EDUCD92 Jon Peterson Scholarship Funding Formula

R.C. 3310.56, 3310.51

Replaces the formula used to calculate deductions from school districts and payments for the Jon Peterson Special Needs Scholarship Program. Specifies the formula for each student as the sum of the per pupil amount of the opportunity grant for the resident district and the amount for the student's special education category.

Maintains current law that restricts the amount to the least of the fees charged by the provider, the amount calculated above, or \$20,000.

Fiscal effect: Under current law, each scholarship has a base amount of \$5,704 plus the additional special education weighted funds. The provision decreases the base amount to the per pupil opportunity grant, which differs for each school district, but is never more than \$5,000, and increases the additional amount depending on the student's special education category.

R.C. 3310.56, 3310.51

Replaces the Executive provision with a provision that modifies the current calculation by replacing the formula amount and base funding supplements from FY 2009, with the current year formula amount, and updating the special education category weights to match those used for school districts.

Same as the Executive.

Fiscal effect: Increases the base amount to \$5,732 in FY 2014 and \$5,789 in FY 2015. The new special education weights generally result in higher amounts than the ones in current law.

EDUCD85 Community School Funding Formula

R.C. 3314.08, 3313.88, 3314.029, 3314.03, 3314.083, 3314.084, 3314.087, 3314.088 (repealed), 3314.11, 3314.13 (repealed), 3314.26, 5727.84

Replaces the formula used to calculate deductions from school districts and transfers to community schools with a formula that is similar to the formula for traditional districts. Specifies the formula for each student as the sum of:

R.C. 3314.08, 3313.88, 3314.029, 3314.03, 3314.083, 3314.084, 3314.087, 3314.088 (repealed), 3314.11, 3314.13 (repealed), 3314.26, 5727.84

Same as the Executive, but makes the following changes:

Executive

As Reported by House Finance and Appropriations

(1) An opportunity grant of \$5,000 ($\$250,000 \times 0.02$);

(1) Replaces the Executive calculation with the formula amount, which is equal to \$5,732 in FY 2014 and \$5,789 in FY 2015.

(2) The per-pupil amount of targeted assistance funds for the student's resident district, except does not provide this funding for e-schools;

(2) Same as the Executive, but provides only the per-pupil amount of tier 1 targeted assistance funds for the student's resident district and multiplies this amount by 0.25.

(3) The amount for the student's special education category, if the student has a disability, where the category amount is the same as that used for traditional school districts (see EDUCD83). Transfers 15% of this amount to the Special Education Exceptional Cost Fund (see EDUCD91).

(3) Same as the Executive, but (a) instead of an amount for each category, uses a category weight x the formula amount, where the category weights and the formula amount are the same as those used for traditional school districts under the House proposal and (b) eliminates the transfers to the Exceptional Cost Fund.

(4) The per-pupil amount of early childhood access funds for the student's resident district, if the student is in kindergarten, except does not provide this funding for e-schools.

(4) Replaces the Executive calculation with a per pupil amount if the child is in kindergarten through third grade, where the per pupil amount equals \$300 in FY 2014 and \$303 in FY 2015. Does not provide this funding to e-schools.

(5) Economically disadvantaged funds equal to $\$500 \times$ the resident district's economically disadvantaged index.

(5) Same as the Executive, but reduces the per pupil amount to \$340 in FY 2014 and \$343 in FY 2015 (under the House proposal, each traditional school district's economically disadvantaged index is the square of the Executive calculation) and does not provide this funding to e-schools.

(6) The amount for the student's LEP category, if the student is LEP.

(6) Same as the Executive, but does not provide funding for category 4, which the bill eliminates, increases the amounts by 1% in FY 2015, and prohibits e-schools from receiving this funding.

(7) Gifted funds equal to \$50.

(7) No provision.

Executive

(8) No provision. (See EDUCD88)

Fiscal effect: Alters the per pupil amount deducted from school district state funding allocations compared to current law, which is based on a formula amount of \$5,653 plus additional amounts based on FY 2009 levels for special education, career-technical education, poverty-based assistance, and parity aid. In FY 2012, transfers of state aid to community schools amounted to \$774.4 million. In addition to the transfers described here, community schools, other than e-schools, are provided \$100 per ADM for facilities costs (see EDUCD78).

As Reported by House Finance and Appropriations

(8) Career-technical education funds equal to the category weight x the formula amount, where the category weights and the formula amount are the same as those used for traditional school districts under the House proposal. Subjects the deduction and payment of these funds to the review and approval of the school's career-technical program by the lead district of the career-technical planning district to which the school is affiliated (see EDUCD88).

Fiscal effect: Same as the Executive.

EDUCD93 Capital and Maintenance Fund Set Aside

R.C. 3315.18

Revises the capital and maintenance fund set aside requirement for school districts to specify they set aside 3% of their opportunity grant, rather than 3% of the formula amount as under current law.

Fiscal effect: All else being equal, decreases the amount required to be set aside in a district's capital and maintenance fund.

No provision.

EDUCD88 Career-Technical Education Funding

R.C. 3317.162, 3317.014, 3317.023, 3317.05, 3317.163, 3314.085

R.C. 3317.014, 3317.161, 3317.022, 3317.023, 3317.05, 3317.16

Removes career-technical additional funding from the main funding formula, so that is it no longer part of the main formula's guarantee or cap. Pays this funding to career-technical planning districts (CTPDs) based on the ADM of their member districts and schools.

No provision.

Replaces the existing two categories of career-technical education with five categories. Allocates funding to each CTPD equal to the ADM in each category x an amount for each category, where the amounts for categories 1-5 are: \$2,900, \$2,600, \$1,650, \$1,200, and \$900.

Same as the Executive, but directly allocates career-technical education funding to traditional and joint vocational districts inside the main funding formulas and, instead of using an amount for each category, determines the career-technical education cost using category weight x formula amount, where the 1-5 category weights are: 0.76, 0.68, 0.43, 0.31, and 0.24. Pays associated services funding to traditional and joint vocational school districts based on a weight of 0.05. Applies the state share index (for traditional districts) or the state share percentage (for JVSDs) to the calculated cost to determine the state share (see EDUCD83).

