**Executive****FCCCD1            Public Exigency Powers****R.C.            123.10, 123.11, 126.14, Repealed: R.C. 123.23**

Specifies that OFCC has exclusive power to declare a public exigency by eliminating the power of DAS to do so. (Current law specifies that DAS shares the power with OFCC.)

Eliminates the ability of DAS to ask OFCC, in order to respond to a public exigency, to enter into public contracts without competitive bidding or selection.

Transfers from DAS to OFCC the power to take and use lands, materials, and other property necessary for the maintenance, protection, or repair of the public works during a public exigency.

**Fiscal effect: None.**

---

**FCCCD14            Approval of School District Energy Conservation Measures****R.C.            133.06, 3313.372**

Requires that SFC approve a school district board's request for approval to incur indebtedness only after SFC, in addition to determining that the board's findings are reasonable as under continuing law, determines that the request for approval is complete, and the installations, modifications, or remodeling are consistent with any project to construct or acquire classroom facilities, or to reconstruct or make additions to existing classroom facilities under a state-assisted school facilities project.

Permits SFC, in consultation with the Auditor of State, to deny a request to incur indebtedness from a district board declared to be in a state of fiscal watch, upon determining the expenditure of funds is not in the best interest of the district.

Prohibits a board of education of a school district that has been declared to be under fiscal emergency from submitting a request without submitting evidence that the installations, modifications, or remodeling have been approved by the district's financial planning and supervision commission.

Prohibits the board of a school district for which the Superintendent of Public Instruction is required to establish an academic distress commission from submitting a request to incur indebtedness without receiving prior approval of the academic distress commission.

**Executive**

Requires that the terms of an installment contract for energy savings measures provide that all payments, except payments for repairs and obligations on premature contract termination, be stated as a percentage of savings and avoided costs attributable to one or more measures to be taken over a defined period of time. Requires that payments be made only to the extent that the projected savings and avoided costs actually occur.

**Fiscal effect: The provision may limit the ability of certain school districts to receive SFC approval to incur indebtedness to finance a school district energy conservation measure. Under current law, SFC is required to approve a district's request if SFC determines that the district's analysis of its proposed energy conservation measure is reasonable.**

---

**FCCCD15            Notification of Use of Criteria Architect or Engineer**
**R.C.            153.692**

**Fiscal effect: None.**

**Fiscal effect: May increase OFCC's and decrease DAS's administrative burdens.**

---

**FCCCD2            Transfer of Construction Authority from DNR to OFCC**
**R.C.            1501.011, Section 715.10**

Transfers from the Department of Natural Resources (DNR) to OFCC, with certain exceptions, the authority to administer DNR's capital facilities projects.

---

**Executive**

Authorizes DNR to administer improvements under an agreement with the supervisors of a soil and water conservation district.

Authorizes DNR to administer certain dam, waterway, wildlife, and roadway activities and projects, and requires OFCC and DNR to review this provision in two years.

Permits OFCC to allow DNR to administer any other project of which the estimated cost is less than or equal to \$1.5 million.

**Fiscal effect: The transfer of authority for certain DNR capital projects to OFCC may result in additional administrative costs for OFCC. Conversely, DNR's administrative burden may decrease as a result of the transfer of those duties. The specified projects the provision authorizes DNR to administer are currently managed by DNR, so they do not represent an additional cost.**

---

**FCCCD17          Next Ten List****R.C.          3318.023, (Repealed)**

Removes the requirement that, at the time SFC conditionally approves projects for which it plans to provide assistance for a fiscal year, it also must identify and give priority to the next ten school districts for funding in future fiscal years.

---

**FCCCD18          Design Standards****R.C.          3318.031**

**Fiscal effect: None. Under continuing law, SFC is required to consider a variety of subjects when reviewing design standards for its classroom facility construction projects.**

FCCCD9            Amendment to Project Agreement for Maintenance Levy

## Section: 282.60

Requires SFC to amend the project agreement between SFC and a school district that is participating in the Accelerated Urban Initiative (AUI) if SFC determines it is necessary to do so in order to comply with the change in maintenance levy requirements enacted by H.B. 1 of the 128th G.A.

**Fiscal effect: H.B. 1 of the 128th General Assembly changed the maintenance levy requirements for the six AUI districts (Akron, Cincinnati, Cleveland, Columbus, Dayton, and Toledo) to run for 23 years from the date the initial segment is undertaken, instead of extending for 23 years after the district's last segment was undertaken (the six AUI projects are broken into individual segments). For the districts that have not changed their agreements yet, the H.B. 1 change would reduce the number of years for which the districts would have to levy the required 1/2 mill property tax for maintenance. Presumably, the AUI districts would use other funds to meet their building maintenance needs.**

This provision permits SFC to provide assistance to at least one JVSD per year despite being at the 2% limit.**

(Under current law, these funds are used by AFC.)

**Fiscal effect: OFCC will absorb the administrative burden for overseeing the construction administration of Ohio's cultural and sports facilities. Adds the Bureau of Workers' Compensation as an agency that may administer any capital facilities project if the estimated cost, including design fees, construction, equipment, and contingency amounts, is less than \$1.5 million.

Requires all eligible agencies to make requests through the OAKS-CI application when requesting authority to administer those projects, and removes the current law requirement that requests be made 60 days after the effective date of the section of law in which the General Assembly initially makes an appropriation for the project. Requires all eligible agencies, if authorized to administer these projects, to track all project information in OAKS-CI pursuant to OFCC guidelines, in addition to complying with the applicable procedures and guidelines established in Ohio's Public Improvements Law.

**Fiscal effect: In addition to the various agencies authorized in this provision to administer their own projects, OFCC is authorized to allow DNR to administer certain projects not more than \$1.5 million (FCCCD2).**

## DASCD14 Theater Equipment Maintenance Fund

## R.C. 123.19, Section 282.90

- (1) Establishes the Theater Equipment Maintenance Fund for use by DAS and specifies that all appropriate theater related revenue be credited to the fund. Provides that appropriate theater related expenses be paid from the fund. Provides that all investment earnings of the fund be credited to the fund.

- (3) Requires FCC and DAS to enter into an interagency agreement to transfer to DAS the management of the cultural facilities currently managed by FCC.
