**DOHCD16          Help Me Grow****R.C.          3701.61**

Specifies that besides encouraging prenatal and well-baby care, the Help Me Grow Program's purpose is to also provide parenting education to promote the comprehensive health and development of children and to provide early intervention services pursuant to federal law.

Provides that home visiting services are provided to eligible families with a pregnant woman or an infant or toddler under age three (rather than newborn infants and their families as is currently the practice). Eliminates a requirement that a request for home visiting services be made by a parent of an eligible infant before the services can be provided.

Permits the ODH Director to enter into interagency agreements with state agencies to implement Help Me Grow and distribute funds through contracts, grants, or subsidies to entities providing services. As a result, eliminates a requirement that the distribution of subsidies to counties is a program requirement. Requires ODH to establish a system of payment to program providers to the extent funds are available.

Specifies that families currently enrolled in the At-Risk Program will remain eligible for services until December 31, 2013, or until the child reaches three years of age.

Specifies certain rules regarding eligibility for services, eligibility for providers of services, complaint procedures, and criteria for payment, that must be adopted to implement the Help Me Grow Program.

## Executive

**Fiscal effect:** Some of the provisions are updating the law dealing with the program to align with recent program changes, so there will be little to no fiscal impact. However, the provision that permits the ODH Director to enter into interagency agreements with state agencies to implement the program and distribute funds was requested to make necessary changes that could allow ODH to collect some Medicaid reimbursements for certain activities conducted under Help Me Grow. Additionally, may impact who at the community level receives the money to provide services depending on what changes are made in the contracting arrangements with the provider agencies.
