Introduction

The Comparison Document provides brief descriptions and fiscal estimates of the provisions that make up the executive recommended version and subsequent versions of the biennial main operating budget bill of the 130th General Assembly, House Bill 59. The document is arranged in alphabetical order by state agency. It also includes two nonagency items for which appropriations are made, Employee Benefits Fund (PAY) and Revenue Distribution Funds (RDF), as well as a Local Government Provisions (LOC) section for provisions that affect local governments and that are not entered in other agency sections. A Table of Contents follows this Introduction. Two indices are located at the end of the document. The first index gives the page number of each particular item within the sections; the second index lists cross-references by agency.

Generally within an agency's section, items that involve Revised Code changes come first, followed by items that involve uncodified (i.e., temporary) law provisions. The sections for the Department of Education and the Department of Taxation are first arranged by general topic areas. If an item affects more than one agency, it is described under one of the affected agencies, rather than all of the agencies. However, the other agencies are listed in the cross-referencing index at the end of the document. This index lists, for each agency, all entries that affect the agency but are not included in that agency's section as well as the page numbers for these entries. A reader who is interested in all provisions affecting a certain agency should consult the cross-referencing index in addition to the agency's section.

Each item is assigned a unique identification number. This number begins with an agency's three-letter Central Accounting System (CAS) code followed by a comparison document reference ("CD") and a number (TAXCD15, for example). A reader who wants to track an item across several versions of the Comparison Document may find the identification number useful.

The Comparison Document does not include appropriation amounts for the agencies. Please see the Legislative Service Commission's Budget in Detail spreadsheet for that information. For a complete discussion of the statutory changes in H.B. 59, see the Legislative Service Commission's Bill Analysis.

School Funding

EDUCD92 Jon Peterson Scholarship Funding Formula

R.C. 3310.56, 3310.51

Replaces the formula used to calculate deductions from school districts and payments for the Jon Peterson Special Needs Scholarship Program. Specifies the formula for each student as the sum of the per pupil amount of the opportunity grant for the resident district and the amount for the student's special education category.

Maintains current law that restricts the amount to the least of the fees charged by the provider, the amount calculated above, or \$20,000.

Fiscal effect: Under current law, each scholarship has a base amount of \$5,704 plus the additional special education weighted funds. The provision decreases the base amount to the per pupil opportunity grant, which differs for each school district, but is never more than \$5,000, and increases the additional amount depending on the student's special education category.

R.C. 3310.56, 3310.51

Replaces the Executive provision with a provision that modifies the current calculation by replacing the formula amount and base funding supplements from FY 2009, with the current year formula amount, and updating the special education category weights to match those used for school districts.

Same as the Executive.

Fiscal effect: Increases the base amount to \$5,732 in FY 2014 and \$5,789 in FY 2015. The new special education weights generally result in higher amounts than the ones in current law.

EDUCD85 Community School Funding Formula

R.C. 3314.08, 3313.88, 3314.029, 3314.03, 3314.083, 3314.084, 3314.087, 3314.088 (repealed), 3314.11, 3314.13 (repealed), 3314.26, 5727.84

Replaces the formula used to calculate deductions from school districts and transfers to community schools with a formula that is similar to the formula for traditional districts. Specifies the formula for each student as the sum of:

R.C. 3314.08, 3313.88, 3314.029, 3314.03, 3314.083, 3314.084, 3314.087, 3314.088 (repealed), 3314.11, 3314.13 (repealed), 3314.26, 5727.84

Same as the Executive, but makes the following changes:

Executive

As Reported by House Finance and Appropriations

(1) An opportunity grant of \$5,000 ($\$250,000 \times 0.02$);

(1) Replaces the Executive calculation with the formula amount, which is equal to \$5,732 in FY 2014 and \$5,789 in FY 2015.

(2) The per-pupil amount of targeted assistance funds for the student's resident district, except does not provide this funding for e-schools;

(2) Same as the Executive, but provides only the per-pupil amount of tier 1 targeted assistance funds for the student's resident district and multiplies this amount by 0.25.

(3) The amount for the student's special education category, if the student has a disability, where the category amount is the same as that used for traditional school districts (see EDUCD83). Transfers 15% of this amount to the Special Education Exceptional Cost Fund (see EDUCD91).

(3) Same as the Executive, but (a) instead of an amount for each category, uses a category weight x the formula amount, where the category weights and the formula amount are the same as those used for traditional school districts under the House proposal and (b) eliminates the transfers to the Exceptional Cost Fund.

(4) The per-pupil amount of early childhood access funds for the student's resident district, if the student is in kindergarten, except does not provide this funding for e-schools.

(4) Replaces the Executive calculation with a per pupil amount if the child is in kindergarten through third grade, where the per pupil amount equals \$300 in FY 2014 and \$303 in FY 2015. Does not provide this funding to e-schools.

(5) Economically disadvantaged funds equal to $\$500 \times$ the resident district's economically disadvantaged index.

(5) Same as the Executive, but reduces the per pupil amount to \$340 in FY 2014 and \$343 in FY 2015 (under the House proposal, each traditional school district's economically disadvantaged index is the square of the Executive calculation) and does not provide this funding to e-schools.

(6) The amount for the student's LEP category, if the student is LEP.

(6) Same as the Executive, but does not provide funding for category 4, which the bill eliminates, increases the amounts by 1% in FY 2015, and prohibits e-schools from receiving this funding.

(7) Gifted funds equal to \$50.

(7) No provision.

Executive

(8) No provision. (See EDUCD88)

Fiscal effect: Alters the per pupil amount deducted from school district state funding allocations compared to current law, which is based on a formula amount of \$5,653 plus additional amounts based on FY 2009 levels for special education, career-technical education, poverty-based assistance, and parity aid. In FY 2012, transfers of state aid to community schools amounted to \$774.4 million. In addition to the transfers described here, community schools, other than e-schools, are provided \$100 per ADM for facilities costs (see EDUCD78).

As Reported by House Finance and Appropriations

(8) Career-technical education funds equal to the category weight x the formula amount, where the category weights and the formula amount are the same as those used for traditional school districts under the House proposal. Subjects the deduction and payment of these funds to the review and approval of the school's career-technical program by the lead district of the career-technical planning district to which the school is affiliated (see EDUCD88).

Fiscal effect: Same as the Executive.

EDUCD93 Capital and Maintenance Fund Set Aside

R.C. 3315.18

Revises the capital and maintenance fund set aside requirement for school districts to specify they set aside 3% of their opportunity grant, rather than 3% of the formula amount as under current law.

Fiscal effect: All else being equal, decreases the amount required to be set aside in a district's capital and maintenance fund.

No provision.

EDUCD88 Career-Technical Education Funding

R.C. 3317.162, 3317.014, 3317.023, 3317.05, 3317.163, 3314.085

Removes career-technical additional funding from the main funding formula, so that is it no longer part of the main formula's guarantee or cap. Pays this funding to career-technical planning districts (CTPDs) based on the ADM of their member districts and schools.

Replaces the existing two categories of career-technical education with five categories. Allocates funding to each CTPD equal to the ADM in each category x an amount for each category, where the amounts for categories 1-5 are: \$2,900, \$2,600, \$1,650, \$1,200, and \$900.

Requires the lead district of each CTPD to approve or disapprove the career-technical program of all member districts and schools. Requires ODE to review any program disapprovals and provides that, if ODE approves the program, ODE's decision is final. Requires ODE to transfer the funding calculated for its ADM to each approved district and school.

Specifies that the current law formula for crediting career-technical associated services funding to each lead district

R.C. 3317.014, 3317.161, 3317.022, 3317.023, 3317.05, 3317.16

No provision.

Same as the Executive, but directly allocates career-technical education funding to traditional and joint vocational districts inside the main funding formulas and, instead of using an amount for each category, determines the career-technical education cost using category weight x formula amount, where the 1-5 category weights are: 0.76, 0.68, 0.43, 0.31, and 0.24. Pays associated services funding to traditional and joint vocational school districts based on a weight of 0.05. Applies the state share index (for traditional districts) or the state share percentage (for JVSDs) to the calculated cost to determine the state share (see EDUCD83).

Same as the Executive, but (1) also requires ODE, in reviewing the decision of a lead district of a CTPD to disapprove a career-technical education program from receiving funding, to consider the demand for the career-technical education program and the availability of the program within the CTPD and (2) eliminates the requirement that ODE transfer the funding calculated for its ADM to each approved district and school.

Replaces the Executive provision with a provision that restores current law, except that the credit is calculated

Executive

of a CTPD does not apply after FY 2013 and pays state funds for career-technical associated services, at a rate of \$150 per career-technical ADM, directly to each lead district of a CTPD.

Fiscal effect: Allocates to CTPDs, from GRF appropriation item 200550, Foundation Funding, an estimated \$118.1 million per year in career-technical education funds and \$8.8 million per year in funding for associated services, for a total of \$126.9 million per year.

using (1) the formula amount instead of \$5,732, (2) the state share index instead of the state share percentage, and (3) the sum of categories 1-5 career-technical education ADM instead of the sum of categories 1 and 2 vocational education ADM.

Fiscal effect: Eliminates the earmark allocating funding to CTPDs and instead allocates career-technical education funds in the main formulas for traditional and joint vocational school districts.

Modifies the pupil transportation formula to use the state share index from the new formula (see EDUCD83) instead of the state share percentage. Requires ODE to prorate the calculated amount for each district to fit within the appropriation. Removes pupil transportation funding from the main funding formula, so that it is no longer part of the main formula's guarantee or cap.

No provision.

No provision.

Fiscal effect: Allocates \$375.8 million each year for this funding from GRF appropriation item 200502, Pupil Transportation.

R.C. 3317.0212

Same as the Executive, but (1) removes the following adjustments from the pupil transportation formula so that funding is based only on the greater of per rider or per mile costs for each district: (a) nontraditional ridership, (b) high school ridership, (c) distance adjustment to school districts that transport K-8 students who live between one and two miles from school, (d) efficiency; and (2) includes the formula payments and payments for students transported by means other than school bus service in the main formula.

Provides a transportation supplement for low-wealth and low density school districts equal to the difference between the district's unrestricted pupil transportation formula amount and the prorated amount.

Requires school districts to report transportation funding data through the Education Management Information System.

Fiscal effect: Increases funding for pupil transportation formula payments by \$37.6 million in FY 2014 and by \$58.3 million in FY 2015. Provides an additional \$25.3 million in FY 2014 and \$23.1 million in FY 2015 for the low wealth/low density supplement.

Replaces the unit funding formula for preschool special education funding for school districts and institutions. Specifies the formula as the sum of the following:

(1) \$4,000 x the number of pre-school special education students; and

(2) The sum of (the number of preschool students in each special education category x the amount specified for each special education category x state share index x 0.5), where the state share index for a state institution is the state share index of the student's resident district and the amount for each special education category is the same as that for K-12 students (see EDUCD83).

Multiplies the tuition paid from one school district to another for preschool special education students by 0.5.

Permits a school district for which an educational service center or county DD board is providing preschool special education services for resident children to authorize ODE to transfer the district's additional aid for preschool special education to the educational service center or county DD board providing those services.

Renames "catastrophic" cost to "exceptional" cost.

Replaces "state share percentage" in the formula to "state share index" to reflect the new funding formula.

Pays aid for exceptional costs from the new Fund (under current law these costs are paid through a GRF set aside).

Fiscal effect: Effectively pools a portion of additional special education aid to pay these costs. The amount pooled is estimated to be \$111.6 million in FY 2014 and \$119.5 million in FY 2015.

EDUCD83 Traditional School District Funding

R.C. 3317.022, 3317.0217, 3317.013, 3317.03, 3317.016, Section 263.240, other various sections

Counts kindergarten students as a true full-time equivalent (FTE) student in average daily membership (ADM), the student count used for the funding formula, instead of counting all kindergarten students as one FTE, regardless of the time spent in school (typically either full or half day).

