HIGHER EDUCATION IMPROVEMENT FUND (7034)

C23501 Ohio Supercomputer Center \$12,000,000

County: Franklin

These funds will support various projects at The Ohio Supercomputer Center (OSC), which manages the OSCnet that provides internet services to colleges and universities, K-12 schools, hospitals, and public television stations. Projects supported with these funds include increasing OSC's total computational capacity and housing an updated system at the State of Ohio Computer Center, which will require modifications to support OSC. Previous capital appropriations for OSC include \$2.0 million in H.B. 482, \$2.0 million in H.B. 562, \$0.2 million in H.B. 699, \$6.8 million in H.B. 16, \$8.5 million in H.B. 675, \$6.5 million in H.B. 640, and \$14.3 million in H.B. 850.

C23502 Research Facility Action and Investment Funds \$3,500,000

County: Statewide

These funds are to be used for a grant program that provides timely availability of capital facilities for research programs and research-oriented instructional programs at or involving state-supported and state-assisted institutions of higher education. The maximum capital commitment match from BOR is \$3.0 million, and the minimum match is \$60,000. H.B. 640 changed this appropriation item's name from Research Facility and Investment Loans and Grants to Research Facility Action and Investment Funds. Previous appropriations include \$3.9 million in H.B. 482, \$5.5 million in H.B. 562, \$5.5 million in H.B. 699, \$5.0 million in H.B. 16, \$19.0 million in H.B. 675, \$20.0 million in H.B. 640, and \$20.0 million in H.B. 850.

C23516 Ohio Library and Information Network \$12,000,000

County: Statewide

These funds will support the annual acquisition of the latest digital library content for the OhioLINK membership. Specifically, the funds will subsidize the cost of high-quality electronic journal and database content that OhioLINK institutions rely on for research and training, with a large portion of the purchased content focusing on science, technology, engineering, mathematics, and medicine (STEMM) disciplines. Previous appropriations include \$9.0 million in H.B. 482, \$9.9 million in H.B. 562, \$5.4 million in H.B. 699, \$8.1 million in H.B. 16, \$8.2 million in H.B. 675, \$7.5 million in H.B. 640, and \$6.5 million in H.B. 850.

C23524 Supplemental Renovations - Library Depositories \$2,000,000

County: Statewide

These funds support basic renovations at the five regional library depositories, which allow the largest university libraries to store less used materials in off-site facilities. Previous appropriations include \$2.0 million in H.B. 482, \$5.5 million in H.B. 562 and \$2.0 million in H.B. 699.

C23529	Workforce Based Job Training and Equipment	\$8,500,000
---------------	---	--------------------

County: Statewide

These funds will be used to provide capital improvement grants to Ohio's public colleges and universities to help them deliver non-credit training and assessment services. Grants are to be awarded on a competitive basis. Training and assessment services will continue to support the attraction, expansion, and retention of business projects related to local and regional economic development efforts. Previous appropriations include \$2.0 million in H.B. 482 and \$2.4 million in H.B. 562.

C23530	Technology Initiatives	\$4,500,000
---------------	-------------------------------	--------------------

County: Franklin

These funds are used for needed infrastructure improvements. The priority project in the FY 2015 - FY 2016 biennium will be the upgrade of the Higher Education Information (HEI) system. Established in the FY 1999-FY 2000 biennium, this program generally supports collaborative initiatives to improve the quality and efficiency of instruction, services, and program offerings at state colleges and universities. Previous appropriations for this program include \$3.1 million in H.B. 482, \$3.7 million in H.B. 562, \$2.0 million in H.B. 699, \$3.7 million in H.B. 675, \$10.0 million in H.B. 640, and \$10.0 million in H.B. 850.

C23532	Dark Fiber/OARnet	\$7,000,000
---------------	--------------------------	--------------------

County: Franklin

These funds are used to support the OSCnet network that interconnects Ohio's colleges and universities with each other as well as with national commercial and academic networks. This appropriation will fund the purchase of new equipment to replace outdated equipment, the completion of Phase 2 of the 100 Gigabit per second gear update, and the purchasing of equipment and devices to increase bandwidth to 90 universities and Information Technology Center (ITC) sites throughout the state. Previous appropriations include \$2.0 million in H.B. 482, \$2.0 million in H.B. 562, \$5.0 million in H.B. 699, \$4.5 million in H.B. 16, and \$5.0 million in H.B. 675.

