Legal Publication in a Newspaper

R.C. 7.12

Authorizes a municipal corporation, county, or other political subdivision that is required by law to make a legal publication in a newspaper to use an insert placed in the newspaper. Restricts the definition of a qualifying newspaper to a publication that has at least 25% editorial, non-advertising content, and that has a circulation of at least 50% of the households in the newspaper's retail trade zone.

No provision.

**Fiscal effect: There may be minimal savings for local governments to produce legal publications as inserts.**

R.C. 7.12

Same as the Executive.

Requires newspaper publishers to establish and charge public officers of a political subdivision, but not public officers of the state, government rates for the publication of advertisements, notices, and proclamations required to be published. Requires that the government rate not exceed the lowest classified advertising rate and lowest insert rate paid by other advertisers.

**Fiscal effect: As a result of the new government rate schedule, there could be additional savings in public notice advertising costs for political subdivisions over the amounts in the As Introduced bill.**

Commercial Advertising on State Agency and Political Subdivision Web Sites

R.C. 9.03, 9.031

Authorizes state agencies and political subdivisions to adopt rules (in the case of state agencies) or resolutions (in the case of political subdivisions) to authorize commercial advertising on state agency and political subdivision web sites. Requires the rules or resolutions to specify the persons authorized to place the advertising on the web sites, the criteria for choosing advertisers and types of permissible advertisements, the requirements and procedures for making requests for proposals under the authority to place commercial advertisements on web sites, and any other necessary requirements and limitations for the authorization.

Modifies the current prohibition against commercial advertising by political subdivisions by allowing commercial advertising as long as it is posted on a political subdivision's web site in compliance with the authorization under the bill.

**Fiscal effect: The provision would increase revenues for those entities that chose to offer advertising on their web sites.**

## Intergovernmental Shared Services

R.C. 9.482

Grants authority for political subdivisions to enter into contracts with one another to provide services, and specifies, in order to receive a service, a contracting recipient political subdivision must otherwise have the legal authority to exercise, perform, or render the service, and requires the legislative authorities of the contracting subdivision to approve the participation.

Provides that the political subdivision tort liability law applies to political subdivisions that are parties to an agreement and to their employees when they are rendering a service outside the boundaries of their employing political subdivisions under an agreement.

Allows employees acting outside the boundaries of their employing political subdivision, while providing a service under an agreement, to participate in any pension or indemnity fund established by the political subdivision to the same extent as while they are acting within the boundaries of the political subdivision, and entitles them to all the rights and benefits of the Workers' Compensation Law to the same extent as while they are performing a service within the boundaries of the political subdivision.

**Fiscal effect: Presumably this authority would be used when the services could be provided at a lower cost.**

R.C. 9.482

Same as the Executive, but requires political subdivisions that enter into an agreement for joint services under the bill to first obtain the written consent of a non-participating subdivision if the agreement is to be performed within that non-participating sub-division.

Local Governments in Fiscal Distress

R.C. *118.023, 118.025, 118.04, 118.05, 118.06, 118.12, 118.31, 118.99*

No provision.

Creates the designation of "fiscal caution" that applies to municipal corporations, counties, and townships (referred to as political subdivisions in this entry) and requires the Auditor of State to develop guidelines for identifying fiscal practices and budgetary conditions of these political subdivisions that, if uncorrected, could result in a future declaration of fiscal watch or fiscal emergency. Authorizes the Auditor of State to declare these political subdivisions to be under fiscal caution if any of the conditions determined above exist.

No provision.

Requires the Auditor of State to notify a political subdivision of a declaration of fiscal caution and request written proposals for discontinuing or correcting the fiscal practices or budgetary conditions that prompted the declaration.

No provision.

Permits the Auditor of State to visit and inspect any political subdivision declared to be under a fiscal caution, and permits the Auditor to provide technical assistance to eliminate the practices or budgetary conditions that prompted the declaration of fiscal caution. Allows the Auditor to (a) determine whether or not reasonable actions have been taken to discontinue or correct the practices and conditions that prompted the declaration of fiscal caution, and (b) if necessary, declare the political subdivision to be in a state of fiscal watch.

No provision.

