Introduction

The Comparison Document provides brief descriptions and fiscal estimates of the provisions that make up the executive recommended version and subsequent versions of the biennial main operating budget bill of the 131st General Assembly, House Bill 64. The document is arranged in alphabetical order by state agency. It also includes two nonagency items for which appropriations are made, Employee Benefits Fund (PAY) and Revenue Distribution Funds (RDF), as well as a Local Government Provisions (LOC) section for provisions that affect local governments and that are not entered in other agency sections. Finally, there is a Miscellaneous (MIS) section for provisions that do not fit well in other sections. A Table of Contents follows this Introduction. Two indices are located at the end of the document. The first index gives the page number of each particular item within the sections; the second index lists cross-references by agency.

Generally within an agency's section, items that involve Revised Code changes come first, followed by items that involve uncodified (i.e., temporary) law provisions. The sections for the Department of Education and the Department of Taxation are first arranged by general topic areas. If an item affects more than one agency, it is described under one of the affected agencies, rather than all of the agencies. However, the other agencies are listed in the cross-referencing index at the end of the document. This index lists, for each agency, all entries that affect the agency but are not included in that agency's section as well as the page numbers for these entries. A reader who is interested in all provisions affecting a certain agency should consult the cross-referencing index in addition to the agency's section.

Each item is assigned a unique identification number. This number begins with an agency's three-letter Central Accounting System (CAS) code followed by a comparison document reference ("CD") and a number (TAXCD15, for example). A reader who wants to track an item across several versions of the Comparison Document may find the identification number useful.

The Comparison Document does not include appropriation amounts for the agencies. Please see the Legislative Service Commission's Budget in Detail spreadsheet for that information. For a complete discussion of the statutory changes in H.B. 64, see the Legislative Service Commission's Bill Analysis for H.B. 64.

Section: 205.10

(1) Requires GRF appropriation item 745407, National Guard Benefits, to be used for the purpose of paying reimbursement of active duty members for life insurance premiums (R.C. 5919.31), and death benefits where an active duty member dies while performing active duty (R.C. 5919.33), and administrative costs of the associated programs.

Allows the Adjutant General to seek Controlling Board approval to restore the appropriation in any appropriation item for which such a transfer was made.

(3) Requires, for active duty members of the National Guard who died after October 7, 2001, while performing active duty, the death benefit being paid pursuant to R.C. 5919.33 be paid to the beneficiary or beneficiaries designated on the member's Servicemembers' Group Life Insurance Policy.

Fiscal effect: To the extent that other entities are brought under the umbrella of DAS's purchasing authority either by inclusion in cooperative purchasing arrangements or by eliminating exemptions, there could be some reduction in prices paid by state entities or participating political subdivisions for goods and services as a result of the state's increased purchasing power.

DASCD6 Notification to non-responsive low bidder by electronic means

R.C. 9.312

Permits DAS to use electronic means to notify the apparent low bidder in a reverse auction or competitive sealed bidding process when the bidder has been found to be not responsive and responsible as an alternative to notifying them by first class mail as allowed under current law.

Fiscal effect: Electronic delivery would likely result in a slight decrease in costs paid by the General Services Division from Fund 1770 and speed up the bid notification process overall. The Division's electronic procurement system already has this capability.

(1) Requires the Director of Administrative Services to send a notice of request for suspension from normal contracting requirements, along with the Director's approval, to the Director of Budget and Management and to members of the Controlling Board before any purchases may be made by an agency under the suspension authority.

(2) Specifies that all purchases made by state agencies under this emergency authority are exempt from competitive bidding, without the need for Controlling Board approval, until the end of the emergency, but specifies that state agencies must file a report with the President of the Controlling Board describing all such purchases made during the period covered by the emergency declaration or procurement emergency. DASCD33 Recycled products

R.C. 125.082

Provides DAS with ongoing authority to adopt rules that establish guidelines allowing state entities and offices to purchase recycled products, but removes the requirements that the guidelines are: (1) Consistent with and substantially equivalent to certain regulations adopted by the United States Environmental Protection Agency; (2) Establish the minimum percentage of recycled materials products must contain; and (3) Incorporate specifications for recycled-content materials.

Eliminates the specific authority for the Director to adopt rules establishing a maximum percentage by which the cost of purchased recycled products may exceed the cost of comparable products made of virgin materials.

Eliminates the requirement that the Department of Administrative Services and the Environmental Protection Agency must annually prepare and submit a report that describes the value and types of recycled products that are purchased with state moneys by various state entities and offices.

Fiscal effect: Potentially reduces procurement costs for state agencies, state supported institutions of higher education, and other state instrumentalities by eliminating provisions that establish a price preference for products containing recycled materials. DAS and EPA would also have a negligible decrease in administration costs from the elimination of an annual reporting requirement.

R.C. 125.27, 125.28

Alters the manner by which DAS seeks reimbursement from state agencies for space occupied in state-owned or state-leased buildings in the following ways:

Same as the Executive.

Same as the Executive.

(1) Removes specific provisions detailing how state agencies funded in whole or in part by non-GRF money are to reimburse the state for the cost of occupancy, but retains the requirement that the Director of DAS determine the reimbursable cost of occupancy in state-owned facilities and collect payments for those costs.

and improvements or into the Building Management Fund (Fund 1320) used for building operating expenses and then transferred by the Director of OBM to Fund 5KZ0.

(4) Expands the use of the Building Improvement Fund (Fund 5KZ0) to include major maintenance on all DAS-maintained facilities, not just the Rhodes Tower, Vern Riffe Center, Lausche Building, Ocasek Building, and the Toledo Government Center.

(5) Abolishes the Building Operation Fund (Fund 5LA0) that was used to pay for the operating expenses of the five major state office buildings mentioned above.

Fiscal effect: The current funding for the operations of buildings managed by DAS differs depending upon whether or not the building was formerly managed by the Ohio Building Authority (OBA). This stems from requirements of the debt instruments issued by OBA to fund the construction of those facilities. Because the obligations issued by OBA have been satisfied, a uniform funding scheme for all buildings managed by DAS is possible. The changes proposed by the bill mean that agencies funded in whole or in part by the GRF will be responsible for paying their own rent for the portions of buildings that they occupy. These costs were formerly paid through GRF appropriations under DAS's budget.

exceed that amount to the extent that other sources of local matching funds are used by the district for local matching funds in state fiscal years 2015, 2016, and 2017.

