may subject the child to the Law's victim and community notification provisions.

Post-sanction hearing for delinquent child classified a juvenile sex offender registrant

Requires a juvenile court judge who issues an order that classifies a delinquent child a juvenile sex offender registrant and specifies that the child has a duty to register under the SORN Law, or that judge's successor in office, to conduct a hearing, upon completion of the disposition imposed on the child for the juvenile category sexually oriented offense on which the order was based, to: (1) review the effectiveness of the disposition and of any treatment provided, (2) if the order also contains the judge's determination that the child is a sexual predator or habitual sex offender, determine whether to "reclassify" the child regarding the child's registration category or terminate the child's classification as a juvenile sex offender registrant, to the extent permitted by the act, and (3) if the order was a discretionary order and does not contain a sexual predator determination, determine whether to continue, modify, or terminate the child's classification as a juvenile sex offender registrant and duty to register under the SORN Law.

Requires a juvenile court judge who conducts a hearing as described in the preceding paragraph to consider specified factors at the hearing and, upon completion of the hearing, to issue an order that continues the prior classification and determination or that, to a specified extent permitted by the act, reclassifies or declassifies the delinquent child regarding the prior classification as a sexual predator, habitual sex offender, or juvenile sex offender registrant.

Petition by juvenile sex offender registrant to be reclassified or declassified

Permits a delinquent child who has been classified a juvenile sex offender registrant and has a duty to register under the SORN Law to petition the juvenile court judge who made the classification, or that judge's successor in office, to: (1) "reclassify" the child regarding the child's registration category to a specified extent permitted by the act, or (2) if the order classifying the child a juvenile sex

offender registrant does not include a sexual predator determination, terminate the child's classification as a juvenile sex offender registrant and duty to register under the SORN Law.

Specifies periods of time that must expire before a delinquent child who has been classified a juvenile sex offender registrant may petition for reclassification or declassification.

Provides standards and criteria that apply regarding the reclassification or declassification of a delinquent child who has been classified a juvenile sex offender registrant subsequent to a petition filed by the child that requests reclassification or declassification, and requires a judge who reviews such a petition, in the judge's discretion, to enter an order denying the petition or issue an order that, to a specified extent permitted by the act, reclassifies or declassifies the delinquent child.

Juvenile court jurisdiction regarding the act

Grants juvenile courts exclusive original jurisdiction to conduct the hearings and to make the determinations, adjudications, and orders authorized or required under the act regarding a delinquent child, and enacts provisions that specify that the courts retain this jurisdiction in situations in which the subject delinquent child is committed to the Department of Youth Services (DYS) and situations beyond the child's attainment of 21 years of age.

Authorizes a juvenile court judge to refer the duties that the act confers upon the judge regarding a delinquent child to magistrates appointed by the judge, and, for the purposes of the SORN Law, specifies that "juvenile court judge" includes a magistrate upon whom the juvenile court judge has conferred duties of this nature.

SORN Law registration, change of address, and residence address verification requirements as applied to juvenile sex offender registrants and delinquent children from other jurisdictions

Provides that, if a delinquent child is classified under the act as a juvenile sex offender registrant and is subjected to the SORN Law, the juvenile court judge must notify the child and the child's parent, guardian, or custodian in a specified manner of the child's registration, change of address, and residence address verification duties under that Law and of the potential liability of the child and the parent, guardian, or custodian for the child's failure to comply with those duties.

Requires a delinquent child who is adjudicated a delinquent child for committing a juvenile category sexually oriented offense and who is classified a

juvenile sex offender registrant and subjected to the SORN Law to register with the sheriff of the county within seven days of the child's coming into a county in which the child resides or is temporarily domiciled for more than seven days, provided that the child's duty to register does not apply while the child is confined in a "secure facility."

Generally requires a child who is or was adjudicated a delinquent child for committing a juvenile category sexually oriented offense in a jurisdiction other than Ohio and who resides in Ohio or temporarily is domiciled in Ohio for more than seven days on or after the act's effective date to register with the sheriff of the county within seven days of the child's coming into a county in which the child resides or temporarily is domiciled for more than seven days if either: (1) the child had a duty to register under the law of the other jurisdiction, or (2) the child is released from confinement for that offense on or after the act's effective date and an Ohio juvenile court judge would have been required to issue a juvenile sex offender registrant classification order for the child had the child committed the offense in Ohio (hereafter referred to as "out-of-state juvenile sex offender registrants").

Requires a delinquent child who is classified a juvenile sex offender registrant, is subjected to the SORN Law, and registers with a sheriff or who is an out-of-state sex offender registrant and registers with a sheriff as described above to: (1) give that sheriff notice of any change in the child's residence and register the new residence address with the appropriate sheriff, and (2) periodically verify the child's residence address.

Generally makes the preexisting procedures and criteria that govern a criminal offender's registration, change of address notification, and residence address verification under the SORN Law also apply to registration, change of address notification, and residence address verification by juvenile sex offender registrants and out-of-state juvenile sex offender registrants.

For delinquent children who have a duty under the act to comply with the SORN Law's registration, change of address, and residence address verification requirements, specifies that: (1) the duty commences on the date of the child's release from a secure facility, the entry of the court order classifying the child as a juvenile sex offender registrant date if the child was not committed to a secure facility, or, for out-of-state juvenile sex offender registrants, the later of the act's effective date or the date the child begins to reside or be temporarily domiciled in Ohio, and (2) the duties continue until the child's death if the child is classified as a sexual predator, for 20 years if the child is classified as a habitual sex offender, and for ten years in all other cases, except that in certain circumstances reclassification from sexual predator and habitual sex offender status and declassification as a juvenile sex offender registrant may occur.

Specifies that, if a delinquent child is classified a juvenile sex offender registrant and is subjected to the SORN Law under the act, the child's attainment of 18 or 21 years of age does not affect or terminate the order, which remains in effect for the period described in the preceding paragraph.

Generally includes in preexisting provisions of the SORN Law that refer to criminal offenders who are subject to that Law references to delinquent children who are subjected to the SORN Law under the act.

SORN Law victim and community notification regarding delinquent children

Extends the SORN Law provisions regarding victim notification of the name and residence address, etc., of criminal offenders who register under that Law and who are classified as sexual predators or as habitual sex offenders subjected to those provisions so that the provisions also apply regarding any child who is adjudicated a delinquent child for a juvenile category sexually oriented offense, who is classified a juvenile sex offender registrant or is an out-of-state juvenile sex offender registrant, and who has registered with a sheriff under the act if: (1) a juvenile court judge has determined that the child is a sexual predator or has determined that the child is a habitual sex offender and specifically made the child subject to victim notification, and (2) the victim has requested that type of notice.

Extends the SORN Law provisions regarding notification of certain persons and officials in the community of the name and residence address, etc., of criminal offenders who register under that Law and who are classified sexual predators or habitual sex offenders subjected to those provisions so that the provisions also apply regarding any child who is adjudicated a delinquent child for a juvenile category sexually oriented offense, who is classified a juvenile sex offender registrant or is an out-of-state juvenile sex offender registrant, and who has registered with a sheriff under the act if the child satisfies the sexual predator or habitual sex offender criteria.

Adds the following persons to the list of persons to whom the sheriff must distribute the community notification information regarding delinquent children about whom the notices must be given: (1) the principal of the school within the specified geographical notification area and within the county served by the sheriff that the delinquent child attends, (2) if the delinquent child attends a school outside of the specified geographical notification area or outside of the school district where the delinquent child resides, the superintendent of the board of education of the school district that governs the school that the delinquent child attends and the principal of the school that the child attends, and (3) regardless of the location of the school, the appointing or hiring officer of a chartered nonpublic school that the delinquent child attends.

Public records; Internet posting

Provides that all statements, information, photographs, and fingerprints that a sheriff possesses pursuant to the SORN Law's registration, change of address, and residence address verification requirements that apply to delinquent children are public records.

Prohibits a sheriff from causing to be publicly disseminated by means of the Internet any statements, information, photographs, or fingerprints provided by a juvenile sex offender registrant pursuant to the SORN Law except when the act that is the basis of a child's classification as a juvenile sex offender registrant is aggravated murder, murder, or kidnapping that was committed with a purpose to gratify the sexual needs or desires of the child, rape, or an attempt to commit rape.

Civil immunity

Extends to a supervising officer and an officer or employee of DYS and to a supervisor and a caseworker or employee of a public children services agency the civil immunity that a preexisting provision of the SORN Law provides to specified public officials for acts and omissions in connection with a power, duty, responsibility, or authorization under that Law.

Attorney General, BCII, and DYS duties

Requires the Attorney General to include in the preexisting State Registry of Sex Offenders all: (1) registration, change of address, and residence address verification information that the Bureau of Criminal Identification and Investigation (BCII) receives under the SORN Law and that relates to children who are adjudicated delinquent children for committing a juvenile category sexually oriented offense, who are classified juvenile sex offender registrants or are out-of-state juvenile sex offender registrants, and who register, etc., under the act, and (2) information it receives from DYS under the provision described in the second succeeding paragraph.

Expands other duties of the Attorney General that pertain to the SORN Law to include references to delinquent children who have a duty under the act to comply with the SORN Law's registration, change of address, and residence verification requirements.

Requires DYS to provide specified information to BCII before releasing a delinquent child who is in DYS's custody and has been adjudicated a delinquent child for committing a juvenile category sexually oriented offense on or after the act's effective date.

Tolling of SORN Law registration duty

Modifies the preexisting provision that "tolls" a criminal offender's duty to register under the SORN Law for any period during which the offender is returned to confinement for any reason or imprisoned for an offense to specify that the "tolling" applies only when the offender is returned to confinement in a "secure facility" or imprisoned, and extends the provision so that it also applies to delinquent children who have a duty under the act to comply with the SORN Law's registration, change of address, and residence address verification requirements.

