PUCCD1

Transportation of Certain Radioactive Materials

R.C. 4905.801, 4163.07, 4905.802

No provision.

Repeals the provision that requires a person shipping, or who causes to be shipped, certain radioactive material within or through this state to pay a fee to the Public Utilities Commission at least four days prior to the date of shipment. Current statute levies a fee of \$2,500 for each shipment by motor carrier, \$4,500 for a cask shipped by rail, and \$3,000 for each additional cask shipped by rail by the same entity in the same shipment, and establishes civil penalties for violating the fee requirement.

Fiscal effect: Minimal loss of revenue to the Radioactive Waste Transportation Fund (Fund 5HD0). The existing fee provision was originally enacted in FY 2010, and yielded approximately \$35,000 in revenue to Fund 5HD0 through FY 2010 and the first seven months of FY 2011. Corresponding expenditures from the fund were less than \$5,000.

PUCCD3

Recalculation of Rates for Reduced OCC Appropriation

R.C. 4909.15, 4928.18

No provision.

Requires the Public Utilities Commission of Ohio (PUCO) to recalculate public utilities' rates, for utilities that do not pay the minimum Office of Consumers' Counsel (OCC) assessment, by the end of 2011 for closed rate cases, based on payments of assessments calculated in accordance with the reduced appropriation amount for the OCC contained in the bill.

Fiscal effect: Under existing law, OCC operations are funded by assessments on regulated utilities, with the amount assessed determined by the amount appropriated to GSF item 053601. The appropriation to this line item is reduced by about \$4.4 million (51%) from FY 2011 to FY 2012. This provision ensures that the reduction in the amount appropriated is returned to the customers of utilities affected by the provision, rather than being retained by the utility.

PUCCD2