Requires the lead district of each CTPD to approve or disapprove the career-technical program of all member districts and schools. Requires ODE to review any program disapprovals and provides that, if ODE approves the program, ODE's decision is final. Requires ODE to transfer the funding calculated for its ADM to each approved district and school.

Same as the Executive, but (1) also requires ODE, in reviewing the decision of a lead district of a CTPD to disapprove a career-technical education program from receiving funding, to consider the demand for the career-technical education program and the availability of the program within the CTPD and (2) eliminates the requirement that ODE transfer the funding calculated for its ADM to each approved district and school.

Specifies that the current law formula for crediting career-technical associated services funding to each lead district

of a CTPD does not apply after FY 2013 and pays state funds for career-technical associated services, at a rate of \$150 per career-technical ADM, directly to each lead district of a CTPD.

Fiscal effect: Allocates to CTPDs, from GRF appropriation item 200550, Foundation Funding, an estimated \$118.1 million per year in career-technical education funds and \$8.8 million per year in funding for associated services, for a total of \$126.9 million per year.

using (1) the formula amount instead of \$5,732, (2) the state share index instead of the state share percentage, and (3) the sum of categories 1-5 career-technical education ADM instead of the sum of categories 1 and 2 vocational education ADM.

Fiscal effect: Eliminates the earmark allocating funding to CTPDs and instead allocates career-technical education funds in the main formulas for traditional and joint vocational school districts.

EDUCD96 Reporting Requirements Associated with Certain Tax Exempt Property

R.C. 3317.021

Eliminates data reporting requirements of the Department of Taxation (TAX) and the Development Services Agency (DEV) concerning certain property values exempt from taxation (these values were used in prior funding models to reflect the revenue base of school districts from payments in lieu of taxes attributable to property exempted from taxation pursuant to tax incentive financing (TIF) arrangements).

Fiscal effect: Decrease in administrative burden for TAX and DEV.

Pupil Transportation Funding

R.C. 3317.0212, Section 263.170

Modifies the pupil transportation formula to use the state share index from the new formula (see EDUCD83) instead of the state share percentage. Requires ODE to prorate the calculated amount for each district to fit within the appropriation. Removes pupil transportation funding from the main funding formula, so that it is no longer part of the main formula's guarantee or cap.

No provision.

No provision.

Fiscal effect: Allocates \$375.8 million each year for this funding from GRF appropriation item 200502, Pupil Transportation.

R.C. 3317.0212

Same as the Executive, but (1) removes the following adjustments from the pupil transportation formula so that funding is based only on the greater of per rider or per mile costs for each district: (a) nontraditional ridership, (b) high school ridership, (c) distance adjustment to school districts that transport K-8 students who live between one and two miles from school, (d) efficiency; and (2) includes the formula payments and payments for students transported by means other than school bus service in the main formula.

Provides a transportation supplement for low-wealth and low density school districts equal to the difference between the district's unrestricted pupil transportation formula amount and the prorated amount.

Requires school districts to report transportation funding data through the Education Management Information System.

Fiscal effect: Increases funding for pupil transportation formula payments by \$37.6 million in FY 2014 and by \$58.3 million in FY 2015. Provides an additional \$25.3 million in FY 2014 and \$23.1 million in FY 2015 for the low wealth/low density supplement.

Replaces the unit funding formula for preschool special education funding for school districts and institutions. Specifies the formula as the sum of the following:

(1) \$4,000 x the number of pre-school special education students; and

(2) The sum of (the number of preschool students in each special education category x the amount specified for each special education category x state share index x 0.5), where the state share index for a state institution is the state share index of the student's resident district and the amount for each special education category is the same as that for K-12 students (see EDUCD83).

Multiplies the tuition paid from one school district to another for preschool special education students by 0.5.

Permits a school district for which an educational service center or county DD board is providing preschool special education services for resident children to authorize ODE to transfer the district's additional aid for preschool special education to the educational service center or county DD board providing those services.

Same as the Executive, but makes the following changes:

(1) Same as the Executive.

(2) Same as the Executive, but state share index and special education amounts are calculated according to the House proposal.

Same as the Executive.

Same as the Executive, but requires ODE to deduct from a school district's additional state aid for preschool special education children the funds that are attributable to students receiving services from a county DD board and pay those funds to the county DD board, rather than to transfer those funds to the county DD board upon the district's request.

Requires ODE to ensure that a county DD board receives at least the same amount of state funding for preschool

No provision.

EDUCD91 Special Education Exceptional Cost Fund

R.C. 3317.0214, 3317.0215, 3314.08, 3317.16, 3326.34

R.C. 3317.0214, 3314.08, 3317.16, 3326.34

Creates the Special Education Exceptional Cost Fund and requires the transfer of 15% of the additional special education aid for traditional school districts, joint vocational school districts (JVSDs), community schools, and STEM schools to the Fund.

No provision.

Renames "catastrophic" cost to "exceptional" cost.

No provision.

Replaces "state share percentage" in the formula to "state share index" to reflect the new funding formula.

Same as the Executive for traditional school districts, but retains "state share percentage" for JVSDs (both elements are calculated differently under the House proposal).

Pays aid for exceptional costs from the new Fund (under current law these costs are paid through a GRF set aside).

No provision.

Fiscal effect: Effectively pools a portion of additional special education aid to pay these costs. The amount pooled is estimated to be \$111.6 million in FY 2014 and \$119.5 million in FY 2015.

Fiscal effect: Earmarks \$40 million per fiscal year for catastrophic special education costs in GRF appropriation item 200550, Foundation Funding (see EDUCD23).

Counts kindergarten students as a true full-time equivalent (FTE) student in average daily membership (ADM), the student count used for the funding formula, instead of counting all kindergarten students as one FTE, regardless of the time spent in school (typically either full or half day).

Same as the Executive, but also (1) requires traditional and joint vocational school districts to certify ADM during the first full school week of each month, rather than only the first full week of October as required under current law, (2) specifies that a district's computed state operating funding be based on the annualized average of monthly ADM counts, (3) prohibits a traditional school district from categorically excluding a student from its reported number of economically disadvantaged students based on anything other than family income (this provision also applies to such reports by JVSDs, community schools, and STEM schools), and (4) permits a school district to charge fees or tuition for a student enrolled in all-day kindergarten only as long as the student is included in the student count reported to ODE as less than one FTE student.