Prosecution and penalties for failure to comply with SORN Law

Specifies that if, under the act, a delinquent child is classified a juvenile sex offender registrant or is an out-of-state juvenile sex offender registrant and the delinquent child fails to comply with any SORN Law requirement regarding registration, change of address, or residence verification: (1) if the violation occurs while the person is under 18 years of age, the person is subject to proceedings under the Juvenile Delinquency Law, and (2) if the violation occurs while the person is 18 years of age or older, the person is subject to criminal prosecution based on the violation.

Adds to the preexisting provision that sets the penalties for a criminal offender who fails to comply with any SORN Law requirement regarding registration, change of address, or residence verification language that conforms the penalty clauses to the act's extension of the SORN Law to delinquent children.

Contributing to the unruliness or delinquency of a child

Expands the offense of "contributing to the unruliness or delinquency of a child" so that it also specifically prohibits the parent, guardian, or custodian of an unemancipated child who is subject to the SORN Law under the act from failing to ensure that the child complies with the child's duties under that Law.

"Secure facility"

Defines "secure facility," for use throughout the SORN Law, both as it applies to criminal offenders and delinquent children, as any facility that is designed and operated to ensure that all of its entrances and exits are locked and under the exclusive control of its staff and to ensure that, because of that exclusive control, no person who is institutionalized or confined in the facility may leave the facility without permission or supervision.

Treatment

Specifies that, if a delinquent child who commits a juvenile category sexually oriented offense is committed to DYS, the treatment and training that preexisting law requires DYS to provide to all children committed to it includes for that child treatment of a type that is appropriate for a child who commits a juvenile category sexually oriented offense and that is intended to ensure that the child does not commit any subsequent act that is a sexually oriented offense.

Specifies that, if a juvenile court commits a delinquent child to the custody of any person, organization, or entity other than DYS and if the act for which the child is committed is a juvenile category sexually oriented offense, the court in the order of disposition must: (1) inform the person, organization, or entity that it is the preferred course of action in Ohio that the child be provided treatment of the type described in the preceding paragraph, and (2) encourage the person, organization, or entity to provide that treatment.

Effective date: January 25, 2002

Includes in the specified types of activities that may constitute the pattern of conduct that is required to commit the offense of menacing by stalking actions or incidents that prevent, obstruct, or delay the performance by an emergency facility person of any authorized act within the person's official capacity.

Expands the offense of disrupting public services to additionally prohibit a person, purposely by any means or knowingly by damaging or tampering with any property, from substantially impairing the ability of emergency facility personnel to respond to an emergency or to protect and preserve any person or property from serious physical harm.

Increases the penalty for the offense of disorderly conduct to a misdemeanor of the fourth degree if the offense is committed in the presence of any emergency facility person who is engaged in the person's duties in an emergency facility.

Expands the offense of misconduct at an emergency to also prohibit a person from knowingly hampering the lawful activities of any emergency facility person who is engaged in the person's duties in an emergency facility.

Defines "emergency facility personnel" for purposes of these provisions as any physicians, registered nurses, licensed practical nurses, physician assistants, health care workers, or clerical staff who perform services in the ordinary course of their professions in an emergency facility, any security officer performing security services in an emergency facility, and any individual who is summoned to provide emergency medical services in an emergency facility and "emergency facility person" as the singular of the above term.

Am. Sub. S.B. 122

Sens. Oelslager, Espy

Reps. Womer Benjamin, Schmidt

Effective date: February 20, 2002

Replaces the procedures that govern the disposition and treatment of a criminal defendant who is found to be incompetent to stand trial (IST) and that resulted from the decision of the Ohio Supreme Court in *State v. Sullivan* (2001), 90 Ohio St.3d 502, with comprehensive new procedures to govern the disposition and treatment of those criminal defendants.

Bases the new procedures on the procedures that were enacted in Am. Sub. S.B. 285 of the 121st General Assembly and that the Ohio Supreme Court, in *Sullivan, Supra*, found to be unconstitutional with modifications to those former procedures that: (1) require the trial court to order treatment for a criminal defendant who is found to be IST if there is a substantial probability that the defendant will become competent to stand trial within one year if provided with treatment, (2) require the trial court to order continuing evaluation and treatment for a criminal defendant charged with a felony who is found to be IST if the court is unable to determine whether there is a substantial probability that the defendant will become competent to stand trial within one year if provided with treatment, (3) require the trial court to discharge a criminal defendant who is found to be IST if there is not a substantial probability that the defendant will become competent to

stand trial within one year if provided with treatment unless the court or prosecutor pursuant to preexisting provisions seeks to retain jurisdiction over, or seeks the civil commitment of, the defendant, (4) provide a time limit for conducting a hearing on a petition for involuntary administration of medication to a person committed as described in number (1) or (2) above, (5) revise the maximum period for which a criminal defendant charged with a misdemeanor who is found to be IST may be required to undergo treatment, including any continuing evaluation and treatment, (6) permit, in limited circumstances, a court to grant supervised off-grounds movement for a criminal defendant who is found to be IST and committed to a hospital or other institution and officials of the hospital or institution to grant the defendant movement to a medical facility, (7) revise the times at which the official who supervises the treatment or continuing evaluation and treatment of a criminal defendant who is found to be IST and ordered to undergo treatment or continuing evaluation and treatment must file a progress report with the court, and revise the content of the report, (8) provide for a hearing if the treating physician or examiner of a criminal defendant who is found to be IST and is ordered to undergo treatment reports to the trial court that there is not a substantial probability that the defendant will become competent to stand trial even if provided with treatment, and (9) provide for possible discontinuation of treatment to a criminal defendant who is found to be IST and is ordered to undergo treatment, possible dismissal of the charges, or possible commencement of civil commitment proceedings if the trial court finds at a hearing that there is not a substantial probability that the defendant will become competent to stand trial even if provided with treatment.

Provides that, if an examiner is appointed to evaluate a criminal defendant to determine whether the defendant is IST and the examiner believes that the defendant is incapable of understanding the nature and objective of the proceedings against him or her or of assisting in his or her defense, in addition to all information previously required, the examiner's report also must set forth the examiner's opinion as to the likelihood of the defendant becoming capable of understanding the nature and objective of those proceedings and of assisting in his or her defense within one year if provided with a course of treatment.

Extends the preexisting provisions that govern the actions that may be taken regarding a criminal defendant who is found to be IST and for whom the maximum permissible period of treatment has expired so that they also apply regarding a criminal defendant who is found to be IST and for whom the court finds that there is not a substantial probability that the defendant will become competent to stand trial even if provided with a course of treatment.

Effective date: Emergency, November 20, 2001

Permits a school district board of education to contract with nonprofit or for profit entities to operate alternative schools in the district.

Specifies standards for alternative schools that are operated by nonprofit or for profit entities.

Specifies a formal process to be followed by school district boards when considering requests for proposals for the operation of alternative schools by nonprofit and for profit entities.

Applies the Public Records Law to records pertaining to the provision of educational services in Ohio by nonprofit or for profit entities that operate alternative schools.

Explicitly authorizes the State Board of Education, upon recommendation from the Department of Education, to revoke the charter of an alternative school operated by a school district if the school is in violation of the law.

Creates a one-year conditional teaching permit for grades seven through twelve as a precursor to the alternative educator license.

Establishes a three-year period for the issuance of conditional teaching permits in the area of intervention specialist for grades kindergarten through twelve.

Specifies that an alternative educator license in the area of intervention specialist is valid for teaching in grades kindergarten through twelve.

Permits a licensed educator to teach in a teaching or subject area or in a grade level for which the educator is not licensed for up to two years while completing coursework that is required to be licensed in that area or grade level.

Eliminates the requirement that educator licensing rules adopted by the State Board of Education be subject to approval by concurrent resolution of the General Assembly before they may take effect.

Requires the Governor's Commission on Successful Teachers to make recommendations concerning alternative pathways for obtaining educator licenses.

Clarifies that the curriculum requirement that a person under 22 years old must complete for a high school diploma is the one in effect when the person first enrolls in high school.

Permits personally identifiable information about a student to be reported to a third party for purposes of assigning a data verification code to the student under the electronic Education Management Information System (EMIS).

Requires that the data verification code assigned to each student under EMIS be unique to the student on a statewide basis over time.

Requires the Department of Education to administer the High Schools That Work program.

Reduces the appropriation for grants to tech prep consortia by \$25,000 in each of fiscal years 2002 and 2003.

Changes the due date for the report of the Instructional Subsidy and Challenge Review Committee from December 31, 2001 to December 31, 2002.

Effective date: Emergency, June 29, 2001

Permits payment of state aid in fiscal year 2002 to any school district that exceeded in fiscal year 2001 the number of calamity days otherwise permitted as a result of closing schools to prevent the spread of meningococcal disease (meningitis).

Am. Sub. S.B. 1

Sens. Robert Gardner, Randy Gardner, Harris, Prentiss, Mumper, Carnes, White, Espy, Spada, Brady, Armbruster

Reps. Callender, Clancy, Cates, Hoops

Effective date: September 11, 2001; Sections 3 and 4 effective July 1, 2003

Eliminates the requirement that school districts implement competency-based education programs.

Directs the State Board of Education to adopt statewide academic standards for each of grades kindergarten through twelve in reading, writing, and math by December 31, 2001, and in science and social studies by December 31, 2002.

Requires the State Board, within 18 months after completion of the corresponding academic standards, to adopt a model curriculum aligned with the standards that school districts *may*, but are not required to, use for instruction.

Requires the State Board to adopt academic standards and model curricula in computer literacy for grades three through twelve and in fine arts and foreign language for grades kindergarten through twelve after completion of the standards in the five core subject areas.

Directs the Superintendent of Public Instruction to present the academic standards and model curricula in the five core subject areas to a joint meeting of the House of Representatives and Senate education committees at least 45 days prior to the deadline for their adoption.

Requires the General Assembly to approve any academic standards or model curriculum in health or physical education prior to adoption by the State Board.

Specifically prohibits the State Board from adopting diagnostic assessments or achievement tests in any subject areas other than reading, writing, math, science, and social studies.

Directs the State Board to adopt diagnostic assessments aligned with the academic standards and model curriculum for each of grades kindergarten through two in reading, writing, and math and for each of grades three through eight in all five subject areas covered by the standards by July 1, 2007.

