Source: General Services Fund Group: Assessments against the intrastate revenues of the railroads and utilities regulated by the Public Utilities Commission. The total assessment in any year is equal to the agency's appropriation to this line item. If the agency's expenditures are less than its appropriation in a given year, the next year's assessment is reduced by the difference.

Legal Basis: ORC 4905.10 (originally established by Am. Sub. H.B. 215 of the 122nd G.A.)

Purpose: This line item funds activities related to the regulation of investor-owned telephone, electric, gas, water and sewer utilities. The item also funds the Commission's regulation of railroads.

Purpose: This line item funds PUCO's share of an assessment levied by the National Association of Regulatory Utility Commissioners (NARUC) to support the National Regulatory Research Institute (NRRI). The fee is based on a percentage of utilities' operating revenues by class of utility.

Source: General Services Fund Group: Revenues were derived from taxes on intrastate motor carriers and fees of motor carriers registering to operate within the state via the Base State Motor Carrier registration program

Legal Basis: Discontinued line item (formerly ORC 4923.12, originally established by Am. Sub. H.B. 215 of the 122nd G.A.)

Purpose: Funds in this line item supported activities related to the enforcement of statutes, rules and regulations governing transportation companies (bus and motor carriers) operating within the state. This line item provided matching funds for federal grants funding line items 870604 and 870608. Beginning in FY 2000, this line also included \$200,000 per year in "transfer and other" appropriation authority to handle motor carrier registration fees whose disposition is uncertain at the time of their receipt. Such funds were formerly deposited in Fund R20 and appropriated via line item 870-610, Motor Carrier Refunds, which has been discontinued. Am. Sub. H.B. 487 of the 129th General Assembly replaced this item with three new PUCO appropriations, SSR appropriation items 870640, 870641, and 870645.

Legal Basis: ORC 4905.84 (originally authorized by Am. Sub. H.B. 562 of the 127th G.A. Previously, ORC 4905.79 and 5727.44 allowed the relay provider a credit against its corporate franchise tax. Due to tax changes, this funding mechanism expired on January 1, 2008.)

Purpose: The Americans with Disabilities Act mandates an intrastate telecommunications relay service (TRS) for persons with communication disabilities. TRS enables persons with hearing or speech disabilities to communicate by phone in a manner functionally equivalent to someone without such a disability through the use of a text telephone yoke (TTY) or other similar devices. This line item reimburses the service vendor for the costs of providing the service.

Source: Federal Special Revenue Fund Group: CFDA 20.700, Pipeline Safety

Legal Basis: ORC 4905.91 (originally established by the Controlling Board in FY 1973)

Purpose: This line item contains operating funds for the Gas Pipeline Safety program. The program was originally authorized by the Natural Gas Pipeline Safety Act of 1968 and more recently by the Pipeline Inspection, Protection, Enforcement, and Safety (PIPES) Act of 2006. The line item receives reimbursements from the federal government amounting to 50% of the costs of operating the program. In order to remain eligible for the funds, the state must maintain a previously established level of effort. Since FY 1998, the state's share of expenses has come from line item 870622, Utility and Railroad Regulation. Prior to that time, the state's share came from the 871-499 State Match line item in the GRF.

Source: Federal Special Revenue Fund Group: CFDA 20.721, Pipeline Safety Grant Program

Legal Basis: ORC 4905.91 (originally established by the Controlling Board in FY 2010)

Purpose: This line item contains operating funds to train state excavators on the use of the national Damage Information Reporting Tool (DIRT), which was related to the federal pipeline safety law authorized by the PIPES Act of 2006. Grants awarded to Ohio are intended to prevent third party excavation damage to natural gas pipelines, which is an important goal to ensure natural gas is delivered safely and reliably.