Fiscal effect: Overall, because state matching dollars are limited to amounts appropriated for that purpose, there would be no effect on state match dollars paid by the Department of Agriculture. However, allowing money earned by a local soil and water conservation district pursuant to a contract to conduct storm water projects to be included in the totals to be matched by the state, this may increase state match dollars received by some county soil and water conservation districts. State matching dollars are paid from the Soil and Water Districts Assistance Fund (Fund 5BV0) and the GRF.

DDDCD36 Enrolling ICF/IID residents in ODODD-administered Medicaid waiver programs

R.C. 5124.69, 5126.0510

Requires ODODD to develop and make available to all ICFs/IID a written pamphlet that describes the services that Medicaid covers under the ICF/IID benefit and the home and community-based services covered by ODODD-administered Medicaid waiver programs.

Requires ICFs/IID to provide the pamphlet to residents and their guardians, to discuss the pamphlet with them at certain times, and to refer to county boards of developmental disabilities those residents who indicate interest in enrolling in an ODODD-administered Medicaid waiver program.

Requires a county board, not later than 30 days after being contacted by an ICF/IID resident so referred, to enroll the resident in an ODODD-administered Medicaid waiver program if (1) the resident has been on a waiting list for the program since at least December 1, 2014, (2) the resident is eligible and chooses to enroll in the program, (3) the program has an available slot, and (4) the ODODD Director determines that ODODD has the funds necessary to pay the nonfederal share of the Medicaid expenditures for the services the resident receives under the program.

Makes ODODD responsible for the nonfederal share of the Medicaid expenditures for the home and community-based services received by such an ICF/IID resident enrolled in an ODODD-administered Medicaid waiver program.

Provides for the Medicaid-certified capacity of an ICF/IID with more than eight beds to be reduced for each resident enrolled in an ODODD-administered Medicaid waiver program.

DDDCD37 ICF/IID sleeping room occupancy

R.C. 5124.70

Prohibits the operator of an ICF/IID from allowing more than two residents to share a sleeping room.

Requires the operator of an ICF/IID in which more than two residents share a sleeping room to submit to ODODD a plan to come into compliance with the prohibition.

Requires that the plan include a commitment that the ICF/IID reduce its Medicaid-certified capacity by becoming a downsized ICF/IID or a partially converted ICF/IID and that implementation be completed by December 31, 2023.

Requires the plan to include the ICF/IID's projected Medicaid-certified capacity for each year of the plan.

Prohibits the plan from including the creation of a new ICF/IID that has a Medicaid-certified capacity that is greater than six.

R.C. 5124.70

Same as the Executive.

Same as the Executive, but (1) requires an ICF/IID's compliance plan to include additional interim steps the ICF/IID will take to demonstrate that the ICF/IID is making regular progress toward compliance and (2) requires an ICF/IID with an approved compliance plan to submit to ODODD annual reports regarding the plan's implementation.

Same as the Executive, but requires that implementation be completed by June 30, 2025, rather than December 31, 2023.

Same as the Executive, but requires that the yearly projected capacity demonstrate that the ICF/IID will make regular progress toward compliance.

Replaces the Executive provision with a provision that permits the plan to include an ICF/IID with a Medicaid-certified capacity not greater than eight if ODODD determines that the ICF/IID would need a larger capacity to be financially viable.

School Funding

EDUCD3 Community and STEM school funding formula

R.C. 3314.08, 3326.33

Retains the overall structure of the formula used to calculate per pupil deductions from school districts and transfers to community and STEM schools, but (a) calculates the per pupil deductions for the opportunity grant, special education additional aid, economically disadvantaged funds, limited English proficiency funds, and career-technical education funds using the same dollar amounts as traditional school districts for FY 2016 and FY 2017 (see EDUCD1) and (b) calculates the per pupil deduction for K-3 literacy funds using dollar amounts of \$305 in FY 2016 and \$320 in FY 2017 (amounts that are equal to the sum of the dollar amounts used in calculating K-3 literacy funds for traditional districts).

No provision.

Fiscal effect: Alters the per pupil amount deducted from school district state funding allocations compared to current law. In FY 2014, transfers of state aid to community and STEM schools amounted to about \$909 million. In addition to the transfers described here, community schools, other than e-schools, are provided \$200 per ADM for facilities costs (see EDUCD47).

Provides community schools and STEM schools with performance bonus payments related to four-year graduation rates and community schools with performance bonus payments for third grade reading proficiency, both of which are paid directly by the state and are calculated in the same manner as those for traditional school districts, except that the third grade reading bonus is not subject to a state share index (see EDUCD1).

Fiscal effect: Same as the House, but also allocates a portion of GRF line item 200550, Foundation Funding, to support the bonus payments, estimated at about \$3.8 million per year, and reduces the per pupil amount provided for facilities costs to \$12.50 for e-schools and \$150 for all other community and STEM schools (see EDUCD47).

EDUCD2 Pupil transportation funding

R.C. 3317.0212

Modifies the pupil transportation formula as follows:

(1) Uses "total ridership" rather than "qualifying ridership" in the calculation of the statewide transportation cost per rider, where "total ridership" means the average number of resident regular education students in grades K-12 transported by a district during the first full week of October, and "qualifying ridership" means the subset of such students who live more than one mile from the school they attend.

(2) Decreases the minimum state share applied to a district's calculated transportation cost from 60%, as under current law, to 50%.

(3) Removes language specifying, for FY 2014 and FY 2015 only, (a) the requirement to prorate transportation payments based on state appropriations and consequently, (b) the transportation supplement for low-wealth and low density school districts, which, under current law, is equal to the difference between the district's unrestricted pupil transportation formula amount and the prorated amount.

(4) No provision.

EDUCD80 Community school tax levies

R.C. 5705.21, 5705.212

Expands the authority of school districts to levy property taxes for community schools to include any school district that contains a community school sponsored by an "exemplary" sponsor. (Under current law, only the Cleveland Metropolitan School District and the Columbus City School District have the authority to propose such a levy.)

Authorizes school districts other than the Cleveland Metropolitan School District to levy a property tax solely for and on behalf of one or more community schools located in the district that is sponsored by an "exemplary" sponsor. (Current law does not cap the percentage of levy revenue that may be allocated to community schools, but could imply that at least a portion must be levied for the school district's own expenses.)