Replaces the school funding formula in the Revised Code, which hasn't been used for city, local, and exempted village school districts since FY 2009, with a new formula that computes core foundation funding as the sum of the following:

(1) An opportunity grant of $\{\$250,000 - [\text{district's 3-year average valuation} / (\text{total ADM} + \text{preschool scholarship ADM})]\} \times 0.02 \times (\text{formula ADM} + \text{preschool scholarship ADM})$ (if the result is negative, then "0"); where formula ADM counts only 20% of the JVSD ADM and preschool scholarship ADM counts preschool children participating in

R.C. 3317.022, 3317.01, 3317.013, 3317.014, 3317.016, 3317.017, 3317.02, 3317.023, 3317.0217, 3317.051, 3321.01, Section 263.240, other various sections

Same as the Executive, but also (1) requires traditional and joint vocational school districts to certify ADM during the first full school week of each month, rather than only the first full week of October as required under current law, (2) specifies that a district's computed state operating funding be based on the annualized average of monthly ADM counts, (3) prohibits a traditional school district from categorically excluding a student from its reported number of economically disadvantaged students based on anything other than family income (this provision also applies to such reports by JVSDs, community schools, and STEM schools), and (4) permits a school district to charge fees or tuition for a student enrolled in all-day kindergarten only as long as the student is included in the student count reported to ODE as less than one FTE student.

Same as the Executive, but makes the following changes:

(1) Replaces the Executive calculation with an opportunity grant equal to $\text{formula amount} \times \text{formula ADM} \times \text{state share index}$, where formula amount equals \$5,732 in FY 2014 and \$5,789 in FY 2015; state share index equals 5% if a district's adjusted valuation index (AVI) is greater than or equal to 1.8, a scaled amount from 5% to 50% if a

Executive

the Autism Scholarship Program.

(2) Targeted assistance funds for 490 districts with lowest wealth per pupil, equal to: $\{[\text{threshold district wealth per pupil} - \text{district wealth per pupil}] \times \text{target millage} \times \text{district wealth index} \times (\text{formula ADM} - \text{e-school ADM} - \text{EdChoice ADM})\}$, where wealth per pupil is the average of 3-year average valuation and 3-year average income (FAGI) per formula ADM, the threshold district has the 490th lowest wealth per pupil, target millage equals 0.006 in FY 2014 and 0.007 in FY 2015, and the district wealth index equals state wealth per pupil/local wealth per pupil.

(3) Special education additional aid equal to the sum of (the ADM in each special education category x an amount for each category) x state share index, where state share index equals $\{(\text{district valuation index} \times (\text{maximum district valuation index} - \text{minimum district valuation index}) / 0.9)\} \times$

As Reported by House Finance and Appropriations

district's AVI is between 1.8 and 0.9, 50% if a district's AVI is 0.9, a scaled amount from 50% to 90% if a district's AVI is between 0.9 and 0.35, and 90% if AVI is less than or equal to 0.35; AVI is equal to a district's valuation index, unless a district's median income index is less than its valuation index, in which case AVI is equal to $1/3$ the median income index plus $2/3$ the valuation index; a district's valuation index is equal to the district's adjusted three-year average valuation in FY 2014 divided by the state average; a district's median income index is equal to the district's median Ohio adjusted gross income divided by the median district's median Ohio adjusted gross income; and a district's adjusted three-year average valuation is equal to the average of total valuation for fiscal years 2012, 2013, and 2014, adjusted for districts with exempt property equal to at least 30% of exempt plus taxable property by subtracting that 30%.

(2) Same as the Executive, but target millage equals 0.006 in FY 2015, and a second tier is added, where the second tier equals a percentage of the first tier allocation and the percentage ranges from 40% for a district with agricultural property that is 10% or more of real property to 0% for a district with no agricultural property.

(3) Same as the Executive, but instead of an amount for each category, uses a category weight x 90% x formula amount, and the state share index is the same as that for the opportunity grant (see (1) above), where the 1-6 category weights are: 0.2906, 0.7374, 1.7716, 2.3643,

Executive

0.1, with minimum of 0.05 and a maximum of 0.95, district valuation index equals state 3-year average valuation per total ADM/district 3-year average valuation per total ADM, and the amounts for categories 1-6 are: \$1,902; \$4,827, \$11,596, \$15,475, \$20,959, \$30,896. Transfers 15% of this amount to the Special Education Exceptional Cost Fund (See EDUCD91).

(4) Early childhood access funds for districts with an economically disadvantaged index greater than 1.0 and an early childhood access index greater than 0.5, equal to 2 x kindergarten ADM x \$600 x early childhood access index, where early childhood access index equals district kindergarten ADM per pre-school/state kindergarten ADM per pre-school and economically disadvantaged index equals district % of total ADM who are economically disadvantaged/state % of total ADM who are economically disadvantaged.

(5) Economically disadvantaged funds equal to economically disadvantaged ADM x \$500 x economically disadvantaged index.

(6) Limited English proficiency (LEP) funds equal to the sum of (ADM for each LEP category x an amount for each LEP category) x state share index, where the amounts for categories 1-4 are \$1,500, \$1,125, \$750, and \$375.

(7) Gifted funds equal to \$50 x formula ADM.

As Reported by House Finance and Appropriations

3.2022, and 4.7205.

(4) Replaces the Executive calculation with a district's kindergarten through third grade ADM x a per pupil amount x state share index, where the per pupil amount is \$300 in FY 2014 and \$303 in FY 2015.

(5) Same as the Executive, but the index is the square of the Executive calculation and decreases the per pupil amount to \$340 in FY 2014 and \$343 in FY 2015.

(6) Same as the Executive, but does not provide funding for category 4 and increases the amounts by 1% in FY 2015.

(7) Replaces the Executive calculation with a per pupil amount of \$5 in FY 2014 and \$5.05 in FY 2015 for gifted identification plus unit funding where each district is assigned units based on the district's formula ADM minus it's community school ADM, total units assigned are equal to a unit for every 3,300 students with a minimum of 0.5 and maximum of 8 for gifted coordinators, plus a unit for every 1.100 students with a minimum of 0.3 for gifted

Executive

As Reported by House Finance and Appropriations

intervention specialists, the total number of units is multiplied by \$37,000 in FY 2014 and \$37,370 in FY 2015. Requires a school district to use the funding it receives for gifted coordinator services or gifted intervention specialist services only for that purpose. Requires a school district to employ qualified personnel to provide gifted coordinator services or gifted intervention specialist services on a full-time equivalency basis that corresponds to the units allocated to the district for that purpose. Permits a school district to assign its gifted unit funding to another school district, an ESC, a community school, or a STEM school.

(8) No provision. (See EDUCD88)

(8) Provides career-technical education funds in the main formula equal to the formula amount x the district's total career-technical education weight x state share index and subjects the payment of these funds to the review and approval of the district's career-technical education program by the lead district of the career-technical planning district (CTPD) to which the district is affiliated (see EDUCD88). Requires a comprehensive single-district CTPD or a school district that is a party to a career-technical educational compact (not JVSDs) to spend at least 75% of career-technical education funding on costs directly associated with career-technical education programs and not more than 25% on personnel expenditures (an existing rule prescribes these same percentages for these same purposes for the expenditure of career-technical education funds by all types of providers).

(9) No provision. (See EDUCD88)

(9) Provides career-technical education associated services funding in the main formula and equal to formula amount x career-technical education ADM x 0.05 x state share index (see EDUCD88).

Executive

Makes the following adjustments to core foundation funding to calculate final core funding:

(1) Caps funding by limiting it to the minimum of calculated core foundation funding, base x 1.25, or base + (total resources x 0.1), where base for FY 2014 equals FY 2013 state aid - FY 2011 transportation funding - FY 2011 career-technical additional funding, base for FY 2015 equals FY 2014 final core funding, total resources for FY 2014 equals state aid and tax revenues for FY 2012, and total resources for FY 2015 equals state aid and tax revenues for FY 2013. Requires ODE to reduce a district's payments under components (2) through (7) above proportionately as necessary to implement the cap.

(2) Guarantees funding by calculating final core funding as the maximum of the base, the calculated opportunity grant, or the capped aid calculated above.

Modifies the special education categories by including developmentally delayed preschool special education students in category 2.

Establishes the LEP categories as follows:

(1) Enrolled in U.S. schools 180 school days or less and not previously exempted from spring English assessments;

(2) Enrolled in U.S. schools for more than 180 school days or was previously exempted from spring English assessments;

As Reported by House Finance and Appropriations

Same as the Executive, but makes the following changes:

(1) Same as the Executive, but (a) limits foundation funding (defined to include the components described above plus pupil transportation funding) in FY 2014 and FY 2015 to 1.06 times the district's FY 2013 state aid and 1.06 times FY 2014 foundation funding, respectively, and (b) requires ODE to proportionally reduce payments for all components except special education additional funding and career-technical education funding to comply with the cap unless those amounts are insufficient, in which case special education additional funding and career-technical education funding are also to be proportionately reduced.

(2) Same as the Executive, but (a) specifies that a district's base for both fiscal years is equal to its FY 2013 state aid, which includes pupil transportation and career-technical education funding since those components are included in the main formula under the House proposal, and (b) eliminates the guarantee based on the district's opportunity grant.

(3) Not in categories 1 or 2, but in a trial-mainstream period;

(3) Same as the Executive.

(4) Not in categories 1-3, but main language spoken at home is not English.

(4) No provision.

Requires districts spend the portion of the opportunity grant calculated for the district's special education ADM plus the additional special education aid paid to the district for approved special education expenses.

Same as the Executive, but revises the calculation to the following: (formula amount x total special education ADM) + (formula amount x the district's total special education weight).

Eliminates requirements that (a) each school district report data to ODE that allows for monitoring compliance with minimum special education spending requirements and that (b) ODE annually report to the Governor and the General Assembly the amount of money spent by school districts on special education and related services.

Same as the Executive.

Modifies the amount credited on an FTE basis to an educating school district pursuant to a shared education contract, compact, or cooperative education agreement from the formula amount + (if applicable) \$5,732 x state share percentage x applicable category weight for special education or career-technical education to the per pupil amount of the opportunity grant of the resident district + any applicable amount for special education or career-technical education.

Replaces the Executive provision with a provision that restores current law, except that the categorical component of the credit is calculated as follows: formula amount x the state share index x applicable category weight for special education (educating districts will no longer be credited amounts for career-technical education funding).

Fiscal effect: Appropriates \$6.24 billion in FY 2014 and \$6.44 billion in FY 2015 for final core funding for traditional school districts.

Fiscal effect: Same as the Executive, but increases the amount calculated for final core funding for traditional school districts to \$6.61 billion in FY 2014 and to \$6.90 billion in FY 2015. Requiring monthly certifications of ADM may lower ADM, resulting in lower amounts of state aid.

EDUCD84 Joint Vocational School District Funding

R.C. 3317.16, 3317.161, Section 263.250

Replaces the JVSD school funding formula in the Revised Code, which hasn't been used since FY 2009, with a new formula for core foundation funding that mirrors the formula for traditional school districts (see EDUCD83) with the following modifications:

(1) Calculates the opportunity grant as: [$\$10 \text{ million} - (\text{JVSD's three-year average valuation} / \text{formula ADM})$] x 0.0005 x formula ADM (if the result is negative, then "0");

(2) Calculates targeted assistance funds for the 39 JVSDs with lowest wealth per pupil, as: $\{[\text{threshold JVSD wealth per pupil} - \text{JVSD wealth per pupil}] \times \text{target millage} \times \text{JVSD wealth index} \times \text{formula ADM}$, where the threshold JVSD has the 39th lowest wealth per pupil and target millage equals 0.00025.

(3) Provides no early childhood access funds.

(4) Calculates special education additional aid, economically disadvantaged funds, LEP funds, and gifted funds as they are calculated for traditional districts. As with traditional districts, transfers 15% of special education additional aid to the Special Education Exceptional Cost Fund (see EDUCD91).

R.C. 3317.16, Section 263.250

Same as the Executive, but makes the following changes:

(1) Replaces the Executive calculation with (formula amount x formula ADM) - (0.0005 x three year average property valuation), where formula amount equals \$5,732 in FY 2014 and \$5,789 in FY 2015 (as under the Executive proposal, if the result is negative, then "0").

(2) No provision.

(3) Same as the Executive.

(4) Same as the Executive, but (a) calculates special education additional aid, economically disadvantaged funds, and LEP funds as they are calculated for traditional school districts under the House proposal, (b) provides no gifted funds, (c) calculates the state share of special education additional aid and LEP funds according to the state share percentage, where this percentage equals opportunity grant amount/(formula amount x formula ADM), and (d) eliminates the transfer of 15% to the Exceptional

Executive

Cost Fund.

(5) Provides career-technical education funds in the main formula equal to the formula amount x the district's total career-technical education weight x state share percentage and subjects the payment of these funds to the review and approval of the district's career-technical program by the lead district of the career-technical planning district to which the district is affiliated (see EDUCD88).

(6) No provision. (See EDUCD88)

(6) Provides career-technical education associated services funding in the main formula and equal to formula amount x career-technical education ADM x 0.05 x state share percentage (see EDUCD88).