Source: Federal Special Revenue Fund Group: CFDA 20.218, Motor Carrier Safety Assistance Program (Federal Motor Carrier Safety Administration)

Legal Basis: ORC 4921.21 (originally established by Controlling Board in 1984)

Purpose: Funds are used to administer the Motor Carrier Safety Assistance Program (MCSAP) involving the safe operation of commercial motor vehicles. The program, originally authorized by the Surface Transportation Act of 1982, began as an inspection program by the PUCO. However, with the passage of the Intermodal Surface Transportation Act of 1991, it was expanded to deal with drug interdiction and other matters under the purview of the State Highway Patrol. To receive the grant, the state must contribute 20% of the total costs and use the funds to enhance the program, not to support existing activities. In FY 1996, the PUCO's transportation enforcement division was transferred to the Department of Public Safety (DPS). As a result, much of these federal moneys are now directed to the Highway Safety Federal Reimbursement Fund (8310). Since, however, the PUCO is the primary recipient for the federal funds, this line item retains appropriation authority over the entire amount of the federal grant. The PUCO transfers the appropriate amount to the DPS to fund the Department's enforcement division. Federal funds were most recently authorized in 2005 by the Safe, Accountable, Flexible, Efficient Transportation Equity Act: a Legacy for Users (SAFETEA-LU).

Source: Federal Special Revenue Fund Group: CFDA 81.119, State Energy Program Special Projects

Legal Basis: ORC 4928.01 (originally established by the Controlling Board in FY 2009)

Purpose: These funds are used in partnership with the Ohio State University to evaluate Ohio electric companies' Standard Service Offers. The long-term objective of the partnership with Ohio State is to establish a university-based regional modeling center. By providing a sophisticated market model, the partnership will enable the PUCO to conduct an analysis of future market prices over the period of several years. Also, the line item is used to conduct a cost-benefit analysis of modern grid deployment in Ohio.

Legal Basis: Section 365.10 of Am. Sub. H.B. 153 of the 129th G.A. (originally established by the Controlling Board in FY 2010)

Purpose: This line item provides funding to improve state emergency preparedness plans and to ensure quick recovery and restoration from any energy supply disruptions. This entails electricity delivery and energy reliability activities to modernize the electric grid. Purposes for which the fund may be used include: purchases of demand responsive equipment; plans to enhance security and reliability of the energy infrastructure; energy storage research, development, demonstration and deployment; and to facilitate recovery from disruptions to the energy supply. These federal funds, authorized by the American Recovery and Reinvestment Act (ARRA), may also be used for implementation of smart grid programs authorized under Title XIII of the Energy Independence and Security Act of 2007.

Legal Basis: Section 365.10 of Am. Sub. H.B. 153 of the 129th G.A. (originally established by the Controlling Board in FY 2010)

Purpose: This line item provides funding to ensure the state utility commission can meet the increased demand caused by the increased workload required to fully address the electricity sector initiatives included in the American Recovery and Reinvestment Act (ARRA). The U.S. Department of Energy made this federal grant available to hire additional staff to ensure appropriate technical expertise is dedicated to regulatory activities pertaining to ARRA initiatives.

Legal Basis: Section 365.10 of Am. Sub. H.B. 153 of the 129th G.A. (originally established by Am. Sub. H.B. 94 of the 124th G.A.)

Purpose: The Commercial Vehicle Information Systems and Networks (CVISN) Program is a key component of the Federal Motor Carrier Safety Administration's (FMCSA) drive to improve commercial motor vehicle safety. CVISN enables safety inspectors to target their resources on the highest risk carriers, drivers, and vehicles. These changes are expected to reduce the frequency and severity of accidents that involve commercial vehicles. CVISN enables government agencies, the motor carrier industry, and other parties engaged in commercial vehicle operations to exchange information and conduct business transactions electronically. The PUCO is the administrative lead in the business plan development for Ohio. The departments of Taxation, Public Safety, and Transportation, as well as the Ohio Trucking Association are participating in the project. Federal funds were most recently authorized in 2005 by the Safe, Accountable, Flexible, Efficient Transportation Equity Act: a Legacy for Users (SAFETEA-LU).

