TOTAL - All Funds	\$3,405,000

STATE FIRE MARSHAL FUND (5460)

C80008 Master Plan Update \$75,000

County: Licking

This funding will be used to review and update the State Fire Marshal facility master plan previously developed in January 2009. The updated plan will accommodate the planned growth, expansion, and renovation of the Ohio Fire Academy in light of expanded training opportunities at the facility.

C80023 SFM Renovations and Improvements \$3,055,000

County: Licking

This funding will go toward three projects on the Ohio Fire Academy campus. Specifically, \$1.6 million will be used to renovate the Main Building and improve the building's environmental systems. Next, approximately \$1.2 million will be used to repair roadways and storm drainage systems, rehabilitate two shelters, and upgrade the campus security system. Finally, \$225,000 will be used to convert the HVAC control systems in the "B" Building to appropriate commercial-use standards for the training facility.

C80024 Natural Gas Fire Training Area \$250,000

County: Licking

This project will pay for the installation of several pieces of equipment at a designated natural gas training area, including (1) a natural gas line, (2) a gas control tower, and (3) seven natural gas training aids that represent common natural gas emergencies. Firefighters and natural gas industry professionals will be trained on the equipment to prepare for responding to natural gas accidents.

C80025 Chlorine Trailer \$25,000

County: Licking

This capital appropriation will pay for a chlorine trailer as an off-site training aid to prepare first responders for chlorine emergencies. The trailer, which would replace the current 30-year-old model, will be a component of the State Fire Marshal Ohio Fire Academy's Direct Delivery Program. The trailer's expected useful life is 15 years.