Prohibits the State Board from adopting a diagnostic assessment for any grade and subject area for which an achievement test is developed.

Requires all school districts that are not "excellent" and all public community schools to administer the state diagnostic assessments at least once annually to all students in the appropriate grade levels, and requires "excellent" districts to administer locally selected assessments.

Requires school districts to administer the appropriate diagnostic assessment to students who transfer into the district or to a different school within the district within 30 days after the transfer.

Requires school districts, but not public community schools, to provide intervention services to students whose scores on the diagnostic assessments show that they are unlikely to meet the academic standards.

Specifies that school districts and public community schools cannot be required to report the results of any diagnostic assessment, except for kindergarten diagnostic assessments, to the Department of Education or to the public.

Permits parents to examine the results of any tests administered to their own children and to view all instructional materials and surveys or questionnaires given to their children.

Phases in the development of 15 achievement tests (total) in third, fourth, fifth, seventh, eighth, and tenth grades to replace 20 proficiency tests formerly administered in fourth, sixth, ninth, and twelfth grades.

Eliminates the twelfth grade proficiency test and the accompanying \$500 scholarship at the end of the 2000-2001 school year.

Names the five tenth grade achievement tests the Ohio Graduation Tests (OGT).

Requires the State Board to align the new achievement tests with the academic standards and model curricula.

Requires the State Board to prescribe four ranges of scores--advanced, proficient, basic, and below basic--for the third, fourth, fifth, seventh, and eighth grade achievement tests and to prescribe a proficient score for the OGT.

Maintains the requirement for school districts and public community schools to provide intervention services to students who fail to attain a proficient score on any fourth grade proficiency test, and creates an intervention requirement for those students who score below the proficient level on any ninth grade proficiency test or below the "basic" level on the third, fourth, fifth, seventh, or eighth grade achievement tests.

Permits school districts and public community schools to use a "below basic" score on a fourth, fifth, seventh, or eighth grade achievement test "as a factor in any decision to deny promotion" to the next grade level.

Whenever a proficiency or achievement test is given, requires special education students to be assessed in one of the following ways: (1) by taking the test without accommodations, (2) by taking the test with accommodations, or (3) by an alternate assessment method.

Allows for a temporary one-year waiver, renewable for two additional years, from any proficiency or achievement test for English-limited students.

Requires the State Board to establish four ranges of scores--advanced, proficient, basic, and below basic--on the fourth grade reading proficiency test.

Changes the fourth grade reading guarantee to provide school districts with three specific options for students who receive a *below basic* score on the fourth grade reading proficiency test: (1) promotion to fifth grade if the principal and reading teacher agree that other evaluations of the student's work indicate that the student is academically prepared for fifth grade, (2) promotion to fifth grade with "intensive intervention" in that grade, or (3) retention in fourth grade.

Replaces the fourth grade reading guarantee with a third grade reading guarantee beginning July 1, 2003.

Provides school districts with three options for students who receive a *below basic* score on the third grade reading achievement test in the third or fourth grade: (1) promotion to the next grade if the principal and reading teacher agree that other evaluations of the student's work indicate that the student is academically prepared for the next grade, (2) promotion to the next grade with "intensive intervention" in that grade, or (3) retention in the current grade.

Requires the intervention services provided to students reading below grade level in first, second, or third grade to include instruction in phonetics.

Specifies that the third grade reading guarantee and the fourth grade reading guarantee provisions of law do not create a new cause of action or substantive legal right for any person.

Allows the achievement tests, except the OGT, to be administered a week earlier than proficiency tests were generally administered under prior law.

Specifies that in any year in which fourth or sixth graders must take more than three proficiency tests and achievement tests, the State Board may designate dates so that the tests are not administered in the same week.

Requires the Department of Education to give preference to Ohio companies that employ Ohio residents when awarding contracts to grade the achievement tests.

Requires joint vocational school districts to administer the OGT to their students who have not yet passed one or more of the tests.

Allows school districts to choose whether to participate in early administrations of the ninth grade proficiency tests.

Provides for the temporary administration of the tenth grade proficiency tests in reading and math in the 2002-2003 and 2003-2004 school years for purposes of compliance with federal law.

Delays the requirement for students to pass all five of the OGT to receive a high school diploma from the class of 2005 to the class of 2007.

Provides an alternative graduation requirement for students who pass all of the OGT except for one and who meet the following criteria: (1) miss the passing score on the failed test by ten points or less, (2) have a 97% attendance rate in high school, (3) have not been expelled during high school, (4) have a grade point average of at least 2.5 in the subject area of the failed test, (5) have completed the curriculum requirements in the subject area of the failed test, (6) have taken advantage of intervention programs offered by the district in the subject area of the failed test *or* have received comparable services from another source, and (7) hold letters recommending graduation from teachers in the subject area of the failed test and from the high school principal.

Specifies which proficiency or achievement test and curriculum requirements a student must meet to be eligible for a diploma if the student has fulfilled curriculum requirements, but not all proficiency test requirements, prior to the enactment of new test or curriculum requirements.

Requires school districts to adopt a policy governing the conduct of intervention/prevention services throughout the district.

Prohibits the insertion of components to identify gifted students in assessments otherwise designed as diagnostic instruments for students in grades kindergarten through eight.

Directs the Department of Education's Fairness Sensitivity Review Committee to ensure that the questions on diagnostic assessments, proficiency tests, and achievement tests are value-neutral.

Prohibits school districts from requesting the social security numbers of students for the purpose of reporting data to the Education Management Information System.

Repeals all former school district performance indicators, and requires the State Board of Education to establish at least 17 new indicators annually through 2006, and every six years thereafter.

Requires the State Board to notify school districts of new performance indicators at least two years before they are included in the district's performance rating.

Adds the new category of "excellent" to the school district performance ratings, and permits excellent districts, in addition to effective districts, to be free of certain mandates.

Requires school district performance ratings to be issued annually rather than triennially as under prior law.

Requires the Department of Education to issue report cards for individual buildings in addition to school districts.

Requires the Department to include on the district report cards information on any change from the previous year's performance by the district or a building within the district.

Requires the Department to compile additional reports and data about school districts and display all such information on a web site.

Requires the disaggregation of data on the report cards according to age, race, ethnicity, gender, mobility, vocational educational status, and economic status.

Requires the State Board to establish a standard unit of improvement for buildings, and requires school districts that are not excellent or effective to develop district-wide continuous improvement plans and to develop continuous improvement plans for buildings within the district that are not excellent or effective.

Requires an academic emergency school district to implement at least one of the following options aimed at improving the performance of a failing building within the district: (1) replace the building's principal, (2) redesign the building to address the factors impeding student achievement, (3) institute a new schoolwide curriculum or educational model, (4) contract with a college or university education department, an educational service center, or the Department of

Education to operate the building, (5) grant priority under the district's open enrollment policy to students who want to transfer from the building, (6) close the building, or (7) develop an alternative comprehensive plan approved by the Department.

Requires the Department to identify research on the effective use of instructional time and on successful intervention strategies for students from different ethnic and socioeconomic backgrounds and to disseminate such studies through the Ohio SchoolNet Commission.

Mandates that the State Board recommend a plan to the General Assembly for implementation of end-of-course exams as an alternative to passage of the OGT for high school graduation.

Directs the State Board to appoint a committee to make recommendations for incorporation of end-of-program assessments into career-technical education programs.

Establishes the Governor's Commission on Successful Teachers to recommend policies for the preparation, recruiting, hiring, and retention of teachers, to recommend pilot programs to address teacher shortages, and to issue a written report to the General Assembly by December 31, 2002.

Permits licensed school psychologists to administer an individual standardized intelligence test for the identification of gifted students.

Requires instruction in energy and resource conservation to be in accordance with recommendations by leading businesspersons involved in the field.

Clarifies that students away from school on an approved field trip must be counted as present at school for that day.

Sens. Spada, Jacobson, Robert Gardner, Mumper, Hottinger, Oelslager, Johnson, Amstutz, Wachtmann

Effective date: August 28, 2001

Requires boards of elections, in counties where punch card ballots are used, to instruct voters to remove partially attached chads from their ballots before returning them to election officials.

Requires boards of elections, in counties where punch card ballots are used, to designate two-person teams, one person from each major political party, to take all reasonable steps to inspect the ballots and remove chads attached by two or fewer corners before the ballots are counted and to remake and count ballots that clearly appear to have been voted backwards.

Specifies that, if a chad remains attached to a punch card ballot by three or four corners, it must be deemed that the voter did not record a candidate, question, or issue choice at the particular position on the ballot and a vote must not be counted at that particular position.

Requires a person who will be outside of the United States on the day of an election and who is voting an armed service absent voter's ballot to mail that ballot to the director of the board of elections before the close of the polls on election day.

Specifies that, if an armed service absent voter's ballot is received from a voter who will be outside of the United States on election day, the ballot generally must be counted if it is received within the required period regardless of whether the ballot is postmarked or contains an illegible postmark.

Specifies that a voter may receive assistance from a person whom the voter chooses, other than certain individuals, if the voter declares to a presiding judge of

elections that the voter is unable to mark a ballot because of blindness, disability, or illiteracy.

Prohibits any person who provides assistance to a voter in marking the voter's ballot from providing afterwards any information about the marking of that ballot.

Requires the Secretary of State to establish at least 35 days before the date of an election a date by which the canvass of election returns must be completed, and specifies that no amendments may be made to that canvass after 60 days from that established date.

Creates the Election System Study Committee to make recommendations for improving the current election process and to estimate the potential costs associated with its recommendations.

Requires the Secretary of State to issue directives and advisories to members of boards of elections about the proper methods of conducting elections.

Specifies that an absent voter's ballot must not be accepted or counted if Stub A has been removed from the ballot.

Corrects statutory forms that specify an incorrect penalty for election falsification.

Specifies the periods for retaining ballots following an election.

Bonds

Establishes procedures for the issuance of revenue bonds for brownfield revitalization purposes and general obligations (bonds) of the state for conservation purposes.