Purpose: The funds in this line item are used to provide warning devices at rail-highway crossings, pursuant to ORC 4907.471. These devices include flasher lights and gates. This line receives \$1.2 million each year from the state gasoline tax, to provide preliminary funding for upgrades or funding for which federal funds cannot be used (such as, to cover preliminary engineering costs). The upgrades are undertaken by the railroads, and the PUCO reimburses them for the expenditure when the project is complete. Expenditures in excess of \$1.2 million in any year may be incurred as projects begun in prior years are completed, and the railroads are reimbursed for the expenses.

Legal Basis: Discontinued line item (originally established in ORC 4905.80 by Sub. H.B. 647 of the 120th G.A.)

Purpose: Funds were used to enforce the Hazardous Materials Transportation Law (ORC 4905.80 through 4905.83). This program was devised in accordance with the Hazardous Materials Transportation Uniform Safety Act of 1990. The act called for the eventual establishment of a base-state-type system of registering hazardous materials transporters in the U.S. Am. Sub. H.B. 487 of the 129th General Assembly replaced this item with a new PUCO appropriation, SSR appropriation item 870642.

Purpose: This line item was used to receive and disburse funds received under a base-state registration program for hazardous material carriers. Under this type of program, carriers who operate in more than one state can register for all states in their home state. This fund received those registration fees that were ultimately to be transferred to other states. Fees collected on behalf of the state of Ohio were credited to line item 870618, Hazardous Material Registration, in Fund 4S60. Am. Sub. Source: State Special Revenue Fund Group: Forfeitures

Legal Basis: Discontinued line item (originally established in ORC 4923.12 by Am. Sub. H.B. 117 of the 121st G.A.)

Purpose: This line item funded the administrative costs of the civil forfeitures program created in Am. Sub. H.B. 117 of the 121st G.A. The program centralized with the PUCO the collection of civil forfeitures from motor carriers found to be in violation of state and federal safety rules and regulations. A portion of the forfeitures was deposited into Fund 4U80, Civil Forfeitures, to fund the costs of administering this program. Revenues in excess of the appropriation to the 870620 line item were deposited into the GRF. Am. Sub. H.B. 487 of the 129th General Assembly replaced this item with a new PUCO appropriation, SSR appropriation item 870643.

Purpose: This line item provides operating funds for the Power Siting Board. Am. Sub. H.B. 694 of the 114th G.A. transferred the board to the PUCO in FY 1982. It had previously functioned as an independent agency. The line item receives fees submitted with applications for a certificate of environmental compatibility and public need. A public utility must have such a certificate before constructing or expanding major utility facilities. The Board is empowered to approve or disapprove applications for such a certificate.

Purpose: The fund receives fees for unified carrier registration. The Revised Code requires that annual fee amounts levied by PUCO be identical to those established by the Unified Carrier Registration Agreement (UCRA) Board of Directors as approved by the Federal Motor Carrier Safety Administration. Federal law mandates that all motor carriers required to register with the U.S. Department of Transportation (including private, for-hire, and exempt carriers, as well as brokers, freight forwarders, and leasing companies) pay the fees. Purely intrastate motor carriers are not subject to unified carrier registration fees. In previous budgets, these PUCO activities were funded by GSF appropriation item 870625.

Source: State Special Revenue Fund Group: Fees collected for the uniform registration and permitting of persons engaged in the highway transportation of hazardous materials in Ohio

Legal Basis: ORC 4921.15; Section 601.40 of the Am. Sub. H.B. 487 of the 129th G.A.

Purpose: Funds are used to enforce the Hazardous Materials Transportation Law. This line item receives and disburses funds received under a base-state registration program for hazardous material carriers. Under this type of program, carriers who operate in more than one state can register for all states in their home state. Consequently, some funds are disbursed to other states for those registration fees that are ultimately transferred out of Ohio. In previous budgets, these PUCO activities were funded by SSR appropriation items 870618 and 870621.

