Detailed Fiscal Analysis

The bill requests that the Congressional Joint Committee on the Library of Congress approve the replacement of Ohio's current statue of Governor William Allen with a new statue of Thomas Edison in the National Statuary Hall Collection at the United States Capitol. The Architect of the Capitol requires states to pay the cost of removing and replacing a statue, whether through public or private sources of funding. Currently, the Ohio Statuary Hall Commission is raising private funds to support these costs, and the project would not receive any state funding.
