Revises the current law granting community schools a right of first refusal to purchase school district real property by (1) applying it to all school district real property, not just property suitable for classroom space, (2) requiring districts to offer the property for sale by public auction, instead of at a price not higher than the property's appraised value, (3) permitting all community schools, their operators, and persons or entities in lease agreements with community schools to bid in the auction instead of giving just start-up schools located within the school district territory the right of first refusal.

In addition to the modifications described above, further modifies the current law requiring school districts to offer real property that has not been used for one full school year for sale to community schools by eliminating the provision that allows the district to keep the property if it adopts a resolution stating the property will be used within three years and specifying that after a year of not being used the property

**R.C. 3313.411, 3313.41, 3314.051**

Replaces the Executive provision with a provision that: (1) Requires district boards with real property that has been used for classroom operations since July 1, 1998, but not for two years, to offer a right of first refusal to community schools located within the district to lease the property; and (2) Requires that district boards lease property to community schools rated in the top 50% by performance index score for \$1, and for fair market value to all other community schools.

Repeals the provision of current law that requires school districts to offer real property that has not been used for one full school year for sale to community schools (because it conflicts with the provision above, which requires school districts to lease unused property).

Repeals sections of the community school law that place a qualified moratorium on new start-up (brick and mortar) community schools. Repeals the outright moratorium on new Internet- or computer-based community schools (e-schools), which is in place until the General Assembly adopts standards for the operation of e-schools.

Same as the Executive, but reinstates the moratorium on new e-schools until the General Assembly adopts standards for their operation, and requires the Superintendent of Public Instruction, Chancellor of the Ohio Board of Regents, and the Director of the Governor's Office of 21st Century Education jointly to develop standards for the operation of e-schools and to submit them, by July 1, 2013, to the Speaker of the House and the President of the Senate for consideration of enactment by the General Assembly.

Same as the Executive, but prohibits a new e-school from opening unless, for the three prior years, it operated in another state and performed at a level higher than academic watch, as determined by ODE. Requires the State Board to adopt rules establishing operating standards for e-schools based on national standards and grants existing e-schools three years after adoption of the standards to comply.

Specifies that if a community school is in academic watch or academic emergency on the provision's effective date, the school's sponsor may not sponsor any additional schools and the school's operator, if any, may not operate additional schools.

Replaces the Executive provision with a provision that permits an entity that is sponsoring a community school on the provision's effective date, regardless of whether that entity is subject to approval by ODE or not (includes "grandfathered" sponsors), to sponsor additional community schools only if the entity (1) is in compliance with all sponsor reporting requirements and (2) is not ranked in the lowest 10% on an annual ranking of sponsors by their composite performance index scores, which measure the academic performance of students enrolled in all community schools sponsored by the same entity.

Same as the House, but removes the language making a sponsor subject to the prohibition if it is ranked in the lowest 10% on an annual ranking of sponsors by their composite performance index scores and instead makes a sponsor subject to the prohibition if fewer than 80% of its schools are ranked in the highest 95% on a performance index score ranking of all public schools for three years, beginning with the ranking based on data for the 2009-2010 school year. Removes language applying the prohibition only to sponsors that sponsor schools on the provision's effective date, thereby including entities that become sponsors in the future.

EDUCD6 Teacher Layoffs

**R.C. 3319.17, 3319.18**

Requires school districts and ESCs to consider quality of performance as the principal factor in determining the order of teacher layoffs.

Requires a teacher's quality of performance to be measured by (1) the type of educator license held by the teacher, (2) whether the teacher is "highly qualified" under federal law, (3) evaluations of the teacher, and (4) any other criteria established by the district or ESC.

Permits a district or ESC to consider seniority in determining the order of layoffs only after considering the factors listed above.

Specifies that these provisions prevail over conflicting provisions of a collective bargaining agreement entered into on or after the provision's effective date.

Eliminates the requirement that, in rehiring tenured teachers when positions become available, the order of rehiring be based on seniority.

**Fiscal effect: Since, under current law, teachers with less seniority are paid less than those with more seniority, changing the order of teacher layoffs may result in districts laying off higher cost teachers, enabling them to obtain larger decreases in expenditures with fewer lay offs.**
