Source: Revenue Distribution Fund Group: Registration fees based on gross vehicle weight and a three cents per gallon motor fuel surcharge for vehicles subject to the IRP

Legal Basis: ORC 4501.044

Purpose: Distributions are made from the IRPDF as follows: (1) to make payments to member states for portions of Ohio registration taxes that the states are eligible to receive because of the operation within their borders of apportionable vehicles that are registered in Ohio; (2) to the Highway Obligations Bond Retirement Fund; (3) to offset operation costs of the Department of Taxation and the Bureau of Motor Vehicles; (4) to local governments as compensation for lost revenue which would have been received under prior law.

Am. Sub. H.B. 831 of the 118th G.A. eliminated the highway use tax (axle-mile tax) effective January 1, 1991. The act required the Registrar of Motor Vehicles in Ohio to apply for membership in a reciprocal registration agreement known as the International Registration Plan (IRP). The highway use tax and the various commercial vehicle registration taxes effective under prior law were replaced with a system for registration fees based on gross vehicle weight and a three cents per gallon motor fuel surcharge for vehicles subject to the IRP. Revenues from the new IRP registration fees are deposited into the International Registration Plan Distribution Fund (IRDPF).

Approximately 21 percent of permit fee revenue is earmarked for the alcoholism-detoxification center fund. This amount, along with 1.5 percent of gross liquor profits, is appropriated to DADAS. The GRF then gets approximately 50 percent of remaining fee revenue, to be used for any purpose. The other 50 percent of remaining fee revenue goes to the general funds of the appropriate municipal corporations and townships.

The remaining balance is distributed among counties, municipal corporations, townships, and the state Highway Operation Fund. These moneys are to be spent according to the same guidelines as the Gasoline Excise Tax Fund (see Gasoline Excise Tax Fund, 110-900, Revenue Distribution Fund 060, above).

	-2.1%	10.3%	2.9%	-0.3%	0.2%

Source: Revenue Distribution Fund Group: State personal income tax, state sales and use tax, corporate franchise tax, public utility excise tax, and kilowatt-hour tax

Legal Basis: ORC 5747.03

Purpose: The LGF provides state aid to counties and municipalities.

Municipal corporations receive one-tenth of the difference between the total in the state LGF and 145.45 percent of the 1983 county deposits tax revenue, plus \$6 million. This amount (\$57.4 million in CY 1999) goes to all municipalities that levied an income tax in the preceding year. Each municipality's share of the total equals its percentage of total municipal income taxes collected in the state two years before. Amounts going to municipalities are paid into the general fund and may be used for any purpose.

The allocation to counties is determined by a formula based on county population and county municipal property valuation. There are formula minimums designed to help the smaller counties. Amounts paid to counties from the state LGF are combined with county shares of the state tax on dealers in intangible property. These county local government fund amounts are then distributed to municipalities, townships, special districts, and the county governments themselves, to be used for current operating expenses.

Each county or independent agricultural society that conducts horse races at its annual fair receives \$4,000, to be used for purse money and \$1,000 for racetrack maintenance. The Ohio Expositions Commission receives \$120,000 to conduct stakes races. After all these distributions, the remainder is split as follows; 4 percent to the Ohio Expositions Commission, and the other 96 percent to agricultural societies that conduct stakes races, for general operations.

Source: International Fuel Tax Distribution Fund Group: Fuel use tax payments

Legal Basis: ORC 5735.31; ORC 5735.311

Purpose: This fund holds fuel use tax payments prior to their eventual distribution to other funds in Ohio, or to other jurisdictions that are owed some of the fuel tax collected from Ohio-based carriers.

All states have been mandated by the federal government (Public Law 102-240, December 18, 1991) to join the International Fuel Tax Agreement (IFTA) or lose the right to collect and levy a motor fuel use tax. IFTA is a base state agreement whereby trucking companies register for fuel use tax in their home state and file one tax return in their home state instead of registering and filing in each state in which they operate. The base state then makes payments to other jurisdictions that are owed some of the fuel tax, and also collects tax it is owed from other jurisdictions. These payments are made possible by a set of reciprocal agreements between the states and provinces in IFTA.

Note: This line item also appears under the Tax Department, since in prior budget bills its appropriations have been placed there.
