(12) Requires a board of health to issue to the Commission a report of an inspection of a manufactured home park that was completed in response to a flood event within ten days after the inspection is completed.

Fiscal effect: Loss of \$245,800 in fee revenue transferred from the local boards of health and deposited into SSR Fund 4700, General Operations, used by the Department of Health. Decrease of \$52,000 in supplemental GRF expended on the program. Currently, boards of health charge license and inspection fees for manufactured home parks and transfer a portion of these fees to the General Operations Fund. The Department currently acts in an advisory role for these programs and uses funds collected for the administration of the program.

Fiscal effect: The provision will increase administrative duties and costs related to MHC's oversight of Ohio's roughly 1,800 manufactured homes parks. However, the bill authorizes MHC to adopt licensing fees to offset these costs. These revenues are to be deposited into the Manufactured Homes Commission Regulatory Fund created by the bill, as opposed to the Occupational Licensing and Regulatory Fund (Fund 4K90) which currently supports MHC's operations. Currently, local boards of health charge license and inspection fees for manufactured home parks and transfer a portion of these fees to the General Operations Fund (Fund 4700), used by the Department of Health. The Department currently acts in an advisory role and uses funds collected for the administration of the program. As a result of the program transfer, there will be a loss of fee revenue and a subsequent decrease in expenditures for both the Department and the local boards of health.

Requires criminal records checks on applicants for employment with an adult care facility in a position involving direct care to any "adult resident," rather than only those positions involving direct care to "older adults" (i.e., over age 60) as required under existing law.