Makes same adjustments to core foundation funding to calculate final core funding as are made for traditional districts except no cap is made based on total resources and the base for FY 2014 equals FY 2013 state aid - FY 2009 career-technical additional funding.

Same as the Executive, but makes the same adjustments to core foundation funding to calculate final core funding as are made for traditional districts under the House proposal (see EDUCD83).

Fiscal effect: Allocates an estimated \$204.3 million in FY 2014 and \$207.0 million in FY 2015 for final core funding to JVSDs.

Fiscal effect: Same as the Executive, but increases the amount calculated for final core funding for JVSDs to \$269.2 million in FY 2014 and to \$274.9 million in FY 2015.

Funding for County Boards of Development Disabilities and State Institutions

R.C. 3317.20, 3317.201, 3317.03

Discontinues the practice of counting a portion of students enrolled in county DD board schools in resident district ADM and transferring funding for these students from the resident district to the county board.

R.C. 3317.20, 3317.03

Same as the Executive, but also specifies that an existing requirement for a city, local, or exempted village school district to report the number of children, other than preschool children with disabilities, the district placed with a county DD board in fiscal year 1998 does not apply after fiscal year 2013.

Executive

Replaces the funding formula for K-12 students educated at county boards with a new formula that adds, for each child placed in a DD board's program:

- (1) (Opportunity per pupil amount of child's resident district + special education category amount) x state share index of child's resident district, and
- (2) Targeted assistance per pupil for the child's resident district.

Replaces the funding formula for K-12 students educated at institutions with a new formula that adds:

- (1) Sum of (ADM in each special education category x the amount specified for each category); and
- (2) Sum of (targeted assistance per pupil amounts for each student's resident district x the total number of each resident district's students enrolled at the institution.

Fiscal effect: Earmarks up to \$50 million per year from GRF appropriation item 200540, Special Education Enhancements, to make these payments to county boards and state institutions.

As Reported by House Finance and Appropriations

Replaces the Executive provisions with the same formula for computing payments to county DD boards as exists under current law, except that the formula continues to use the resident district's state share index in recognition of the new school funding formula (under the House proposal, the formula amount used to determine these payments increases from \$5,653 in FY 2013 to \$5,732 in FY 2014 and \$5,789 in FY 2015).

Accountability for Subgroups

R.C. 3317.40

(1) Specifies the General Assembly's intent that state operating funds provided to school districts be used to provide all students the opportunity to master a common knowledge base to graduate from high school prepared for a career or post-secondary education. Requires that districts and schools be held accountable for those funds.

(2) Expresses the General Assembly's intent that funds provided for specific subgroups of students be used to allow these students to master the knowledge required for high school graduation.

(3) Requires school districts and schools that fail to show "consistent progress," as determined by ODE, for a student subgroup for which funds are allocated (special education, economically disadvantaged, LEP, and gifted) to partner with, and pay these funds to, an organization that has a demonstrated ability to improve the educational outcome of students within that subgroup.

(4) Requires ODE to publish a list of schools, districts, and providers that have a demonstrated ability to serve each subgroup of students.

R.C. 3317.40

(1) No provision.

(2) Replaces the Executive provision with a provision that requires school districts and schools to account for the expenditure of state education funds provided for services to these subgroups of students.

(3) Replaces the Executive provision with provisions that (a) require a district or school to submit an improvement plan to ODE if ODE determines that a district or school has not reached satisfactory achievement and progress for a subgroup, (b) permit ODE to require that the plan include partnering with another entity for services to that subgroup, (c) require the State Board of Education to establish measures of satisfactory achievement and progress not later than December 31, 2014, and (d) require ODE to use the measures established by the State Board to determine if a district or school has made satisfactory achievement and progress for certain subgroups by September 1, 2015, and annually thereafter.

(4) Same as the Executive.

Executive

As Reported by House Finance and Appropriations

Fiscal effect: Potential increase in administrative burden for ODE to determine the specific measures used to determine if sufficient progress is being made. May restrict the use of a portion of state aid for some districts and schools.

Fiscal effect: Same as the Executive, but the State Board instead of ODE is tasked with determining the measures.

EDUCD86 STEM School Funding Formula

R.C. 3326.33, 3326.31, 3326.32, 3326.34 (repealed and re-enacted), 3326.38, 3326.39 (repealed)

Replaces the formula used to calculate deductions from school districts and transfers to STEM schools with a formula that is the same as that for community schools (see EDUCD85) except that it does not provide funds for early childhood access.

Fiscal effect: Alters the per pupil amount deducted from school district state funding allocations compared to current law, which is based on a formula amount of \$5,653 plus additional amounts based on FY 2009 levels for special education, career-technical education, poverty-based assistance, and parity aid. In FY 2012, transfers of state aid to STEM schools (specifically, Greater Dayton Regional STEM) amounted to \$2.2 million.

R.C. 3326.33, 3326.31, 3326.32, 3326.34, 3326.38, 3326.39 (repealed)

Replaces the Executive calculations with a formula that is the same as that for community schools under the House proposal.

Fiscal effect: Same as the Executive.

EDUCD104 Parental School Transportation Subsidy

No provision.

R.C. 3327.01, 3327.02, Sections 263.170 and 263.463

Eliminates provisions from current law that provide for a payment in lieu of transportation to a student's parent when a school district board determines it is impractical to transport the student by school vehicle. (Under current law, the payment is no more than the average cost of pupil transportation in the previous year.)

Executive

As Reported by House Finance and Appropriations

No provision.

If a student meets certain requirements, permits a student's parent, or the student if at least 18 years old, to apply for and receive a transportation subsidy in an amount equal to the lesser of (1) the statewide average cost of pupil transportation for the preceding school year or (2) the average cost of pupil transportation for the previous school year for the student's resident school district.

No provision.

Requires ODE to deduct the amount of each subsidy awarded to a student's parent or student from the state aid account of the student's resident school district.

No provision.

Prescribes that the implementation of the transportation subsidy provisions take effect on July 1, 2014.

No provision.

Requires ODE to prescribe procedures and deadlines for the application and notice process for parents or students who choose to apply for the transportation subsidy.

Fiscal effect: Eliminates a FY 2015 earmark of \$5 million for payments in lieu of transportation from GRF appropriation item 200502, Pupil Transportation. Subsidies provided to parents in FY 2015 will be deducted from school districts' state aid. It is likely that more students will qualify for subsidies than qualify for payments in lieu of transportation. In addition, the amount of the subsidies will likely be more than the amount of the payments in lieu of transportation.

Straight A Program

R.C. 3317.52

Creates the Straight A Program to provide grants to school districts, JVSDs, ESCs, community schools, STEM schools, individual school buildings, education consortia, institutions of higher education, and private entities for projects that aim to achieve significant advancement in student achievement, spending reduction in the five year fiscal forecast, or utilization of a greater share of resources in the classroom.

Creates a seven-member governing board to award the grants. Requires ODE to provide administrative support to the board. Requires the board to select advisors with fiscal and education expertise to evaluate grant proposals. Requires the board to issue an annual report concerning the program.

Specifies the required components for each grant application and agreement as well as procedures and certain criteria to be used by the board in awarding the grants.

Section: 263.325

Same as the Executive, but (1) establishes the program in uncodified law for FYs 2014 and 2015, (2) adds college preparatory boarding schools as entities eligible to apply for the grants, and (3) modifies the goals of the grant program to increased student achievement and progress, improved productivity, and sustainable cost reduction of operations.

Same as the Executive, but (1) increases the number of governing board members to eight, (2) specifies that the members serve without compensation, (3) permits, instead of requires, the governing board to select grant advisors, (4) specifies that the grant advisors form an advisory council, (5) requires the the advisors to consult with the board regarding strategic planning, and (6) specifies that no advisor will be compensated for their service.

Same as the Executive, but also (1) requires the board to create a grant application and publish on ODE's web site the grant application and the timeline for the submission, review, notification, and awarding of grant proposals, (2) requires ODE, with approval from the board, to establish a system for evaluating and scoring grant applications, (3) specifies certain priorities to be used in awarding the grants, (4) specifies that grants for education consortia cannot exceed \$1 million while grants for all other eligible entities cannot exceed \$500,000, and (5) specifies that the grants are subject to approval of the Controlling Board.

Executive

Establishes an advisory committee for the Straight A Fund consisting of up to 21 members to annually review the Straight A Program and provide strategic advice to the governing board and the Governor's Office of 21st Century Education.

Fiscal effect: The bill appropriates \$100 million in FY 2014 and \$200 million in FY 2015 from LPE Fund 7017 appropriation item 200648, Straight A Fund, for the grants. May increase ODE's administrative burden to provide support to the program's governing board.

As Reported by House Finance and Appropriations

No provision.

Fiscal effect: Same as the Executive, but reduces appropriations for the grant program to \$50 million in FY 2014 and to \$100 million in FY 2015.

Educational Service Center Funding

Sections: 263.360, R.C. 3317.11 (Repealed)

Repeals the requirement that ESCs provide supervisory services to client districts, the unit funding provided for those services, and the \$6.50 per pupil transfer to the ESC from the client district's state aid.

Repeals the per pupil state payment for ESCs of \$37.00 or \$40.52.

Specifies that state funding for ESCs in FY 2014 is 77.5% of the funding provided in FY 2013 and that funding in FY 2015 is 72.3% of the funding provided in FY 2014.

No provision.

Sections: 263.360, 263.230, R.C. 3317.11 (Repealed), 3313.843

Same as the Executive.

Same as the Executive, but includes a temporary law provision that sets the per pupil state payment amounts for ESCs at \$37.00 per pupil in FY 2014 and \$35.00 per pupil in FY 2015.

Replaces the Executive provision with a provision that provides for a per pupil payment (see above) and, if necessary, prorates the per pupil payments to fit the earmark for state reimbursement of ESCs.

Specifies that the student count for purposes of calculating any state subsidy to be paid to an ESC for services provided to a school district is the sum of the average daily student enrollments reported on the most recent report cards issued by ODE for all of the school districts with

Executive

As Reported by House Finance and Appropriations

agreements with the ESC.

Requires the governing board of any ESC that has received all moneys owed to it by a school district on the effective date of the termination of the district's agreement for services with the ESC to submit an affidavit certifying that fact not later than 15 days after the termination's effective date.

No provision.

Prohibits ODE from making any payments to any other ESCs with which the district enters into an agreement for services that the ESC provides to the district until ODE receives the affidavit.

No provision.

States that an ESC may apply for federal, state, and private grants.

No provision.

Requires each ESC, not later than January 1, 2014, to post on its web site a list of all of the services that it provides and the corresponding cost for each of those services.

No provision.

Requires ODE to ensure that, when a district enters into an agreement with a new ESC, the state subsidy for services provided to the school district is paid to the new ESC rather than the prior one.

Fiscal effect: Limits funding of ESCs by school districts to contractual agreements entered into between ESC governing boards and client districts. The bill earmarks \$27.5 million in FY 2014 and \$20.0 million in FY 2015 for state funding of ESCs.

Fiscal effect: Same as the Executive, but increases the earmark for ESC funding to \$43.5 million in FY 2014 and \$40.0 million in FY 2015, in addition to a \$3.8 million earmark for ESC gifted funding (see EDUCD23). May increase ESCs' administrative burden for posting services and corresponding costs to their web sites.

EDUCD127 Study on Funding for Gifted Students

No provision.

EDUCD64 EdChoice Eligibility (K-3 Literacy)

R.C. 3310.03, 3310.02

Beginning with the 2016-2017 school year, qualifies for the EdChoice scholarship students in kindergarten through third grade who are enrolled in a district-operated school that has received a grade of "D" or "F" in "making progress in improving K-3 literacy" in two of the three most recent state report cards and has not received an "A" in "making progress in improving K-3 literacy" in the most recent report card issued prior to the first day of July of the school year for which the scholarship is sought.

Fiscal effect: May qualify more students for EdChoice. If the expansion attracts incoming kindergarten students who would have attended nonpublic schools using private funds without the scholarship, statewide enrollment may increase, thereby increasing costs to the state. If more scholarships are awarded, deductions from school districts will increase to fund the scholarships. Districts may also experience a decrease in expenditures due to educating fewer students.

Fiscal effect: Same as the Executive.

EDUCD65 EdChoice Expansion (Low-Income Students)

R.C. 3310.032, Section 263.320

Beginning with the 2013-2014 school year, expands the EdChoice scholarship program to qualify students with family incomes at or below 200% of the federal poverty guidelines, regardless of the academic rating of the school they otherwise would attend.