Establishes a \$200 million maximum principal amount each of the revenue bonds and the general obligation bonds to be issued.

Designates the Treasurer of State as the issuing authority for the revenue bonds and the Ohio Public Facilities Commission as the issuing authority for the general obligation bonds.

Requires the proceeds of the sale of revenue bonds to be deposited in the Clean Ohio Revitalization Fund and used for grants for brownfield remediation and cleanup, and requires 20% of the net proceeds annually to be used for assessments, cleanup or remediation of brownfields, and public health projects that are located in eligible areas (see below).

Requires the proceeds of general obligation bonds to be deposited as follows: 75% to the Clean Ohio Conservation Fund for natural resources and parks and recreation grants, 12.5% to the Clean Ohio Trail Fund for recreational

trail grants, and 12.5% to the Clean Ohio Agricultural Easement Fund for certain farmland preservation purposes.

Makes appropriations.

Brownfield revitalization grant and loan program

Creates the Clean Ohio Revitalization Fund to be administered by the Department of Development for the purpose of distributing grant or loan moneys for brownfield cleanup or remediation projects.

Authorizes 15% of the annual allocation of money to the Clean Ohio Revitalization Fund to be used for loans, requires the Director of Development to establish policies and requirements governing loans, and prohibits loans for assessments, cleanup or remediation of brownfields, or public health projects for projects located in eligible areas, which must be funded solely with grants (see below).

Establishes a maximum grant or loan percentage of 75% of a project's total estimated cost, and requires the applicant to provide, at a minimum, a 25% matching share of the project's total estimated cost.

Establishes a \$3 million maximum grant or loan amount to any one project.

Creates the Clean Ohio Council to review applications for and award grants and make loans under the brownfield revitalization grant and loan program.

Requires grant or loan applicants to submit applications to local integrating committees established under the Ohio Public Works Commission Law or, if required, the executive committees of integrating committees, requires the committees or executive committees to prioritize and choose not more than six applications annually and forward them to the Council, and requires the Council to review and approve or disapprove the applications using a selection process established in policies and requirements established by the Director of Development.

Requires the authorized representative of an applicant to sign and submit an affidavit with an application certifying that the applicant did not cause or contribute to the release of hazardous substances or petroleum at the property that is the subject of the application, and makes knowing submission of a false affidavit a felony.

Requires recipients of grants or loans to enter into agreements with the Clean Ohio Council, and establishes requirements for those agreements.

Except under specified circumstances, requires a grant recipient to employ a certified professional to determine if the brownfield cleanup or remediation complies with applicable cleanup standards, and requires the certified professional to issue a no further action letter in accordance with the Voluntary Action Program Law upon determining that it is in compliance.

Authorizes an applicant to pursue a covenant not to sue in accordance with the Voluntary Action Program Law, requires the Director of Environmental Protection to issue or deny a covenant not to sue if one is so requested, and, if an applicant does not pursue a covenant not to sue, requires the Director to determine if a cleanup or remediation complies with applicable cleanup standards and send a written report of that determination to the Clean Ohio Council.

Applies the Voluntary Action Program Law to the act's brownfield provisions except as otherwise specifically provided in those provisions.

Establishes filing requirements in county property records for completed and approved brownfield cleanup or remediation projects.

Requires 20% of the proceeds of the net obligations deposited in the Clean Ohio Revitalization Fund to be devoted for grants for assessments, brownfield cleanups or remediations, and certain public health projects for property in certain eligible areas of the state that are economically distressed and meet other economic criteria, and requires those grants to be administered by the Director of Development.

Establishes a \$25 million maximum grant amount for public health projects in eligible areas.

Requires the Director of Development to establish policies and requirements establishing an application form for grants or loans, a selection process for prioritizing brownfield cleanup or remediation projects, a brownfield post-cleanup or remediation oversight program, criteria for awarding grants to applicants in eligible areas that include a selection process for public health projects, and any other procedures and requirements that are necessary to administer the program.

Establishes immunity for an applicant from civil actions and from orders of the Director of Environmental Protection when the applicant did not cause the release of the hazardous substances or petroleum at the property and the applicant conducts the cleanup or remediation in compliance with the agreement entered into with the Clean Ohio Council and with all applicable environmental laws.

Natural resources and parks and recreation grant program

Establishes the Clean Ohio Conservation Fund for the purpose of distributing grants to local political subdivisions and nonprofit organizations for natural resources and parks and recreation projects.

Establishes a framework for the distribution of moneys from the Fund that utilizes the framework established in continuing law for the Ohio Public Works Commission and district public works integrating committees, and adds the Director of Natural Resources as an ex officio member of the Ohio Public Works Commission.

Requires money in the Fund to be distributed within each district under that framework on a modified per capita basis.

Requires each district public works integrating committee to appoint a natural resources assistance council to review and approve or disapprove eligible projects for funding from the Fund.

Establishes the types of projects that may be funded with moneys from the Fund.

Requires a political subdivision or nonprofit organization that is seeking funding for a project to submit an application and other information to the natural resources assistance council with jurisdiction over the project.

Requires entities that propose projects for funding to provide at least 25% of the total cost of the project as matching funds.

Establishes criteria for a natural resources assistance council to apply when approving or disapproving projects for grant funding.

Grants final approval or disapproval authority for projects funded by the Clean Ohio Conservation Fund to the Ohio Public Works Commission.

Recreational trails grant program

Establishes the Clean Ohio Trail Fund for the purpose of distributing grants to local political subdivisions and nonprofit organizations for recreational trails.

Specifies that a matching grant that is made by the Director of Natural Resources to a political subdivision or a nonprofit organization for the purchase of land or interests in land for recreational trails and that consists of moneys from the Clean Ohio Trail Fund may provide up to 75% of the cost of the project.

Requires applicants that propose projects for funding to provide at least 25% of the total cost of the project as matching funds.

Requires the Director to adopt policies that establish procedures for providing matching grants, eligibility criteria for receiving a matching grant, and other requirements.

Creates the Clean Ohio Trail Advisory Board to advise the Director regarding the selection of applications for grants under the recreational trails grant program.

Farmland preservation

Establishes the Clean Ohio Agricultural Easement Fund for the purpose of distributing grants to local political subdivisions and charitable organizations for farmland preservation purposes.

Requires the term of an agricultural easement purchased with money from the Fund to be perpetual and to run with the land.

Specifies that a matching grant that is made by the Director of Agriculture to a local government or charitable organization for the purchase of an agricultural easement and that consists of moneys from the Clean Ohio Agricultural Easement Fund may provide up to 75% of the value of the agricultural easement, and specifies that the amount of such a matching grant used for the purchase of a single agricultural easement cannot exceed \$1 million.

Requires the Director to adopt rules that establish procedures, criteria, and other requirements governing the purchase of agricultural easements with matching grants that consist of money from the Clean Ohio Agricultural Easement Fund.

Requires a recipient of a matching grant that consists of money from the Fund to monitor and, if necessary, to enforce the agricultural easement that was purchased with the matching grant, and requires the recipient to submit an annual monitoring report to the Office of Farmland Preservation in the Department of Agriculture.

Allows the purchase of agricultural easements with installment payments.

Authorizes the purchase of agricultural easements on homesteads.

Creates the Farmland Preservation Advisory Board to advise the Director regarding the design and implementation of an agricultural easement purchase program, the selection of applications for the purchase of agricultural easements

with matching grants from the Clean Ohio Agricultural Easement Fund, and the design and implementation of any other statewide farmland protection measures that the Director considers appropriate.

Requires persons proposing the filling of isolated wetlands to obtain coverage under a general state isolated wetland permit issued by the Director of Environmental Protection or to obtain an individual state isolated wetland permit from the Director.

Establishes three different categories of wetlands of varying levels of ecological significance.

Depending on the category and size of an isolated wetland that is subject to filling, establishes different levels of review, different criteria for the approval or disapproval of a state isolated wetland permit, and different mitigation requirements.

Requires coverage under a general state isolated wetland permit for a proposed filling of a category 1 or category 2 isolated wetland of one-half acre or less, and applies level one review requirements to the proposed filling, including the submission of a pre-activity notice prior to the filling.

Requires persons proposing the filling of a category 1 isolated wetland of more than one-half acre or a category 2 isolated wetland of between one-half acre and three acres to apply for an individual state isolated wetland permit, and applies level two review requirements to such an application.

Requires persons proposing the filling of a category 2 isolated wetland of more than three acres or a category 3 isolated wetland to apply for an individual

state isolated wetland permit, and applies level three review requirements to such an application.

Establishes public notice and participation requirements prior to the issuance or denial of individual state isolated wetland permits and the issuance of a general permit.

Requires the Director of Natural Resources in consultation with the Director of Environmental Protection to establish an approved list of wetland mitigation banks that may be used for mitigation purposes.

Provides that the discharge of dredged material into isolated wetlands is subject to the act.

Establishes a permit application fee of \$200 and a review fee for state isolated wetland permits, and establishes the Dredge and Fill Fund to be used for the purpose of administering the act.

Requires the Director of Budget and Management to prepare a full zero-base budget for the biennium ending June 30, 2005, for the Environmental Protection Agency and for one other small agency to be selected by the Director, and establishes requirements for the preparation of those budgets.

Applies the Surface Mining Law governing the mining of aggregates to in-stream mining operations, and establishes additional requirements governing those operations.

Revises the application requirements for a surface mining permit, including the addition of new requirements, and generally applies those requirements to an application for an in-stream mining permit.

Increases the fee for a surface mining permit from \$250 to \$500, establishes a \$250 fee for an in-stream mining permit, increases the fee that must be paid for each acre affected under a surface mining permit from \$30 to \$75, eliminates the \$1,000 cap on such acreage fees, applies the acreage fees to an in-stream mining permit, extends the duration of a surface mining permit from ten to 15 years, and establishes a two-year duration for an in-stream mining permit.

Makes changes to the renewal permit requirements for a surface mining permit, applies the requirements to an in-stream mining permit, revises the renewal fee for a surface mining permit, establishes a \$500 renewal fee for an in-

stream mining permit, extends the renewal period for a surface mining permit from ten to 15 years, and establishes a two-year renewal period for an in-stream mining permit.