Regarding the division of revenue from a tax levy among qualifying community schools, requires the following:

(1) If revenue from a tax levy is to be divided among the school district levying the tax and qualifying community schools, requires that the revenue be divided in accordance with a ratio established in the resolution levying the tax;

(2) If more than one community school qualifies for levy revenue, requires that the revenue be divided among the qualifying community schools on a per-pupil basis, with only pupils residing in the school district levying the tax counted.

Retains the authority of the Cleveland Metropolitan School District to levy a property tax to be shared with certain community schools, but removes the criteria that was enacted specifically to enable the Columbus City School District to levy such a tax.

EDUCD72 State report cards - high school progress measure

R.C. 3302.03, Section 263.500

Modifies the current law requirement that ODE, not later than July 1, 2015, develop a measure of student academic progress for high school students as follows:

(1) Requires that ODE develop a method to determine student academic progress for high school students that is based on the results of the end-of-course examinations in English language arts and mathematics instead of developing a measure using data from English language arts and mathematics assessments more generally. Also, requires ODE to develop a method to include the student academic progress data for high school students in the calculation of the overall and disaggregated value-added progress dimension report card measures;

(2) Requires ODE to report the ungraded overall value-added progress dimension and disaggregated value-added progress dimension scores for the 2014-2015 school year calculated with the high school academic progress data on ODE's web site not later than January 31, 2016, and to include the high school data in the grades for those measures beginning with the 2015-2016 report cards, instead of reporting it as a separate measure - ungraded on the 2014-2015 report cards and graded beginning with the 2015-2016 report cards.

For the districts that have not changed their agreements yet, the H.B. 1 change would reduce the number of years for which the districts would have to levy the required 1/2 mill property tax for maintenance. DNRCD5 Application of Oil and Gas Law provisions to public land

R.C. 1509.01

Applies to public land provisions in the Oil and Gas Law governing minimum distances of wells from the boundaries of tracts, voluntary and mandatory pooling, special drilling units, establishment of exception tracts to which minimum acreage and distance requirements do not apply, unit operation of a pool, and revision of an existing tract by a person holding a permit under that Law by revising the definition of "tract" to mean a single, individual parcel or land or a portion of a single, individual parcel of land rather than a single, individually taxed parcel of land appearing on the tax list.

Fiscal effect: This may result in property owned by the state or political subdivision becoming subject to a voluntary pooling arrangement or mandatory pooling order. R.C. 1509.28

(1) Authorizes a person who has obtained the mineral rights to 65% or more of tracts overlying a pool to submit a compulsory unitization order. No provision.

No provision.

(2) In addition to requiring a \$10,000 nonrefundable fee as under current law, requires an applicant for a compulsory unitization order to also submit specified information to the Chief of the Division of Oil and Gas Resources Management, including maps of the proposed unit and an affidavit attesting that the applicant has obtained the mineral rights to at least 65% of the tracts overlying a pool.

(7) Authorizes the Chief to establish procedures and requirements governing hearings on compulsory unitization orders.

Fiscal effect: None. The provisions do not substantially alter the duties or activities dealing with unitization that are required of the Chief of the Division of Oil and Gas under current law.

DNRCD37 Issuance of compulsory unitization order and requirements governing compulsory unitization

R.C. 1509.28

(1) Similar to current law, authorizes the Chief to issue a compulsory unitization order if the Chief finds that operation as a unit is reasonably necessary to increase substantially the ultimate recovery of oil and gas, and the value of the estimated additional recovery exceeds the estimated additional costs to conduct the operation.

No provision.

No provision.

(2) Similar to current law, authorizes the Chief, in a compulsory unitization order, to include in the unit any tract that is not subject to a voluntary agreement if an applicant is unable to enter into a voluntary agreement creating a unit and the Chief determines that a compulsory unitization order will prevent or assist in preventing waste, avoid drilling of unnecessary wells, or protect correlative rights, and specifies that a mineral rights owner of a tract included in such a unit is considered an unleased mineral rights owner.

No provision.

No provision.

(3) Retains the requirement that the Chief's order include terms and conditions that are just and reasonable and prescribe a plan for unit operation that includes specified items, but revises and expands the list of items as follows:

No provision.

No provision.

Executive

As Passed by the House

As Reported by Senate Finance

(A) requires an allocation to the separately owned tracts in the unit area of all oil, gas, condensate, and natural gas liquids produced rather than only oil and gas; (B) requires a provision for credits and charges to be made in adjustments among owners to instead be made in adjustments among the person to whom the order is issued and working interest owners in the area; © adds a requirement that the plan include a provision requiring an accounting of the actual costs of unit creation and operation, including costs of producing, gathering, storing, separating, treating, dehydrating, compressing, processing, transporting, pipeline construction and maintenance, and marketing and taxes; and (D) adds a requirement that the plan include a provision requiring an accounting that demonstrates net proceeds for unit creation and operation.

(4) Revises the stipulation that a compulsory unitization order does not become effective unless and until the plan for unit operations prescribed by the Chief in the order has been approved in writing by owners who will be required to pay at least 65% of the unit operation's costs to instead require such approval by a majority of the mineral rights owners of the unit, including the person to whom the order is issued and the working interest owners who will be required to pay those costs.

No provision.

No provision.

(5) Requires the person to whom a compulsory unitization order is issued to record the order in the office of the county recorder in each county in which the unit is to be located within ten days of the effective date of the order, and specifies that if the person fails to so record, the order ceases to be of force and must be revoked by the Chief.

No provision.

(7) Allows the Chief to amend a compulsory unitization order after commencement of operations on a unit.

No provision.

No provision.

(8) States all of the following: (A) the Chief retains continuing jurisdiction over any unit created by a compulsory unitization order consistent with the Chief's authority under the Oil and Gas Law; (B) a compulsory unitization order takes precedence over any terms included in any agreement between the person to whom the order is issued and any voluntary participants in the unit, including working interest owners; and © a compulsory unitization order terminates if drilling operations in the unit are not begun by the date required by the order

No provision.

No provision.

Fiscal effect: These provisions could increase administrative costs for the Division of Oil and Gas Resources by a minimal amount. Administrative costs of the Division of Oil and Gas are paid from the Oil and Gas Well Fund (Fund 5180). County recorders might bear some additional workload for recording unitization orders, but those costs would be offset by recordation fees collected.

DNRCD38 Payment of royalties under a compulsory unitization order

R.C. 1509.28

(1) Requires the person to whom a compulsory unitization order is issued to pay each unleased mineral rights owner included in the unit a monthly cash payment equal to a one-eighth landowner royalty interest calculated on gross proceeds at the same time that a royalty payment is made to a voluntary participant in the unit that is owed a royalty payment.