R.C. 3310.032, 3310.035, Section 263.320

Same as the Executive.

Executive

Specifies that scholarships for students from low-income families are to be funded through an appropriation made by the General Assembly, rather than through deductions from their resident school districts' state education aid.

Limits the number of scholarships awarded to students from low-income families to the amount appropriated for that purpose.

Phases in this EdChoice expansion by qualifying only kindergartners for the scholarship in the 2013-2014 school year, with the next grade higher added in each subsequent year.

Prioritizes the awarding of scholarships if applications exceed the number of scholarships that can be funded by the appropriation, as follows:

- (1) First, to students who received scholarships in the previous year;
- (2) Second, to students with family incomes at or below 100% of the federal poverty guidelines;
- (3) Third, to students with family incomes between 100% and 200% of the federal poverty guidelines.

Qualifies a scholarship recipient under the new income criteria for scholarships in subsequent school years, through grade 12, even if the student's family income exceeds 200% of the federal poverty guidelines.

No provision.

the scholarship based on public school performance and not family income.

Specifies that once a student receives an EdChoice scholarship, the student will continue to receive the scholarship under the provision for which the student received the scholarship in the previous year.

Fiscal effect: The bill appropriates \$8.5 million in FY 2014 and \$17.0 million in FY 2015 in LPE Fund 7017, appropriation item 200666, EdChoice Expansion, to finance the scholarships. Assuming every student uses the maximum scholarship amount (\$4,250 for grades K-8; \$5,000 for grades 9-12), there will be 2,000 scholarships available in FY 2014 and 4,000 scholarships available in FY 2015. Districts may realize a decrease in expenditures due to educating fewer students.

Fiscal effect: Same as the Executive.

EDUCD108 Cleveland Scholarship Maximum Amount

No provision.

R.C. 3313.978

Increases from \$5,000 to \$5,700 the maximum scholarship amount awarded to students in grades 9 through 12 under the Cleveland Scholarship and Tutoring Program (CSTP).

Executive

As Reported by House Finance and Appropriations

Fiscal effect: As a result of the higher scholarship amount, the number of scholarships available may decrease. Scholarships are funded through two earmarks in GRF appropriation item 200550, Foundation Funding; one uses funds deducted directly from the Cleveland Municipal School District's state foundation aid (about \$11.9 million in each fiscal year) and the other (about \$18.7 million in each fiscal year) may be used for any school choice program. Spending on CSTP has historically exceeded the \$11.9 million earmark taken from the district. Funding for CSTP, along with other school choice programs, will likely depend on how spending is allocated within the earmark for school choice programs.

EDUCD76 Dual Enrollment/Advanced Standing

R.C. 3314.015

Permits ODE, if a community school sponsor is found not to be compliant with applicable laws and administrative rules, to require the sponsor to remedy the reasons why it was noncompliant and to place temporary limits on the breadth and scope of the sponsor's authority until the sponsor remedies its noncompliance, in lieu of revoking a sponsor's authority to sponsor.

No provision.

Fiscal effect: If ODE revokes a sponsors authority, it takes over temporary sponsorship of the sponsor's schools, so this provision may decrease ODE's sponsorship duties if sponsors are able to come into compliance before having sponsorship authority revoked.

R.C. 3314.015, 3314.029, 3314.072

Requires a probationary sponsor to provide evidence of its compliance with applicable laws and administrative rules in order for its probationary status to be lifted by ODE.

Specifies that ODE's authority to approve, disapprove, or revoke the approval of an entity's sponsorship applies to both start-up community schools and conversion community schools.

Parent Triggered Reforms for Low Performing Schools

R.C. 3302.042

Modifies the parent triggered reform mechanism, established under the Columbus City School District Pilot Project, to become a permanent provision applicable to any school of a city, exempted village, or local school district in the state (the provision allows the parents of students enrolled in a school to petition for school reforms if that school has been ranked in the lowest 5% of all public schools by performance index score for three or more consecutive years).

No provision.

Eliminates the requirement that ODE annually report its recommendations to the General Assembly on the expansion of the Columbus City School District Pilot Project to other school districts in the state or to apply the project as a statewide program (ODE is still required to annually evaluate the parent triggered reform mechanism and to annually report its recommendations on the continuation of this mechanism to the General Assembly).

No provision.

Fiscal effect: Implementation of one of the reform plans specified under current law would likely increase administrative costs for the affected school district. Eliminates from current law the provisions specifying minimum salary steps for teachers.

Same as the Executive.

Eliminates current law specifying salary schedule filing deadlines and the conditions upon which the salary schedules for nonteaching school employees must be based, and instead generally requires a school district board annually to adopt salary schedules for teachers and nonteaching school employees.

Same as the Executive.

Eliminates the requirement that each "local" school district board file a copy of all salary schedules with the superintendent of the educational service center serving the district.

Same as the Executive.

Eliminates the requirement that teachers who have completed training resulting in eligibility for a higher salary under a district's schedule file evidence of the completion of that training with the district treasurer who then must place the teacher in the appropriate salary bracket.

Same as the Executive.

As Reported by House Finance and Appropriations

Fiscal effect: The provision may provide school districts with some flexibility in determining teacher salaries from year to year. These changes do not affect separate provisions of current law governing teacher salaries in a municipal school district (i.e. Cleveland).

Fiscal effect: Same as the Executive.

EDUCD72 Minimum School Year

R.C. *3313.48, 3313.481, 3313.482, 3313.533, 3313.62, 3313.88, 3314.092, 3317.01, 3317.03, 3321.05, 3326.11, Sections 733.10, 803.50*

R.C. *3313.48, 3313.481, 3313.482, 3313.533, 3313.62, 3313.88, 3314.092, 3317.01, 3317.03, 3321.05, 3326.11, 3327.01, Sections 733.10, 803.50*

Changes, beginning with school year 2014-2015, the minimum school year for school districts, STEM schools, and chartered nonpublic schools from 182 days to (a) 455 hours for half-day kindergarten; (b) 910 hours for all-day kindergarten and grades 1 to 6; and (c) 1,001 hours for grades 7 to 12.

Same as the Executive.

Eliminates excused calamity days for schools generally, as well as the requirement for a contingency plan to make up calamity days, but retains (a) a recently enacted allowance of calamity days for community schools and (b) a recently enacted option for districts and schools to make up some calamity days via online lessons or paper "blizzard bags."

Same as the Executive.

No provision.

Requires school district boards to hold a public hearing on the school calendar 30 days prior to adopting the school calendar. Requires each board to publish notice of the hearing in a newspaper no later than 30 days prior to the hearing.

No provision.

Prohibits a school district from reducing the total number of hours of instruction from the previous school year, unless the reduction is approved by the district board.

Executive

As Reported by House Finance and Appropriations

Requires school districts, prior to changing the hours or days in which a school is open to: (1) consider the compatibility of the proposed change on the scheduling needs of JVSDs in which any of the school's students are enrolled and any community school to which the district must transport students; (2) provide a JVSD or community school with advance notice of the proposed change and enter into a written agreement prescribing reasonable accommodations to meet the JVSD or community school's scheduling needs; and, (3) consult with chartered nonpublic schools to which the district must transport students, and to consider the impact on the schedule for transportation of the chartered nonpublic school's students.

Same as the Executive.

Requires the governing authority of a community school to consult with each school district that transports students to the school prior to making any change in the hours or days in which the school is open.

Same as the Executive, but extends the requirement to operators as well as governing authorities.

Removes the requirements that a school week consist of five days and a school month consist of four weeks. Specifies that a chartered nonpublic school may be open for instruction on any day of the week, including Saturday and Sunday.

Same as the Executive.

No provision.

Exempts school districts from transporting students to and from chartered nonpublic and community schools on Saturday or Sunday, unless an agreement to do so has been made prior to July 1, 2014.

Provides that the restructuring of the minimum school year does not apply to any collective bargaining agreement executed prior to July 1, 2014, but that any collective bargaining agreement or renewal executed after that date must comply with those changes.

Same as the Executive.

Executive

As Reported by House Finance and Appropriations

Fiscal effect: This provision will likely provide more flexibility in scheduling for most schools and districts. The elimination of excused time for public calamities may result in schools just meeting the current minimum number of days and hours to incur additional operating costs to make up any time lost.

Fiscal effect: Same as the Executive, but the administrative costs for school districts may increase for holding a public hearing and for publishing notice of the hearing. These additional costs are unlikely to exceed minimal.

EDUCD116 Chiropractors Authorized to Assess and Clear Concussed Athletes

No provision.

R.C. 3313.539, 3707.511

Authorizes chiropractors to assess and clear for return athletes removed from play for exhibiting concussion and head injury symptoms.

Fiscal effect: None. H.B. 143 of the 129th G.A. enacted certain requirements related to youth concussions and head injuries that apply to schools and youth sports organizations.

No provision.

Requires the client's treasurer or fiscal officer to indicate this decision and the amount of funds retained by the ESC on the client's end-of-year financial report.

Executive

As Reported by House Finance and Appropriations

No provision.

Requires the treasurer of an ESC, upon fulfilling the request of a client's chief administrator to spend a portion of the client's retained funds for a purpose other than services specifically set forth under a service agreement, to keep a record of the expenditure and its purpose and to notify the client's treasurer or fiscal officer of the recorded expenditures on at least an annual basis or upon request.

As Reported by House Finance and Appropriations

No provision.

Authorizes, but does not require, the superintendent of a school district to allow a student receiving home instruction who is not entitled to attend school in that district to participate in a school's extracurricular activities, if the activity is not offered by the student's resident district.

Fiscal effect: May increase expenses related to extracurricular activities in any district that enrolls nonpublic or home-schooled students in its schools' extracurricular activities.

Fiscal effect: More school districts may choose to participate in the program if not all of the schools in the district have to operate a program. Provides schools participating in the program with more flexibility in meeting the physical activity requirement.

EDUCD130

Auxiliary Services Funds

No provision.

R.C. 3317.06

Replaces the term "electronic textbook," as used under current law with the term "digital text" and alters the definition only to specify that they are "consumable" books or substitute books accessed through electronic means.

Executive

As Reported by House Finance and Appropriations

No provision.

Specifies that mobile instructional applications that cost less than \$10 distributed to students be considered "consumable," without the expectation of the return of those applications.

Fiscal effect: None.

Eliminates the requirement of current law for school districts to provide both speech-language pathology services at a ratio of one pathologist per 2,000 students and school psychological services at a ratio of one psychologist per 2,500 students.

No provision.

Fiscal effect: Provides flexibility for school districts associated with the provision of speech language pathology and psychological services.

Authorizes the board of education of a school district that elects not to appoint a licensed business manager to assign the statutory duties of a business manager to other employees or officers of the board, including the treasurer, and to give those employees any title that reflects the assignment of those duties.

Specifies that if a board assigns the duties of a business manager to the district treasurer, the district superintendent, and not the treasurer, has the authority to recommend the appointment or discharge of noneducational employees.

Specifies that the General Assembly's intent is to supersede the 2007 decision of the Eighth District Court of Appeals (Cuyahoga County) that current law prohibits the assignment of a business manager's duties to the district treasurer (OAPSE/AFSCME Local 4 v. Berdine, 174 Ohio App.3d 46).

Requires that human trafficking content be included in a school's in-service staff training program for school safety and violence prevention.

Fiscal effect: School districts may incur increased administrative costs to include human trafficking content in their in-service training. However, any costs are likely not to exceed minimal because the in-service training is already required for certain school district staff. Also, content regarding human trafficking may already be available for districts to use in the training. For example, ODE has information on human trafficking in its Safety and Violence Prevention Curriculum.

Renames the Post-Secondary Enrollment Options (PSEO) Program as the College Credit Plus Program.

No provision.

Makes the following changes to the renamed program:

Replaces the Executive provision with a provision that makes the following changes to the existing PSEO program:

- (1) Requires all state institutions of higher education to participate in the program, except for the Northeastern Ohio Universities Medical College.
- (2) Requires that students be considered qualified to participate in the College Credit Plus Program based solely on the participating college's established admission standards.
- (3) Requires student participation in the program to be based on a participating institution of higher education's established admission standards, and requires each institution to give priority to its current students regarding course enrollment.
- (4) Requires the Chancellor of the Board of Regents to develop a standard information packet on the College Credit Plus Program that secondary schools must distribute to each participating student and requires secondary schools to keep a record of dates that such packets are sent to students' homes.

(1) No provision.