Requires an advertisement to be published for an initial surface or in-stream mining permit and for a significant amendment to a permit, to the plan of mining and reclamation, and to a renewal permit for a surface or in-stream mining operation, allows the submission of written comments and objections, and establishes an exemption under certain circumstances from those provisions.

Increases the annual report filing fee for surface mining operators other than small operators, increases the acreage fee that must be included with an annual report, eliminates the \$1,000 cap on such acreage fees, and applies these requirements to in-stream mining operators.

Generally increases the amounts of the performance bond and the surety bond required for a surface mining operation, specifies that certain governmental entities cannot require an operator to file a surety bond for the reclamation of land affected by a surface mining operation, and applies the bond provisions to an in-stream mining operation.

Revises the reclamation and bond release procedures for surface mining operations by establishing phased reclamation, and applies the procedures to in-stream mining operations.

Requires the Chief of the Division of Mineral Resources Management to adopt rules to implement certain provisions under the act.

Establishes requirements and procedures concerning impacts to ground water that may result from a surface mining operation, including requirements for the replacement of water supplies under specified circumstances.

Establishes requirements for the use of explosives in a surface or in-stream mining operation.

Establishes additional prohibitions and penalties for violations of them.

Establishes civil penalties and provides for civil actions for relief for violations of the Surface Mining Law.

Eliminates authorization for the Chief to use any moneys in the Surface Mining Fund for mine safety and first aid classes that are provided to miners through the Division of Mineral Resources Management; eliminates the requirement that the Chief, with the approval of the Director of Natural Resources, determine annually the amounts to be expended from the Fund for those classes;

and instead authorizes the Chief to use the portion of the Fund that consists of moneys collected from severance taxes levied on certain natural resources for the classes.

Revises the requirements governing qualifications for the position of deputy mine inspector of surface mines.

Effective date: Emergency, June 19, 2001; Sections 1 and 2 effective July 1, 2001

Adopts the revisions to the secured transactions portion of the Uniform Commercial Code that were recommended by the National Conference of Commissioners on Uniform State Laws.

Establishes that R.C. Chapter 1309. generally applies to: (1) a transaction, regardless of its form, that creates a security interest in personal property or fixtures by contract, (2) an agricultural lien, (3) a sale of accounts, chattel paper, payment intangibles, or promissory notes, (4) a consignment, (5) a security interest arising under specified sections of the Uniform Commercial Code, and (6) specified security interests of a collecting bank or an issuer's or nominated person's security interest in a document presented under a letter of credit.

Consolidates and revises the definitions used within R.C. Chapter 1309., and proposes new definitions, in particular, the definitions of "agricultural lien," "collateral," "commercial tort," "consignment," "payment intangible," and "promissory note," which reflect the expanded scope of R.C. Chapter 1309.

Modifies the rules regarding interstate secured transactions and which state's laws apply to perfection, the effect of perfection, and the priority of security interests by providing that the general rule is the state that is the location of the debtor is the law that governs perfection, the effect of perfection, and priority of security interests.

Permits several different methods of perfection for various forms of collateral, including control and possession, as well as continuing to allow the filing of a financing statement.

Creates a centralized filing system with the office of the Secretary of State or a duly authorized office of the Secretary of State as the filing location in most instances, and provides for filing with the office of the county recorder only for real-property-related collateral and fixtures.

Establishes new default and enforcement rules addressing "secondary" obligors, the new kinds of property subject to a security interest, the interests of subordinate creditors with security interests in the same collateral, and aspects of enforcement when the debtor is a consumer debtor.

Establishes transition rules governing pre-effective date transactions, earlier perfected security interests, earlier attached but unperfected security interests, the effect of actions taken before the act's effective date, the filing of a financing statement prior to the act's effective date, using an initial financing statement in lieu of a continuation statement, and the effect of transition rules on priority.

Eliminates the restriction on the rule that any description of personal or real property is sufficient whether or not it is specific if it reasonably identifies what it describes that provides that the rule applies only for purposes of R.C. Chapter 1309.

Generally increases the fees for filing and indexing a record and furnishing filing data in the office of the Secretary of State in conformity with the fee structure in Am. Sub. H.B. 94 of the 124th General Assembly.

Makes limited modifications to the general provisions and the provisions governing sales, letters of credit, investment securities, and leases in the Uniform Commercial Code, as adopted in Ohio, and the provisions governing motor vehicle repossessions, and prescribes the effects of securitization transactions of financial institutions.

Makes revisions to the Mortgage Brokers Law, including the following:

--Amends the definition of "mortgage broker," and expressly exempts certain persons from the Mortgage Brokers Law *only with respect to* business engaged in or authorized by their charter, license, authority, approval, or certificate;

--Revises what information is required to be included in an application for a certificate of registration as a mortgage broker, including designation of an operations manager and past criminal acts;

--Prohibits any person from acting as a loan officer without first having obtained a license from the Superintendent of Financial Institutions;

--Specifies that application and renewal fees are nonrefundable, and provides for a penalty and possible cancellation of a certificate of registration or license if a check or other draft instrument used to pay the fees is returned to the Superintendent for insufficient funds;

--Establishes examination and continuing education requirements for loan officers and persons designated to act as operations manager for a mortgage broker business;

--Provides that every person that acquires or otherwise receives an ownership interest in a registrant is subject to the Mortgage Brokers Law;

--Increases the amount of the surety bond that must be obtained by a registrant, and specifies that the bond is for the exclusive benefit of any buyer injured by a violation of the Mortgage Brokers Law by an employee, licensed loan officer, or registrant;

--Requires a registrant, within three business days after taking an application for a loan, to deliver to the buyer a mortgage loan origination disclosure statement that contains specified information;

--Prohibits a registrant from failing to: (1) maintain a special account, (2) deposit into the special account any bona fide third-party fees the registrant receives, and (3) pay the fees to the bona fide third party from the registrant's special account;

--Makes changes with respect to disclosures in advertising, retention of records, and confidentiality of information;

--Modifies the prohibitions and criminal penalties established in the Mortgage Brokers Law, expands their application, and adds additional prohibitions;

--Expands the violations that are subject to disciplinary action by the Superintendent, and extends the application of this provision to include loan officer licensees.

Exempts certain cottage food production operations and processors of limited amounts of maple syrup, sorghum, and honey from regulation as food processing establishments and licensure as retail food establishments.

Requires the exempt food production operations and processors of maple syrup, sorghum, and honey to label their products.

Provides that all food products are subject to food sampling by the Director of Agriculture to determine whether a product is misbranded or adulterated.

Exempts a farm market, farmers market, or farm product auction from the requirement to be licensed as a retail food establishment if it is registered with the Director, and requires the Director to inspect each registered entity.

Eliminates the retail food establishment licensing requirement that applies to persons and public entities that sell over-the-counter drugs, nutrients used in lieu of pharmaceuticals, and dietary supplements.

Modifies preexisting exemptions from the requirement to be licensed as a retail food establishment, and creates additional exemptions.

Exempts a private home from the requirement to be licensed as a food service operation if not more than 115 meals per week are served to paying guests on the premises of that home or not more than 20 full meals or meal components are served per week for a charge to persons off the premises of that home.

Limits certain costs that may be included in calculating the fees charged for issuing licenses to retail food establishments and food service operations.

Requires a board of health to pay a daily fine and ultimately reduce its licensing fees by 20% if it fails to provide the Directors of Agriculture and Health a timely report on its annual licensing fee calculations.

Requires a board of health that has overcharged for retail food establishment or food service operation licenses to reduce its next annual licensing fees by the overcharged amount.

Creates a licensing category for mobile retail food establishments.

Requires the Directors of Agriculture and Health to issue binding letters of opinion on the Ohio Uniform Food Safety Code when recommended by the Retail Food Safety Advisory Council as the result of comments or requests received from the public.

Permits a board of health to withdraw from acting as the licensor of retail food establishments or food service operations, and establishes procedures for appointing an alternative licensor.

Requires the membership of each board of health to include at least one individual who represents the business activities that are licensed by the board.

Establishes in each health district a health district licensing council comprised of representatives of each licensed activity, and makes the council responsible for selecting the board of health member who represents the activities that are licensed by the board.

Effective date: October 31, 2001

Allows various actions relating to the titling of, and the creation--perfection, discharge, and cancellation of security interests in, motor vehicles, off-highway motorcycles, all-purpose vehicles, watercraft, and outboard motors to be completed by electronic means in addition to the methods authorized by continuing law.

Requires the Registrar of Motor Vehicles to appoint certain motor vehicle dealers, off-highway motorcycle dealers, and all-purpose vehicle dealers as electronic motor vehicle dealers or electronic dealers.

Requires the issuance of a physical certificate of title to a motor vehicle, off-highway motorcycle, all-purpose vehicle, watercraft, or outboard motor unless the applicant specifically requests an electronic certificate of title.

Permits electronic motor vehicle dealers and electronic dealers to print non-negotiable evidences of ownership under certain circumstances, including an authorization from a clerk of a court of common pleas.

Permits the owner of a motor vehicle, off-highway motorcycle, all-purpose vehicle, watercraft, or outboard motor to apply at any time to a clerk of a court of common pleas for a non-negotiable evidence of ownership if an electronic certificate of title previously was issued.

Allows the Registrar to use money from the Automated Title Processing Fund, in accordance with appropriations made by the General Assembly, to pay expenses related to implementing the act.

Allows electronic motor vehicle dealers, electronic dealers of off-highway motorcycles and all-purpose vehicles, and vendors of watercraft and outboard motors to file certificate of title applications electronically with the clerk of a court of common pleas, with the dealer or vendor being required to forward the actual paper application and associated sale documents to any clerk of a court of common pleas within 30 days after the certificate of title is issued.

Requires the Registrar, for motor vehicle, off-highway motorcycle, and all-purpose vehicle title information, and the Chief of the Division of Watercraft in the Department of Natural Resources, for watercraft and outboard motor title information, to enable the public to access via electronic means and in accordance with rules adopted pursuant to the Administrative Procedure Act applicable title information that is in an electronic format at the time of a request for access with no fee being charged for the access.

