

- The bill also eliminates the Elected Officials Compensation Commission. This elimination will result in savings of roughly \$1,000 per year for travel reimbursement expenses for Commission members.

New Appropriations

The bill provides for the appropriation of new money for the Public Works Commission. In the State Capital Improvements Fund (Fund 038), \$250,000,000 will be appropriated for line item CAP-150, Local Public Infrastructure. The State Capital Improvements Revolving Loan Fund (Fund 040) will receive a total of \$43,000,000 in appropriations to line item CAP-151 Revolving Loan. Revenues to the State Capital Improvements Revolving Loan Fund consist of all repayments of loans made to political subdivisions for capital improvements; investment earnings on moneys in the fund; and moneys received from federal or private grants, or from other sources for the purpose of making loans used to finance the cost of capital improvement projects of political subdivisions.

Budget Adjustments

S.B. 230 instructs the Director of Budget and Management to transfer cash from Fund 212 to Fund 213 within the Highway Operating Fund Group. The amount of the transfer, \$204,584, is the proceeds received from the sale of the Fiala Center in Portage County. These moneys are then appropriated to line item 777-477, Aviation Infrastructure Bank-State and are to be distributed by the Department of Transportation to the Zanesville Municipal Airport and the Akron-Fulton International Airport. Distribution of the moneys is to be in accordance with Section 115 of Am. Sub. H.B. 215 of the 122nd General Assembly, which stipulates that each airport receive one-half of the total proceeds.

Permanent Law Changes

The bill eliminates the Elected Officials Compensation Commission. Since members of the commission receive no compensation and are only reimbursed for reasonable expenses incurred in the performance of their duties, the elimination of the Commission should result in minimal savings. It is estimated that the state will realize roughly \$1,000 in savings in travel reimbursement expenses for Commission members.

The bill also clarifies current permanent law in regards to the issuance of bonds. The Commissioners of the Sinking Fund, upon the request of the Director of Transportation, is authorized to issue and sell obligations of the State in the aggregate amount of \$432,500,000 **in addition to the original issuance of obligations heretofore authorized by prior acts of the General Assembly**. This results in no additional change in amounts authorized but merely clarifies language to better reflect the intent of existing permanent law.