Requires the Auditor of State to seek from a political subdivision in fiscal watch a detailed financial plan for eliminating the conditions that prompted the declaration, including dates of the commencement, progress upon, and completion of those actions, as well as a five year forecast reflecting the effects of the actions identified in the plan.

No provision.

Requires the Auditor of State to approve or reject any initial or subsequent financial plan from a political subdivision in fiscal watch, and if the Auditor determines that a feasible financial plan has not been submitted within 120 days of the declaration of fiscal watch, authorizes the Auditor of State to declare a state of fiscal emergency.

No provision.

Makes the following changes in current law that apply to political subdivisions in fiscal emergency:

(1) No provision.

(1) Clarifies that the Auditor of State is to be reimbursed for any expenses incurred relating to a fiscal emergency, including technical and support services, and that the Controlling Board must provide sufficient funds if necessary.

(2) No provision.

(2) Revises the composition of, and reduces the number of members on, a financial planning and supervision commission established when a political subdivision is declared to be in fiscal emergency.

(3) No provision.

(3) Requires that the Auditor of State, rather than a financial planning and supervision commission as under current law, serve as the financial supervisor for villages or townships with a population of less than 2,500 that are in fiscal emergency.

(4) No provision.

(4) Requires that a political subdivision's financial plan include a five-year forecast reflecting the effects of the

actions specified in the plan and that the plan be updated annually.

(5) If a political subdivision fails to submit a financial plan, or fails to substantially comply with it, and the commission gives its certification, requires that all state funding (other than benefit assistance to individuals) be escrowed until a plan is submitted or compliance is achieved.

(6) No provision.

(6) Permits a commission to limit expenditures from any political subdivision fund if deemed prudent, instead of just general fund expenditures.

(7) No provision.

(7) Authorizes political subdivisions that are in fiscal emergency and that meet specified conditions to either proceed to formal bankruptcy protection under Chapter 9 of the U.S. Bankruptcy Code or to enter receivership for restructuring or dissolution.

(8) No provision.

(8) Provides for the dissolution of political subdivisions that are in fiscal emergency and meet specified conditions.

(9) No provision.

(9) Specifies that an officer of a political subdivision in fiscal emergency who is convicted of certain violations of current law is ineligible to hold any public office in Ohio or be employed by a public entity in Ohio for seven years after the conviction.

## LOCCD11 Modified Work Week for Employees of Local Governments

R.C. 124.34, 124.394

Allows a county, township, or municipal corporation appointing authority to establish a modified work week schedule program for its exempt employees and requires all affected employees to participate in such an implemented program during FY 2012 and FY 2013.

Permits the program to provide for a reduction from the usual work week of exempt employees immediately before the establishment of the program, provided that the reduction in hours does not exceed more than 50% of the usual hours worked.

Permits the program to be administered differently among exempt employees based on classifications, appointment categories, or other relevant distinctions.

Specifies that after June 30, 2013, a county, township, or municipal corporation may implement a modified work week program that applies to its exempt employees in the event of a fiscal emergency.

**Fiscal effect: The provision will reduce personnel expenditures for those entities that implement a modified work week schedule program that reduces compensated hours for exempt employees.**

(1) Creates, until November 5, 2013, an additional procedure for political subdivisions, by means of a ballot issue, to join a regional transit authority (RTA) that levies a property tax and that includes a county having a population of at least 400,000 (effectively limits the application of these provisions to the Toledo Area Regional Transit Authority (TARTA)).

(2) No provision.

(2) Allows, until November 5, 2013, a political subdivision that is a member of such an RTA to withdraw from the authority by placing the issue on the ballot and allows a political subdivision that withdraws from an RTA after placing the issue on the ballot to contract for the provision of transportation services.

**Fiscal effect: Uncertain. If a community "opts-out" of TARTA, TARTA would experience both a loss of property tax revenue collected from the political subdivision and, presumably, a decrease in operations costs. If a community "opts-in," TARTA would gain property tax revenue and incur increased operations costs. In addition, there may also be some marginal increase in costs for the boards of elections of Lucas and Wood counties to put additional issues on local ballots.**

LOCCD15

Privatization of Local Correctional Facilities

No provision.