(3) Specifies that allocation of royalties must be based on the unit participation of an unleased mineral rights owner's tract, as determined on a surface acreage basis unless otherwise specified by the Chief in the compulsory unitization order.

Fiscal effect: None.

DNRCD39 Prohibitions, liability, and enforcement under compulsory unitization orders

R.C. 1509.28

(1) Prohibits the person to whom a compulsory unitization order is issued from conducting surface operations on or causing disturbances to the surface of the land on a tract belonging to an unleased mineral rights owner included in the unit by a compulsory unitization order without the written consent of the owner of the surface tract approving the operation or disturbance and without providing a copy of that written consent to the Chief.

No provision.

No provision.

(2) States that an unleased mineral rights owner of any tract included in a compulsory unitization order does not incur liability for any personal or property damage associated with any drilling, testing, completing, producing, operating, or plugging activities of any well within a unit subject to an order.

(4) Establishes that violations of the prohibitions against failing to comply with all of the following provisions are strict liability offenses: (A) the requirement that an applicant send by certified mail notice of a hearing; (B) the requirement that a person to whom a compulsory unitization order is issued pay specified royalties; © the requirement that a person to whom a compulsory unitization order is issued obtain written consent of the owner of the surface tract and provide that written consent to the Chief before conducting surface operations or causing surface disturbances; and (D) the requirement that a person to whom a compulsory unitization order is issued record the order in the office of each applicable county recorder and provide proof of the recording to the Chief.

No provision.

No provision.

Fiscal effect: Establishing that violations of the prohibitions listed above are strict liability offenses could increase the likelihood that these violations are prosecuted and, if so, create additional workload for county common pleas courts. Any subsequent costs incurred by the courts could be at least partially offset by fine revenue collected following a conviction.

DNRCD40 Other provisions pertaining to compulsory unitization under the Oil and Gas Law

R.C. 1509.28, Section 803.10

(1) Generally retains through reenactment several provisions of law, including allocation of oil, gas, condensate, and natural gas liquids (oil and gas in existing law) to separately owned tracts, contracts relating to the sale or purchase of production from a separately owned tract, and ownership of property, and modifies them to apply in the context of compulsory unitization.

DNRCD57 Industrial minerals mining

No provision.

No provision.

R.C. 1514.47, 1514.06, 1514.40, 1514.42

Generally precludes a mine foreperson's certificate issued under the Industrial Minerals Mining Law from expiring.

No provision.

No provision.

Specifies that a certified mine foreperson shall be employed for the purposes of being in charge of the conditions and practices at a mine in addition to conducting examinations of the surface mining operation as in current law.

No provision.

No provision.

Allows a competent person identified by the certified mine foreperson to conduct examinations of the surface mining operation under federal law; specifies what constitutes a competent person for that purpose; and requires a surface mining operator to maintain records demonstrating that a competent person has the ability, training, knowledge, or experience to perform that duty.

No provision.

No provision.

Authorizes, instead of requires as in current law, the Chief of the Division of Mineral Resources Management to conduct a safety audit at a surface mining operation if the operator has requested the Division to conduct mine safety training. Specifies that such an audit can only be conducted once annually. Requires the safety audit to be scheduled at a time to which the Chief and the operator mutually agree, and precludes it from continuing for more than one day.

Specifies that expenditures from the existing Surface Mining Fund (Fund 5270) made by the Chief for purposes other than certain authorized reclamation purposes are subject to the Chief's maintaining a balance in the Fund that is sufficient to achieve those reclamation purposes, and requires the Chief, in doing so, to consider the timeliness of reclamation activity.

Fiscal effect: Because mine forepersons would no longer be required to renew certifications, there could be some loss in fee revenue deposited in the Surface Mining Fund (Fund 5270). Currently the fee for recertification is \$25. Any loss could be at least partially offset as a result of the changes regarding safety audits.

No provision.

Revises existing law requiring a person on active duty in the U.S. Armed Forces who is either stationed in Ohio or on leave or furlough to obtain a deer permit by requiring such a person to obtain a resident deer permit and specifying that the person is eligible to obtain a resident deer permit regardless of whether the person is a resident of Ohio.

R.C. 5747.01, 5733.40, Section 803.110

R.C. 5747.01, 5733.40, Section 803.110

R.C. 5747.01, 5747.02, Sections 757.120 and 803.70

(1) Revises the small business income tax deduction to allow individuals to deduct 100% of business income derived from businesses with gross receipts not exceeding \$2 million for the taxable year, with no cap on the deduction.

(1) Replaces the Executive provision with an increase in the business income tax deduction to 75% of business income up to \$250,000 (up to \$125,000 for taxpayers filing separately) for taxable years beginning in 2015 and thereafter. (Under current law, the business income tax deduction equals 50% of business income for such years. A temporary, one-year increase in the percentage to 75% was authorized by H.B. 483 of the 130th General Assembly for taxable years beginning in 2014.)

(1) Same as the House, but increases the business income tax deduction to 100% of the first \$250,000 of an income taxpayer's business income (\$125,000 for spouses filing separate returns) and imposes a flat 3% tax on all business income in excess of these amounts.

(2) Allows individuals to deduct 50% of business income derived from businesses with gross receipts exceeding \$2 million for the taxable year. Limits the aggregate deduction for business income from businesses with gross receipts exceeding \$2 million to no more than \$125,000 (or \$62,500 for spouses filing separate returns).

(2) No provision.

(2) No provision.

(3) Makes two adjustments to the amount of pass-through entity "withholding" tax that must be paid by some pass-through entities as follows:

(3) No provision.

(3) No provision.

(a) Allows an entity to exclude from its adjusted qualifying amount any compensation or guaranteed payment paid to an owner holding at least a 20% share to the extent the compensation or payment is otherwise taxable by Ohio regardless of the owner being a related member with respect to the entity. (Currently, such compensation or payment is considered part of the owner's distributive share of income from the entity and therefore taxable to the entity as part of the adjusted qualifying amount.)

(a) No provision.

(a) No provision.

Executive

As Passed by the House

As Reported by Senate Finance

(b) Allows an entity to exclude from the withholding tax base any amount paid as an expense to a related person or entity ("related member") if the related member is subject to Ohio income tax on the basis of that amount.(This proposal would preclude an entity owner from reclassifying compensation or guaranteed payments received from the entity as a redistributive share of the entity's income, which may be, or include, business income. Currently, the only expenses paid to related members that may be excluded from the entity withholding tax base are compensation and guaranteed payments paid to owners who hold at least a 20% share of the entity.)