Replaces the school funding formula in the Revised Code, which hasn't been used for city, local, and exempted village school districts since FY 2009, with a new formula that computes core foundation funding as the sum of the following:

Same as the Executive, but makes the following changes:

(1) An opportunity grant of $\{\$250,000 - [\text{district's 3-year average valuation} / (\text{total ADM} + \text{preschool scholarship ADM})]\} \times 0.02 \times (\text{formula ADM} + \text{preschool scholarship ADM})$ (if the result is negative, then "0"); where formula ADM counts only 20% of the JVSD ADM and preschool scholarship ADM counts preschool children participating in

(1) Replaces the Executive calculation with an opportunity grant equal to formula amount x formula ADM x state share index, where formula amount equals \$5,732 in FY 2014 and \$5,789 in FY 2015; state share index equals 5% if a district's adjusted valuation index (AVI) is greater than or equal to 1.8, a scaled amount from 5% to 50% if a

the Autism Scholarship Program.

(2) Targeted assistance funds for 490 districts with lowest wealth per pupil, equal to: $\{[\text{threshold district wealth per pupil} - \text{district wealth per pupil}] \times \text{target millage} \times \text{district wealth index} \times (\text{formula ADM} - \text{e-school ADM} - \text{EdChoice ADM})\}$, where wealth per pupil is the average of 3-year average valuation and 3-year average income (FAGI) per formula ADM, the threshold district has the 490th lowest wealth per pupil, target millage equals 0.006 in FY 2014 and 0.007 in FY 2015, and the district wealth index equals state wealth per pupil/local wealth per pupil.

(3) Special education additional aid equal to the sum of (the ADM in each special education category x an amount for each category) x state share index, where state share index equals $\{(\text{district valuation index} \times (\text{maximum district valuation index} - \text{minimum district valuation index}) / 0.9) \times$

As Reported by House Finance and Appropriations

district's AVI is between 1.8 and 0.9, 50% if a district's AVI is 0.9, a scaled amount from 50% to 90% if a district's AVI is between 0.9 and 0.35, and 90% if AVI is less than or equal to 0.35; AVI is equal to a district's valuation index, unless a district's median income index is less than its valuation index, in which case AVI is equal to $1/3$ the median income index plus $2/3$ the valuation index; a district's valuation index is equal to the district's adjusted three-year average valuation in FY 2014 divided by the state average; a district's median income index is equal to the district's median Ohio adjusted gross income divided by the median district's median Ohio adjusted gross income; and a district's adjusted three-year average valuation is equal to the average of total valuation for fiscal years 2012, 2013, and 2014, adjusted for districts with exempt property equal to at least 30% of exempt plus taxable property by subtracting that 30%.

(2) Same as the Executive, but target millage equals 0.006 in FY 2015, and a second tier is added, where the second tier equals a percentage of the first tier allocation and the percentage ranges from 40% for a district with agricultural property that is 10% or more of real property to 0% for a district with no agricultural property.

(3) Same as the Executive, but instead of an amount for each category, uses a category weight x 90% x formula amount, and the state share index is the same as that for the opportunity grant (see (1) above), where the 1-6 category weights are: 0.2906, 0.7374, 1.7716, 2.3643,

Executive

0.1, with minimum of 0.05 and a maximum of 0.95, district valuation index equals state 3-year average valuation per total ADM/district 3-year average valuation per total ADM, and the amounts for categories 1-6 are: \$1,902; \$4,827, \$11,596, \$15,475, \$20,959, \$30,896. Transfers 15% of this amount to the Special Education Exceptional Cost Fund (See EDUCD91).

(4) Early childhood access funds for districts with an economically disadvantaged index greater than 1.0 and an early childhood access index greater than 0.5, equal to 2 x kindergarten ADM x \$600 x early childhood access index, where early childhood access index equals district kindergarten ADM per pre-school/state kindergarten ADM per pre-school and economically disadvantaged index equals district % of total ADM who are economically disadvantaged/state % of total ADM who are economically disadvantaged.

(5) Economically disadvantaged funds equal to economically disadvantaged ADM x \$500 x economically disadvantaged index.

(6) Limited English proficiency (LEP) funds equal to the sum of (ADM for each LEP category x an amount for each LEP category) x state share index, where the amounts for categories 1-4 are \$1,500, \$1,125, \$750, and \$375.

(7) Gifted funds equal to \$50 x formula ADM.

3.2022, and 4.7205.

(4) Replaces the Executive calculation with a district's kindergarten through third grade ADM x a per pupil amount x state share index, where the per pupil amount is \$300 in FY 2014 and \$303 in FY 2015.

(5) Same as the Executive, but the index is the square of the Executive calculation and decreases the per pupil amount to \$340 in FY 2014 and \$343 in FY 2015.

(6) Same as the Executive, but does not provide funding for category 4 and increases the amounts by 1% in FY 2015.

(7) Replaces the Executive calculation with a per pupil amount of \$5 in FY 2014 and \$5.05 in FY 2015 for gifted identification plus unit funding where each district is assigned units based on the district's formula ADM minus it's community school ADM, total units assigned are equal to a unit for every 3,300 students with a minimum of 0.5 and maximum of 8 for gifted coordinators, plus a unit for every 1.100 students with a minimum of 0.3 for gifted

intervention specialists, the total number of units is multiplied by \$37,000 in FY 2014 and \$37,370 in FY 2015. Requires a school district to use the funding it receives for gifted coordinator services or gifted intervention specialist services only for that purpose. Requires a school district to employ qualified personnel to provide gifted coordinator services or gifted intervention specialist services on a full-time equivalency basis that corresponds to the units allocated to the district for that purpose. Permits a school district to assign its gifted unit funding to another school district, an ESC, a community school, or a STEM school.

(8) Provides career-technical education funds in the main formula equal to the formula amount x the district's total career-technical education weight x state share index and subjects the payment of these funds to the review and approval of the district's career-technical education program by the lead district of the career-technical planning district (CTPD) to which the district is affiliated (see EDUCD88). Requires a comprehensive single-district CTPD or a school district that is a party to a career-technical educational compact (not JVSDs) to spend at least 75% of career-technical education funding on costs directly associated with career-technical education programs and not more than 25% on personnel expenditures (an existing rule prescribes these same percentages for these same purposes for the expenditure of career-technical education funds by all types of providers).