Requires clerks of courts of common pleas to have the capability to transact by electronic means all procedures and transactions relating to the issuance of watercraft, outboard motor, motor vehicle, off-highway motorcycle, and all-purpose vehicle certificates of title that the Revised Code describes as being accomplished by electronic means.

Modifies former law's provisions pertaining to the creation--perfection, discharge, and cancellation of security interests in motor vehicles, off-highway

motorcycles, all-purpose vehicles, watercraft, and outboard motors to reflect instances when a physical certificate of title exists and does not exist.

Establishes seven business days after good funds in the correct amount to fully discharge the security interest have been credited to an account of the holder of a security interest that is reflected on a physical certificate of title, provided that the holder has been provided specified information, as the time period within which the holder must convey the certificate or a specified sworn statement to the clerk of a court of common pleas to have the security interest cancelled prior to the certificate's delivery to the owner of a motor vehicle, watercraft, or outboard motor, and sets late fees for the failure of a holder under certain circumstances to convey a certificate of title with a notation of a discharged security interest on it, or a specified affidavit and payment, to a dealer within seven business days after good funds in the correct amount to fully discharge the security interest have been credited to an account of the holder.

Requires a motor vehicle dealer or a motor vehicle leasing dealer obtaining a certificate of title in the name of a purchaser, when a security interest is to be noted on the certificate of title, to submit the application for the certificate of title, along with payment of the applicable tax, to a clerk of a court of common pleas within seven business days after the later of: (1) the delivery of the motor vehicle to the purchaser or (2) the date the dealer or leasing dealer obtains the manufacturer's or importer's certificate, or certificate of title issued in the dealer's or leasing dealer's name, for the motor vehicle; establishes late fees in favor of the secured party for the failure of a dealer or leasing dealer to apply for the certificate of title within the required seven business days; and requires dealers and leasing dealers to forward such a certificate of title to the secured party at a specified location after receiving it, with the notation of the security interest, from a clerk.

Requires motorized bicycle dealers and licensed motor vehicle dealers to notify the Registrar, within 48 hours of the issuance of a temporary license placard, by electronic means via computer equipment purchased and maintained by the dealer or in another manner the Registrar prescribes.

Retains various statutory requirements that motor vehicle, off-highway motorcycle, all-purpose vehicle, watercraft, and outboard motor certificate of title applications be notarized, but limits their applicability to casual sales.

Continues authority for a clerk of a court of common pleas to no longer retain on file, after seven years, current motor vehicle, manufactured or mobile home, off-highway motorcycle, or all-purpose vehicle certificate of title documents and supporting evidence and, after five years, inactive similar records.

Repeals former law's requirements: (1) that a clerk retain all active records and an index to them in the database of the computer in the clerk's office, and (2) that a clerk retain in that database a record and index of all inactive motor vehicle, off-highway motorcycle, or all-purpose vehicle certificates of title for ten years and a record and index of all inactive titles for manufactured and mobile homes for 30 years.

Allows a motor vehicle owner to apply for, in addition to renewing as under continuing law, a motor vehicle registration by electronic means using an electronic signature.

Allows an applicant to present an electronic certificate of title for inspection at the time of first registration of a motor vehicle, off-highway motorcycle, or all-purpose vehicle, in lieu of a physical certificate of title as required under former law, in a manner the Registrar prescribes by rule.

Permits the official issuing a certificate of registration of a motor vehicle, off-highway motorcycle, or all-purpose vehicle under the latter circumstances to indicate the issuance with an electronic stamp or other notation that is associated with the electronic certificate of title as specified in the Registrar's rules.

Requires the Registrar to establish, by rule, a pilot program to appoint limited authority deputy registrars, who may include clerks of courts of common pleas.

Provides that each limited authority deputy registrar appointed: (1) may conduct only initial and transfer motor vehicle registration transactions via electronic means, and VIN inspections, in a manner approved in the rules that the Registrar adopts, (2) is entitled to collect and retain a fee of \$2.75 until January 1, 2003, \$3.25 commencing on that date, and \$3.50 commencing on January 1, 2004, for each transaction or physical inspection that the limited authority deputy registrar conducts, and (3) must collect all fees and taxes that are required by law and related to these transactions or inspections in a manner approved by the Registrar.

Requires all such fees retained by a clerk of a court of common pleas for conducting transactions or physical inspections as a limited authority deputy registrar to be paid into the county's certificate of title administration fund.

Requires the Registrar to make recommendations, not later than 24 months after the effective date of the act's pilot program provisions, to the Governor, Speaker of the House of Representatives, and President of the Senate regarding the success of the pilot program and the feasibility of establishing a permanent system of limited authority deputy registrars.

For a three-year period, allows the Registrar to designate as a deputy registrar, via a contract, a clerk of a court of common pleas of a county with a population of 40,000 or less according to the last federal census.

Requires all fees that such a clerk receives in the capacity of deputy registrar to be paid into the county's certificate of title administration fund.

Allows each deputy registrar, with the prior approval of the Registrar, to conduct at the location of the deputy registrar's office any business that is consistent with the functions of a deputy registrar and that is not specifically mandated or authorized by statute or implementing rules of the Registrar.

Allows an application for a certificate of title for a motor vehicle, off-highway motorcycle, all-purpose vehicle, watercraft, or outboard motor to be filed with the clerk of any court of common pleas rather than only with the clerk of the county in which the applicant resides or of the county in which the transaction is consummated as was required by former law, and further authorizes any clerk to perform certain other actions relating to certificates of title that former law permitted only the clerk of the county in which the last certificate of title was issued to perform.

Requires the clerk of a court of common pleas who issues a certificate of title to, or enters a notation of the existence or cancellation of a security interest relating to, a motor vehicle, off-highway motorcycle, all-purpose vehicle, watercraft, or outboard motor of a resident of another county to transmit data related to that transaction to the Automated Title Processing System.

Prohibits a clerk of a court of common pleas, in relation to motor vehicle, off-highway motorcycle, all-purpose vehicle, watercraft, and outboard motor certificates of title, from retaining a poundage fee from payments of taxes by persons who do not reside in the clerk's county.

Allows a clerk of a court of common pleas to retain, however, from taxes paid to the clerk an amount equal to the poundage fees associated with certificates of title issued by other clerks of courts of common pleas to applicants who reside in the first clerk's county, and requires the Registrar or the Chief of the Division of Watercraft, in consultation with the Tax Commissioner and the clerks of the courts of common pleas, to develop a report from the Automated Title Processing System that informs each clerk of the amount of the poundage fees that the clerk is permitted to retain from the taxes when certificates of title are issued by the clerks of other counties to applicants who reside in the first clerk's county.

Increases the statutory amount of certain poundage fees that a clerk of a court of common pleas could retain under former law, in relation to a watercraft,

outboard motor, or motor vehicle certificate of title, from 1% of the taxes collected to 1.01% of the taxes collected, and requires that the fees be paid into the county's certificate of title administration fund.

Adds to the continuing forms of payments (cash or certified check, draft, or money order) that must be accepted by a clerk of a court of common pleas when taxes are paid in relation to a motor vehicle, etc. certificate of title application: (1) cashier's checks and (2) teller checks issued by any insured financial institution.

For a period of three years, requires the Registrar to make monthly payments from the Automated Title Processing Fund to any clerk of a court of common pleas who certifies in a prescribed manner a net revenue loss for an applicable reporting period that is attributable to the act's implementation, which payments must be in the amount of 100% of the clerk's certified net revenue loss for the applicable reporting period during the first year of payments, 75% of the clerk's certified net revenue loss for the applicable reporting period during the second year of payments, and 50% of the clerk's certified net revenue loss for the applicable reporting period during the third year of payments.

Requires the Registrar and the Chief of the Division of Watercraft to implement to the maximum extent practicable all applicable provisions of the act by no later than nine months after their effective date.

Requires the Legislative Service Commission to study the act's effect on customer service in the issuance of certificates of title and the act's fiscal impact, including, but not limited to, the impact on the collection of state and local permissive sales and use taxes and on balances in county certificate of title administration funds.

Authorizes the Commission, in conducting the study, to seek the assistance of state agencies, political subdivisions, and organizations such as the County Commissioners Association of Ohio, Ohio Clerk of Courts Association, and Ohio Automobile Dealers Association.

Requires the Commission to complete the study not later than February 15, 2003.

Permits the creation of any trust, rather than just a testamentary trust, to provide funding for supplemental services for certain beneficiaries with physical or mental disabilities.

Prohibits the termination or revocation of such a trust without payment of a certain amount into the Services Fund for Individuals with Mental Illness or the Services Fund for Individuals with Mental Retardation and Developmental Disabilities once trust funds are disbursed on behalf of the beneficiary.

Subject to specified conditions, generally provides that such a trust that confers certain discretion upon the trustee is not an asset or resource of the beneficiary, the beneficiary's estate, the settlor, or the settlor's estate and is exempt from creditors' and other claims against the beneficiary, the beneficiary's estate, the settlor, or the settlor's estate.

Applies the act's provisions in determining the assets or resources of a recipient of medical assistance who is a beneficiary of that type of trust, the recipient's estate, the settlor, or the settlor's estate and to claims under the Medical Assistance Programs Law against the recipient, the recipient's estate, the settlor, or the settlor's estate.

Applies the act's provisions in determining the assets or resources of a patient or resident of a welfare institution or facility who is a beneficiary of that type of trust, the patient's or resident's estate, the settlor, or the settlor's estate for purposes of determining ability to pay and to claims under the General Welfare Institutions Law against the patient or resident, the patient's or resident's estate, the settlor, or the settlor's estate.

Shifts the focus of the general ban against the "use" of foreign steel in public improvement projects to a ban against "purchasing or providing" such steel.

Requires the Director of Administrative Services to investigate possible violations of the general ban against purchasing or providing foreign steel in public improvement projects.

Requires all bid specifications and notifications between all parties to a public improvement contract to contain a notice provision.

