The bill makes a series of changes to the Call-Before-You-Dig Law. In general, the bill applies certain provisions of this law to public improvements conducted by a public authority that are currently addressed in a separate law. The bill otherwise modifies and clarifies the rights and responsibilities of utilities, commercial excavators, and protection services regarding the protection of underground utility facilities and public improvements. It does not appear as though the bill has any direct fiscal effect on the state or political subdivisions.