(b) No provision.

(b) No provision.

Fiscal effect: These changes are estimated by the executive to reduce personal income tax, on an all-funds basis, by \$337.8 million in FY 2016 and by \$358.2 million in FY 2017. Under current law, the GRF would have received these amounts, with 96.68% being retained and the rest being transferred in equal shares to the Local Government Fund (LGF) and the Public Library Fund (PLF). The GRF revenue loss would be \$326.6 million in FY 2016 and \$346.3 million in FY 2017. The LGF and PLF would each experience revenue losses of \$5.6 million in FY 2016 and \$5.9 million in FY 2017.

Fiscal effect: Reduces personal income tax revenue by an estimated \$165 million in FY 2016 and \$171 million in FY 2017 on an all funds basis. Transfers to each of the LGF and PLF would be reduced by \$2.7 million and \$2.8 million, respectively, in those years. The amount retained by the GRF would be reduced by \$159.5 million in FY 2016 and by \$165.3 million in FY 2017. These estimates assume that taxpayers do not respond to the policy change by paying themselves less in salary and wages and taking more income in the form of business income.

Fiscal effect: Reduces personal income tax revenue by an estimated \$468 million in FY 2016 and \$490 million in FY 2017. Transfers to each of the LGF and PLF would be reduced by about \$8 million in each fiscal year. Amounts retained by the GRF would be reduced by \$452 million in FY 2016 and by \$474 million in FY 2017. These estimates assume that taxpayers do not respond to the policy change by paying themselves less in salary and wages and taking more income in the form of business income.

R.C. 5747.01, Section 803.120

Restricts the state income tax deduction for Social Security and Tier One railroad retirement benefits to taxpayers whose federal adjusted gross income (FAGI) is less than or equal to \$100,000 rather than allowing all taxpayers to deduct such benefits as under current law. (Deductible Social Security benefits include old-age, survivor, and disability insurance benefits. Tier One railroad retirement benefits are the equivalent of Social Security benefits for railroad employees.)

Fiscal effect: Increases personal income tax revenue by an estimated \$112.9 million on an all-funds basis in FY 2016 and \$115.5 million in FY 2017, based on tax year (TY) 2012 data (the latest published). Increases distributions to the Local Government Fund (LGF, Fund 7069) and the Public Library Fund (PLF, Fund 7065) by an estimated \$1.9 million each in both years. The increase in revenue to the GRF net of the LGF and PLF distributions is \$109.1 million in FY 2016 and \$111.6 million in FY 2017.

Fiscal effect: Same as the Executive.

TAXCD62 Income tax deduction related to Hope for a Smile Program

No provision.

R.C. 5747.01, 3701.139

Creates a state income tax deduction, to be used by a dentist or dental hygienist, equal to the fair market value of the services provided for free under the Program.

Fiscal effect: Potential revenue loss to the GRF, with the magnitude of the loss depending on amount of free care provided. GRF revenue losses also result in reductions in revenue to the Local Government Fund and the Public Library Fund.

R.C. 5747.01

TAXCD22 Income tax rate reduction

R.C. 5747.02

Reduces income tax rates for all brackets by 15% for the 2015 taxable year, and by 23% from 2014 rates for the 2016 taxable year and thereafter.

Fiscal effect: Annual fiscal effects would depend on the timing and magnitude of withholding changes. Assuming withholding rates are reduced 15% for FY 2016 and 23% for FY 2017 and thereafter, personal income tax revenue on an all-funds basis would be reduced an estimated \$1.98 billion in FY 2016 and \$2.72 billion in FY 2017. Transfers to each of the Local Government Fund (LGF, Fund 7069) and the Public Library Fund (PLF, Fund 7065) would be reduced by an estimated \$33 million and \$45 million, respectively, in these two years. GRF revenue net of LGF and PLF distributions would be reduced \$1.92 billion and \$2.63 billion in FY 2016 and FY 2017.

R.C. 5747.02

Replaces the Executive provision with an income tax rate reduction for all income tax brackets by 6.3% for taxable years beginning in 2015 or thereafter.

Fiscal effect: The proposed rate reduction decreases the personal income tax liability by an estimated \$617.8 million for TY 2015 and \$645.8 million for TY 2016 on an all-funds basis. The GRF, LGF and PLF shares of the revenue decreases during the next biennium are 96.64%, 1.66% and 1.70%, respectively. (The distribution of GRF revenue to the PLF is to increase to 1.70% temporarily, up from 1.66% in current law, under another provision of the bill, see TAXCD 43). Depending on the timing and magnitude of withholding rate changes, additional revenue loss in millions of dollars related to withholding changes could occur in either FY2016 or FY 2017.

Increases the amount from \$2,200 to \$4,000 for those taxpayers with an OAGI of \$40,000 or less. Executive

As Passed by the House

As Reported by Senate Finance

Fiscal effect: According to executive estimates, increasing the personal exemption amounts will reduce personal income tax receipts by \$184 million in FY 2016 and by \$188 million in FY 2017. The GRF will bear 96.68% of this revenue loss; the remaining revenue losses will be split equally between the LGF and PLF.

TAXCD23 Means test for retirement income tax and senior citizen credits

R.C. 5747.055, 5747.05, 5747.08, 5747.71, and 5747.98; Section 803.70

Applies a means test to the retirement income credit, the lump-sum retirement credit, the lump-sum distribution credit, and the senior citizen credit. For taxable years beginning in 2015 and thereafter, only taxpayers with Ohio taxable income of less than \$100,000 would be eligible for the credits.

Fiscal effect: Increases personal income tax revenue by up to an estimated \$24.9 million in FY 2016 and \$25.5 million in FY 2017. Distributions to each of the Local Government Fund (LGF, Fund 7069) and the Public Library Fund (PLF, Fund 7065) would increase an estimated \$0.4 million in each year. Revenue retained by the GRF, net of distributions to the LGF and PLF, would increase an estimated \$24.1 million in FY 2016 and \$24.6 million in FY 2017. Revenue gains would grow in future years as numbers of retirees increase. Retirement income credits were 79% of the total of these four types of credits in tax year 2012 (latest published), and senior citizen credits were 16%.