(9) No provision. (See EDUCD88)

(9) Provides career-technical education associated services funding in the main formula and equal to formula amount x career-technical education ADM x 0.05 x state share index (see EDUCD88).

Makes the following adjustments to core foundation funding to calculate final core funding:

(1) Caps funding by limiting it to the minimum of calculated core foundation funding, base x 1.25, or base + (total resources x 0.1), where base for FY 2014 equals FY 2013 state aid - FY 2011 transportation funding - FY 2011 career-technical additional funding, base for FY 2015 equals FY 2014 final core funding, total resources for FY 2014 equals state aid and tax revenues for FY 2012, and total resources for FY 2015 equals state aid and tax revenues for FY 2013. Requires ODE to reduce a district's payments under components (2) through (7) above proportionately as necessary to implement the cap.

(2) Guarantees funding by calculating final core funding as the maximum of the base, the calculated opportunity grant, or the capped aid calculated above.

Modifies the special education categories by including developmentally delayed preschool special education students in category 2.

Establishes the LEP categories as follows:

(1) Enrolled in U.S. schools 180 school days or less and not previously exempted from spring English assessments;

(2) Enrolled in U.S. schools for more than 180 school days or was previously exempted from spring English assessments;

(2) Same as the Executive, but (a) specifies that a district's base for both fiscal years is equal to its FY 2013 state aid, which includes pupil transportation and career-technical education funding since those components are included in the main formula under the House proposal, and (b) eliminates the guarantee based on the district's opportunity grant.

EDUCD84 Joint Vocational School District Funding

R.C. 3317.16, 3317.161, Section 263.250

Replaces the JVSD school funding formula in the Revised Code, which hasn't been used since FY 2009, with a new formula for core foundation funding that mirrors the formula for traditional school districts (see EDUCD83) with the following modifications:

- (1) Calculates the opportunity grant as: [$\$10 \text{ million} - (\text{JVSD's three-year average valuation} / \text{formula ADM})$] x 0.0005 x formula ADM (if the result is negative, then "0");
- (2) Calculates targeted assistance funds for the 39 JVSDs with lowest wealth per pupil, as: $\{[\text{threshold JVSD wealth per pupil} - \text{JVSD wealth per pupil}] \times \text{target millage} \times \text{JVSD wealth index} \times \text{formula ADM}\}$, where the threshold JVSD has the 39th lowest wealth per pupil and target millage equals 0.00025.
- (3) Provides no early childhood access funds.
- (4) Calculates special education additional aid, economically disadvantaged funds, LEP funds, and gifted funds as they are calculated for traditional districts. As with traditional districts, transfers 15% of special education additional aid to the Special Education Exceptional Cost Fund (see EDUCD91).

R.C. 3317.16, Section 263.250

Same as the Executive, but makes the following changes:

- (1) Replaces the Executive calculation with (formula amount x formula ADM) - (0.0005 x three year average property valuation), where formula amount equals \$5,732 in FY 2014 and \$5,789 in FY 2015 (as under the Executive proposal, if the result is negative, then "0").
- (2) No provision.
- (3) Same as the Executive.
- (4) Same as the Executive, but (a) calculates special education additional aid, economically disadvantaged funds, and LEP funds as they are calculated for traditional school districts under the House proposal, (b) provides no gifted funds, (c) calculates the state share of special education additional aid and LEP funds according to the state share percentage, where this percentage equals opportunity grant amount/(formula amount x formula ADM), and (d) eliminates the transfer of 15% to the Exceptional

Cost Fund.

(5) Provides career-technical education funds in the main formula equal to the formula amount x the district's total career-technical education weight x state share percentage and subjects the payment of these funds to the review and approval of the district's career-technical program by the lead district of the career-technical planning district to which the district is affiliated (see EDUCD88).

(6) No provision. (See EDUCD88)

(6) Provides career-technical education associated services funding in the main formula and equal to formula amount x career-technical education ADM x 0.05 x state share percentage (see EDUCD88).

Makes same adjustments to core foundation funding to calculate final core funding as are made for traditional districts except no cap is made based on total resources and the base for FY 2014 equals FY 2013 state aid - FY 2009 career-technical additional funding.

Same as the Executive, but makes the same adjustments to core foundation funding to calculate final core funding as are made for traditional districts under the House proposal (see EDUCD83).

Fiscal effect: Allocates an estimated \$204.3 million in FY 2014 and \$207.0 million in FY 2015 for final core funding to JVSDs.

Fiscal effect: Same as the Executive, but increases the amount calculated for final core funding for JVSDs to \$269.2 million in FY 2014 and to \$274.9 million in FY 2015.

Funding for County Boards of Development Disabilities and State Institutions

R.C. 3317.20, 3317.201, 3317.03

Discontinues the practice of counting a portion of students enrolled in county DD board schools in resident district ADM and transferring funding for these students from the resident district to the county board.

R.C. 3317.20, 3317.03

Same as the Executive, but also specifies that an existing requirement for a city, local, or exempted village school district to report the number of children, other than preschool children with disabilities, the district placed with a county DD board in fiscal year 1998 does not apply after fiscal year 2013.

Executive

As Reported by House Finance and Appropriations

Replaces the funding formula for K-12 students educated at county boards with a new formula that adds, for each child placed in a DD board's program:

Replaces the Executive provisions with the same formula for computing payments to county DD boards as exists under current law, except that the formula continues to use the resident district's state share index in recognition of the new school funding formula (under the House proposal, the formula amount used to determine these payments increases from \$5,653 in FY 2013 to \$5,732 in FY 2014 and \$5,789 in FY 2015).

(1) (Opportunity per pupil amount of child's resident district + special education category amount) x state share index of child's resident district, and

(1) No provision.

(2) Targeted assistance per pupil for the child's resident district.

(2) No provision.

Replaces the funding formula for K-12 students educated at institutions with a new formula that adds:

No provision.

(1) Sum of (ADM in each special education category x the amount specified for each category); and

(1) No provision.

(2) Sum of (targeted assistance per pupil amounts for each student's resident district x the total number of each resident district's students enrolled at the institution.

(2) No provision.

Fiscal effect: Earmarks up to \$50 million per year from GRF appropriation item 200540, Special Education Enhancements, to make these payments to county boards and state institutions.