R.C. 307.93, 341.45, 753.03, 753.15

Eliminates the requirement that county and municipal correctional facilities house only misdemeanor inmates in order to be eligible for private operation and management under a contract between the county or municipal corporation and an accredited contractor.

**Fiscal effect: This provision will expand the number of local correctional facilities eligible for private operation and management. (1) No provision.

(1) Removes the sunset date for the amendments made to the New Community Authority Law by Sub. H.B. 313 of the 128th General Assembly and makes those changes applicable to all new community authorities (NCA's), and includes off-street parking facilities in the definition of "community facilities".

(2) No provision.

(2) Changes the organizational board of commissioners in cases where more than half of the proposed new community district lies within the boundaries of a municipal corporation, and clarifies that the alternative method of selecting successor trustees of the board of an NCA may be through elections, but that this is not the required method.

(3) No provision.

(3) Provides that a community development charge can be based on "sales" revenues of businesses in the same manner as sales taxes and that any charge based on a retail sale is in addition to the price of the goods and permits a vendor to charge a separate charge, in addition to the price of its goods or services, based on its revenues or retail sales that can be remitted to the NCA and will be a credit against any community development charge imposed on a property. Permits a vendor to use the price of its goods or services as a basis to calculate the community development charges it owes an NCA, but prohibits a vendor from charging a community development charge based on its revenue or retail sales as

Requires a proximate city to affirmatively disapprove a petition on the basis of good cause shown in order to halt the organization proceedings for a new community and revises the time frame within which establishment petitions must be heard and decided.

(5) No provision.

(5) Requires that certain filings be filed with or given by the clerk of the organizational board of commissioners instead of the clerk of the board of county commissioners when the board of county commissioners is not also the organizational board of commissioners.

(6) No provision.

(6) Provides that bonds and notes of an NCA are lawful investments for certain specified private and public entities and are acceptable as security for public moneys, and allows a county and an NCA to enter into an agreement that gives the NCA the authority to act on the county's behalf with regard to delinquent lands when a property has overdue community development charges. Provides that the agreement may permit the NCA to elect to invoke the alternative redemption period for a property that has been foreclosed on.

(7) No provision.

(7) Provides that, upon dissolution of an NCA, the property may vest in a township upon agreement of the township, and that a new community district not wholly contained in a municipality may be less than 1,000 acres if more than half

(6) No provision.

(7) Requires DAS to contract with an independent consultant to analyze costs related to employee health care benefits provided by existing entities. Requires the consultant to submit certain written recommendations to DAS for the development of a successful program for pooling purchasing power for the acquisition of employee health care plans.

(7) No provision.

(8) Requires any health care provider that has provided coverage for these entities within the last two years to provide DAS with nonidentifiable aggregate claims data within 30 days of receiving such a request for information from DAS.

(8) No provision.

(9) Requires DAS to develop a request for proposals and to solicit bids for the provision of those plans that it develops. Requires DAS, in consultation with the Superintendent of Insurance and using competitive selection, to contract with one or more insurance companies for the issuance of these plans. Permits all health care benefits for these entities to be provided through these plans.

## COMCD7 Prevailing Wage Law Modifications

R.C. 4115.03, 4115.033, 4115.034, 4115.04, 4115.10, and 4115.16. Repealed: R.C. 4115.032

(1) Increases the current statutory monetary thresholds for determining when the Prevailing Wage Law applies to public improvements other than roads, sewers, ditches, and other related projects from \$78,258 (the inflation-adjusted statutory baseline threshold of \$50,000) to \$5 million for new construction and from \$23,447 (the inflation-adjusted statutory baseline threshold of \$15,000) to \$5 million for reconstruction. Requires these amounts to be adjusted biennially by the Director of Commerce, as under current law.

(2) Retains the Prevailing Wage Law thresholds at their current, inflation-adjusted levels for roads, sewers, ditches, and other related projects.

(3) Exempts from the Prevailing Wage Law public improvements undertaken by, or under contract for, state institutions of higher education.

(4) Prohibits a public authority from applying prevailing wage requirements to a public improvement that is undertaken by, or under contract for, a state institution of higher education, a school district, or an education service center.