Fiscal effect: The executive estimates the tax rate increase, the expansion of the sales tax base to include specified services, capping the vendor discount at \$1,000 per month, and the 50% reduction in the trade-in value of motor vehicles and watercraft would yield additional all funds receipts of \$1,136.6 million in FY 2016 and \$1,485.4 million in FY 2017. More specifically, the tax increase and base expansion would increase sales tax revenue by \$1,041.7 million and \$1,354.2 million, the reduction in the value of trade-in would increase revenue by \$73.8 million and \$101.6 million, and the limitation on the vendor discount would add \$21.1 million and \$29.6 million. Under current law, the GRF share of the total would be \$1,098.9 million in FY 2016 and \$1,436.1 million in FY 2017, with the difference between the all-funds figures and the GRF figures being split equally between the Local Government Fund and the Public Library Fund. The base expansion, the reduction in the value of trade-ins, and the limitation on the vendor discount may increase revenue from county permissive and transit authorities sales and use taxes by \$120.2 million in FY 2016 and \$167.1 million in FY 2017.

(A person would be deemed to be providing hotel intermediary services if the person, other than a hotel itself, arranges for the sale or use of lodging at hotels, e.g., Internet travel booking services and travel agents).

TAXCD69 CAT exclusion for certain beauty and health product supply chain receipts

No provision.

No provision.

R.C. 5751.01

Excludes, for purposes of calculating the base of the commercial activity tax (CAT), certain taxable gross receipts of a manufacturer, supplier, or distributor of beauty, health, personal care, or aromatic products, provided the vendor is part of an integrated supply chain and has a business location in Ohio, provided the receipts are from sales of such products to another such vendor or a retailer in that supply chain, provided both vendors are on the same parcel or collection of parcels, and those parcels are located in a county with a population between 150,000 and 200,000 according to the most recent federal decennial. (Clermont, Delaware, Greene, Licking, Medina, and Portage County qualify according to the 2010 census).

States that the amendment applies retrospectively to July 1, 2005 (the date the CAT was first levied) and is to be construed as "clarifying" the law, subject to existing statutes of limitations that generally impose a four-year limit on claiming CAT refunds or issuing CAT assessments.

Fiscal effect: Reduces revenue from the CAT by an uncertain amount, probably several millions of dollars per year. CAT revenue is deposited into the GRF, the School District Tangible Property Tax Replacement Fund (Fund 7047) and the Local Government Tangible Property Tax Replacement Fund (Fund 7081). Fiscal effect: Reduces CAT receipts. The reduction compensates for the difference between the PAT payable on account of such fuel and the CAT that would have been owed on account of the fuel if the CAT applied to receipts from selling the fuel.

TAXCD4 CAT revenue allocation changes

R.C. 5751.02, 5751.20

Fiscal effect: Reduces all-fund CAT revenue by about \$14.1 million each in FY 2016 and FY 2017. Thus, the yearly revenue loss to the GRF would be \$10.6 million. Yearly revenue to Fund 7047 and Fund 7081 would decrease \$2.8 million and \$0.7 million, respectively.

TAXCD7 CAT rate increase

Therefore, distributions to the GRF from the rate increase are estimated at \$221.0 million in FY 2016 and \$305.2 million in FY 2017. R.C. 1333.99, 5743.01, 5743.05, 5743.15, 5743.20, 5743.36, 5743.361, 5743.362, 5743.363, 5743.364, 5743.365, and 1333.11 through 1333.211 (Repealed); Section 812.20

Changes the calculation of retail and wholesale cigarette minimum prices, effective July 1, 2015, which results in a new minimum retail price that generally is 108% of the minimum wholesale price (with some adjustments if county taxes apply to the cigarettes). (Under current law, minimum prices generally equal the invoice cost of the cigarettes to the wholesaler or retailer plus a "cost of doing business" mark-up - 3.5% for wholesalers and 8% for retailers, over invoice, is the default mark-up in the absence of proof of higher cost; the mark-ups do not explicitly include state and county excise taxes).

Requires manufacturers to certify the list price of each cigarette brand they will sell in the state, and requires the Department of Taxation to post the price of each brand on its web site.

TAXCD95 Cigarette and other tobacco tax enforcement

No provision.

No provision.

R.C. 5703.85, Section 397.10

Requires the Tax Commissioner to prepare a quarterly report that details (1) the number of tobacco tax-related inspections and investigations conducted during the preceding three months, (2) the number of tobacco tax-related violations found during those months, (3) the number of prosecutions brought during those months in relation to tobacco tax-related violations, and (4) the number of agents designated to enforce tobacco-tax related violations in those months. Requires the Commissioner to submit the report to the chairpersons of the House and Senate standing committees that are normally responsible for tax legislation.

No provision.

No provision.

Earmarks \$250,000 of the Department of Taxation's budget, GRF appropriation item 110321, Operating Expenses, in each fiscal year for cigarette and other tobacco tax enforcement.

Fiscal effect: May increase revenue from cigarette and other tobacco products taxes. May increase expenditures by a minimal amount for preparation of the required report.

TAXCD17 Increase cigarette excise tax rate

R.C. 5743.02, 5743.32, Sections 757.30, 803.50

Increases the rate of the cigarette excise tax from the current \$0.0625 per cigarette (\$1.25 per pack) to \$0.1125 per cigarette (\$2.25 per pack) beginning July 1, 2015. Applies the rate increase to cigarettes and tax stamps in dealers' inventories on July 1, 2015.

No provision.

R.C. 5743.02, 5743.32

Replaces the executive provision with a tax increase to \$0.0825 per cigarette (\$1.65 per pack, up from \$1.25 per pack in current law) beginning July 1, 2015.

Executive

As Passed by the House

As Reported by Senate Finance

Fiscal effect: The executive estimates the higher rate will increase cigarette tax receipts by \$415.0 million in FY 2016 and \$337.1 million in FY 2017. Cigarette tax receipts are deposited in the GRF.

Fiscal effect: Increases cigarette tax receipts by \$226.3 million in FY 2016 and \$184.7 million in FY 2017. Cigarette tax receipts are deposited in the GRF.

TAXCD77 Cigarette tax stamps purchased on credit

No provision.

No provision.

R.C. 5743.05

Lengthens the period of time during which wholesale dealers may buy cigarette excise stamps on credit from July 1-May 1 to July 1-June 23 of each fiscal year. Extends the due date for paying for stamps purchased on credit to June 23.