Fiscal effect: Same as the Executive, but also requires ODE, if necessary, to proportionately reduce the amounts calculated for each county DD board and state institution for special education and related services so as not to exceed the amount appropriated in each fiscal year.

Accountability for Subgroups

R.C. 3317.40

(1) Specifies the General Assembly's intent that state operating funds provided to school districts be used to provide all students the opportunity to master a common knowledge base to graduate from high school prepared for a career or post-secondary education. Requires that districts and schools be held accountable for those funds.

(2) Expresses the General Assembly's intent that funds provided for specific subgroups of students be used to allow these students to master the knowledge required for high school graduation.

(3) Requires school districts and schools that fail to show "consistent progress," as determined by ODE, for a student subgroup for which funds are allocated (special education, economically disadvantaged, LEP, and gifted) to partner with, and pay these funds to, an organization that has a demonstrated ability to improve the educational outcome of students within that subgroup.

(4) Requires ODE to publish a list of schools, districts, and providers that have a demonstrated ability to serve each subgroup of students.

R.C. 3317.40

(1) No provision.

(2) Replaces the Executive provision with a provision that requires school districts and schools to account for the expenditure of state education funds provided for services to these subgroups of students.

(3) Replaces the Executive provision with provisions that (a) require a district or school to submit an improvement plan to ODE if ODE determines that a district or school has not reached satisfactory achievement and progress for a subgroup, (b) permit ODE to require that the plan include partnering with another entity for services to that subgroup, (c) require the State Board of Education to establish measures of satisfactory achievement and progress not later than December 31, 2014, and (d) require ODE to use the measures established by the State Board to determine if a district or school has made satisfactory achievement and progress for certain subgroups by September 1, 2015, and annually thereafter.

(4) Same as the Executive.

Executive

As Reported by House Finance and Appropriations

Fiscal effect: Potential increase in administrative burden for ODE to determine the specific measures used to determine if sufficient progress is being made. May restrict the use of a portion of state aid for some districts and schools.

Fiscal effect: Same as the Executive, but the State Board instead of ODE is tasked with determining the measures.

EDUCD86 STEM School Funding Formula

R.C. *3326.33, 3326.31, 3326.32, 3326.34 (repealed and re-enacted), 3326.38, 3326.39 (repealed)*

R.C. *3326.33, 3326.31, 3326.32, 3326.34, 3326.38, 3326.39 (repealed)*

Replaces the formula used to calculate deductions from school districts and transfers to STEM schools with a formula that is the same as that for community schools (see EDUCD85) except that it does not provide funds for early childhood access.

Replaces the Executive calculations with a formula that is the same as that for community schools under the House proposal.

Fiscal effect: Alters the per pupil amount deducted from school district state funding allocations compared to current law, which is based on a formula amount of \$5,653 plus additional amounts based on FY 2009 levels for special education, career-technical education, poverty-based assistance, and parity aid. In FY 2012, transfers of state aid to STEM schools (specifically, Greater Dayton Regional STEM) amounted to \$2.2 million.

Fiscal effect: Same as the Executive.

EDUCD104 Parental School Transportation Subsidy

No provision.

R.C. *3327.01, 3327.02, Sections 263.170 and 263.463*

Eliminates provisions from current law that provide for a payment in lieu of transportation to a student's parent when a school district board determines it is impractical to transport the student by school vehicle. (Under current law, the payment is no more than the average cost of pupil transportation in the previous year.)

Executive	As Reported by House Finance and Appropriations
No provision.	If a student meets certain requirements, permits a student's parent, or the student if at least 18 years old, to apply for and receive a transportation subsidy in an amount equal to the lesser of (1) the statewide average cost of pupil transportation for the preceding school year or (2) the average cost of pupil transportation for the previous school year for the student's resident school district.
No provision.	Requires ODE to deduct the amount of each subsidy awarded to a student's parent or student from the state aid account of the student's resident school district.
No provision.	Prescribes that the implementation of the transportation subsidy provisions take effect on July 1, 2014.
No provision.	<p>Requires ODE to prescribe procedures and deadlines for the application and notice process for parents or students who choose to apply for the transportation subsidy.</p> <p>Fiscal effect: Eliminates a FY 2015 earmark of \$5 million for payments in lieu of transportation from GRF appropriation item 200502, Pupil Transportation. Subsidies provided to parents in FY 2015 will be deducted from school districts' state aid. It is likely that more students will qualify for subsidies than qualify for payments in lieu of transportation. In addition, the amount of the subsidies will likely be more than the amount of the payments in lieu of transportation.</p>

Straight A Program

R.C. 3317.52

Creates the Straight A Program to provide grants to school districts, JVSDs, ESCs, community schools, STEM schools, individual school buildings, education consortia, institutions of higher education, and private entities for projects that aim to achieve significant advancement in student achievement, spending reduction in the five year fiscal forecast, or utilization of a greater share of resources in the classroom.

Creates a seven-member governing board to award the grants. Requires ODE to provide administrative support to the board. Requires the board to select advisors with fiscal and education expertise to evaluate grant proposals. Requires the board to issue an annual report concerning the program.

Specifies the required components for each grant application and agreement as well as procedures and certain criteria to be used by the board in awarding the grants.

Section: 263.325

Same as the Executive, but (1) establishes the program in uncodified law for FYs 2014 and 2015, (2) adds college preparatory boarding schools as entities eligible to apply for the grants, and (3) modifies the goals of the grant program to increased student achievement and progress, improved productivity, and sustainable cost reduction of operations.

Same as the Executive, but (1) increases the number of governing board members to eight, (2) specifies that the members serve without compensation, (3) permits, instead of requires, the governing board to select grant advisors, (4) specifies that the grant advisors form an advisory council, (5) requires the the advisors to consult with the board regarding strategic planning, and (6) specifies that no advisor will be compensated for their service.

Same as the Executive, but also (1) requires the board to create a grant application and publish on ODE's web site the grant application and the timeline for the submission, review, notification, and awarding of grant proposals, (2) requires ODE, with approval from the board, to establish a system for evaluating and scoring grant applications, (3) specifies certain priorities to be used in awarding the grants, (4) specifies that grants for education consortia cannot exceed \$1 million while grants for all other eligible entities cannot exceed \$500,000, and (5) specifies that the grants are subject to approval of the Controlling Board.

