## Detailed Fiscal Analysis

The bill corrects and modifies recent amendments to tax laws.

### **NOAA and PHS Commissioned Corps retirement pay deduction**

The bill amends Am. Sub. H.B. 59 of the 130th General Assembly to authorize an income tax deduction in tax year 2013 for retirement pay related to service in the Commissioned Corps of the National Oceanic and Atmospheric Administration (NOAA) and the Commissioned Corps of the Public Health Service (PHS). H.B. 59 authorizes this deduction starting in tax year 2014. The change will result in a GRF revenue loss in FY 2014 only, estimated at \$235,000.

The LGF and PLF each receive transfers of 1.66% of GRF tax revenues. These funds are distributed to counties, municipal corporations, and public libraries. Counties further distribute money received to other units of local government. The estimated tax revenue loss in FY 2014 would result in a reduction in transfers to each of the LGF and PLF of \$3,901.

### **Historic preservation tax credits**

The bill would let certain companies claim refundable historic preservation tax credits that were previously certified, but which the companies were unable to claim when the corporate franchise tax was eliminated. This provision would allow credits issued on or before December 31, 2012, to be claimed for a limited period of time, prior to December 31, 2013. In testimony, Tax Commissioner Testa stated that a few companies were prevented from using these certified credits. The provision provides a means for these entities to receive credits to which they are entitled.

### **Homestead exemption clarification**

The bill clarifies that a person eligible for the homestead exemption without income limits continues to receive that exemption if the person's homestead changes. Persons who received the homestead exemption for tax year 2013 on real property or for tax year 2014 on manufactured or mobile homes are eligible to continue to receive the exemption without income limits.

The bill further specifies that the amendment in the bill of R.C. 323.152 and 4503.065, which clarifies eligibility for the homestead exemption without income limits, is not intended to supersede the amendment made to those Revised Code sections by Sub. H.B. 72 of the 130th General Assembly. Although H.B. 72 has been enacted, it does not go into effect until January 30, 2014.

### **Emergency clause**

The bill declares an emergency, hence would go into effect immediately upon passage and Governor's action.