(2) Same as the Executive, but refers to PSEO instead of College Credit Plus.

(6) Removes the requirement that a participating student or parent sign a form stating that they have received required counseling for the program.

(6) No provision.

(7) Removes the requirement that a student may not enroll in any specific college course through the program if the student has taken high school courses in the same subject area and failed to attain at least a 3.0 cumulative grade point average in the course.

(7) No provision.

(8) Replaces the tuition base, which is the current formula amount (\$5,704 per participant), with an amount based on the statewide average public in-state tuition per credit hour, as calculated by the Chancellor.

(8) Replaces the Executive provision with a provision that returns to current law but defines the tuition base as the current year formula amount.

(9) Prescribes the following methods to determine payments based on how students receive instruction:

(9) No provision.

(a) For students who receive instruction on the college campus, at another location operated by the college, or online, and taught by college faculty: 50% for students enrolled in public colleges and 75% for students enrolled in private colleges of the statewide average in-state tuition per credit hour for the type of college attended.

(a) No provision.

(b) For students who receive instruction at the student's school taught by a college faculty member: 25% for students enrolled in public colleges and 50% for students enrolled in private colleges of the statewide average in-state tuition per credit hour for the type of college attended.

(d) For students who receive instruction at the student's school taught by a teacher at that school accredited by the college: nothing for students enrolled in public colleges and 25% for students enrolled in private colleges of the statewide average in-state tuition per credit hour for the type of college attended.

(10) Permits a public college to include a student enrolled under the College Credit Plus Program in its count for "State Share of Instruction" state higher education subsidy purposes.

(13) Qualifies students enrolled in a college-preparatory boarding school for the College Credit Plus Program.

(14) Eliminates the requirement to bring an action for reimbursement from a student that receives a failing grade in a college course under the program.

(d) No provision.

(10) No provision.

(11) No provision.

(12) Replaces the Executive provision with a provision that allows alternative funding agreements (as under current law), but prohibits an institution from receiving reimbursement through an alternative funding agreement that involves charging a participating student any tuition or fees.

(13) No provision.

(14) No provision.

As Reported by House Finance and Appropriations

(15) Permits an institution of higher education to charge a participating student for textbooks, materials, or other fees directly related to the student's course and to enter into an agreement with a student's public or nonpublic school to pay any amount of such charges or to outline any other terms for the student's use of textbooks or materials.

(15) No provision.

Specifies that nothing in the new College Credit Plus Program should be construed as altering any existing agreements between any state institution of higher education and a career-technical planning district.

No provision.

Requires ODE and the Board of Regents to study and make recommendations by July 1, 2014, for including career-technical programs in the College Credit Plus Program.

No provision.

Narrows eligibility for state reimbursement under PSEO to cover only college courses that either are included in, or are equivalent to courses included in, a transfer module or the Chancellor of the Board of Regents' Transfer Assurance Guide.

No provision.

Qualifies students who have been excused from the compulsory attendance law for the purpose of home education to participate in PSEO and includes such students in the definition of "participants."

No provision.

Allows ODE to accept late applications for PSEO for the 2013-2014 school year from home-schooled students who wish to participate in the program during the 2013-2014 school year.

No provision.

Requires that payments made to a participating college in which home-schooled students are enrolled in PSEO must be made in the same manner as payments made for participating students from nonpublic secondary schools.

Executive

Fiscal effect: Deduction amounts from schools to make payments to institutions of higher education will likely change, but will depend on the statewide average in-state tuition per credit hour amount calculated by the Chancellor. Increase in the number of students counted in the State Share of Instruction (SSI) subsidy formula could result in a small decrease in the amount of subsidy funding per student. The bill earmarks about \$1.89 million in FY 2014 and \$1.94 million in FY 2015 in GRF appropriation item 200511, Auxiliary Services, to fund students enrolled in the program who attend nonpublic secondary schools. Possible increase in costs for institutions, school districts, and the Ohio Board of Regents due to additional administrative requirements.

As Reported by House Finance and Appropriations

Fiscal effect: Increases the tuition base to \$5,732 in FY 2014 and \$5,789 in FY 2015. Because home-schooled students may qualify for PSEO, more students may be eligible to participate in the program. Funding for nonpublic students is limited by the earmark in GRF appropriation item 200511, Auxiliary Services, and funding for home-schooled students is limited by the earmark in GRF appropriation item 200550, Foundation Funding (see CDEDU23).

Fiscal effect: H.B. 1 of the 128th General Assembly changed the maintenance levy requirements for the six AUI districts (Akron, Cincinnati, Cleveland, Columbus, Dayton, and Toledo) to run for 23 years from the date the initial segment is undertaken, instead of extending for 23 years after the district's last segment was undertaken (the six AUI projects are broken into individual segments). For the districts that have not changed their agreements yet, the H.B. 1 change would reduce the number of years for which the districts would have to levy the required 1/2 mill property tax for maintenance. Abolishes, effective July 1, 2013, the Ohio Cultural Facilities Commission (AFC) and transfers its construction administration functions to OFCC.

Requires OFCC and DAS, by July 1, 2013, or as soon as possible thereafter, to enter into an interagency agreement to transfer to DAS the management of projects currently managed by AFC and any necessary equipment, assets, and records.

Authorizes OFCC to enter into and administer cooperative agreements with governmental agencies and cultural organizations for cultural projects.

Defines the Ohio Historical Society (OHS) as a governmental agency for purposes of determining the requirements for an agreement with OFCC to provide construction services for a governmental agency.

Revises the requirements for an agreement between OFCC and a government agency or cultural organization to provide construction services for a cultural project, including a requirement for cultural organizations providing services for a state historical facility to specify in its cooperative agreement that the cultural organization has local contributions amounting to no less than 50% of the total state funding for the cultural project.

LOTCD7 Limit on Distribution of Video Lottery Terminal Income**R.C. 3769.087**

Adds a further restriction on distribution of video lottery terminal income, by adding to the elements, which in total may not exceed 45% of that income, the percentage dispersed to the Lottery Commission to provide funding support to state agencies for gambling addiction and other related addiction services programs. Moves forward the date governing when the Lottery Commission is to publish rules regarding dispersals of a portion of agents' commissions to provide funding for gambling addiction and other related addiction services programs, from "beginning July 1, 2013" to no later than that date.

No provision.

Executive

As Reported by House Finance and Appropriations

Fiscal effect: Current law specifies that 100% of video lottery terminal income minus the lottery sales agent's commission percentage plus the percentage of the lottery sale agent's commission for the benefit of horse breeding and racing in this state shall not exceed 45% of video lottery terminal income. The lottery sales agent's commission percentage is specified by rule 3770:2-3-08 as 66.5% of video lottery terminal income. The percentage to benefit breeding and racing is to be paid from this commission, is limited by Revised Code section 3769.087 to between 9% and 11% of video lottery terminal income, and is to be set by rule by the Racing Commission unless otherwise agreed by the video lottery sales agent and the applicable horsemen's association. Also in current law, the Lottery Commission is to require that the video lottery sales agent disperse 0.5% of the video lottery sales agent's commission to provide funding to state agencies for addiction services programs, and may increase this percentage by up to an additional 0.5%. These changes may limit future rulemaking by the Lottery Commission and the Racing Commission, hence may limit payments by video lottery sales agents and amounts paid to benefit breeding and racing in the state and addiction programs.

Use of Revenues from Oil and Gas Drilling on State Park Lands

R.C. 151.50, 164.27, 901.21, 1509.73, 1519.05

(1) No provision.

(1) Requires 50% of the money received from signing fees, rentals, and royalty payments for oil and gas leases entered into by a state agency on land located in state parks to be credited to the existing Parks Mineral Royalties Fund, rather than all money so received as in current law.

(2) No provision.

(2) Requires 50% of money received from signing fees, rentals, and royalty payments for oil and gas leases entered into by a state agency on land located in state parks to be credited to the Clean Ohio Distribution Fund.

(3) No provision.

(3) Creates the Clean Ohio Distribution Fund in the state treasury and requires, no later than October 5 of each year, the Director of Budget and Management to determine the balance of the fund and if the amount in the fund reaches \$25 million, to transfer the total balance as follows: 75% to the existing Clean Ohio Conservation Fund (Fund 7056), 12.5% to the existing Clean Ohio Agricultural Easement Purchase Fund (Fund 7057), and 12.5% to the existing Clean Ohio Trail Fund (Fund 7061).

Executive

As Reported by House Finance and Appropriations

Fiscal effect: If the state leases any state park land for oil and gas drilling, then 50% of the revenues from fees, lease payments, and royalties (rather than 100% as in current law) will be deposited into the Parks Mineral Royalties Fund for the purpose of land acquisition and park maintenance. The remaining 50% will be held in the newly created Clean Ohio Distribution Fund until that fund accumulates \$25 million (requiring at least \$50 million in total revenue), at which point the balance in the fund will be distributed to the Clean Ohio Conservation Fund (Fund 7056), Clean Ohio Agricultural Easement Purchase Fund (Fund 7057), and Clean Ohio Trail Fund (Fund 7061) in proportions of 75%, 12.5%, and 12.5%, respectively. Presumably, this would supplement the use of GRF-backed bond proceeds that currently capitalize these funds. Actual revenues received will depend on the lease rate per acre of any land leased and the value of any oil and gas produced. To date, the state has not leased any state park lands for oil and gas drilling.

R.C. 1509.074, 3734.01, 3734.02, 3734.125, 3748.01, 3748.04

Does the following with regard to material that is used in the construction, operation, or plugging of a horizontal well:

(1) Requires the owner or the owners' authorized agent (hereafter owner) to determine, with exceptions discussed in items (2), (4), (5), and (6) below, specified concentrations of radium in the material if the material is technologically enhanced naturally occurring radioactive material (TENORM) and provide for the collection and analysis of representative samples in accordance with requirements approved by the Director of Health. Prohibits, generally, the removal of the material from its location until the analysis is complete and the results are available.

(2) Specifies that determining the concentration of radium in TENORM is not required if the TENORM is reused in a horizontal well.

(3) Requires the transport and disposal of TENORM to follow all applicable laws.

(4) Requires that if the material is not TENORM and the material has come in contact with a refined oil-based substance, and is removed from the location associated with the production operation of the well, the owner must either dispose of the material at an authorized solid waste facility or beneficially use the material in accordance with rules adopted by the Director of Environmental Protection.

(5) Requires the owner that if the material is not TENORM and the material has come in contact with a refined oil-based substance, to take one of three specified actions regarding the material depending on whether the material is removed from the location associated with the well's production operation.

(5) No provision.

(6) Allows any non-TENORM material that has not come in contact with a refined oil-based substance to remain at the location associated with the production operation of the horizontal well, and authorizes the owner to utilize the material at the site of the horizontal well.

(6) No provision.

Does the following with regard to the owner or operator of a solid waste facility:

No provision.

(1) Prohibits the acceptance for transfer or disposal of TENORM if that material contains or is contaminated with radium-226, radium-228, or both (hereafter contaminated TENORM) at specified concentrations above natural background. States that "natural background" is two picocuries per gram or the actual number of picocuries per gram as measured at an individual solid waste facility, subject to verification by the Director of Health.

(1) No provision.

(2) Authorizes the receipt and processing of contaminated TENORM at specified concentrations for purposes other than transfer or disposal, provided that the owner or operator has obtained and maintains all other necessary authorizations.

(2) No provision.

(3) Prohibits the receipt, acceptance, processing, handling, managing, or disposing of TENORM associated with drilling operations without first obtaining representative analytical results to determine compliance with the bill and rules adopted by the Director of Environmental Protection

(3) No provision.

Executive

under it.

Provides for the following rules:

(1) Authorizes the Director of Environmental Protection to adopt rules regarding the receipt, acceptance, processing, handling, management, and disposal by solid waste facilities of material that contains or is contaminated with radioactive material including contaminated TENORM at specified concentrations.

No provision.

(1) No provision.

(2) Authorizes the above rules to include requirements in accordance with which a solid waste facility must monitor leachate and ground water for radionuclides, develop procedures to ensure that TENORM accepted at the facility is not contaminated at specified concentrations, and dispose of radioactive material, including contaminated TENORM at specified concentrations, only in a specially permitted monocell or monofill.

(2) No provision.

(3) Authorizes the Director of Environmental Protection to adopt rules establishing requirements governing the beneficial use of material from a horizontal well that has come in contact with a refined oil-based substance and that is not TENORM.

(3) No provision.