Executive

As Reported by House Finance and Appropriations

Establishes an advisory committee for the Straight A Fund consisting of up to 21 members to annually review the Straight A Program and provide strategic advice to the governing board and the Governor's Office of 21st Century Education.

No provision.

Fiscal effect: The bill appropriates \$100 million in FY 2014 and \$200 million in FY 2015 from LPE Fund 7017 appropriation item 200648, Straight A Fund, for the grants. May increase ODE's administrative burden to provide support to the program's governing board.

Fiscal effect: Same as the Executive, but reduces appropriations for the grant program to \$50 million in FY 2014 and to \$100 million in FY 2015.

EDUCD60 Educational Service Center Funding

Sections: 263.360, R.C. 3317.11 (Repealed)

Sections: 263.360, 263.230, R.C. 3317.11 (Repealed), 3313.843

Repeals the requirement that ESCs provide supervisory services to client districts, the unit funding provided for those services, and the \$6.50 per pupil transfer to the ESC from the client district's state aid.

Same as the Executive.

Repeals the per pupil state payment for ESCs of \$37.00 or \$40.52.

Same as the Executive, but includes a temporary law provision that sets the per pupil state payment amounts for ESCs at \$37.00 per pupil in FY 2014 and \$35.00 per pupil in FY 2015.

Specifies that state funding for ESCs in FY 2014 is 77.5% of the funding provided in FY 2013 and that funding in FY 2015 is 72.3% of the funding provided in FY 2014.

Replaces the Executive provision with a provision that provides for a per pupil payment (see above) and, if necessary, prorates the per pupil payments to fit the earmark for state reimbursement of ESCs.

No provision.

Specifies that the student count for purposes of calculating any state subsidy to be paid to an ESC for services provided to a school district is the sum of the average daily student enrollments reported on the most recent report cards issued by ODE for all of the school districts with

Executive

As Reported by House Finance and Appropriations

agreements with the ESC.

Requires the governing board of any ESC that has received all moneys owed to it by a school district on the effective date of the termination of the district's agreement for services with the ESC to submit an affidavit certifying that fact not later than 15 days after the termination's effective date.

No provision.

Prohibits ODE from making any payments to any other ESCs with which the district enters into an agreement for services that the ESC provides to the district until ODE receives the affidavit.

No provision.

States that an ESC may apply for federal, state, and private grants.

No provision.

Requires each ESC, not later than January 1, 2014, to post on its web site a list of all of the services that it provides and the corresponding cost for each of those services.

No provision.

Requires ODE to ensure that, when a district enters into an agreement with a new ESC, the state subsidy for services provided to the school district is paid to the new ESC rather than the prior one.

Fiscal effect: Limits funding of ESCs by school districts to contractual agreements entered into between ESC governing boards and client districts. The bill earmarks \$27.5 million in FY 2014 and \$20.0 million in FY 2015 for state funding of ESCs.

Fiscal effect: Same as the Executive, but increases the earmark for ESC funding to \$43.5 million in FY 2014 and \$40.0 million in FY 2015, in addition to a \$3.8 million earmark for ESC gifted funding (see EDUCD23). May increase ESCs' administrative burden for posting services and corresponding costs to their web sites.

EDUCD40 Foundation and Transitional Aid Funding Reimbursement

Section: 263.410

School Choice Programs

EDUCD64 EdChoice Eligibility (K-3 Literacy)

R.C. 3310.03, 3310.02

Beginning with the 2016-2017 school year, qualifies for the EdChoice scholarship students in kindergarten through third grade who are enrolled in a district-operated school that has received a grade of "D" or "F" in "making progress in improving K-3 literacy" in two of the three most recent state report cards and has not received an "A" in "making progress in improving K-3 literacy" in the most recent report card issued prior to the first day of July of the school year for which the scholarship is sought.

Fiscal effect: May qualify more students for EdChoice. If the expansion attracts incoming kindergarten students who would have attended nonpublic schools using private funds without the scholarship, statewide enrollment may increase, thereby increasing costs to the state. If more scholarships are awarded, deductions from school districts will increase to fund the scholarships. Districts may also experience a decrease in expenditures due to educating fewer students.

R.C. 3310.03, 3310.02

Same as the Executive.

Fiscal effect: Same as the Executive.

EDUCD65 EdChoice Expansion (Low-Income Students)

R.C. 3310.032, Section 263.320

Beginning with the 2013-2014 school year, expands the EdChoice scholarship program to qualify students with family incomes at or below 200% of the federal poverty guidelines, regardless of the academic rating of the school they otherwise would attend.

R.C. 3310.032, 3310.035, Section 263.320

Same as the Executive.

Executive

As Reported by House Finance and Appropriations

Specifies that scholarships for students from low-income families are to be funded through an appropriation made by the General Assembly, rather than through deductions from their resident school districts' state education aid.

Same as the Executive, but specifies that scholarships are available through the appropriation only for students from low-income families who do not already qualify for EdChoice based on the performance of the student's public school.

Limits the number of scholarships awarded to students from low-income families to the amount appropriated for that purpose.

Same as the Executive.

Phases in this EdChoice expansion by qualifying only kindergartners for the scholarship in the 2013-2014 school year, with the next grade higher added in each subsequent year.

Same as the Executive.

Prioritizes the awarding of scholarships if applications exceed the number of scholarships that can be funded by the appropriation, as follows:

Same as the Executive.

(1) First, to students who received scholarships in the previous year;

(1) Same as the Executive.

(2) Second, to students with family incomes at or below 100% of the federal poverty guidelines;

(2) Same as the Executive.

(3) Third, to students with family incomes between 100% and 200% of the federal poverty guidelines.

(3) Same as the Executive.

Qualifies a scholarship recipient under the new income criteria for scholarships in subsequent school years, through grade 12, even if the student's family income exceeds 200% of the federal poverty guidelines.

Same as the Executive.

No provision.

Specifies that if a student is eligible for the EdChoice scholarship based on the student's public school performance and the bill's new EdChoice scholarship expansion based solely on family income, the student, applying for the scholarship for the first time, must receive

Executive

As Reported by House Finance and Appropriations

No provision.

the scholarship based on public school performance and not family income.

