Recalculation of Rates for Reduced OCC Appropriation

R.C. 4909.15, 4928.18

R.C. 4909.15, 4928.18

No provision.

Requires the Public Utilities Commission of Ohio (PUCO) to recalculate public utilities' rates, for utilities that do not pay the minimum Office of Consumers' Counsel (OCC) assessment, by the end of 2011 for closed rate cases, based on payments of assessments calculated in accordance with the reduced appropriation amount for the OCC contained in the bill.

Same as the House.

Fiscal effect: Under existing law, OCC operations are funded by assessments on regulated utilities, with the amount assessed determined by the amount appropriated to GSF item 053601. The appropriation to this line item is reduced by about \$4.4 million (51%) from FY 2011 to FY 2012. This provision ensures that the reduction in the amount appropriated is returned to the customers of utilities affected by the provision, rather than being retained by the utility.

Fiscal effect: Same as the House, except that the reduction in the amount of the appropriation in the Senate version of the bill is \$2.9 million.