(4) Requires the Director of Health to adopt rules establishing requirements governing TENORM, and states that the rules must not apply to naturally occurring radioactive material (NORM).

(4) No provision.

Executive

As Reported by House Finance and Appropriations

Fiscal effect: Minimal annual increase to the Department of Natural Resources, the Ohio Environmental Protection Agency, and the Department of Health for administrative costs associated with rule-making and enforcement. The impact on the annual disposal fee revenues and expenditures of solid waste districts (SWDs) will vary considerably by district. For some of these SWDs, an additional unknown amount of fee revenue may be generated annually, but the degree to which it will offset any related operating costs is uncertain. For other SWDs, there may be no readily discernible ongoing annual effect on revenues and expenditures.

R.C. 1509.11, 1509.062

(1) Requires the owner of a horizontal well that is producing or capable of producing oil or gas to file a production statement of oil, gas, condensate, and brine with the Chief of the Division of Oil and Gas Resources Management on a quarterly basis rather than annually as in current law. Requires the owner to file the statement on the 15th day of the month following the close of the calendar quarter. Requires the owner of a horizontal well that has no reported production for eight consecutive reporting periods, rather than two consecutive reporting periods as under current law, to plug the well, obtain temporary inactive well status for the well, or perform another activity regarding the well that is approved by the Chief.

(1) Terminates the Industrial Technology and Enterprise Advisory Council, which was created to assist the Director of Development Services in reviewing applications for, and making recommendations regarding, technology investment tax credits and other technology and enterprise development assistance programs.

(2) Eliminates the Technology Investment Tax Credit program, which was established to benefit Ohio taxpayers who invest in certain research and development or technology-oriented businesses. Fiscal effect: Minimal reduction in DSA administrative expenditures for SSR Fund 4S00 appropriation item 195630, Tax Incentive Programs. Requires the Department of Taxation, beginning July 1, 2014, to publish a method of online registration for electronic income tax filing that is accessible to all individuals, trusts, and pass-through entities required to file income tax returns.

Fiscal effect: Currently, the Department requires first time taxpayers to fax a copy of the taxpayer's social security card or IRS ITIN assignment letter and at least one additional piece of identification that includes the taxpayer's date of birth in order to file electronically over the Internet. This provision may result in an increase in Department of Taxation costs to verify identities of filers.

R.C. 5733.04

TAXCD34 Ohio Small Business Investor Income Tax Deduction

R.C. 5747.01, 5747.21, 5747.22, 5748.01, Section 803.80, Repealed: R.C. 5747.211

Permits individuals who have income from a trade or business to deduct one-half of the net business income apportioned to Ohio in computing Ohio taxable income for state (but not school district) income tax purposes. Sets a maximum deduction for a married couple filing separate returns at \$187,500 for each spouse. Sets a maximum deduction for single filers or joint filers at \$375,000. Does not permit pass-through entities, trusts, or estates to claim the deduction.

No provision.

Fiscal effect: Estimates in OBM's Bluebook show these deductions reducing personal income tax revenue by between \$600 million and \$650 million per year. These figures are on an all-funds basis, and imply GRF revenue losses of approximately \$580 million to \$630 million per year.

TAXCD36 Repeal of Income Tax Deduction for Wagering Losses

R.C. 5747.01, Section 803.80

Repeals the Ohio income tax deduction for any loss from wagering transactions that is allowed as an itemized deduction for federal income tax purposes (i.e., losses deducted only to the extent of the gains from such transactions) and that the taxpayer deducted in computing federal taxable income.

No provision.

Executive

As Reported by House Finance and Appropriations

Fiscal effect: Estimates in the Tax Expenditure Report show elimination of the income tax deduction for wagering losses would increase personal income tax revenue to the GRF by \$29.0 million per year.

TAXCD58 NOAA and PHS Commissioned Corps Retirement Pay Deduction

No provision.

R.C. 5747.01, Section 803.80

Authorizes an income tax deduction for retirement pay related to service in the Commissioned Corps of the National Oceanic and Atmospheric Administration (NOAA) and the Commissioned Corps of the Public Health Service (PHS). (Continuing law allows a deduction for retirement pay for service in the United States Army, Navy, Air Force, Coast Guard, or Marine Corps or the National Guard, including any reserve components)

Fiscal effect: GRF revenue loss of \$235,000 from the personal income tax each year that NOAA and PHS retirement benefits are exempted.

TAXCD33 Income Tax Rate Reduction
R.C. 5747.02, Section 803.80

Reduces the income tax rates for all individuals, estates, and trusts and across all income brackets by 7.5% in 2013, 15% in 2014, and 20% in 2015 and thereafter.

Fiscal effect: Estimates in OBM's Bluebook show these rate cuts reducing personal income tax revenue by \$1.04 billion in FY 2014, \$2.08 billion in FY 2015, and \$2.15 billion in FY 2016. These figures are on an all-funds basis, and imply GRF revenue losses of approximately \$1.00 billion, \$2.01 billion, and \$2.08 billion, respectively, in those years.

R.C. 5747.02, Section 803.80

Replaces the reduction in income tax rates proposed by the Executive with a reduction of 7% in the rates in all brackets in tax year 2013 and thereafter.

Fiscal effect: Reduces GRF tax revenue by an estimated \$691 million in FY 2014 and \$727 million in FY 2015. Reduces distributions to the Local Government Fund by an estimated \$12 million and \$13 million, respectively, in these years. Reduces distributions to the Public Library Fund by about the same amounts in each of these years.

TAXCD38 Income Tax Apportionment Clarification

R.C. 5747.05, Section 803.80

Clarifies that nonresident taxpayers receive an income tax credit equal to the amount of tax otherwise due on the portion of adjusted gross income not allocable or apportionable to Ohio. (Current law uses the term "allocable," but not "apportionable." The income apportionment provisions in R.C. 5747.20 to 5747.23 use both terms.)

No provision.

Fiscal effect: None.

TAXCD37 Composite Income Tax Returns of Pass-Through Entities

R.C. 5747.08, Section 803.80

Specifies that any investor in a pass-through entity on whose behalf the entity files a composite return and pays tax may file an individual return and claim the refundable credit for taxes the entity paid on the investor's behalf — including nonresident investors with no other Ohio-source income who currently are not required or permitted to file an individual return if the entity files a composite return. (Currently, investors who are Ohio residents or who are nonresidents with other Ohio-source income, and on whose behalf the pass-through entity files a composite return (IT 4708), may file an individual return and claim the credit, but nonresident investors with no other Ohio-source income may not).

R.C. 5747.08, Section 803.80

Same as the Executive.

Executive

As Reported by House Finance and Appropriations

Fiscal effect: Revenue loss of undetermined magnitude. When a composite return is filed, all the income of investors included in the return is taxed at the highest marginal tax rate (5.925%) and the investors are not allowed the personal and dependent exemptions or the \$20 exemption credit; the only credits available to them are business-related credits (which do not include the nonresident credit). Also, net operating loss carryforwards are not reflected in the composite return as they are on an individual investor's return. By filing an individual return, an investor is able to claim the personal and dependent exemptions (or \$20 credit), claim any nonbusiness credits otherwise available to the investor, reflect net operating loss carryforwards in Ohio taxable income, and pay tax on the basis of a lower net effective tax rate because not all the investor's taxable income is taxed at the highest rate as it is in the composite return. When the individual return is filed, the investor also may claim a refundable credit for the investor's share of the tax the entity paid with the composite return which yields a refund to the extent the investor's share of the composite tax exceeds the investor's tax computed on an individualized basis.

TAXCD3 Requests for Alternative Apportionment of Income

R.C. 5747.21

Fiscal effect: The executive estimates the expansion of the sales and use tax base to include a broad category of services and the repeal of the exemption for magazine subscriptions (at the new 5.0% state tax rate) would yield additional net GRF revenue of \$1,278.2 million in FY 2014 and \$1,738.4 million in FY 2015. More specifically, the sales tax base expansion, including digital goods and services, would increase GRF revenue by \$1,871.3 million and \$2,577.4 million in FY 2014 and FY 2015, respectively. The revenue gain from the taxation of digital products would be \$14.5 million each year of the biennium. The repeal of the sales tax exemption for magazine subscriptions would produce additional GRF receipts of \$7.2 million per fiscal year; and the reduction of the state sales tax rate to 5.0%, down from 5.5%, would reduce GRF revenue by \$600.3 million in FY 2014, and \$846.2 million in FY 2015.

TAXCD60 Sales and Use Tax and Lodging Tax on Hotel Intermediaries

R.C. 5739.01, 5739.081, 5739.09, 5739.12, 5741.01, and 5741.12

No provision.

Specifies that a hotel intermediary—i.e., a person that offers discounts to transient guests on lodging in hotels over a web site or through other means—is presumed to have "substantial nexus" with Ohio if the intermediary furnishes lodgings to hotels located in Ohio.

No provision.

Requires counties, townships, or municipal corporations, before amending or enacting any lodging tax ordinances or resolutions, to impose the tax on the fees paid by a transient guest to a hotel intermediary for the intermediary's services.

Executive

As Reported by House Finance and Appropriations

No provision.

Requires that, if a hotel intermediary does not collect and remit the full amount of sales and use tax to the state or lodging tax to the local government, the hotel is to attempt to collect the balance from the guest.

Fiscal effect: Potential increase in lodging tax revenues levied by political subdivisions. No change in GRF revenue, because the services in question are not part of the sales and use tax base in the House Reported version of the bill.

TAXCD21

County and Transit Authority Sales and Use Tax Changes

R.C. *5739.021, 5739.023, 5739.026, 5739.0211, 5739.21, 5739.211, 333.01, 5741.02, 5741.021, 5741.022, 5741.023, 5741.05, and Section 812.10*

Suspends authority for counties and transit authorities to increase their sales and use tax rates from July 2013 through June 2016.

No provision.

Reduces existing sales and use tax rates for each county and transit authority beginning September 1, 2013, which coincides with the date the sales and use tax base is expanded to include most services, through at least June 2016. Specifies rate reductions in ORC 5739.0211.

No provision.

Prescribes increases in sales and use tax distributions to each county and transit authority of at least 10% from December 2013 through November 2014 and of at least 15.5% from December 2014 through June 2015; if the actual increase in local collections (as affected by the reduced rates) exceeds the prescribed increase, the county or transit authority receives the actual collection increase.

No provision.

Executive

As Reported by House Finance and Appropriations

States that if a county or transit authority experienced annual growth in its actual collections greater than 10% in the three years before the rate is reduced (i.e., taxes levied between October 2010 to September 2013, which are distributed between December 2010 and November 2013), distributions from December 2013 through November 2014 are increased by that percentage instead of 10%.

No provision.

Requires that if annual growth in actual collections in those three years, plus 5.5%, exceeds 15.5%, distributions from December 2014 through June 2015 are increased by the sum of 5.5% plus the growth in actual collections instead of 15.5%.

No provision.

Specifies that computation of the base revenue to which the growth percentages are applied is to disregard revenue increases resulting from a county or transit authority that increases its tax rate on July 1, 2013.

No provision.

Requires that beginning July 2016, when local authority to increase local sales and use tax resumes, the maximum authorized county and transit tax rate (each currently 1.5%) will be reduced by the percentage by which the county experiencing the least reduction was reduced after the adjustments and recalibrations between September 2013 and June 2016.

No provision.

Reduces the minimum tax rate increment from the current 0.25% to 0.05%. (Current law requires voter approval for transit authority levies. County levies require voter approval unless the levy is for the general fund or for "criminal and administrative justice services" (courts, prosecutor, sheriff, coroner, detention facilities). Counties may levy the tax for nine other specific purposes, alone or in combination with each other or the general fund, with prior voter approval.)

No provision.

Executive

As Reported by House Finance and Appropriations

Recalibrates the rates in April 2015 and April 2016 to reflect the impact of base expansion on actual county and transit authority tax collections after incorporating prescribed revenue increase percentage.

No provision.

Fiscal effect: The bill offsets some of the revenue increase that would otherwise ensue from the sales tax base expansion. However, revenue to counties and transit authorities is likely to grow due to the prescribed revenue growth ("guarantee") in the bill of at least 10% from December 2013 to November 2014, and 15.5% from December 2014 through June 2016. Based on CY 2012 distributions, a 10% growth guarantee may result in additional revenue of \$193 million to counties and transit authorities. A 15.5% growth may result in additional revenue of \$299 million.

TAXCD61

persons using similar trademarks or trade names as the seller; or (c) use other persons that sell a similar line of products under a business with the same industry classification of the seller (Current law includes only a seller that regularly employs or engages individuals in Ohio to conduct the seller's business.)

