AUDCD1 Rule Summaries, Analyses, and Notifications under the JCARR Rule-Making Process

R.C. 111.15, 117.20

Eliminates the exception that authorized the Auditor of State to not prepare a rule summary and fiscal analysis of proposed auditing rules as part of the rule-making procedure required under current law.

Authorizes the Auditor of State to send notices of public hearings on proposed auditing rules and to transmit copies of those rules by electronic mail.

Fiscal effect: Potential increase in administrative costs under the GRF appropriation item 070321, Operating Expenses, to prepare rule summaries and fiscal analyses of proposed rules. Some of these costs may be offset by allowing hearing notices and copies of proposed rules by e-mail rather than standard mail.

Fiscal Watch/Emergency Technical Assistance

Section: 223.10

Requires that GRF appropriation item 070403, Fiscal Watch/Emergency Technical Assistance, be used to pay the expenses incurred for fiscal watch or fiscal emergency activities under R.C. 118 and R.C. 3316. Specifies that these qualifying expenses include but are not limited to: (1) duties related to the determination or termination of fiscal watch or fiscal emergency of municipal corporations, counties, townships, or school districts; (2) development of preliminary accounting reports; (3) performance of annual forecasts; (4) provision of performance audits; and (5) supervisory, accounting, or auditing services for the municipal corporations, counties, townships, or school districts.

Surety Bonds for State Elected Office Holders and Other Officials

R.C. 109.06, 111.02, 113.02, 117.03, 121.11

(1) Eliminates the requirement that statewide elected office holders give a surety bond to the state that has been issued by a surety provider approved by the Governor, and instead allows the bond to be issued by any surety provider authorized to do business in the state.

(2) Removes the requirement for the Governor to approve surety and fix the amounts of surety for bonds of cabinet-level department appointees (but maintains the current law's minimum threshold of \$10,000 for such surety bonds). Allows DAS to procure a schedule in addition to a blanket bond from a duly authorized corporate surety provider authorized to do business in the state instead of from any duly authorized corporate surety for such appointees and any other officer the Governor designates.

(3) Removes the current authority for the director of each department, with the Governor's approval, to require any officer or employee in the director's department, to give a surety bond.

FCCCD14 Approval of School District Energy Conservation Measures

R.C. 133.06, 3313.372

No provision.

Requires that SFC approve a school district board's request for approval to incur indebtedness only after SFC, in addition to determining that the board's findings are reasonable as under continuing law, determines that the request for approval is complete, and the installations, modifications, or remodeling are consistent with any project to construct or acquire classroom facilities, or to reconstruct or make additions to existing classroom facilities under a state-assisted school facilities project.

Permits SFC, in consultation with the Auditor of State, to deny a request to incur indebtedness from a district board declared to be in a state of fiscal watch, upon determining the expenditure of funds is not in the best interest of the district.

Prohibits a board of education of a school district that has been declared to be under fiscal emergency from submitting a request without submitting evidence that the installations, modifications, or remodeling have been approved by the district's financial planning and

R.C. 133.06, 3313.372

Requires that when an architect, professional engineer, or other entity hired by a district board of education provides an analysis of potential energy conservation measures to the district board the baseline analysis of actual energy consumption data for the preceding three years include a utility energy consumption baseline based only on the actual energy consumption data for the preceding twelve months.

supervision commission.

Prohibits the board of a school district for which the Superintendent of Public Instruction is required to establish an academic distress commission from submitting a request to incur indebtedness without receiving prior approval of the academic distress commission.

Requires that the terms of an installment contract for energy savings measures provide that all payments, except payments for repairs and obligations on premature contract termination, be stated as a percentage of savings and avoided costs attributable to one or more measures to be taken over a defined period of time.

Requires that payments be made only to the extent that the projected savings and avoided costs actually occur.

No provision.

No provision.

Fiscal effect: The provision may limit the ability of certain school districts to receive SFC approval to incur indebtedness to finance a school district energy conservation measure. Under current law, SFC is required to approve a district's request if SFC determines that the district's analysis of its proposed energy conservation measure is reasonable.