Authorizes the Attorney General to commence a civil action against violators of the ban.

Creates a defense for persons who purchase steel products in violation of the ban.

Creates a civil penalty for violators of the ban, and requires that the penalty money be deposited in the general fund of the school district and the joint vocational school district where the violation occurred.

Authorizes the Director of Administrative Services to waive the steel usage and supply requirement entirely for public bridge projects under specified conditions.

Limits the definition of "steel products" to include only steel used for load-bearing structural purposes.

Modifies the manner in which the ban applies to public improvements.

Applications and determinations regarding unemployment compensation benefits

Removes the exemption from mass layoff notification requirements for employers who separate a total of 50 or more individuals at two or more business establishments, thereby requires those employers to notify the Director of Job and Family Services of the dates of separation and the number of individuals being separated, and requires those employers to provide the Director or individual with information necessary to determine eligibility.

Permits the Director to request information for a determination of benefit rights from an individual claimant and any employer.

Allows the Director to base determinations on information available instead of facts found through a formal fact-finding procedure.

Adds a new condition under which the Director must issue a corrected determination if a previous determination was erroneous, and modifies previous limitations concerning conditions under which the Director was not permitted to issue a corrected determination.

Establishes criteria for use by the Director in the Director's evaluation of the validity of employer eligibility notices.

Allows applicants for unemployment benefits the right to respond to an employer's eligibility notice before the Director makes a determination.

Allows a claimant to request a fact-finding interview when eligibility issues are raised by an informant or source other than the claimant or if an adverse determination would disqualify the claimant for the duration of unemployment.

Makes employers who timely file eligibility notices interested parties to a claim instead of barring employers who fail to timely file from being interested parties.

Eliminates the requirement that specified notices be mailed, and allows instead that they be "sent" in writing, thus not specifying the means of transmission.

Modifies certain notification requirements.

Administrative appeals process regarding unemployment compensation benefits

Establishes an affirmative duty for hearing officers of the Unemployment Compensation Review Commission to fully and fairly develop the record when conducting a hearing.

Specifies that if the Commission mails a decision, the date of the mailing is sufficient evidence that the decision was provided by the Commission on that date.

Authorizes the use of meter postmarks on mailed appeals, and extends the appeal deadline an additional two days when postmark dates are illegible or missing.

Authorizes the Commission to adopt rules pertaining to alternate methods of filing appeals.

For hearings conducted under the Commission's jurisdiction, prohibits the imposition of a burden of proof on claimants or employers as is required by courts of law.

Eliminates a specific requirement that the Commission adopt rules governing the conduct of hearings by telephone.

Specifies the parameters of the Commission's jurisdiction over appeals.

Eliminates the prohibition of further appeals placed on appellants who failed to appear for a hearing.

Allows an appellant to request a hearing regarding good cause for failing to appear when the Commission finds that failure to appear was not for good cause.

Clarifies that the Unemployment Compensation Law's provisions relative to telephone hearings, failure to appear, waiver of hearings, and evening hearings apply to hearings at both the hearing officer and review levels.

Requires the Commission to schedule hearings by telephone during evening hours when a request for an evening hearing conflicts with a request for an in-person hearing.

Modifies methods by which an appeal may be removed to the review level, and modifies actions the Commission may take in response to a request for review.

Establishes a mass appeal provision, covering a minimum of five pending appeals with common facts or issues, for hearings at the review level by the Commission.

Permits an authorized agent who represents a group of claimants in a mass appeal to receive a notice of hearing on behalf of claimants and to waive the requirement to provide hearing notices and hearing decisions to individual claimants represented by the agent.

Allows interested parties an opportunity to submit briefs to the Commission on issues involved in an appeal that the Commission has designated as potentially precedential, and modifies other requirements relative to appeals that may potentially establish precedent.

Appeals of administrative decisions to court

Requires courts to provide for the filing of briefs by the parties.

Eliminates a provision specifying that failure of an appellant to take any step other than timely appeal filing was grounds only for action that the court deemed appropriate, including dismissal of the appeal.

Modifies provisions regarding the status of the Director and Commission being interested parties in an appeal to the court of common pleas.

Requires the clerk of court to serve a copy of the notice of appeal on all appellees instead of requiring the appellant to do so by certified mail.

Modifies the deadline placed on the Commission for filing certified transcripts pertaining to a decision with the clerk of court, and requires the Commission to provide a copy of the transcript to any appellee who requests it.

Eliminates a requirement that an appellant file a statement of the assignments of error presented for review within 60 days of filing the notice of appeal with the court.

Eliminates an express statement that any interested party had the right to appeal the decision of the court of common pleas as in civil cases.

Permits a court of common pleas to remand a matter to the Commission for further proceedings under specified conditions.

Eliminates a provision requiring the court of common pleas to dismiss an appeal when it determined that the time for filing could not be extended pursuant to the continuing extension provisions.

Modifies the collateral estoppel rule and res judicata effect relative to the findings and decisions of reviewing courts for appeals under the Unemployment Compensation Law.

Other changes in the Unemployment Compensation Law

Reorganizes the application and appeal provisions of the Law.

Eliminates a provision specifying that reconsideration provisions applied to orders and determinations issued under the fraudulent misrepresentation provisions.

Requires that the information formerly submitted to the Director by employers in two separate quarterly reports be merged into one report,

correspondingly modifies the threshold parameters for forfeiture penalties for late and improper filing of quarterly reports, and makes other revisions concerning these forfeiture penalties.

Requires that an employer requesting a waiver of forfeiture provide a written statement showing good cause for failure to timely file a quarterly report within four years after the date the forfeiture penalty was assessed.

Specifies that for purposes of the Unemployment Compensation Law, determinations concerning the employment of deputy registrars and their employees must be made under that Law, notwithstanding a provision specifying that they are independent contractors.

Permits a delay in changes due to take effect in 2002 relative to the criteria used in determining the validity of an application.

Provides that any amendment of the regulations, amended or new regulations, or amendment of the articles that would change or eliminate the classification of directors of an issuing public corporation whose directors are classified must be adopted by the shareholders only at a meeting held for that purpose, by the affirmative vote of holders of shares entitling them to exercise the corporation's voting power that is required under continuing law, and also by the affirmative vote of the holders of a majority of disinterested shares voted on the proposal.

Restricts the shareholders' right to remove classified directors of an issuing public corporation to removal for cause.

Specifies that securities, contracts, warrants, or instruments that evidence options to subscribe for or to purchase shares of any authorized class may contain conditions on the exercise or *redemption* of the options, and specifies when a condition's preclusion of the holder or holders of at least a specified number or

percentage of the outstanding common shares from exercising or *redeeming* options applies.

Effective date: October 23, 2001; Sections 1 and 2 effective July 24, 2002

Revises the statutes that require health insurers and other third-party payers of health services to make prompt payments to health care providers (prompt pay law).

Eliminates a statutory provision that generally established prompt payment as being within 24 days after a third-party payer received a complete claim for payment of health services rendered, and, in place of that provision, does all of the following:

- Requires generally that a claim be paid or denied not later than 30 days after the third-party payer receives the claim;
- Requires, if there are material deficiencies in the claim, that the third-party payer provide notice of the deficiencies not later than 15 days after receipt of the claim;
- Provides, if supporting documentation is needed to establish the third-party payer's responsibility to pay the claim, all of the following: (1) the claim must be paid or denied not later than 45 days after receipt of the claim, (2) requests for supporting documentation must be made not later than 30 days after receiving the claim, and (3) the number of days between the third-party payer's request for supporting documentation and the payer's receipt of all requested documentation are not to be counted in determining whether the third-party payer is in compliance with the 45-day time period;
- Establishes a presumption that mailed claims are received five business days after being mailed and that electronic claims are received 24 hours after being submitted;
- Requires, under a capitated payment arrangement with a primary care provider, that payments begin not later than 60 days after the date that the beneficiary selects or is assigned to the provider;
- Establishes procedures for processing a claim that is submitted late because the claim was initially submitted to an incorrect third-party payer;

--Establishes procedures for recovering overpayments to providers and requires that the recovery process be initiated not later than two years after payment was made;

--Provides that a properly made payment is considered final after two years.

Eliminates a provision that allowed a third-party payer and health care provider to enter into a contractual agreement under which payments could be made within time periods that were longer than the time periods specified in the prompt pay law.

Requires a third-party payer to establish a system whereby a health care provider or a beneficiary may obtain information on the status of a claim.

Requires a third-party payer that fails to process a claim within the appropriate time periods to pay interest at an annual percentage rate of 18%.

Prohibits a third-party payer from unfairly or unnecessarily delaying the processing of a claim.

Prohibits a third-party payer from retaliating against a provider or beneficiary who files a complaint against the third-party payer.

Allows the Superintendent of Insurance to impose administrative penalties against a third-party payer if the Superintendent identifies a consistent pattern or practice of violating the prompt pay law.

Extends the prompt pay law to health care providers that are not subject to licensure by the state as long as the providers are entitled to reimbursement by a third-party payer.

Limits the prompt pay law to claims submitted electronically to a third-party payer beginning six months after federal law initially requires the third-party payer to comply with regulations for the electronic exchange of health information.

Effective date: Because a referendum petition was filed on October 25, 2001, with the Secretary of State, as permitted under the Ohio Constitution, its taking effect is uncertain pending outcome of the referendum effort.

Revises former or enacts new standards for the approval of municipal annexations, procedures applicable to municipal annexations, and statutory schedules of payments to be made to townships for the loss of tax revenues as a

result of municipal annexations; establishes shorter special annexation procedures that will be available under limited conditions; and makes other changes in the Municipal Annexation Law, including, but not limited to, those summarized below.

Provides for three special annexation procedures when all property owners sign an annexation petition.

Requires an annexing municipal corporation to adopt a statement specifying which services will be provided to the territory it annexes and the approximate date by which those services will be provided.

Permits a board of township trustees to appropriate funds for any expense it considers necessary related to any potential or pending annexation.

Permits participation of a board of township trustees in annexation proceedings.