C23550	Small Campus Targeted Workforce Development Expansion	\$16,000,000
---------------	--	---------------------

County: Statewide

These funds will be used by the Chancellor to provide funding to support eligible capital projects at certain community colleges, state community colleges, and technical colleges. Under the program, the Chancellor will establish a competitive process to award funds, with no award allocation exceeding \$5 million. BOR must seek approval of the Controlling Board to transfer appropriation to any institution receiving a project award.

C23551	Research Portal	\$500,000
<i>County:</i>	Franklin	

These funds will be used to develop institutional portals and communication networks to (1) advertise university or college faculty intellectual property, research strengths, and activities, and (2) make it easier for industry to interact with faculty who have an interest in working with industrial partners.

C23553	Dublink Ignite Fiber Optic Project	\$300,000
<i>County:</i>	Franklin	

This line item provides funding for a community project.

C23554	Upper Arlington Public Fiber Network	\$500,000
<i>County:</i>	Franklin	

This line item provides funding for a community project.

C23555	Multi-Jurisdictional Fiber Utility	\$1,000,000
<i>County:</i>	Franklin	

This line item provides funding for a community project.

(UAK) University of Akron - Main

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C25053	Law Building Renovation	\$5,000,000
<i>County:</i>	Summit	

These funds will be used to complete the renovation of the McDowell Law Center and West Hall. The total project cost is estimated at \$20.0 million, with \$5.0 million provided by the state, \$6.4 million provided with local funds, and \$8.6 million provided by other sources of funds.

C25054	General Lab Renovations	\$4,000,000
---------------	--------------------------------	--------------------

County: Summit

These funds will be used to replace teaching and research laboratory casework and finishes in the Auburn Science and Engineering Center, the Knight Chemical Laboratory Building, the Goodyear Polymer Building, and the Olson Research Center. This project is part of the UAK's undertaking of a \$58.0 million energy conservation project.

C25055	Auburn Science and Engineering Center	\$3,300,000
---------------	--	--------------------

County: Summit

These funds will be used to restore the south and west façade elevations and to replace the roofs over lower areas of the Auburn Science and Engineering Center. The Center houses over 405,000 square feet of academic and research space.

C25056	Research Lab Renovations	\$2,500,000
---------------	---------------------------------	--------------------

County: Summit

These funds will be used to renovate laboratories in the Auburn Science and Engineering Center and the Olson Research Center. The project will create surgical and laboratory spaces that can vary HVAC temperatures, pressurizations, and flows based on usage.

C25057	Electrical Infrastructure - Loops	\$2,500,000
---------------	--	--------------------

County: Summit

These funds will be used to replace the center campus' deteriorated 4,160 volt cable and duct bank with a 23,000 volt loop and duct bank. In addition, the funds will provide an alternative feed to Exchange Street and South Hall Student Residences creating a separate 23,000 volt loop.

C25058	Central Hower Infrastructure	\$1,200,000
---------------	-------------------------------------	--------------------

County: Summit

These funds will be used to extend the main campus utilities, such as high temperature water, chilled water, and electricity. Until July 2013, the HVAC system in Central Hower was operated off a city-wide steam system, which is no longer available. Currently, the HVAC system relies on natural gas boilers that are 20% more expensive to operate than the cost to extend campus utilities as proposed under this project.

C25059	Capital Square Internship Center	\$500,000
---------------	---	------------------

County: Franklin

This line item provides funding for a community project.

C25061	Stow-Munroe Falls Distance Learning Center	\$50,000
<i>County:</i>	Summit	

This line item provides funding for a community project.

C25063	Austen BioInnovation Institute	\$750,000
<i>County:</i>	Summit	

This line item provides funding for a community project.

C25064	E.J. Thomas Hall	\$1,000,000
<i>County:</i>	Summit	

This line item provides funding for a community project.

C25065	Battered Woman's Shelter - Medina and Summit Counties	\$300,000
<i>County:</i>	Multi-county - Medina, Summit	

This line item provides funding for a community project.

(UAK) University of Akron - Wayne

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C25002	Basic Renovations - Wayne	\$800,000
<i>County:</i>	Wayne	

These funds will be used for basic renovations at the Wayne campus.

(BGU) Bowling Green State University - Main

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C24046	Moseley Hall Science Laboratories	\$16,000,000
<i>County:</i>	Wood	

These funds will be used for a complete renovation of Moseley Hall, which was constructed in 1916. The renovation will create cutting edge science teaching labs to be used by biology, chemistry, and other science disciplines. The total renovation project cost will be approximately \$23.2 million.