(3) Presumed to include a seller that uses any person, other than a common carrier, to receive or process orders, advertise, promote, or facilitate customer sales, perform customer maintenance, delivery, and installation services, or facilitate delivery by allowing Ohio customers to pick up property sold by the seller. (Current law includes a seller who uses a person in Ohio to receive or process the seller's orders.)

No provision.

(4) Presumed to include a seller that enters into an agreement with Ohio residents to refer potential customers to the seller for consideration if gross sales by the seller in Ohio exceeded \$10,000 during the preceding 12 months.

No provision.

(5) Excludes members of an affiliated group if at least one member of the group has substantial nexus with Ohio. (Current law includes such members.)

No provision.

(6) Excludes a seller registered to do business in Ohio. (Current law includes such sellers, except for sellers registering with the streamlined sales tax central registration system.)

No provision.

(7) Excludes sellers that have any other contact with Ohio that forms the basis of substantial nexus as allowed under the United States Constitution's Commerce Clause. (Current law includes such sellers.)

No provision.

(8) Allows a seller presumed to have substantial nexus with Ohio to rebut that presumption by demonstrating that the

Executive

activities conducted by a person on the seller's behalf are not significantly associated with the seller's ability to establish or maintain an Ohio market for the seller's sales.

(9) Requires a person or that person's affiliates, before the person sells or leases tangible personal property or services to a state agency, to register with the Tax Commissioner and collect and remit use tax.

Fiscal effect: Potential increase in state and local sales and use tax revenues.

Use Tax Collections by Remote Sellers for Income Tax Reduction Fund

No provision.

R.C. 5741.01, 5741.03, 5741.032, and 5741.17

Specifies that a seller is not legally required to collect use tax if the seller has \$1 million or less in annual sales for which the seller is not required to collect and remit any state's use tax (which the amendment defines as "remote small sellers"). (This provision does not affect a purchaser's liability for any use tax that a seller has not collected and remitted to the state).

No provision.

Earmarks voluntary Ohio use tax collections by other out-of-state sellers that are not legally required to collect the tax for deposit in the Income Tax Reduction Fund. Specifies that the revenue would be added to the surplus revenue for which an income tax rate reduction may be determined. Earmarks 0.5% of such collections for administering taxes collected by remote sellers and deposits these moneys in the newly created Remote Seller Administration Fund . (Currently, out-of-state sellers lacking a form of physical presence in Ohio are not required under state or federal law to collect use tax for the state, but some may voluntarily collect the tax and remit it to the state.)

Executive

Fiscal effect: Potential increase in use tax collections; Potential increase in revenue to the Income Tax Reduction Fund.

TAXCD42 Permissive Tax Supplement Fund

Section: 512.60

Creates the Permissive Tax Supplement Fund (Fund 5NB0) to receive amounts needed for supplemental permissive tax distributions to counties and transit authorities as prescribed in ORC 5739.21(B). Requires the Tax Commissioner to certify, by November 30, 2013, and July 15, 2014, the estimates of amounts needed in FY 2014 and FY 2015, respectively. Requires the Director of Budget and Management to transfer these amounts from the GRF. Specifies that, if additional amounts are needed, the certification may be updated, and requires the additional amounts to be transferred. By the fifteenth day of each month from December 2013 through June 2015, requires the Tax Commissioner to certify amounts needed to make the supplemental permissive tax distributions for that month, and the Director of Budget and Management to transfer those amounts from the Permissive Tax Supplement Fund to the Permissive Tax Distribution Fund (Fund 7063). Permits any balance in the Permissive Tax Supplement Fund on or after June 20, 2015, to be transferred by the Director of Budget and Management to the GRF.

No provision.

Fiscal effect: Specifies the procedure for making the required payments.

Marketplace Fairness Act of 2013

No provision.

Section: 757.50

Expresses the intent of the General Assembly to enact conforming state legislation upon the enactment of the Marketplace Fairness Act of 2013 (or other similar legislation) by the United States Congress. Specifies that the intent of the conforming legislation is not to create a nexus between Ohio and remote sellers for any tax other than those imposed under Chapters 5739. and 5741. of the Revised Code (sales and use tax).

Fiscal effect: The Marketplace Fairness Act would authorize qualifying states to compel online and catalog retailers to collect sales tax at the time of a transaction regardless of whether the retailer has a substantial nexus to the state. The authority extends only to states that impose a sales and use tax meeting certain statutorily prescribed standards of simplicity. Potential revenue gain to the GRF, Local Government Fund, and Public Library Fund, contingent upon Congressional action.

TAXCD14

CAT Electronic Payment and Return Filing

R.C. 113.061, 5703.059, 5751.07, Section 803.90

Requires that, beginning in 2014, taxpayers who pay the commercial activity tax (CAT) on a calendar year basis must make payments electronically and, if required by the Tax Commissioner, file electronic returns. (Continuing law already applies this requirement to quarterly taxpayers.)

Commercial Activity Tax Exclusion for Grain Handlers

R.C. 5751.01, 803.90

No provision.

Excludes from the taxable gross receipts base of the commercial activity tax receipts of licensed agricultural commodity handlers from the sale of agricultural commodities. (Under continuing law, agricultural commodities include grains such as barley, corn, oats, rye, grain sorghum, soybeans, wheat, sunflower, or speltz, or any other crop designated by the director of agriculture, excluding grains or other crops used for seed).

Fiscal effect: Decreases CAT revenue by up to \$11 million per year. Revenue decrease will vary based on changes to commodity prices. Under current law, the GRF receives 50% of CAT revenue; thus the GRF revenue loss would be \$5.5 million per year. The remaining revenue loss would accrue to the School District Tangible Property Tax Replacement Fund (Fund 7047, \$3.85 million) and the Local Government Tangible Property Tax Replacement Fund (Fund 7081, \$1.65 million). CAT receipts that are deposited into the local government funds are used to reimburse school districts and other units of local government for lost revenues from the phase-out and reductions in tangible personal property taxes. Current law requires a GRF subsidy if distributions to the funds are insufficient for the required reimbursements.

CAT - Penalties for Improperly Excluded QDC Receipts

R.C. 5751.01, Sections 803.90 and 815.10

No provision.

Removes a \$500,000 penalty enacted by Am. S.B. 28 of the 130th General Assembly for improperly excluded qualified distribution center (QDC) receipts. Establishes a new penalty on the operator of such a QDC, which is termed the "supplier tax liability" and that equals the amount which would have been owed by the suppliers of the distribution center had the distribution center not been improperly issued a certificate, less the amount actually paid by such suppliers. Specifies that supplier tax liability is to be determined by the Tax Commissioner and does not include interest or penalties on the unpaid amount.

No provision.

Authorizes the Commissioner to request a list of all suppliers of a distribution center that is improperly issued a qualifying certificate along with the corresponding costs of qualified property for the qualifying year at issue. Requires the operator of such a distribution center to provide such information within 60 days of the Commissioner's request.

Fiscal effect: Potential revenue gain or loss to GRF, School District Tangible Property Tax Replacement Fund (Fund 7047), and Local Government Tangible Property Tax Replacement Fund (Fund 7081). The magnitude of any such revenue change would depend on the size of an operator's supplier tax liability, and on the incidence of improperly excluded QDC receipts.

Allows a school district that levies an existing combined levy for current expenses and permanent improvements to replace or renew that levy solely for the purpose of funding general permanent improvements. for either general or specific improvements.)

TAXCD57 Property Tax Exemption for Fraternal Organizations

No provision.

R.C. 5709.17

Creates a tax exemption for real property held or occupied by fraternal organizations that qualify for tax exemption under section 501(c)(5), 501(c)(8), or 501(c)(10) of the Internal Revenue Code, provide financial support for charitable purposes, and have been operating in Ohio for at least 100 years. Specifies that to qualify for the exemption, the property must be used primarily for meetings and administration of the fraternal organization.

Fiscal effect: Tax revenue losses to school districts and other units of local government may total \$4.8 million or more. The cost estimate is based on a 2001 survey so may substantially understate the current cost. Revenue losses are limited by the requirement that qualifying fraternal organizations have operated in Ohio for at least 100 years, but could rise in the future as increasing numbers of groups satisfy this restriction.

TAXCD13 Property Tax Valuation of Gas and Condensate Reserves

R.C. 5713.051, 5713.05, Section 812.20

Adjusts, for the purpose of property tax valuation, the calculation of the true value of gas reserves by valuing gas reserves according to its heat energy capacity as measured by BTU. Establishes, for the purpose of property tax valuation, a calculation of the true value of condensate reserves.

No provision.

Executive

As Reported by House Finance and Appropriations

Fiscal effect: Increases property tax revenues for applicable taxing jurisdictions; the increase is predicated upon the incidence of the newly defined gas reserves and condensate.

TAXCD10 Equalizing and Regionalizing County Appraisal Cycles

R.C. 5715.33, 4503.06, 5713.01, 5715.24

(1) Authorizes the Tax Commissioner to shorten or extend the sexennial reappraisal or triennial reassessment cycle for real property in a county for the purpose of equalizing and regionalizing real property assessment cycles. Specifies that the Commissioner may not reschedule any reappraisal or reassessment required by law after tax year 2023 for this purpose.

(1) No provision.

(2) Specifies that mobile and manufactured homes taxed like real property are part of the same appraisal and assessment cycle as real property in the same county for the purpose of determining true value for the manufactured and mobile home tax.

(2) No provision.

Fiscal effect: Delaying or expediting the reappraisal and/or reassessment from its current schedule will delay or expedite the increase (presumably) of property valuations used for property tax purposes, which would delay or expedite the local revenue growth derived from unvoted (inside) millage and other levies that are not subject to tax reduction factors.

TAXCD59

Qualified Energy Project Tax Exemption

No provision.

R.C. 5727.75

Extends by five years the deadlines by which the owner or lessee of a qualified energy project must submit a property tax exemption application, submit a construction commencement application, begin construction, and place into service an energy facility using renewable energy resources (wind, solar, biomass, etc.) or advanced energy technology (clean coal, advanced nuclear, or cogeneration) to qualify for an ongoing real and tangible personal property tax exemption.

Executive

As Reported by House Finance and Appropriations

Fiscal effect: Local taxing jurisdictions would receive less revenue from a given project, but in some cases, the revenue loss would be permissive. Qualified energy projects qualify for real and tangible personal property tax exemptions, but the qualified energy project is also required to pay annual service payments in lieu of taxes to the treasurer of the county where the facility is located in an amount equal to \$6,000 to \$8,000 per megawatt (MW) of name plate capacity. This service payment is shared by all taxing jurisdictions within the project area in the same manner that property tax collections would otherwise be allocated to counties, school districts, and local governments. The local county board of commissioners may require an additional \$1,000 to \$3,000 per megawatt payment beyond those required by the Revised Code, but the cumulative total of both service payments cannot exceed \$9,000 per megawatt. County governments will retain the ability to approve or deny the tax exemptions to these facilities as well as the option of negotiating an additional \$1,000 to \$3,000 payment made solely to their general fund, but school districts and other taxing jurisdictions within the county may lose local property tax revenues without their consent.

(4) Establishes a process whereby the county budget commission distributes the fees to all or some taxing units that levy a property tax in the taxing district in which the well will be located to defray costs incurred from the presence of the well.

(4) No provision.

(5) Requires taxing units that receive any portion of the fee to repay these amounts to the owners over subsequent fiscal years based on the amount of property tax the unit collects from the well.

(5) No provision.

Executive

As Reported by House Finance and Appropriations

Fiscal effect: The \$25,000 fee could offset some of the cost that taxing units might incur for horizontal wells within their jurisdiction. However, taxing units that receive any portion of the fee are required to repay those amounts by reducing the well owners' property tax liabilities.

TAXCD9 Horizontal Well and Nonhorizontal Well Severance Taxes

R.C. 5749.02, 1502.02, 1509.34, 1509.50, 5703.052, 5703.21, 5749.01, 5749.03, 5749.031, 5749.06 - 5749.15, 5749.17, Sections 803.120, 812.20, 815.10, Repealed: 1509.50

R.C. 1509.50, 5749.06

(1) Credits revenue from the oil and gas severance tax to the newly created Severance Tax Receipts Fund, and requires the OBM Director to make quarterly transfers to the GRF for an amount equal to total receipts less refunds.

(1) Same as the Executive, except the OBM Director will make the quarterly transfers to the Oil and Gas Well Fund as opposed to the GRF, and the Severance Tax Receipts Fund will also receive deposits from oil and gas cost recovery assessments.

