CAP-702 Central Office Building Renovations **\$2,000,000**

Category: Renovation/Replacement

County: Franklin

These funds will be used to complete the renovation of the Central Office Building (formerly occupied by the Bureau of Employment Services) located at 145 South Front Street in Columbus (Franklin County). Complete renovation will include the electrical and computer wiring, HVAC, floors, lighting, and other interior and exterior upgrades and repairs.

The Department of Job and Family Services acquired this building when the Bureau of Employment Services and the Department of Human Services merged in July 2000. The building is approximately 40 years old. This structure was built at the same time and is nearly identical to the 25 South Front Street structure that was renovated several years ago for the Department of Education at a cost of over \$13 million.

Funding for appropriation item CAP-702, Central Office Building Renovations, will come from the Special Administrative Fund (Fund 4A9), in which interest collected on delinquent contributions, fines, and forfeitures collected pursuant to the law governing unemployment compensation, and all court costs and interest paid or collected in connection with the repayment of fraudulently obtained unemployment compensation benefits are deposited. The Unemployment Compensation Advisory Council (UCAC) controls all spending from this fund. (The UCAC is a 12-member body that was formed to recommend legislative changes to the law governing the unemployment compensation program to the Director of Job and Family Services, the Unemployment Compensation Review Commission, the Governor, and the General Assembly.) JFS had previously borrowed \$16 million from the same source for this project.