C24048 K-12/Higher Education Technology Enhancement Initiative \$1,250,000
County: Wood

This line item provides funding for a community project.

C24049 Norwalk Area Opportunity Center \$250,000
County: Wood

This line item provides funding for a community project.

(BGU) Bowling Green State University - Firelands

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C24045 Allied Health and Sciences Building - Firelands \$1,000,000
County: Erie

These funds will be used to finance the 40,000 square foot classroom and laboratory building, housing the Allied Health and Biological Sciences departments. The new space will include enhanced laboratories with simulated hospital intensive care unit and general unit beds. Previous appropriations for this project include \$0.9 million in H.B. 482, \$0.9 million in H.B. 562, and \$1.0 million in H.B. 699. The overall project cost is estimated at \$15.8 million, of which \$9.8 million will be provided by the university.

(CSU) Central State University

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C25512 Brown Library Structural Repair and Renovations \$4,500,000
County: Greene

These funds will be used to renovate and modernize the Hallie Q. Brown Memorial Library, which was built in 1981. Projects include renovating the roof, windows, masonry, and infrastructure.

C25513 Direct Metal Sintering (3-D) Manufacturing Initiative \$500,000
County: Greene

This line item provides funding for a community project.

(UCN) University of Cincinnati - Main

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C26530 Medical Science Building Renovation and Expansion \$28,800,000

County: Hamilton

These funds will support phases 2 through 4 of the renovation of the 1,000,000 gross square foot Medical Sciences Building (MSB). Renovation will replace building systems with new efficient and compliant systems. Previous projects at MSB include Phase 1, which renovated portions of the lower five floors of MSB, and the construction of a 257,787 gross square foot addition west of MSB called the Center for Academic and Research Excellence (CARE)/Crawley Building in 2008. Total project expenditures have reached a total of \$186.0 million with the University of Cincinnati contributing \$107.4 million in local funds. Previous state appropriations for this project total \$78.6 million over the previous five capital biennia.

C26676 Wherry and Health Professions Building Rehabilitation \$8,000,000

County: Hamilton

These funds will support the renovation of the Health Professions Building (HPB) and Wherry Hall. HPB, originally built in 1916, includes 118,000 gross square feet of lab, office and teaching space. Wherry Hall was constructed in 1959 providing 66,000 gross square feet of laboratory, classroom and office space. Built at different times, the buildings are connected on the south wall and the systems of each serve the whole. The renovated structure proposed will serve primarily the College of Pharmacy and Allied Health with shared classroom space for these colleges in addition to the College of Medicine. The total project is estimated at \$34.0 million.

C26682 Boys and Girls Club \$250,000

County: Clermont

This line item provides funding for a community project.

C26683 Children's College Hill Campus Mental Health Services Facility \$350,000

County: Hamilton

This line item provides funding for a community project.

C26684 Whole Home Modifications \$215,000

County: Hamilton

This line item provides funding for a community project.

C26685	Clermont County Airport Improvements	\$500,000
<i>County:</i>	Clermont	

This line item provides funding for a community project.

(UCN) University of Cincinnati - Clermont

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C26679	HVAC Repair and Replacements - Clermont	\$1,750,000
<i>County:</i>	Clermont	

These funds will be used to remove and replace multiple air-handling units on the roof of the Edith Peters Jones Building and air-handling units inside the Snyder Building addition.

(UCN) University of Cincinnati - Raymond Walters

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C26677	Roof Repair and Replacements - Blue Ash	\$1,170,000
<i>County:</i>	Hamilton	

These funds will be used to restore the roof on Walters Hall, which is the Blue Ash campus' only basic science facility.

C26678	Muntz Hall - Blue Ash	\$1,000,000
<i>County:</i>	Hamilton	

These funds will be used for the first of a four-phase seven biennia project that will replace obsolete and failing building infrastructure and update Muntz Hall's interiors. The scope of the project includes abatement and interior demolition; complete removal and replacement of existing mechanical, electrical, and plumbing systems with new high performance and energy-efficient systems. The project will also provide updated classrooms, teaching labs, and faculty offices. The estimated total cost of the project is \$7.1 million.