Specifies that once a student receives an EdChoice scholarship, the student will continue to receive the scholarship under the provision for which the student received the scholarship in the previous year.

Fiscal effect: The bill appropriates \$8.5 million in FY 2014 and \$17.0 million in FY 2015 in LPE Fund 7017, appropriation item 200666, EdChoice Expansion, to finance the scholarships. Assuming every student uses the maximum scholarship amount (\$4,250 for grades K-8; \$5,000 for grades 9-12), there will be 2,000 scholarships available in FY 2014 and 4,000 scholarships available in FY 2015. Districts may realize a decrease in expenditures due to educating fewer students.

Fiscal effect: Same as the Executive.

EDUCD108 Cleveland Scholarship Maximum Amount

No provision.

R.C. 3313.978

Increases from \$5,000 to \$5,700 the maximum scholarship amount awarded to students in grades 9 through 12 under the Cleveland Scholarship and Tutoring Program (CSTP).

Executive

As Reported by House Finance and Appropriations

Fiscal effect: As a result of the higher scholarship amount, the number of scholarships available may decrease. Scholarships are funded through two earmarks in GRF appropriation item 200550, Foundation Funding; one uses funds deducted directly from the Cleveland Municipal School District's state foundation aid (about \$11.9 million in each fiscal year) and the other (about \$18.7 million in each fiscal year) may be used for any school choice program. Spending on CSTP has historically exceeded the \$11.9 million earmark taken from the district. Funding for CSTP, along with other school choice programs, will likely depend on how spending is allocated within the earmark for school choice programs.

EDUCD76 Dual Enrollment/Advanced Standing

R.C. 3313.6013, 3328.24

Renames "dual-enrollment program" as "advanced standing program."

Adds college-preparatory boarding schools to the public schools required to offer an advanced standing program.

Modifies programs that qualify as advanced standing to specifically include the International Baccalaureate Program.

Permits ODE, if a community school sponsor is found not to be compliant with applicable laws and administrative rules, to require the sponsor to remedy the reasons why it was noncompliant and to place temporary limits on the breadth and scope of the sponsor's authority until the sponsor remedies its noncompliance, in lieu of revoking a sponsor's authority to sponsor.

No provision.

No provision.

No provision.

Fiscal effect: If ODE revokes a sponsors authority, it takes over temporary sponsorship of the sponsor's schools, so this provision may decrease ODE's sponsorship duties if sponsors are able to come into compliance before having sponsorship authority revoked.

R.C. 3314.015, 3314.029, 3314.072

Same as the Executive, but permits ODE to place the sponsor on probationary status and prohibit its ability to sponsor additional schools if the sponsor does not implement a plan to remedy its noncompliance.

Requires a probationary sponsor to provide evidence of its compliance with applicable laws and administrative rules in order for its probationary status to be lifted by ODE.

Specifies that ODE's authority to approve, disapprove, or revoke the approval of an entity's sponsorship applies to both start-up community schools and conversion community schools.

Authorizes ODE to deny an application submitted under the Ohio School Sponsorship Program by an existing community school, if the school's contract with its sponsor was terminated, not just if the contract is not renewed as under current law.

Removes descriptive language of permissive school standards for school districts and buildings.

Same as the Executive, but clarifies existing law with respect to the permissive standards including a commitment to high expectations and a commitment to closing the achievement gap so that the expectations are based on the learning needs of each individual, including students with disabilities, economically disadvantaged students, limited English proficient students, and students identified as gifted and that the commitment to closing the achievement gap must not suppress the achievement levels of higher achieving students.

Removes the required use of phonics as a technique for teaching reading in grades kindergarten through three and in in-service training.

No provision.

Requires the State Board of Education to review and revise school operating standards by December 31, 2013 such that the standards are limited to the requirements to ensure the health and safety of students and to ensure each student has mastered a common knowledge base in order to graduate from high school. Requires, as much as possible, that the State Board provide schools with flexibility in meeting the revised operating standards.

Fiscal effect: Provides an extended time frame, once the school year begins, for administration of a new expanded kindergarten readiness assessment that will begin to be administered in the 2014-2015 school year and provides public districts and schools the option of using the language and literacy portion of the expanded assessment to meet two assessment requirements in current law, rather than having to administer two separate assessments.

Parent Triggered Reforms for Low Performing Schools

R.C. 3302.042

Modifies the parent triggered reform mechanism, established under the Columbus City School District Pilot Project, to become a permanent provision applicable to any school of a city, exempted village, or local school district in the state (the provision allows the parents of students enrolled in a school to petition for school reforms if that school has been ranked in the lowest 5% of all public schools by performance index score for three or more consecutive years).

No provision.

Eliminates the requirement that ODE annually report its recommendations to the General Assembly on the expansion of the Columbus City School District Pilot Project to other school districts in the state or to apply the project as a statewide program (ODE is still required to annually evaluate the parent triggered reform mechanism and to annually report its recommendations on the continuation of this mechanism to the General Assembly).

No provision.

Fiscal effect: Implementation of one of the reform plans specified under current law would likely increase administrative costs for the affected school district. No school would be eligible for the reform mechanism until after the 2013-2014 school year, as the mechanism requires at least three years of performance index score data.

Same as the Executive.

Eliminates excused calamity days for schools generally, as well as the requirement for a contingency plan to make up calamity days, but retains (a) a recently enacted allowance of calamity days for community schools and (b) a recently enacted option for districts and schools to make up some calamity days via online lessons or paper "blizzard bags."

Same as the Executive.

Executive

As Reported by House Finance and Appropriations

Requires school districts, prior to changing the hours or days in which a school is open to: (1) consider the compatibility of the proposed change on the scheduling needs of JVSDs in which any of the school's students are enrolled and any community school to which the district must transport students; (2) provide a JVSD or community school with advance notice of the proposed change and enter into a written agreement prescribing reasonable accommodations to meet the JVSD or community school's scheduling needs; and, (3) consult with chartered nonpublic schools to which the district must transport students, and to consider the impact on the schedule for transportation of the chartered nonpublic school's students.

Same as the Executive.

Same as the Executive, but extends the requirement to operators as well as governing authorities.

Same as the Executive.