Fiscal effect: None.

TAXCD18 Increase tobacco products tax rate

R.C. 5743.51, 5743.01, 5743.62, 5743.63, Section 803.60

Increases the rate for the excise tax levied on tobacco products other than cigarettes to 60% of such products' wholesale price from the existing rate of 17%, or in the case of little cigars, 37%. Specifies the rate increase will begin July 1, 2015.

No provision.

R.C. 5743.51, 5743.01, 5743.62, 5743.63

Replaces the executive provision with rate increases to 22.5% for most OTP (up from 17% in current law), but maintains the tax rate on "little cigars" at 37%.

No provision.

No provision.

Defines a "premium cigar" as a roll of tobacco with (1) a binder and wrapper consisting entirely of leaf tobacco, (2) no tip or filter or mouthpiece that is not made of tobacco, and (3) a weight of at least six pounds per 1,000 rolls. Places a ceiling on the amount of excise tax on premium cigars of 50 cents per cigar, effective July 1, 2015. Requires the Tax Commissioner to annually increase the 50 cent rate at the same rate as an increase in the Consumer Price Index.

Executive

As Passed by the House

As Reported by Senate Finance

Fiscal effect: The executive estimates the higher rate will increase other tobacco (OTP) excise tax receipts by \$83.5 million in FY 2016 and \$86.6 million in FY 2017. Revenue from OTP is deposited in the GRF.

Fiscal effect: The rate increase to 22.5% increases OTP excise tax receipts by \$7 million in FY 2016 and \$11 million in FY 2017. The cap on taxes for premium cigars reduces, by an uncertain amount, OTP revenue from the sales of that product.

TAXCD8 Elimination of the OTP discount for timely filing of returns

R.C. 5743.52, 5743.62; Section 803.40

Eliminates the existing 2.5% discount to taxpayers for timely filing their other tobacco products tax returns.

No provision.

No provision.

Fiscal effect: The executive estimates this provision increases OTP revenue by \$3.5 million in FY 2016 and \$3.7 million in FY 2017. OTP revenue is deposited into the GRF.

TAXCD11 Taxation of vapor products

R.C. 5744.02, 715.013, 5703.052, 5743.45, 5744.01, 5744.03 through 5744.15, 5747.97, 5747.99, and 5751.01

Levies a tax, starting January 1, 2016, on vapor products containing, made from, or derived from nicotine at a rate equivalent to the tax on cigarettes. Specifies that the tax is measured in milliliters or grams if the products are sold in solid form.

No provision.

No provision.

Fiscal effect: The executive estimates the tax on vapor products would increase revenue from other tobacco products tax by \$6.4 million in FY 2016 and \$15.9 million in FY 2017. Revenue from OTP is deposited in the GRF.

TAXCD68 **Financial institutions tax exemption for PCAs and ACAs**

No provision.

No provision.

R.C. 5726.01, Section 757.140

Subjects production credit associations ("PCAs") and agricultural credit associations ("ACAs") to the commercial activity tax, instead of the financial institutions tax (FIT). (Under current law, PCAs are explicitly subject to the FIT, while ACAs are neither explicitly subject to, nor exempt from, the FIT).

Applies the changes to tax years beginning on and after January 1, 2014, and states that the amendment is intended to "be remedial in nature" and to "clarify" existing law.

Fiscal effect: Reduces revenue from the financial institution tax by less than \$1 million per year. Revenue from the tax is distributed to the GRF.

Kilowatt-hour and Natural Gas Consumption Taxes

TAXCD59 **Tax liability of company that donates electricity to political subdivisions**

No provision.

R.C. 5727.031, 5727.80

Clarifies that a company that generates electricity but donates all of that electricity to a political subdivision is not subject to the kilowatt-hour tax or public utility tangible personal property tax. (Under continuing law, most property used to supply electricity to other persons is taxable by local taxing units, and most companies that distribute electricity to end users in Ohio are subject to the kilowatt-hour tax).

Fiscal effect: None.

R.C. 5727.031, 5727.80, and 757.90

Same as the House, but specifies that a political subdivision that receives donated electricity may not be considered an "end user" subject to the kilowatt-hour tax. (Under continuing law, the end user of electricity must pay the kilowatt-hour tax on that electricity if the company that supplies the electricity is not required to pay the tax. This provision ensures that neither the electricity supplier nor the political subdivision will pay the tax on donated electricity.)

Fiscal effect: None.

TAXCD3 Kilowatt-hour excise tax: all revenue to GRF

R.C. 5727.81, 5727.811, and 5727.84

Requires that 100% of revenue from the kilowatt-hour excise tax be deposited into the GRF beginning July 1, 2015, instead of 88% to the GRF, 9% to the School District Property Tax Replacement Fund (Fund 7053) and 3% to the Local Government Property Tax Replacement Fund (Fund 7054) as under current law.

Fiscal effect: None. Under current law, kilowatt-hour excise tax receipts deposited into Fund 7053 and Fund 7054 are used to make reimbursement payments to school districts and other local taxing units, respectively, to partially reimburse them for previously legislated reductions in property tax assessments on tangible personal property of electric and natural gas utilities as part of the deregulation of some aspects of such utilities. Any "excess" receipts that are not needed for making such payments are transferred back to the GRF. The executive budget resumes the phase-out of these reimbursement payments (see comparison document entries TAXCD14 and TAXCD15). Reimbursement payments that are needed for FY 2016 and thereafter will be funded by CAT receipts deposited into Funds 7081 and 7047.

R.C. 5727.81, 5727.811, and 5727.84

Same as the Executive, but clarifies that kilowatt-hour tax revenue that currently is payable to a municipal electric utility on the basis of electricity distributed to end users in the municipal corporation continues to be payable to the municipal corporation.

(1) No provision.

(1) No provision.

(2) No provision.

(2) No provision.

(2) Requires the Tax Commissioner to annually calculate an increased assessment rate for electric company T&D property and energy conversion equipment. (The current assessment rate is 85%.) Requires the Commissioner to increase that rate annually by the percentage necessary to raise the amount of revenue that would have been collected with respect to the newly-exempted generation and "other" property that tax year.

(3) No provision.

(3) No provision.