(CLS) Cleveland State University

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C26064	Engaged Learning Laboratories	\$9,000,000
<i>County:</i>	Cuyahoga	

These funds will be used to modernize several buildings across campus to include multi-functional classroom and laboratory space, student and faculty gathering areas, and offices. The proposed project is for the renovation of 40,774 square feet and is estimated to cost over \$10.1 million.

C26065 Main Classroom Renovation \$4,000,000

County: Cuyahoga

These funds will be used for the renovation of 20 classrooms and supporting facilities of over 20,000 square feet of space at the campus' main classroom. The scope of the renovation includes reconfiguration of existing space (walls, egress, building systems, etc.), upgrades to state of the art technology, modernization of safety systems, and code compliance. The main classroom building was constructed in 1970 and is the primary location for between 35% to 40% of undergraduate and graduate courses taught at the university. The estimated project cost is \$4.0 million.

C26066 Center for Research and Innovation \$1,600,000

County: Cuyahoga

These funds will enable the university to continue to shift its educational model to create an academic environment that promotes innovation, discovery, and entrepreneurship, and facilitates interdisciplinary collaborations and engagement with industry by creating flexible, state of the art shared use facilities for the physical science and engineering disciplines. The center will consist of 6 to 8 labs of varying sizes with an aggregate renovation size of 8,400 square feet. The estimate project cost is just under \$1.7 million.

C26069 Cleveland Institute of Art Campus Unification Project \$1,000,000

County: Cuyahoga

This line item provides funding for a community project.

(KSU) Kent State University - Main

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C27079 Cleveland Orchestra - Blossom Music Center \$1,750,000

County: Summit

This line item provides funding for a community project.

C270E6 Science Lab Renovations \$18,500,000

County: Portage

These funds will be used for Phase II of KSU's multi-phased rehabilitation of three existing large science buildings and construction of a new, integrated science building which will be used for instruction and research. The three building renovations include: Williams Hall, Smith Hall, and Cunningham Hall. The Phase II initiative's total cost is estimated at \$30 million and will continue infrastructure and systems improvements and renovations at these three buildings. The overall project cost is estimated at \$130 million, with H.B. 482 contributing \$16 million in state funds to the overall project cost.

C270F2	Western Reserve Public Media Multimedia Room Upgrade	\$50,000
<i>County:</i>	Portage	

This line item provides funding for a community project.

C270F3	Severance Hall	\$1,500,000
<i>County:</i>	Cuyahoga	

This line item provides funding for a community project.

(KSU) Kent State University - Ashtabula

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C270E8	Main Hall Renovations - Ashtabula	\$1,000,000
<i>County:</i>	Ashtabula	

These funds will be used to renovate the two story C-Wing of the Main Hall, to receive new floor and wall finishes, ceilings and lights, and HVAC with controls. Previous appropriations for this project include \$0.8 million in both H.B. 482 and H.B. 562.

(KSU) Kent State University - East Liverpool

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C27003	Classroom Building Renovations - East Liverpool	\$420,000
<i>County:</i>	Columbiana	

These funds will be used for a 1,400 square foot renovation of a chemistry laboratory and adjacent preparation room. Improvements include HVAC and electrical updates, new ceilings, lights, countertops, and wall and floor finishes.

(KSU) Kent State University - Geauga

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C270F1 HVAC Repair and Replacements - Geauga \$259,000

County: Geauga

These funds will be used for the continuation of the classroom building's HVAC system's replacement or improvement. H.B. 482 and H.B. 562 each appropriated \$0.3 million towards the project.

(KSU) Kent State University - Salem

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C27005 Science Lab Expansion - Salem \$500,000

County: Columbiana

These funds will be used to complete the build-out of the second floor science laboratory area to include two additional science laboratories, one general student classroom, and student restrooms. Previous appropriations for this project include \$2.0 million over the last four capital budget cycles.

(KSU) Kent State University - Stark

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C270E7 Fine Arts Building Renovation - Stark \$1,500,000

County: Stark

These funds will be used for classroom renovations and a 13,500 square foot addition to the Fine Arts Building to provide additional academic space. The proposed renovations and addition will enhance the classroom facilities and provide spaces for the music department and its growing music technology program and the art and theater departments. A 15,000 square foot addition was added to the building in 2004.

(KSU) Kent State University - Trumbull

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C27008 HVAC Repair and Replacements - Trumbull \$950,000

County: Trumbull

These funds will be used to replace the classroom building's and the library/theatre building's HVAC units. The existing units are worn, energy inefficient, and beyond their useful life and repair parts for these units are lacking.

