## ***Detailed Fiscal Analysis***

The bill permits a student at an institution of higher education located within Ohio and who is registered to vote in Ohio to serve as a precinct election official in either a precinct in the county in which the person is registered to vote or a precinct in the county in which the institution of higher education the person currently attends is located, if the person can provide proof to the board of elections that the person is currently enrolled at the institution of higher education.

Current law permits a board of elections, in conjunction with the board of education of a city, local, or exempted village school district; the governing authority of a community school; or the chief administrator of a nonpublic school to establish a program permitting certain high school students to serve as precinct officers at an election. Under the bill up to two students who are under 18 years of age and participating in the program may serve as precinct officers in a precinct, if the precinct has six or more precinct officers. If a precinct has fewer than six precinct officers not more than one of those officers may be under 18 years of age.

Neither of the provisions in the bill would result in any additional costs to county boards of elections.