(3) Uses the revenue from the increased assessment rate to reimburse local governments for the revenue they will lose due to the repeal of the tax on generation and "other" property. Specifies that the reimbursement for school districts is net of the additional state education aid allocated to the district because of the decrease in the district's taxable property value (the state education aid offset). (5) Establishes RDF appropriation item 110644, Production Equipment Property Tax Replacement (Fund 7102), and appropriates \$95,000,000 in each of FY 2016 and FY 2017 for the purpose of reimbursing local governments for the revenue they will lose due to the repeal of the tax on generation and "other" property. Requires the Director of Budget and Management to transfer any balance remaining in Fund 7102, after the reimbursements have been made to local governments, to the GRF. Requires the Director to transfer money from GRF if the total amount in Fund 7102 is insufficient to make such reimbursements.

Fiscal effect: Local governments would be held harmless for the loss in property tax revenue. Reimbursements will be made from the Production Equipment Property Tax Replacement Fund (Fund 7102). This provision may increase the Department of Taxation's administrative costs associated with determining the increased assessment rate, and with collecting and distributing funds generated by the increased assessment rate. LSC staff are uncertain about the magnitude of any such increase in costs. The provision that allows electric companies to recover more property tax costs, through a reconcilable rider outside of a rate case, would increase electric rates for Ohio electric utility ratepayers, including the state, local governments, and school districts. Any such increase to the state, local governments, or school districts would depend on the amount of electricity consumed.

Fiscal effect: May increase the real property tax revenue loss to school districts and other units of local government.

Prescribes the initial percentage and annual increment for a 4th quintile district at 1.75%, a 3rd quintile district at 1.5%, a 2nd quintile district at 1.25%, and a 1st quintile (lowest capacity) district at 1%. No provision.

No provision.

Section: 757.180

Establishes a temporary procedure by which a municipal corporation may apply for a property tax exemption and the abatement of unpaid property taxes, penalties, and interest charged and payable in 2000 and thereafter for a submerged land lease held by the municipal corporation pursuant to an assignment of the lease from a previous lessee. Stipulates that the unpaid charges must exceed the assessed value of the property for 2014. Prohibits taxes, penalties, or interest from being abated for any tax year in which the property was used in the operation of a business.

Fiscal effect: Granting the exemption will reduce the amount of taxes charged by the local authorities, but actual collections may not decrease depending on collections received from the applicable municipal corporation. Revises the computation of Job Creation Tax Credits (JCTCs) so that the amount of the credit equals an agreed-upon percentage of the taxpayer's Ohio employee payroll (taxable income paid to Ohio residents) minus baseline payroll (taxable income paid to Ohio residents during the 12 months preceding the agreement). For Job Retention Tax Credits (JRTCs), the amount of the credit would equal an agreed-upon percentage of the taxpayer's Ohio employee payroll. (Current municipal income tax law makes no specific reference to foreign earned income, and I.R.C. 911 authorizes U.S. citizens and residents living abroad for an extended period to elect to exclude foreign-earned income from their U.S. gross income for federal tax purposes under certain conditions.)

TAXCD83 Municipal income tax sharing with school districts

No provision.

No provision.

Fiscal effect: Unlike state or municipal income taxes, school district income taxes (SDIT) may be levied only on the income of residents of the school district. Authorizing a municipal income tax and sharing the proceeds with the school district would potentially yield a greater amount of revenue available to a school district than a SDIT with a comparable rate because the municipal tax base includes nonresidents. R.C. 5736.02, Section 757.160

Reduces the petroleum activity tax (PAT) rate applicable to gross receipts received from the sale of dyed diesel fuel when the end user of the fuel is a railroad company, from the current PAT rate of .65% to .26% (which is equal to the commercial activity tax rate).

Fiscal effect: Revenue loss depends on the value of dyed diesel fuel purchased by railroad companies. Beginning July 1, 2014, the PAT replaced the CAT as it applied to receipts from the sale or exchange of motor fuel. The PAT rate is set to apply to only one transaction in the motor fuel distribution chain, whereas the CAT may apply to multiple transactions occurring within the state.

TAXCD61 Petroleum activity tax: supplier's sale of blend stocks

No provision.

R.C. 5736.51

Authorizes a taxpayer, beginning July 1, 2015, to claim a nonrefundable credit against the petroleum activity tax (PAT) on the basis of PAT remitted by another supplier that sells "blend stocks" to the taxpayer. (Blend stocks means additives that are sold for blending with motor fuel)

R.C. 5736.51

Replaces the House provision with a provision that allows a motor fuel supplier to exclude from the supplier's "calculated gross receipts" any receipts from the sale of blend stocks or additives used for blending with motor fuel, if the supplier's petroleum activity tax (PAT) liability has already been paid with respect to the blend stocks or additives.

No provision.

Applies the credit only to blend stocks incorporated by the taxpayer into blended fuel and requires the sale of the blended fuel be subject to the PAT in order to receive the credit. (Blended motor fuel means motor fuel incorporating one or more blend stocks)

R.C. 5739.09, 305.31

No provision.

Authorizes a county with a population between 175,000 and 225,000, that has an amusement park with an average annual attendance over two million, and that levied a 3% lodging tax on December 31, 2014, to levy an additional 1% lodging tax for the purpose of constructing and maintaining county-owned sports facilities and financing efforts by the convention and visitors bureau to promote travel and tourism with respect to the sports facilities. (Under continuing law, lodging tax rates are generally capped at 6% with up to 3% levied by the county and up to an additional 3% levied by the municipalities and townships located within the county.)

TAXCD97 County lodging tax for permanent improvements

No provision.

No provision.

R.C. 5739.09, 133.07, and 305.31

Authorizes a county with a 2010 population of between 39,000 and 40,000 that does not currently levy a lodging tax and a county with a 2010 population between 71,000 and 75,000 that currently levies a 3% lodging tax for a convention and visitors bureau to levy a lodging tax of up to 3% for the purpose of financing permanent improvements. Provides that the tax would apply throughout the county, including in any township, city, or village that levies its own lodging tax. Provides that the levy of the tax would be subject to a referendum if 10% of the county's electors sign and file petitions within 30 days after the county commissioners adopt the tax measure.
(Currently, most counties do not have authority to levy lodging taxes for permanent improvements; several counties have special authority to levy lodging taxes for specific kinds of improvements such as convention centers and sports facilities.)

Fiscal effect: Will likely increase lodging tax revenues in Defiance and Hancock Counties, which had 2010 populations of between 39,000 and 40,000, and 71,000 and 75,000, respectively. Lodging taxes in 2012 at a rate of 3% in Hancock County and in Findlay, located in that county, raised revenue totaling about \$1.0 million.