(KSU) Kent State University - Tuscarawas

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C270E9	Founders Hall Renovation - Tuscarawas	\$1,000,000
---------------	--	--------------------

County: Tuscarawas

These funds will be used for Phase I of the Founders Hall expansion and renovation project. The proposed project expands the existing Founders Hall by 9,750 square feet. The space will provide two additional classrooms and two labs that will support the growth of the engineering and technology program. The faculty office complex will expand by 18 offices and two faculty meeting rooms.

(MUN) Miami University - Main

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C28574	Shideler Hall Renovations	\$21,000,000
---------------	----------------------------------	---------------------

County: Butler

These funds will be used to renovate Shideler Hall. Specifically, projects include installing new energy-efficient mechanical systems, plumbing, lighting, electrical distribution, data and telecommunications, life safety systems, and ADA accessibility upgrades. The renovated facility will provide program space such as modern classrooms, flexible state of the art teaching and research laboratories, instrumentation laboratories, and space for a highly interactive GIS studio.

C28577	The Mill	\$100,000
---------------	-----------------	------------------

County: Butler

This line item provides funding for a community project.

(MUN) Miami University - Hamilton

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C28575	Mosler Hall - Hamilton	\$800,000
---------------	-------------------------------	------------------

County: Butler

These funds will be used to modernize and replace outdated systems in five laboratory spaces and associated preparatory rooms at Mosler Hall located at the Hamilton campus. The science labs were first constructed in 1969. Currently, the labs are used by the nursing program and other STEM related programs.

(MUN) Miami University - Middletown

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C28576	Gardner-Harvey Technology Upgrades - Middletown	\$500,000
<i>County:</i>	Butler	

These funds will be used to improve the Gardner-Harvey Library by replacing the facility's electrical system, including the transformer, motor control centers, and distribution. Improvements will also be made to the IT infrastructure and equipment and collaborative study spaces. The library, located at the Middletown campus, is approximately 31,000 square feet and was constructed in 1966.

(NEM) Northeast Ohio Medical University

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C30526	HVAC Repair and Replacements	\$1,244,750
<i>County:</i>	Portage	

These funds will be used to replace the original air handling system at the initial building of the NEM campus in Rootstown. The project will support the replacement of two of three HVAC systems at a total cost of about \$1.9 million. NEM will pay \$0.7 million, or 35%, of the total project's cost.

C30527	Roof Repair and Replacements	\$792,000
<i>County:</i>	Portage	

These funds will be used to replace the existing roof at the Comparative Medicine Unit. The current roof was installed approximately 40 years ago in 1976.

C30528	Summa Regional Health Professions Virtual Care Simulation Labs	\$750,000
<i>County:</i>	Summit	

This line item provides funding for a community project.

C32428 Health Sciences Program Expansion \$4,000,000

County: Scioto

These funds will be used to support the renovation of the remaining 15,500 square feet of a 29,000 square foot building that will provide classrooms and laboratories to support expansion of existing health science and STEM programming. The other 13,500 square feet is being renovated currently using local funds and will be used for SSC's Bachelor of Science in Nursing program in Spring 2015.

(UTO)

University of Toledo

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C34058 Campus Energy Cost Reduction Project \$1,500,000

County: Lucas

These funds will be used for the second phase of UTO's campus energy reduction project, which will focus work on reducing HVAC air flow by converting obsolete pneumatic controls to direct digital controls at the room level and add room lighting controls.

C34067 Anatomy Specimen Storage Facility \$3,500,000

County: Lucas

These funds will be used to renovate and update the facilities and expand the capabilities of the Human Anatomy Donation and Specimen Preparation Program on the UTO Health Science Campus to accommodate the growing needs related to the support, improvement, and modernization of the human anatomy cadaver dissection educational programs located on both the health sciences and main campuses. The current laboratories were built in the 1970s and have had no significant renovations since that time.

C34068 Academic Technology and Renovation Projects \$3,000,000

County: Lucas

These funds will be used to address deferred maintenance and provide infrastructure for new models of student learning and prior learning assessment in several of UTO's older academic facilities. The project also includes a new university archival system that will facilitate student record retention and a new learning center in converted library space. Finally, the project will address necessary IT infrastructure upgrades.

C34069 Campus Infrastructure Improvements \$3,000,000

County: Lucas

These funds will be used for the second phase of UTO's campus infrastructure improvements project. Specifically, the second phase will provide for the extension of the main campus' steam and chilled water lines. The project will complete the campus loop by connecting the east and west branches.