(2) Distinguishes between "horizontal" wells and "nonhorizontal" wells for the purpose of levying special tax rates on severances of oil, gas, and condensate from horizontal wells beginning on October 1, 2013. Modifies tax rates on horizontal wells and nonhorizontal wells as follows:

(2) No provision.

(3) For oil and condensate extracted from a horizontal well, the tax is 1.5% of the spot market value of the oil or condensate for the first five quarters in which a well produces, and 4% thereafter;

(3) No provision.

(4) For gas extracted from a horizontal well, the tax varies based upon the British Thermal Unit (BTU) measurement. The tax on gas with a BTU measurement of 1,050 per cubic foot or less is 1% of the spot market value of gas times volume extracted. For gas with a BTU measurement

(4) No provision.

Executive

As Reported by House Finance and Appropriations

above 1,050 per cubic foot, the tax varies depending on the spot prices of gas and natural gas liquids and the BTU measurement of the gas extracted, but the rates increase in the sixth quarter of production;

(5) For oil extracted from a nonhorizontal well, the tax rate is raised from 10 cents per barrel to 20 cents per barrel;

(6) For gas extracted from a nonhorizontal well, the tax rate is changed from 2.5 cents per thousand cubic feet (MCF) to the lesser of 3 cents per MCF or 1% of the spot market value of gas times volume; and

(7) For gas extracted from a nonhorizontal well that produces fewer than 10 MCF of gas per day over a calendar quarter, the gas extracted from the well is exempt from the severance tax.

(8) Repeals, beginning January 1, 2014, the regulatory cost recovery assessment currently levied on severance of oil and gas at a general rate of 10 cents per barrel or 0.5 cents per MCF, respectively.

(5) No provision.

(6) No provision.

(7) No provision.

(8) No provision.

Executive

As Reported by House Finance and Appropriations

Fiscal effect: According to estimates from the Executive Budget, the horizontal well severance tax will increase revenues to the GRF, the Local Government Fund, and the Public Library Fund by a total of \$45 million in FY 2014 and \$155 million in FY 2015; of these amounts, the GRF would retain an estimated \$44 million in FY 2014 and \$150 million in FY 2015. Revenues for two Department of Natural Resources funds, the Geological Mapping Fund (SSR Fund 5110) and the Oil and Gas Well Fund (SSR Fund 5180), will decrease based upon the repeal of the cost recovery assessment, but the losses will be partially offset by higher oil and gas severance receipts from nonhorizontal wells. The net effect of these changes for Fund 5110 and Fund 5180 will likely be a loss over the biennium of a million dollars or more.

Fiscal effect: None.

OBM's Bluebook states that the Discovery Project Fund has been supported by GRF transfers, and that elimination of the fund, with resulting increases in the Department's GRF operating appropriation in each fiscal year, will more accurately reflect the funding source for this item.

Motor Fuel Excise Tax on Natural Gas

No provision.

R.C. 5735.012, 5735.013

Modifies the method for measuring the motor fuel tax (MFT) on liquid natural gas. Specifies that the liquid natural gas gallon-equivalent must equal the diesel gallon equivalent adopted by the National Conference on Weights and Measures or, if no such standard has been adopted, 6.06 pounds of liquid natural gas.

Fiscal effect: Potential minimal revenue gain or loss to various state funds (primarily the Highway Operating Fund, but also the Highway Bond Retirement Fund, the Waterways Safety Fund, the Wildlife Boater Angler Fund, and the Motor Fuel Tax Administrative Fund) and local governments (municipalities, counties, and townships). No impact on GRF revenue. Under existing law, for the purpose of the MFT, liquid natural gas must be measured in gross gallons, unless it is being reported for transactions between terminals or between a terminal and a licensed Ohio fuel dealer. Gross gallons is U.S. gallons without any adjustment to account for temperature or barometric pressure while net gallons is U.S. gallons at 60 degrees Fahrenheit.

(2) No provision.

(2) Increases the maximum dollar amount of specific filing fees that the county recorder may request for funding technology needs from \$7 to \$8 of the total base fee collected for filing certain documents.

(3) No provision.

(3) Specifies that the recordation fees in the special fund designated for technological needs under a funding proposal are only for a period of one year from the date the funding proposal is approved, rather than up to five years as allowed in current law.

(4) No provision.

(4) Requires the board of county commissioners to approve a funding proposal if the county recorder includes in the proposal estimates of the specific filing fees that will be generated for filing or recording certain documents. (Current law allows a board of county commissioners to reject or modify such funding proposals under certain conditions.)

Allocation of Lodging Tax Revenue by Convention Facilities Authorities

No provision.

R.C. 351.021

Authorizes convention facilities authorities (CFAs), in counties with a population of between 80,000 and 90,000 according to the 2010 Census, to allocate a portion of lodging tax revenue (not exceeding 15% of the total revenue from the tax in the preceding year) to county and municipal tourism facilities and programs, the improvement and maintenance of county fairgrounds, and any other purpose connected with the use of a county fairground.

Fiscal effect: None. According to the 2010 Census, only Muskingum County has a population of between 80,000 and 90,000. Thus, this provision would allow the Muskingum County Convention Facilities Authority to allocate a portion of its lodging tax revenue for certain additional uses. Under current law, CFAs that levy a lodging tax are required to use the revenue to pay the cost of one or more convention facilities, the principal, interest, and premium on anticipation bonds issued by the CFA to pay those costs, the operating and maintenance costs of convention facilities, and the operating costs of the CFA.

R.C. 511.261, 755.06, 1545.23

Requires any royalties or other moneys resulting from the sale or lease of mineral rights in township parks, municipal parks, or metropolitan park districts to be deposited into a special fund established by the board of park commissioners, or municipal legislative authority, as applicable. Requires the fund to be used exclusively for maintenance and acquisition of park lands.

Fiscal effect: Requires income from mineral rights leases and royalties on local park lands to be used exclusively for park maintenance and park land acquisition, in the event that local parks choose to enter into mineral rights leases or other agreements.

LOCCD7

Recovery of Township-Owned Cemeteries

No provision.

R.C. 517.271

Permits the company, association, or religious society that most recently owned and operated a cemetery now owned by a board of township trustees to petition a probate court to restore ownership of the cemetery to the petitioner.

No provision.

Requires the court to transfer to the petitioner ownership of the cemetery and all necessary records and documents if the petitioner (1) has the financial resources to operate and maintain the cemetery, (2) is in compliance with all laws and rules concerning ownership and operation of cemeteries, including registration with the Division of Real Estate within the Department of Commerce, and (3) owes no delinquent taxes.

LOCCD6

Joint Economic Development Zone Income Tax Revenue Uses

No provision.

R.C. 715.691

Authorizes municipal corporations and townships that enter into a joint economic development zone (JEDZ) contract to use income tax revenue collected pursuant to the contract for the general purposes of a township that is subject to the contract, instead of existing law that allows the revenue to be used only by the municipal corporations that are a part of the contract.

Fiscal effect: Allows JEDZs to use income tax generated under these agreements for township needs.

LOCCD16

Municipal Income Tax Required Exemption for Supplemental Executive Retirement Plan Compensation

No provision.

R.C. 718.01, 718.03

Requires each municipal corporation levying an income tax to exempt any amounts attributable to a supplemental executive retirement plan (SERP) by exempting such amounts from the wage base of the tax.

Executive

As Reported by House Finance and Appropriations

Fiscal effect: This provision would reduce municipal income tax receipts to municipalities that currently levy an income tax on compensation attributable to a supplemental executive retirement plan. The amount of such revenue loss is undetermined. Under current law, municipal corporations may, but are not required to, exempt compensation attributable to a qualified retirement plan, such as an IRA or 401(k), from municipal income tax. The amendment maintains the optional exemption for qualified retirement plans and creates a required exemption for compensation attributable to nonqualified SERP plans.

A SERP is a nonqualified deferred compensation retirement plan for certain company employees, such as executives, that provides benefits above and beyond those covered in qualified retirement plans.

LOCCD17

Sale of Real Property by Cities

No provision.

R.C. 721.01, 721.03, 721.27

Authorizes nonchartered cities to sell real estate no longer needed for city purposes to a board of county commissioners without complying with a law that otherwise requires advertising and competitive bidding. Requires that the sale be authorized by ordinance, approved by a two-thirds vote of the legislative authority of the city, and by the board or officer responsible for the real estate.

Fiscal effect: This could reduce selling costs associated with advertising and bidding for such sales.

LOCCD12

Elections for Legislative Authority of Nonchartered Villages

No provision.

R.C. 731.091

Clarifies the number of members that are eligible to be elected when the legislative authority of a nonchartered village adopts nonstaggered terms of office for its membership, depending on whether there are six or five elected members, as follows:

- (1) For legislative authorities with six members, those members eligible for election at the next municipal election are to be elected to two-year nonstaggered terms, and all members are to be elected to four-year nonstaggered terms at subsequent municipal elections;
- (2) For legislative authorities with five members, if members are first being elected after the reduction to five members, then a number of members that is one less than the number of members that would otherwise be eligible for election at the next regular municipal election, are to be elected to two-year nonstaggered terms. However, in cases where a village is having its election after reducing its members to five, then the number of members eligible for election at that regular municipal election shall be elected to two-year nonstaggered terms. In either case, all members are elected to four year nonstaggered terms in subsequent elections.

Township Members of County Land Reutilization Corporation Boards

No provision.

R.C. 1724.03

Requires that the township member of the board of directors of a county land reutilization corporation be chosen by a majority of the boards of township trustees of townships with a population of at least 10,000 in the unincorporated area of the township according to the most recent federal decennial census.

LOCCD15

Additional Charges Assessed for Court of Common Pleas Special Projects

No provision.

R.C. 2303.201

Modifies current law such that if a court of common pleas requires additional services in cases of a specific type, the court by rule may assess an additional charge in a case of that type, over and above existing court costs, to cover the special program or service.

Fiscal effect: Potential increase in special charges assessed by certain courts of common pleas and credited to either a general special projects fund or a fund for a specific special project.

LOCCD19

Community Reinvestment Areas: Pre-1994 Rules Application

No provision.

R.C. 3735.661, 757.40

Clarifies the types of amendments that, if made to a community reinvestment area (CRA) ordinance or resolution adopted before July 22, 1994 (the effective date of Am. Sub. S.B. 19 of the 120th General Assembly), cause the CRA to lose its grandfathered status and become subject to S.B. 19's requirements and limitations (e.g., notifications and compensation of school districts). Such amendments would include any that modify eligibility requirements for receiving CRA tax exemptions, increase the geographic size of a CRA, the percentage of assessed value of CRA property to be exempt, the term of any tax exemption or authorized category of tax exemptions, or the duration of a CRA.

No provision.

Clarifies that the amendment does not authorize a municipal corporation to decrease or increase the percentage of assessed value of grandfathered CRA property to be exempt. (Municipal corporations were and are allowed to exempt only 100% of property located in a grandfathered CRA.)

Fiscal effect: None. The provision would retroactively clarify the intent of the General Assembly related to amendments under S.B. 19. A CRA is a geographic area designated by a municipal corporation or county in which the municipal corporation or county awards tax exemptions for residential, commercial, and industrial property located in the CRA.

LOCCD14

Tax Levy for Fairs

No provision.

R.C. 5705.19

Expands the uses for which a board of county commissioners may place on the ballot a tax levy for agricultural fairs in excess of ten mills (which under current law are limited to purchasing, maintaining, or improving, or any combination of these) to include the operating expenses of the fairs conducted by county and independent agricultural societies.

No provision.

Permits a board of county commissioners to place on a ballot a tax levy in excess of ten mills for any combination of agricultural fairs, soil and water conservation district program funding, and the OSU Extension Fund.

Fiscal effect: Allows for an additional source of funding for operating costs and program needs of these various entities.

LOCCD8

TIF Funds to Pay for Township Public Safety Expenses

No provision.

R.C. 5709.75

Authorizes townships that have, at any time, adopted a resolution exempting real property from taxation using a TIF to use unencumbered money in the TIF fund to pay for current public safety expenses. Requires the township to reimburse the fund by the time TIF exemptions expire (TIF exemptions may last up to 30 years).

Executive

As Reported by House Finance and Appropriations

Fiscal effect: Permits townships to use previously unavailable funds for current public safety expenses. Under current law, the authority of a township to utilize unencumbered TIF funds for public safety expenses applies only to TIFs wherein the township exempted real property from taxation before January 1, 1995.