(5) Excludes from the definition of "public improvement" an improvement that is neither constructed by a public authority nor constructed for the benefit of a public authority, even if the improvement uses or receives

financing, grants, or in-kind support from a public authority.

(6) Repeals a provision of the Prevailing Wage Law that deemed certain projects to be public improvements and required all contractors and subcontractors on those projects to comply with the Prevailing Wage Law.

(7) Removes the right of an interested party to sue regarding a violation of the Prevailing Wage Law when the Director of Commerce fails to rule on the merits of an administrative complaint within 60 days after the party files that complaint with the Director.

(8) Exempts public improvements undertaken by, or under contract for, a port authority and repeals the prevailing wage requirement that applies to the construction or repair of a port authority facility.

**Fiscal effect: Same as the Executive.**

**Fiscal effect: Uncertain.** These provisions could lower the cost of a public improvement project falling under the proposed threshold amounts, but it could be that the savings in labor costs are put toward expanding the scope of the project. A reduction in labor costs could also result in certain tax effects that are difficult to quantify. Finally, the change in (7) above could reduce enforcement costs for the Department's Labor and Wage Section (LAWS) if an interested party files in court before LAWS has made a determination on the alleged violation.

**PAYCD1 Retirement Systems Contribution Rates**

R.C. *145.47, 145.48, 145.49, 742.31, 742.33, 742.34, 3307.26, 3307.28, 3309.47, 3309.49, 5505.15*

Decreases employer contribution rates and increases employee contribution rates paid toward the state's five public retirement systems - the Public Employees Retirement System (PERS), the State Teachers Retirement System (STRS), the School Employees Retirement System (SERS), the Ohio Police and Fire Pension Fund (OP&F), and the Highway Patrol Retirement System (HPRS), by 2% of payroll beginning with pay periods on or after July 1, 2011.

No provision.

PERS - State and local divisions (non-law enforcement and public safety): reduces employer contribution rates to 12% (from 14%) and increases employee contribution rates to 12% (from 10%); Law enforcement division: reduces employer contribution rates to 16.1% (from 18.1%) and increases employee contribution rates to 13.6% (from 11.6%); and Public safety division: reduces employer contribution rates to 16.1% (from 18.1%) and increases employee contribution rates to 13% (from 11%).

No provision.

STRS - Reduces employer contribution rates to 12% (from 14%) and increases employee contribution rates to 12% (from 10%).

No provision.

SERS - Reduces employer contribution rates to 12% (from 14%) and increases employee contribution rates to 12% (from 10%).

OP&F - Police officers: reduces employer contribution rates to 17.5% (from 19.5%) and increases employee contribution rates to 12% (from 10%); and Firefighters: reduces employer contribution rates to 22% (from 24%) and increases employee contribution rates to 12% (from 10%).

No provision.

HPRS - Reduces employer contribution rates to 24.5% (from 26.5%) and increases employee contribution rates to 12% (from 10%).

No provision.

**Fiscal effect: This provision would decrease state and local public employers' total contributions toward the five retirement systems by about \$532 million per year and increase public employees' contributions by a corresponding amount. It would reduce state contributions by about \$113 million, with \$27 million of this savings being for the state GRF, \$34 million for various state non-GRF funds, and \$52 million for various other entities, such as state universities. Approximately 96% of state employees are members of PERS, 2.5% are members in HPRS, and the remaining 1.5% are in STRS. The provision would decrease local governments' total contributions by about \$419 million. The provision could increase the systems' future liabilities. Even though total contribution rates are kept the same, it would likely increase the systems' liabilities because of the shift in contributions from employers to employees. Currently, employer contributions are not refundable upon the termination of certain employees, but employee contributions are refundable.**

## TAXCD16 Local Government Reimbursement for Utility Personal Property Tax Losses

## R.C. 5727.84, 5727.85, 5727.86, Section 757.20

(1) Accelerates the phase-out of fixed-rate public utility property tax loss reimbursements for most non-school taxing units based on each unit's reliance on the reimbursement as measured by the unit's CY 2010 public utility tax loss reimbursement as a percentage of its total resources as defined in the bill. Specifies that reimbursements are phased out, beginning in CY 2011, so that each unit's reliance on the reimbursement falls by two percentage points per year. Beginning in FY 2012, phases out reimbursements for nonoperating fixed-rate levies by 25% per year (municipalities are the only non-school taxing unit that is eligible for this reimbursement).