Legal Basis: ORC 4923.99 and 4921.21; Section 601.40 of the Am. Sub. H.B. 487 of the 129th G.A.

Purpose: This line item funds the administrative costs of the civil forfeitures program, and centralizes collection of civil forfeitures from for-hire motor carriers, private motor carriers, or persons subject to the laws governing the transportation of persons or property. The Revised Code requires that the forfeitures be deposited into the Public Utilities Transportation Safety Fund (Fund 5LT0) until a point of parity is reached when the amount in the fund equals the total amount appropriated from the fund for the fiscal year. Once the point is reached, additional forfeitures must be deposited into the GRF. In previous budgets, these PUCO activities were funded by SSR appropriation item 870620.

Legal Basis: ORC 4923.99 and 4921.21; Section 601.40 of the Am. Sub. H.B. 487 of the 129th G.A.

Purpose: Moneys credited to this line item fund emergency response training and other hazardous materials training programs throughout the state. According to law, 50% must go to Cleveland State University for its training program for public safety and emergency services personnel, and 45% must be distributed to other educational institutions, state agencies, regional planning commissions, and political subdivisions. The remaining 5% must be retained by PUCO for administering the law. In the event that the fund receives less than \$400,000, the Cleveland State University program would receive no less than \$200,000. In previous budgets, these PUCO activities were funded by SSR appropriation item 870612.

Legal Basis: ORC 4921.13 and 4921.19; Section 601.40 of the Am. Sub. H.B. 487 of the 129th G.A.

Purpose: Funds in this line item support activities related to the enforcement of statutes, rules and regulations governing for-hire motor carriers, which are a public utility in Ohio. PUCO ensures that these regulated motor carriers adhere to state and federal safety standards. This line item provided matching funds for federal grants funding line items 870604 and 870608. In previous budgets, these PUCO activities were funded by GSF appropriation item 870625 and SSR appropriation item 870629.

Source: State Special Revenue Fund Group: Grant moneys from the Council of Great Lake Governors, Inc., a Minnesota-based nonprofit corporation which operates a seven-state biomass energy program in the Great Lakes region for the U.S. Department of Energy

Legal Basis: Section 365.10 of Am. Sub. H.B. 153 of the 129th G.A. (originally established by Controlling Board on January 11, 1988)

Purpose: This line item funds the Ohio Biomass Energy Program which promotes the use of biofuels and municipal waste for energy development and substitution for fossil fuels. The Biomass Energy grant expired and no additional revenue will be generated from the U.S. Department of Energy; PUCO spent the remaining cash balances in the Biofuels and Municipal Waste Technology Fund (Fund 6380) in FY 2012.

Source: State Special Revenue Fund Group: Up to \$800,000 annually in fines and civil forfeitures assessed against hazardous materials transporters (prior to the passage of H.B. 647 of the 120th G.A., these funds were deposited in the GRF; amounts in excess of \$800,000 continue to be deposited into the GRF)

Legal Basis: Discontinued line item (originally established in ORC 4905.80 by Am. Sub. H.B. 428 of the 117th G.A., substantially amended by H.B. 647 of the 120th G.A.)

Purpose: Moneys credited to this line item funded emergency response training and other hazardous materials training programs throughout the state. In the past, 50% has gone to Cleveland State University for its training program for public safety and emergency services personnel, and 50% has been allocated to other educational institutions, state agencies, and political subdivisions for similar programs. Am. Sub. H.B. 283 of the 123rd G.A. revised the percentage going to "other purposes." It allocated 5% of the total to the PUCO for administration and training, with the remaining 45% going to other programs. The Cleveland State University program would still receive \$400,000 a year, or 50% of the total (but no less than \$200,000). Am. Sub. H.B. 487 of the 129th General Assembly replaced this item with a new PUCO appropriation, SSR appropriation item 870644.