Executive

As Reported by House Finance and Appropriations

Fiscal effect: This provision will likely provide more flexibility in scheduling for most schools and districts. The elimination of excused time for public calamities may result in schools just meeting the current minimum number of days and hours to incur additional operating costs to make up any time lost.

Renames the Post-Secondary Enrollment Options (PSEO) Program as the College Credit Plus Program.

No provision.

Makes the following changes to the renamed program:

Replaces the Executive provision with a provision that makes the following changes to the existing PSEO program:

(1) Requires all state institutions of higher education to participate in the program, except for the Northeastern Ohio Universities Medical College.

(1) No provision.

(2) Requires that students be considered qualified to participate in the College Credit Plus Program based solely on the participating college's established admission standards.

(2) Same as the Executive, but refers to PSEO instead of College Credit Plus.

(3) Requires student participation in the program to be based on a participating institution of higher education's established admission standards, and requires each institution to give priority to its current students regarding course enrollment.

(3) No provision.

(4) Requires the Chancellor of the Board of Regents to develop a standard information packet on the College Credit Plus Program that secondary schools must distribute to each participating student and requires secondary schools to keep a record of dates that such packets are sent to students' homes.

(4) No provision.

Executive	As Reported by House Finance and Appropriations
(5) Changes notification of participation in the program from students informing the school (current law) to the colleges notifying students and schools.	(5) No provision.
(6) Removes the requirement that a participating student or parent sign a form stating that they have received required counseling for the program.	(6) No provision.

(8) Replaces the Executive provision with a provision that returns to current law but defines the tuition base as the current year formula amount.
(9) Prescribes the following methods to determine payments based on how students receive instruction:	(9) No provision.
(a) For students who receive instruction on the college campus, at another location operated by the college, or online, and taught by college faculty: 50% for students enrolled in public colleges and 75% for students enrolled in private colleges of the statewide average in-state tuition per credit hour for the type of college attended.	(a) No provision.
(b) For students who receive instruction at the student's school taught by a college faculty member: 25% for students enrolled in public colleges and 50% for students enrolled in private colleges of the statewide average in-state tuition per credit hour for the type of college attended.	(b) No provision.

school, 25% for students enrolled in public colleges and 50% for students enrolled in private colleges of the statewide average in-state tuition per credit hour for the type of college attended.

(d) For students who receive instruction at the student's school taught by a teacher at that school accredited by the college: nothing for students enrolled in public colleges and 25% for students enrolled in private colleges of the statewide average in-state tuition per credit hour for the type of college attended.

(10) Permits a public college to include a student enrolled under the College Credit Plus Program in its count for "State Share of Instruction" state higher education subsidy purposes.

(11) Eliminates a provision allowing the Superintendent of Public Instruction and the Chancellor to adopt rules permitting a secondary school and an institution of higher education to enter into an agreement to use an alternative funding formula for payments to the institution.

(13) Qualifies students enrolled in a college-preparatory boarding school for the College Credit Plus Program.

(14) Eliminates the requirement to bring an action for reimbursement from a student that receives a failing grade in a college course under the program.

(d) No provision.

(10) No provision.

(11) No provision.

(12) Replaces the Executive provision with a provision that allows alternative funding agreements (as under current law), but prohibits an institution from receiving reimbursement through an alternative funding agreement that involves charging a participating student any tuition or fees.

(13) No provision.

(14) No provision.

(15) Permits an institution of higher education to charge a participating student for textbooks, materials, or other fees directly related to the student's course and to enter into an agreement with a student's public or nonpublic school to pay any amount of such charges or to outline any other terms for the student's use of textbooks or materials.

(15) No provision.

Specifies that nothing in the new College Credit Plus Program should be construed as altering any existing agreements between any state institution of higher education and a career-technical planning district. Requires ODE and the Board of Regents to study and make recommendations by July 1, 2014, for including career-technical programs in the College Credit Plus Program.

No provision.

No provision.

Narrows eligibility for state reimbursement under PSEO to cover only college courses that either are included in, or are equivalent to courses included in, a transfer module or the Chancellor of the Board of Regents' Transfer Assurance Guide.

No provision.

Qualifies students who have been excused from the compulsory attendance law for the purpose of home education to participate in PSEO and includes such students in the definition of "participants."

No provision.

Allows ODE to accept late applications for PSEO for the 2013-2014 school year from home-schooled students who wish to participate in the program during the 2013-2014 school year.

No provision.

Requires that payments made to a participating college in which home-schooled students are enrolled in PSEO must be made in the same manner as payments made for participating students from nonpublic secondary schools.

Executive

Fiscal effect: Deduction amounts from schools to make payments to institutions of higher education will likely change, but will depend on the statewide average in-state tuition per credit hour amount calculated by the Chancellor. Increase in the number of students counted in the State Share of Instruction (SSI) subsidy formula could result in a small decrease in the amount of subsidy funding per student. The bill earmarks about \$1.89 million in FY 2014 and \$1.94 million in FY 2015 in GRF appropriation item 200511, Auxiliary Services, to fund students enrolled in the program who attend nonpublic secondary schools. Possible increase in costs for institutions, school districts, and the Ohio Board of Regents due to additional administrative requirements.

As Reported by House Finance and Appropriations

Fiscal effect: Increases the tuition base to \$5,732 in FY 2014 and \$5,789 in FY 2015. Because home-schooled students may qualify for PSEO, more students may be eligible to participate in the program. Funding for nonpublic students is limited by the earmark in GRF appropriation item 200511, Auxiliary Services, and funding for home-schooled students is limited by the earmark in GRF appropriation item 200550, Foundation Funding (see CDEDU23).

Community Reinvestment Areas: Pre-1994 Rules Application

R.C. 3735.661, 757.40

No provision.

Clarifies the types of amendments that, if made to a community reinvestment area (CRA) ordinance or resolution adopted before July 22, 1994 (the effective date of Am. Sub. S.B. 19 of the 120th General Assembly), cause the CRA to lose its grandfathered status and become subject to S.B. 19's requirements and limitations (e.g., notifications and compensation of school districts). Such amendments would include any that modify eligibility requirements for receiving CRA tax exemptions, increase the geographic size of a CRA, the percentage of assessed value of CRA property to be exempt, the term of any tax exemption or authorized category of tax exemptions, or the duration of a CRA.

No provision.