Permits a board of township trustees, the agent for the petitioners, an owner of real estate in the territory proposed for annexation, and the legislative authority of the municipal corporation to which annexation is proposed or their representatives to present evidence, examine witnesses, and/or comment on all evidence, including affidavits presented to a board of county commissioners, at an annexation hearing.

Authorizes a board of county commissioners to charge fees in regard to annexation proceedings and to issue subpoenas in regard to regular, not special, annexation proceedings.

Requires a board of county commissioners to issue findings as to whether specified conditions have or have not been met with respect to a proposed annexation.

Permits a board of county commissioners to use its discretion in making its findings as long as they are based on "a preponderance of the substantial, reliable, and probative evidence on the whole record" of an annexation hearing.

Establishes special shortened annexation procedures to be followed when a municipal corporation petitions to annex certain government-owned land.

Changes the process for appealing the decision of a board of county commissioners granting or denying an annexation petition.

Provides for annexation agreements between townships and municipal corporations, and specifies matters that those agreements may include.

Changes payments for the loss of tax revenue made by a municipal corporation to a township from which territory is annexed following annexation, and provides that those payments must be made only if the municipal corporation excludes the annexed territory from the township.

Enacts special provisions for the division of inside millage between an annexing municipal corporation and a township whose territory is annexed during the time when the annexed territory is not excluded from the township.

Makes other changes to the Municipal Annexation Law.

Allows a real estate broker not licensed in Ohio, but licensed in another state, to transact business on commercial property in Ohio in cooperation with an Ohio licensed real estate broker under specific conditions.

Allows a real estate salesperson not licensed in Ohio, but licensed in another state, subject to limitations, to perform those acts that otherwise require a real estate salesperson license in Ohio with respect to commercial property.

Permits licensed real estate brokers to pay the compensation earned by affiliated licensees to certain types of business entities under specified conditions, but prohibits such compensation from being paid to third-party creditors.

Permits an owner of foreign real estate to receive compensation for referring a prospective buyer to the person who sold the owner that foreign real estate when the real estate qualifies as foreign real estate under law and when the following are true: any compensation promised or collected does not exceed \$1,000 in a 12-month period, the owner does not engage in referrals as part of an ordinary business practice, the owner is not involved in negotiating the transaction, and there is full disclosure of the owner's referral.

Authorizes the Superintendent of Real Estate to investigate, and the Ohio Real Estate Commission to penalize, persons who operate without a license.

Adds that the existing disciplinary provisions regarding the payment of commissions and referral fees for real estate brokers and salespersons also apply to any person not operating properly as an out-of-state commercial real estate broker or salesperson.

Adds that a licensee may be disciplined for authorizing or permitting a person to act as an out-of-state commercial real estate broker or salesperson when that person does not qualify to do so under law.

Requires the Ohio Real Estate Commission to adopt rules to implement a three-year license and renewal system for real estate salespersons and brokers by not later than January 1, 2004, and, upon implementing the triennial schedule, to adjust fees accordingly without increasing the pre-existing rate.

Public Employees Retirement System

Provides, with certain exceptions, that a person receiving a retirement allowance from the Public Employees Retirement System who returns, during the term in which retirement occurred or the immediately following term, to the elective office held at the time of retirement forfeits the pension portion of the allowance while holding that office.

Provides that the forfeiture does not occur if the retirant: (1) was not retired at the time of election to the current term and, not less than 90 days prior to the election for the term, filed with a board of elections a written declaration of intent to retire before the end of the term, (2) had been retired for at least 90 days at the time of election for the current term, or (3) notified the person or entity appointing the retirant to the current term, at the time of appointment, that the retirant was already retired or intended to retire before the end of the term.

Repeals a law under which an elective official who previously forfeited the pension portion of the retirement allowance could elect to cease to be subject to the forfeiture.

Alternative retirement plans for certain higher education employees

Subjects employee contributions to a higher education alternative retirement plan to county, municipal, and other local taxes.

Effective date: February 1, 2002

Changes the method by which annual cost of living allowances (COLAs) are calculated for persons receiving them from Ohio's state retirement systems.

Provides that, instead of a percentage based on an increase in the Consumer Price Index, the percentage used to calculate each COLA is 3%.

Substitutes an annual 3% increase for the COLA in benefits paid to surviving children and certain dependent parents of members of the Ohio Police and Fire Pension Fund (OP&F).

Permits a township to establish a Public Employees Retirement System retirement incentive plan for a township department rather than only for the township as a whole.

Requires OP&F to pay monthly survivor benefits to surviving spouses of members of former local police and firemen's pension funds whose survivor benefits were terminated or never paid due to remarriage prior to the creation of OP&F.

Makes surviving spouses of members of former local police and firemen's pension funds eligible for benefits from the Ohio Public Safety Officers Death Benefit Fund if the members were firefighters or police officers killed in the line of duty.

Moves full-time regional transit authority police officers and state highway patrol police officers from coverage under the regular Public Employees Retirement System (PERS) age and service retirement provisions to coverage under those for law enforcement officers.

Permits a PERS member with 25 years of service as a PERS law enforcement officer to retire with full benefits at age 48 if the member's primary duties were to preserve the peace, protect life and liberty, and enforce the laws in the member's jurisdiction.

Provides that the age for full retirement for a PERS law enforcement officer whose duties were *other* than to preserve the peace, protect life and liberty, and enforce the laws in the member's jurisdiction is 52.

Maintains the age for full retirement for Hamilton County municipal court bailiffs at 52.

Establishes at 10.1% the employee contribution rate for PERS law enforcement officers who contribute toward retirement with full benefits at age 48.

Makes PERS members contributing toward retirement at age 48 eligible for interest and an additional amount from the Employers' Accumulation Fund when taking a refund of accumulated contributions.

Provides that a qualified survivor of a deceased PERS member who was a law enforcement officer or Hamilton County municipal court bailiff may be

eligible for monthly survivor benefits regardless of the amount of the member's service credit or when it was earned.

Vetoed: December 6, 2001

The act was vetoed by the Governor. It would have done all of the following:

Enacted the Ohio-Kentucky Olympic Coordination Authority Compact, which would have taken effect if Cincinnati had been awarded the 2012 Olympic Games and Kentucky and Cincinnati had enacted similar versions of the Compact.

Prescribed the format and wording of the Compact.

Required that the Ohio-Kentucky Olympic Coordination Authority (OKOCA) oversee the local Organizing Committee for the Olympic Games (OCOG), which would have been formed if Cincinnati had been selected as the Host City.

Required the OKOCA and OCOG to accept liability for net operating deficits of the OCOG or the Games by providing a financial guarantee of up to \$400 million, which would have been covered in part by a commercial insurance policy with at least \$200 million coverage that was approved by the OKOCA.

Required the state of Ohio to provide for depositing, into the Olympic Games Account, a portion of net new tax revenues generated from the Games.

Effective date: June 26, 2001; Sections 4, 5, 6, and 7 effective March 27, 2001

Authorizes governmental aggregation for competitive retail natural gas services pursuant to statutory processes allowing such aggregation with the prior consent of a customer or allowing customers to opt out prior to the aggregation.

Recognizes "retail natural gas suppliers" and "competitive retail natural gas services" for purposes of state regulation, including regulation under energy emergency and telemarketing laws.

Requires governmental aggregators that aggregate under the act and retail natural gas suppliers to be certified by the Public Utilities Commission to provide a competitive retail natural gas service, and subjects them to Commission-prescribed minimum service requirements.

Establishes a procedure whereby a natural gas company may file an application with the Commission to recover incremental costs incurred in connection with the suspension, rescission, conditional rescission, or continuance of a retail natural gas supplier's certification.

Permits a natural gas company to file with the Commission to recover capacity and commodity costs incurred on behalf of customers that take commodity sales service from a different company.

Authorizes the Commission, upon application of a governmental aggregator or retail natural gas supplier, to require a natural gas company having 15,000 or more customers in Ohio to provide distribution service on a fully open, equal, and nondiscriminatory basis to certain customers within a specified area if the provision of that service is in the public interest.

Requires governmental aggregators and retail natural gas suppliers to act in good faith with a natural gas company regarding aggregation issues, and authorizes either party to petition the Commission to resolve those issues.

Exempts from the act's requirements any arrangement or other contract to supply or arrange for the supply of commodity sales service or ancillary service to an Ohio consumer that was entered into prior to the effective date of initial certification rules adopted by the Commission under the act.

Exempts from the act's requirements existing community aggregation programs that meet certain qualifications.

Makes it Ohio's policy to facilitate additional choices for the supply of natural gas for residential consumers, including aggregation, and directs the Commission to follow this policy in carrying out the act.

Transfers from the Consumers' Counsel to the Attorney General certain investigative and enforcement authority with respect to natural gas transactions that are subject to the Consumer Sales Practices Act.

Excludes a governmental aggregator and retail natural gas supplier from, and specifies that a producer or gatherer of natural gas is not a public utility for purposes of, the public utility excise tax and public utility tangible personal property tax laws.

Appropriates \$20 million for FY 2001 for Project THAW to provide to certain low-income customers a one-time heating assistance benefit of 50% of one heating bill, not to exceed \$250.

Increases the FY 2001 appropriation for the Home Energy Assistance Block Grant from \$55 million to \$75 million.

REVISED CODE SECTIONS AFFECTED

Listed below are all sections* of the Revised Code actually affected by acts of the 124th General Assembly during 2001. Most listed sections were amended, enacted, repealed, suspended, repealed and reenacted using the same section number. But some sections were renumbered. In these cases, the old number and the new number are listed separately. The new number also appears in parentheses underneath the old number.

*Some sections that were affected by bills are not listed and some sections, although listed, do not show all of the actions affecting them. Excluded from the list are sections with sunsets (future repeals) and sections for which the amendment, enactment, repeal, or reenactment has been postponed to a later date by legislation enacted during 2001. The list also excludes sections vetoed in full by the Governor and, though none in 2001, sections nullified by referendum. Am. Sub. S.B. 5 is included, but because a referendum petition was filed, its taking effect is uncertain pending the outcome of the referendum effort.