(2) Changes the percentages of money credited to various funds from kilowatt-hour (KWH) tax receipts. For FY 2012 and FY 2013, requires 88% of receipts to be credited to the GRF (from 63%), 9% (from 25.4%) to the School District Property Tax Replacement Fund (Fund 7053), and 3% (from 11.6%) to the Local Government Property Tax Replacement Fund (Fund 7054). Distributions to the GRF increase in subsequent fiscal years, to 100% in FY 2031, and eliminates distributions to the other two funds in that same year.

(3) Changes the distribution of receipts from the excise tax on natural gas distribution companies. Beginning FY 2012, requires 100% of receipts to the GRF instead of 68.7% to the School District Property Tax Replacement Fund (Fund 7053) and 31.3% to the Local Government Property Tax

The appropriation for these payments from the Local Government Property Tax Replacement Fund (Fund 7054) is \$16 million for FY 2012 and \$11 million for FY 2013, down from an estimated \$90 million in FY 2011. The reallocation of KWH tax receipts would increase revenue to the GRF by about \$139 million in FY 2012 and \$141 million in FY 2013. The reduction in receipts to Fund 7054 under the proposed formula would be about \$48 million in FY 2012 and FY 2013. The remainder of the increase in GRF revenue would come from the reduction in share to Fund 7053. Also, the bill directs the natural gas distribution tax to the GRF beginning in FY 2012. Specifies that the corresponding percentages for FY 2013 are 50% (from 10.6%), 35% (from 70%), and 15% (from 19.4%), respectively. Increases distributions to the GRF in subsequent fiscal years, to 100% in FY 2021, and phases out distributions to the other two funds. Eliminates distributions to Fund 7047 beginning in FY 2021. Eliminates distributions to Fund 7081 beginning in FY 2019.

(8) Specifies that debt levies that have been imposed pursuant to a municipal charter, and that do not have to be approved by voters will, like other unvoted debt levies, continue to be reimbursed at 100% as long as the levy was still being used to pay debt in 2010 and as long as it continues to be levied to pay debt.

**Fiscal effect: See LSC's Bill Analysis for H.B. 153 for a more extensive discussion of these proposed statutory changes. The appropriation for these payments from the Local Government Tangible Property Tax Replacement Fund (Fund 7081) is \$291 million for FY 2012 and \$181 million for FY 2013, down from an estimated \$414 million in FY 2011. The reallocation of CAT receipts would increase revenue to the GRF by about \$289 million in FY 2012 and \$594 million in FY 2013. The reduction in receipts to Fund 7081 under the proposed formula would be about \$32 million in FY 2012 and \$66 million in FY 2013. The remainder of the increase in GRF revenue would come from the reduction in share to Fund 7047. The bill retains the current law provision that the GRF would make up any shortfall in amounts needed to provide school districts and local governments their required reimbursements, though the required reimbursements are phased out more quickly under the proposed changes. The provision that limits the speed with which TPP reimbursements are phased out for any individual jurisdiction to no more than 2% of its total resources in calendar year 2011 and 4% in 2012 makes a statewide calculation of the change in required reimbursement very data intensive. LSC has not yet determined whether GRF transfers will be needed in addition to the amounts appropriated in the bill.**

**Fiscal effect: Reduces transfers from the GRF to Fund 7069 in FY 2012 by about \$172 million compared to current law, to \$526 million. Reduces these transfers in FY 2013 by about \$398 million compared to current law, to \$339 million. Reduces transfers from the GRF to Fund 7065 by about \$75 million in FY 2012 compared to current law, to \$354 million. Reduces these transfers in FY 2013 by about \$102 million compared to current law, to \$345 million. Reduces transfers from the dealers in intangibles tax to counties, allocating these amounts instead to the GRF starting in CY 2012, that totaled about \$13 million in CY 2009. Total gain to the GRF would be about \$254 million in FY 2012 and \$513 million in FY 2013.**
