

Ohio's Occupational Licensing and Regulatory Boards

Fiscal Year 2000

*A Report by the Legislative Service Commission
Sean S. Fouts, Budget Analyst*

Executive Summary

This report contains information on the financial situation of all boards, commissions and agencies that regulate occupations and professions, as defined in Ohio Revised Code section 4743.01. The individual boards provided information for this report.

Most of the Occupational Licensing and Regulatory Boards listed in this report deposit funds into the Occupational and Professional Licensing Fund, better known as Fund 4K9. The Office of Budget and Management reports that Fund 4K9 has a substantial positive balance and will operate with a healthy surplus for some time.

The Ohio Athletic Commission, the Board of Barber Examiners and the Ohio Board of Dietetics are the only boards using moneys from Fund 4K9 that reported a loss both in FY1999 and in FY2000. For the Ohio Athletic Commission, in FY1999 its operating deficit was \$117,258 and in FY2000 the deficit was \$121,821. The Board of Barber Examiner's deficits for the fiscal years were, respectively, \$225,403 and \$336,285. The Ohio Board of Dietetics had a deficit of \$187,484 in FY1999 and \$223,769 in FY2000.

Four other boards using money from Fund 4K9 have reported a loss in either FY1999 or FY 2000 resulting in a net loss for the two years covered by this report. These boards are the State Board of Cosmetology (\$282,294 operating deficit), the State Board of Psychology (\$68,031 operating deficit), the Veterinary Medical Board (\$26,398 operating deficit) and the State Board of Sanitarian Registration (\$381 operating deficit).

Introduction

Ohio's Occupational Licensing and Regulatory Boards

Ohio's occupational and licensing boards monitor, license, and regulate selected occupations and professions. Many of the regulated professions provide services in technical and specialized fields such as nursing, medicine, and engineering, in which the failure to meet minimum standards could be dangerous or costly. The boards help to ensure the health, safety, and welfare of the public by ensuring the professionals who practice in these fields meet certain standards.

To fulfill the requirements of Section 103.13 of the Ohio Revised Code, the Legislative Service Commission prepares this report annually to evaluate the extent to which these state boards and commissions are financially self-supporting. This report provides a summary of the financial activities and some of the legislative changes that took place during FY2000 (July 1, 1999 through June 30, 2000). The information in this report is divided into three main sections that are described below.

General Information – Section one begins with a description of the functions of each licensing or regulatory board, followed by a brief description of any legislation that became effective in FY2000 that would affect any of the boards. This section also contains a table of general information, such as staffing levels and renewal cycles for each board.

Active Licenses – Section two lists the total number of active licenses for each board for this fiscal year and the previous fiscal year. The change in the total number of licenses from the last fiscal year to this fiscal year is also calculated.

Revenues and Expenditures – The final section contains information on the revenues and expenditures for each board for fiscal years 1999 and 2000. This information is separated by the renewal cycles for each board. Many of the boards renew licenses biennially and, therefore, receive the bulk of their fee revenues every other year. The table contains information on both Fund 4K9 revenues and expenditures and any non-Fund 4K9 revenues and expenditures. The table also shows the changes in both revenues and expenditures from FY1999 to FY2000 and the net gain for the two fiscal years combined.

Finally, the appendix lists the name of each board's chief administrator and the board's address and phone number.

Revenues and Expenditures

Information in this section is divided based on each agency's renewal cycle. The boards included in this report renew licenses on a triennial, biennial or annual basis.

Agencies with a Triennial Renewal Cycle

Accountancy Board of Ohio operates from two state funds, the 4K9 and the 4J8 Funds. The board's license revenues and the board's operational expenditures are included the 4K9 fund. Monies from the 4J8 Fund come from fees paid by licensees and are used for the board's scholarship program. The 4J8 Fund was created as a result of FY1993 legislation that increased the basic education requirements an individual must meet to become licensed as a Certified Public Accountant. The first disbursement from the 4J8 Fund was in FY1998.

The Accountancy Board has been running large surpluses in the 4K9 Fund for the past several years. Beginning in FY1999, the Accountancy Board reduced its fees so that fee revenues will more closely match Board expenditures.

The Board of Building Standards uses the 4K9 Fund to collect license fees for Electrical Safety Inspectors. In FY1999, the Board received \$10,335 in revenues and spent \$10,335 in expenses. In FY 2000, the Board received \$9,685 in revenues and spent \$9,685 in expenses.

Agencies with a Biennial Renewal Cycle

Many of the boards renew their licenses on a biennial cycle. Because of this, each board receives the bulk of its licensing revenue every other year. A board may run a deficit in its "off" year that will be eliminated during its renewal year. The two-year renewal cycle must be analyzed to determine if a board is financially self-sufficient. Data on the following page contains information on the boards with a biennial renewal cycle.
