Source: Holding Account Redistribution Fund Group: timber sales

Legal Basis: ORC 1503.05

Purpose: H.B. 215 of the 122nd G.A. changed the formula for the distribution of these monies to use the gross sales amount instead of the net sales amount. Distribution of the gross amount is: 20 percent to counties, 20 percent to townships, 40 percent to school districts, and 20 percent to the GRF. The Division of Forestry can now only subtract their costs from whatever remains of this 20 percent to the GRF after the timber sales have been deposited in the GRF.