C34070 NW Ohio Plastics Training Center \$2,000,000

County: Lucas

These funds will be used to create a Workforce Development Center focused on plastics and advanced manufacturing. The project will be phased in across a three-year period. The first year will include equipment purchases for training. The second year will include an addition of 12,000 to 15,000 square feet to the existing building for the addition of full-scale industrial machinery. The third year will include the funding of advanced plastics training equipment and advanced manufacturing equipment. The project will take place at the 24,812 square foot Engineering Technology Laboratory Center on the Scott Park Campus for Energy and Innovation and is a collaborative effort between UTO and Northwest State and Terra State Community Colleges.

C34071 Elevator Safety Repairs and Replacements \$2,000,000

County: Lucas

These funds will be used to upgrade the original elevators in the following buildings: North Engineering, Ritter Observatory, Snyder Memorial Hall, Health Science, Mulford Library, and Dowling Hall.

C34072 Building Automation System Upgrades \$1,500,000

County: Lucas

These funds will be used to replace 25 year old electronic and pneumatic panels that control heating, cooling, and lighting in many of the buildings at UTO.

C34073 Mechanical System Improvements \$1,500,000

County: Lucas

These funds will be used to repair or replace air handlers, exhaust fans, and unitary equipment in several buildings at UTO.

C34074 Backbone Core Router Replacements \$1,600,000

County: Lucas

These funds will be used to replace UTO's backbone core routers for academic and instructional data and video bandwidth support. This is a top priority for UTO to achieve a core component of its strategic mission of delivering academic instruction to remote and distant learners.

C34075	Network Infrastructure Replacement	\$1,400,000
---------------	---	--------------------

County: Lucas

These funds will be used to update UTO's network infrastructure. The current network infrastructure is incapable of supporting electronic transmission of voice, data, video, fax, and other information. The replacement of the network infrastructure will provide the capability for a unified communications system that will integrate data, telephony, video conferencing, instant messaging, presence, voice mail, and email with support for high definition voice and VoIP into a single interface.

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C27549 Classroom Modernization and Maintenance \$5,000,000

County: Greene

These funds will be used to renovate general classrooms, tiered classrooms, and rooms to be transformed into active learning environments in many facilities throughout campus. The project will also include a study of the existing classroom inventory to identify and prioritize spaces in need of renovation based upon enrollment trends, utilization rates, technology requirements, and new learning models.

C27550 Creative Arts Center \$3,650,000

County: Greene

These funds will be used for the renovation and expansion of WSU's Creative Arts Center (CAC), which houses the university's three fine and performing arts departments. Total project costs are estimated at \$22.8 million. The project will increase the building's accessibility, technology, and course offerings, as well as address deferred maintenance. The project also includes converting the existing Television Center building into a home for WSU's nationally renowned Motion Pictures program and repurposing existing space adjacent to the Television Center to house a "New Media Incubator."

C27551 Veterans and Workforce Gateways \$3,500,000

County: Greene

These funds will be used to renovate the 2nd and 3rd floors of the Student Union to support the mission of WSU's one-stop centers, or "gateways," that serve students along three critical points on the path to graduation and to entering the workforce. The Welcome Center, one gateway, was completed in September 2013 and the Student Success Center and Academic Building, a second gateway, will be completed in September 2015. This project will encompass a third gateway for international students, veterans, and students who are completing degrees in their post-graduation career.

C27552 Shared Services - Salt Storage \$1,000,000

County: Greene

These funds will be used to support the relocation of WSU's grounds maintenance yard and to provide a shared site for salt storage for use by WSU, the cities of Beavercreek and Fairborn, and the Ohio Department of Transportation. These entities will share a 3,000 ton salt storage structure on the edge of WSU's campus. Each of the involved entities will share in the project's costs.

C27553	Data Analytics and Visualization Environment	\$600,000
<i>County:</i>	Greene	

These funds will be used to create a Data Analytics and Visualization Environment (D.A.V.E.) in the Raj Soin College of Business by modernizing the existing RFID laboratory, which was established in 2007 and occupies about 500 square feet of space on the second floor. The proposed D.A.V.E. lab expands the existing lab with potential for further expansion. The project will also replace the aging RFID equipment with advanced and effective technologies to support education, research, and collaboration in the field of data analytics, data visualization, and big data computing.
